FOR RELEASE
May 24, 2018 515/281-5834

Auditor of State Mary Mosiman today released a report on a special investigation of Tama County Day Care, Inc. dba Kids' Corner (Kids' Corner) for the period December 8, 2009 through May 31, 2016. The special investigation was requested by the Kids' Corner Board, in conjunction with the Tama County Sheriff's Office, as a result of concerns regarding certain credit card purchases by the former Executive Director, Kristine Daniel.

Mosiman reported the special investigation identified $\$ 278,362.58$ of improper and unsupported disbursements, undeposited collections, and forgone grant revenue. The $\$ 120,724.29$ of improper and unsupported disbursements identified includes $\$ 55,523.00$ of purchases on Kids' Corner's credit cards, primarily from Amazon, Walmart, and Sam's Club; $\$ 56,369.24$ in unauthorized payroll and reimbursements issued to or for Ms. Daniel; $\$ 5,140.53$ of penalties and interest incurred for non-payment of payroll taxes to the federal and state governments; and $\$ 3,649.52$ of purchases from various vendors.

The $\$ 63,638.29$ of undeposited collections identified consist of cash payments from parents for childcare services which were recorded in Kids' Corner's accounting system but not deposited to Kids' Corner's bank accounts, and the $\$ 94,000$ of forgone grant revenue consists of funds Kids' Corner could have received through the Iowa Department of Education to supplement its grocery purchases for meals served. According to representatives of the Iowa Department of Education, notices sent to Ms. Daniel stating Kids' Corner's participation in the program would be terminated if the application was not renewed did not receive a response. As a result, Kids' Corner was removed from the program and received no additional payments after October 17, 2014.

Mosiman also reported it was not possible to determine if additional amounts were improperly disbursed or if additional parent payments were not properly deposited because adequate documentation was not available.

The report includes recommendations to strengthen Kids' Corner's internal controls and operations, such as improvements to segregation of duties, requiring detailed supporting documentation for all disbursements, and designating an independent person to reconcile Kids' Corner's accounting records to the bank statements.

Copies of the report have been filed with the Tama County Sheriff's Office, the Iowa Division of Criminal Investigation, the Tama County Attorney's Office, and the Attorney General's Office. A copy of the report is available for review in the Office of Auditor of State and on the Auditor of State's web site at https://auditor.iowa.gov/reports/1660-4010-BE02.

## Auditor of State's Report

To the Members of the
Kids' Corner Board:
As a result of concerns regarding certain credit card purchases and at your request, we conducted a special investigation of the Tama County Day Care Inc. dba Kids' Corner (Kids' Corner). We have applied certain tests and procedures to selected financial transactions of Kids' Corner for the period December 8, 2009 through May 31, 2016. Based on a review of relevant information and discussions with Kids' Corner officials and personnel, we performed the following procedures:
(1) Evaluated internal controls to determine whether adequate policies and procedures were in place and operating effectively.
(2) Reviewed Board meeting minutes to identify significant actions and to determine if certain payments were properly approved.
(3) Examined activity in the bank accounts held by Kids' Corner to identify any unusual activity.
(4) Scanned all disbursements from Kids' Corner's bank accounts for propriety. For selected disbursements, we examined available supporting documentation to determine whether they were appropriate, properly approved, and properly supported.
(5) Examined Kids' Corner's credit card statements to determine if the purchases made with the credit cards were appropriate, reasonable, properly approved, and supported by adequate documentation.
(6) Obtained information from selected vendors for purchases to determine the propriety of the purchases.
(7) Examined payroll disbursements to the former Executive Director of Kids' Corner, Kristine Daniel, to determine if payments were properly approved, properly supported, and the amount and frequency of the payments were reasonable.
(8) Examined reimbursements to Ms. Daniel to determine if the payments were for appropriate purposes, properly approved, and supported by adequate documentation.
(9) Reviewed documentation from the Internal Revenue Service to determine the amount of payroll taxes owed and the resulting accrued penalties and interest.
(10) Confirmed payments to Kids' Corner from the State of Iowa to determine if they were properly deposited to Kids' Corner's bank accounts.
(11) Examined monthly receipt ledgers to determine if collections were properly accounted for and deposited.
(12) Obtained and reviewed monthly statements for Ms. Daniel's personal bank accounts to identify the source of certain deposits.

These procedures identified $\$ 278,362.58$ of improper and unsupported disbursements, undeposited collections, and forgone grant revenue. We were unable to determine if additional amounts were improperly disbursed or not properly deposited because adequate documentation was not available. Several internal control weaknesses were also identified. Our detailed findings and recommendations are presented in the Investigative Summary and Exhibits $\mathbf{A}$ through $\mathbf{I}$ of this report.

The procedures described above do not constitute an audit of financial statements conducted in accordance with U. S. generally accepted auditing standards. Had we performed additional procedures, or had we performed an audit of financial statements of the Tam County Daycare Inc. Aba Kids' Corner, other matters might have come to our attention that would have been reported to you.

Copies of this report have been filed with the Tam County Sheriff's Office, the Iowa Division of Criminal Investigation, the Tam County Attorney's Office, and the Attorney General's Office.

We would like to acknowledge the assistance and many courtesies extended to us by officials and personnel of the Tam County Day Care Inc. Aba Kids' Corner during the course of our investigation.

# Tama County Daycare Inc. dba Kids' Corner <br> Investigative Summary 

## Background Information

The Tama County Day Care Inc. dba Kids' Corner (Kids' Corner) was established in 1981 as a private non-profit child care center providing services for children age 6 weeks through 12 years. In 2004, Kids' Corner collaborated with the Cities of Tama and Toledo, the Region 6 Planning Commission, the U.S. Department of Agriculture, and the South Tama County Community School District to construct a new facility which opened in 2006. Kids' Corner is governed by a 6 member volunteer Board of Directors and daily operations are carried out by approximately 25 employees, including the Executive Director who is responsible for day-to-day supervision.

Kristine Daniel began employment with Kids' Corner as the Executive Director on December 8, 2009 and was terminated from her position April 29, 2016. As the Executive Director, Ms. Daniel was responsible for the following:

- Receipts - collecting parent payments, posting to the accounting records, and preparing and making deposits;
- Disbursements - making certain purchases and receiving certain goods and services, including groceries, maintaining supporting documentation, preparing, signing and distributing checks, and posting to the accounting records;
- Payroll - calculating payroll amounts, preparing, signing and distributing checks, and posting payments to the accounting records;
- Child care billing - preparing and distributing billings, receipting and depositing collections, posting collections to customer accounts and accounting records, and preparing and making bank deposits;
- Bank accounts - reconciling monthly bank statements to accounting records; and
- Reporting - preparing year-end statements for customers for income tax purposes and maintaining attendance records for all children and meal consumption records for children eligible for financial assistance from the State.

Ms. Daniel was also responsible for managing employee schedules and being on-call to ensure required child-to-employee ratios were maintained.

Kids' Corner's primary revenue sources include parent payments and child care and development block grant funding from the State of Iowa. The majority of the payments received from the State are deposited electronically; however, parent payments consist of both cash and check collections.

All Kids' Corner disbursements, including payroll, are to be made by check when possible. However, Kids' Corner also maintains 3 credit cards, including Mastercard, Visa, and Staples. All disbursements are to be supported by invoices or other documentation obtained by or submitted to the Executive Director, and monthly statements are received which show the purchases made with the individual credit cards. Checks are signed by the Executive Director and countersigned by the Assistant Director.

Monthly statements for Kids' Corner's bank accounts are mailed directly to Kids' Corner and opened by the Executive Director. Bank statements and related images of redeemed checks are not periodically reviewed by members of the Board.

On May 12, 2016, a Detective from the Tama County Sheriff's Office contacted the Office of Auditor of State regarding concerns with certain payments issued by Ms. Daniel from Kids' Corner's bank account. He provided a copy of the timeline which had been prepared by the Board President, which summarized the following:

- September 2015 - A Kids' Corner employee met with 2 members of the Board regarding Ms. Daniel's attendance and concerns received from parents regarding payment issues. According to the summary provided by the Board, parent payments were not always accurately reflected on their billing statement; however, when individuals spoke with Ms. Daniel about their concerns, their payments would be "found" and applied to their account. The Board President discussed the concerns with Ms. Daniel, and the next day the employee who presented the concerns was terminated from employment by Ms. Daniel.
- November 2015 - The financial statements presented to the Board appeared inaccurate; however, when questioned by Board members, Ms. Daniel stated the discrepancies were a result of the change in accounting software.
- January 2016 - The scheduled Board meeting was canceled because the "accounting error" had not yet been resolved.
- February 2016 - At the Board meeting, the balance sheet did not balance and the income statement was not accurate. The Board approved the meeting minutes but did not approve the financial statements. Also at that Board meeting, the Board discussed having an audit performed over its financial statements.
- March 2016 - A Board member was contacted by a vendor regarding a past due bill. The Board member and the Board President asked Ms. Daniel if that was the only past due bill to which she responded in the affirmative.
- April 11, 2016 - A Board member and the Board President met with Ms. Daniel regarding attendance issues and finances. In addition, a second Board member had been notified by Iowa Workforce Development unemployment returns were not being filed. Ms. Daniel's response was, "this has not been my best year." The Board members expressed concern over her work hours and reiterated their expectations for Ms. Daniel's work hours. They also offered to provide any assistance she needed to resolve the outstanding financial discrepancies.
- April 26, 2016 - The Board meeting was canceled because the financial statements were not yet corrected; however, a CPA firm had been hired to help resolve the issues.
- April 2016 - The Board President contacted the CPA firm who expressed concerns regarding Kids' Corner's payroll taxes. Further research determined Ms. Daniel had not paid any payroll tax for 2016 and concern was raised regarding payroll taxes for 2015. A Board member and the Board President reviewed the activity in Kids' Corner's bank accounts and determined no payroll tax payments had been made in 2015. They also determined a number of bills were not being paid, including Alliant Energy. They contacted a representative of Alliant Energy who confirmed no payments had been received in Kids' Corner's account for 6 months. In addition, they noticed large checks being issued to Staples.
- April 28, 2016 - The Board President spoke with the CPA firm and confirmed 2015 payroll taxes had not been paid and Kids' Corner's liability totaled approximately $\$ 116,000$ plus penalties.
- April 29, 2016 - The Board President and 2 Board members met with Ms. Daniel to discuss the unpaid payroll taxes and past due bills. At that meeting, Ms. Daniel confirmed she knew the payroll taxes were unpaid but did not know the amount owed. She also confirmed she knew Alliant was past due, but stated that was the only past due bill. Ms. Daniel's employment was terminated at that meeting; however, because the employees and children were present, they allowed her to work through the day and collect her belongings after the work day ended. They subsequently learned Ms. Daniel returned to Kids' Corner on May 1, 2016 to retrieve her personal items without supervision.

After Ms. Daniel's employment was terminated, Kids' Corner officials continued examining bank statements and the accounting records and identified several irregularities, including the order history for Kids' Corner's Amazon account and the purchase history for Kids' Corner's Staples and Sam's Club accounts. As a result of the concerns identified, the Board members contacted the City of Toledo Police Department

The City of Toledo Police Department contacted the Detective from the Tama County Sheriff's Office, who, as previously stated, contacted the Office of Auditor of State to request a review of Kids' Corner's financial records for the period of Ms. Daniel's employment. As a result, we performed the procedures detailed in the Auditor of State's Report for the period December 8, 2009 through May 31, 2016.

## Detailed Findings

The procedures performed identified $\$ 278,362.58$ of improper and unsupported disbursements, undeposited collections, and forgone grant revenue. Of the $\$ 278,362.58$ identified, $\$ 120,724.29$ is comprised of improper and unsupported disbursements, $\$ 63,638.29$ is comprised of undeposited parent payments for child care services, and $\$ 94,000.00$ is comprised of forgone grant revenue. The $\$ 120,724.29$ of improper and unsupported disbursements identified includes:

- $\$ 20,582.28, \$ 18,287.00$, and $\$ 16,653.72$ of improper and unsupported purchases made with Kids' Corner's Mastercard, Visa, and Staples credit cards, respectively.
- $\$ 36,769.62$ of unauthorized payroll issued to Ms. Daniel and related payroll costs,
- $\$ 19,599.62$ of improper and unsupported travel reimbursements issued to Ms. Daniel,
- $\$ 5,140.53$ in penalties and interest incurred on payroll taxes, and
- $\$ 3,649.52$ of improper and unsupported purchases from various vendors.

It was not possible to determine if additional amounts were improperly disbursed or if additional collections were not properly deposited because adequate documentation was not available. All findings are summarized in Exhibit A and a detailed explanation of each finding follows.

At the completion of fieldwork, we contacted Ms. Daniel to provide an opportunity for her to meet with us; however, we received communication from Ms. Daniel's attorney she declined to meet.

## IMPROPER AND UNSUPPORTED DISBURSEMENTS

We reviewed all disbursements from Kids' Corner's bank account and purchases made on Kids' Corner's credit cards for the period December 8, 2009 through May 31, 2016. In addition, we reviewed available supporting documentation for certain payments to determine if they were appropriate; however, supporting documentation was not available for all disbursements. As a result, we reviewed the payees on images of the redeemed checks, discussed the disbursements with Kids' Corner officials, and reviewed documentation obtained directly from the vendors to determine if the purchases were reasonable for Kids' Corner's operations.

Based on our review of the available supporting documentation, discussions with Kids' Corner officials, the vendor, the frequency, and the amount of the payments, we classified payments as reasonable, improper, or unsupported. Payments were classified as improper if they appeared personal in nature or were not reasonable for Kids' Corner operations. Payments were classified as unsupported if appropriate documentation was not available or it was not possible to determine if the payment was related to Kids' Corner operations or was personal in nature. Other payments were classified as reasonable if disbursements were for Kids' Corner operations and/or the vendor, the amount of payment, and frequency of the payments to the vendor were appropriate for Kids' Corner operations. The improper and unsupported disbursements identified are explained in detail in the following paragraphs.

Credit Card Purchases - As previously stated, Kids' Corner held 3 credit cards, including a Mastercard, a Visa, and a Staples credit card, which were maintained by Ms. Daniel. According to

Kids' Corner officials, the Visa and Staples credit cards were to be used for office and cleaning supplies and grocery items as necessary. The Mastercard credit card was opened in 2012. According to a Kids' Corner official, the Board intended the Mastercard credit card to be used for the van purchased in December 2011 for items such as fuel, repairs, and other emergencies. Based on a review of the Mastercard and Visa credit card statements, we identified 3 vendors with a significant number of transactions, including Amazon, Sam's Club, and Walmart. Because supporting documentation had not been maintained for the purchases, we obtained detailed purchase histories directly from Amazon, Sam's Club, and Walmart, as well as Staples, to determine the propriety of the purchases.

Mastercard and Visa - We identified 395 transactions totaling $\$ 31,478.61$ on Kids' Corner's Mastercard and 499 transactions totaling $\$ 31,152.38$ on Kids' Corner's Visa for the period reviewed. Exhibits B and C list the purchases made on the Mastercard and Visa, respectively. As illustrated by the Exhibits, we identified $\$ 14,414.73$ and $\$ 7,236.25$ of improper disbursements and $\$ 6,167.55$ and $\$ 11,050.75$ of unsupported disbursements on Kids' Corner's Mastercard and Visa credit cards, respectively. These amounts are included on Exhibit A and are described in further detail in the following paragraphs.

As previously stated, a significant number of transactions on both credit cards were to 3 vendors: Amazon, Sam's Club and Walmart. Excluding those 3 vendors, we identified 167 transactions to various other vendors on Kids' Corner's Mastercard. Of the 167 transactions identified, 18 transactions totaling $\$ 1,266.38$ were classified as improper and 115 transactions totaling $\$ 5,212.25$ were classified as unsupported. We also identified a return totaling $\$ 22.46$; however, we were unable to determine what purchase the return corresponded to. The $\$ 1,266.38$ of improper disbursements identified included $\$ 693.59$ issued to a vendor which was determined to be a scam based on an internet search, purchases from various gift shops, a purchase at Cost Cutters, purchases from Gordmans and other local clothing stores, and purchases from Kindle Unlimited.

The $\$ 5,212.25$ of unsupported disbursements primarily consisted of purchases from the U.S. Postal Service (USPS) and vendors which could have been used to purchases supplies for Kids' Corner, such as Dollar General, HyVee, Menards, Pamida, and ShopKo, or the purchases may have been personal in nature. We compared the postal expenses during Ms. Daniel's period of employment to current postal expenses and determined, on average, annual postal expenses decreased approximately $\$ 150$ annually, from approximately $\$ 360$ annually to approximately $\$ 210$ annually. In addition, during a review of the contents of the computers Ms. Daniel had access to both at Kids' Corner and at home, we observed a folder maintained on a computer which appeared as though Ms. Daniel was re-selling the cellular telephone accessories purchased. If these sales were not local, she would have included shipping charges. While a certain amount of postage expense would be expected for daycare operations, sufficient supporting documentation was not available to determine which were reasonable and which were personal in nature. As a result, all USPS expenses identified are classified as unsupported disbursements.

We identified 382 transactions to various other vendors on Kids' Corner's Visa, excluding Amazon, Sam's Club, and Walmart. Of the 382 transactions identified, 51 transactions totaling $\$ 3,282.87$ were classified as improper and 225 transactions totaling $\$ 8,855.99$ were classified as unsupported. We also identified 5 returns totaling $\$ 157.83$ and 4 returns totaling $\$ 166.04$, which corresponded to purchases classified as improper and unsupported, respectively. The $\$ 3,282.87$ of improper disbursements identified included payments issued to 3 vendors which were determined to be scams based on an internet search, several charges from an on-line expert service which provides advice on a wide range of topics, purchases from various clothing stores, and purchases from various floral shops. As with the Mastercard, the $\$ 8,855.99$ of unsupported disbursements primarily consisted of purchases from the USPS and vendors which could have been used to purchase supplies for Kids' Corner, such as Dollar General, Menards, Pamida, and ShopKo, or the purchases may have been personal in nature.

As previously stated, we obtained detailed purchase histories directly from Amazon, Sam's Club, and Walmart to determine the propriety of the purchases. Exhibits $\mathbf{D}$ through $\mathbf{F}$ list the
purchases history for these 3 vendors. Each of these vendors is discussed further in the following paragraphs.

Amazon - Exhibit D summarizes the purchase history, the payment method, and the improper purchases identified for Amazon. We identified $\$ 7,078.03$ of improper purchases from Amazon. Of the $\$ 7,078.03$ identified, $\$ 6,189.27$ was charged to Kids' Corner's Mastercard credit card and $\$ 888.76$ was charged to Kids' Corner's Visa credit card. The improper purchases identified include:

- $\$ 1,591.32$ of cellular telephone cases, screen protectors, USB cables, and other chargers. As previously stated, during a review of the contents of the computers Ms. Daniel had access to both at Kids' Corner and at home, we observed a folder maintained on a computer which appeared as though Ms. Daniel was re-selling the cellular telephone accessories purchased.
- $\$ 1,348.77$ of home décor and small furnishings, including sheet sets, comforters, curtains and curtain rods, area rugs, aquariums, and a vinyl headboard.
- $\$ 908.85$ of make-up and skin care products, including nail polish, tanning lotion, and bronzers.
- \$611.13 of hair care products and styling tools.
- \$574.30 of women's clothing and accessories, including lingerie, volleyball gear, and a Coach purse.
- $\$ 295.17$ of diet and exercise accessories, including books, equipment, and supplements.
- $\$ 117.93$ of video games and accessories.

Walmart - Exhibit E summarizes the purchase history, the payment method, and the improper purchases identified for Walmart. We identified $\$ 6,698.83$ and $\$ 162.03$ of improper and unsupported purchases, respectively, from Walmart. Of the $\$ 6,698.83$ of improper disbursements identified, $\$ 3,476.38$ was charged to Kids' Corner's Mastercard credit card and $\$ 3,222.45$ was charged to Kids' Corner's Visa credit card. The improper purchases identified include:

- $\$ 1,550.00$ of gift cards, including $\$ 1,465.00$ of iTunes gift cards and $\$ 85.00$ of Starbucks gift cards.
- \$846.61 on home appliances, including a microwave, toaster, 40 " television, bathroom scale, alarm clock, and fans.
- $\$ 597.45$ of cellular telephone cases, screen protectors, USB cables, and other chargers.
- \$586.90 of home décor, including sheet sets, curtains and curtain rods, area rugs, canisters, and dinnerware.
- $\$ 502.06$ of grocery items which were not for Kids' Corner, including chewing gum, mints, pistachios, beef jerky, taco seasoning, Coffee-Mate, and candy. Based on a review of the quantities, certain items were not purchased in a quantity which appeared reasonable for Kids' Corner, such as individual candy bars or individual containers of yogurt. In addition, according to Kids' Corner officials, certain items, such as beef jerky and candy, were not served to the children.
- \$369.64 of video games and accessories, including gift cards for Xbox Live.
- $\$ 241.27$ for an aquarium, fish, accessories, and fish food.
- $\$ 232.43$ of various hygiene products, including feminine hygiene, make-up, women's razor cartridges, and toothpaste.
- $\$ 203.65$ of clothing and accessories.
- \$166.14 of alcohol and soda.
- $\$ 54.97$ for cigarettes and an ash tray.

The $\$ 162.03$ of unsupported disbursements was primarily comprised of batteries and storage carts, which could have been for Kid's Corner or personal in nature.

Sam's Club - Exhibit F summarizes the purchase history and the improper purchases identified for Sam's Club. We identified $\$ 3,482.70$ of improper purchases, which were all charged to Kids' Corner's Mastercard. The improper purchases identified include:

- \$1,679.55 of gift cards, including iTunes, Mastercard, and Starbucks.
- $\$ 605.81$ of grocery items which were not for Kids' Corner, including chewing gum, beef jerky, Pop Tarts, shrimp, cod loins, and candy. Based on a review of the quantities, certain items were not purchased in a quantity which appeared reasonable for Kids' Corner. In addition, according to Kids' Corner officials, certain items, such as beef jerky, Pop Tarts, and candy, were not served to the children.
- $\$ 303.16$ of cellular telephone cases, screen protectors, USB cables, and other chargers. As previously stated, during a review of the contents of the computers Ms. Daniel had access to both at Kids' Corner and at home, we observed a folder maintained on a computer which appeared as though Ms. Daniel was re-selling the cellular telephone accessories purchased.
- $\$ 253.41$ of clothing, swimwear, and accessories.
- $\quad \$ 74.98$ for an electric heated mattress pad.

Staples - We identified 116 transactions totaling $\$ 21,375.23$ on Kids' Corner's Staples credit card for the period reviewed. Exhibit G lists the purchases made and the $\$ 16,653.72$ of improper disbursements identified are included on Exhibit A. Of the $\$ 16,653.72$ identified, $\$ 13,277.45$ was for the purchase of various gift cards and the associated activation fees.

According to Kids' Corner officials, there is no reason to purchase gift cards for the daycare. In addition, as illustrated by Exhibit G, the purchase of gift cards stopped after February 2016. As previously stated, in February 2016, the Board discussed having an audit performed over its financial statements. Table 1 summarizes the type and quantity of gift cards purchased.

Based on a review of the Staples credit card statements, vendor coupons were applied on certain gift card purchases; however, there was not sufficient detail to determine which cards the
discounts were applied to. Table 1 summarizes the gross amount of gift cards purchased; however, the vendor coupons were accounted for on Exhibit G.

In addition to the gift cards, we identified the following improper disbursements on the Kids' Corner Staples credit card:

- $\$ 1,557.91$ of computer equipment and accessories including an iPad Air, a streaming media player, a router, external hard drives, and the related protection plans. According to Kids' Corner officials, this type of equipment was not purchased for Kids' Corner from Staples, but rather a vendor based out of Waterloo, Iowa. They further stated these items were not reasonable for Kids' Corner operations.
- $\$ 654.33$ of cellular telephone cases, screen protectors, USB cables, and other chargers. As previously stated, during a review of the contents of the computers Ms. Daniel had access to both at Kids' Corner and at home, we observed a folder maintained on a computer which appeared as though Ms. Daniel was re-selling the cellular telephone accessories purchased.
- $\$ 593.01$ of finance charges and late fees.

Payments to Various Vendors - As previously stated, we reviewed the payees on images of the redeemed checks from Kids' Corner's bank accounts. As a result of that review, we identified the following:

- Check \#13575 was issued to "RX Express Marketing Inc" on March 16, 2010 for $\$ 364.00$. Based on an internet search, the vendor prints custom bags on glossy wax paper, such as prescription bags or wine bags. Due to the nature of the vendor, we considered this disbursement to be improper.
- Check \#2373 was issued to "Levi Bro" on July 10, 2013 for $\$ 1,712.00$. Although all other information on the check was pre-printed, the vendor name was handwritten. According to Kids' Corner officials, this vendor was used to re-do landscaping at the daycare center. However, because an invoice could not be located, we considered this disbursement to be unsupported.

The $\$ 364.00$ of improper disbursement and the $\$ 1,712.00$ unsupported disbursement identified are included on Exhibit A.

We also identified 7 payments totaling $\$ 2,087.84$ issued directly to Sam's Club. As previously stated, supporting documentation was not properly maintained. As a result, we attempted to obtain the purchase history for the 7 payments identified. Table 2 summarizes the purchase history provided by Sam's Club and the unsupported and improper disbursements identified. Because Sam's Club was unable to provide the purchase history for the 3 oldest purchases, they were classified as unsupported.

Payroll Issued to Ms. Daniel - As previously stated, Ms. Daniel was hired as Executive Director on December 8, 2009 and was responsible for calculating payroll, preparing, signing and distributing checks, and posting payments to the accounting records. Ms. Daniel received an annual salary to be paid bi-weekly. We were unable to locate supporting documentation for Ms. Daniel's starting salary. However, based on a review of the November 10, 2009 Board meeting minutes, the Board was considering a salary of $\$ 25,000.00$ to $\$ 30,000.00$ for the Executive Director position. In addition, based on the gross wages of $\$ 1,153.85$ paid on Ms. Daniel's first paycheck, we calculated Ms. Daniel's salary at $\$ 30,000.00$ for calendar year 2010.

According to the Board meeting minutes, all employees received a $3 \%$ salary increase every January from 2011 through 2015. In January 2016, the Board approved an increase of $\$ 1.25$ per hour for all employees. Starting with a salary of $\$ 30,000.00$ in 2010, we calculated Ms. Daniel's authorized salary for each calendar year using the increases authorized in the Board meeting minutes. Using the payroll history report and Ms. Daniel's W-2 payroll tax forms, we determined Ms. Daniel's actual gross wages. According to Kids' Corner officials, the amounts reported on Ms. Daniel's W-2 payroll tax forms were regular wages and did not include any other taxable income, such as reimbursements. We then compared the calculated authorized salary to the actual gross wages issued to Ms. Daniel for the period reviewed. Table 3 summarizes the comparison of calculated wages to actual gross wages by year for the period reviewed. As a result of our comparison, we determined Ms. Daniel received $\$ 34,156.64$ of unauthorized wages. In addition, Kids' Corner incurred $\$ 2,612.98$ of FICA contributions on the unauthorized wages. The $\$ 34,156.64$ of unauthorized wages and $\$ 2,612.98$ of FICA contributions are included in Exhibit A as improper disbursements.

Reimbursements Issued to Ms. Daniel - As Executive Director, Ms. Daniel was eligible for reimbursement of expenses, such as office supplies, grocery items, and mileage. However, according to Kids' Corner officials, beginning in December 2011, Ms. Daniel was provided a vehicle to be used for Kids' Corner business. As a result, no mileage was to be reimbursed after that date. During the period reviewed, we identified 123 reimbursements issued to Ms. Daniel totaling $\$ 20,880.90$. Of the $\$ 20,880.90$ identified, $\$ 6,625.80$ was classified as improper disbursements and $\$ 12,973.82$ was classified as unsupported disbursements. Exhibit H lists the 123 reimbursements issued to Ms. Daniel and the $\$ 6,625.80$ and $\$ 12,973.82$ identified are included in Exhibit A as improper and unsupported disbursements, respectively.

We were unable to locate supporting documentation for 69 of the 123 reimbursements identified. For the remaining 54 claims, we determined the majority of reimbursements were for mileage to the bank, the post office, and various retail vendors. However, the only supporting documentation available was a manual list prepared by Ms. Daniel listing the vendor name, the number of trips taken, and total miles to be reimbursed. As previously stated, after December 2011, Ms. Daniel was to use the vehicle provided by Kids' Corner. As a result, all mileage reimbursements after December 2011 were considered to be improper. In addition, we identified an instance where Ms. Daniel claimed reimbursement for a $\$ 382.71$ purchase from Sam's Club which had been originally paid with Kids' Corner's Mastercard.

Penalties and Interest - As previously stated, Kids' Corner employed approximately 25 employees during Ms. Daniel's tenure as Executive Director. Because Ms. Daniel was responsible for preparation of payroll, she was also responsible for withholding and remitting federal and state withholding payroll taxes for all Kids' Corner employees. With assistance from Kids' Corner officials, were we able to obtain transcripts from the Internal Revenue Service (IRS) of Kids' Corner's payment history. Based on a review of these transcripts, we determined Ms. Daniel had not filed payroll tax forms for 8 quarters and no payroll taxes had been remitted to the IRS. As a result, Kids' Corner incurred significant penalties and interest owed to the IRS. Table 4 summarizes the tax liability and related penalties and interest for the 8 quarters identified.

Table 4

|  | $\$ 143,489.47$ | $48,343.05$ | $191,832.52$ |

In addition, during our review of available supporting documentation, we identified 2 notices from the Iowa Department of Revenue for non-payment of payroll taxes for the quarters ended March 31, 2015 and March 31, 2016. As a result, Kids' Corner incurred $\$ 519.86$ of penalties and interest.

According to Kids' Corner officials, the IRS subsequently abated $\$ 43,722.38$ of the penalties and interest incurred. Because it was Ms. Daniel's responsibility to prepare and remit payroll taxes, the net penalties and interest of $\$ 5,140.53$ is included in Exhibit $\mathbf{A}$ as improper disbursements.

## Collections

As previously stated, Kids' Corner's primary revenue sources include parent payments and child care and development block grant funding from the State of Iowa. We reviewed documentation related to these revenue sources to determine if collections were properly deposited.

Grant Funding from the State of Iowa - The majority of revenues received from the State of Iowa are programs administered through the Iowa Department of Human Services. We confirmed all payments to Kids' Corner by the State of Iowa to determine if they were properly deposited to Kids' Corner's bank accounts. As a result, we identified 8 warrants issued to Kids' Corner by the State which were seized by the State's Offset Program, resulting in $\$ 10,178.70$ being retained by the State for outstanding daycare obligations and $\$ 42.00$ in offset fees being incurred by Kids' Corner. Because Ms. Daniel was responsible for ensuring timely payment of all Kids' Corner bills, the $\$ 42.00$ in offset fees is included in Exhibit $\mathbf{A}$ as improper disbursements.

During our fieldwork, Kids' Corner officials stated the daycare formerly participated in the Child and Adult Care Food Program (CACFP) to assist with the cost of food provided by Kids' Corner. The CACFP is funded through the U. S. Department of Agriculture and administered through the Bureau of Nutrition and Health (Bureau) within the Iowa Department of Education. Based on a review of available supporting documentation, Kids' Corner received \$37,621.93 and \$11,031.44 in fiscal years 2014 and 2015, respectively. In addition, the CACFP Lead Consultant with the Bureau stated Kids' Corner had participated in the CACFP each year since 1980. However, on January 2, 2015, the Bureau issued a letter addressed to Ms. Daniel informing her Kids' Corner's application had not been renewed. As such, the Bureau intended to terminate Kids' Corner's participation in the CACFP unless its application was renewed. Because Ms. Daniel took no further action, the Bureau terminated Kids' Corner's participation in the CACFP and issued the last payment on October 17, 2014.

According to Kids' Corner officials, the Board was not informed this action had been taken nor did they agree to discontinue participation in the CACFP. According to the CACFP Lead Consultant at the Bureau, Kids' Corner would have received approximately $\$ 35,000.00$ in funding each year in subsequent years had the application been renewed. Based on the $\$ 35,000.00$ per year cited by
the Bureau, Kids' Corner should have received approximately $\$ 105,000.00$ for fiscal years 2015 through 2017. Because the application was not renewed, Kids' Corner only received $\$ 11,000.00$ (rounded) in fiscal year 2015. As a result, Kids' Corner did not receive approximately $\$ 94,000.00$ of CACFP assistance. Because Ms. Daniel was responsible for ensuring Kids' Corner's application for CACFP assistance was current, the $\$ 94,000.00$ of estimated CACFP assistance is included on Exhibit A as forgone grant revenue.

Parent Payments - Kids' Corner receives payments from parents for child care services. Payments are due on a weekly basis and are comprised of a mix of cash and check payments. During Ms. Daniel's tenure as Executive Director, payments were primarily collected by the employee at the front counter who would record the payment in Kids' Corner's accounting system. The cash or check payment was then placed in a locked box until Ms. Daniel removed the collections to prepare the deposit. If needed, Ms. Daniel also collected payments at the front counter.

We compared the cash payments recorded in Kids' Corner's accounting system to the cash payments deposited to Kids' Corner's bank accounts. As a result of this comparison, we identified undeposited collections of $\$ 63,638.29$. Exhibit I summarizes the cash payments recorded to Kids' Corner's Receipt Ledger, the cash payments deposited to Kids' Corner's bank accounts, and the undeposited collections by month for the period reviewed. The $\$ 63,638.29$ of undeposited collections identified is included in Exhibit A.

We also obtained daily receipt ledgers which reconciled the amount receipted to the amount to be deposited. However, these reconciliations were only available for calendar years 2012, 2013, and 2015. During our review of the available reconciliations, we identified a discrepancy with the attached supporting documentation for a certain deposit. The reconciliation and corresponding supporting documentation included the daily receipt ledger reconciliation, the accompanying deposit slip, and the deposit receipts provided by the bank.

We identified an instance where the dates and amounts were not the same on all documentation, which appeared to be an attempt to hide cash payments which had not been deposited. Copies of the documentation reviewed are included in Appendix 1. As illustrated by the Appendix, the April 25, 2013 daily receipt ledger reconciliation lists check payments totaling $\$ 868.75$, cash payments totaling $\$ 100.00$, and total collections of $\$ 968.75$. The Appendix also includes copies of the 2 deposit slips prepared for the April 25, 2013 collections. Check and cash payments were deposited separately. As a result, there should be 2 bank receipts showing the deposited amounts. However, as illustrated by the Appendix, the attached receipt for the check deposit matches the $\$ 868.75$ total and is dated April 25, 2013, but the attached receipt submitted by Ms. Daniel for the cash deposit totals $\$ 101.50$ and is dated March 1, 2013. Also as illustrated by the Appendix, Kids' Corner's April bank statement shows a total deposit of $\$ 868.75$ on April 25, 2013.

## Cash Deposits to Ms. Daniel's Personal Bank Accounts

We obtained bank statements for the personal bank accounts held by Ms. Daniel for the period December 8, 2009 through May 31, 2016 to identify the source of certain deposits. Specifically, we reviewed the composition of 81 selected deposits. As a result, we identified 28 deposits comprised of cash and 21 deposits comprised of both cash and checks. For the 81 deposits reviewed, cash deposits totaled $\$ 42,075.00$. As previously stated, we attempted to interview Ms. Daniel; however, she did not agree to an interview. Therefore, we were unable to obtain her explanation for the cash deposits identified.

## Recommended Control Procedures

As part of our investigation, we reviewed the procedures used by Kids' Corner to perform bank reconciliations and process receipts, disbursements, and payroll. An important aspect of internal control is to establish procedures that provide accountability for assets susceptible to loss from error and irregularities. These procedures provide the actions of one individual will act as a check on those of another and provide a level of assurance errors or irregularities will be identified within a reasonable time during the course of normal operations. Based on our findings and observations detailed below, the following recommendations are made to strengthen Kids' Corner's internal controls.
A. Segregation of Duties - An important aspect of internal control is the segregation of duties among individuals to prevent one person from handling duties which are incompatible. The former Executive Director had control over each of the following areas.

1. Receipts - collecting parent payments, posting to the accounting records, and preparing and making deposits;
2. Disbursements - making certain purchases and receiving certain goods and services, maintaining supporting documentation, preparing, signing, and distributing checks, and posting to the accounting records;
3. Payroll - calculating payroll amounts, preparing, signing, and distributing checks, and posting payments to the accounting records;
4. Child care billing - preparing and distributing billings, receipts and depositing collections, posting collections to customer accounts and accounting records, and preparing and making bank deposits;
5. Bank accounts - reconciling monthly bank statements to accounting records; and
6. Reporting - preparing year-end statements for customers for income tax purposes and maintaining attendance records for all children and meal consumption records for children eligible for financial assistance from the State.

Recommendation - We realize segregation of duties is difficult with a limited number of employees. However, the functions listed above should be segregated between Kids' Corner employees and the Board. Also, bank statements should be delivered to an official who does not collect or disburse Kids' Corner funds. The bank statements should be reviewed in a timely manner for unusual activity. Bank reconciliations should be performed monthly and should be reviewed by someone independent of other financial responsibilities. The reviews should be documented by the signature or initials of the reviewer and the date of the review.
B. Reconciliation of Child Care Billings, Collections, and Deposits - Child care billings, collections, and deposits are not reconciled.

Recommendation - Procedures should be established to reconcile child care billings, collections, and deposits monthly. The reconciliation should be reviewed by the Board or other independent person on a regular basis.
C. Credit Card Disbursements - Kids' Corner had 3 credit cards. Using records obtained from certain vendors, we identified several improper purchases. In addition, we did not locate a credit card policy regarding allowable purchases, appropriate supporting documentation, and custody of credit cards. Also, we did not identify any independent review of the credit card statements.

Recommendation - Original receipts should be submitted to the Executive Director for any purchases made with the credit cards. The original receipts and unopened monthly credit card statements should be provided to someone without access to the credit cards. The monthly credit card statements should be opened by the independent party, compared to the original receipts, and reviewed to ensure charges are appropriate.

The independent party should also review payments recorded on the statements to determine if they have been made in a timely manner so Kids' Corner does not incur any finance charges or late payment fees. Any concerns identified during the independent party's review regarding the propriety or purchases and/or timeliness of payments should be resolved in a timely manner.

In addition, the Board should document allowable uses for the credit cards, such as travel expenses and supply purchases, and appropriate limits which may be charged on the credit card accounts.

In addition, the Board should establish a written policy which prohibits the personal use of Kids' Corner credit cards. The policy should specify the potential consequences of using Kids' Corner's credit cards for personal purchases, including consideration of termination of employment. The policy should be clearly communicated to all employees and Kids' Corner officials and everyone using a Kids' Corner credit card should be required to sign a statement regarding their understanding of the policy. In addition, the Board should implement procedures to ensure any purchases identified which do not appear to be for Kids' Corner operations are paid for by the purchaser rather than Kids' Corner.
D. Payroll - During our review of payroll, we identified the following concerns:

- There was no evidence of independent review of payroll registers or other supporting documentation.
- We were unable to locate timesheets or other documentation supporting vacation and sick leave hours. As previously stated, a Kids' Corner employee expressed concerns to the Board regarding Ms. Daniel's absences from work.
- We were unable to locate supporting documentation for Ms. Daniel's starting salary.
- Required payroll tax filings were not prepared and submitted in a timely manner resulting in penalties and interest being assessed to Kids' Corner.

Recommendation - The Kids' Corner officials should ensure minutes of Board meetings clearly include the starting salary of new employees, as well as specific information regarding pay increase. In addition, the Board should implement procedures to ensure an independent person periodically reviews timesheets and payroll journals to ensure rates and hours worked appear appropriate. The review and approval should be documented by the signature or initials of the reviewer and the date of the review.

In addition, the Board should implement procedures to ensure all required payroll tax filings are properly completed and submitted in a timely manner.

[^0]:    ** - Credits from Amazon identified on the Kids' Corner Mastercard credit card statements. Unable to obtain

[^1]:    ** - A portion of this purchase was paid with a personal credit card. That amount has been excluded from the Exhibit.

[^2]:    ** - Do not have transactions details; however, based on the credit card statements for Kids' Corner's Mastercard, these credits were attributed to Sam's Club. To be conservative, netted the total credit amount against the improper purchases identified.
