# DRAMA LOAN SERVICE

## DRAMA LOAN SERVICE

### *Introduction*

The Extension Division of the State University of Iowa maintains a loan collection of plays for general reading by individuals, groups, and organizations. This service is designed especially as an aid to organizations and directors in selecting plays for production.

Copies of plays to be produced and readings to be memorized from them must be purchased from the respective publisher since the Extension Division cannot supply them. It should be noted that many of the plays require royalties for production. All arrangements concerning royalties are to be made by the producing organization or individual with the company publishing the play.

*Plays are loaned for reading and study purposes only. No plays or readings secured through this service may be copied in any way. This regulation is specified by the copyright law which provides a penalty for offenders. A request for plays or readings signifies acceptance of the conditions governing this subject.*

Borrowed material should not be marked or defaced in any way and in no instance may any part of the material be copied.

Names and addresses of publishers will be found at the end of the list of plays.

### REGULATIONS GOVERNING THE SERVICE

Plays selected from this list may be borrowed for a period of ten days to two weeks for reading and study purposes.

As many as eight plays may be ordered at any one time, and the available ones will be sent immediately.

Borrowers are required to pay postage on plays both ways. This is the only charge connected with the service.

Borrowers are required to pay all replacement charges on all materials lost or damaged while in their possession.

Address all requests for plays for reading and examination to:
