77th ANNUAL PHOTOGRAPHY SALON

I would like to personally thank our sponsors and our advertisers for their contributions this year. Many of our awards simply would NOT be possible without the support of our sponsors. For the first time ever, 100% of this year's \$8,350 in prize money was donated by our sponsors. This book would also NOT be possible without the support of our advertisers. The staff at University Photo deserves a very special recognition for donating their time and effort to scan and edit each and every one of the 203 award winning photographs inside this year's Photography Salon book.

We had 1,143 photographers enter the competition this year. Of the 1,143 photographers who entered, 577 (50%) have at least one photograph on display. Of the 969 adults who entered, 449 (46%) have at least one photograph on display. Of the 174 youth who entered, 128 (74%) have at least one photograph on display.

These very talented and creative photographers submitted a total of 3,642 photographs. Of the 3,642 photographs entered, 865 (24%) were selected for display. Of the 3,166 photographs submitted by adults, 688 (22%) were selected for display. Of the 476 photographs submitted by youth, 177 (37%) were selected for display.

The Photography Salon continues to be *one* of the most *popular* exhibits at the fair. It is also *by far* the toughest *competitive event* at the lowa State Fair. We received entries from a *record breaking* 80 (81%) counties out of the 99 counties in lowa. The numbers above *only* give you a *brief* glimpse into how *competitive* it really is. For *photographers* to have even *one* photograph on display is a *huge* accomplishment. Of the 1,143 *photographers* who entered: 354 (31%) have *one* photo on display, 160 (14%) have *two* photos on display, 61 (5%) have *three* photos on display, and 2 (.2%) have *four* photos on display. Congratulations to Mike Amfahr and Diane Michaud Lowry for having *all* four of *their* photos on display and receiving the *Superintendent's Merit Award for Photographic Excellence*.

I would like to personally thank our three Judges for all their hard work, time and effort. We ended up doing 12 rounds of judging this year. The judges looked at every photograph that was entered at least two different times before making their final decisions. They also looked at every photograph that made it 'In the Show' at least two different times for a possible award. All their hard work and dedication has resulted in an amazing display of photographs.

Nothing Compares to my dedicated Staff and a host of Volunteers. It would be impossible to do this each year without their help and support. I would also like to thank the lowa State Fair Entry Department and the summer interns who processed all 1,143 entry forms. After suffering a heart attack just days before the photographers were to drop off their photos in June, I cannot begin to express my gratitude and sincere appreciation for the efforts of my Staff, the Volunteers, and the Entry Department in putting together this year's exhibit in my absence. Thank you!!!

I sincerely hope that you enjoy looking at the incredible 203 award winning photographs inside this year's 77th Annual Iowa State Fair Photography Salon book. Have a great time at the fair!

Charley W. Starnes, Superintendent Iowa State Fair Photography Salon

Marty Baldwin

Marty Baldwin is a commercial photographer from West Des Moines, Iowa. Marty has been a professional photographer for 28 years. He attended Hawkeye Institute of Technology in Waterloo, Iowa and received an Associate of Arts degree in Photography in 1988. Marty went straight to work shooting advertising and sales materials for Maytag Corporation where he worked for several years. Following that he went to a catalog studio in Des Moines called Truepenny Studios where he worked on accounts ranging from Service Merchandise and JCPenney's catalogs to Hy-Vee and Wal-Mart product packaging. After leaving Truepenny Studio's Marty opened his own studio and did work for several local advertising agencies as well as Meredith Corporation. Eventually he joined Meredith Corporation as a full time photographer and helped usher in the age of digital photography to the world of publishing. He still works there today and has been published in 100's of titles of magazines and books produced by Meredith Corporation including *Better Homes and Gardens* magazine.

Baldwin's love for photography began early when he entered and won a photography contest in a local newspaper at the age of 12. From there came a home darkroom, yearbook and school news publications and, after a brief stint in the Army serving in Germany for 2 years, a degree in photography. His approach to his work is as a craftsman; building up images with the tools of lighting, composition and emotions. Marty continues to learn and enjoy photography every day and couldn't imagine doing anything else in life. "Find something you love to do and you'll never have to work a day in your life." When he isn't working Marty and his wife Lori enjoy traveling, golfing and watching baseball games together.

Dolie Thompson

Dolie Thompson is a photographer, educator, and floral designer from Homer, Nebraska. She has a Master of Fine Arts Degree from Savannah College of Art and Design, Savannah, Georgia, and a Bachelor of Arts Degree from Briar Cliff University, Sioux City, Iowa. She has been teaching photography in the Art Department at Morningside College in Sioux City, Iowa since 2004.

At Morningside College, Thompson teaches both traditional darkroom photography and digital imaging, in subjects ranging from landscape and botanicals to portraits, food, tabletop, Fine Art and alternative processes. As advisor for Morningside Photo Club, she frequently writes funding requests to help students attend photography conferences and visit art museums, gallery exhibitions, and find interesting places to take pictures. She has been able to travel with students in the US and Europe twenty three times in the past seven years. Some of her favorite places to take students are the Pacific Northwest, New York City, and Ljubljana, Slovenia. She finds travel to be the best way to increase student awareness of opportunities in the world and deliberately and consciously plan their career path.

Thompson and two of her sisters own Sisters Florals, a floral shop specializing in designing and photographing wedding flowers and decorating reception halls for events. Sisters Florals has been honored to be published in *The Floral Review* twice in the past year.

SUPERINTENDENT'S COMMENTS

It is NOT the *judges'* responsibility to pick out *your* best baby, people, dog, cat, bird, frog, flower, barn, building, landscape, or sunset photo. Photographers need to *pre-judge* their *own* work and submit *only* their *best* photo of *each* subject matter. The entry rules *clearly* state that the *same* photo or *similar* photo CANNOT be entered in multiple classes. Photos that are the *same* or *similar* will be *rejected*.

This entry rule was created to help *increase* NOT *decrease* your chances of getting *in the show*. During the *first* round of judging, *all* four of *your* photos are lined up *together* in front of the judges. To *increase* your chances of being *exhibited*, your photos should be of entirely *different* subjects. Another *huge* mistake is trying to *copy* or *duplicate* the *ideas* of *other* photographers or *previous* award winners.

TIPS FOR ENTERING

- Composition! Composition! Composition!
- Learn the Rule of Thirds. Do NOT always put your main subject in the center.
- What is your main subject? If the judges CANNOT tell, it is out of the show.
- Is your main subject in focus? If it is out of focus, it is out of the show.
- Watch for background distractions. Look carefully around your main subject before taking your photo.
- Do NOT always have your main subject (people, dogs, cats, etc.) stare directly into the camera.
- Do NOT copy or duplicate the ideas of other photographers or previous award winners.
- Do NOT submit photos that are similar in nature. Enter photos with different subject matters.
- Do NOT keep taking photos of the same old landmarks. The judges have seen them before.
- Do NOT keep entering the same old classes every year. Challenge yourself!
- Do NOT fall in love with your photograph!
- The judges know absolutely nothing about your photo and the story behind it.
- The judges are looking for photographs NOT snapshots!
- The judges do NOT like to see photographs that are too staged or set up.
- The judges CANNOT see your photo for all the hot pink, red, orange, purple, and velvet mats.
- The judges CANNOT judge what they CANNOT see. Your photos should be at least 8" x 10" or larger.
- Change your angle of view. See the world from a different viewpoint. Get off your feet!
- Change your lens. See the world from a different perspective. Take off your favorite lens!
- Image quality is lost if you always crop in Photoshop. Get closer. Crop tighter. Crop with your lens!
- If your horizon is NOT level, it is NOT in the show. Buy a grid screen or use the feature on your camera.
- Buy a vertical grip or rotate your camera to fit your subject. Do NOT suffer from horizontal's disease!
- Buy a circular polarizing filter for your lens. Learn how and when to use it.
- Do NOT over-sharpen or over-saturate your images!
- Color calibrate your monitor at least once a month!
- Black & White photos should be Black & White NOT Black & Blue.
- Use a good photo lab or make sure you have a high quality home printer. Print quality is everything!
- Learn how to see the light. Photography is all about the light!
- Learn about film speeds, shutter speeds, and apertures.
- Learn how to control your depth of field by changing your aperture.
- Learn about the light metering patterns inside your camera and how to use them.
- Learn about white balance. Learn how to create a custom white balance inside your camera.
- Learn how to operate your camera. Read the owner's manual and/or learn about it on YouTube!
- Using the smallest JPG setting means you will get more photos on your card and less photos in the fair.
- Run film/pixels through your camera. The more you shoot the better you will get!
- Give yourself assignments. Spend a day, a week, or a month shooting for just one class.
- Take a class or join a local camera club!

CLASS INFORMATION

To increase your chances of being exhibited, your photos should be of entirely different subjects.

WHAT'S UP?

"What's up? Not much. No, what is that directly above your head?" Your assignment for next year might very well be one of the most interesting and challenging assignments that I have given you so far. For years you have heard me say that the key to having your photos on display at the lowa State Fair is to "Show us the world as we have never seen it before!" Well, now is your chance to do just that.

Your goal is to "show us the world" that is directly overhead, which most people never seem to see or notice. There are literally thousands of interesting subjects, lines, patterns, shapes, structures, and architectural elements that can be found if we only take the time to look up.

So, how is the best way to successfully complete your assignment for next year? Get off your feet! In other words, when possible, you should be lying on your back and shooting straight up. The toughest part of your assignment is going to be finding interesting subjects and angles that you can shoot from. Try using several different focal length lenses for the same subject to change your angle of view and perspective.

Remember, you must also focus on creating an image that has a great composition and a clearly defined main subject. If the judges cannot figure out what your main subject is, it is 'Out of the Show'.

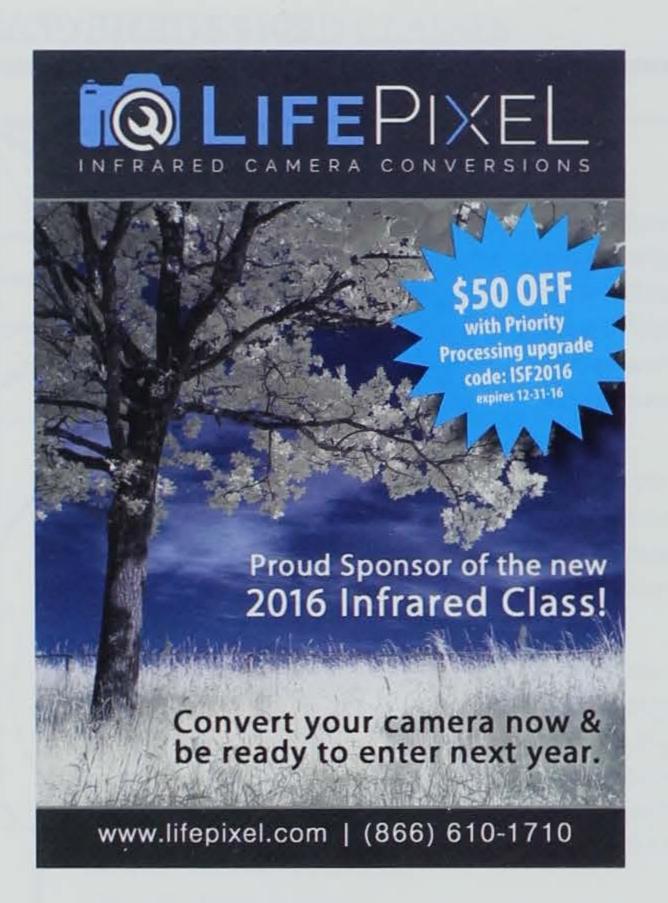

I am NOT looking for *more* photos of fireworks, airplanes, birds in flight, hot air balloons, the dome inside the state capitol, or photos taken underneath bridges. Your photos should also NOT be of *objects* way off in the distance that might be higher than your head. Again, your *main* subject should be *directly* above you.

You will definitely need to think 'out of the box' and 'get off your feet' for this assignment. Your photos should excite and inspire the other photographers and visitors at next year's lowa State Fair. More importantly, your images must also excite and inspire next year's three judges. You have to make them wish that they were the photographer. If you do this, I can guarantee that your photograph will be on display next year. Because you will have had an entire year to perfect your skills, the photographs in the theme class will be judged to a much higher standard.

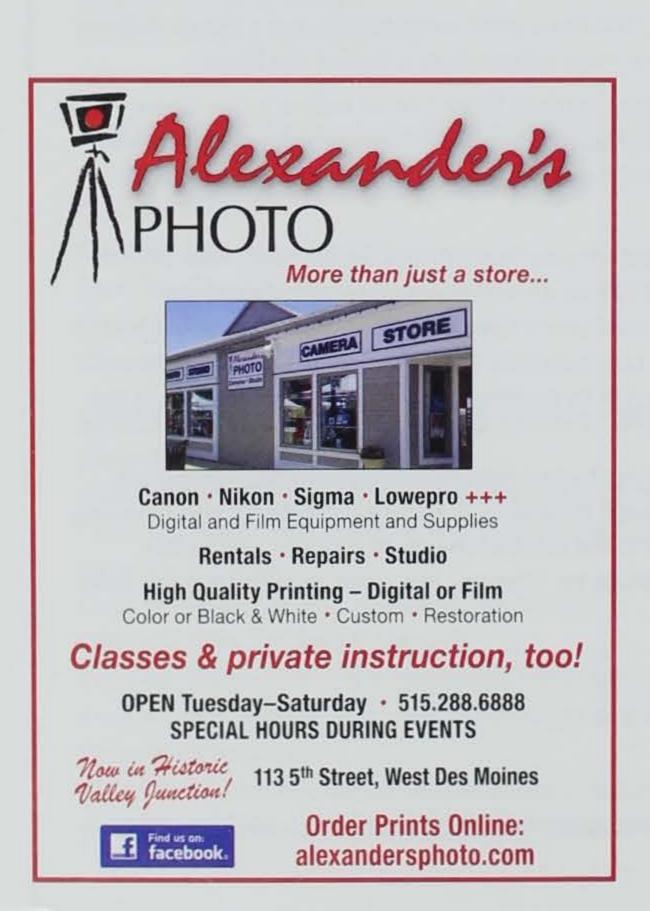

Again, always remember to focus on the art of photography by creating photographs NOT snapshots. A photograph is so much harder to create than a snapshot. It takes time, thought, creativity, and planning to create. A really great photograph is actually created in the mind of the photographer well before the shutter is ever released. The true art of photography is to, "Show us the world as we have never seen it before!"

Charley W. Starnes, Superintendent Iowa State Fair Photography Salon
