Independent Accountant's Report on Applying Agreed-Upon Procedures

To the Honorable Mayor and Members of the City Council:

We have performed the procedures enumerated below which were established pursuant to Chapter 11.6 of the Code of Iowa enacted by the Iowa Legislature to provide oversight of certain Iowa cities. Accordingly, we have applied certain tests and procedures to selected accounting records and related information of the City of Sidney for the period July 1, 2016 through June 30, 2017, including procedures related to the City's compliance with certain Code of Iowa requirements identified below. The City of Sidney's management, which agreed to the performance of the procedures performed, is responsible for the City's records.

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards for attestation engagements contained in Government Auditing Standards, issued by the Comptroller General of the United States. The sufficiency of these procedures is solely the responsibility of those parties specified in the report. Consequently, we make no representation regarding the sufficiency of the procedures described below, either for the purpose for which this report has been requested or for any other purpose.

The procedures we performed are summarized as follows:

1. We reviewed selected City Council meeting minutes for compliance with Chapters 21, 372.13(6) and 380 of the Code of Iowa.
2. We reviewed the City's internal controls to determine if proper control procedures are in place and incompatible duties, from a control standpoint, are not performed by the same employee.
3. We reviewed surety bond coverage for compliance with Chapter 64 of the Code of Iowa.
4. We obtained and reviewed the City Clerk's financial reports and selected bank reconciliations to determine whether the bank balances properly reconciled to the general ledger account balances and monthly financial reports provided to the City Council.
5. We reviewed City funds for consistency with the City Finance Committee's recommended Uniform Chart of Accounts (COA) and to determine required funds and fund balances are properly maintained and accurately accounted for.
6. We reviewed the City's fiscal year 2016 Annual Financial Report to determine whether it was completed and accurately reflects the City's financial information.
7. We reviewed investments to determine compliance with Chapter 12B of the Code of Iowa.

8. We reviewed compliance with Chapters 12C.2, 12B.10B and 556.1(12) of the Code of Iowa pertaining to required depository resolutions, investment policy and reporting of unclaimed property to the State of Iowa.
9. We reviewed debt, including general obligation and revenue bonds/notes, and related transactions for proper authorization and compliance with Chapters 75, 384 and 403.9 of the Code of Iowa and to determine whether the debt and related proceeds and repayments were properly accounted for.
10. We reviewed and tested selected receipts for accurate accounting and consistency with the recommended COA.
11. We reviewed and tested selected disbursements for proper approval, adequate supporting documentation, accurate accounting and consistency with the recommended COA and compliance with the public purpose criteria established by Article III, Section 31 of the Constitution of the State of Iowa.
12. We reviewed transfers between funds for propriety, proper authorization and accurate accounting.
13. We reviewed and tested selected payroll and related transactions for propriety, proper authorization and accurate accounting.
14. We reviewed the annual certified budget for proper authorization, certification and timely amendment.

Based on the performance of the procedures described above, we identified various recommendations for the City. Our recommendations are described in the Detailed Recommendations section of this report. Unless reported in the Detailed Recommendations, items of non-compliance were not noted during the performance of the specific procedures listed above.

We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on specific accounting records and related information of the City, including compliance with specific Code of Iowa requirements. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

The purpose of this report is to report, in accordance with Chapter 11.6 of the Code of Iowa, certain agreed-upon procedures and the resulting recommendations pertaining to selected accounting records and related information of the City, including the City's compliance with certain Code of Iowa requirements. This report is not suitable for any other purpose.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of the City of Sidney during the course of our agreed-upon procedures engagement. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

Detailed Recommendations

City of Sidney

Detailed Recommendations

For the period July 1, 2016 through June 30, 2017

(A) Segregation of Duties – One important aspect of internal control is the segregation of duties among employees to prevent an individual employee from handling duties which are incompatible. Generally, one individual has control over each of the following areas for the City:

- (1) Cash – handling, depositing, reconciling and recording.
- (2) Investments – investing, recording and reconciling earnings.
- (3) Receipts – opening mail, collecting, depositing, recording, reconciling and posting.
- (4) Disbursements – purchasing, invoice processing, check writing, mailing, reconciling and recording.
- (5) Payroll – record keeping, preparing and distributing.

Recommendation – We realize segregation of duties is difficult with a limited number of employees. However, the City should review its control procedures to obtain the maximum internal control possible under the circumstances utilizing currently available staff, including elected officials. Independent reviews of reconciliations should be documented by the signature or initials of the reviewer and the date of the review.

(B) Bank Reconciliations – The investment balances in the City’s general ledger were not reconciled to the investment account balances per the bank throughout the year. As a result, bank and book balances did not properly reconcile. Variances were subsequently resolved. In addition, the bank reconciliations are not independently reviewed.

Recommendation – The City should establish procedures to ensure bank and investment account balances are reconciled to the general ledger monthly and variances, if any, are reviewed and resolved timely. In addition, an independent person should review all bank reconciliations and document their review by signing or initialing and dating the reconciliations.

(C) Reconciliation of Utility Billings, Collections and Delinquent Accounts – While the City attempted to reconcile utility billings, collections and delinquent accounts monthly, the beginning balance did not always agree to the prior month’s ending balance. There is no evidence of independent review of the utility reconciliations.

Recommendation – As a part of the reconciliation process, the City should ensure the beginning balance agrees to the prior month’s ending balance. The City Council or other independent person designated by the City Council should review the reconciliations and sign or initial and date them to document the review.

(D) Certified Budget – Disbursements during the year ended June 30, 2017 exceeded the amounts budgeted in the public safety, debt service and capital projects functions. Chapter 384.20 of the Code of Iowa states, in part, “Public monies may not be expended or encumbered except under an annual or continuing appropriation.”

Recommendation – The budget should have been amended in accordance with Chapter 384.18 of the Code of Iowa before disbursements were allowed to exceed the budget.

Detailed Recommendations

For the period July 1, 2016 through June 30, 2017

- (E) Pay Rates – During the first six months of fiscal year 2017 the bi-weekly pay for one salaried employee was below the amount approved by the City Council. This resulted in an underpayment of \$154 for fiscal year June 30, 2017. An independent person does not review payroll to ensure the proper pay rates are being used each pay period.

Recommendation – An independent person should review payroll to ensure the correct wage rates are paid to each employee. The review should be documented by signing or initialing and dating the payroll journal.

- (F) Change Drawer – The City maintains a change drawer at an authorized amount. During our review we noted the change drawer was short \$16.

Recommendation – Procedures should be established to ensure petty cash reconciles to the authorized amount.

- (G) Journal Entries – Certain journal entries were not reviewed and approved by an independent person.

Recommendation – An independent person should review and approve journal entries. Approvals should be documented by signing or initialing and dating the journal entries.

- (H) Monthly City Clerk's Report – The monthly City Clerk's report to the City Council does not include the money market and certificate of deposit activity.

Recommendation – The monthly City Clerk's report to the City Council should include the activity and balances from all bank accounts and investments, not just the primary checking account.

- (I) Financial Condition – At June 30, 2017, the City had deficit balances of \$6,190 and \$2,412 in the General and Special Revenue, Housing Authority Funds, respectively.

Recommendation – The City should investigate alternatives to eliminate these deficits in order to return these funds to a sound financial condition.
