December 20, 2016 515/281-5834

Auditor of State Mary Mosiman today released a report on a special investigation of the City of Delhi for the period March 1, 2007 through January 31, 2015. The special investigation was requested by City officials as a result of concerns regarding payments made to a credit card company from a City bank account.

Mosiman reported the special investigation identified $\$ 246,652.58$ of improper and unsupported disbursements and unpaid and unbilled utilities. In addition, Mosiman reported the City overbilled sewer customers approximately $\$ 256,660.00$ resulting from use of an incorrect rate.

The $\$ 202,012.60$ of improper disbursements identified includes $\$ 89,959.04$ of purchases made and fees incurred on the City's credit card, including:

- $\$ 16,263.84$ at convenience stores,
- $\$ 13,780.02$ at Walmart,
- $\$ 7,997.99$ at various department stores,
- $\quad \$ 7,822.48$ for personal cell phone service,
- $\$ 7,200.00$ for marketing and real estate services for entrepreneurs, and
- $\$ 5,365.73$ at various grocery stores.
- $\$ 1,798.57$ of fees included late fees, finance charges, electronic payment fees, overlimit fees, and foreign transaction fees.

Mosiman also reported the improper disbursements identified include $\$ 69,351.29$ of payments the former City Clerk, Angie Billings, issued to herself. Specifically, the payroll checks Ms. Billings issued to herself include payment for hours in excess of the maximum hours per week she was expected to work. The cost to the City for the excess hours totaled $\$ 63,226.79$. In addition, the City incurred additional FICA and IPERS contributions for the unauthorized payroll
totaling $\$ 9,523.07$. Ms. Billings issued other checks to herself totaling $\$ 6,124.50$ which were primarily for excess mileage claimed.

The improper disbursements identified also include:

- $\$ 14,291.09$ of penalties and interest issued to the IRS and IPERS,
- $\$ 9,653.26$ of unauthorized reimbursements and mileage for the former Police Chief, David Weatherwax,
- $\$ 4,259.50$ of unauthorized purchases and fees to other vendors,
- $\$ 2,858.18$ of unauthorized payments to the former maintenance employee for vacation payouts and mileage, and
- $\$ 1,217.35$ of unauthorized cash withdrawals.

In addition, because certain reimbursements to Mr. Weatherwax and the vacation payouts issued to the former maintenance employee were processed through the City's payroll system, the City incurred additional FICA and IPERS contributions for the unauthorized reimbursements and vacation payouts totaling $\$ 455.62$ and $\$ 444.20$, respectively.

Mosiman reported the $\$ 37,892.12$ of unsupported disbursements identified includes:

- $\$ 13,473.38$ of purchases made on the City's credit card,
- $\$ 7,790.40$ of payments to vendors,
- $\$ 6,326.91$ of reimbursements and mileage for the former maintenance employee,
- $\$ 5,660.88$ of reimbursements for Mr. Weatherwax,
- $\$ 4,615.55$ of payments Ms. Billings issued to herself for reimbursements and mileage, and
- a $\$ 25.00$ cash withdrawal.

The $\$ 6,747.86$ of unpaid and unbilled personal utilities identified includes $\$ 4,719.55$ of unpaid utility billings for Ms. Billings' personal residence utility account and her ex-husband's business utility account for the period March 1, 2007 through December 30, 2014. Although the utility services were billed, Ms. Billings manually adjusted the account balances to reduce the amount owed for the account.

The unbilled personal utilities identified includes $\$ 2,028.31$ for Ms. Billings' personal residence utility account and her ex-husband's business utility account for the period March 1, 2007 through November 30, 2014. Mosiman reported utility billings were not generated for the 2 accounts during this period. Although utility service was being provided by the City at these
locations, Ms. Billings adjusted the City's utility billing system to show the meters at these addresses had been turned off. As a result, no meter readings were taken or recorded for either address.

Mosiman also reported the City overbilled sewer customers approximately $\$ 256,660.00$ for sewer service for the period April 1, 2010 through April 30, 2016. The overbillings occurred because, although the City Council discussed increasing the base rate for sewer service from $\$ 10.00$ per month to $\$ 26.00$ per month, the City Council never approved a City ordinance reflecting the sewer rate change. The City began charging the new base rate of $\$ 26.00$ to all customers beginning in April 2010.

In addition, Mosiman reported it was not possible to determine if additional amounts were improperly disbursed or if utility collections were properly deposited because adequate documentation was not available.

The report includes recommendations to strengthen the City's internal controls, such as improvements to segregation of duties, performing utility reconciliations, performing independent review of bank statements, and ensuring all disbursements are properly supported, approved, and paid in a timely manner.

Copies of the report have been filed with the Delaware County Sheriff's Office, the Iowa Division of Criminal Investigation, the Delaware County Attorney's Office, and the Iowa Attorney General's Office. A copy of the report is available for review in the Office of Auditor of State and on the Auditor of State's web site at https://auditor.iowa.gov/reports/1422-0258-BE00.

Auditor of State's Report

To the Honorable Mayor and
Members of the City Council:
As a result of concerns regarding certain disbursements and at your request, we conducted a special investigation of the City of Delhi. We have applied certain tests and procedures to selected financial transactions of the City for the period March 1, 2007 through January 31, 2015 or the period for which records were readily available. Based on a review of relevant information and discussions with City officials and personnel, we performed the following procedures:
(1) Evaluated internal controls to determine whether adequate policies and procedures were in place and operating effectively.
(2) Reviewed activity in the City's bank accounts to identify any unusual activity.
(3) Scanned images of redeemed checks issued from the City's bank accounts for reasonableness. We also examined certain disbursements to determine if they were for appropriate purposes, were properly approved, and were supported by adequate documentation.
(4) Examined certain deposits to the City's bank accounts to determine the source, purpose, and propriety of each deposit.
(5) Obtained and reviewed the City's credit card statements to determine if the purchases made were for appropriate purposes, were properly approved, and were supported by adequate documentation. We also reviewed the payments posted to the City's credit card account to determine if the payments were issued from the City's bank account.
(6) Examined payroll disbursements to the former City Clerk, Angie Billings, to determine if payments were properly approved, properly supported, and the amount and frequency of the payments were reasonable.
(7) Examined reimbursements to Ms. Billings, the former Police Chief, David Weatherwax, and the former maintenance employee to determine if the payments were properly approved and supported.
(8) Interviewed City officials and personnel to determine the purpose of certain disbursements and reimbursements made to employees and vendors.
(9) Confirmed payments to the City by the State of Iowa and Delaware County to determine if they were properly deposited to the City's bank accounts in a timely manner.
(10) Examined utility billings, adjustment reports, and collection records to determine if collections were properly accounted for and deposited.
(11) Reviewed the utility billing history for Ms. Billings' personal residence and her ex-husband's business to determine if proper charges were billed to the accounts, the proper payments had been made, and to identify any improper or unsupported adjustments or credits.
(12) Recalculated sewer service billings for the period April 2010 through April 2016 to determine the amount the City overbilled customers as a result of using an incorrect rate.
(13) Reviewed available City Council meeting minutes to identify significant actions and to determine if certain payments were properly approved.
(14) Obtained and reviewed Ms. Billings' personal bank statements for the period February 17, 2007 through February 13, 2015 to identify the source of certain deposits and to determine if certain credit card payments were made from her account.
(15) Interviewed Ms. Billings to obtain an understanding of certain financial transactions.

These procedures identified $\$ 246,652.58$ of improper and unsupported disbursements and unpaid and unbilled utilities. We were unable to determine if additional amounts were improperly disbursed or if utility collections were properly deposited because adequate documentation was not available. In addition, sewer customers were overbilled an estimated $\$ 256,660.00$ as a result of the City using an incorrect billing rate. Several internal control weaknesses were also identified. Our detailed findings and recommendations are presented in the Investigative Summary and Exhibits A through I of this report.

The procedures described above do not constitute an audit of financial statements conducted in accordance with U.S. generally accepted auditing standards. Had we performed additional procedures, or had we performed an audit of financial statements of the City of Delhi, other matters might have come to our attention that would have been reported to you.

Copies of this report have been filed with the Delaware County Sheriff's Office, the Iowa Division of Criminal Investigation, the Delaware County Attorney's Office, and the Iowa Attorney General's Office.

We would like to acknowledge the assistance extended to us by officials and personnel of the City of Delhi, the Iowa Division of Criminal Investigation, and the Delaware County Sheriff's Office during the course of our investigation.

November 18, 2016

## City of Delhi

## Investigative Summary

## Background Information

The City of Delhi (City) is located in Delaware County and has a population of approximately 460. The City employs a City Clerk who is responsible for the business operations of the City. The City also employs a full-time maintenance employee who is responsible for reading water meters, making repairs to the water/sewer system, mowing, trimming, and removing snow. The individual employed as the maintenance employee during the period of our investigation passed away June 14, 2015. In addition, the City previously employed a full-time Police Chief, David Weatherwax, and a few part-time reserve police officers as needed.

Angie Billings began employment with the City as the City Clerk on March 13, 2007. As the City Clerk, Ms. Billings was responsible for the following functions:

- Receipts - collecting, posting to the accounting records, and preparing and making bank deposits;
- Disbursements - making certain purchases, receiving certain goods and services, presenting proposed disbursements to the City Council for approval, maintaining supporting documentation, preparing, signing, and distributing checks, and posting to the accounting records;
- Payroll - calculating payroll amounts, preparing, signing, and distributing checks, posting payments to the accounting records, and filing required payroll reports;
- Utility billings - preparing and mailing billings, receipting and depositing collections, posting collections to customer accounts and accounting records, and preparing and making bank deposits;
- Bank accounts - receiving and reconciling monthly bank statements to accounting records; and
- Reporting - preparing City Council meeting minutes and financial reports, including monthly City Clerk reports and the Annual Financial Reports.

According to City officials, typical hours at City Hall were from 8:00 a.m. to 4:00 p.m. Monday through Friday. In addition to being at City Hall during the hours it was open, the City Clerk was to be at all City Council meetings, held the second Saturday of each month. However, according to City officials, the City Clerk was not expected to work more than 40 hours per week. The City Clerk was paid an hourly rate.

The City's primary revenue sources include local option sales tax and road use tax from the State of Iowa and property tax collected by Delaware County and remitted to the City. Revenue is also received from customers for water, sewer, and garbage services. The City receives payments from the State and County electronically. All other payments are collected through the mail, in person, or in the collection box at City Hall. Ms. Billings did not consistently prepare receipts for collections or record the collections on an initial receipts listing.

All City disbursements, including payroll, are to be made by check. All disbursements are to be supported by invoices or other documentation obtained by or submitted to the City Clerk. Each month, the City Clerk is to prepare a listing of bills to be paid and provide the listing to the City Council for approval. After the City Council approves the bills, the City Clerk is to prepare and sign the checks. The Mayor also signs the checks because the checks require 2 signatures.

The City established 7 bank accounts, including a primary checking account used for most City operations and various money market accounts for the Delhi Public Library and certain special revenue funds. Monthly statements for the City's bank accounts are mailed directly to City Hall and opened by the City Clerk. The monthly statements and related images of redeemed checks are not periodically reviewed by members of the City Council or the Mayor. In addition, according to Ms. Billings, bank reconciliations were not performed during her time as City Clerk.

The City also maintained a Conoco Gas credit card (Conoco) for fuel purchases, a Walmart Community credit card (Walmart) for the Delhi Public Library, and a JP Morgan Chase credit card (Chase). Monthly statements are received from Conoco, Walmart, and Chase which show the purchases made with the individual credit cards issued to the City. Credit card purchases are to be supported by receipts, invoices, or other documentation and included in the monthly bill listing for City Council approval. The Conoco credit card account was closed in December 2014 and the Chase credit card account was closed in March 2015. The Delhi Public Library still maintains the Walmart account.

In November 2014, Ms. Billings told the City Council she planned to resign to accept new employment. However, the City Council asked her to continue as City Clerk until the City Council hired a replacement and that individual was trained. After the City Council hired a replacement City Clerk in January 2015, Ms. Billings helped train her for a few weeks before leaving the City's employment. Ms. Billings remained as the City Clerk until January 16, 2015.

After Ms. Billings left employment, the new City Clerk began to organize the City's records in preparation for the transition to the City's new City Hall. During her review of the City's records, she noticed electronic payments to Chase on the City's bank statements. In addition, she identified discrepancies on Ms. Billings' personal utility account. Because she was not aware the City held a Chase credit card account and was concerned about the utility billing discrepancies, she discussed her concerns with the Mayor. After reviewing the electronic payments to Chase and the utility billing discrepancies, the Mayor contacted the Delaware County Sheriff who, in turn, contacted the Office of Auditor of State.

As a result of the concerns identified by the current City Clerk and Mayor, the Office of Auditor of State was requested to review the City's financial transactions. We performed the procedures detailed in the Auditor of State's Report for the period March 1, 2007 through January 31, 2015.

## Detailed Findings

The procedures performed identified $\$ 246,652.58$ of improper and unsupported disbursements and unpaid and unbilled utilities. In addition, we determined the City overbilled sewer customers approximately $\$ 256,660.00$ resulting from use of an incorrect rate.

The $\$ 246,652.58$ includes $\$ 239,904.72$ of improper and unsupported disbursements and $\$ 6,747.86$ of unpaid and unbilled utility services. The $\$ 202,012.60$ of improper disbursements identified includes:

- $\$ 89,959.04$ of improper purchases on the City's credit card,
- $\$ 63,226.79$ and $\$ 6,124.50$ of improper payroll and reimbursements, respectively, issued to Ms. Billings,
- $\$ 9,523.07$ for the City's share of FICA and IPERS for the improper payroll,
- $\$ 9,653.26$ and $\$ 2,858.18$ of improper reimbursements issued to Mr. Weatherwax and the former maintenance employee, respectively,
- $\$ 455.62$ and $\$ 444.20$ for the City's share of FICA and IPERS on certain improper reimbursements issued to Mr. Weatherwax and the former maintenance employee, respectively,
- $\$ 11,661.09$ and $\$ 2,630.00$ of Internal Revenue Service (IRS) and IPERS late fees and penalties, respectively,
- \$1,263.75 of improper disbursements to vendors,
- $\$ 1,232.24$ of late fees,
- \$1,217.35 of improper cash withdrawals,
- \$931.75 of overdraft charges,
- \$768.76 of improper long distance telephone charges, and
- $\$ 63.00$ of income offset fees issued to the State.

The $\$ 37,892.12$ of unsupported disbursements identified includes:

- $\$ 13,473.38$ of purchases on the City's credit card,
- $\$ 7,790.40$ of disbursements to vendors,
- $\$ 6,326.91, \$ 5,660.88$, and $\$ 4,615.55$ of reimbursements to the former maintenance employee, Mr. Weatherwax, and Ms. Billings, respectively, and
- $\$ 25.00$ for a cash withdrawal.

The $\$ 6,747.86$ of unpaid and unbilled personal utilities includes $\$ 4,719.55$ of unpaid utility billings for Ms. Billings' personal residence utility account and her ex-husband's business utility account. The unbilled personal utilities includes $\$ 2,028.31$ for Ms. Billings' personal residence utility account and her ex-husband's business utility account for which utility billings were not generated.

It was not possible to determine if additional amounts were improperly disbursed or if utility collections were properly deposited because adequate documentation was not available. All findings are summarized in Exhibit A and a detailed explanation of each finding follows.

## IMPROPER AND UNSUPPORTED DISBURSEMENTS

We reviewed all disbursements from the City's bank accounts for the period March 1, 2007 through January 31, 2015. In addition, we reviewed available documentation for certain payments to determine if they were appropriate; however, supporting documentation was not available for all disbursements. Because supporting documentation was not available for many disbursements, we reviewed the payees on images of the redeemed checks, reviewed disbursement listings approved by the City Council near the time of the payments, discussed the disbursements with City officials, and reviewed any available documentation related to the payments to determine if they were appropriate.

Based on our review of the available supporting documentation, the vendor, the frequency and amount of the payments, discussions with City officials, and approved disbursement listings, we classified payments as reasonable, improper, or unsupported. Payments were classified as improper if they appeared personal in nature or were not reasonable for City operations.

Payments were classified as unsupported if the City Council approved the payment, but appropriate documentation was not available or it was not possible to determine if the payment was related to City operations or was personal in nature. Other payments were classified as reasonable based on the vendor, the frequency and amount of the payments, and approved disbursement listings. The improper and unsupported disbursements identified are explained in detail in the following paragraphs.

Credit Card Purchases - As previously stated, the current City Clerk was not aware the City held a Chase credit card account. According to the City officials we interviewed, they were also unaware the City had a credit card. To identify purchases made with the City's credit card, we obtained copies of the detailed credit card statements from Chase for July 1, 2007 through February 28, 2015. Credit card statements prior to July 1, 2007 were not available from Chase.

Using the City's bank statements and images of redeemed checks, we identified 91 payments totaling $\$ 109,647.75$ issued to Chase during the period August 12, 2007 through July 21, 2014. Most of the payments issued from the City's accounts to Chase were made electronically. The 91 payments range in amount from $\$ 8.11$ to $\$ 7,681.69$.

In addition, we identified 6 payments totaling $\$ 2,419.87$ listed on the detailed credit card statements obtained from Chase which we were unable to trace to payments from the City's bank accounts for the period September 2, 2014 through February 27, 2015.

During the review of Ms. Billings' personal bank statements, we determined the 6 payments identified had been issued from Ms. Billings' personal bank account. Because Ms. Billings made these payments from her personal bank account, the $\$ 2,419.87$ identified is included in Exhibit A as repayments. The payments from Ms. Billings' personal bank account range from $\$ 91.00$ to $\$ 1,924.87$. When asked about the 6 payments issued from her personal bank account during our interview with Ms. Billings', she stated she was "paying off her bill." Ms. Billings also stated she closed the Chase credit card account shortly after making the final payment of $\$ 23.07$ on February 27, 2015.

Exhibit B lists the purchases made with the City's Chase credit card by Ms. Billings during the period July 1, 2007 through February 28, 2015. As illustrated by the Exhibit, purchases were made from a number of vendors, including Walmart, cell phone service providers, and various department stores, grocery stores, online retailers, convenience stores, and restaurants. Supporting documentation was available for 6 of the 2,032 transactions on the credit card. As a result, we obtained additional information directly from Walmart to determine if the items purchased were improper or reasonable for City operations. We also discussed certain purchases with City officials to determine the propriety of the purchases and researched certain vendors on the internet to determine the goods and/or services provided.

Purchases were considered improper if the type of item or the quantity purchased appeared to be personal in nature or was not reasonable for City operations. When specific purchase information from the vendor was not available, charges which appeared consistent with City operations, based on the vendor and/or the amount of the charge, were classified as reasonable. Purchases from vendors which could be for City or for personal use were classified as unsupported. Exhibit B illustrates how individual charges were categorized as improper, reasonable, or unsupported. As shown by the Exhibit, $\$ 8,658.27$ was determined to be reasonable for City operations. These charges include membership dues, training registration fees, and lodging and meal expenses for Ms. Billings to attend conferences.

As illustrated by the Exhibit, we identified $\$ 88,160.47$ of improper credit card charges during the period of our investigation which were not for City operations. Table 1 lists the categories in which improper charges were identified and the improper amount identified for each category.

Table 1

| Category | Improper <br> Amount |
| :--- | ---: |
| Convenience store | $\$ 16,263.84$ |
| Walmart | $13,780.02$ |
| Department store | $7,997.99$ |
| Cell phone services/accessories | $7,903.71$ |
| Marketing/real estate services for entrepreneurs | $7,200.00$ |
| Grocery store | $5,365.73$ |
| Restaurant | $4,093.10$ |
| Utility bill | $3,586.76$ |
| Hotel | $3,763.46$ |
| Financial services for home-based businesses | $3,444.55$ |
| Fitness equipment/weight loss supplements | $2,714.88$ |
| Satellite TV provider | $2,409.58$ |
| Psychic hotline | $1,970.17$ |
| Other | $1,657.12$ |
| Various online services | $1,396.81$ |
| Various retail store | $1,142.09$ |
| International telecommunications | $1,030.20$ |
| Online retailer | $1,018.88$ |
| Tickets to entertainment events | 868.40 |
| Miscellaneous education | 553.18 |
| Total | $\$ 88,160.47$ |

Examples of the charges which are considered improper are summarized below.

- 889 charges at convenience stores totaling $\$ 16,263.84$. Of the $\$ 16,263.84$ identified, $\$ 13,810.52$ was purchased at local convenience stores, and 466 of the 889 charges were less than $\$ 10.00$. Because supporting documentation was not available, we were unable to determine the items purchased. However, during the period reviewed, the City reimbursed Ms. Billings and the former maintenance employee for mileage, and Mr. Weatherwax was provided the Conoco credit card to fuel the City's police cruiser. We were unable to determine a City purpose for purchases from this type of vendor. As a result, the $\$ 16,263.84$ identified was considered improper.
- 197 charges at Wal-Mart totaling \$13,780.02 for groceries and other personal items.
- 166 charges at various restaurants totaling \$4,093.10, including Applebee's, Carlos O'Kelly's, Chuong Garden, Culver's, Granite City, Pizza Ranch, Pizza Hut, Shane's Place, and Subway.
- 93 charges at various retail department stores totaling \$7,997.99, including American Eagle, Aeropostale, Dick's Sporting Goods, Gordmans, Kohl's, Lane Bryant, Rue 21, Victoria's Secret, and Younkers.
- 38 charges to cell phone service providers totaling $\$ 7,822.48$. Although the City did issue cell phones to its employees, we determined all payments made to the City's cell phone service provider were paid by the City with checks. As a result, we determined the charges on the City's Chase credit card were for Ms. Billings' personal cell phone.
- 33 charges to various psychic hotlines totaling $\$ 1,970.17$.
- 27 charges to various vendors totaling $\$ 2,714.88$ for weight loss supplements and fitness equipment.
- 24 charges to a satellite TV provider totaling $\$ 2,409.58$.
- 6 charges totaling $\$ 868.40$ from entertainment/ticket vendors, such as the Target Center in Minneapolis, Minnesota, the Iowa Cubs, and the Great Jones County Fair.

Because Ms. Billings often traveled to and from her destination on the same day, any meals charged to the City's credit card should have been included in her taxable income. However, because these purchases were processed through the accounts payable system and not the payroll system, any meals charged to the City's credit card were not properly included on Ms. Billings W-2 tax form.

During our interview with Ms. Billings, we asked if she used the City's credit card for personal purchases to which Ms. Billings nodded her head "yes." We then asked Ms. Billings if she could explain the personal purchases made on the City's credit card. She responded, "I did a lot of purchases for myself."

In addition to improper purchases using the City's credit card, the City incurred finance charges, late fees, purchase interest charges, ePay fees, overlimit fees, and foreign transaction fees totaling $\$ 1,798.57$. Because Ms. Billings was responsible for ensuring timely payment of all City bills, including credit card bills, and the majority of the purchases were personal in nature, the additional charges and fees are improper disbursements. Table 2 summarizes the finance charges, late fees, purchase interest charges, ePay fees, overlimit fees, and foreign transaction fees incurred by fiscal year.

Table 2

| Fiscal Year | Finance Charges | Late Fees | Purchase Interest Charges | ePay <br> Fees | Overlimit Fees | Foreign Transaction Fees | Total |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| 2008 | \$ 19.16 | 93.00 | - | - | - |  | 112.16 |
| 2009 | 426.52 | 195.00 | - | - | - |  | 621.52 |
| 2010 | 79.98 | 78.00 | 32.05 | 9.95 | - |  | 199.98 |
| 2011 | - | 156.00 | 35.80 | 39.80 | 39.00 | - | 270.60 |
| 2012 | - | 78.00 | 28.59 | 9.95 | 78.00 | - | 194.54 |
| 2013 | - | 39.00 | 10.96 | - | - | 6.41 | 56.37 |
| 2014 | - | 117.00 | 57.11 | - | - | 24.21 | 198.32 |
| 2015 | - | 39.00 | 104.18 | - | - | 1.90 | 145.08 |
| Total | \$ 525.66 | 795.00 | 268.69 | 59.70 | 117.00 | 32.52 | 1,798.57 |

Exhibit B includes $\$ 13,473.38$ of unsupported Chase credit card charges, including:

- 51 charges at various restaurants, including Applebee's, HuHot, and McDonald's, and 30 charges at various hotels totaling $\$ 817.14$ and $\$ 7,887.20$, respectively. Throughout her employment, Ms. Billings attended various conferences and training classes for which she was reimbursed lodging and meal expenses. These charges were made near the time Ms. Billings may have attended a conference or training class. However, we were unable to verify whether the charges were for City-related travel or were personal in nature because no supporting documentation was submitted.
- 26 charges at various computer equipment companies, electronics stores, and software companies totaling $\$ 2,902.94$ and 19 charges for virus protection software totaling
$\$ 982.20$. We were unable to determine if the equipment and/or software purchased was installed on City computers or on Ms. Billings' personal computer(s).
- 19 charges for postage and shipping totaling $\$ 676.17$. We were unable to determine what was shipped and to where.

Because the City paid the credit card bills which include the improper charges of $\$ 88,160.47$ and finance charges and late fees of $\$ 1,798.57$, which total $\$ 89,959.04$, and the unsupported charges of $\$ 13,473.38$, those amounts are included in Exhibit $\mathbf{A}$ as improper and unsupported disbursements.

Checks Issued to Angie Billings - As previously stated, Ms. Billings began employment with the City on March 13, 2007. As City Clerk, Ms. Billings was paid on the $15^{\text {th }}$ and $30^{\text {th }}$ of each month. As part of her duties, Ms. Billings prepared the payroll for all City employees. The payroll information was manually recorded on timesheets and was also recorded in the computerized accounting system. Ms. Billings was also eligible for reimbursement of expenses related to City operations if she submitted supporting documentation. We identified 336 checks totaling $\$ 268,942.23$ paid to Ms. Billings during the period of our investigation. Of the $\$ 268,942.23,189$ checks totaling $\$ 214,597.23$ were for payroll, and the remaining 147 checks totaling $\$ 54,345.00$ were issued to Ms. Billings for reimbursement purposes.

Payroll - Although payroll checks were to be issued on the $15^{\text {th }}$ and $30^{\text {th }}$ of each month, we identified 43 instances where Ms. Billings issued her own payroll check prior to the $15^{\text {th }}$ or the $30^{\text {th }}$. We reviewed each of the checks Ms. Billings issued to herself to determine the propriety of the number of checks, the number of hours worked, and the amount of each check. We also reviewed any documentation available related to Ms. Billings' authorized payroll. Specifically, we reviewed the following.

- Copies of redeemed checks issued to Ms. Billings from the City's bank accounts;
- Copies of published minutes for the period March 2007 through January 2015, including City Council resolutions related to authorized payroll increases;
- Computerized payroll journals for the period March 13, 2007 through January 15, 2015, including total hours worked, gross payroll, employee payroll deductions, and net payroll;
- Copies of Ms. Billings' available timesheets for the period March 13, 2007 through January 15, 2015. Of the 189 pay periods reviewed, a timesheet was not available for 93 pay periods. In addition, for the 96 timesheets which were available, none were approved by the City Council, and the hours worked recorded on 32 timesheets did not agree with the hours worked recorded in the computerized payroll journal;
- Copies of Ms. Billings' W-2's for 2007 through 2015.

For the period March 13, 2007 through June 14, 2008, the City Clerk position was part-time, and Ms. Billings was expected to work 24 hours per week. On June 14, 2008, the City Council approved changing the City Clerk position to a full-time position, and Ms. Billings was expected to work 40 hours per week.

Based on a review of the available timesheets, we determined Ms. Billings recorded hours which exceeded the number of hours she was authorized to work. Specifically, 173 of the 189 payroll checks issued to Ms. Billings included hours exceeding her authorized hours. According to City officials, Ms. Billings was not expected to work more than the authorized 24 or 40 hours per week. In addition, the current City Clerk has worked very minimal overtime during her employment with the City.

Because sufficient supporting documentation was not available, we could not determine the hourly rate used by Ms. Billings to calculate her payroll. Although certain paychecks appeared to calculate the overtime hours at time and a half, this was not consistent. As a result, we calculated Ms. Billings' authorized gross payroll using her approved hourly rate per City Council resolutions and the number of hours she was authorized to work. Because payroll checks were issued the $15^{\text {th }}$ and $30^{\text {th }}$ of each month, we used a calendar to determine the number of days in each pay period, which was then multiplied by the authorized number of hours to be worked each day.

To be conservative, we allowed a maximum of 30 hours worked per week for the period March 13, 2007 through June 14, 2008 because the City Clerk position became a full-time position. For the period June 15, 2008 through January 31, 2015, we used 40 hours per week because City officials did not expect Ms. Billings to work over 40 hours. Exhibit C illustrates the calculation of Ms. Billings' authorized gross payroll and the comparison between the calculated gross payroll and Ms. Billings' actual gross payroll for each paycheck.

As illustrated by the Exhibit, we determined Ms. Billings received $\$ 63,226.79$ of gross payroll for hours she paid herself in excess of her authorized hours. In addition to the excess gross payroll, the City incurred the employer's share of FICA and IPERS contributions for the excess payroll, which total $\$ 4,836.86$ and $\$ 4,686.21$, respectively. Because Ms. Billings was not expected or authorized to work in excess of 24 or 40 hours per week, the $\$ 63,226.79$ of gross payroll and the $\$ 9,523.07$ of excess FICA and IPERS contributions incurred by the City are included in Exhibit A.

Reimbursements - As previously stated, we identified 336 checks totaling $\$ 268,942.23$ paid to Ms. Billings during the period of our investigation. Of the 336 checks identified, 147 totaling $\$ 54,345.00$ were issued to Ms. Billings for reimbursement of mileage, purchase of supplies, and health insurance. The checks identified are listed in Exhibit D. According to City officials, Ms. Billings was entitled to reimbursement for any expenses or mileage she incurred on behalf of the City, as well as a $\$ 400.00$ monthly reimbursement for health insurance. However, except for travel expenses related to training, they stated there would be no significant expenses Ms. Billings would have incurred on behalf of the City.

Mileage was reimbursed at the rate set by the IRS for the given year per City Council resolution. However, the City does not have a travel reimbursement policy addressing limits on meals and lodging or the required supporting documentation to be submitted along with the travel reimbursement form submitted to the City.

For the period March 13, 2007 through January 31, 2015, we reviewed the available supporting documentation to determine the propriety of the reimbursements identified. In addition, we confirmed Ms. Billings' attendance at various conferences and trainings with the Iowa League of Cities for the dates for which attendance records were available. We also recalculated the reimbursements for mileage to determine whether the correct number of miles and approved mileage rate were used. As a result, we identified the following concerns:

- Sufficient supporting documentation was not consistently provided for amounts claimed on the travel reimbursement form submitted to the City.
- A number of instances where the mileage reimbursement did not recalculate primarily due to excess miles claimed, resulting in overpayments to Ms. Billings. We identified certain instances where Ms. Billings claimed 3 miles per day to maintain the pumps at the sewer lagoon; however, we were unable to verify the number of days she claimed.
In certain instances, mileage to a conference or training was documented on Ms. Billings' mileage claim; however, there was no date or location listed. As a result, we were unable to verify the travel was legitimate. In addition, on 4 occasions, although Ms. Billings claimed mileage for travel to a conference or training, there was no record of her attendance.
- 5 instances where Ms. Billings claimed reimbursement for expenses which were paid with the City's credit card. In most cases, Ms. Billings' reimbursements were for mileage only, and any other travel expenses, such as lodging or meals, were charged to the City's credit card.
- 1 reimbursement for $\$ 880.00$ which was not approved by the City Council and was not supported by sufficient documentation.
- 1 instance where Ms. Billings increased her health insurance reimbursement by $\$ 25.00$ without Council approval.

As illustrated by Exhibit D, we identified reasonable reimbursements totaling $\$ 43,604.95$, improper disbursements totaling $\$ 6,124.50$, and unsupported disbursements totaling $\$ 4,615.55$ issued to Ms. Billings. The improper and unsupported disbursements of $\$ 6,124.50$ and $\$ 4,615.55$, respectively, are included in Exhibit A.

Certain Checks Issued to or for David Weatherwax - As previously stated, the City employed a full-time Police Chief during the period of our investigation. Mr. Weatherwax served in that position from March 1997 to March 1, 2015. According to City officials, the majority of Mr. Weatherwax's time was spent patrolling, and he was not required to maintain established hours. During an interview with Mr. Weatherwax, he stated he typically staggered his patrols throughout the day and did not have consistent hours.

The City owned a marked squad car for Mr. Weatherwax to use while on duty. In addition, according to City officials, Mr. Weatherwax's personal vehicle was equipped for police work, and he routinely used his personal vehicle for undercover investigations. On rare occasions, a reserve police officer would patrol at the same time Mr. Weatherwax was on duty, and in these instances, the reserve police officer used the City's marked squad car while Mr. Weatherwax used his personal vehicle. During an interview with Mr. Weatherwax, he stated he used his personal vehicle for police-related work as much as he did the City's marked squad car and estimated he drove approximately 300 to 500 miles each month in his personal vehicle for City-related police work. According to City officials, Mr. Weatherwax was entitled to reimbursement for any mileage he incurred on behalf of the City. During an interview with Mr. Weatherwax, he stated he kept good "mental notes" or handwritten notes on the desk calendar in his office to track the number of miles claimed on his reimbursements.

As previously stated, the City maintained a Conoco credit card to be used for fuel purchases. During an interview with Mr. Weatherwax, he stated the Conoco card given to him was for his use only and was kept above the visor in the City's marked squad car. He further stated the Conoco card was only used to fuel the City's marked squad car, and he typically re-fueled when the gas tank was half full, usually requiring 10 gallons of fuel or less.

According to City officials, in addition to mileage, Mr. Weatherwax was entitled to reimbursement for any travel expenses related to training, as well as a $\$ 250.00$ quarterly equipment allowance. During an interview with Mr. Weatherwax, he stated he could only think of one reimbursement, other than his quarterly equipment allowance, issued to him for the purchase of equipment, which was a bulletproof vest. However, we were unable to locate any supporting documentation for this purchase.

For the period March 1, 2007 through January 31, 2015, we reviewed the available supporting documentation for the checks issued to Mr. Weatherwax which were not his regular payroll to determine the propriety of the reimbursements. The checks identified are listed in Exhibit E. Mr. Weatherwax did not maintain mileage logs; rather, at the end of each month, Ms. Billings called him and asked for his mileage for the month. He verbally told Ms. Billings his mileage for the month from either his "mental notes" or handwritten notes kept on his desk calendars, which were not readily available. For the period March 2007 through January 2009, Ms. Billings then completed the "Delhi Police Department Activity Report" based on the information provided by

Mr. Weatherwax. An example of this report is included in Appendix 1. After January 2009, Ms. Billings completed the City's reimbursement form. An example of this form is included in Appendix 2.

As illustrated by the Appendices, Mr. Weatherwax only provided the total miles driven for each month. As previously stated, during an interview, Mr. Weatherwax stated he drove approximately 300 to 500 miles each month in his personal vehicle for City-related police work. As a result, we considered the miles claimed in excess of 500 miles to be improper. We also identified the following concerns as a result of our review of Mr . Weatherwax's reimbursements.

- Although certain reimbursements had a description listed on the disbursement listing presented to the City Council for approval, sufficient supporting documentation was not consistently provided to verify the propriety of the amounts claimed on the travel reimbursement form submitted to the City;
- 78 mileage reimbursements exceeded 500 miles;
- 4 travel reimbursements for which the supporting documentation did not agree with the check amount; and
- 1 reimbursement for $\$ 430.00$ for which there was no supporting documentation. As previously stated, Mr. Weatherwax indicated there was an instance where he received reimbursement for a bulletproof vest which was not included in his quarterly equipment allowance.

As illustrated by Exhibit E, we identified reasonable reimbursements totaling $\$ 32,717.46$, improper disbursements totaling $\$ 9,653.26$, and unsupported disbursements totaling $\$ 5,660.88$ issued to Mr. Weatherwax. In addition, we determined 2 of the checks identified as improper disbursements, totaling $\$ 4,401.54$, were processed through the City's payroll system. As a result, the City incurred the employer's share of FICA totaling $\$ 455.62$ for the improper amounts. These payments may have been vacation payouts; however, no description was available. According to City officials, it is likely the 2 checks identified were vacation payouts; however, they are unable to definitively say because they were not presented to the City Council. The improper and unsupported disbursements of $\$ 9,653.26$ and $\$ 5,660.88$, respectively, as well as the $\$ 455.62$ for the City's share of FICA are included in Exhibit A.

Certain Checks Issued to or for the Former Maintenance Employee - The former maintenance employee held the position from July 2003 to April 2015. According to City officials, he was entitled to reimbursement for any expenses or mileage he incurred on behalf of the City, as well as a $\$ 400.00$ monthly reimbursement for health insurance. They further stated he drove his personal vehicle each day and sought mileage reimbursement each month. We determined the former maintenance employee completed mileage logs, which he submitted to Ms. Billings on a monthly basis. Ms. Billings ensured the number of miles driven totaled correctly and then calculated the reimbursement owed to the former maintenance employee.

For the period March 1, 2007 through January 31, 2015, we reviewed the available supporting documentation for the checks issued to the former maintenance employee which were not his regular payroll to determine the propriety of the reimbursements. The checks identified are listed in Exhibit F. In addition, we recalculated the reimbursements for mileage to determine whether the correct number of miles and approved mileage rate were used.

As a result, we identified the following concerns:

- Although certain reimbursements had a description listed on the disbursement listing presented to the City Council for approval, sufficient supporting documentation was not consistently provided to verify the propriety of the amounts claimed on the travel reimbursement form submitted to the City;
- 10 mileage reimbursements for which Ms. Billings used the incorrect mileage rate; and
- 5 vacation payouts totaling $\$ 2,794.21$. Based on a review of the City's employee handbook, vacation payouts were not allowed. Because these payouts were processed through the City's payroll system, the City incurred the employer's share of FICA and IPERS contributions totaling $\$ 444.20$ on the improper vacation payouts.

As illustrated by Exhibit F, we identified reasonable reimbursements totaling $\$ 53,405.25$, improper disbursements totaling $\$ 2,858.18$, and unsupported disbursements totaling $\$ 6,326.91$ issued to the former maintenance employee. The improper and unsupported disbursements of $\$ 2,858.18$ and $\$ 6,326.91$, respectively, as well as the $\$ 444.20$ for the City's share of FICA and IPERS are included in Exhibit A.

Penalties and Interest - We obtained account transcripts from the IRS for payroll taxes remitted by the City for calendar years 2007 through 2015. We traced all payments listed in the account transcripts to redeemed checks from the City's checking account and reviewed the payments to determine if the proper amount was remitted. As a result, we identified 29 payments which included penalties and interest for untimely payment. In addition, we identified 18 adjustments processed by the IRS which resulted in subsequent refunds to the City for a portion of the penalties and interest remitted. Table 3 summarizes the penalties and interest remitted by the City, as well as the adjustments refunded to the City by the IRS.

## Table 3

| Calendar <br> Year | Penalties <br> and Interest | Adjustments | Net Total |  |
| :---: | ---: | ---: | ---: | ---: |
| 2008 | $\$$ | $2,508.31$ | $(121.57)$ | $2,386.74$ |
| 2009 |  | $3,145.20$ | $(6.78)$ | $3,138.42$ |
| 2010 | $1,046.81$ | $(32.39)$ | $1,014.42$ |  |
| 2011 |  | $1,061.75$ | $(0.03)$ | $1,061.72$ |
| 2012 | $3,229.41$ | $(2,166.94)$ | $1,062.47$ |  |
| 2013 | $1,573.59$ | $(130.49)$ | $1,443.10$ |  |
| 2014 | $1,611.86$ | $(57.64)$ | $1,554.22$ |  |
| Total | $\$ 14,176.93$ | $(2,515.84)$ | $11,661.09$ |  |

We also obtained reports from IPERS summarizing the contributions remitted by the City for calendar years 2007 through 2015. We traced all payments listed in the account summaries to redeemed checks from the City's checking account and reviewed the payments to determine if the proper amount was remitted. As a result, we identified 63 payments which included penalties and interest for untimely payment. Table 4 summarizes the penalties and interest remitted by the City.

Table 4

| Calendar <br> Year | Table 4 <br> Penalties <br> and Interest |
| :---: | ---: |
| 2007 | $\$ 933.88$ |
| 2008 |  |
| 2009 |  |
| 2010 |  |
| 2011 | 269.00 |
| 2012 |  |
| 2013 |  |
| 2014 | 325.37 |
| 2015 | 304.25 |
| Total | $\$ 231.50$ |
|  |  |
|  |  |
|  |  |

Because Ms. Billings was responsible for ensuring timely payment of all City bills, including payroll taxes and pension contributions, the $\$ 11,661.09$ and $\$ 2,630.00$ of penalties and interest remitted to the IRS and IPERS, respectively, are included in Exhibit $\mathbf{A}$ as improper disbursements.

Payments to Vendors - During our review of disbursements from the City's bank accounts, we identified 72 payments to vendors which appeared unusual for the City's operations and did not have supporting documentation. Because supporting documentation was not available, we reviewed the disbursement listings approved by the City Council and discussed the disbursements with City officials to determine if they were appropriate. Of the 72 payments identified, 24 were considered reasonable based on the vendor, amount, and frequency of the payments. However, we were unable to determine the propriety of the remaining 48 checks. The 48 checks identified, totaling $\$ 7,790.40$, are listed in Exhibit $\mathbf{G}$ and are included in Exhibit $\mathbf{A}$ as unsupported disbursements.

Of the 48 checks identified, 24 were issued to the Delhi Pit Stop. The last payment was issued December 11, 2009, which corresponds with the timing of the former maintenance employee receiving a Conoco card. Based on the available descriptions in the City Council meeting minutes, it appears most of these purchases were for fuel for various City equipment. However, because supporting documentation was not maintained, we are unable to determine the items purchased.

In addition, we identified 17 payments to vendors for which supporting documentation was available; however, based on a review of the items purchased and discussion with City officials, the purchases were not considered reasonable for the City's operations. Items purchased included flowers and/or plants for funerals, donations to outside organizations, and a restocking fee for items returned to the vendor. The 17 checks identified, totaling $\$ 1,263.75$, are listed in Exhibit H and are included in Exhibit A as improper disbursements.

Long Distance Telephone Charges - During our review of available supporting documentation, we scanned the monthly bills received by the City for telephone services for the period March 1, 2007 through January 31, 2015. We verified the service locations and telephone numbers listed on the account were City locations and telephone numbers and not personal residences or telephone numbers. As a result of this review, we identified numerous long distance charges which were incurred and paid by the City.

Although it is reasonable for there to be long distance telephone charges on the City's monthly bill, especially to telephone numbers within the State, we identified a specific cell phone number located in Anamosa, Iowa which was called regularly from the City Hall telephone line. Based on discussions with City officials and personnel, we determined the cell phone number identified belonged to Ms. Billings' mother. During our interview with Ms. Billings, she confirmed the cell phone number identified belonged to her mother.

In addition, we identified a cell phone number located in Green Bay, Wisconsin which was called regularly from the City Hall telephone line. During our interview with Ms. Billings, we asked to whom the cell phone number belonged, and she responded "my brother." Because these calls were personal in nature, the long distance telephone charges incurred by the City are improper disbursements.

We also identified numerous other cell phone and landline numbers being called from the City Hall telephone line to various states, such as Arizona, California, Florida, Idaho, Maine, Michigan, Minnesota, Missouri, New York, North Carolina, Oklahoma, Oregon, Tennessee, and Utah. Based on internet searches and discussions with City officials and personnel, these calls did not appear reasonable for City operations. As a result, the corresponding long distance telephone charges incurred by the City are improper disbursements.

For the period reviewed, we identified 40 monthly telephone bills on which the City incurred long distance telephone charges totaling $\$ 768.76$, which are listed in Exhibit $\mathbf{I}$ and are included in Exhibit A as improper disbursements.

Late Fees - During our review of available supporting documentation, we identified 55 payments which included late fees, totaling $\$ 1,232.24$, incurred on the City's monthly statements for routine charges. Because Ms. Billings was responsible for ensuring timely payment of all City bills, the late fees are included in Exhibit A as improper disbursements.

Overdraft Charges - During our review of disbursements from the City's bank accounts, we identified 25 instances in which a total of $\$ 931.75$ of overdraft or insufficient fund charges were incurred. The individual charges paid range from $\$ 8.00$ to $\$ 200.00$ and were incurred between March 7, 2007 and August 29, 2014. Because Ms. Billings should have ensured the City's bank accounts contained sufficient funds prior to issuing disbursements from the accounts, the $\$ 931.75$ of bank charges identified is included in Exhibit A as improper disbursements.

Cash Withdrawals - We also identified 14 instances, totaling $\$ 1,217.35$, in which checks were written for cash or cash was withdrawn from the City's bank accounts. According to City officials, the City was not to operate in cash. However, we determined Ms. Billings maintained a petty cash fund. Based on a review of the petty cash ledger she maintained, there was no evidence the petty cash fund was replenished during Ms. Billings' employment. In addition, we identified a check issued to the Delhi Public Library for $\$ 25.00$ which stated "For Petty Cash" in the memo line. Although the Delhi Public Library maintained a petty cash fund, we were unable to determine the propriety of this check because sufficient supporting documentation was not available. Table 5 summarizes the cash withdrawals identified.

Table 5

| Date | Amount |
| :---: | ---: |
| $07 / 21 / 07$ | $\$$ |
| $05 / 28 / 08$ |  |

Because City officials stated the City was not to operate in cash and the City Hall petty cash fund was not authorized, the $\$ 1,217.35$ of cash withdrawals identified is included in Exhibit A as improper disbursements. In addition, because sufficient supporting documentation was not available, the $\$ 25.00$ petty cash disbursement for the Delhi Public Library is included in Exhibit A as an unsupported disbursement.

## Collections

As previously stated, the City's primary revenue sources include taxes from the State of Iowa and Delaware County and utility collections. We reviewed documentation related to these revenue sources to determine if collections were properly deposited.

Taxes from the State of Iowa - The majority of revenues received from the State of Iowa are road use tax and local option sales tax. We confirmed all payments to the City by the State of Iowa to determine if they were properly deposited to the City's bank accounts. As a result, we identified 13 warrants issued to the City by the State which were seized by the State's Offset Program, resulting in $\$ 12,502.63$ being retained by the State for outstanding City obligations and $\$ 63.00$ in offset fees being incurred by the City. Because Ms. Billings was responsible for ensuring timely payment of all City bills, the $\$ 63.00$ in offset fees is included in Exhibit $\mathbf{A}$ as improper disbursements.

Taxes from Delaware County - We confirmed all payments to the City by Delaware County were properly deposited to the City's bank accounts.

Utility Billings - As previously stated, the City bills for utility services, including water, sewer, and garbage fees. Utility payments and other miscellaneous fees are collected through the mail, in person at the City Clerk's office, or in the collection box at City Hall.

Ms. Billings had primary responsibility for billing, collecting payments, recording payments in the utility software for each customer, assessing penalties for non-payment, and preparing and making the deposit. Ms. Billings maintained utility records for each account by recording monthly billings and payment activity in a software program used by the City. However, utility billing reconciliations were not prepared. Because utility billing reconciliations were not prepared, we attempted to reconcile utility billings to collections to determine if all collections were properly deposited. However, we were unable to locate records documenting individual payments.

According to City officials, during her employment, Ms. Billings also assisted with reading the City's utility meters. The meter readings were done manually; however, after Ms. Billings entered them into the system, she destroyed the hard copy meter reading sheets. As a result, we were unable to ensure the accuracy of the meter readings entered into the City's software. Because detailed utility records were not available, we were unable to determine if utility collections were properly deposited.

Ms. Billings' Personal Utility Account - We identified unpaid and unbilled utility services provided at both Ms. Billings' personal residence and the business of Ms. Billings' ex-husband during the period March 1, 2007 through January 31, 2015.

Using the utility billing history report for Ms. Billings' personal residence, we determined no consumption was recorded on her utility account from November 1, 2010 through April 25, 2011. Although Ms. Billings was receiving utility service during this period, no meter readings were entered into the City's software program for her utility account. However, on May 25, 2011, the total consumption from November 1, 2010 through May 25, 2011 was recorded in the City's software program. At that same time, manual adjustments were recorded to reduce the amount Ms. Billings owed to zero.

In addition, we determined no consumption was recorded on her utility account from June 1 , 2011 through November 30, 2014. As previously stated, Ms. Billings was receiving utility service during this period. On December 5, 2014, the total consumption from June 1, 2011 through November 30, 2014 was recorded in the City's software program. At that same time, manual adjustments were recorded to reduce the amount Ms. Billings owed to $\$ 49.70$, which is the minimum required payment according to City officials. Ms. Billings subsequently issued a check
from her personal bank account to pay the minimum payment of $\$ 49.70$, which was redeemed by the City on January 6, 2015.

We identified additional manual adjustments recorded in Ms. Billings' utility account on 2 days which reduced her outstanding balance, resulting in amounts owed to the City for utility services and penalties which were not paid. Table 6 summarizes the manual adjustments recorded in Ms. Billings' utility account.

Table 6

| Date | Amount |  |
| :---: | ---: | ---: |
| $12 / 25 / 09$ | $\$$ | 479.35 |
| $06 / 25 / 10$ |  | 445.67 |
| $05 / 25 / 11$ | 299.82 |  |
| $12 / 05 / 14$ | $2,832.55$ |  |
| Total | $\$ 4,057.39$ |  |

In addition, we determined the proper penalties were not being assessed for payments not made or payments made untimely. Specifically, we identified 12 instances where penalties were not properly applied, and 61 months for which utility bills were not generated. Table 7 summarizes the penalties which were not assessed and the amount which was not billed to Ms. Billings' utility account.

Table 7

| Description | Amount |
| :--- | ---: |
| Penalties not assessed | $\$ 36.00$ |
| Unbilled Utilities | 960.00 |
| Total | $\$ 996.00$ |

During our interview with Ms. Billings, we asked for an explanation for the manual adjustments on her utility account. Ms. Billings confirmed she adjusted her personal utility account because she "just didn't have the money to pay it." We also asked if the periods for which no bills were generated for her utility account resulted from her inability to pay to which she responded in the affirmative.

Mr. Billings' Business Utility Account - Using the utility billing history report for Mr. Billings' business utility account, we determined no consumption was recorded on his business utility account from June 1, 2013 through November 3, 2014. Although Mr. Billings' business was receiving utility service during this period, no meter readings were entered into the City's software program for his business utility account. However, on November 3, 2014, the total consumption from June 1, 2013 through November 3, 2014 was recorded in the City's software program. At that same time, manual adjustments were recorded to reduce the amount Mr. Billings owed to zero.

We identified additional manual adjustments recorded in Mr. Billings' business utility account on August 25, 2008 which reduced his outstanding balance, resulting in amounts owed to the City for utility services and penalties which were not paid. Table 8 summarizes the manual adjustments recorded in Mr. Billings' business utility account.

Table 8

| Date | Amount |
| :---: | ---: | ---: |
| $08 / 25 / 08$ | $\$ 3.00$ |
| $11 / 03 / 14$ | 659.16 |
| Total | $\$ 662.16$ |

In addition, we determined the proper penalties were not being assessed for payments not made or payments made untimely. Specifically, we identified 47 instances where penalties were not properly applied, and 18 months for which utility bills were not generated. Table 9 summarizes the penalties which were not assessed and the amount which was not billed to Mr. Billings' business utility account.

Table 9

| Description | Amount |
| :--- | ---: |
| Penalties not assessed | $\$ \quad 141.00$ |
| Unbilled utilities |  |
| Total | $\$ 1,032.31$ |

Table 10 summarizes the total unpaid and unbilled utilities for Ms. Billings' utility account and Mr. Billings' business utility account. These totals are included in Exhibit A.

Table 10

| Description | Unpaid Utilities <br> and Penalties <br> (Tables 6 and 8) | Unbilled Utilities <br> and Penalties <br> (Tables 7 and 9) | Total |
| :--- | :---: | :---: | :---: |
| Ms. Billings' account | $\$ 4,057.39$ | 996.00 | $5,053.39$ |
| Mr. Billings' business account | 662.16 | $1,032.31$ | $1,694.47$ |
| Total | $\$ 4,719.55$ | $2,028.31$ | $6,747.86$ |

## Other Administrative Issues

Sewer Rate - As previously stated the City bills for sewer service to residents and businesses. Each month, City staff manually read the water meters, and the City Clerk manually inputs the meter readings into the City's software program. Based on the established rates, the utility software calculates the utility billing and records the amount owed on the customer's utility account.

The City Council reviews and approves the water, sewer, and garbage rates to be assessed to residential and commercial accounts. Through discussions with City officials, we determined the minimum monthly charge for utilities during the period of our investigation was $\$ 49.70$, including $\$ 26.00$ for sewer, $\$ 13.00$ for garbage, and $\$ 10.00$ for water plus $\$ 0.70$ tax on the water. However, during our testing, we were unable to recalculate the minimum monthly utility charge based on the City's ordinances. Based on a review of the City's ordinances, we determined the most recent utility ordinance was dated April 2007. At that time, the City Council established the water and sewer rates at $\$ 10.00$ each and the garbage rate at $\$ 13.00$ each month.

According to City officials, a letter was sent to all utility customers in August 2009 stating the City planned to increase the minimum monthly charge for sewer usage to $\$ 26.00$. However, there is no record of subsequent City Council action passing a new ordinance. Although an updated ordinance was not passed, the minimum monthly charge for sewer usage was changed to $\$ 26.00$ effective April 2010.

We obtained the number of utility accounts serviced in January of each year for calendar years 2010 through 2016. Using the difference between the unauthorized rate of $\$ 26.00$ per month and the authorized rate of $\$ 10.00$ per month, we estimated the approximate amount which was overbilled each year. In addition, because the City assesses $7 \%$ sales tax on sewer charges for all commercial and industrial customers, we estimated the approximate amount of sales tax which
was overbilled each year. Table 11 summarizes the amount overbilled for sewer usage and related sales tax for April 2010 through April 2016.

Table 11

| Billing <br> Period | Sewer Usage | Sales Tax | Total |
| :---: | :---: | :---: | :---: |
| $04 / 01 / 10-12 / 31 / 10$ | $\$$ | $31,820.00$ | 340.00 |
| $32,160.00$ |  |  |  |
| $01 / 01 / 11-12 / 31 / 11$ | $41,860.00$ | 440.00 | $42,300.00$ |
| $01 / 01 / 12-12 / 31 / 12$ | $40,700.00$ | 420.00 | $41,120.00$ |
| $01 / 01 / 13-12 / 31 / 13$ | $42,240.00$ | 440.00 | $42,680.00$ |
| $01 / 01 / 14-12 / 31 / 14$ | $41,660.00$ | 400.00 | $42,060.00$ |
| $01 / 01 / 15-12 / 31 / 15$ | $41,660.00$ | 400.00 | $42,060.00$ |
| $01 / 01 / 16-04 / 30 / 16$ | $14,140.00$ | 140.00 | $14,280.00$ |
| Total | $\$ 254,080.00$ | $2,580.00$ | $256,660.00$ |

As illustrated by the Table, the City overbilled its customers approximately $\$ 256,660.00$ for the period April 1, 2010 through April 30, 2016.

Utility Billing Adjustments - As previously stated, Ms. Billings had primary responsibility for the City's utility billings during her tenure as City Clerk. According to City officials, they believe during Ms. Billings' employment it was common knowledge citizens could complain to Ms. Billings about their utility billings and she would record adjustments reducing their utility billings to the monthly minimum. During our interview with Ms. Billings, she stated citizens would approach individual City Council members or the Mayor requesting adjustment to their utility bills. She further stated the City official the individual spoke with contacted her to record the adjustment. We held follow-up discussions with City officials to verify Ms. Billings' statement. According to the City officials we spoke with, they could not recall any individuals approaching them directly about their utility billings. In addition, they stated, if an individual had approached them, they would have told that individual to attend a City Council meeting because they do not have the authority to adjust utility billings without approval from the full City Council.

We obtained the utility billing adjustment report from the City's utility software program for the period March 2007 through January 2015 to determine the frequency and dollar amount of utility billing adjustments recorded. As a result, we identified 376 billing adjustments totaling $\$ 136,927.94$. None of the 376 utility billing adjustments identified were presented to the City Council for approval. Because sufficient supporting documentation was not maintained and there was no documentation of the adjustments in the City Council meeting minutes, we were unable to determine the nature of these adjustments. As a result, the adjustments are not included in Exhibit A. According to the current City Clerk, she has recorded minimal adjustments during her tenure.

Discriminatory Utility Rate - During our review of the utility billing adjustment report, we identified several adjustments on the Maquoketa Valley Senior High School's (High School) utility account. Specifically, we determined during the summer months the sewer billings for the High School were reduced to a zero balance. As a result, the High School only paid for water usage on the monthly utility bills.

According to the City and High School officials we spoke with, there was an agreement between the High School and the City specifying the City would only charge for water usage when the High School was not in session because the increased water usage resulted from watering the High School's athletic fields, which did not drain into the City's sewer system. However, neither City nor High School officials could locate a written agreement or determine if a written agreement had ever been approved and signed.

Section 388.6 of the Code of Iowa states, "A city utility or a combined utility system may not provide use or service at a discriminatory rate, except to the city or its agencies as provided in section 384.91." However, according to an Attorney General's opinion dated April 21, 1976, municipalities may establish special rates for governments, hospitals, charitable institutions, and the like. It is unclear whether reducing the High School's utility billing during the summer months is considered a special rate. In addition, the City ordinance establishing the water and sewer rates does not have a provision for discounting sewer rates for certain types of customers.

City Council Meeting Minutes - We reviewed the City Council meeting minutes from March 2007 through February 2015 and determined 78 of the minutes were not signed by the City Clerk or the Mayor to authenticate the record as required by section 380.7 of the Code of Iowa. We also determined 56 of the disbursement listings approved by the City Council did not agree with actual disbursements, and for 25 City Council meetings, no disbursement listing was provided to the City Council for approval.

City Council Oversight - During our investigation, we determined the City Council did not properly carry out its fiduciary responsibilities as officials of the City by not:

- properly reviewing payroll prior to issuance,
- comparing the bill listings to supporting documentation and checks,
- regularly reviewing the City's financial reports and/or bank statements, and
- requesting or reviewing utility reconciliations.

In addition, the City Council should monitor the travel and training expenses of City employees to ensure the use of funds is in the best interests of the City and meets a public purpose.

## Recommended Control Procedures

As part of our investigation, we reviewed the procedures used by the City of Delhi to perform bank reconciliations and process receipts, disbursements, and payroll. An important aspect of internal control is to establish procedures which provide accountability for assets susceptible to loss from error and irregularities. These procedures provide the actions of one individual will act as a check on those of another and provide a level of assurance errors or irregularities will be identified within a reasonable time during the course of normal operations. Based on our findings and observations detailed below, the following recommendations are made to strengthen the City's internal controls.
A. Segregation of Duties - An important aspect of internal control is the segregation of duties among individuals to prevent one person from handling duties which are incompatible. The former City Clerk had control over each of the following areas:
(1) Receipts - collecting, posting to the accounting records, and preparing and making bank deposits,
(2) Disbursements - making certain purchases, receiving certain goods and services, presenting disbursements to the City Council for approval, maintaining supporting documentation, preparing, signing, and distributing checks, and posting to the accounting records,
(3) Payroll - calculating payroll amounts, preparing, signing, and distributing checks, posting payments to the accounting records, and filing required payroll reports,
(4) Utility billings - preparing and mailing billings, receipting and depositing collections, posting collections to customer accounts and accounting records, and preparing and making bank deposits,
(5)

Bank accounts - receiving and reconciling monthly bank statements to accounting records, and
) Reporting - preparing City Council meeting minutes and financial reports, including monthly City Clerk reports and the Annual Financial Reports.

Recommendation - We realize segregation of duties is difficult with a limited number of staff. However, the duties within each function listed above should be segregated between the City Clerk, the Mayor, and City Council members. In addition, the Mayor and City Council members should review financial records, perform reconciliations, and examine supporting documentation for accounting records on a periodic basis.

Also, bank statements should be delivered to an official who does not collect or disburse City funds. The bank statements should be reviewed in a timely manner for unusual activity. Bank reconciliations should be performed monthly and should be reviewed by someone independent of other financial responsibilities. The reviews should be documented by the signature or initials of the reviewer and the date of the review.
B. Travel Reimbursement Policy - The City does not have a travel reimbursement policy addressing limits on meals and lodging or the required supporting documentation to be submitted along with the travel reimbursement form submitted to the City.

Recommendation - The City Council should develop and implement a travel reimbursement policy establishing limits on meals and lodging and requiring original, itemized receipts for all disbursements.
C. Disbursements - During our review of the City's disbursements, the following were identified:
(1) Disbursements were not always supported by invoices or other documentation.
(2) Not all disbursements were approved by the City Council.
(3) The City incurred finance charges and late payment fees because the former City Clerk did not pay certain City obligations in a timely manner.

Recommendation - All City disbursements should be approved by the City Council prior to payment, with the exception of those specifically allowed by a City Council approved policy. For those disbursements paid prior to City Council approval, a listing should be provided to the City Council at the next City Council meeting for review and approval. All payments should be remitted in a timely manner to ensure late fees and interest are not incurred.

To strengthen internal control, each check should be prepared and signed by one person and detailed supporting vouchers and invoices should be provided, along with the check, to an independent individual for review and countersignature.
D. Reconciliation of Utility Billings, Collections, and Delinquent Accounts - The former City Clerk had sole responsibility for preparing billings for the City's utilities. She was responsible for preparing the billings, collecting payments, preparing deposits, delivering deposits to the bank, and posting billings and collections to customer accounts. In addition, utility billings, collections, and delinquent accounts were not reconciled.

Recommendation - Procedures should be established to ensure utility billings are reconciled to subsequent collections and delinquent accounts for each billing period. The City Council, or an independent individual designated by the City Council, should review
the reconciliations and monitor delinquencies. Delinquent accounts should not be written off without City Council approval.
E. Credit Cards - The City had 3 credit card accounts. We identified several improper purchases and several purchases made with the credit cards which were not supported by adequate documentation. In addition, we determined the City incurred finance charges and late payment fees because the former City Clerk did not pay the balance on the credit card accounts each month and/or did not make payments in a timely manner.

Recommendation - Monthly credit card statements should be opened and reviewed by someone without access to the credit cards. Any concerns identified during the review should be resolved in a timely manner.

Also, original receipts should be submitted to the City Clerk for any purchases made with the credit cards, as required. In addition, the City Council should document allowable uses for the credit cards, such as travel expenses and supply purchases, and appropriate limits which may be charged on the credit card accounts. The City Council should also periodically review the credit card statements to ensure charges appear appropriate and payments are made in a timely manner so the City does not incur any finance charges or late payment fees.
F. Payroll - During our review of payroll, we identified numerous instances where the City Clerk recorded hours worked in excess of the hours she was expected to work by the City Council. According to City officials, the expectation was the City Clerk position was a 40 -hour per week position. In addition, we determined the City Clerk did not consistently maintain timesheets.

Recommendation - The City should implement procedures to ensure appropriate payroll records are maintained. City officials should periodically review payroll records to ensure payroll is calculated properly. In addition, the City Council, or a designated member who is familiar with the City Clerk's actions, should review and approve the City Clerk's timesheet for each pay period. The review and approval should be documented by the signature or initials of the reviewer and the date of approval.
G. Sewer Rates - The City bills for sewer service provided to customers. City staff read the water meters manually, and the City Clerk manually inputs the information into the utility system monthly. Based on the established rate, the utility system calculates the sewer bill and includes it on the customer's utility bill.

The City used an incorrect rate when calculating sewer bills for the period April 1, 2010 through April 30, 2016. As a result, the City overbilled customers approximately \$256,660.00.

Recommendation - The City should work with the City Attorney to determine a resolution of the overbillings to utility customers. The City should also ensure the proper approved rate is entered into the utility system and any changes in rates are properly approved by the City Council.
H. City Council Minutes - Chapter 21 of the Code of Iowa requires minutes to be kept of all meetings of governmental bodies. During our review of minutes, we determined:

- Minutes were not signed by the City Clerk as required by section 380.7(4) of the Code of Iowa. In addition, they did not include the signature of the Mayor or a City Council member to authenticate the record.
- Not all disbursements were presented to the City Council for approval.
- The minutes did not include financial reports filed by the City Clerk.

Recommendation - The City should implement procedures to ensure the City Clerk and the Mayor or a City Council member sign all meeting minutes. In addition, the minutes should be reviewed in a timely manner so any errors can be identified and corrected. The City Council should also ensure all City obligations are presented to the City Council for approval prior to payment and financial reports the City Clerk presents to the City Council are filed with the related minutes.

The City Council should also ensure compliance with all applicable sections of the Code of Iowa.
I. City Council Oversight - The City Council has a fiduciary responsibility to provide oversight of the City's operations and financial transactions. Oversight is typically defined as the "watchful and responsible care" a governing body exercises in its fiduciary capacity.

Based on our observations and the procedures we performed, we determined the City Council failed to exercise proper fiduciary oversight. The lack of appropriate oversight and the failure to ensure implementation of adequate internal controls permitted an employee to exercise too much control over the operations of the City.

Recommendation - Oversight by the City Council is essential and should be an ongoing effort by all members. In the future, the City Council should exercise due care and require and review pertinent information and documentation prior to making decisions affecting the City. In addition, appropriate policies and procedures should be adopted, implemented, and monitored to ensure compliance with established policies and procedures.
