NEWS RELEASE

FOR RELEASE	March 15, 2018	515/281-5834

Auditor of State Mary Mosiman today released an audit report on the Page County Landfill Association.

The Association had total revenues of \$1,312,457 for the year ended June 30, 2017, a 13% increase over the prior year. Revenues included gate fees of \$1,057,757 and recycling fees of \$213,177.

Expenses totaled \$1,371,416 for the year ended June 30, 2017, a 7% increase over the prior year, and included \$346,389 for employee salaries and benefits, \$316,749 for depreciation, and and \$90,750 for recycling fees.

A copy of the audit report is available for review at the Page County Landfill Association, in the Office of Auditor of State and on the Auditor of State's web site at https://auditor.iowa.gov/reports/1714-2310-B00F.

Independent Auditor's Report

To the Members of the Page County Landfill Association:

Report on the Financial Statements

We have audited the accompanying Statement of Net Position, and the related Statements of Revenues, Expenses and Changes in Net Position and Cash Flows, of the Page County Landfill Association as of and for the year ended June 30, 2017, and the related Notes to Financial Statements which collectively comprise the Page County Landfill Association's basic financial statements listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles. This includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Association's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Page County Landfill Association as of June 30, 2017, and the changes in its financial position and its cash flows for the year then ended in accordance with U.S. generally accepted accounting principles.

Other Matters

Required Supplementary Information

U.S. generally accepted accounting principles require Management's Discussion and Analysis, the Schedule of the Association's Proportionate Share of the Net Pension Liability and the Schedule of Association Contributions on pages 7 through 10 and 31 through 34 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board which considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with U.S. generally accepted auditing standards, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with <u>Government Auditing Standards</u>, we have also issued our report dated March 1, 2018 on our consideration of the Page County Landfill Association's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the effectiveness of the Association's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with <u>Government Auditing Standards</u> in considering the Page County Landfill Association's internal control over financial reporting and compliance.

IAR MOSIMAN, CPA Auditor of State

March 1, 2018

MANAGEMENT'S DISCUSSION AND ANALYSIS

The Page County Landfill Association provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities is for the fiscal year ended June 30, 2017. We encourage readers to consider this information in conjunction with the Association's financial statements, which follow.

FINANCIAL HIGHLIGHTS

- The Association's operating revenues increased 13%, or \$149,782, from fiscal year 2016 to fiscal year 2017. The increase was due to an increase in gate and recycling receipts.
- The Association's operating expenses increased 8%, or \$102,774, from fiscal year 2016 to fiscal year 2017. The increase is primarily due to an increase in closure and postclosure care costs.
- The Association's net position decreased 3%, or \$58,959, from the June 30, 2016 balance.

USING THIS ANNUAL REPORT

The Page County Landfill Association is a 28E organization and presents its financial statements using the economic resources measurement focus and the accrual basis of accounting, which is the same measurement focus and basis of accounting employed by private sector business enterprises. This discussion and analysis is intended to serve as an introduction to the Page County Landfill Association's basic financial statements. The annual report consists of a series of financial statements and other information, as follows.

Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the Association's financial activities.

The Statement of Net Position presents information on the Association's assets and deferred outflows of resources less the Association's liabilities and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Association is improving or deteriorating.

The Statement of Revenues, Expenses and Changes in Net Position is the basic statement of activities for proprietary funds. This statement presents information on the Association's operating revenues and expenses, non-operating revenues and expenses and whether the Association's financial position has improved or deteriorated as a result of the year's activities.

The Statement of Cash Flows presents the change in the Association's cash and cash equivalents during the year. This information can assist users of the report in determining how the Association financed its activities and how it met its cash requirements.

Notes to Financial Statements provide additional information essential to a full understanding of the data provided in the financial statements.

Required Supplementary Information further explains and supports the financial statements with the Association's proportionate share of the net pension liability and related contributions.

FINANCIAL ANALYSIS OF THE ASSOCIATION

Statement of Net Position

As noted earlier, net position may serve over time as a useful indicator of the Association's financial position. The Association's net position at the end of fiscal year 2017 totaled \$2,047,747. This compares to \$2,106,706 at the end of fiscal year 2016. A summary of the Association's net position is presented below:

Net Position			
		June 3	30,
		2017	2016
Current assets	\$	742,493	1,328,863
Restricted cash and investments		2,042,937	1,888,565
Capital assets at cost, less accumulated depreciation		2,043,285	1,781,265
Total assets		4,828,715	4,998,693
Deferred outflows of resources		58,907	24,523
Current liabilities		252,115	430,647
Noncurrent liabilities		2,580,210	2,466,958
Total liabilities		2,832,325	2,897,605
Deferred inflows of resources		7,550	18,905
Net position:			
Net investment in capital assets		946,154	1,172,511
Restricted		580,796	691,421
Unrestricted		520,797	242,774
Total net position	\$	2,047,747	2,106,706

The unrestricted portion of the Association's net position (25%) may be used to meet the Association's obligations as they come due. The invested in capital assets portion of net position (46%) (e.g., land, buildings and equipment), less the related debt are resources allocated to capital assets. The remaining net position is restricted for closure and postclosure care and for tonnage fees due to the State of Iowa. State and federal laws and regulations require the Association to place a final cover on the landfill sites and perform certain maintenance and monitoring functions at the landfill sites for a minimum of thirty years after closure.

Statement of Revenues, Expenses and Changes in Net Position

Operating revenues are from gate fees for accepting solid waste and for recycling. Operating expenses are expenses paid to operate the landfill. Non-operating revenues and expenses include interest income, rent and interest expense. The utilization of capital assets is reflected in the financial statements as depreciation, which allocates the cost of an asset over its expected useful life. A summary of revenues, expenses and changes in net position for the years ended June 30, 2017 and 2016 is presented below:

Changes in Net Positi	on			
		Year ended June 30,		
		2017	2016	
Operating revenues:				
Gate fees	\$	1,057,757	964,357	
Recycling		213,177	157,050	
Other operating revenues		1,609	1,354	
Total operating revenues		1,272,543	1,122,761	
Operating expenses:				
Salaries and benefits		346,389	288,949	
Closure and postclosure care		264,997	79,045	
Depreciation		316,749	408,532	
Other operating expenses		423,477	472,312	
Total operating expenses		1,351,612	1,248,838	
Operating loss		(79,069)	(126,077)	
Non-operating revenues (expenses):				
Interest income		23,984	18,475	
Bond issuance cost		-	(5,820)	
Rent		15,930	18,090	
Interest expense		(19,804)	(23,034)	
Net non-operating revenues (expenses)		20,110	7,711	
Change in net position		(58,959)	(118,366)	
Net position beginning of year		2,106,706	2,225,072	
Net position end of year	\$	2,047,747	2,106,706	

The Statement of Revenues, Expenses and Changes in Net Position reflects a decrease in net position at the end of the fiscal year. In fiscal year 2017, operating revenues increased \$149,782, or 13%, as a result of an increase in gate and recycling fees. Gate receipts increased approximately \$93,000 due to an increase of residential disposal of debris in fiscal year 2017 and recycling fees increased \$56,127, due, in part, to the increased rate for cardboard. Operating expenses increased \$102,744, or 8%, due primarily to an increase in closure and postclosure care costs.

Statement of Cash Flows

The Statement of Cash Flows presents information related to cash inflows and outflows, summarized by operating, capital and related financing, investing and non-capital activities. Cash flows from operating activities include gate fees reduced by payments to employees and to suppliers. Cash flows from capital and related financing activities include principal and interest payments on debt and the purchase of capital assets. Cash flows from investing activities include interest received. Cash flows from non-capital activities include rent receipts.

CAPITAL ASSETS

At June 30, 2017, the Association had \$5,815,801 invested in capital assets, net of accumulated depreciation of \$3,772,516. The \$578,769 addition to capital assets was primarily the result of the completion of construction on the Phases IV and V Expansion Project. Depreciation expense totaled \$316,749 for fiscal year 2017. More detailed information about the Association's capital assets is presented in Note 3 to the financial statements.

DEBT ADMINISTRATION

At June 30, 2017, the Association had \$1,133,120 of debt outstanding, a decrease of \$191,056 from the prior year. The table below summarizes outstanding debt by type.

	 June 30,		
	 2017	2016	
General obligation bonds	\$ 1,005,000	1,145,000	
Capital lease purchase agreements	 128,120	179,176	
Total	\$ 1,133,120	1,324,176	

Additional information about the Association's long-term debt is presented in Note 4 to the financial statements.

ECONOMIC FACTORS

The current condition of the economy in the state continues to be a concern for Association officials. Some of the realities that may potentially become challenges for the Association to meet are:

- Facilities and equipment at the Association require constant maintenance and upkeep.
- Technology continues to expand and current technology becomes outdated, presenting an on-going challenge to maintain up to date technology at a reasonable cost.
- Annual deposits required to be made to closure and postclosure care accounts are based on constantly changing cost estimates and the number of tons of solid waste received at the facility.

The Association anticipates the current fiscal year will be much like the last and will maintain a close watch over resources to maintain the Association's ability to react to unknown issues.

CONTACTING THE ASSOCIATION'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, customers and creditors with a general overview of the Association's finances and to show the Association's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Page County Landfill Association, 2032 N Avenue, Clarinda, Iowa 51632-2298.

Statement of Cash Flows

Year ended June 30, 2017

Reconciliation of cash and cash equivalents at year end to specific assets included in the Statement of Net Position:

Current assets:	
Cash	\$ 629,142
Restricted assets:	
Cash	3,030
Cash equivalents and investments	 2,039,907
	2,672,079
Less items not meeting the definition of cash equivalents	 (891,317)
Cash and cash equivalents	\$ 1.780.762

See notes to financial statements.

Notes to Financial Statements

June 30, 2017

(1) Summary of Significant Accounting Policies

The Page County Landfill Association was formed in 1973 pursuant to the provisions of Chapter 28E of the Code of Iowa. The purpose of the Association is to operate the sanitary landfill in Page County for use by all residents of the County.

The Association is composed of one representative from each of the eleven member cities and one representative from Page County. The member cities are: Clarinda, College Springs, Northboro, Coin, Yorktown, Shambaugh, Braddyville, Blanchard, Shenandoah, Essex and Hepburn. The representative of a city is appointed by the political subdivision to be represented. Each member shall be entitled to one vote for each 1,500 people, or fraction thereof, as determined by the most recent Federal Census.

The Association's financial statements are prepared in conformity with U.S. generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board.

A. Reporting Entity

For financial reporting purposes, the Page County Landfill Association has included all funds, organizations, agencies, boards, commissions and authorities. The Association has also considered all potential component units for which it is financially accountable and other organizations for which the nature and significance of their relationship with the Association are such that exclusion would cause the Association's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the Association to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the Association. The Page County Landfill Association has no component units which meet the Governmental Accounting Standards Board criteria.

B. Basis of Presentation

The accounts of the Association are organized as an Enterprise Fund. Enterprise Funds are utilized to finance and account for the acquisition, operation and maintenance of governmental facilities and services supported by user charges.

Enterprise Funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with an Enterprise Fund's principal ongoing operations. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The Statement of Net Position presents the Page County Landfill Association's nonfiduciary assets, deferred outflows of resources, liabilities and deferred inflows of resources, with the difference reported as net position. Net position is reported in the following categories.

Net investment in capital assets consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes and other debt attributable to the acquisition, construction or improvement of those assets.

Restricted net position results when constraints placed on net position use are either externally imposed or are imposed by law through constitutional provisions or enabling legislation. Enabling legislation did not result in any restricted net position.

Unrestricted net position consists of net position not meeting the definition of the preceding categories. Unrestricted net position is often subject to constraints imposed by management which can be removed or modified.

C. <u>Measurement Focus and Basis of Accounting</u>

The financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The Association distinguishes operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the Association's principal ongoing operations. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

D. <u>Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position</u>

The following accounting policies are followed in preparing the Statement of Net Position.

<u>Cash, Cash Equivalents and Investments</u> – The Association considers all short-term investments that are highly liquid to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash and, at the day of purchase, have a maturity date no longer than three months. Cash equivalents of the Association include money market accounts. Cash investments not meeting the definition of cash equivalents at June 30, 2017 include non-negotiable certificates of deposit of \$891,317.

<u>Restricted Cash and Investments</u> – Funds set aside for payment of recycling and closure and postclosure care are classified as restricted.

<u>Capital Assets</u> – Capital assets are accounted for at historical cost. Depreciation of all exhaustible capital assets is charged as an expense against operations. The cost of repair and maintenance is charged to expense, while the cost of renewals or substantial betterments is capitalized. The cost and accumulated depreciation of assets disposed of are deleted, with any gain or loss recorded in current operations.

Reportable capital assets are defined by the Association as assets with initial, individual costs in excess of the following thresholds and estimated useful lives in excess of two years.

Asset Class	Amount
Buildings and improvements	\$ 25,000
Equipment	500

Capital assets of the Association are depreciated using the straight line method over the following estimated useful lives:

	Estimated
	Useful Lives
Asset Class	(In Years)
Buildings and improvements	10 - 20
Equipment	5 - 10

Interest is capitalized on qualified assets acquired with certain tax-exempt debt. The amount of interest to be capitalized is calculated by offsetting interest expense incurred from the date of the borrowing until completion of the project with interest earned on invested proceeds over the same period. There were no qualifying assets acquired during the year ended June 30, 2017.

<u>Deferred Outflows of Resources</u> – Deferred outflows of resources represent a consumption of net position applicable to a future year(s) which will not be recognized as an outflow of resources (expense/expenditure) until then. Deferred outflows of resources consist of unrecognized items not yet charged to pension expense, contributions from the Association after the measurement date but before the end of the Association's reporting period and the unamortized portion of the net difference between projected and actual earnings on pension plan investments.

<u>Compensated Absences</u> – Association employees accumulate a limited amount of earned but unused vacation, sick leave and compensatory time hours for subsequent use or for payment upon termination, death or retirement. The Association's liability for compensated absences has been computed based on rates of pay in effect at June 30, 2017.

<u>Pensions</u> – For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of the Iowa Public Employees' Retirement System (IPERS) and additions to/deductions from IPERS' fiduciary net position have been determined on the same basis as they are reported by IPERS. For this purpose, benefit payments, including refunds of employee contributions, are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

<u>Deferred Inflows of Resources</u> – Deferred inflows of resources represent an acquisition of net position applicable to a future year(s) which will not be recognized as an inflow of resources (revenue) until that time.

(2) Cash, Cash Equivalents and Investments

The Association's deposits in banks at June 30, 2017 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against depositories to ensure there will be no loss of public funds.

The Association is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Association; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

The Association had no investments meeting the disclosure requirements of Governmental Accounting Standards Board Statement No. 72.

(3) Capital Assets

A summary of capital assets activity for the year ended June 30, 2017 is as follows:

	Balance Beginning of Year Increases Decreas			Decreases	Balance End of Year

Total accumulated depreciation Total capital assets being depreciated, net Total capital assets, net	\$	3,455,767 1,307,758 1,781,265	316,749 428,380 940,624	678,604	3,772,516 1,736,138 2,043,285

Equipment costing \$309,755 was purchased under a capital lease purchase agreement. Accumulated depreciation on this asset totals \$114,239, including \$44,250 of depreciation for the year ended June 30, 2017.

(4) Long-Term Liabilities

A summary of changes in long-term liabilities for the year ended June 30, 2017 is as follows:

			Capital			
		General	Lease		Net	
	(Obligation	Purchase	Compensated	Pension	
	No	otes/Bonds	Agreement	Absenses	Liability	Total
Balance beginning						
of year	\$	1,145,000	179,176	18,252	136,694	1,479,122
Increases		-	-	5,547	45,446	50,993
Decreases		140,000	51,056	14,826	-	205,882
Balance end of year	\$	1,005,000	128,120	8,973	182,140	1,324,233
Due within one year	\$	145,000	52,191	8,973	-	206,164

General Obligation Solid Waste Management and Refunding Bonds

In November 2015, Page County entered into a loan agreement for the issuance of \$1,205,000 of general obligation solid waste management and refunding bonds to pay costs of expanding and upgrading the Page County landfill and to refund the notes entered into in January 2007. In a verbal agreement with the County, the Association agreed to repay the County for the bonds, including interest, as the payments come due and payable by the County.

Annual debt service requirements to maturity for general obligation capital loan notes are as follows:

Year ending	Interest			
June 30,	Rates	Principal	Interest	Total
2018	0.90%	\$ 145,000	14,912	159,912
2019	1.10	150,000	13,608	163,608
2020	1.30	150,000	11,958	161,958
2021	1.50	155,000	10,008	165,008
2022	1.75	155,000	7,683	162,683
2023-2025	1.75-2.10	250,000	10,325	260,325
Total		\$ 1,005,000	68,494	1,073,494

The Association paid \$140,000 of principal, \$15,962 of interest and \$500 of note registrar fees on the general obligation capital loan notes during the year ended June 30, 2017. The Association had unspent bond proceeds of \$35,989 at June 30, 2017 which will be expended for expanding and upgrading the Page County Landfill.

Capital Lease Purchase Agreement

On November 31, 2014, the Association entered into a capital lease purchase agreement to lease a truck loader. The agreement is for a period of 5 years at an interest rate of 2.20% per annum and expires in fiscal year 2020. As part of the agreement the Association traded a crawler loader with an original purchase date of October 7, 2011.

The following is a schedule by year of future minimum lease payments and the present value of net minimum lease payments for the agreement:

Year ending		Track
June 30,		Loader
2018	\$	54,485
2019		54,485
2020		22,703
Total minimum lease payments	\$	131,674
Less amount representing interest	_	(3,553)
Principal value of net		
minimum lease payments	\$	128,120

During the year ended June 30, 2017, the Association paid principal of \$51,056 and interest of \$3,429 on the agreement.

(5) Pension Plan

<u>Plan Description</u> – IPERS membership is mandatory for employees of the Association, except for those covered by another retirement system. Employees of the Association are provided with pensions through a cost-sharing multiple employer defined benefit pension plan administered by the Iowa Public Employees' Retirement System (IPERS). IPERS issues a stand-alone financial report which is available to the public by mail at 7401 Register Drive, PO Box 9117, Des Moines, Iowa 50306-9117 or at www.ipers.org.

IPERS benefits are established under Iowa Code Chapter 97B and the administrative rules thereunder. Chapter 97B and the administrative rules are the official plan documents. The following brief description is provided for general informational purposes only. Refer to the plan documents for more information.

<u>Pension Benefits</u> – A Regular member may retire at normal retirement age and receive monthly benefits without an early-retirement reduction. Normal retirement age is age 65, any time after reaching age 62 with 20 or more years of covered employment or when the member's years of service plus the member's age at the last birthday equals or exceeds 88, whichever comes first. These qualifications must be met on the member's first month of entitlement to benefits. Members cannot begin receiving retirement benefits before age 55. The formula used to calculate a Regular member's monthly IPERS benefit includes:

- A multiplier based on years of service.
- The member's highest five-year average salary, except members with service before June 30, 2012 will use the highest three-year average salary as of that date if it is greater than the highest five-year average salary.

If a member retires before normal retirement age, the member's monthly retirement benefit will be permanently reduced by an early-retirement reduction. The early-retirement reduction is calculated differently for service earned before and after July 1, 2012. For service earned before July 1, 2012, the reduction is 0.25% for each month the member receives benefits before the member's earliest normal retirement age. For service earned on or after July 1, 2012, the reduction is 0.50% for each month the member receives benefits before age 65.

Generally, once a member selects a benefit option, a monthly benefit is calculated and remains the same for the rest of the member's lifetime. However, to combat the effects of inflation, retirees who began receiving benefits prior to July 1990 receive a guaranteed dividend with their regular November benefit payments.

<u>Disability and Death Benefits</u> – A vested member who is awarded federal Social Security disability or Railroad Retirement disability benefits is eligible to claim IPERS benefits regardless of age. Disability benefits are not reduced for early retirement. If a member dies before retirement, the member's beneficiary will receive a lifetime annuity or a lump-sum payment equal to the present actuarial value of the member's accrued benefit or calculated with a set formula, whichever is greater. When a member dies after retirement, death benefits depend on the benefit option the member selected at retirement.

<u>Contributions</u> – Contribution rates are established by IPERS following the annual actuarial valuation which applies IPERS' Contribution Rate Funding Policy and Actuarial Amortization Method. State statute limits the amount rates can increase or decrease each year to 1 percentage point. IPERS Contribution Rate Funding Policy requires the actuarial contribution rate be determined using the "entry age normal" actuarial cost method and the actuarial assumptions and methods approved by the IPERS Investment Board. The actuarial contribution rate covers normal cost plus the unfunded actuarial liability payment based on a 30-year amortization period. The payment to amortize the unfunded actuarial liability is determined as a level percentage of payroll based on the Actuarial Amortization Method adopted by the Investment Board.

In fiscal year 2017, pursuant to the required rate, Regular members contributed 5.95% of covered payroll and the Association contributed 8.93% of covered payroll for a total rate of 14.88%.

The Association's contributions to IPERS for the year ended June 30, 2017 totaled \$21,526.

Net Pension Liability, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – At June 30, 2017, the Association's liability for its proportionate share of the net pension liability totaled \$182,140 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2016 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Association's proportion of the net pension liability was based on the Association's share of contributions to IPERS relative to the contributions of all IPERS participating employers. At June 30, 2016, the Association's proportion was 0.002894%, which was an increase of 0.000127% over its proportion measured as of June 30, 2015.

For the year ended June 30, 2017, the Association recognized pension expense of \$21,233. At June 30, 2017, the Association reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources		Deferred Inflows	
			of Resources	
Differences between expected and				
actual experience	\$	1,610	2,174	
Changes of assumptions		2,779		
Net difference between projected and actual				
earnings on pension plan investments		25,949		
Changes in proportion and differences between the				
Association's contributions and its proportionate				
share of contributions		7,043	5,376	
Association contributions subsequent to the				
measurement date		21,526		
Total	\$	58,907	7,550	

\$21,526 reported as deferred outflows of resources related to pensions resulting from the Association contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending	
June 30,	Amount
2018	\$ 2,988
2019	2,988
2020	14,367
2021	9,127
2022	 361
Total	\$ 29,831

There were no non-employer contributing entities to IPERS.

<u>Actuarial Assumptions</u> – The total pension liability in the June 30, 2016 actuarial valuation was determined using the following actuarial assumptions applied to all periods included in the measurement:

Rate of inflation
(effective June 30, 2014)
Rates of salary increase
(effective June 30, 2010)
Long-term investment rate of return
(effective June 30, 1996)
Wage growth
(effective June 30, 1990)

3.00% per annum.

4.00 to 17.00% average, including inflation.
Rates vary by membership group.

7.50% compounded annually, net of investment expense, including inflation.

4.00% per annum, based on 3.00% inflation and 1.00% real wage inflation.

The actuarial assumptions used in the June 30, 2016 valuation were based on the results of actuarial experience studies with dates corresponding to those listed above.

Mortality rates were based on the RP-2000 Mortality Table for Males or Females, as appropriate, with adjustments for mortality improvements based on Scale AA.

The long-term expected rate of return on IPERS investments was determined using a building-block method in which best-estimate ranges of expected future real rates (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Asset Allocation	Long-Term Expected Real Rate of Return
Core plus fixed income	28%	1.90%
Domestic equity	24	5.85
International equity	16	6.32
Private equity/debt	11	10.31
Real estate	8	3.87
Credit opportunities	5	4.48
U.S. TIPS	5	1.36
Other real assets	2	6.42
Cash	1	(0.26)
Total	100%	

<u>Discount Rate</u> – The discount rate used to measure the total pension liability was 7.50%. The projection of cash flows used to determine the discount rate assumed employee contributions will be made at the contractually required rate and contributions from the Association will be made at contractually required rates, actuarially determined. Based on those assumptions, IPERS' fiduciary net position was projected to be available to make all projected future benefit payments to current active and inactive employees. Therefore, the long-term expected rate of return on IPERS' investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Association's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate – The following presents the Association's proportionate share of the net pension liability calculated using the discount rate of 7.50%, as well as what the Association's proportionate share of the net pension liability would be if it were calculated using a discount rate 1% lower (6.50%) or 1% higher (8.50%) than the current rate.

		1%	Discount	1%
	Ι	Decrease	Rate	Increase
	(6.50%)		(7.50%)	(8.50%)
Association's proportionate share of				
the net pension liability	\$	294,677	182,140	87,156

<u>IPERS' Fiduciary Net Position</u> – Detailed information about the IPERS' fiduciary net position is available in the separately issued IPERS financial report which is available on IPERS' website at www.ipers.org.

<u>Payables to IPERS</u> – At June 30, 2017, the Association reported payables to IPERS of \$1,462 for legally required Association contributions and \$974 for legally required employee contributions withheld from employee wages which had not yet been remitted to IPERS.

(6) Closure and Postclosure Care

To comply with federal and state regulations, the Association is required to complete a monitoring system plan and a closure/postclosure care plan and to provide funding necessary to effect closure and postclosure care, including the proper monitoring and care of the landfill after closure. Environmental Protection Agency (EPA) requirements have established closure and thirty-year postclosure care requirements for all municipal solid waste landfills that receive waste after October 9, 1993. State governments are primarily responsible for implementation and enforcement of those requirements and have been given flexibility to tailor requirements to accommodate local conditions that exist. The effect of the EPA requirement is to commit landfill owners to perform certain closing functions and postclosure monitoring functions as a condition for the right to operate the landfill in the current period. The EPA requirements provide that when a landfill stops accepting waste, it must be covered with a minimum of twenty-four inches of earth to keep liquid away from the buried waste. Once the landfill is closed, the owner is responsible for maintaining the final cover, monitoring ground water and methane gas, and collecting and treating leachate (the liquid that drains out of waste) for thirty years.

Governmental Accounting Standards Board Statement No. 18 requires landfill owners to estimate total landfill closure and postclosure care costs and recognize a portion of these costs each year based on the percentage of estimated total landfill capacity used that period. Estimated total cost consists of four components: (1) the cost of equipment and facilities used in postclosure monitoring and care, (2) the cost of final cover (material and labor), (3) the cost of monitoring the landfill during the postclosure period and (4) the cost of any environmental cleanup required after closure. Estimated total cost is based on the cost to purchase those services and equipment currently and is required to be updated annually for changes due to inflation or deflation, technology or applicable laws or regulations.

These costs for the Association have been estimated at \$1,762,463 for closure and \$1,096,050 for postclosure care, for a total of \$2,858,513 as of June 30, 2017, and the portion of the liability that has been recognized is \$1,462,141. These amounts are based on what it would cost to perform all closure and postclosure care during the year ended June 30, 2017. Actual costs may be higher due to inflation, changes in technology or changes in regulations. The Landfill has used 74% of its capacity at June 30, 2017.

Chapter 455B.306(9)(b) of the Code of Iowa requires permit holders of municipal solid waste landfills to maintain separate closure and postclosure care accounts to accumulate resources for the payment of closure and postclosure care costs. The Association has begun accumulating resources to fund these costs and, at June 30, 2017, assets of \$2,039,907 are restricted for these purposes. They are reported as restricted cash equivalents and investments in the Statement of Net Position.

Also, pursuant to Chapter 567-113.14(8) of the Iowa Administrative Code (IAC), since the estimated closure and postclosure care costs are not fully funded, the Association is required to demonstrate financial assurance for the unfunded costs. The Association has adopted the dedicated fund financial assurance mechanism. Under this mechanism, the Association must certify the following to the Iowa Department of Natural Resources:

- The fund is dedicated by local government statute as a reserve fund.
- Payments into the fund are made annually over a pay-in period of ten years or the permitted life of the landfill, whichever is shorter.
- Annual deposits to the fund are determined by the following formula:

$$NP = \frac{CE - CB}{Y}$$

NP = next payment

CE = total required financial assurance

CB = current balance of the fund

Y = number years remaining in the pay-in period

Chapter 567-113.14(8) of the IAC allows the Association to choose the dedicated fund mechanism to demonstrate financial assurance and use the accounts established to satisfy the closure and postclosure care account requirements. Accordingly, the Association is not required to establish closure and postclosure care accounts in addition to the accounts established to comply with the dedicated fund financial assurance mechanism.

For the year ended June 30, 2017, the investments restricted for closure and postclosure care were \$15,714 less than the amount needed to provide adequate financial assurance based on the estimated closure and postclosure care costs.

(7) Solid Waste Tonnage Fees Retained

The Association has established an account for restricting and using solid waste tonnage fees retained by the Association in accordance with Chapter 455B.310 of the Code of Iowa.

At June 30, 2017, the unspent amounts retained by the Association and restricted for the required purposes totaled \$3,030.

(8) Risk Management

The Association is a member of the Iowa Communities Assurance Pool, as allowed by Chapter 670.7 of the Code of Iowa. The Iowa Communities Assurance Pool (Pool) is a local government risk-sharing pool whose 753 members include various governmental entities throughout the State of Iowa. The Pool was formed in August 1986 for the purpose of managing and funding third-party liability claims against its members. The Pool provides coverage and protection in the following categories: general liability, automobile liability, automobile physical damage, public officials liability, police professional liability, property, inland marine and boiler/machinery. There have been no reductions in insurance coverage from prior years.

Each member's annual casualty contributions to the Pool fund current operations and provide capital. Annual casualty operating contributions are those amounts necessary to fund, on a cash basis, the Pool's general and administrative expenses, claims, claims expenses and reinsurance expenses estimated for the fiscal year, plus all or any portion of any deficiency in capital. Capital contributions are made during the first six years of membership and are maintained at a level determined by the Board not to exceed 300% of basis rate.

The Pool also provides property coverage. Members who elect such coverage make annual operating contributions which are necessary to fund, on a cash basis, the Pool's general and administrative expenses and reinsurance premiums, losses and loss expenses for property risks estimated for the fiscal year, plus all or any portion of any deficiency in capital. Any year-end operating surplus is transferred to capital. Deficiencies in operations are offset by transfers from capital and, if insufficient, by the subsequent year's member contribution.

The Association's property and casualty contributions to the Pool are recorded as disbursements from its operating funds at the time of payment to the Pool. The Association's contribution to the Pool for the year ended June 30, 2017 was \$26,229.

The Pool uses reinsurance and excess risk-sharing agreements to reduce its exposure to large losses. The Pool retains general, automobile, police professional, and public officials' liability risks up to \$500,000 per claim. Claims exceeding \$500,000 are reinsured through reinsurance and excess risk-sharing agreements up to the amount of risk-sharing protection provided by the Association's risk-sharing certificate. Property and automobile physical damage risks are retained by the Pool up to \$250,000 each occurrence, each location. Property risks exceeding \$250,000 are reinsured through reinsurance and excess risk-sharing agreements up to the amount of risk-sharing protection provided by the Association's risk-sharing certificate.

The Pool's intergovernmental contract with its members provides that in the event a casualty claim, property loss or series of claims or losses exceeds the amount of risk-sharing protection provided by the member's risk-sharing certificate, or in the event a casualty claim, property loss or series of claims or losses exhausts the Pool's funds and any excess risk-sharing recoveries, then payment of such claims or losses shall be the obligation of the respective individual member against whom the claim was made or the loss was incurred.

The Association does not report a liability for losses in excess of reinsurance or excess risk-sharing recoveries unless it is deemed probable such losses have occurred and the amount of such loss can be reasonably estimated. Accordingly, at June 30, 2017, no liability has been recorded in the Association's financial statements. As of June 30, 2017, settled claims have not exceeded the risk pool or reinsurance coverage since the Pool's inception.

Members agree to continue membership in the Pool for a period of not less than one full year. After such period, a member who has given 60 days' prior written notice may withdraw from the Pool. Upon withdrawal, payments for all casualty claims and claims expenses become the sole responsibility of the withdrawing member, regardless of whether a claim was incurred or reported prior to the member's withdrawal. Upon withdrawal, a formula set forth in the Pool's intergovernmental contract with its members is applied to determine the amount (if any) to be refunded to the withdrawing member.

The Association also carries commercial insurance purchased from other insurers for coverage associated with workers compensation and employee blanket bond in the amount of \$1,000,000 and \$50,000, respectively. The Association assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

(9) Prospective Accounting Change

The Governmental Accounting Standards Board has issued Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions. This statement will be implemented for the fiscal year ending June 30, 2018. The revised requirements establish new financial reporting requirements for state and local governments which provide their employees with postemployment benefits other than pensions, including additional note disclosures and required supplementary information. In addition, the Statement of Net Position is expected to include a liability for the Association's other postemployment benefits.

Schedule of the Association's Proportionate Share of the Net Pension Liability

Iowa Public Employees' Retirement System For the Last Three Years*

Required Supplementary Information

	 2017	2016	2015
Association's proportion of the net pension liability	0.002894%	0.002767%	0.002856%
Association's proportionate share of the net pension liability	\$ 182,140	136,694	113,256
Association's covered-employee payroll	\$ 209,338	189,551	186,865
Association's proportionate share of the net pension liability as a percentage of its covered-employee payroll	87.01%	72.11%	60.61%
IPERS' net position as a percentage of the total pension liability	81.82%	85.19%	87.61%

^{*} In accordance with GASB Statement No. 68, the amounts presented for each fiscal year were determined as of June 30 of the preceding fiscal year.

See accompanying independent auditor's report.

6.05%	6.35%	6.65%	6.95%	8.07%	8.67%

Notes to Other Information - Pension Liability

Year ended June 30, 2017

Changes of benefit terms:

Legislation enacted in 2010 modified benefit terms for Regular members. The definition of final average salary changed from the highest three to the highest five years of covered wages. The vesting requirement changed from four years of service to seven years. The early retirement reduction increased from 3% per year measured from the member's first unreduced retirement age to a 6% reduction for each year of retirement before age 65.

Legislative action in 2008 transferred four groups – emergency medical service providers, county jailers, county attorney investigators, and National Guard installation security officers – from Regular membership to the protection occupation group for future service only.

Changes of assumptions:

The 2014 valuation implemented the following refinements as a result of a quadrennial experience study:

- Decreased the inflation assumption from 3.25% to 3.00%.
- Decreased the assumed rate of interest on member accounts from 4.00% to 3.75% per year.
- Adjusted male mortality rates for retirees in the Regular membership group.
- Moved from an open 30-year amortization period to a closed 30-year amortization period for the UAL (unfunded actuarial liability) beginning June 30, 2014. Each year thereafter, changes in the UAL from plan experience will be amortized on a separate closed 20-year period.

The 2010 valuation implemented the following refinements as a result of a quadrennial experience study:

- Adjusted retiree mortality assumptions.
- Modified retirement rates to reflect fewer retirements.
- Lowered disability rates at most ages.
- Lowered employment termination rates.
- Generally increased the probability of terminating members receiving a deferred retirement benefit.
- Modified salary increase assumptions based on various service duration.

Independent Auditor's Report on Internal Control
over Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in Accordance with
Government Auditing Standards

To the Members of the Page County Landfill Association:

We have audited in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States, the financial statements of the Page County Landfill Association as of and for the year ended June 30, 2017, and the related Notes to Financial Statements, and have issued our report thereon dated March 1, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Page County Landfill Association's internal control over financial reporting to determine the audit procedures appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Page County Landfill Association's internal control. Accordingly, we do not express an opinion on the effectiveness of the Page County Landfill Association's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility a material misstatement of the Page County Landfill Association's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that have not been identified. We identified certain deficiencies in internal control, described in the accompanying Schedule of Findings as items (A) and (B), we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Page County Landfill Association's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters required to be reported under Government Auditing Standards. However, we noted an immaterial instance of non-compliance or other matters which is described in the accompanying Schedule of Findings.

Comments involving statutory and other legal matters about the Association's operations for the year ended June 30, 2017 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the Association. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

The Page County Landfill Association's Responses to the Findings

The Page County Landfill Association's responses to the findings identified in our audit are described in the accompanying Schedule of Findings. The Page County Landfill Association's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing and not to provide an opinion on the effectiveness of the Association's internal control or on compliance. This report is an integral part of an audit performed in accordance with <u>Government Auditing Standards</u> in considering the Association's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of the Page County Landfill Association during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

> MARY MOSIMAN, CPA Auditor of State

March 1, 2018

Schedule of Findings

Year ended June 30, 2017

Findings Related to the Financial Statements:

INTERNAL CONTROL DEFICIENCIES:

(A) Segregation of Duties

<u>Criteria</u> – Management is responsible for establishing and maintaining internal control. A good system of internal control provides for adequate segregation of duties so no one individual handles a transaction from its inception to completion. In order to maintain proper internal control, duties should be segregated so the authorization, custody and recording of transactions are not under the control of the same employee. This segregation of duties helps prevent losses from employee error or dishonesty and maximizes the accuracy of the Association's financial statements.

<u>Condition</u> – Customer billings, collections, depositing and posting to customer accounts are all done by the same person.

<u>Cause</u> – The Association has a limited number of employees and procedures have not been designed to adequately segregate duties or provide compensating controls through additional oversight of transactions and processes.

<u>Effect</u> – Inadequate segregation of duties could adversely affect the Association's ability to prevent or detect and correct misstatements, errors or misappropriation on a timely basis by employees in the normal course of performing their assigned functions.

<u>Recommendation</u> – We realize segregation of duties is difficult with a limited number of employees. However, the Association should review its operating procedures to obtain the maximum internal control possible under the circumstances utilizing current staff, including Board Members, to provide additional control through reviews of financial transactions, reconciliations and reports. The reviews should be documented by the signature or initials of the reviewer and the date of the review.

<u>Response</u> – Being a small facility with limited personnel it is difficult to segregate some duties. The Manager will go over all financial transactions and initial them.

<u>Conclusion</u> – Response acknowledged. To the extent possible, the Association should include Board Members in the review of financial transactions.

(B) Disbursements

<u>Criteria</u> – Two people are required to sign all checks upon receipt and review of supporting evidence.

Condition - Checks are countersigned in advance

<u>Cause</u> – The Association does not prohibit the signing of checks in advance of the receipt and review of supporting documentation.

<u>Effect</u> – The person signing the checks in advance of the receipt and review of supporting documentation is unable to attest to the propriety of the expenditure.

Schedule of Findings

Year ended June 30, 2017

Recommendation – Checks should only be signed and countersigned when the completed check and appropriate supporting documentation are available for review. Prior to signing, the checks and supporting documentation should be reviewed for propriety.

<u>Response</u> – All checks require two signatures and the Association's Board approves all bills.

<u>Conclusion</u> – Response acknowledged. The checks and supporting documentation should be reviewed for propriety prior to signing.

INSTANCES OF NON-COMPLIANCE:

No matters were noted.

Schedule of Findings

Year ended June 30, 2017

Other Findings Related to Required Statutory Reporting:

- (1) <u>Questionable Expenses</u> No expenses we believe may not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979 were noted.
- (2) <u>Travel Expenses</u> No expenditures of Association money for travel expenses of spouses of Association officials or employees were noted.
- (3) <u>Association Minutes</u> No transactions were found that we believe should have been approved in the Association minutes but were not.
- (4) <u>Deposits and Investments</u> No instances of non-compliance with the deposit and investment provisions of Chapter 12B and Chapter 12C of the Code of Iowa and the Association's investment policy were noted.
- (5) <u>Solid Waste Tonnage Fees Retained</u> No instances of non-compliance with the solid waste tonnage fees used or retained in accordance with provisions of Chapter 455B.310 of the Code of Iowa were noted.
- (6) <u>Financial Assurance</u> The Association is providing financial assurance for closure and postclosure care by establishing a local government dedicated fund as provided in Chapter 567-113.14(6) of the Iowa Administrative Code. The calculation is made as follows:

	 Total	Phase 1	Phase 2	Phase 3	Phase 4 & 5
Total estimated costs for closure and postclosure care	\$ 2,858,513	1,052,259	509,915	467,614	828,725
Less: Balance of funds held in the local dedicated fund at June 30, 2016	 1,886,346	694,364	336,524	308,606	546,852
Funds to be provided	\$ 972,167	357,895	173,391	159,008	281,873
Divided by the number of years remaining in the pay-in period	÷	4	6	7	10
Required payment into the local dedicated fund for the year ended June 30, 2017	\$ 169,275	89,474	28,899	22,715	28,187
Balance of funds held in the local dedicated fund at June 30, 2016	 1,886,346				
Required balance of funds to be held in the local dedicated fund at June 30, 2017	\$ 2,055,621				
Amount Association has restricted for closure and postclosure care at June 30, 2017	\$ 2,039,907				

Iowa Department of Natural Resources rules and regulations require deposits into the closure and postclosure accounts be made annually and the deposits shall be made within 30 days of the close of each fiscal year. Although a deposit was made for the fiscal year, the Association was underfunded by 15,714 or 0.76% for the fiscal year.

The Association investments restricted for closure and postclosure care during the year were below the amount needed to provide adequate financial assurance based on the estimated closure and postclosure care costs.

Schedule of Findings

Year ended June 30, 2017

<u>Recommendation</u> – The Association should provide sufficient amounts for financial assurance for closure and postclosure care as required by the Iowa Administrative Code.

<u>Response</u> – A deposit was made on February 6, 2018 for \$15,714 into the Money Market account tagged for Closure and Post-Closure expense.

<u>Conclusion</u> – Response acknowledged.
