"If we desire a kinder nation, seeing it through the eyes of children is an eminently sensible endeavor: A city that is pro-child, for example, is also a more humane place for adults."

4 Ways to Celebrate Child Abuse Prevention Month (From Prevent Child Abuse Iowa Newsletter)

On April 1, we (PCA-IA) are kicking off a month-long campaign to raise awareness that together we can prevent child abuse. Watch for the blue pinwheel as the symbol of the great childhood all children deserve.

To be successful with our campaign, we need you to stand with us in support of this cause. Here are four ways you can play your part:

- 1. Speak Up!** - On April 1, change your profile picture to the pinwheel and share why you support child abuse prevention with your networks. [Click here](#) to find images and messages you can use on Facebook and Twitter.
- 2. Do a Good Deed** - A compassionate community builds the environment children need to thrive. That's why we are sending pinwheels out into the community with one simple message: Do good deeds for others. Follow the kind actions on Facebook under [#pinwheelsforprevention](#).
- 3. Display Your Support** - Showcase a pinwheel bouquet at your business. E-mail [Andria](#) to request a display.
- 4. Plan an Activity** - Organize a "Blue Out" day or hold a pinwheel coloring contest. [Find ideas and resources here](#).

Each Monday during April, we will send a special newsletter updating you on one action you can take to prevent child abuse that week. Follow us on [Facebook](#) for additional campaign messages. To learn what activities are going on in your community, e-mail [Sarah](#).

With your help this month, we can make more people aware that preventing child abuse is possible and work together to build the compassionate communities children need to reach their full potential!

TEXT4Baby

Has your ECI Area become an outreach partner? Iowa officially became a TEXT4Baby partner in this national initiative that is endorsed by the Centers for Disease Control. Mothers receive three free text messages a week, timed to their due date or their baby's birth date, through pregnancy and up until the baby's first birthday. The messages address topics such as labor signs and symptoms, prenatal care, urgent alerts, developmental milestones, immunizations, nutrition, birth defect prevention, safe sleep, safety, and more.

Local ECI areas and family support programs can become outreach partners for TEXT4Baby. To learn more: <https://www.text4baby.org/index.php/about>

Iowa Family Support Credentialing Program

Family support programs are starting the process of re-credentialing after five years. The program just enrolled three new programs to start the process in the last month. A few programs have delayed enrollment which may cause some problems with their eligibility for ECI funds. There are 28 programs that have indicated that they will be ready for their peer review the spring of 2016. Those programs are being strongly encouraged to work at a faster pace as the Credentialing program does not have the ability to credential that high of number of programs within that short of a timeframe. ECI area directors and boards can encourage the programs they fund to not wait until 2016 to request their peer review as they may not be able to get it completed prior to July 1, 2016. Please contact Janet Horras – janet.horras@idph.iowa.gov if you have questions about the status of a program you are funding. The Credentialing program is funded exclusively with ECI professional development funds. The reduction in MIECHV funds has no impact on this project.
