## OVERVIEW

### **Introduction**

The Department of Education's Division of Community Colleges and Workforce Preparation annually prepares the Certified Budget Report. This report provides information to assist the State Board of Education members in their role as outlined in Iowa Code, Chapter 260C.17, as follows:

*"The board of directors of each merged area shall prepare an annual budget designating the proposed expenditures for operation of the community college. The board shall further designate the amounts which are to be raised by local taxation and the amounts which are to be raised by other sources of revenue for the operation. The budget of each merged area shall be submitted to the state board no later than May 1 preceding the next fiscal year for approval. The state board shall review the proposed budget and shall, prior to June 1, either grant its approval or return the budget without approval with the comments of the state board attached to it. Any unapproved budget shall be resubmitted to the state board for final approval."*

To meet Iowa Code, this report on each community college's projected budget must be reviewed and approved by the State Board on or prior to June 1 of each year. At the time the information for this report is requested from Iowa's 15 community colleges, state general aid appropriations, tuition revenues, and employee salaries are not finalized for the next fiscal year. Only budget estimates can be provided. Community college staff demonstrated their best attempts at preparing the following budget estimates for next year.

### **Overview and Explanation of Budget Process**

Each community college budget included in this report is the budget approved by the community college's local board. This budget is used for determining tax levies. To prepare this budget, college staff must estimate revenues and expenditures for fiscal year (FY) 2018.

According to Chapter 24 of the Iowa Code, the local approved community college budget must be filed with the college's controlling county auditor. The controlling county auditor is usually the auditor in the most populated county in the merged area (e.g., Polk county for Des Moines Area Community College), and is published in newspapers with a notice of a public hearing. The notice of the public hearing needs to be published at least 10 days prior to the hearing. The budgets must be sent to the controlling county auditor no later than March 15 of each year on the forms prescribed by the Department of Management.

The funds used for published and certified budgets are the Unrestricted General Fund (Fund 1), the Restricted General Fund (Fund 2), the Plant Fund (Fund 7), and the Bond and Interest Fund (Fund 7). For comparative purposes, the FY 2017 re-estimated budget and the FY 2016 actual revenue and expenditures for Fund 1, Fund 2, and Fund 7 are included.

### Unrestricted General Fund (Fund 1)

The Unrestricted General Fund (Fund 1) is available for any legally authorized purpose and is, therefore, used to account for all revenues and expenditures for activities not provided for in other funds. Organizational units to be financed through this fund are those which are generally directly related with the operation and support of the educational program of the college with the only restrictions being those imposed by the budget.

Community colleges have six primary sources of revenue available for General Fund activities accounted for under Fund 1. These include:

1. State General Aid
2. Tuition and Fees
3. Local Support (Property Tax Levies)
4. Certain Federal Aid
5. Sales and Service
6. Other Income (such as interest)

### Restricted General Fund (Fund 2)

The Restricted General Fund (Fund 2) is used to account for resources that are available for the operation and support of the educational program, but which are restricted as to their use. Some examples are: Tort Liability; Unemployment Compensation; Direct Federal Grants (e.g., Carl D. Perkins, Adult Education and Family Literacy Act) and Chapter 260E (Industrial New Jobs Training); Chapter 260F Jobs Training; and Chapter 260G Accelerated Career Education Program.

### Plant Fund (Fund 7) and Bond and Interest Fund (Fund 7)

The Plant Funds (Fund 7) are used to account for resources that are available for the purchase and operation of physical facilities. Plant funds are generated from the local \$0.2025 levies.

The Bond and Interest Fund (Fund 7) is used to account for resources that are available for the payment of interest on bonds and retirement of bonds issued.

### **Published Budgets**

The “published budgets” (or “certified budgets”) contain the “best” estimate of revenues and expenditures, many of which are unknown at the time of the budget development. Specifically, state general aid, tuition and fees, and salary/benefits remain undetermined.

If at the end of the fiscal year, if revenues exceed expenditures, a fund balance surplus will occur for that year. Conversely, when expenditures are greater than revenues, a fund balance deficit will occur for that year. Over the years, it has been common practice for colleges to gradually accumulate the fund balance up to some targeted amount that is a cushion to unforeseen future drops in revenues or increases in one-time expenditures.

The individual community college budget depicts trends in revenues and expenditures for the General Funds (Fund 1 and Fund 2), Plant Fund (Fund 7), and Bond and Interest Fund (Fund 7) for each community college. The budgeted financial information of FY 2018, re-estimated FY 2017, and the actual revenue and expenditures for FY 2016 are provided for a more accurate view of each institution's budget and a history of the revenues and expenditures. The statewide total budget summarizes the individual community college data into statewide totals.

The following section provides the FY 2018 budget for each community college as submitted in the public hearings and to the county auditors for the certification process and is as provided to the Department of Education by Iowa's 15 community colleges. It is important to remember that this document includes more data than Fund 1 (Unrestricted General Fund), which is normally reported in other published documents. It also includes Fund 2 (Restricted General Fund) and Fund 7 (Plant Fund and Bond and Interest Fund).

The comments included on the following pages come directly from the community colleges. They are unedited and intended to clarify certain aspects of the college's adopted budget.

Estimated Total Tax Rate per \$1,000 Valuation 1.09993

**COMMENTS:** Negative balances are attributable to a decline in credit enrollment along with higher than expected healthcare costs. The college also utilized carryover balance for infrastructure projects. To address the enrollment challenge, the college is in the process of implementing a Strategic Management Plan which focuses on recruiting efforts. To address the rising healthcare cost, the college has offered a new base plan to employees.

Estimated Total Tax Rate per \$1,000 Valuation 0.71947

**COMMENTS:** For FY 17, Plant fund expenditures are planned to exceed revenue as a construction project is underway. This is a planned use of the fund balance.

In FY18, general fund expenditures are estimated to exceed revenue. This will be deducted from the available fund balance. The plant fund construction is planned to continue and is a planned use of the fund balance.

**COMMENTS:** The reason for the \$1,882,600 deficit in the combined general fund balance is the result of a \$1,860,000 deficit in the Early Retirement General Fund. This is due to fact that we will be rolling out an Early Retirement Plan in the Fiscal Year 2017/2018 and we estimated the front end expense accrual to be \$2,300,000, which of course will be funded in subsequent years. This one-time expense results in a net deficit of \$1,860,000 in the Early Retirement Fund. Excluding this Early Retirement deficit, the rest of the General Fund Accounts would show a loss of only \$22,600, or virtually a breakeven situation.

**COMMENTS:** The college is using fund balance to cover expenses over revenue for the FY 2017 Re-Estimated Budget. Bond proceeds from the previous year are being used for the ongoing construction of additional student housing.

**COMMENTS:** The FY 2018 plant fund negative net resources minus expenditures is caused by planned spending of carryover plant fund balance for necessary infrastructure repairs and updates. The FY 2017 re-estimated budget negative net resources minus expenditures is a result of the early retirement plan offered to employees and planned spending of carryover fund balance of tax dollars levied for equipment replacement and unemployment.

**COMMENTS:** The FY 2017 re-estimated budget shows deficit spending for all funds of \$1,679,957. This is actually an improvement over the original FY 2017 Certified Budget which showed a total deficit of \$5,087,794. The original deficit was due in large part to the anticipated expenditure of General Obligation Bond monies sold to finance the construction of a new Adult Learning Center in downtown Waterloo. The start of that project has taken longer than originally anticipated, which has resulted in a lesser amount anticipated to be spent down in FY 2017.

The FY 2018 Plant Fund Budget shows deficit spending of \$4,727,372 which is the anticipated spend down of monies from the sale of General Obligation Bonds for the construction of the Adult Learning Center in downtown Waterloo mentioned above. The expenditure budget for this in FY 2018 anticipates an additional bond sale along with the funds carried over from a previous year sale.

**COMMENTS:** General Funds FY18 deficit of (378,769) is attributable to the college spending down previous fiscal year revenues (balances) in the restricted fund. Plant Fund negative ending fund balance of (3,569,121) is attributable to the college self-financing a portion of a current capital project. Unrestricted cash is being used to finance a portion of the project, and future property tax receipts in the Plant Fund will be used to offset the deficit.

## **COMMUNITY COLLEGES & WORKFORCE PREPARATION**

*PROSPERITY THROUGH EDUCATION*

[www.educateiowa.gov/ccpublications](http://www.educateiowa.gov/ccpublications)

The Division of Community Colleges and Workforce Preparation within the Iowa Department of Education administers a variety of diverse programs that enhance Iowa's educational system and help to prepare a skilled and knowledgeable workforce. Divided between two bureaus — the Bureau of Community Colleges and the Bureau of Career and Technical Education — the division is committed to providing and supporting opportunities for lifelong learning. In addition to working with Iowa's 15 public community colleges on state accreditation, program approval, equity review, and data reporting, guidance is also provided in the areas of career and technical education, workforce training and economic development, adult education and literacy, military education, the state mandated OWI education program, the GAP Tuition and PACE programs, Senior Year Plus, the National Crosswalk Service Center, and the Statewide Intermediary Network program.
