FOR RELEASE	December 2, 2019	_	515/281-5834

Auditor of State Rob Sand today released a combined report on the institutions under the control of the Iowa Department of Corrections. The report includes findings and recommendations and average cost per inmate information for the five years ended June 30, 2018.

The average cost per inmate at the nine institutions under the control of the Iowa Department of Corrections ranged from \$21,766 at the North Central Correctional Facility – Rockwell City to \$60,405 at the Iowa State Penitentiary – Fort Madison for the year ended June 30, 2018. General Fund expenditures for the nine institutions totaled approximately \$271 million for the year ended June 30, 2018, a decrease of approximately \$8.7 million, or 3.1%, from the year ended June 30, 2017. General Fund expenditures decreased 1.6% during the five-year period ended June 30, 2018. The average daily cost per inmate of \$88.88 for the year ended June 30, 2018 was 4.0% less than the average daily cost per inmate of \$92.61 for the year ended June 30, 2014. The average number of inmates increased 2.5% over the five-year period, from 8,160 for the year ended June 30, 2014 to 8,363 for the year ended June 30, 2018.

Sand reported five findings related to the receipt and disbursement of taxpayer funds at the nine institutions. They are found on pages 28 through 37 of this report. The findings address issues such as the understatement of accumulated depreciation at the Iowa State Penitentiary – Fort Madison, segregation of duties over bank account reconciliations at the Anamosa State Penitentiary, lack of proper approval for some agency fund expenditures at the Iowa Correctional Institution for Women – Mitchellville and noncompliance with Chapter 73.16 of the Code of Iowa in setting the targeted small business procurement goal at the Fort Dodge Correctional Facility. Sand provided the Institutions with recommendations to address each of these findings.

A copy of the report is available for review in the Office of Auditor of State and on the Auditor of State's web site at https://auditor.iowa.gov/reports/audit-reports/.

Iowa Board of Corrections Des Moines, Iowa

Dear Members of the Iowa Board of Corrections:

I am pleased to submit to you the combined report on the institutions under the control of the Iowa Department of Corrections for the year ended June 30, 2018. This report includes findings pertaining to the four institutions' internal control and compliance with statutory requirements and other matters which resulted from the fiscal year 2018 audits. This report also includes average cost per inmate at each institution as required by Section 11.28 of the Code of Iowa.

I appreciate the cooperation and courtesy extended by the officials and employees of the institutions under the control of the Iowa Department of Corrections throughout the audits. If I or this office can be of any further assistance, please contact me or my staff at 515-281-5834.

Sincerely,

Rob Sand Auditor of State

November 20, 2019

To the Members of the Iowa Board of Corrections:

The Institutions under the control of the Iowa Department of Corrections are part of the State of Iowa and, as such, have been included in our audits of the State's Comprehensive Annual Financial Report (CAFR) and the State's Single Audit Report for the year ended June 30, 2018.

In conducting our audits, we became aware of certain aspects concerning the various Institutions' operations for which we believe corrective action is necessary. As a result, we have developed recommendations which are reported on the following pages. We believe you should be aware of these recommendations, which include recommendations pertaining to internal control and compliance with statutory requirements and other matters. These recommendations have been discussed with applicable Institution personnel and their responses to these recommendations are included in this report. While we have expressed our conclusions on the Institutions' responses, we did not audit the Institutions' responses and, accordingly, we express no opinion on them.

We have also included certain unaudited financial and other information for the Institutions under the control of the Iowa Department of Corrections for the five years ended June 30, 2018 to report an average cost per inmate at each Institution as required by Chapter 11.28 of the Code of Iowa.

This report, a public record by law, is intended solely for the information and use of the officials and employees of the Iowa Department of Corrections, the Institutions under the control of the Iowa Department of Corrections, citizens of the State of Iowa and other parties to whom the Iowa Department of Corrections may report. This report is not intended to be and should not be used by anyone other than these specified parties.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of the Institutions during the course of our audits. Should you have questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience. Individuals who participated in our audits of the Institutions are listed on pages 28, 30, 31, 32, 33, 34, 35, 36 and 37 and they are available to discuss these matters with you.

#### Iowa Department of Corrections

#### Overview

#### **Background**

In accordance with Chapter 904 of the Code of Iowa, the Iowa Department of Corrections (IDOC) is responsible for the control, treatment and rehabilitation of offenders committed under law to the following nine Institutions:

<u>Iowa State Penitentiary – Fort Madison</u> – Institutions for men consisting of the Penitentiary proper, a maximum-security facility, and the John E. Bennett unit, a minimum-security dormitory. A primary objective of these facilities is to provide rehabilitative services that assist offenders to make a successful transition from prison to their communities.

<u>Anamosa State Penitentiary</u> – A maximum/medium security facility for men. A primary objective of these facilities is to provide rehabilitative services that assist offenders to make a successful transition from prison to their communities.

<u>Iowa Medical and Classification Center – Oakdale</u> – A forensic psychiatric hospital for persons displaying evidence of mental illness or psychosocial disorders and requiring diagnostic services or treatment in a secure setting, secure housing units that serve as the reception center for all incoming male offenders and secure housing units for offenders with mental health and/or medical treatment needs.

<u>Mount Pleasant Correctional Facility</u> – A medium security facility for men that has treatment programs for sex offenders and substance abusers. A primary objective of this facility is to offer programs that reduce risk and assist offenders to make a successful transition from prison to their communities.

<u>Clarinda Correctional Facility</u> – A male facility composed of two sites, a medium security facility which provides rehabilitative services for offenders with intellectual disabilities, mental illness or a chemical dependency, and the Lodge which prepares offenders for discharge, work release or parole.

North Central Correctional Facility – Rockwell City – A minimum security facility for men. The facility prepares offenders for discharge, work release or parole and provides many offenders with actual opportunities to practice functioning within society through work programs.

<u>Iowa Correctional Institution for Women – Mitchellville</u> – A medium/minimum security facility for female offenders. The facility serves as the reception center for all female offender custody classifications committed to IDOC, provides gender responsive rehabilitative services and prepares offenders for discharge, work release or parole.

<u>Newton Correctional Facility</u> – A male facility composed of two sites, a medium security site which provides rehabilitative services and a separate minimum security site, CRC, which prepares offenders for discharge, work release or parole.

<u>Fort Dodge Correctional Facility</u> – A medium security facility designed to house adult male offenders. The facility provides rehabilitative services which assist offenders to make a successful transition from prison to their communities.

#### Scope and Methodology

We have calculated an average cost per inmate at each Institution for the five years ended June 30, 2018 based on their General Fund expenditures. Certain reclassifications and changes have been made to these expenditures to provide comparable averages between Institutions. Therefore, expenditure amounts and cost per inmate averages may differ from those used for statewide financial statement purposes. These reclassifications and changes are as follows:

- (1) Operating transfers, primarily reimbursements to other state agencies for services, have been reclassified as expenditures for purposes of this report.
- (2) At the inception of a capital lease, total principal payments are recorded as expenditures and as other financing sources for statewide financial statement purposes. For purposes of this report, only the current year principal and interest payments are included as expenditures.
- (3) Canteen operations have been excluded from General Fund expenditures since the canteen is a self-supporting operation at each Institution.
- (4) Non-cash assistance, consisting of USDA commodities, has been excluded from General Fund expenditures.

#### **Summary Observation**

The average cost per inmate ranged from \$21,766 at the North Central Correctional Facility – Rockwell City to \$60,405 at the Iowa State Penitentiary – Fort Madison for the year ended June 30, 2018. The average cost per inmate has generally decreased over the past two years, with the average cost per inmate for the year ended June 30, 2018 decreasing from the prior year for six of the nine Facilities. Three of the six Facilities saw a corresponding increase in average number of inmates and all six Facilities saw a corresponding decrease in the average number of employees which reduced their total expenditures.

Over the last five fiscal years, total General Fund expenditures decreased 1.6%, from \$275,841,188 for the year ended June 30, 2014 to \$271,309,942 for the year ended June 30, 2018, the average number of inmates increased 2.5%, from 8,160 to 8,363, and the average daily cost per inmate decreased 4.0%, from \$92.61 to \$88.88.

#### Findings Reported in the State's Single Audit Report:

No matters were reported.

#### Findings Reported in the State's Report on Internal Control:

No matters were reported.

#### Other Finding Related to Internal Control:

<u>Financial Reporting</u> – Departments record receipts and disbursements in the Integrated Information for Iowa (I/3) system throughout the year, including the accrual period. Activity not recorded in the I/3 system is reported to the Iowa Department of Administrative Services – State Accounting Enterprise (DAS–SAE) in a GAAP package.

Due to errors in the calculation of depreciation expense in prior years, the accumulated depreciation beginning and ending balances reported in the GAAP package are misstated. The ending balance reported for accumulated depreciation is understated by \$4,744,637.

<u>Recommendation</u> – The Institution should review the amounts reported for accumulated depreciation and make any necessary corrections. These corrections should be reported in the fiscal year 2019 GAAP package.

<u>Response</u> – The institution will review procedures to ensure GAAP package information is reported correctly on the GAAP package. We will make the appropriate adjustments on the FY2019 GAAP Package.

Conclusion - Response accepted.

#### Other Finding Related to Internal Control:

<u>Segregation of Duties</u> – One important aspect of internal control is the segregation of duties among employees to prevent an individual employee from handling duties which are incompatible. When duties are properly segregated, the activities of one employee act as a check on those of another. The following were noted in relation to the Anamosa State Penitentiary's bank accounts:

- a) Responsibilities for reconciliation of the support collections bank account are not segregated from that of check writing.
- b) Bank reconciliations for the support collections and commissary bank accounts are not reviewed by an independent person.

<u>Recommendation</u> – We realize segregation of duties is difficult with a limited number of office employees. However, the Facility should review its control procedures to obtain the maximum internal control possible under the circumstances utilizing current available personnel. Such reviews should be performed by independent persons to the extent possible and should be evidenced by initials or signature of the review and the date of the review.

<u>Response</u> - Effective with the October 2019 bank statements, we will have a separate staff person reconcile all bank accounts. This will be done by our Purchasing Assistant who has no check writing abilities on the accounts. We had already begun the practice of having the Associate Warden of Administration review and sign off on all bank reconciliations. All account reconciliations since July 2018 have been reviewed.

Conclusion – Response accepted.

#### Finding Related to Statutory Requirements and Other Matters:

<u>Electronic Check Retention</u> – Chapter 554D.114 of the Code of Iowa allows the Facility to retain cancelled checks in an electronic format and requires retention in this manner to include an image of both the front and back of each cancelled check. The Facility does not receive an image of the back of each cancelled check.

<u>Recommendation</u> – The Facility should obtain and retain images of both the front and back of cancelled checks as required by Chapter 554D.114 of the Code of Iowa.

<u>Response</u> – Effective with the May 2019 bank statements, the statements include the fronts and backs of the check images

Conclusion - Response accepted.

<u>Agency Fund Accounts</u> – The Center is responsible for multiple Agency Fund accounts. For the Recreation Agency Fund, although expenditure requests were completed for eleven of thirty disbursements tested, they lacked approval from the Business Manager.

<u>Recommendation</u> – The expenditure requests should be approved by the Business Manager.

<u>Response</u> – Moving forward, all expenditure requests will be reviewed and approved by the Business Manager. In absence of the Business Manager, the Warden will review and approve all expenditure requests.

Conclusion - Response accepted.

#### Finding Related to Statutory Requirements and Other Matters:

<u>Targeted Small Business Procurement Goal</u> – Chapter 73.16 of the Code of Iowa requires the Director of each state agency or department of state government (state agency) having purchasing authority, in cooperation with the Targeted Small Business (TSB) Marketing and Compliance Manager of the Iowa Economic Development Authority (IEDA), to establish a procurement goal for certified targeted small businesses each fiscal year. The procurement goal shall include the procurement of goods and services, including construction, but excluding utility services. The goal shall be stated in terms of a dollar amount at a level exceeding the procurement levels from certified targeted small businesses during the previous fiscal year. TSB procurement goal for the Facility for fiscal year 2018 was not set a level greater than fiscal year 2017 actual TSB spending.

<u>Recommendation</u> – The Facility should establish a goal which exceeds the 2017 actual TSB spending, as required or seek legislation to change this statutory requirement.

<u>Response</u> – We were not aware that the goal had to increase from the prior year's actual. We thought the increase was compared to the previous year's goal. We understand this now and will set the goal accordingly.

<u>Conclusion</u> – Response accepted.
