or Annette Campbell
July 3, 2019
515/281-5834
FOR RELEASE
Auditor of State Rob Sand today released a report on a special investigation of the Webster City Chamber of Commerce for the period October 1, 2013 through June 30, 2018. The special investigation was requested by Chamber officials as a result of concerns regarding certain financial transactions processed by the former Financial and Administrative Assistant, Leah Mulholland.

Sand reported the special investigation identified $\$ 239,586.23$ of improper disbursements and $\$ 23,602.83$ of unsupported disbursements. Sand also reported the special investigation identified a $\$ 1,128.00$ refund issued to the Chamber for overpayment of their state income tax which was not deposited into the Chamber's bank accounts. The $\$ 239,586.23$ of improper disbursements identified includes:

- $\$ 190,489.58$ of payments to or for Leah Mulholland, including unauthorized checks, excess gross salary, and the Chamber's share of payroll costs,
- $\$ 14,497.00$ of transfers from the Chamber's primary checking account to the Chamber's "Chamber Bucks" bank account which were not approved,
- $\$ 15,725.09$ of vendor payments,
- $\$ 10,086.57$ of penalties and interest paid to the IRS and the Iowa Department of Revenue,
- $\$ 3,950.00$ of checks redeemed for cash and cash withdrawals, and
- $\$ 4,837.99$ of bank fees.

The $\$ 23,602.83$ of unsupported disbursements identified includes:

- $\$ 19,422.51$ of vendor payments,
- $\$ 4,058.48$ of reimbursements issued to 2 former Executive Directors, and
- $\$ 121.84$ of reimbursements issued to Ms. Mulholland.

Sand also reported it was not possible to determine if additional amounts were improperly disbursed or if additional collections were not properly deposited because adequate documentation was not available.

The report includes recommendations to strengthen the Chamber's internal controls, such as improvements to segregation of duties, ensuring sufficient supporting documentation is maintained for all disbursements, performing receipt reconciliations, and eliminating the use of a debit card for Chamber purchases.

Copies of this report have been filed with the Division of Criminal Investigation, the Hamilton County Attorney's Office, and the Attorney General's Office. A copy of the report is available for review on the Auditor of State's web site at https://auditor.iowa.gov/reports/auditreports/.

Auditor of State's Report

To the Members of the Webster City
Chamber of Commerce Board:
As a result of concerns identified regarding certain financial transactions processed by a former Financial and Administrative Assistant and at your request, we have applied certain tests and procedures to selected financial transactions of the Webster City Chamber of Commerce (Chamber) for the period October 1, 2013 through June 30, 2018. Based on a review of relevant information and discussions with Chamber officials and personnel, we performed the following procedures.
(1) Evaluated internal controls to determine whether adequate policies and procedures were in place and operating effectively.
(2) Reviewed activity in the Chamber's bank accounts to identify any unusual activity.
(3) Examined certain deposits to the Chamber's bank accounts to determine the source, purpose, and propriety of the deposits.
(4) Scanned images of redeemed checks issued from the Chamber's bank accounts for reasonableness. We examined supporting documentation for selected disbursements to determine if they were properly approved, supported by adequate documentation, and appropriate for the Chamber's operations.
(5) Examined information obtained directly from vendors for certain disbursements to determine if purchases were appropriate for Chamber operations.
(6) Examined payroll disbursements to the former Financial and Administrative Assistant, Leah Mulholland, and 2 former Executive Directors to determine if payments were properly approved, properly supported, and the amount and frequency of the payments were reasonable.
(7) Examined reimbursements to Ms. Mulholland and the 2 former Executive Directors to determine if the payments were for appropriate purposes, properly approved, and supported by adequate documentation.
(8) Confirmed payments to the Chamber by the State of Iowa to determine if they were properly deposited to the Chamber's bank accounts in a timely manner.
(9) Reviewed available Chamber Board meeting minutes to identify significant actions and to determine if certain payments were properly approved.
(10) Reviewed transfers between the Chamber's bank accounts for propriety and proper approval.
(11) Reviewed payroll tax payments to the IRS and Iowa Department of Revenue to determine if the proper amount was remitted in a timely manner.
(12) Interviewed Ms. Mulholland to obtain explanations for certain disbursements and collections.

These procedures identified $\$ 239,586.23$ of improper disbursements, $\$ 23,602.83$ of unsupported disbursements, and $\$ 1,128.00$ of undeposited collections. We were unable to determine if additional amounts were improperly disbursed or if additional collections were not properly deposited because adequate documentation was not available. Several internal control weaknesses were also identified. Our detailed findings and recommendations are presented in the Investigative Summary and Exhibits A through I of this report.

The procedures described above do not constitute an audit of financial statements conducted in accordance with U.S. generally accepted auditing standards. Had we performed additional procedures, or had we performed an audit of financial statements of the Webster City Chamber of Commerce, other matters might have come to our attention that would have been reported to you.

Copies of this report have been filed with the Division of Criminal Investigation, the Hamilton County Attorney's Office, and the Attorney General's Office.

We would like to acknowledge the assistance extended to us by officials and personnel of the Webster City Chamber of Commerce and the Iowa Division of Criminal Investigation during the course of our investigation.

ROB SAND Auditor of State

# Webster City Chamber of Commerce 

Investigative Summary

## Background Information

The Webster City Chamber of Commerce (Chamber) was created to advance the general welfare and prosperity of the Webster City area, its citizens, and its businesses. The Chamber's Board of Directors is composed of 8 members, including the President, Vice-President, Treasurer, and 5 individuals elected from the Chamber membership to serve on the Board for 3-year terms.

The Chamber Board meets monthly at the Chamber office. Board members are responsible to uphold and advocate the Chamber's mission and provide oversight to the financial transactions of the Chamber.

The Chamber employs an Executive Director who is responsible to provide services to the Executive Board. The Chamber also employed various part-time employees to assist the Executive Director with the business operations of the Chamber. These individuals' titles were Financial and Administrative Assistants and their responsibility included handling business operations of the Chamber.

In 2013, the Executive Director became a salaried position and has since been held by 2 individuals. Debra Brown began employment with the Chamber in March 2013 and held the Executive Director's position until her resignation on March 24, 2017. After interviewing a number of candidates, the Board offered the position to Linda Christianson, who became the Executive Director on April 3, 2017. She held the position until her termination on July 13, 2018. The Executive Director's salary was paid at a rate established and approved by the Executive Board.

As the Executive Director, Ms. Brown and Ms. Christianson were responsible for assisting existing businesses with continued successes, serving as a resource to new businesses considering locating in Webster City, and assisting the city government. They were also responsible for working with community leaders, elected officials, State and Federal government advisors and officials, and other development-focused organizations to coordinate efforts to maximize resources and results. They were to serve as an advisor to the Executive Board on business and trends in economic development. They were also responsible to oversee the part-time staff of the Chamber related to the day-to-day business operations of the Chamber.

As previously stated, the Chamber also employed part-time Financial and Administrative Assistants. Leah Mulholland was hired by the Chamber as a Financial and Administrative Assistant (Administrative Assistant) on October 16, 2013. As the Administrative Assistant, Ms. Mulholland was responsible for the following functions:

- Receipts - opening mail, collecting receipts, posting all collections to the accounting records, and preparing and making bank deposits;
- Disbursements - making certain purchases for Chamber purposes, maintaining supporting documentation; preparing, signing and distributing checks; and posting disbursements to the accounting records;
- Payroll - calculating payroll amounts, preparing, signing, and distributing checks, posting payments to the accounting records, and filing required payroll reports; and
- Bank accounts - receiving and reconciling monthly bank statements to accounting records.

According to Chamber officials, typical hours at the Chamber's office were from 9:00 a.m. to 5:00 p.m. Monday through Friday. The Executive Director' position required 40 hours per week. According to the Board President, Ms. Mulholland was hired as a part-time employee and was originally expected to work 20 hours per week. However, her hours in the Chamber office were increased to 35 hours per week at the April 12, 2017 Executive Board meeting. Additionally, Ms. Mulholland's hours in the Chamber office were increased to 40 hours per week at the December 13, 2017 Executive Board meeting. Ms. Mulholland was paid an hourly rate established and approved by the Executive Board.

The Chamber's primary revenue sources include membership/sponsorship dues, hotel/motel tax funds provided annually by the City of Webster City, and proceeds from fund raising events.

Chamber disbursements are primarily made by check; however, the Executive Directors' payroll was made electronically into their personal bank accounts and debit cards were also available for the Executive Director and Administrative Assistant to use. All disbursements are to be supported by invoices or other documentation obtained by or submitted to the Executive Director. Each month, the Executive Director is to prepare a listing of bills to be paid and provide the listing to the Board for approval. After the Board approves the bills, the Administrative Assistant prepares the checks and the Executive Director and a Board Member signs the checks.

The Chamber established 4 bank accounts, including a primary checking account used for most Chamber operations and a money market savings account. Separate accounts were opened for the revolving loans issued by the Chamber and the Chamber Bucks program.

The monthly bank statements for the Chamber's bank accounts are mailed directly to the Chamber office and opened by the Administrative Assistant. According to the Board President, the monthly statements and related images of redeemed checks were not periodically reviewed by members of the Board or the Executive Director while Ms. Mulholland was the Administrative Assistant. The Board President also stated bank reconciliations were not performed during Ms. Mulholland's tenure as Administrative Assistant.

On June 15, 2018, the Executive Director identified discrepancies when reviewing the current monthly bank statement for the Chamber's checking account. Specifically, the Executive Director identified unauthorized checks issued from the account to Ms. Mulholland. On June 18, 2018, the Executive Director met with members of the Board to review and discuss the transactions identified. At this time, the Chamber contacted their attorney as well as the County Attorney and froze all of the Chamber's bank accounts and changed the locks to the Chamber office.

On June 18, 2018, the Board President, 2 Board Members, and the Executive Director met with Ms. Mulholland to discuss the concerns. During this meeting, Ms. Mulholland admitted to the misuse of funds and was immediately terminated from her position. The Executive Director provided a form for Ms. Mulholland to sign admitting to the misuse of Chamber funds, which she signed. According to the Board President, this form was misplaced and could not be located after the meeting.

After the meeting, all materials and financial information were given to the Webster City Police Department who, in turn, contacted the Division of Criminal Investigation for continued investigation. On July 12, 2018, a representative from the Division of Criminal Investigation contacted the Office of Auditor of State regarding the concerns.

As a result of the concerns identified by Chamber officials and the Department of Criminal Investigation, the Office of Auditor of State was requested to review the Chamber's financial records. We performed the procedures detailed in the Auditor of State's Report for the period October 1, 2013 through June 30, 2018.

## Detailed Findings

The procedures performed identified $\$ 239,586.23$ of improper disbursements, $\$ 23,602.83$ of unsupported disbursements, and a $\$ 1,128.00$ refund check issued to the Chamber by the Iowa Department of Revenue which was not cashed or deposited into the Chamber's bank accounts.

The $\$ 239,586.23$ of improper disbursements identified includes:

- $\$ 190,489.58$ of payments to or for Leah Mulholland, including unauthorized checks, excess gross salary, and the Chamber's share of payroll costs,
- $\$ 14,497.00$ of transfers from the Chamber's primary checking account to the Chamber's "Chamber Bucks" bank account which were not approved,
- $\$ 15,725.09$ of vendor payments,
- $\$ 10,086.57$ of penalties and interest paid to the IRS and the Iowa Department of Revenue,
- $\$ 3,950.00$ of checks redeemed for cash and cash withdrawals, and
- $\$ 4,837.99$ of bank fees.

The $\$ 23,602.83$ of unsupported disbursements identified includes:

- $\$ 19,422.51$ of vendor payments,
- $\$ 4,058.48$ of reimbursements issued to 2 former Executive Directors, and
- \$121.84 of reimbursements issued to Ms. Mulholland.

Because supporting documentation was not available for all transactions, it was not possible to determine if additional amounts were improperly disbursed or if additional collections were not properly deposited. All findings are summarized in Exhibit A and a detailed explanation of each finding follows.

On June 20, 2019, we conducted an interview with Ms. Mulholland with the assistance of a special agent from the Division of Criminal Investigation. Information provided by Ms. Mulholland during the interview is included in the following paragraphs.

## IMPROPER AND UNSUPPORTED DISBURSEMENTS

As previously stated, the Chamber established 4 bank accounts, including a primary checking account used for most Chamber operations and a money market savings account. Separate accounts were also opened for the revolving loans issued by the Chamber and the Chamber Bucks program. Also as previously stated, all Chamber disbursements are to be made by check or with the Chamber's debit cards. We reviewed all disbursements and redeemed checks from the Chamber's 4 bank accounts for the period October 1, 2013 through June 30, 2018.

Using available supporting documentation and based on information obtained from certain vendors, internet searches, discussions with Chamber officials, approved disbursement listings, and the vendor, frequency and amount of the payments, we classified payments as improper, unsupported, or reasonable.

Disbursements were classified as improper if they were personal in nature or not necessary or reasonable for operations of the Chamber. Disbursements were classified as unsupported if appropriate documentation was not available or it was not possible to determine if disbursements were related to Chamber operations or personal in nature. Other disbursements were classified as reasonable if it appeared they were for Chamber operations based on available supporting documentation, discussions with the Board President and board members, and/or the vendor, frequency and amount of the payments.

Disbursements from the money market savings account consisted of transfers which were deposited to the Chamber's other bank accounts. We did not identify any improper or unsupported disbursements from the money market savings account. The improper and unsupported disbursements identified in the Chamber's checking, Chamber Bucks, and Revolving Fund bank accounts are explained in detail in the following paragraphs.

## Checks Issued to Leah Mulholland

As previously stated, Ms. Mulholland began employment with the Chamber in October 2013. As part of her duties, Ms. Mulholland prepared payroll. We identified 367 checks Ms. Mulholland issued to herself from the Chamber's bank accounts during the period of our investigation. The 367 checks total $\$ 236,313.03$ and, based on the description recorded in the accounting system and memo lines of checks, include payroll, reimbursements, bonuses, and checks for which there was no support or description. The checks Ms. Mulholland issued to herself from the Chamber's bank accounts are summarized in Table 1.

Table 1

| Description of Checks | Number <br> of Checks | Amount |
| :--- | ---: | ---: |
| Payroll | 139 | $\$ 110,828.23$ |
| Bonuses | 4 | 850.00 |
| Reimbursements | 2 | 121.84 |
| No support | 222 | $124,512.96$ |
| $\quad$ Total | 367 | $\$ 236,313.03$ |

We reviewed each of the 367 checks Ms. Mulholland issued to herself and identified several concerns. Our findings are described in the following paragraphs.

Payroll Checks - Chamber employees are required to prepare timesheets. According to Chamber officials, Ms. Mulholland was expected to complete a timesheet each pay period and it was to be reviewed and approved by the Executive Director.

As the Administrative Assistant, Ms. Mulholland prepared the monthly payroll using an online payroll system from Intuit®. Ms. Mulholland recorded the number of hours from the timesheets for hourly employees and other information into the payroll system, such as FICA rates, approved hourly pay rates, or salary amount. The payroll system calculated the gross pay and net pay amounts for each check. The pay checks were printed using the Chamber's printer. Ms. Mulholland was to present the payroll checks to the Executive Board to be approved and were countersigned by the Board Treasurer.

Ms. Mulholland's final paycheck was for 88.75 hours and covered the period May 26, 2018 through June 8, 2018. As previously stated, Ms. Mulholland's employment was terminated on June 18, 2018. We were unable to determine if she worked between June 8 and June 18 because a timesheet was not available for this time period. As a result, we were unable to determine what payroll, if any, she was entitled to for the period June 8, 2018 through June 18, 2018.

As illustrated by Table 1, we identified 139 disbursements to Ms. Mulholland which appear to be for payroll checks. The concerns we identified regarding these checks are summarized in the following paragraphs. When we asked Ms. Mulholland about the concerns identified, she stated she was not able to provide an explanation without speaking with her attorney. However, she stated several times "everything was approved."

Payroll Checks with Unauthorized Hours - As previously stated, the Executive Board authorized increases to the maximum number of Ms. Mulholland was allowed to work per week on several occasions. The Executive Board also authorized pay increases for Ms. Mulholland on several occasions. The dates and changes which affected the maximum gross salary Ms. Mulholland was eligible for during a biweekly pay period are summarized in Table 2.

Table 2

| Date of <br> Increase | Maximum <br> Hours per Week | Hourly <br> Wage Rate | Maximum Gross Pay per <br> Biweekly Pay Period |
| :---: | :---: | :---: | :---: |
| $10 / 16 / 3^{\wedge}$ | 20 | $\$ 10.75$ | $\$ 430.00$ |
| $03 / 15 / 15$ | 20 | 11.25 | 450.00 |
| $04 / 12 / 17$ | 35 | 13.75 | 962.50 |
| $12 / 01 / 17$ | 40 | 13.75 | $1,100.00$ |

$\wedge$ - Date Ms. Mulholland began employment with the Chamber.
As previously stated, Ms. Mulholland was expected to complete a timesheet each pay period which was to be reviewed and approved by the Executive Director. However, we identified 40 pay periods where Chamber officials could not locate a timesheet for Ms. Mulholland and 58 instances where her timesheet was available but there was no evidence it was reviewed. As a result, we have no assurance the time recorded by Ms. Mulholland on those timesheets was appropriate.

For the pay periods for which timesheets were available for Ms. Mulholland, we compared the total hours recorded on the timesheets to the total hours she recorded for herself in the Intuit® payroll software. Based on our comparison, the timesheets supported the number of hours recorded in the payroll software with a limited number of exceptions. For each of the exceptions, the difference between the number of hours on the timesheet and in the payroll system were limited to just a few hours and in each case the number of hours on both the timesheet and in the payroll system exceeded the maximum number of hours authorized by the Executive Board for a biweekly pay period.

We also examined the hours Ms. Mulholland recorded in the payroll system to determine if she paid herself for hours in excess of the authorized maximum per pay period. Exhibit B shows this comparison.

The Exhibit includes 101 payroll checks for which we determined Ms. Mulholland paid herself for hours in excess of the maximum number authorized by the Executive Board. The excess unauthorized hours resulted in a total overpayment of $\$ 47,263.11$. Because the Executive Director and Executive Board did not approve the additional hours, the $\$ 47,263.11$ is included in Exhibit A as improper disbursements.

In addition to the improper gross wages, the Chamber incurred the employer's share of FICA contributions for the improper gross wages, which total $\$ 3,615.62$. The $\$ 3,615.62$ of additional FICA contributions incurred by the Chamber is also included in Exhibit A as improper disbursements.

As illustrated by Exhibit B, the hourly rate recorded in the payroll system for some of Ms. Mulholland's pay periods was $\$ 12.75$, $\$ 13.44$, or $\$ 13.79$. As illustrated by Table 2, these were not hourly rates which were approved by the Executive Board, based on our review of Board minutes. However, because we compared the amount of gross pay issued to Ms. Mulholland to her maximum authorized gross pay for the pay periods these improper rates were used, any excess unauthorized pay resulting from the improper hourly rate is already included in the excess compensation identified in Exhibit B.

Unauthorized Checks Identified as Payroll - Because payroll checks were to be issued bi-weekly, Ms. Mulholland should have received a total of 121 payroll checks. However, during our review of the images of redeemed checks from the Chamber's checking account, we determined Ms. Mulholland received 139 checks from October 2013 through June 2018 which totaled $\$ 110,828.23$ and were described as payroll in the memo portion of the checks.

Table 3 compares by fiscal year the number and net amount of authorized payroll checks recorded in the payroll system for Ms. Mulholland to the number and amount of the checks actually issued to Ms. Mulholland.

Table 3

| Fiscal Year | Authorized Payroll Checks |  | Checks Issued |  | Unauthorized Checks |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | Number of Checks | Net Amount | Number of Checks | Net Amount | Number of Checks | Amount |
| 2014 | 18 | \$ 9,512.06 | 18 | \$ 9,512.06 | - | \$ |
| 2015 | 24 | 20,966.64 | 25 | 21,366.64 | 1 | 400.00 |
| 2016 | 26 | 21,466.54 | 33 | 27,408.33 | 7 | 5,941.79 |
| 2017 | 27 | 21,916.13 | 37 | 30,138.75 | 10 | 8,222.62 |
| 2018 | 26 | 22,402.45 | 26 | 22,402.45 | - | - |
| Total | 121 | \$ 96,263.82 | 139 | \$ 110,828.23 | 18 | \$14,564.41 |

As illustrated by the Table, Ms. Mulholland received 18 improper payroll checks totaling $\$ 14,564.41$ during the period of our investigation. The 18 additional improper payroll checks were not included in the payroll system used by the Chamber or approved by the Executive Board. The payroll checks were signed by Ms. Mulholland and countersigned by the Executive Director or Board Treasurer. The $\$ 14,564.41$ total for the unauthorized checks identified as payroll is included in Exhibit A as improper disbursements.

Exhibit C lists the 139 payroll checks Ms. Mulholland issued herself and the authorized payroll checks recorded in the payroll system. As illustrated by the Exhibit, the checks which resulted in an improper payment to Ms. Mulholland were described in the memo portion of the check as for a pay period for which Ms. Mulholland had previously received a payment. For example, check number 6331 issued on September 28, 2015 for $\$ 969.60$ included "Pay Period 09/16/2015 $09 / 30 / 2015$ " in the memo line of the check. As shown in the Exhibit, check number 6333 issued to Ms. Mulholland on September 29, 2015 for $\$ 776.15$ also included the notation "Pay Period: $09 / 16 / 2015-09 / 30 / 2015$ " in the memo line. Check number 6333 was recorded in the payroll system and the amount of the check agrees with the payroll system. As a result, check number 6331 issued on September 28, 2015 for $\$ 969.60$ is improper.

Bonuses - As illustrated by Table 1, we determined 4 of the 367 checks issued to Ms. Mulholland were for bonuses. The bonuses identified are listed in Table 4.

Table 4

| Check <br> Number | Check <br> Date | Memo | Amount |
| :---: | :---: | :--- | ---: |
| 6026 | $12 / 17 / 14$ | None | $\$ 100.00$ |
| 6406 | $12 / 16 / 15$ | Bonus | 200.00 |
| 6772 | $12 / 15 / 16$ | None | 250.00 |
| 7161 | $12 / 29 / 17$ | None | 300.00 |
|  |  |  | $\$ 850.00$ |

As illustrated by the Table, each bonus was issued in December. According to Executive Board members we spoke with, bonuses were awarded to staff with the Board's knowledge and approval. Because the bonuses were authorized by the Executive Board, they are not included in Exhibit A.

Reimbursements - As previously stated, Ms. Mulholland was entitled to reimbursements of supply purchases but it was not a regular occurrence. Of the 367 checks Ms. Mulholland issued to herself, we determined 2 were reimbursements totaling $\$ 121.84$. However, we were unable to locate supporting documentation for the payments in the Chamber's records.

Check number 5665, issued on December 20, 2013 for $\$ 8.54$, included "Santa's workshop supplies" in the memo line of the check. While the Chamber sponsored this event, because supporting documentation was not available, we were unable to determine if the reimbursement was for items for the event. As a result, we classified this amount as unsupported.

Check number 7258 was issued on April 6, 2018 for $\$ 113.30$ without a notation in the memo line. This check was described in the Chamber's accounting software as "mileage for ICCE conference". Because supporting documentation was not available, the location of the conference is unknown and Ms. Mulholland's attendance at the event could not be determined, we classified this amount unsupported.

These 2 unsupported reimbursements issued to Ms. Mulholland totaling \$121.84 are included in Exhibit A.

Checks without support - The remaining 222 checks issued to Ms. Mulholland are listed in Exhibit D and summarized in Table 5. None of the 222 checks included a notation in the memo portion of the check and none were supported by documentation.

Table 5

| Time period | Number <br> of Checks | Amount |
| :---: | :---: | ---: |
| $01 / 01 / 15-06 / 30 / 15$ | 5 | $\$ 2,211.74$ |
| $07 / 01 / 15-12 / 31 / 15$ | 4 | $1,732.31$ |
| $01 / 01 / 16-06 / 30 / 16$ | 17 | $6,150.00$ |
| $07 / 01 / 16-12 / 31 / 16$ | 40 | $18,906.10$ |
| $01 / 01 / 17-06 / 30 / 17$ | 37 | $19,856.97$ |
| $07 / 01 / 17-12 / 31 / 17$ | 61 | $39,579.38$ |
| $01 / 01 / 18-06 / 30 / 18$ | 58 | $36,076.46$ |
| Total | 222 | $\$ 124,512.96$ |

As illustrated by the Table, while there were periodically small decreases between periods, the number of checks issued during a 6 -month period and the total amount of the checks typically increased from the prior 6 -month period. For example, the number of checks issued from July 1, 2016 through December 31, 2016 more than doubled from the prior 6 months and the amount of the checks increased more than 3 times.

The 222 checks listed in Exhibit D and summarized in Table 5 were not authorized by the Executive Board. Of the unauthorized checks, 166 checks were for even dollar amounts and totaled $\$ 81,735.00$. Also, the 222 checks ranged from $\$ 20.00$ to $\$ 2,000.00$. All but 3 of the checks were for $\$ 200.00$ or more and 96 were for $\$ 500.00$. In addition, 72 were issued for amounts between $\$ 500.00$ and $\$ 1,000.00$ and 5 were issued for amounts from $\$ 1,000.00$ to \$2,000.00.

The $\$ 124,512.96$ of unauthorized checks listed in Exhibit D is included in Exhibit A as improper disbursements.

Garnishments paid but not withheld - During our review of the disbursements from the Chamber's bank accounts and the Intuit® payroll reports, we determined Ms. Mulholland had a garnishment deducted from her bi-weekly payroll. The amounts withheld from her pay were remitted to Performant Recovery.

We identified 7 instances totaling $\$ 533.48$ for which the amounts paid to Performant Recovery on behalf of Ms. Mulholland were not properly deducted from her pay. Table 6 lists the checks issued from the Chamber's bank accounts to Performant Recovery which were not deducted from Ms. Mulholland's payroll.

Table 6

| Per Check Image |  |  |  |
| :---: | :---: | ---: | :---: |
| Check <br> Date | Check <br> Number | Check <br> Amount |  |
| $02 / 12 / 15$ | 6091 | $\$ 102.25$ |  |
| $02 / 26 / 15$ | 6100 | 93.16 |  |
| $03 / 31 / 15$ | 6137 | 73.84 |  |
| $05 / 26 / 15$ | 6206 | 75.34 |  |
| $11 / 13 / 15$ | 6369 | 63.32 |  |
| $12 / 15 / 15$ | 6401 | 95.62 |  |
| $06 / 10 / 16$ | 6586 | 29.95 |  |
| Total |  | $\$ 533.48$ |  |
|  |  |  |  |

Because the 7 garnishments listed in Table $\mathbf{6}$ were not properly withheld from Ms. Mulholland's pay but were paid with Chamber funds instead, they are included in Exhibit A as improper disbursements.

## Reimbursements Issued to Former Executive Directors

According to the Chamber officials we spoke with, Executive Directors are eligible to receive reimbursement for purchases of supplies on behalf of the Chamber or reimbursement for mileage and travel costs associated with training or meetings on behalf of the Chamber. As previously stated, Debra Brown was the Executive Director during the period of our investigation from October 1, 2013 until her resignation on March 24, 2017. Linda Christianson was the Executive Director from April 3, 2017 until her termination on July 13, 2018.

Disbursements to Debra Brown - We identified 44 checks totaling \$11,976.59 and 85 direct deposits totaling $\$ 115,714.27$ paid to Ms. Brown during the period of our investigation. Based on the frequency and amounts of payments to Ms. Brown we identified no concerns with her payroll. According to Chamber officials we spoke with, Ms. Brown's payroll was electronically deposited to her personal bank account during the time period with the exception of 5 checks which were issued for payroll prior to the electronic deposit being set up. Of the 44 checks identified, 39 totaling $\$ 7,806.51$ were issued to Ms. Brown for reimbursement of mileage, purchase of supplies, travel costs associated with training, and meals for recruitment. The reimbursement checks are listed in Exhibit E.

We reviewed the available supporting documentation to determine the propriety of the reimbursements identified. However, we determined only 4 of the 39 reimbursements were supported by documentation in the Chamber's records. However, we determined Ms. Brown periodically provided her travel plans to the Executive Board at monthly meetings throughout the year. As a result, we compared travel plans included in Board minutes to the dates of the
reimbursements. Additionally, we looked at the description, if any, included in the Chamber's accounting system for the reimbursements.

If a reimbursement check was issued near the time of an event listed in the Executive Board's meeting minutes and the mileage to the location of the event could be recalculated, the payment was classified as reasonable. Reimbursements were classified as unsupported if appropriate documentation was not available or it was not possible to determine if the disbursement was related to Chamber operations.

As illustrated by Exhibit E, we identified unsupported reimbursements to Ms. Brown totaling $\$ 3,499.69$. The $\$ 3,499.69$ of unsupported reimbursements identified are included in Exhibit A.

Disbursements to Linda Christianson - We identified 10 checks totaling \$2,741.95 and 30 direct deposits totaling $\$ 36,306.40$ paid to Ms. Christianson during the period of our investigation. Based on the frequency and amounts of payments to Ms. Christianson, we identified no concerns with her payroll. According to Chamber officials we spoke with, Ms. Christianson's payroll was electronically deposited to her personal bank account during the time period with the exception of 2 checks which were issued for payroll prior to the electronic deposit being set up. Of the 10 checks identified, 2 totaling $\$ 1,883.16$ were issued to Ms. Christianson for payroll, a $\$ 300.00$ check was for a bonus approved by the Executive Board, and 7 checks totaling $\$ 558.79$ were for reimbursement of mileage, purchase of supplies, travel costs associated with training, and meals for recruitment. Table 7 lists the reimbursement checks identified.

Table 7

| Per Check Image |  |  |
| :---: | :---: | ---: |
| Date | Number | Amount |
| $04 / 24 / 17$ | 6924 | $\$ 22.76$ |
| $06 / 30 / 17$ | 6868 | 9.08 |
| $08 / 04 / 17$ | 7005 | 113.30 |
| $10 / 06 / 17$ | 7064 | 200.88 |
| $11 / 03 / 17$ | 7091 | 167.40 |
| $11 / 24 / 17$ | 7115 | 40.02 |
| $12 / 22 / 17$ | 7147 | 5.35 |
| Total |  | $\$ 558.79$ |

We were unable to locate supporting documentation for any of the reimbursements listed in the Table. In addition, none of the checks listed were included on the Chamber's accounting system or approved by the Executive Board. Because supporting documentation could not be located and the reimbursements were not approved, the $\$ 558.79$ of reimbursements summarized in the Table are included in Exhibit A as unsupported disbursements.

## Chamber Bucks Bank Account

As previously stated, the Chamber established a separate bank account to administer the Chamber's Chamber Bucks program. Chamber Bucks can be purchased by members of the community to be used at any business in Webster City which accept checks as a form of payment. This program was established to encourage members of the community to shop locally. The Chamber Bucks are sold at a rate of a dollar for a dollar. For example, if an individual wants $\$ 50.00$ of Chamber Bucks, they pay the Chamber $\$ 50.00$ and the Chamber Bucks can be used to purchase $\$ 50.00$ of goods or services in Webster City.

When an individual purchases Chamber Bucks, they can choose the denomination of Chamber Bucks they receive. After collecting payment from the individual, a Chamber staff member stamps an expiration date on the memo line of the blank check from the Chamber Bucks account and provides the individual with the checks to be used at area businesses. The blank check held by the purchaser can be used at any time before the expiration date at a local business. During our review of redeemed checks from the Chamber Bucks bank account, we identified instances where the checks cleared the bank account after the expiration date.

Additionally, the purchasers of these checks are informed the checks are not to be redeemed for cash and they are to add the area businesses name in the payee section of the check and sign the check with their name when they use the check. However, we identified numerous checks that cleared the bank with no information in the payee section and no signature on the check.

According to Chamber officials we spoke with, the Chamber does not regularly create receipts for the purchase of Chamber Bucks and does not create a listing of the amounts and denominations of checks issued to purchasers. Additionally, there are no bank reconciliations performed for the Chamber Bucks bank account.

Since Chamber Bucks are sold dollar for dollar and not at a discount, the Chamber Bucks bank account should be self-sustaining with the collections deposited from the sale of Chamber Bucks covering the subsequent disbursements from the account.

Deposits into Chamber Bucks bank account - As previously stated, the Chamber Bucks bank account should be self-sustaining with no need for the Chamber to deposit funds from other sources into the Chamber Bucks bank account to cover checks redeemed from the account. However, during our review of the Chamber's bank accounts, we identified 28 deposits to the Chamber Bucks account totaling $\$ 14,497.00$ which originated from the Chamber's checking account. The transactions from the checking account are listed in Exhibit F.

We determined none of the 28 checks issued from the Chamber's checking account were approved by the Executive Board. Because sufficient records were not available for activity in the Chamber Bucks bank account, we are unable to determine if the funds from the Chamber's checking account were needed because the amounts collected from the sale of the Chamber Bucks were not properly deposited to the account or if checks were improperly issued from the Chamber Bucks account.

Because the account was to be self-sustaining with no need for deposits from the Chamber's other bank accounts and the Board did not approve the transactions, the $\$ 14,497.00$ of funds deposited to the Chamber Bucks account are included in Exhibit A as improper disbursements.

Chamber Bucks bank fees - We also identified 60 instances of overdraft fees and services charges in the Chamber Bucks bank account totaling $\$ 4,674.09$. Because the account was to be selfsustaining, there was no reason for the account to be in a deficit position resulting in overdraft fees and service charges.

The $\$ 4,674.09$ of overdraft and services fees identified is included in Exhibit $\mathbf{A}$ as improper disbursements.

## Payments to Vendors

As previously stated, we reviewed all disbursements, debit card transactions, and redeemed checks from the Chamber's checking account for the period October 1, 2013 through June 30, 2018. In addition to improper disbursements to Ms. Mulholland, we identified other improper and unsupported disbursements from the Chamber's bank accounts.

We determined the propriety of disbursements based on available supporting documentation; the type or the quantity of the items purchased; discussions with Chamber officials; and the vendor, frequency, and amount of payments. Payments were determined to be improper if they were
personal in nature or were not reasonable for Chamber operations. Purchases were determined to be unsupported if we were unable to determine they were for Chamber operations or personal in nature.

Debit Card Disbursements - As previously stated, the Executive Director and Administrative Assistant had access to a debit card tied to the Chamber's checking account. We reviewed all debit card activity between October 1, 2013 and June 30, 2018 to determine if the debit card purchases were necessary and reasonable for Chamber operations or personal in nature.

We identified 847 debit card transactions totaling $\$ 88,969.26$. Of the 847 debit card transactions identified, 107 were properly supported by Chamber records. Because supporting documentation was not available for the remaining transactions, we reviewed the Chamber's accounting system for descriptions of the purchases, researched vendors on the internet, and discussed disbursements with Chamber officials to determine if they were appropriate.

Of the 847 debit card transactions identified, 36 were charges from Amazon. Because supporting documentation was not readily available for these charges, we obtained additional information directly from Amazon to determine if the items purchased were reasonable for Chamber operations or personal in nature. The purchases from Amazon and other vendors are discussed in the following paragraphs.

Amazon - Using information obtained directly from Amazon or from the Chamber's Amazon online order history, we were able to determine what was purchased for 12 of the 36 charges to the Chamber's debit card. Of the 12 charges, 11 were for items that were used for the Chamber's operations. However, the remaining charge, which totaled $\$ 12.98$, was described by Amazon as "clear nipple tongue rings." Ms. Mulholland was not able to provide an explanation for the purchase when we asked during the interview with her. Because the Chamber would not purchase body jewelry, this was determined to be a personal purchase.

Of the remaining 24 purchases, 13 were determined to be monthly charges for Amazon prime memberships for the Chamber. The 13 payments total $\$ 161.44$. Amazon was unable to provide information for the remaining 11 purchases. These 11 purchases, totaling $\$ 458.83$, were classified as unsupported because sufficient information was not available to determine what was purchased.

The $\$ 12.89$ improper disbursement and $\$ 458.83$ of unsupported disbursements are included in Exhibit A.

Other vendors - Exhibit G lists the purchases made at other vendors by the Executive Directors and Ms. Mulholland with the Chamber's debit cards between October 11, 2013 and June 15, 2018. The Exhibit lists the $\$ 13,804.40$ of improper and $\$ 10,399.37$ of unsupported purchases identified.

Examples of the purchases which are considered improper include:

- 21 payments to cell phone providers totaling $\$ 3,507.82$. The Chamber did not issue cell phones to employees and it was not the policy of the Chamber to pay for employee's personal cell phone bills. As a result, we determined the purchases on the Chamber's debit card were for personal cell phone bills and accessories.
As illustrated by Exhibit G, the payments were made to US Cellular. During our interview with Ms. Mulholland, she stated the service for her cell phone is provided by US Cellular.
- 11 payments to various hotels totaling $\$ 2,719.72$ on dates and in locations where there was no corresponding event on the Executive Director's calendar. The charges were incurred at hotels located in Webster City and occurred at a time the Executive Director was out of town.
- 1 payment to a credit card company totaling $\$ 1,513.20$. Because the Chamber did not have a credit card, we determined the payment was for a personal credit card.
- 30 payments to various restaurants in Webster City totaling $\$ 699.29$ for meals on dates where there was no corresponding meeting or appointment on the Executive Director's calendar.
- 14 payments to various department stores totaling $\$ 674.75$. These payments were not included in the Chamber's accounting system.
- 23 payments to Google Jam City totaling $\$ 316.77$ for cell phone games.
- 5 payments to inmate telephone services totaling $\$ 216.20$. Ms. Mulholland was not able to provide an explanation for these payments when we asked during the interview with her.

Purchases for which sufficient information was not available to determine what was purchased and/or if the purchases were for Chamber operations or personal in nature were classified as unsupported. Examples of unsupported purchases include:

- 15 payments to HyVee and Fareway totaling $\$ 3,737.26$. We were unable to determine if these purchases were related to Chamber events or were personal in nature because no supporting documentation was maintained.
- 45 payments to Staples, Tuesday Morning, and Office Max totaling $\$ 3,424.25$. Because supporting documentation was not available for the disbursements, we were unable to determine what was purchased. Because these vendors sell items which may be personal in nature or for the Chamber's operations, they are considered unsupported.
- 17 payments to various restaurants in Webster City totaling $\$ 589.36$ for various lunches and meals for dates where a meeting or appointment was identified on the Executive Director's calendar; however, sufficient support was not available to determine if restaurant purchases were related to the meeting or appointment.

The $\$ 13,804.40$ of improper disbursements and $\$ 10,399.37$ of unsupported disbursements listed in Exhibit G are included in Exhibit A.

Check Disbursements - Exhibit H lists the disbursements to vendors paid by checks issued from the Chamber's checking account which were identified as improper and unsupported. As illustrated by the Exhibit, we identified $\$ 1,416.14$ of improper and $\$ 8,454.17$ of unsupported disbursements from these account. The improper disbursements identified include:

- Check number 6918 for $\$ 141.78$ issued to pHairytalls, a hair salon, on May 17, 2017. According to Chamber officials, there would be no reason for the Chamber to issue a check to a hair salon. As a result, check number 6918 is considered improper.
- Check number 7253 for $\$ 191.63$ issued to Card Services on April 3, 2018. The Chamber does not have a credit card. Because this disbursement was for a credit card payment, the $\$ 191.63$ is considered improper.

The unsupported disbursements identified include payments to vendors for which supporting documentation was not available and/or vendors which sell items which may be for Chamber operations or personal in nature. Examples of these disbursements include:

- 15 checks issued to HyVee totaling $\$ 2,860.10$,
- 17 checks issued to Webster City True Value totaling \$651.58, and
- 6 checks issued to Fareway totaling $\$ 1,290.47$.

The $\$ 1,416.14$ and $\$ 8,454.17$ of improper and unsupported disbursements identified in Exhibit H, respectively, are included in Exhibit A.

Purchases from PayPal Account - According to Chamber officials we spoke with and based on our review of the Executive Board minutes, we determined the Chamber had a PayPal account. Because supporting documentation was not readily available for the Chamber's PayPal account, we obtained additional information directly from PayPal to determine if the items purchased with the PayPal account were reasonable for Chamber operations or personal in nature.

We identified 50 purchases using the Chamber's PayPal account which total \$2,071.21. Exhibit I lists the disbursements to vendors paid with the Chamber's PayPal account. As shown by the Exhibit, we identified $\$ 491.66$ of improper and $\$ 110.14$ of unsupported disbursements from the PayPal account. The improper purchases using the PayPal account included app store purchases which were made after business hours and personalized e-cards. Ms. Mulholland was not able to provide an explanation for the purchases when we asked during the interview with her.

The $\$ 491.66$ of improper disbursements and $\$ 110.14$ of unsupported disbursements listed in Exhibit I are included in Exhibit A.

Overdraft Fees - During our review of disbursements from the Chamber's bank accounts, we identified 5 instances where overdraft or excessive transaction fees were incurred. The individual charges paid range from $\$ 7.50$ to $\$ 125.00$ and the 5 instances total $\$ 163.90$. The charges were incurred between February 5, 2015 and November 13, 2017. Because Ms. Mulholland should have ensured the Chamber's bank accounts contained sufficient funds prior to issuing disbursements from the accounts, the $\$ 163.90$ of bank fees identified is included in Exhibit A as improper disbursements.

## Checks Redeemed for Cash and Cash Withdrawals

During our review of disbursements from the Chamber's accounts, we identified 21 cash withdrawals totaling $\$ 13,550.00$. These withdrawals, which were made between February 19, 2014 and May 24, 2018, were authorized by Ms. Mulholland. We determined 3 of the cash withdrawals totaling $\$ 8,200.00$ were deposited into another Chamber bank account. We also determined 4 of the cash withdrawals totaling $\$ 1,400.00$ were made within a short time prior to an annual event sponsored by the Chamber and may have been to use for change for the event. However, the remaining 14 cash withdrawals totaling $\$ 3,950.00$ were not made near the time of an event sponsored by the Chamber and were not deposited into a Chamber bank account. According to Chamber officials we spoke with, the Chamber does not to operate in cash. Because of this, the 14 cash withdrawals totaling $\$ 3,950.00$ are considered improper and are included in Exhibit A.

## Penalties and Interest

Iowa Department of Revenue - We obtained account transcripts from the Iowa Department of Revenue for state payroll taxes remitted by the Chamber for calendar years 2013 through 2018. We compared all payments listed in the account transcripts to redeemed checks or ACH payments from the Chamber's bank accounts and verified the proper amount was remitted. As a result of our comparison, we determined 2 payments to the Department included penalties and interest because the payments were not made in a timely manner. The $\$ 254.98$ of penalties and interest incurred by the Chamber is included in Exhibit A as improper disbursements.

Internal Revenue Service - We obtained account transcripts from the Internal Revenue Service (IRS) for payroll taxes remitted for the Chamber for calendar years 2013 through 2018. We traced all payments listed in the account transcripts to redeemed checks or ACH payments from the Chamber's bank accounts and verified the proper amount was remitted. As a result, we identified 11 payments which included penalties and interest for payments which were not made in a timely manner. Table 8 summarizes the penalties and interest remitted by the Chamber.

Table 8

| Calendar <br> Year | Penalties <br> and Interest |
| :---: | ---: |
| 2016 | $\$ 3,623.56$ |
| 2017 | $2,031.79$ |
| 2018 | $3,676.30$ |
| Total | $\$ 9,331.65$ |

Because Ms. Mulholland was responsible for ensuring timely payment of all Chamber bills, including federal and state payroll taxes, the $\$ 9,331.65$ of penalties and interest remitted to the IRS are included in Exhibit A as improper disbursements.

## Unauthorized Payments to the IRS

During our review of the IRS transcripts, we also identified 4 payments totaling $\$ 500.03$ from the Chamber's bank accounts which were not included in the IRS transcripts for the Chamber. Because the 4 payments were not for obligations owed to the IRS by the Chamber, they are improper disbursements of Chamber funds. Table 9 lists the 4 payments identified.

Table 9

|  | Per Bank Statement |  |
| :---: | :---: | ---: |
| Date | Description | Amount |
| $02 / 02 / 15$ | IRS USATAXPYMT | $\$ 126.00$ |
| $02 / 18 / 16$ | IRS USATAXPYMT | 126.00 |
| $02 / 21 / 17$ | IRS USATAXPYMT | 113.73 |
| $02 / 01 / 18$ | IRS USATAXPYMT | 134.30 |
|  |  | 500.03 |

The $\$ 500.03$ of unauthorized payments to the IRS are included in Exhibit $\mathbf{A}$ as improper disbursements.

## Undeposited Collections

## Iowa Department of Revenue

Using the information obtained from the Iowa Department of Revenue, we determined a refund was issued to the Chamber by the Department for a $\$ 1,128.00$ duplicate payment. According to a Department representative and our review of the Chamber's bank accounts, the refund was not cashed nor deposited.

We also identified a $\$ 1,011.05$ refund was issued to the Chamber by the Department of Revenue and subsequently redeemed or deposited on June 28, 2016. However, because sufficient deposit records were not available, we were unable to determine if the refund was properly deposited to a Chamber bank account.

The $\$ 1,128.00$ undeposited refund is included in Exhibit $\mathbf{A}$ as an undeposited collection. Because we are unable to determine the disposition of the proceeds of the $\$ 1,011.05$ check, it is not included in Exhibit A.

## Collections

As previously stated, the Chamber's primary revenue sources include membership/sponsorship dues, hotel/motel tax funds provided annually by the City of Webster City, and proceeds from fund raising events. We reviewed available documentation related to these revenue sources to determine if collections were properly deposited.

However, the Chamber did not maintain a complete listing of events, sponsors, members or a listing of receipts. As a result, we are unable to determine if all receipts were properly billed and deposited into the Chamber's accounts.

## OTHER ADMINISTRATIVE ISSUES

Transfers - We reviewed all transfers made between the Chamber's bank accounts from October 2013 through June 2018. Of the 46 transfers identified, 41 were made from the revolving loan account to the Chamber's checking account, 3 were from the Chamber's checking account to the money market account, and 2 were from the money market account to the Chamber's checking account. We determined the 46 transfers were not properly approved by the Executive Board prior to the transfers being made.

According to Chamber officials, the transfers made from the Chamber's bank accounts were appropriate.

Executive Board Oversight - Chamber officials have a fiduciary responsibility to exercise authority over its funds, efficiently and effectively achieve its mission, provide oversight of the Chamber's operations and maintain the public trust. Oversight is typically defined as the "watchful and responsible care" a governing body exercises in its fiduciary capacity.

During our review of disbursements, we identified 19 payments to vendors which may not be the most efficient use of Chamber funds or help the Chamber meet its mission. The disbursements identified include:

- 13 purchases at Amazon totaling $\$ 161.44$ for monthly Amazon Prime membership.
- 3 purchases at HyVee totaling $\$ 65.26$ for floral arrangements and 1 payment to Judy Peters totaling $\$ 10.00$ for a floral arrangement.
- 1 purchase at Every Blooming Thing totaling $\$ 30.50$ for a floral arrangement.
- 1 purchase at Iowa Central Community College totaling $\$ 225.00$ for a Disney brand loyalty class.

In addition, based on our review, we determined the Chamber officials did not provide sufficient oversight of the Chamber's financial transactions and did not:

- Properly review payroll supporting documentation prior to issuance.
- Compare the bill listings to supporting documentation and checks.
- Require and maintain original, itemized receipts for all disbursements, including employee reimbursements, and review the supporting documentation to ensure an appropriate purpose of the disbursements.
- Review the Chamber's bank statements.
- Review bank reconciliations.

Had Chamber officials developed and implemented policies and procedures to segregate duties, review monthly bank statements and reconciliations, and review supporting documentation, Chamber officials may have identified undeposited collections and improper disbursements earlier. In addition, the implementation of controls may have reduced the opportunity for the Chamber's funds to be improperly disbursed or not properly deposited.

## Recommended Control Procedures

As part of our investigation, we reviewed the procedures used by the Webster City Chamber of Commerce to perform bank reconciliations and process receipts, disbursements, and payroll. An important aspect of internal control is to establish procedures which provide accountability for assets susceptible to loss from error and irregularities. These procedures provide the actions of one individual will act as a check on those of another and provide a level of assurance errors or irregularities will be identified within a reasonable time during the course of normal operations. Based on our findings and observations detailed below, the following recommendations are made to strengthen the Chamber's internal controls.
A. Segregation of Duties - An important aspect of internal control is the segregation of duties among individuals to prevent one person from handling duties which are incompatible. The former Administrative Assistant had control over each of the following areas:
(1) Receipts - opening mail, collecting, posting to the accounting records, and preparing and making bank deposits,
(2) Disbursements - making certain purchases, receiving certain goods and services, presenting disbursements to the Board for approval, maintaining supporting documentation, preparing, signing, and distributing checks, and posting to the accounting records,
(3) Payroll - calculating payroll amounts, preparing, signing, and distributing checks, posting payments to the accounting records, and filing required payroll reports, and
(4) Bank accounts - receiving and reconciling monthly bank statements to accounting records.
Recommendation - We realize segregation of duties is difficult with a limited number of staff. However, the duties within each function listed above should be segregated between the Director and Chamber Board members. In addition, the Director and Board members should review financial records, perform reconciliations, and examine supporting documentation for accounting records on a periodic basis.

Bank statements should be delivered to and reviewed by an official who does not collect or disburse Chamber funds, and bank reconciliations should be performed on a monthly basis. The reviews should be documented by the signature or initials of the reviewer and the date of the review.
B. Payroll - The Administrative Assistant was originally authorized to work 20 hours per week. However, the Executive Board approved revising the Administrative Assistant's authorized hours to 35 hours per week effective April 1, 2017 and to 40 hours per week effective December 1, 2017. In addition, Chamber employees were required to complete timesheets and submit them for approval. During our review of payroll, we identified the following:

- Ms. Mulholland issued herself 240 unauthorized checks totaling \$139,077.37.
- Ms. Mulholland paid herself $\$ 46,970.61$ for hours in excess of the maximum number of hours authorized by the Executive Board.
- The Administrative Assistant did not maintain timesheets for 40 pay periods.

Recommendation - Chamber officials should implement procedures to ensure appropriate payroll records are maintained. Chamber officials should also periodically review payroll records to ensure payroll is calculated properly. In addition, the Executive Board, or a designated member who is familiar with the Administrative Assistant's actions, should review and approve the Administrative Assistant's timesheet for each pay period. The
review and approval should be documented by the signature or initials of the reviewer and the date of approval.
C. Chamber Bucks Account - The Chamber established a separate bank account to be used to administer the Chamber Bucks program ran by the Chamber. The Chamber did not always maintain receipts for Chamber Bucks collections and did not keep an inventory of blank checks on hand and amounts issued to community members. A listing of collections, including dates, and amounts of payments, was not maintained.

Recommendation - Prenumbered receipts should be issued for all collections at the time of collection to provide additional control over the proper collection and recording of all money received. In addition, someone independent of the collection, recording and depositing duties should periodically compare the collection records to the bank deposits to ensure all collections are properly deposited. Documentation of receipts should be maintained.
D. Debit Card - We identified numerous purchases made with a debit card from the Chamber's checking account. However, the purchases were not supported by adequate documentation. In addition, because purchases made using a debit card are an immediate payment, they do not allow for proper authorization by the Chamber Board.

Recommendation - The Board should implement procedures requiring all Chamber obligations be paid by check and properly supported with original invoices, receipts, or other appropriate documentation. In addition, Chamber officials should remove the debit card capabilities to ensure disbursements cannot be automatically deducted from the Chamber's checking account.
E. Disbursements - During our review of the Chamber's disbursements, we identified disbursements were not always supported by invoices or other documentation and checks were not issued in sequential order. In addition, because no one other than the Chamber's former Administrative Assistant routinely reviewed the Chamber's bank statements obtained from the bank, certain unauthorized disbursements were not identified in a timely manner.

Recommendation - Bank statements and other financial records should be delivered to and opened by a party who has no other financial duties, such as a Board member. The independent party should review the statements and any unusual transactions or any checks not in sequential order identified should be resolved in a timely manner.

To strengthen internal control, each check should be prepared and signed by one person and detailed supporting vouchers and invoices should be provided, along with the check, to an independent individual for review and countersignature.
F. Receipts - The Chamber did not always maintain receipts for Chamber membership dues and other miscellaneous events put on by the Chamber for fundraising. A listing of collections, including dates, and amounts of payments, was not maintained.

Recommendation - Prenumbered receipts should be issued for all collections at the time of collection to provide additional control over the proper collection and recording of all money received. In addition, someone independent of the collection, recording and depositing duties should periodically compare the collection records to the bank deposits to ensure all collections are properly deposited. Documentation of receipts should be maintained.
G. Chamber Board Oversight - The Board has a fiduciary responsibility to provide oversight of the Chamber's operations and financial transactions. Oversight is typically defined as the "watchful and responsible care" a governing body exercises in its fiduciary capacity.

During our review of disbursements, we identified payments to vendors which may not be the most efficient use of Chamber funds or help the Chamber meet its mission. Also, based on our observations and the procedures we performed, we determined the Board failed to exercise proper fiduciary oversight. The lack of appropriate oversight and the failure to ensure implementation of adequate internal controls permitted an employee to exercise too much control over the operations of the Chamber.

Recommendation - Oversight by the Board is essential and should be an ongoing effort. Chamber officials should exercise due care and review all pertinent information. Chamber officials should also ensure sufficient information is prepared and provided to them for making decisions and appropriate policies and procedures are adopted, implemented, and monitored to ensure compliance.

Exhibits

Report on Special Investigation of the Webster City Chamber of Commerce

## Summary of Findings

For the Period October 1, 2013 through June 30, 2018

| Description | Exhibit/Table/ Page Number | Improper | Unsupported | Total |
| :---: | :---: | :---: | :---: | :---: |
| Improper and unsupported disbursements: |  |  |  |  |
| Payments to or for Leah Mulholland: |  |  |  |  |
| Payroll check with unauthorized hours | Exhibit B | \$ 47,263.11 | - | 47,263.11 |
