

ENRICH IOWA REPORT

FISCAL YEAR 2019

Uses & Impacts of Enrich Iowa Funding to Iowa Libraries for Open Access, Interlibrary Loan, and Direct State Aid Library Programs

The **State Library of Iowa** administers funding appropriated annually by the Iowa Legislature to libraries in Iowa. Enrich Iowa consists of three programs to aid libraries in offering improved service to Iowans:

- **Open Access** enables Iowans to check out physical materials at participating libraries, providing them with direct access to more materials and information resources.
- **Interlibrary Loan Reimbursement** provides Iowans with equal access to library resources by supporting loans of materials among all types of libraries.
- **Direct State Aid** improves public library services and reduces inequities among communities.

This report is submitted to the Iowa Legislature and Governor in accordance with Iowa Code Section 256.57(6).

OPEN ACCESS

Open Access provides Iowans with direct access to more library materials and information resources. It enables eligible customers to go to participating libraries and directly check out physical materials.

As a result, Iowans have greater access to more library resources, more choices in library service, and the convenience of using a library where they work, shop, or visit. The state reimburses the loaning library a small amount for each item checked out to offset expenses.

LIBRARY IMPACT: 517 Iowa libraries (public and academic) participated in the Open Access program in FY19.

If a library does not own a book a local patron needs, the library can borrow it through interlibrary loan. Libraries are reimbursed with state funding to help offset costs.
