Pick 3 Winning Numbers Reports, Bets Explained

From time to time, retailers get questions about the Pick 3 winning numbers report printed from their lotto terminal. Here's a short explanation of Pick 3 bets and this report.

There are five kinds of bets in Pick 3:

- Straight - match all numbers in the EXACT ORDER as drawn.
- Box - match all three numbers IN ANY ORDER.
- Straight/BOX - match either exact and/or any order.
- Front Pair - match the first two numbers in the EXACT ORDER as drawn.
- Back Pair - match the last two numbers in the EXACT ORDER as drawn.

The results on the printout from the lottery terminal list the following abbreviations. Here's what they mean:

- STR—those who bet on a straight and matched all numbers in the exact order they were drawn.
- BOX—those who bet on a box and matched all the numbers in any order.
- CST—those who bet on the straight/box and won on the straight portion of the bet.
- CBX—those who bet on the straight/box and won on the box portion of the bet.
- FPAIR—those who bet on the first two numbers drawn and matched them in exact order.
- BPAIR—those who bet on the last two numbers drawn and matched them in exact order. (Note: You must **bet** on the front pair/back pair and then match them in order to win.)

Lucky Grinnell Man Wins \$25,000

Ken Johnson of Grinnell doesn't play scratch tickets very often at all, but considers himself a very lucky person.

Ken Johnson
of Grinnell

He's right—Johnson, 37, won \$25,000 playing the “Double Bingo” (purple) scratch game. He purchased his ticket at Casey's, 312 West St. in Grinnell.

“I was about halfway through the ticket and I found out I'd won \$25. I was pretty excited about that. And then I kept going and I got the four corners and that was \$500, so I'm like, ‘All right!’ Then the bonus number came up and I realized it was a big winner. I went to the store and had them verify it. They said, ‘You need to go to Des Moines,’” he laughed.

Johnson plans to pick up a pick-up — truck, that is, with his winnings. 🐘

Don't Fret About Mistake Powerball, Hot Lotto Tickets

Everybody makes mistakes. Even if your mistake happens to be a Powerball or Hot Lotto play made in error, it doesn't have to be the end of the world!

Let's review the steps you must take to handle a “mistake” Powerball or Hot Lotto ticket.

If the ticket did not print or the ticket is misprinted or mutilated so it can't be validated:

—The defective play must be confirmed by immediately producing a REPRINT ticket.

—Call the Scientific Games hotline at 800-858-4744. They will provide you with a Control Number. They'll also help you get the information needed to report the problem to the lottery and, if necessary, help you produce the REPRINT ticket.

—Any or all parts of the defective ticket, along with the REPRINT ticket and Control Number, must be returned to the lottery in the retailer settlement envelope.

—When the lottery receives the defective ticket and the REPRINT ticket, we'll examine it and then issue credit to the retailer for the cost of the ticket. You can't receive credit if you don't follow the first three steps!

If the ticket is printed correctly by the terminal, but the clerk or the player makes an error:

—Call the Scientific Games hotline to report the problem and correct ticket information. A Control Number will be provided.

—Remember, the ticket is still valid and can be sold. If you can't sell the ticket, validate it for any prizes won on the ticket after all draws have passed. Then send the ticket and the control number to the lottery in the retailer settlement envelope. The lottery will credit you for the cost of the ticket less any winnings.

The most common reasons for denying credit:

- 1) The retailer did not call Scientific Games.
- 2) No ticket or play was sent to the lottery.

In short, if you don't follow the steps outlined above, you are out of luck!

Think about this: why not sell the ticket? Unless the problem ticket is a mutilated ticket, why not try to sell it to one of your other customers? Especially during busy, high-jackpot times, your customers may be more willing to take that ticket than stand in line. 🐘
