NEWS RELEASE

FOR RELEASE

March 19, 2018

Contact: Andy Nielsen
515/281-5834

Auditor of State Mary Mosiman today released an audit report on the Heart of Iowa Regional Transit Agency for the year ended June 30, 2017.

The Heart of Iowa Regional Transit Agency is an intergovernmental agency established to provide and to promote public transportation in Boone, Dallas, Jasper, Madison, Marion, Story and Warren Counties.

The Agency had revenues of \$5,004,054 for the year ended June 30, 2017, a 9.33% decrease from the prior year. Revenues included \$949,954 from federal sources, \$762,979 from state sources, \$889,163 from local sources and miscellaneous revenues totaling \$2,401,958.

Expenses for the year ended June 30, 2017 totaled \$4,965,733, a 9.39% decrease from the prior year. Expenses included \$1,871,234 for salaries and benefits, \$937,836 for financial assistance to local transit sub-contractors and \$802,259 for vehicle maintenance.

A copy of the audit report is available for review in the Office of Auditor of State and on the Auditor of State's web site at <https://auditor.iowa.gov/reports/1714-2402-B00F>.

Independent Auditor's Report

To the Board Members of the Heart of Iowa Regional Transit Agency:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and the major fund of the Heart of Iowa Regional Transit Agency as of and for the year ended June 30, 2017, and the related Notes to Financial Statements, which collectively comprise the Agency's financial statements listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles. This includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Agency's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major fund of the Heart of Iowa Regional Transit Agency as of June 30, 2017, and the respective changes in its financial position for the year then ended in accordance with U.S. generally accepted accounting principles.

Other Matters

Required Supplementary Information

U.S. generally accepted accounting principles require Management's Discussion and Analysis and the Budgetary Comparison Information on pages 9 through 12 and 28 through 34 be presented to supplement the financial statements. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board which considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with U.S. generally accepted auditing standards, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Heart of Iowa Regional Transit Agency's financial statements. The supplementary information included in Schedule 1, the Schedule of Expenditures of Federal Awards required by U.S. Office of Management and budget Title 2, U.S. Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance), is presented for purposes of additional analysis and is not a required part of the financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the supplementary information is fairly stated in all material respects in relation to the financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated March 8, 2018 on our consideration of the Heart of Iowa Regional Transit Agency's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the effectiveness of the Agency's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Heart of Iowa Regional Transit Agency's internal control over financial reporting and compliance.

MARY MOSIMAN, CPA
Auditor of State

Heart of Iowa Regional Transit Agency

MANAGEMENT’S DISCUSSION AND ANALYSIS

This discussion and analysis of the Heart of Iowa Regional Transit Agency (Agency) provides an overview of the Agency’s financial activities for the fiscal year ended June 30, 2017 and is provided for consideration in conjunction with the Agency’s financial statements, which follow.

2017 FINANCIAL HIGHLIGHTS

- The Agency received approximately \$1,713,000 during the fiscal year from a combination of federal and state grants, a decrease of 14.31%, or approximately \$286,000, compared to the previous fiscal year. The decrease is due primarily to receiving less federal funding for vehicle purchases in fiscal year 2017.
- Expenses decreased 9.4%, or approximately \$514,400, from the prior fiscal year due to a decrease in rent and insurance, vehicle maintenance and local matching services.
- The Agency’s net position at June 30, 2017 increased 3.4%, or approximately \$78,400, from June 30, 2016 to June 30, 2017.

USING THIS ANNUAL REPORT

The annual report consists of a series of financial statements and other information, as follows:

Management’s Discussion and Analysis introduces the financial statements and provides an analytical overview of the Agency’s financial activities.

The Entity-wide Financial Statements consist of a Statement of Net Position and a Statement of Activities. These provide information about the activities of the Agency as a whole and present an overall view of the Agency’s finances.

The Fund Financial Statements tell how governmental services were financed in the short term as well as what remains for future spending.

Notes to Financial Statements provide additional information essential to a full understanding of the data provided in the entity-wide financial statements.

Required Supplementary Information further explains and supports the financial statements with a comparison of the Agency’s budget for the year, the Agency’s proportionate share of the net pension liability and related contributions.

Supplementary Information includes the Schedule of Expenditures of Federal Awards, which provides details of various federal programs benefiting the Agency.

REPORTING THE AGENCY’S FINANCIAL ACTIVITIES

Entity-wide Financial Statements

One of the most important questions asked about the Agency’s finances is, “Is the Agency as a whole better off or worse off as a result of the year’s activities?” The Statement of Net Position and the Statement of Activities report information about the Agency as a whole and about its activities in a way that helps answer this question. These statements include all assets, deferred outflows of resources, liabilities and deferred inflows of resources using the accrual basis of accounting and the economic resources measurement focus, which is similar to the accounting used by most private-sector companies. All of the current year’s revenues and expenses are taken into account regardless of when cash is received or paid.

The Statement of Net Position presents financial information on all of the Agency’s assets, deferred outflows of resources, liabilities and deferred inflows of resources with the difference reported as net position. Over time, increases or decreases in the Agency’s net position may serve as a useful indicator of whether the financial position of the Agency is improving or deteriorating.

The Statement of Activities presents information showing how the Agency’s net position changed during the most recent fiscal year. All changes in net position are reported as soon as the event or change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will not result in cash flows until future fiscal years.

The Agency’s governmental activities are presented in the Statement of Net Position and the Statement of Activities. Governmental activities include state transit assistance, federal transit assistance and other.

ENTITY-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of financial position. The analysis that follows focuses on the net position of governmental activities.

Net Position of Governmental Activities		
	June 30,	
	2017	2016
Current and other assets	\$ 1,838,383	1,418,509
Capital assets	1,446,775	1,663,902
Total assets	3,285,158	3,082,411
Deferred outflows of resources	536,843	429,745
Current liabilities	137,969	134,401
Noncurrent liabilities	1,266,274	972,305
Total liabilities	1,404,243	1,106,706
Deferred inflows of resources	14,820	80,921
Net position:		
Net investment in capital assets	1,446,775	1,663,902
Unrestricted	956,163	660,627
Total net position	\$ 2,402,938	2,324,529

The net position of the Agency increased 3.4% (from \$2,324,529 to \$2,402,938) during the year. This increase is primarily due to less local matching services expenses.

Change in Net Position of Governmental Activities		
	Year ended June 30,	
	2017	2016
Program revenues:		
Federal sources	\$ 949,954	1,281,303
State sources	762,979	717,791
Local sources	889,163	2,237,047
Miscellaneous	2,401,958	1,282,602
Total revenues	<u>5,004,054</u>	<u>5,518,743</u>
Program expenses:		
Financial assistance to local transit subcontractors	937,836	549,557
Local matching services	325,785	1,370,239
Administration:		
Salaries and benefits	1,871,234	1,826,024
Professional services	187,084	53,086
Telephone	46,357	43,173
Rent and insurance	276,417	285,016
Office supplies	22,543	14,597
Travel and meetings	15,502	17,991
Equipment	42,414	23,794
Vehicle maintenance	802,259	853,697
Advertising	16,296	6,357
Dues	6,268	5,700
Miscellaneous	55,530	69,221
Depreciation	360,208	361,649
Total expenses	<u>4,965,733</u>	<u>5,480,101</u>
Excess of revenues over expenses	38,321	38,642
Other financing sources, net	40,088	30,744
Change in net position	78,409	69,386
Net position beginning of year	<u>2,324,529</u>	<u>2,255,143</u>
Net position end of year	<u>\$ 2,402,938</u>	<u>2,324,529</u>

In fiscal year 2017, the Agency's total revenues decreased \$514,689, or 9.3%, from fiscal year 2016. The decrease was primarily the result of receiving less local match revenues.

BUDGETARY HIGHLIGHTS

As shown in the Budgetary Comparison Schedule, actual revenues exceeded budgeted revenues by \$702,186 and actual expenditures were more than budgeted expenditures by \$590,733. The result was primarily due to receiving more miscellaneous revenue and local sources than budgeted. The Agency's actual expenditures exceeded budgeted expenditures at June 30, 2017.

CAPITAL ASSETS AND DEBT

Capital Assets

At June 30, 2017, the Agency had \$1,446,775 invested in vehicles and equipment, net of accumulated depreciation. More detailed information about the Agency's capital assets is presented in Note 3 to the financial statements.

Long-Term Debt

At June 30, 2017, the Agency had no long-term debt outstanding.

NEXT YEAR'S BUDGET

Budgeted revenues and expenditures increased 21.21% and 23.25%, respectively, for fiscal year 2018 from the budgeted fiscal year 2017 revenues and expenses.

CONTACTING THE AGENCY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our local governments, local transit subcontractors and the citizens of Iowa with a general overview of the Agency's finances to demonstrate the Agency's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Heart of Iowa Regional Transit Agency at 2824 104th Street, Urbandale, Iowa 50322.

Heart of Iowa Regional Transit Agency

Heart of Iowa Regional Transit Agency

Notes to Financial Statements

June 30, 2017

(1) Summary of Significant Accounting Policies

The Heart of Iowa Regional Transit Agency (HIRTA) is an intergovernmental agency established in accordance with the provisions of Chapter 28E of the Code of Iowa. The area of jurisdiction is Region 11, which includes Boone, Dallas, Jasper, Madison, Marion, Story and Warren Counties. The Agency's powers and duties are those authorized by Chapter 28E of the Code of Iowa.

The purpose of the Agency is to permit the local governments in the Central Iowa area to make efficient use of their transit operation powers by enabling them to provide joint services and facilities. It also provides planning advisory services and assistance in preparing special planning documents and applications for its members. In performing its duties, the Agency may contract with and expend funds from federal, state and local agencies, public or semi-public agencies or private individuals or corporations as long as the expenditures are for authorized purposes.

The financial statements of the Heart of Iowa Regional Transit Agency have been prepared in conformity with U.S. generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board. The more significant of the Heart of Iowa Regional Transit Agency's accounting policies are described below.

A. Reporting Entity

For financial reporting purposes, the Heart of Iowa Regional Transit Agency has included all funds. The Agency has also considered all potential component units for which it is financially accountable and other organizations for which the nature and significance of their relationship with the Agency are such that exclusion would cause the Agency's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the Agency to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the Agency. The Agency has no component units which meet the Governmental Accounting Standards Board criteria.

B. Entity-wide and Fund Financial Statements

The financial statements on pages 14 and 15 combine both an entity-wide perspective and a governmental fund perspective.

The General Fund comprises the Heart of Iowa Regional Transit Agency's governmental fund. This fund is the general operating fund of the Agency and the difference between assets, liabilities and deferred inflows of resources of the fund is referred to as "fund balance."

The entity-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the activities of the Agency. Governmental activities are those which normally are supported by intergovernmental revenues.

The Statement of Net Position presents the Agency's nonfiduciary assets, deferred outflows of resources, liabilities and deferred inflows of resources with the difference reported as net position. Net position is reported in the following categories:

Net investment in capital assets consists of capital assets, net of accumulated depreciation.

Unrestricted net position consists of net position not meeting the definition of the preceding category. Unrestricted net position often has constraints on resources imposed by management which can be removed or modified.

C. Measurement Focus and Basis of Accounting

The entity-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current year or soon enough thereafter to pay liabilities of the current year. For this purpose, the Agency considers revenues to be available if they are collected within 60 days after year end. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to claims and judgments, are recorded only when payment is due.

When an expenditure is incurred in the governmental fund which can be paid using either restricted or unrestricted resources, the Agency's policy is to pay the expenditure from restricted fund balance and then from the less-restrictive unassigned fund balance.

D. Budget

The Executive Director of the Agency prepares an annual budget for the Agency's general operations. This budget is approved and monitored by the Board.

E. Capital Assets

Capital assets, which include equipment and vehicles, are reported in the Statement of Net Position column in Exhibit A. Capital assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repair that do not add to the value of the asset or materially extend asset lives are not capitalized. Reportable capital assets are defined by the Agency as assets with initial, individual costs in excess of the following thresholds and estimated useful lives in excess of two years.

<u>Asset Class</u>	<u>Amount</u>
Equipment and vehicles	\$ 5,000

Capital assets of the Agency are depreciated using the straight line method over the following estimated useful lives:

Asset Class	Estimated Useful Lives (In Years)
Equipment	5
Vehicles	5-10

F. Deferred Outflows of Resources

Deferred outflows of resources represent a consumption of net position that applies to a future year(s) and will not be recognized as an outflow of resources (expense/expenditures) until then. Deferred outflows of resources consist of the unamortized portion of the net difference between projected and actual earnings on pension plan investments and contributions from the employer after the measurement date but before the end of the employer’s reporting period.

G. Compensated Absences

Agency employees accumulate a limited amount of earned but unused vacation hours for subsequent use or for payment upon termination, death or retirement. A liability is recorded in the Statement of Net Position column in Exhibit A. This liability has been computed based on rates of pay in effect at June 30, 2017.

H. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of the Iowa Public Employees’ Retirement System (IPERS) and additions to/deductions from IPERS’ fiduciary net position have been determined on the same basis as they are reported by IPERS. For this purpose, benefit payments, including refunds of employee contributions, are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

I. Deferred Inflows of Resources

Deferred inflows of resources represents an acquisition of net position applicable to a future year(s) which will not be recognized as an inflow of resources (revenue) until that time. Although certain revenues are measurable, they are not available. Available means collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred inflows of resources in the governmental fund financial statements represent the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred inflows of resources consist of passenger fees not collected within sixty days after year end. Deferred inflows of resources in the Statement of Net Position consist of unrecognized items not yet charged to pension expense.

J. Fund Balance

In the governmental fund financial statements, fund balances are classified as unassigned as there are no constraints placed on the use of resources.

(2) Cash and Investments

The Agency's deposits in banks at June 30, 2017 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to ensure there will be no loss of public funds.

The Agency is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Board of Directors; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts, and warrants or improvement certificates of a drainage district.

The Agency had no investments meeting the disclosure requirements of Governmental Accounting Standards Board Statement No. 72.

(3) Capital Assets

Capital assets activity for the year ended June 30, 2017 was as follows:

	Balance Beginning of Year	Increases	Decreases	Balance End of Year
Capital assets being depreciated:				
Vehicles	\$ 4,877,482	120,567	-	4,998,049
Equipment	6,127	22,514	-	28,641
Total	4,883,609	143,081	-	5,026,690
Less accumulated depreciation for:				
Vehicles	3,214,499	358,332	-	3,572,831
Equipment	5,208	1,876	-	7,084
Total	3,219,707	360,208	-	3,579,915
Capital assets, net	\$ 1,663,902	(217,127)	-	1,446,775

(4) Pension Plan

Plan Description – IPERS membership is mandatory for employees of the Agency, except for those covered by another retirement system. Employees of the Agency are provided with pensions through a cost-sharing multiple employer defined benefit pension plan administered by the Iowa Public Employees’ Retirement System (IPERS). IPERS issues a stand-alone financial report which is available to the public by mail at 7401 Register Drive, PO Box 9117, Des Moines, Iowa 50306-9117 or at www.ipers.org.

IPERS benefits are established under Iowa Code Chapter 97B and the administrative rules thereunder. Chapter 97B and the administrative rules are the official plan documents. The following brief description is provided for general informational purposes only. Refer to the plan documents for more information.

Pension Benefits – A Regular member may retire at normal retirement age and receive monthly benefits without an early-retirement reduction. Normal retirement age is age 65, any time after reaching age 62 with 20 or more years of covered employment or when the member’s years of service plus the member’s age at the last birthday equals or exceeds 88, whichever comes first. These qualifications must be met on the member’s first month of entitlement to benefits. Members cannot begin receiving retirement benefits before age 55. The formula used to calculate a Regular member’s monthly IPERS benefit includes:

- A multiplier based on years of service.
- The member’s highest five-year average salary except members with service before June 30, 2012, will use the highest three-year average salary as of that date if it is greater than the highest five-year average salary.

If a member retires before normal retirement age, the member’s monthly retirement benefit will be permanently reduced by an early-retirement reduction. The early-retirement reduction is calculated differently for service earned before and after July 1, 2012. For service earned before July 1, 2012, the reduction is 0.25% for each month the member receives benefits before the member’s earliest normal retirement age. For service earned on or after July 1, 2012, the reduction is 0.50% for each month the member receives benefits before age 65.

Generally, once a member selects a benefit option, a monthly benefit is calculated and remains the same for the rest of the member’s lifetime. However, to combat the effects of inflation, retirees who began receiving benefits prior to July 1990 receive a guaranteed dividend with their regular November benefit payments.

Disability and Death Benefits – A vested member who is awarded federal Social Security disability or Railroad Retirement disability benefits is eligible to claim IPERS benefits regardless of age. Disability benefits are not reduced for early retirement. If a member dies before retirement, the member’s beneficiary will receive a lifetime annuity or a lump-sum payment equal to the present actuarial value of the member’s accrued benefit or calculated with a set formula, whichever is greater. When a member dies after retirement, death benefits depend on the benefit option the member selected at retirement.

Contributions – Contribution rates are established by IPERS following the annual actuarial valuation which applies IPERS’ Contribution Rate Funding Policy and Actuarial Amortization Method. State statute limits the amount rates can increase or decrease each year to 1 percentage point. IPERS Contribution Rate Funding Policy requires the actuarial contribution rate be determined using the “entry age normal” actuarial cost method and the actuarial assumptions and methods approved by the IPERS Investment Board. The actuarial contribution rate covers normal cost plus the unfunded actuarial liability payment based on a 30-year amortization period. The payment to amortize the unfunded actuarial liability is determined as a level percentage of payroll based on the Actuarial Amortization Method adopted by the Investment Board.

In fiscal year 2017, pursuant to the required rate, Regular members contributed 5.95% of covered payroll and the Agency contributed 8.93% of covered payroll, for a total rate of 14.88%.

The Agency’s contributions to IPERS for the year ended June 30, 2017 totaled \$124,039.

Net Pension Liability, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – At June 30, 2017, the Agency reported a liability of \$1,241,759 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2016 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Agency’s proportion of the net pension liability was based on the Agency’s share of contributions to IPERS relative to the contributions of all IPERS participating employers. At June 30, 2016, the Agency’s proportion was 0.0197314%, which was an increase of 0.000051% from its proportion measured as of June 30, 2015.

For the year ended June 30, 2017, the Agency recognized pension expense of \$220,294. At June 30, 2017, the Agency reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 10,975	14,820
Changes of assumptions	18,945	-
Net difference between projected and actual earnings on IPERS' investments	176,911	-
Changes in proportion and differences between Agency contributions and the Agency's proportionate share of contributions	205,973	-
Agency contributions subsequent to the measurement date	124,039	-
Total	<u>\$ 536,843</u>	<u>14,820</u>

\$124,039 reported as deferred outflows of resources related to pensions resulting from Agency contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ending June 30,	Amount
2018	\$ 97,979
2019	97,979
2020	138,817
2021	63,275
2022	<u>(66)</u>
Total	<u>\$ 397,984</u>

There were no non-employer contributing entities to IPERS.

Actuarial Assumptions – The total pension liability in the June 30, 2016 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Rate of inflation (effective June 30, 2014)	3.00% per annum.
Rates of salary increase (effective June 30, 2010)	4.00 to 17.00% average, including inflation. Rates vary by membership group.
Long-term investment rate of return (effective June 30, 1996)	7.50% compounded annually, net of investment expense, including inflation.
Wage growth (effective June 30, 1990)	4.00% per annum, based on 3.00% inflation and 1.00% real wage inflation.

The actuarial assumptions used in the June 30, 2016 valuation were based on the results of actuarial experience studies with dates corresponding to those listed above.

Mortality rates were based on the RP-2000 Mortality Table for Males or Females, as appropriate, with adjustments for mortality improvements based on Scale AA.

The long-term expected rate of return on IPERS investments was determined using a building-block method in which best-estimate ranges of expected future real rates (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Asset Allocation	Long-Term Expected Real Rate of Return
Domestic equity	24	5.85%
International equity	16	6.32
Private equity/debt	11	10.31
Real estate	8	3.87
Credit opportunities	5	4.48
U.S. TIPS	5	1.36
Other real assets	2	6.42
Cash	1	(0.26)
Total	100%	

Discount Rate – The discount rate used to measure the total pension liability was 7.50%. The projection of cash flows used to determine the discount rate assumed employee contributions will be made at the contractually required rate and contributions from the Agency will be made at contractually required rates, actuarially determined. Based on those assumptions, IPERS’s fiduciary net position was projected to be available to make all projected future benefit payments to current active and inactive employees. Therefore, the long-term expected rate of return on IPERS’ investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Agency's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate – The following presents the Agency's proportionate share of the net pension liability calculated using the discount rate of 7.50%, as well as what the Agency's proportionate share of the net pension liability would be if it were calculated using a discount rate 1% lower (6.50%) or 1% higher (8.50%) than the current rate.

	1% Decrease (6.50%)	Discount Rate (7.50%)	1% Increase (8.50%)
Agency's proportionate share of the net pension liability	\$ 2,008,998	1,241,759	594,199

IPERS Fiduciary Net Position – Detailed information about IPERS' fiduciary net position is available in the separately issued IPERS financial report which is available on IPERS' website at www.ipers.org.

Payable to IPERS – All legally required Agency contributions and legally required employee contributions which had been withheld from employee wages were remitted by the Agency to IPERS by June 30, 2017.

(5) Long-Term Liabilities

A summary of changes in long-term liabilities for the year ended June 30, 2017 is as follows:

	Compensated Absences	Net Pension Liability	Total
Balance beginning of year	\$ 23,561	972,305	995,866
Increases	954	269,454	270,408
Decreases	-	-	-
Balance end of year	24,515	1,241,759	1,266,274

(6) Operating Leases

The Agency has entered into agreements to lease office facilities. These leases are classified as operating leases and, accordingly all rents are charged to expenses as incurred. The leases expire on July 31, 2019, June 30, 2020, July 31, 2020 and March 31, 2022. Certain leases are renewable for additional periods. The leases also require the payment of normal maintenance and insurance on the properties.

A schedule of future minimum rental payments required under operating leases which have initial or remaining non-cancelable lease terms in excess of one year as of June 30, 2017 is as follows:

Year ending June 30,	Urbandale Office	Ames Office	Indianola Office	Total
2018	\$ 47,483	28,800	11,100	87,383
2019	47,833	28,800	11,100	87,733
2020	43,983	28,800	11,100	83,883
2021	3,636	-	11,100	14,736
2022	-	-	8,325	8,325
Total	\$ 142,935	86,400	52,725	282,060

Total rent expense for the year ended June 30, 2017 for all operating leases was \$72,412.

(7) Contributed Support and Matching Services

Contributed support and matching services of \$325,785 were donated to the Agency by local transit subcontractors during the year ended June 30, 2017. These amounts are included in revenues from local sources and local matching services expenditures in the accompanying financial statements.

(8) Risk Management

The Agency is exposed to various risks of loss related to torts; theft; damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by the purchase of commercial insurance. The Agency assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

(9) Explanation of the Differences between the Governmental Fund Balance Sheet and the Statement of Net Position

Total fund balance - General Fund		\$	1,695,746
Capital assets used in governmental activities are not current financial resources and, therefore, are not reported in the governmental fund. The cost of assets is \$5,026,690 and the accumulated depreciation is \$3,579,915.			1,446,775
Other long-term assets are not available to pay current expenditure and, therefore, are recognized as deferred inflows of resources in the governmental funds.			4,668
Pension related deferred outflows of resources and deferred inflows of resources are not due and payable in the current year and, therefore, are not reported in the governmental fund, as follows:			
Deferred outflows of resources	\$	536,843	
Deferred inflows of resources		<u>(14,820)</u>	522,023
Certain liabilities applicable to the Agency's governmental activities are not due and payable in the current year and, therefore, are not reported as governmental fund liabilities, as follows:			
Compensated absences		(24,515)	
Net pension liability		<u>(1,241,759)</u>	<u>(1,266,274)</u>
Net position of governmental activities			<u>\$ 2,402,938</u>

(10) Explanation of the Differences between the Statement of Governmental Fund Revenues, Expenditures and Changes in Fund Balance and the Statement of Activities

Change in fund balance - General Fund \$ 395,906

The governmental fund reports capital outlays as expenditures while governmental activities report depreciation expense to allocate those expenditures over the life of the assets. Depreciation expense exceeded capital outlay expenditures in the current year, as follows:

Expenditures for capital assets	\$ 143,081	
Depreciation expense	(360,208)	(217,127)

Because some revenues will not be collected for several months after the Agency's year end, they are not considered available revenues and are not recognized as deferred inflows of resources in the governmental funds. (3,161)

The current year Agency share of IPERS contributions are reported as expenditures in the governmental funds, but are reported as deferred outflows of resources in the Statement of Net Position. 124,039

Certain expenditures reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental fund, as follows:

Compensated absences	(954)	
Pension expense	(220,294)	(221,248)

Change in net position of governmental activities \$ 78,409

Heart of Iowa Regional Transit Agency

Notes to Other Information – Pension Liability

Year ended June 30, 2017

Changes of benefit terms:

Legislation enacted in 2010 modified benefit terms for Regular members. The definition of final average salary changed from the highest three to the highest five years of covered wages. The vesting requirement changed from four years of service to seven years. The early retirement reduction increased from 3% per year measured from the member's first unreduced retirement age to a 6% reduction for each year of retirement before age 65.

Legislative action in 2008 transferred four groups – emergency medical service providers, county jailers, county attorney investigators, and National Guard installation security officers – from Regular membership to the protection occupation group for future service only.

Changes of assumptions:

The 2014 valuation implemented the following refinements as a result of a quadrennial experience study:

- Decreased the inflation assumption from 3.25% to 3.00%.
- Decreased the assumed rate of interest on member accounts from 4.00% to 3.75% per year.
- Adjusted male mortality rates for retirees in the Regular membership group.
- Reduced retirement rates for sheriffs and deputies between the ages of 55 and 64.
- Moved from an open 30-year amortization period to a closed 30-year amortization period for the UAL (unfunded actuarial liability) beginning June 30, 2014. Each year thereafter, changes in the UAL from plan experience will be amortized on a separate closed 20-year period.

The 2010 valuation implemented the following refinements as a result of a quadrennial experience study:

- Adjusted retiree mortality assumptions.
- Modified retirement rates to reflect fewer retirements.
- Lowered disability rates at most ages.
- Lowered employment termination rates.
- Generally increased the probability of terminating members receiving a deferred retirement benefit.
- Modified salary increase assumptions based on various service duration.

 Total			<u>\$ 949,954</u>

Basis of Presentation – The Schedule of Expenditures of Federal Awards includes the federal grant activity of the Heart of Iowa Regional Transit Agency and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2, U.S. Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

Summary of Significant Accounting Policies – Expenditures reported in the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following, as applicable, either the cost principles in OMB Circular A-87, Cost Principles for State, Local and Indian Tribal Governments, or the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Indirect Cost Rate – The Heart of Iowa Regional Transit Agency has elected not to use the 10% de minimis indirect cost rate as allowed under the Uniform Guidance.

See accompanying independent auditor's report.

Independent Auditor's Report on Internal Control
over Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in Accordance with
Government Auditing Standards

To the Board Members of the Heart of Iowa Regional Transit Agency:

We have audited in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, the financial statements of the governmental activities and the major fund of the Heart of Iowa Regional Transit Agency as of and for the year ended June 30, 2017, and the related Notes to Financial Statements, which collectively comprise the Agency's financial statements, and have issued our report thereon dated March 8, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Heart of Iowa Regional Transit Agency's internal control over financial reporting to determine the audit procedures appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Heart of Iowa Regional Transit Agency's internal control. Accordingly, we do not express an opinion on the effectiveness of the Heart of Iowa Regional Transit Agency's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility a material misstatement of the Agency's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control which is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control we consider to be material weaknesses. However, we identified a certain deficiency in internal controls, described in the accompanying Schedule of Findings and Questioned Costs as item II-A-17, we consider to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Heart of Iowa Regional Transit Agency's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under Government Auditing Standards.

Comments involving statutory and other legal matters about the Agency's operations for the year ended June 30, 2017 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the Agency. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

The Heart of Iowa Regional Transit Agency's Response to the Finding

The Heart of Iowa Regional Transit Agency's response to the finding identified in our audit is described in the accompanying Schedule of Findings and Questioned Costs. The Heart of Iowa Regional Transit Agency's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing and not to provide an opinion on the effectiveness of the Agency's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Agency's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of the Heart of Iowa Regional Transit Agency during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

MARY MOSIMAN, CPA

Independent Auditor's Report on Compliance
for Each Major Federal Program and on Internal Control Over Compliance
Required by the Uniform Guidance

To the Board Members of the Heart of Iowa Regional Transit Agency:

Report on Compliance for Each Major Federal Program

We have audited the Heart of Iowa Regional Transit Agency's compliance with the types of compliance requirements described in U.S. Office of Management and Budget (OMB) Compliance Supplement that could have a direct and material effect on its major federal program for the year ended June 30, 2017. The Heart of Iowa Regional Transit Agency's major federal program is identified in Part I of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for the Heart of Iowa Regional Transit Agency's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and Title 2, U.S. Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether non-compliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Heart of Iowa Regional Transit Agency's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of the Heart of Iowa Regional Transit Agency's compliance.

Opinion on the Major Federal Program

In our opinion, the Heart of Iowa Regional Transit Agency complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2017.

Report on Internal Control Over Compliance

The management of the Heart of Iowa Regional Transit Agency is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Heart of Iowa Regional Transit Agency's internal control over compliance with the types of requirements that could have a direct and material effect on the major federal program to determine the auditing procedures appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Heart of Iowa Regional Transit Agency's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance such that there is a reasonable possibility material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected and corrected on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

MARY MOSIMAN, CPA
Auditor of State

March 8, 2018

Heart of Iowa Regional Transit Agency
Schedule of Findings and Questioned Costs
Year ended June 30, 2017

Part I: Summary of the Independent Auditor's Results:

- (a) Unmodified opinions were issued on the financial statements.
- (b) A significant deficiency in internal control over financial reporting was disclosed by the audit of the financial statements.
- (c) The audit did not disclose any non-compliance which is material to the financial statements.
- (d) No material weaknesses in internal control over the major program were noted.
- (e) An unmodified opinion was issued on compliance with requirements applicable to the major program.
- (f) The audit did not disclose audit findings which were required to be reported in accordance with the Uniform Guidance, Section 200.516.
- (g) The major program was CFDA Number 20.509 – Formula Grants for Rural Areas.
- (h) The dollar threshold used to distinguish between Type A and Type B programs was \$750,000.
- (i) The Heart of Iowa Regional Transit Agency did not qualify as a low-risk auditee.

Heart of Iowa Regional Transit Agency
Schedule of Findings and Questioned Costs
Year ended June 30, 2017

Part II: Findings Related to the Financial Statements:

INTERNAL CONTROL DEFICIENCIES:

II-A-17 Budgets

Criteria – An effective internal control system provides for budgets to be prepared for the fiscal year. This budget should be reviewed by the Board monthly. If an expenditure line item is expected to go over budget, an amendment should be made.

Conditions – The following line items went over budget: professional services, telephone, office supplies, equipment, advertising, and financial assistance to local transit subcontractors

Cause – Policies and procedures have not been established and procedures have not been implemented for the Board to review the budget and make an amendment if needed.

Effect – The lack of review of the budget could affect HIRTA’s ability to prevent or detect certain line items going over budget on a timely basis in the normal course of operations.

Recommendation – Policies and procedures should be established for the Board to review the budget and make an amendment if needed.

Response – We will update our Accounting Procedure Manual to ensure there is a section that outlines procedures for bringing the items to the Board and making amendments when line items go over budget.

Conclusion – Response accepted.

INSTANCES OF NON COMPLIANCE:

No matters were noted.

Heart of Iowa Regional Transit Agency
Schedule of Findings and Questioned Costs
Year ended June 30, 2017

Part III: Findings and Questioned Costs for Federal Awards:

INSTANCES OF NON-COMPLIANCE:

No matters were noted.

INTERNAL CONTROL DEFICIENCIES:

No material weaknesses in internal control over the major program were noted.

Heart of Iowa Regional Transit Agency
Schedule of Findings and Questioned Costs
Year ended June 30, 2017

Part IV: Other Findings Related to Required Statutory Reporting:

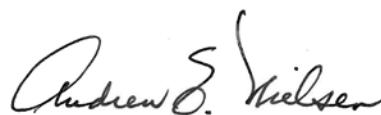

- IV-A-17 Questionable Expenditures – No expenditures we believe may not meet the requirements of public purpose as defined in an Attorney General’s opinion dated April 25, 1979 were noted.
- IV-B-17 Travel Expense – No expenditures for travel expenses of spouses of Agency officials or employees were noted.
- IV-C-17 Deposits and Investments – No instances of non-compliance with the deposit and investment provisions of Chapter 12B and Chapter 12C of the Code of Iowa and the Agency’s investment policy were noted.
- IV-D-17 Board Minutes – No transactions were found that we believe should have been approved in the Board minutes but were not.
