INCREDIBLE SKILLS AND TALENTS

Once again I am amazed by the skills, talents, and creativity of Iowa photographers. The 73rd Annual Photography Salon was probably one of the toughest competitions to judge in recent memory. Many of the photographs on display this year could have easily won an award at a national, and even international, competition. Each year I challenge the photographers to, "Show us the world as we have never seen it before!" Their very creative and imaginative photographs definitely prove that "Nothing Compares" to the incredible skills and talents of Iowa photographers.

IowaStateFair

**NOTHING
COMPARES**

We had 1,280 photographers enter the competition this year. Of the 1,280 photographers who entered, 568 (44%) will have at least one photograph on display. Of the 1,100 adults who entered, 457 (42%) will have at least one photograph on display. Of the 180 youth who entered, 111 (62%) will have at least one photograph on display. As you can imagine, having even one photograph on display at the Iowa State Fair Photography Salon is a huge accomplishment for photographers.

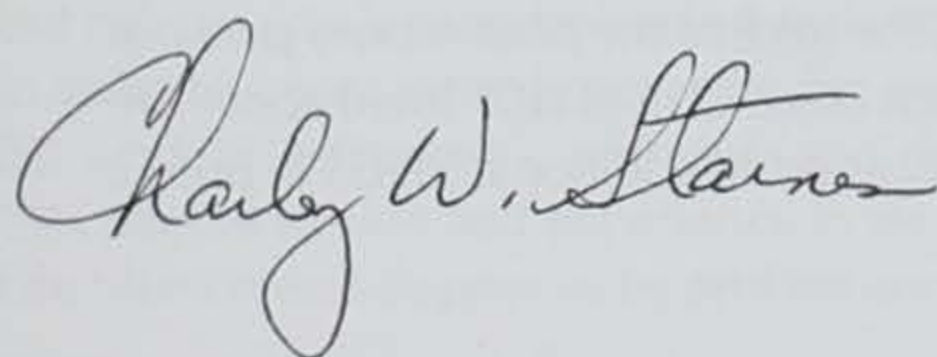

These very talented and creative photographers submitted a total of 3,932 photographs. Of the 3,932 photographs entered, 855 (22%) were selected for display. Of the 3,434 photographs submitted by adults, 715 (21%) were selected for display. Of the 498 photographs submitted by youth, 140 (28%) were selected for display.

With almost 4,000 photographs entered, think about the time and effort that the three judges spent reviewing and selecting photographs. It was definitely a very daunting task. In addition, think about the almost 1,300 nervous photographers who anxiously awaited their Judging Results postcard in the mail. All were hoping to see the box checked that said they made it in the show. Once in the show, their mind quickly turned to winning an award. Of the almost 4,000 photographs and 1,300 photographers, 83 (2%) photographs and 79 (6%) photographers received Honorable Mentions. Needless to say, winning any award in the Photography Salon is huge!

I would like to personally thank our sponsors and advertisers for their contributions. Many of our awards simply would not be possible without our sponsors. This book would also not be possible without the support of our advertisers. University Photo deserves special recognition for donating their time and effort in scanning and editing each of the award winning photos in this book.

The Iowa State Fair Photography Salon would not be possible without the help and support of a dedicated staff, a host of volunteers, and the Iowa State Fair Entry Department. Their efforts begin each year months in advance of the Iowa State Fair. Please join me in thanking them for all their hard work.

Enjoy looking at the incredible award winning images inside this book!

TORY DEVRIES

Tory DeVries graduated from the University of Arizona in 1999 with a Bachelor of Science degree in Accounting and Finance. DeVries' love for photography and teaching lead her back to school for a Master of Arts degree in Education from the University of Phoenix in 2001. Tory received her Teaching Certificate in Art and Business in 2001. DeVries' passion for photography began in 1990 while attending Valley High School in West Des Moines, Iowa. Today, Tory is back at Valley High School teaching 35mm film photography, digital photography, and video.

DeVries loves working with high school students and witnessing their own passion for the visual arts develop on a daily basis. "It is a thrilling experience helping students see their world in new and unusual ways. The 'aha' moments are my favorite; when students see their hard work come to fruition in a stunning work of art." Prior to teaching photography at Valley High School, Tory spent several years building her own photography portfolio shooting weddings, portraits, and advertisements while working in the private sector for a mining company. Working in the private sector allowed DeVries the opportunity to photograph the people and places of countries around the world.

BRYON HOULGRAVE

Bryon Houlgrave is a photojournalist with *The Des Moines Register*, having joined the staff in December of 2011. Houlgrave grew up in Southern California and Iowa. Bryon attended Hawkeye College in Waterloo, Iowa. Houlgrave began his photojournalism career in 2007 with the *Waukesha Freeman*, a daily newspaper in Waukesha, Wisconsin. In his first year at the paper, Bryon won an award from the Wisconsin Newspaper Association for a photo of legendary guitar innovator Les Paul. Following the *Waukesha Freeman*, Houlgrave joined the staff at the *Mason City Globe Gazette* in Mason City, Iowa.

Houlgrave's favorite subject matters are people, street photography, and action sports. Bryon made it to his first Iowa State Fair last year and says, "I am very excited to get to be a part of something as big as the Iowa State Fair Photography Salon. I am looking forward to seeing the visual talents of Iowa photographers, young and not so young." Houlgrave's work can be seen in *The Des Moines Register* and online at www.desmoinesregister.com.

KATIE SWANSON

Katie Swanson has had a love for various art mediums since high school with a focus on photography. After high school Swanson turned down a scholarship from the Art Institute of Pittsburgh to study counseling at Faith Baptist Bible College in Ankeny, Iowa where she graduated from in 2005. After graduating college Katie studied photography at Des Moines Area Community College in Ankeny, Iowa. Swanson started her own photography business, Katie Swanson Photography, in the fall of 2005.

Swanson first developed her love for photography while using film but now focuses solely on digital photography. Katie uses her creative vision to capture wedding and senior memories for her clients but her passion is specializing in family and children. Swanson loves to capture life's brief moments in order to create lasting memories for people to keep and cherish for a lifetime. Katie characterizes her work as "relationship photography." Swanson says that her goal is, "To capture the love and joy that people exhibit and experience in life and give it to them in a form that they will never forget. Life often seems to pass us by and we are unable to get those moments back."

SUPERINTENDENT'S COMMENTS

If you want to *increase* your chances of having a photo on display next year, *carefully* read through the 'Tips For Entering' below. These are the *major* reasons why photos get *rejected* each year. Another *key* reason is because photographers do NOT follow Entry Rules 4 and 5. These two rules were created to help *increase* NOT *decrease* your chances of getting *in the show*. It is NOT the judges' responsibility to pick out *your* best baby, dog, cat, bird, flower, people, building, or landscape photo. Photographers need to *prejudge* their own work and submit *only* their *best* photo of *each* subject. To increase *your* chances of getting *in the show*, your four photos should be of entirely *different* subjects.

To be successful you must take the *time* and *effort* to shoot for the Iowa State Fair Photography Salon. Do NOT pull photos off the computer at the very *last* minute. Spend a day, week, or month shooting for *just* one class. Also, keep in mind that the Iowa State Fair Photography Salon is about the *art* of Photography NOT Photoshop. Your goal is to, "Show us the world as we have *never* seen it before!" How you accomplish this is the *art* of photography.

TIPS FOR ENTERING

- Composition! Composition! Composition!
- Learn the *Rule of Thirds*. Do NOT put your *subject* in the center!
- Is your main subject *in focus*? If it is *out of focus*, it is *out of the show*.
- What is your *main* subject? If the judges *cannot* tell, it is *out of the show*.
- Watch for *background* distractions. Look carefully *around* your *main* subject *before* taking your photo.
- Do NOT *always* have your main subject *stare* directly into the camera.
- Do NOT *copy* or *duplicate* the ideas of other photographers or previous winners.
- Do NOT submit photos that are *similar* in nature. Enter four photos with *unique* subject matters.
- Do NOT keep entering the *same* four classes each year. Challenge yourself!
- Give yourself assignments. Spend a day, a week, or a month shooting *specifically* for just *one* class.
- The judges are looking for *photographs* NOT *snapshots*!
- Change your angle of view. See the world from a different *viewpoint*. Get off your feet!
- Change your lens. See the world from a different *perspective*. Take off your *favorite* lens!
- Get closer. Crop tighter. Crop with your lens! Image *quality* is *lost* if you *always* crop in Photoshop.
- If your horizon is NOT level, it is NOT in the show. Buy a *grid screen* or use the feature on your camera.
- Buy a *vertical grip* or *rotate* your camera to fit your subject. Do NOT suffer from *horizontal's disease*!
- Do NOT *over-sharpen* your images!
- Do NOT *over-saturate* your images!
- Color *calibrate* your monitor *at least* once a month.
- Black & White photos should be Black & White NOT Black & Blue!
- Use a good *photo lab* or make sure you have a *high quality* home printer. Print *quality* is everything!
- Using the *smallest* JPG setting means you will get *more* photos on your card and *less* photos in the fair.
- Judges *cannot* judge what they *cannot* see. Recommend photos be *at least* 8" x 10" or larger.
- Learn how to *see* light. Photography is *all* about the *light*!
- Learn about *film speeds*, *shutter speeds*, and *apertures*.
- Learn how to *control* your *depth of field* by changing your aperture.
- Learn how to operate *your* camera. *Read* the owner's manual!
- Run film/pixels through your camera. The *more* you shoot the *better* you will get.
- Take a *class* or join a local *camera club*!

IOWA WATERWAYS

While Iowa might be known for its agricultural, it is also a state full of natural resources. From the Mississippi River to the Missouri River there are hundreds of rivers, lakes, and streams across Iowa. Although the rivers in Iowa may not be as big as the mighty Mississippi River, their beauty and grace can always be seen through the creative eye of the photographer. Imagine watching the breathtaking view below as the sun slowly rises through the fog just above the Des Moines River as it feeds into Saylorville Lake.

Your assignment for 2013 is to capture and *photograph* the beauty and splendor of Iowa's Waterways. Included in your assignment are any of the rivers, lakes, ponds, streams, creeks, and waterfalls in Iowa. That being said, I must offer you a word of caution. Notice that I did NOT say the theme was Iowa People or Iowa Animals. While they can be included in your *photograph*, they should NOT be the *main subject* or *main focus* of your image. The Iowa Waterway should be the *main subject*. The *photographs* entered in the 2013 Theme Class will be judged based upon these guidelines.

So, this is your chance to showcase some of the great natural resources of our state. Do NOT limit yourself to only taking color *photographs*. Some of Iowa's Waterways also look incredible in black and white. Likewise, do NOT limit yourself to a certain time of day or time of year. Try shooting in the fall and winter months when the light is less intense.

Now for the hardest part of your assignment, I do NOT want to see *snapshots* of Iowa's Waterways. Your goal is to *photograph* Iowa's Waterways. What is the difference? A *snapshot* is a casual photo *without* much thought or planning. A *photograph* is an image that *you* actually *create*. Judges love creativity. Your job as a photographer is to, "Show us the world as we have *never* seen it before!" How *you* accomplish *this* is the *art* of photography. In other words, "Show us Iowa's Waterways as we have *never* seen them before!"

Waukon, Iowa

While traveling with two friends and all our children in northeast Iowa we spent some time walking around downtown Waukon, going in and out of several shops. We rounded the corner, and there it was — my shot!

Country Road

Walking this way on a bright part of the day, the sun was just setting, and the light was perfect. I was just in the mood for a country road.

THE IOWAN May/June 2012

Picture this.

Each year, the editorial staff of *The Iowan* reviews the entire salon exhibit and chooses favorites for publication in *The Iowan*.

Iowa in focus.

Photography is an integral part of the storytelling we do in each issue of *The Iowan*. When compelling images combine with exceptional writing, our readers are transported.

That's why sponsoring the *Iowa Places* class award is a natural fit for us. As Iowa's original statewide magazine, *The Iowan* has shared Iowa places with readers for more than six decades.

What's your vision?

Visit us online at iowan.com and learn how to become a contributing photographer.

Our selections from last year's showcase appeared in our May/June 2012 issue. We invite you to pick up a complimentary copy at the Photography Salon information table.

2013 Iowa State Fair Photography Salon
