STATUS OF  
WOMEN

## IOWA COMMISSION ON THE STATUS OF WOMEN

The State Commission on the Status of Women is a statutory agency within state government which addresses itself to developing public policy regarding the problems facing women today. Unfair discrimination is encountered by women from all levels of society in the diverse areas of:

Employment	Pensions and Social Security
Education	Abortion
Athletic Opportunities	Rape
Credit and Finance	Housing
Insurance	Welfare/Public Assistance
Government/Politics	Family/Home
The Media	Child Care
Health Care Services	Inheritance Tax and Estate Planning

The present Commission is an outgrowth of the Governor's Commission on the Status of Women established by the General Assembly on July 1, 1972, to study the changing needs and problems of the women in the state and develop and recommend new programs and constructive action to the Governor and the General Assembly.

The Commission is comprised of 24 people of both sexes, appointed by the Governor and representing a broad cross-section of the population of Iowa. Its members represent a diversity of ethnic backgrounds, educational and income levels, occupational groups, and geographical areas. The Commission is non-partisan.
