Catch a memory with your mom this weekend!

Take your mom fishing this weekend - get away for a few hours or stay the whole weekend. It's easy to add fishing to your Mother's Day celebrations with plenty of lakes and ponds in neighborhood parks and along trails across Iowa.

No matter where your mom lives, find the perfect spot to hook memories together on our [interactive Iowa Community Fisheries Atlas](#). Many locations have plenty of food and drink options close by or other outdoor fun options to keep the whole family happy.
