Registration Open for Sponsored Project Workshop

Learn how to implement State Revolving Fund's Sponsored Projects in your community at our annual workshop on November 20, 2019, in Ankeny.

Registration is now open: [View the workshop event page](#) for more information about the workshop or to register. Registration is just \$35 through November 8th.

Who should attend? You should attend if your city or utility:

- Will submit (or is even considering submitting) an application for an SRF sponsored project;
- Has been approved to move forward in the SRF sponsored project planning process; or
- Is currently involved in a sponsored project.

This includes city or utility managers and public works staff that will inspect and maintain the practices. City consultants such as design engineers and landscape architects, as well as contractors, should also attend. Other suggested participants include staff from Watershed Management Authorities, Soil and Water Conservation Districts, County Conservation Boards, and other organizations involved in water quality efforts.

For more information on the workshop content, contact Lee Wagner, Iowa DNR, 515-725-0992, lee.wagner@dnr.iowa.gov.

For questions about registration, contact Ben Curtis, ISWEP, 319-855-2955, bcurtis@iowastormwater.org.

DNR Wastewater Engineer Vacancy Announcement

Position: Environmental Engineer – Iowa DNR's Water Quality Bureau

The Iowa DNR has a job vacancy for an Environmental Engineer position within the Wastewater Engineering Section of the Water Quality Bureau located in Des Moines, Iowa. The Environmental Engineer will perform municipal wastewater project management through engineering/technical review of construction permit applications and manage non-funded municipal and some CWSRF wastewater treatment and

collection system projects including approving engineering planning reports, plans and specifications, and construction permits.

Job Number: 20-00952

Location: Environmental Services Division, Water Quality Bureau, Des Moines, IA

Hours: regular office hours (8:00 am - 4:30 pm) with occasional travel

Closing Date: October 27, 2019 – 11:59 p.m.

[For more information](#) about specific job duties, requirements, and application information, search for Environmental Engineer.
