## It's time! Select your trees from the State Forest Nursery

The DNR's **State Forest Nursery** starts accepting orders August 1, so now is the perfect time to check out the [online sales site](#), featuring dozens of quality native Iowa trees and an easy check-out process. Choose from hardwoods, evergreens and smaller trees/shrubs.

Orders can be placed now until May 31, with fall and spring delivery windows. Learn more and visit the online State Forest Nursery site today!

### Whoops! We're sorry -- nursery catalog mailing mixup

Recently we mailed a nursery catalog to past tree purchasers. We experienced a mix-up that occurred during the list development process, and names and addresses didn't match. Fortunately, all mailing addresses should have received a

catalog, regardless of the name that appeared on the catalog.

We apologize for the error and inconvenience, and want to assure you there are no other issues with privacy or accuracy regarding your personal information.

Thanks for your understanding!
