## EPA Webinars on the SRF American Iron and Steel (AIS) Requirements Have Been Rescheduled

---

### SRF AIS Requirements Refresher Webinar: Focus on States and Borrowers

The Environmental Protection Agency (EPA) is hosting a refresher webinar for State SRF program staff and SRF assistance recipients to discuss the details of the AIS requirements, including implementation of the requirement, project coverage, the waiver request process, and the national waivers. Potential and current borrowers are welcomed and encouraged to participate in the webinar.

This webinar is scheduled for: Tuesday, March 12<sup>th</sup>, 2019 from 1:00-2:30 pm CDT

### SRF AIS Requirements Refresher Webinar: Focus on Manufacturers, Suppliers, and Contractors

The EPA is hosting a refresher webinar for manufacturers, suppliers, and contractors to discuss your role in EPA's AIS requirements, including certification letters, the waiver process, and the national waivers. All domestic iron and steel product manufacturers and suppliers, as well as, contractors, engineers, and construction managers of SRF funded projects are welcomed and encouraged to participate in the webinar.

This webinar is scheduled for: Wednesday, March 13<sup>th</sup>, 2019 from 1:00-2:30 pm CDT
