Auditor of State Rob Sand today released an audit report on the Iowa Corn Promotion Board for the years ended August 31, 2019 and 2018.

The purpose of the Board is to develop and carry out research, education and promotion programs to maintain present corn and corn products markets, to assist in developing new or larger domestic and foreign markets and to work for the prevention, modification or elimination of trade barriers which obstruct the free flow of corn and corn products to market.

Sand reported the Board's net operating revenues totaled \$21,157,219 for the year ended August 31, 2019, a 10.6% decrease from the prior year. Operating expenses for the year ended August 31, 2019 totaled \$18,723,118, an 5.9% decrease from the prior year. The decrease in revenues was due to a decline in assessments. The decrease in expenses was primarily due to planning for reduced assessments and prioritization of programs by the Board.

A copy of the audit report is available for review on the Auditor of State's web site at <https://auditor.iowa.gov/reports/audit-reports/>.

Independent Auditor's Report

To the Members of the Iowa Corn Promotion Board:

Report on the Financial Statements

We have audited the accompanying financial statements of the Iowa Corn Promotion Board, as of and for the years ended August 31, 2019 and 2018, and the related Notes to Financial Statements, which collectively comprise the Iowa Corn Promotion Board's basic financial statements listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles. This includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Iowa Corn Promotion Board's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Iowa Corn Promotion Board's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Iowa Corn Promotion Board at August 31, 2019 and 2018, and the results of its operations and its cash flows for the years then ended in accordance with U.S. generally accepted accounting principles.

Other Matters

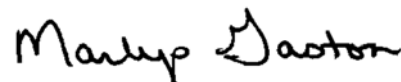

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Iowa Corn Promotion Board's basic financial statements. The supplementary information included in Schedules 1 and 2 is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. In our opinion, the supplementary information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated December 4, 2019 on our consideration of the Iowa Corn Promotion Board's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of the effectiveness of the Iowa Corn Promotions Board's internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Iowa Corn Promotion Board's internal control over financial reporting and compliance.

Iowa Corn Promotion Board

Notes to Financial Statements

August 31, 2019 and 2018

(1) Summary of Significant Accounting Policies

The purpose of the Iowa Corn Promotion Board is to develop and carry out research and education programs directed toward better and more efficient production, marketing and utilization of corn and corn products, to provide public relations and other promotion techniques for the maintenance of present markets, to assist in the development of new or larger domestic and foreign markets and to work for prevention, modification or elimination of trade barriers which obstruct the free flow of corn and corn products to market. The Board collects assessments based on the number of bushels of corn marketed in the state to a first purchaser. Effective September 1, 2012, the assessment rate was one cent per bushel. Statutory authority for the Iowa Corn Promotion Board is established under Chapter 185C of the Code of Iowa.

- A. Reporting Entity – For financial reporting purposes, the Iowa Corn Promotion Board has included all funds, organizations, agencies, boards, commissions and authorities.

The Board's financial statements are prepared in accordance with U.S. generally accepted accounting principles as prescribed by the Financial Accounting Standards Board for non-profit corporations.

- B. Basis of Accounting – The financial statements of the Board are prepared on the accrual basis.
- C. Budgetary Control – Budgetary control is exercised over the Iowa Corn Promotion Board by the Board of Directors, which approves, reviews and revises the budget. Formal budgetary control is based on total operating expenses.
- D. Cash and Cash Equivalents – For purposes of the Statements of Cash Flows, all short-term cash investments that are highly liquid are considered to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash and, at the day of purchase, have a maturity date no longer than six months.
- E. Property and Equipment – Property and equipment is capitalized at cost. Expenses for repair and maintenance are charged against operations. The estimated lives for office and computer equipment ranges from two to twelve years, is three to five years for vehicles and is ten years for leasehold improvements.
- F. Depreciation – Property and equipment are depreciated on a straight-line basis over the estimated useful lives of the assets.
- G. Income Taxes – The Board is exempt from taxation under Section 501(c) of the Internal Revenue Code.

(2) Deposits

The Board's deposits throughout the period and at each August 31 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to ensure there will be no loss of public funds.

The Board's deposits at August 31, 2019 and 2018 consist of cash in bank of \$16,379,090 and \$12,605,946, respectively.

The purposes specified in section 185C.11 of the Code of Iowa include market development, research and education and development of new or larger markets, all of which the Board may carry out directly or through contract with other recognized and qualified organizations. For the years ended August 31, 2019 and 2018, the Board expended 89% each year, for market development, education, research and grants and contracts with other organizations to carry out the purposes of Chapter 185C of the Code of Iowa.

We have audited in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, the financial statements of the Iowa Corn Promotion Board as of and for the year ended August 31, 2019 and the related Notes to Financial Statements, and have issued our report thereon dated December 4, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Iowa Corn Promotion Board's internal control over financial reporting to determine the audit procedures appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Iowa Corn Promotion Board's internal control. Accordingly, we do not express an opinion on the effectiveness of the Iowa Corn Promotion Board's internal control.

A deficiency in internal control exists when the design or operation of the control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility a material misstatement of the Iowa Corn Promotion Board's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over financial reporting we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

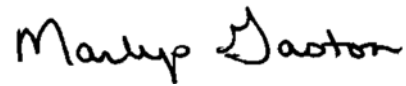

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Iowa Corn Promotion Board's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing and not to provide an opinion on the effectiveness of the Iowa Corn Promotion Board's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Iowa Corn Promotion Board's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of the Iowa Corn Promotion Board during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.
