# Air Quality News

## Environmental Services

August 4, 2020

## One day left before the EASY Air construction permit webinar

There's still time to sign up to learn how to use DNR's Environmental Application System (EASY Air)—an easier online system to apply for construction and Title V operating permits.

Join us Aug. 5 from 1 to 4:15 p.m. for the essential tools on how to submit **construction permit applications**. Starting with an introduction to EASY Air, you'll also learn how to:

- access and navigate the system
- complete and modify permit applications
- amend sent back applications.
- withdraw construction applications
- request a determination
- use general permits, templates, or registrations
- complete start-of-construction and operation forms.

Time for questions follows the training.

Register at <https://register.gotowebinar.com/register/7088437522871841038>. You will receive a confirmation email on how to join the webinar.

Iowa DNR invites you to get on board. Mastering EASY Air tools can speed your final permit delivery. EASY Air:

- Reduces data entry
- Increases data accuracy
- Saves time on application preparation and submittal
- Accepts online payments.

You can also find a registration link at [eAir Services](#) under the “What Kind of Training is Available” tab. If you cannot attend, you can watch December 2019 training webinars at [eAir Services](#).

## A note on Iowa DNR and COVID-19

The Iowa Department of Natural Resources is working with state and local officials to reduce the spread of COVID-19 and has transitioned employees to work remotely. DNR offices are closed to the public during this time and only available by appointment.

In another effort to further reduce the spread of COVID-19, the DNR is encouraging the use of the online services for submitting applications, payments and other daily tasks and interaction with DNR staff.

- [Full list of DNR's online services](#)
- [Up-to-date information on DNR services, facilities and events impacted by COVID-19](#)
- [Technical information for regulated businesses in regards to COVID-19](#)

We thank you for your patience and flexibility during this time. If you need to contact DNR staff you can reach them by email or phone or by calling 515-725-8200.

DNR's Air Quality News listserv is targeted to the regulated public and consultants to deliver timely regulatory news, program updates, and technical guidance to your email. If you have difficulty, please contact DNR's Wendy Walker at 515-725-9570.
