SHIIP The Senior Health Insurance Information Program, is part of the national network of state health insurance assistance programs. SHIIP is dedicated to providing information and assistance with questions about Medicare, Medicare supplement insurance, long-term care insurance, claims and other related health insurance. Trained SHIIP volunteer counselors are available across the state to provide free, confidential and objective one-to-one assistance.

Medicare Advantage Basics

Since Medicare was created in 1965, most Iowans have received their Medicare Part A and Medicare Part B health benefits through the Original Fee-For-Service system.

In 1997, Congress passed the Balance Budget Act, which created Medicare+Choice plans. The purpose was to give people on Medicare other options for receiving their Medicare Part A and Part B benefits. Today these choices are called Medicare Advantage plans (sometimes referred to as Medicare Part C). This booklet contains basic information to help you understand the Medicare Advantage choices in Iowa.

Currently, Medicare Advantage plan options are available in 95 Iowa counties. Original fee-for service Medicare also continues to be a choice in all areas. No matter which option you choose, you are still in the Medicare program. Understanding the options available will help you to make an informed decision. The Senior Health Insurance Information Program (SHIIP) has prepared this guide to help you understand these plans.

Medicare Advantage Plans...Another Way to Get Your Medicare Benefits

You are eligible to join a Medicare Advantage plan if you have Medicare Part A **and** Part B and you live in the plan's service area (e.g. counties where the plan is approved to be offered). Included are people on Medicare because of disability. People with permanent kidney failure are not eligible to join. Some plans charge a monthly premium, others charge no premium. You must continue to pay the Medicare Part B premium in either case. You usually will have to pay some other costs (such as co-payments or coinsurance) for the services you get. These plans cover all the services Original Medicare covers and Medicare Advantage plans may add extra benefits such as coverage for vision, hearing, dental and wellness programs. Most of the plans include Medicare prescription drug coverage (Part D).

Each Medicare Advantage plan sold in Iowa has an **annual contract** with Medicare. Medicare pays a set amount of money each month to these private health plans to manage your Part A and Part B benefits. Each year the contract with Medicare may or may not be renewed. Plan benefits and costs can change from year to year.

You **don't need Medicare supplement insurance** when you are enrolled in a Medicare Advantage plan. Supplemental insurance will only pay benefits when you are enrolled in Original Medicare. Employer plans may supplement Medicare Advantage plans. If you want to cancel your Medicare supplement you will need to contact your insurance company. It cannot be done by the Medicare Advantage plan.

Enrollment or Disenrollment

There are specific times during the year when you can enroll, disenroll or change Medicare Advantage plans.

- ◆ **First become eligible for Medicare** - You can join during the 7-month period that begins three months before you turn 65, includes the month you turn 65, and ends three months after. If you get Medicare due to disability, you can join three months before to three months after your Medicare is effective. If your Medicare effective date is made retroactive, you can join a plan the month you are notified of your Medicare effective date and for three months after your notification.
- ◆ **January 1, to February 14** – You can **disenroll** from a Medicare Advantage plan and return to Original Medicare. Regardless of whether your Medicare Advantage plan included Part D drug coverage you may request enrollment in a prescription drug plan at this time.
- ◆ **After February 14** – You will not be able to disenroll from a Medicare Advantage plan until October 15 to December 7.
- ◆ **October 15 to December 7** - You can **join, switch** or **disenroll** from a Medicare Advantage plan. You can add or drop drug coverage. Your new coverage will be effective January 1 of the following year.
- ◆ **Special Enrollment Periods** - In certain situations, such as a change in residence, you would be eligible for a Special Enrollment Period (SEP) to disenroll, join or switch to a different plan. Call SHIIP at 1-800-351-4664 for information about other Special Enrollment Periods.
- ◆ **5-Star Special Enrollment** – You can enroll in a 5-star Medicare Advantage plan once from December 8, 2016 to November 30, 2017. If you are currently enrolled in a Medicare Advantage plan with a 5-star overall rating, you may switch to a different plan with a 5-star overall rating. You can find the plan ratings on the Medicare Plan Finder at www.medicare.gov
- ◆ **Non-Renewal** – If your Medicare Advantage plan does not renew its annual contract with Medicare you will be able to change to a different plan or return to Original Medicare. If you return to Original Medicare you must be allowed to enroll in a Medicare supplement plan A, B, C, F, K or L (including Medicare Select or High Deductible choices).

◆ **Exceptions:**

- You can join or disenroll from a Cost Plan anytime during the year.
- Individuals eligible for full Medicaid benefits or who receive help from the state paying their Part B premiums, can join or disenroll anytime.
- Individuals who qualify for Medicare prescription drug coverage “Extra Help” can join or disenroll anytime during the year.

Protections When Enrolling in a Medicare Advantage Plan for the First Time

If you are enrolling in a Medicare Advantage plan for the first time you can return to Original Medicare and are guaranteed the right to get Medicare Supplement Insurance in two situations.

1. You **drop** your Medicare supplement to enroll in a Medicare Advantage plan for the **first time** and then you **disenroll** from the Medicare Advantage plan within the **first 12 months**. You must be allowed to
 - **Re-enroll** in the Medicare supplement policy you were most recently enrolled in if it is available from the same insurance company, **OR**
 - If the policy is not available, **enroll** in any Medicare supplement Plan A, B, C, F, K or L (including Medicare Select or high deductible choices) from ANY COMPANY selling these plans in Iowa. If you are **under age 65**, you can buy only from companies selling to those under 65. If you bought your Medicare supplement plan before June 2010, it is no longer being sold, so you will have to buy one of the standardized plans now available
2. You enroll in a Medicare Advantage plan the first time you enroll in Medicare Part B **at age 65** during your **Initial Enrollment Period**.* Then you disenroll **within the first 12 months**.
 - You must be allowed to enroll in ANY Medicare supplement plan, **A through N**, offered by ANY COMPANY selling those plans in Iowa, (including Medicare Select or high deductible choices.)
 - Individuals entitled to Medicare prior to age 65 are not eligible for this special enrollment.

*There are exceptions to this if you take Part B for the first time after age 65. Call SHIIP for details.

These two options do not apply to employer retiree health plans. If you give up your employer retiree plan to try a Medicare Advantage plan, you may not get your employer retiree plan back later.

Medicare Advantage Basics

In the two situations described above, if you **apply** for your new Medicare supplement plan within **63 days** of when your Medicare Advantage coverage ends....

- Companies cannot turn you down because of pre-existing health conditions.
- Companies cannot charge you higher premiums because of pre-existing health conditions. You will not have a waiting period before benefits are paid for pre-existing health conditions.

In both of the situations described above, if you are disenrolling from a Medicare Advantage plan with drug coverage, you will also get a special enrollment period to sign up for a Part D stand-alone drug plan.

Medicare Advantage and Medicare Part D

Many people with a Medicare Advantage plan get prescription coverage through their plan. If you want Part D coverage and enroll in a Medicare Advantage HMO or PPO you must select an option that includes drug coverage. If you join a stand-alone drug plan you will be automatically disenrolled from your Medicare HMO or PPO and returned to Original Medicare. If you have a Medicare Private Fee-for-Service Plan that doesn't include drug coverage or a Medicare Cost Plan, you can join a stand-alone Medicare Prescription Drug Plan.

Your out-of-pocket costs will depend on the plan's premium, whether the plan has a yearly deductible, the plan's copayments or coinsurance (how much you pay) for your prescriptions and if your drugs are covered on the plan's formulary. Individuals who receive help with their Medicare drug plan costs will continue to pay reduced costs if they enroll in a Medicare Advantage plan that includes drug coverage. To compare Medicare Advantage plan drug benefits you can go to www.medicare.gov. SHIIP counselors are also available to help you compare plans.

Medicare Advantage and Medicaid:

If you have full Medicaid benefits or are enrolled in the QMB Medicare Savings Program and are enrolled in a Medicare Advantage plan, the State of Iowa Medicaid or Medicaid Managed Care Organization (MCO) will cover the cost of deductibles and copayments for Medicare Part A and Part B covered services.

Things to Consider Before You Enroll in a Medicare Advantage Plan

- ◆ Your Medicare benefits are provided by the Medicare Advantage plan, rather than the traditional Medicare program. You will use your Medicare Advantage card when you receive services instead of your Medicare card.
- ◆ **It is especially important that you check to see if your doctors, hospitals and other providers accept the plan. Ask if they are in-network or out-of-network. Your costs may be more if your provider accepts a plan but is out-of-network.**
- ◆ You must live in the service area and have Medicare Part A and Part B.
- ◆ You continue to pay the Medicare Part B premium.
- ◆ You usually will pay deductibles, copayments, or coinsurance for the services you get. You also may pay a premium for the plan.
- ◆ You don't need a Medicare supplement insurance policy and the policy will not pay benefits when you are enrolled in a Medicare Advantage plan.
- ◆ Understand when you can change plans if you change your mind.
- ◆ Compare all costs and features (see comparison chart on page 28). The plans listed in this guide are offered to individuals. Employers may also provide Medicare Advantage plans to their retirees. Employer plans may have different premiums and benefits from those listed in this guide.
- ◆ Once you enroll in a Medicare Advantage plan, review the Annual Notice of Change your plan will send you each fall. This includes any changes in coverage and cost for the next year.

Decide How to Get Your Medicare

Decide if You Want

Original Medicare

OR

Medicare Advantage Plan

Part A (Hospital Insurance) and Part B (Medical Insurance)

- You pay Part B monthly premium
- Medicare provides this coverage
- You have your choice of doctors, hospitals, and other providers
- Generally, you pay deductibles, copayments and coinsurance

Includes both Part A (Hospital Insurance) and Part B (Medical Insurance)

- You pay Part B monthly premium
- You **must** be enrolled in Part A and Part B
- You may pay a monthly plan premium
- Private insurance companies approved by Medicare provide this coverage
- Doctors, hospitals and other providers may or may not accept the plan
- You pay a deductible, copayment or coinsurance for covered services
- Some plans offer extra benefits such as dental, vision, hearing and health club memberships
- Costs and rules vary by plan
- You must live in the plan's service area

Decide if You Want Prescription Drug Coverage (Part D)

- If you want this coverage you must choose and join a Medicare Prescription Drug Plan
- These plans are run by private companies approved by Medicare

- If you want this coverage, in most cases you must get it through your Medicare Advantage plan
- Most Medicare Advantage plans include Part D coverage

Decide if You Want Supplemental Coverage

You may want to get private coverage that fills gaps in Original Medicare coverage.

- You can choose to buy private supplemental coverage, like a Medicare supplement policy
- Costs vary by policy or company
- Employers/Unions may offer similar coverage

- You do not need a Medicare supplement policy
- If you already have a Medicare supplement, you can't use it to pay your expenses under the Medicare Advantage plan
- If you already have a Medicare Advantage plan you cannot be sold a Medicare supplement

Guide to Medicare Advantage Plan Chart

The chart on pages 10-11 lists the Medicare Advantage plans available in Iowa. The chart includes:

Plan Name:

Listed in bold is the name used by the company to market the plan.

Phone Number:

The phone number listed is for prospective members.

Company Name:

The name of the insurance company marketing the plan is shown in italics.

Service Area:

To be eligible to enroll in a Medicare Advantage plan you must live in the “service area”, or counties, served by the plan. For a complete list of the counties served refer to the individual plan summaries found on pages 12 to 27.

Options:

Many of the plans offer more than one option. Each option may not be available in every county of the plan’s service area. Refer to the plan benefit summaries on pages 12 to 27.

Premium:

This is the total monthly premium you pay for the plan, including hospital, medical and prescription drug benefits, when offered. You also continue to pay your Part B premium each month.

Part D:

A “Yes” in the “Part D” column indicates the plan option includes Medicare prescription drug coverage.

For more information on a specific Medicare Advantage plan go www.medicare.gov or contact the company. Phone numbers and website addresses are listed in this booklet. If you have general questions about Medicare Advantage, contact the Iowa Senior Health Insurance Information Program (SHIIP) at 1-800-351-4664 (TTY 800-735-2942).

Medicare Health Maintenance Organizations (HMO)

A Medicare HMO offers services through a network of contracted hospitals, doctors and other providers, and the plan pays the providers directly. Most plans have strict “lock-in” requirements. This means you generally must receive all covered care from the plan providers or through referrals by the plan. If you go outside the network without a referral, neither the Medicare HMO nor Medicare will pay. Emergencies and urgent care are covered when you cannot reach a plan location.

The HMO manages your Medicare Part A and Part B health insurance benefits. **You do not need a Medicare supplement.** If you have a policy, it will not pay when you are enrolled in an HMO.

If you are interested in a HMO and you want to receive Medicare drug coverage, you must choose a plan that includes the benefit. You cannot enroll in a Medicare HMO and enroll in a Medicare stand-alone drug plan.

Some plans also offer additional benefits, such as vision and hearing screenings, and other services not covered under the Original Medicare plan.

The following charts show what **you pay** when you enroll in a Medicare Advantage HMO plan and some of the additional benefits provided by the plan.

A Medicare Cost Plan is a type of HMO. The plan has a network of providers. When you use plan providers, the plan pays your Medicare deductible and coinsurance amounts. Plan providers do not bill for excess charges. When you do not use plan providers Medicare will pay, but the plan pays nothing. You pay the Medicare deductible, coinsurance, any excess charges and noncovered services. The Plan will pay non-plan providers if you need emergency or urgent care.

Cost Plans have different enrollment rules than all of the other Medicare Advantage Plans. They are allowed to have continuous enrollment. This means that individuals can enroll or disenroll anytime during the year.

You are not required to select a primary care physician, and you do not need a referral to see a specialist. A primary care physician is a doctor you choose to coordinate all of your care and referrals to specialists.

Some plans also offer additional benefits, such as vision and hearing screenings, disease management, and other services not covered under the Original Medicare plan. Monthly premiums and copayments will vary depending on the plan.

You do not need a Medicare supplement. If you have a policy, it will not pay when you are enrolled in a Medicare Cost Plan.

If you are interested in a Medicare Cost plan and you want to receive Medicare drug coverage, you can enroll in a Medicare stand-alone drug plan.

The following charts show what **you pay** when you enroll in a Medicare Cost plan.

Preferred Provider Organization- PPO

**Coventry Advantra Platinum PPO
(H1608-001)**

Coventry Health Care of Iowa, Inc.

www.coventry-medicare.com

A Medicare Preferred Provider Organization (PPO) has a list, or “network,” of doctors, hospitals and other providers that you can visit. You may go to doctors, specialists or hospitals that aren’t part of the plan’s network, but it will cost you more. Providers who are not part of the plan’s network can decide if they want to accept the plan, except in emergency situations.

You should check with your doctor(s) and hospital to see if they will treat patients covered by the plan before you enroll.

The PPO manages your Medicare Part A and Part B health insurance benefits. **You do not need a Medicare supplement.** If you have a policy, it will not pay when you are enrolled in a PPO.

Most PPOs offer some type of prescription drug coverage. Some plans also offer additional benefits, such as vision and hearing screenings, disease management and other services not covered under the Original Medicare plan. Monthly premiums and copayments will vary depending on the plan.

If you want Medicare drug coverage, you must choose a plan that includes the benefit. You cannot enroll in a Medicare PPO plan and enroll in a Medicare stand-alone drug plan.

Each PPO plan gives you the flexibility to go to specialists without a referral or prior authorization from another doctor.

The following charts show what **you pay** when you enroll in a Medicare Advantage PPO plan and some of the additional benefits provided by the plan.

Private-Fee-For-Service - PFFS

A Private Fee-For-Service (PFFS) plan is a type of Medicare Advantage plan. Some of these plans have a “network” of providers and costs will be higher if you receive care out-of-network. For plans without networks beneficiaries can go to any provider or hospital as long as the provider agrees to bill the PFFS plan instead of Medicare. **You should check with your doctor(s) and hospital to see if they will treat patients covered by the plan before you enroll.**

Monthly premiums may be lower, but out-of-pocket copayments may be higher than when a beneficiary is enrolled in Original Medicare and supplemental health insurance.

The PFFS plan manages your Medicare Part A and Part B health insurance benefits. **You do not need a Medicare supplement.** If you have a policy, it will not pay when you are enrolled in an PFFS plan.

Some PFFS plans allow providers to “balance bill.” This would allow the provider to charge you up to 15% over the plan’s payment for services. Even if balance billing is allowed, your provider may accept the plan’s payment amount as payment in full. Ask your Medicare PFFS plan if they allow providers to balance bill as this will affect how much you may pay.

PFFS plans must provide all Medicare-covered services and may provide additional benefits that Original Medicare does not cover. Additional coverage could include an annual physical, vision and hearing screenings and wellness programs.

If you enroll in a PFFS plan that does not include Medicare Part D drug coverage you can enroll in one of the stand-alone Medicare drug plans.

The following charts show what **you pay** when you enroll in a Medicare Advantage PFFS plan and some of the additional benefits provided by the plan.

Comparing Health Care Choices

Recording Your Out-Of-Pocket Costs:

Look at your health care experiences from the past year, or look ahead at health care you may need in the future. Estimate the costs you pay out-of-pocket.
