## Executive Summary

■

There are 18,608 full-time employees who work for the State of Iowa Executive Branch (excluding Fair Authority, Community-Based Corrections, and the Regents employees). These employees a valuable resource for providing timely and quality services to lowans. To strategically manage this resource, state departments and policymakers must have thorough and accurate information.

The information in "Just the Facts for 2012 " is a snapshot of the workforce, collected, compiled, and presented in a format that will aid agencies and decision makers in strategic planning. In many cases, data cover a number of years and are presented to give the reader a sense of trends.

While the Department of Administrative Services, Human Resource Enterprise (DAS/HRE) wants to present data in its purest form so readers can draw their own conclusions, we also have a responsibility to clarify anything that may be confusing or misleading. It is important to highlight workforce trends and explain their significance to the work of lowa state government. The following chapter summaries are intended to do that.

DAS/HRE publishes "Just the Facts 2012," an almanac on the Executive Branch workforce, for two primary reasons. First, to assist state decision makers in preparing for the future. Thorough strategic planning is requisite to state government's future ability to provide quality products and services. Second, the almanac is intended to function as an historical source of workforce data that can be used for comparative purposes as the workforce continues to change.

The information in this almanac represents a static snapshot of our greatest resource - our employees. However, the workforce is fluid and constantly changing. Continuous workforce planning and management of our human capital are essential to future success.

## Chapter 1: Employees

The Executive Branch is the largest employer in the state when all agencies and the Regents institutions are combined. It is the second largest employer in lowa when the Regents are not included.

Over half of the full-time workforce is in the departments of Human Services (27\%), Transportation (15\%), and Corrections (15\%). Over one-third of the Executive Branch workforce is in Polk County and over one-third of the full-time workforce is classified as Professional.

The number of full-time employees* has decreased a total of $6.8 \%$ from fiscal year 2007 to the end of FY 2012. Since the end of FY 2011, the number of employees has decreased 2.1\%.

[^0]
## Chapter 2: Salaries

The annual base salary has increased a total of 20.9 \% since FY 2005, an average of about $3.0 \%$ a year. The average annual base salary of state employees in FY 2012 was $\$ 57,434$ or $\$ 27.61$ per hour.

It is useful to compare salaries paid to Executive Branch employees with salaries paid by other employers. Because the work of government is primarily knowledge-based, many jobs require at least a college education, while others require post-graduate degrees. According to the U.S. Census Bureau, in 2009, individuals who held a bachelor's degree had a mean salary of $\$ 64,800$ annually, while individuals with a master's degree had a mean of \$80,400 a year.
Since the first "Just the Facts" in FY 2000, Reassignment, Recruitment, Retention and Performance bonuses have been drastically reduced. From FY 2000 to FY 2012, the total for these bonus pay expenditures have been reduced by 99.5\% across all Executive Branch Departments.

Overtime has also been reduced. Executive Branch employees earned 68,271.6 days of overtime in Fiscal Year 2012, valued at $\$ 17,363,624.11$. Of the $68,271.6$ days of overtime worked, $82.1 \%$ of these days were worked in three departments: Human Services, Transportation, and Corrections. From FY 2000 to FY 2012, overtime has been reduced by $42.9 \%$ across all Executive Branch Departments. In FY 2000, the average amount of overtime worked for employees in Human Services, Transportation, and Corrections, when aggregated, was 8.66 days per state employee. In FY 2012, the number of days per employee has dropped to 5.28 days.

## Chapter 3: Equal Employment

The State of lowa is committed to equal opportunity in employment and ensuring that employment practices are nondiscriminatory. Based on 2000 U.S. Census data, the Executive Branch workforce continues to represent females and minorities in most EEO categories at rates greater than the relevant labor market. Females represent 50.5\% of the Executive Branch's workforce compared to 47.4\% in the statewide labor force. Minorities make up 6.2\% of the Executive Branch's workforce while their representation in the statewide labor force is $6.0 \%$. The representation of persons with disabilities in the Executive Branch's workforce is 4.1\%. Over 43\% of both female and racial/ethnic minority employees are found in professional job classes.

## Chapter 4: Leave

Employees earned 379,643.9 days of vacation with a value of $\$ 85,803,939.14$ and took $357,785.8$ days of vacation valued at $\$ 80,622,378.88$. This is approximately 18.93 vacation days taken per full-time and part-time employee.

Employees used 164,000.5 days of regular sick leave, valued at \$33,638,249.50, during FY 2012. This is about 8.68 days per full-time and part-time employee. This was just over half of the total $294,230.7$ days of total sick leave earned, valued at $\$ 61,763,938.33$.

## Chapter 5: Benefits

Health care costs and utilization continue to rise nationwide, and employees continue to ask for more flexibility in the benefits they receive. Just over $16 \%$ of health contract holders in the Executive Branch were in Wellmark's Program 3 Plus health plan. The employee premium share of family coverage for this plan has risen approximately $11 \%$ since FY 2003. The employer premium share of family coverage for this plan has more than doubled during the same period.

## Chapter 6: Employee Mobility

Many factors affect employee mobility: growth or decline in the number of state jobs, the availability of funding, the dynamics of state programs, types of occupations, geographical location of jobs, the characteristics of state employees themselves, external labor market conditions, and the availability of other employment.

The Executive Branch new hire rate has decreased from 6.5\% in FY 2005 to 4.3\% in FY 2012. The Executive Branch turnover rate has increased from 5.5\% in FY 2005 to 6.6\% in FY 2012. By comparison, according to data obtained from the U.S. Department of Labor, Bureau of Labor Statistics, annual turnover rates for the U.S. in 2010 were $35.7 \%$. In contrast, state and local government turnover for the same period of time was $16.2 \%$.

A five-year average shows that over $53 \%$ of employees who voluntarily left the Executive Branch were with the State for less than three years. This, along with the fact that by FY 2017, it has been estimated that over $24 \%$ of the current workforce will have reached retirement eligibility, makes it imperative that workforce planning be a part of the strategic planning process.

## Chapter 7: Age \& Years of Service

The Executive Branch's workforce has continued to age since the first "Just the Facts" in FY 2000, until the two previous fiscal years, but this trend has again reversed to show an aging workforce. During the past five years, the number of employees in the 55-59 age group decreased 12.0\%, while the number of employees in the 25-29 age group has decreased by 19.0\%. By the end of FY 2012, the average age of the 18,608 full-time permanent employees working in the Executive Branch was 46.78 years and the average time worked for the State was 13.58 years. These figures are generally comparable when broken down by gender and racial/ethnic minority status. Over $57 \%$ of the workforce generally, and $74 \%$ of supervisors, are over 45 years of age.

## Chapter 8: Collective Bargaining

The majority (65.7\%) of the 18,608 full-time permanent Executive Branch employees are in positions covered by the American Federation of State, County, and Municipal Employees (AFSCME), Iowa Council 61. Employees covered by the AFSCME collective bargaining agreement earn an average annual salary of $\$ 51,822$ (up $21.3 \%$ from FY 2005). Employees covered by the State Police Officers Council (SPOC) collective bargaining agreement earn an average annual salary of $\$ 62,360$ (up 23.9\% from FY 2005). Employees covered by the United Electrical Local 893/lowa United Professional (UE/IUP) collective bargaining agreement earn an average annual salary of $\$ 56,743$ (up 27.3\% from FY 2005).

Employees covered by the AFSCME collective bargaining agreement are, on average, 47.06 years old and have been employed in the Executive Branch for 13.16 years. Employees covered by the SPOC collective bargaining agreement are, on average, 39.54 years old and have been employed in the Executive Branch for 14.14 years. Employees covered by the UE/IUP collective bargaining agreement are, on average, 44.58 years old and have been employed in the Executive Branch for 13.01 years.

EEO-4 Category - The Equal Employment Opportunity occupational category to which a given job class is assigned. There are eight distinct categories.

NOTE: With the beginning of FYO6, the State's analysis of underutilization calculations started using the 2000 U.S. Census labor force data. One of the revisions necessitated by this change was that the labor force data was mapped to revised EEO categories. When the Equal Employment Opportunity Commission revised its EEO-4 (State and Local Government) Categories, it eliminated the Paraprofessional category and revised the Protective Services Category to include Sworn and Non-Sworn. The result is that the FY06 workforce count shows no employees in the Paraprofessional category.

NOTE: By definition, elected officials are not included in EEO-4 Category groupings. This accounts for the difference in total full-time employees
-Does not include Fair Authority, Community-Based Corrections, or Regents employees.

## Chapter 6 - Employee Mobility

Many factors affect employee mobility: growth or decline in the number of state jobs, the availability of funding, dynamics of state programs, types of occupations, geographical location of jobs, characteristics of state employees themselves, external labor market conditions, and the availability of other employment. This section shows that:

■ Over 44\% of the Executive Branch full-time workforce is employed in 25 job classes. There are over 730 job classes.

■ Of the 796 non-promotional hires in Fiscal Year 2012, $61.9 \%$ were in 25 job classes.
■ The Executive Branch new hire rate (the percentage of non-promotional hires to total workforce) has decreased from 6.5\% in FY '05 to 4.3\% in FY '12.

■ Of the 1,223 employees who left Executive Branch employment in Fiscal Year 2012, 52.8\% were in 25 job classes.

- The Executive Branch separation rate (the percentage of individuals who left Executive Branch employment to total workforce) increased from 5.5\% in Fiscal Year 2005 to 6.6\% in Fiscal Year 2012.

■ A five-year average of separations shows that $53.5 \%$ of employees who voluntarily left Executive Branch employment were employed with the State less than 3 years.

NOTE: Transfer In and Transfer Out indicate movement from one executive branch department to another only. Intra-agency transfers are not included.
NOTE: Rates determined by dividing by the average of FY '11 FT employee headcount and FY '12 FT employee headcount. These two figures represent the beginning and the end FT employee headcounts for FY ' 12 .
NOTE: Large rates for small department are misleading because they are a function of the small number of employees in that department. (ex: Governor's Office \& Treasurer's Office).
