# Fishing News

## Conservation and Recreation

Fishing is easy, inexpensive and a great activity for kids of all ages. Grab your tackle box, take the family, and get your lines in the water this weekend.

Outdoor fun awaits at hundreds of Iowa lakes, thousands of miles of rivers or a neighborhood pond. Go to [www.iowadnr.gov/fishlocal](http://www.iowadnr.gov/fishlocal) to pick your favorite spot. There are plenty of options to help you find a spot that is less crowded, so you can easily keep at least 6 feet of distance between you and other groups.

Keep the fun going all summer long - buy your fishing license online with our [Go Outdoors Iowa online licensing system](#). You can download the public Go Outdoors IA mobile app for iPhone and Android devices and always have access to your license no matter where you are.

Have fun fishing this weekend!
