# Drive Home Your Support For Iowa's Natural Resources

**Our plates are  
for the birds . . .**

. . . and frogs and deer and beavers and fish -- in fact, all Iowa's wildlife. But most importantly, REAP plates are for people like you who enjoy the natural beauty and outdoor recreation our state has to offer -- and who want to improve it.

Created in 1989, the Resource Enhancement and Protection program, REAP, has received the highest national award for improving local, county and state natural resources. Money from the sale of REAP license plates is directly invested in natural resource improvements in Iowa. So far, that's \$70 million and rising.

## How to get yours:

Take your current plates and registration to your county treasurer and request the natural resource plates. The initial cost of the standard REAP plate is \$35 in addition to your regular registration fee, and in following years, \$10 annually. Personalized plates are also available. For additional information on a taped message, call 515-281-5145. After the recording starts, dial 145449

**Restrictions** Plants must be ordered in units of 100 and the total order must be a minimum of 500 plants. (Wildlife and songbird packets may be ordered separately and may be added to in units of 100.) The nursery stock must be planted and used for establishing or improving existing forest, erosion control, wildlife or water conservation. Nursery stock cannot be resold or given away with roots attached, to any person, firm, corporation or agency, or planted for new windbreak, shade or ornamental purposes. All plantings must be protected from fire and domestic livestock grazing. All trees planted or used in violation of the above restrictions are subject to forfeit for destruction.

**Payment** For orders more than \$500, the nursery will bill you for 20 percent of the cost with the remainder to be paid by March 1.

**Spring Delivery** Orders are shipped via a state refrigerated truck to a drop-off point in each county in April.

**Claims** Claims for any cause must be made within 10 days after receipt of plants. We give no warranty, expressed or implied, as to the productiveness or life of the material, and we will not be in any way responsible for results or economic losses incurred or claimed by the consumer.
