A Message from the Commandant

Fiscal Year 2016 proved to be another outstanding year at the Iowa Veterans Home (IVH) as measured by our regulatory survey results, resident and family satisfaction survey results, and infrastructure improvements on our 150 acre campus.

The IVH team shined this year on regulatory surveys from both the U.S. Department of Veterans Affairs and the Iowa Department of Inspections and Appeals. These results reflect our commitment to excellence and pride in providing a wonderful place for our residents to call home.

We are constantly assessing the level of satisfaction with our care and services by asking our residents and their families for feedback. We are always looking to improve our customer satisfaction through performance improvement projects and our quality assurance program. Not only is this a regulatory requirement, but it helps keep us focused on what's important to our residents and keeps the agency moving forward.

At the end of this fiscal year, we completed a three-year, \$36 million major renovation project of the Dack and Malloy buildings. These buildings both provide nursing care beds, 87 and 180 beds respectively. The renovation converted double rooms with shared bathroom (no shower) to private rooms with complete bathroom and shower in each room. No longer do residents go down the hallway to shower. This provides the dignity our residents so deserve.

As I write this article, we continue to have many major infrastructure projects underway at IVH, to include replacement of air handlers and chillers, and the planning of much-needed upgrades to our Residential Care Facility, Heinz Hall.

It's an honor to serve as Commandant of the Iowa Veterans Home. I'm proud of the staff and their dedication to providing a safe, happy, and comfortable home for our residents. I am grateful to all the Iowans who continue to support our commitment to enhanced quality of life for our residents by making donations and volunteering their time. We are better able to accomplish our mission with their support. I'm proud of the IVH team. We are proud to be serving those who have served us.

Service – Integrity – Respect

Meeting the Staffing Challenge

- IVH will continue the Perfect Attendance program to encourage attendance resulting in less overtime use.
- IVH will continue to review every vacant position to assess the impact on mission accomplishment.
- IVH will continue partnerships with local education programs.
- IVH will utilize all avenues for advertising positions vacancies.
- IVH will attend job fairs to inform potential applicants.
- IVH will implement flexible and/or compressed schedules to improve staff retention.

Thank You

Many citizens volunteer their time to IVH, which greatly enhances the quality of life for our residents.

IVH wishes to thank the Veterans Service Organizations, community groups and individuals for providing their time, talent and donating monies to help us serve our residents.
