IWD has reinstated the work search requirement. Those who will be required to begin work searches will be notified by IWD. We have also posted updates on our website regarding this requirement. There are currently over 64,000 job openings at <https://www.iowaworks.gov>. Not all claimants will be required to begin work searches, including for example, those who are receiving Pandemic

Unemployment Assistance benefits due to a medical condition or lack of childcare.

IowaWORKS centers and satellite offices are providing limited in-person services to assist customers with work search activities. Basic services include assistance with job searches, applications, resume preparation and other services to help Iowans with their employment needs. Individuals should telephone their local office first to schedule an appointment as walk-in services may be limited in order to follow social distancing recommendations. Workshops and classes will not be offered at this time. Customers with questions regarding unemployment insurance benefits should continue to contact the IWD call center at 1-866-239-0843 or email uiclaimshelp@iwd.iowa.gov to obtain information about their claims.

Employers are required to notify their employees about Unemployment Insurance (UI) benefits in accordance with Iowa Administrative Code Section 871-22.19. The requirement ensures that workers are aware of the benefits they may be eligible for if they become unemployed or experience a reduction in hours.

Employees and employers who have questions regarding returning to work should review the Frequently Asked Questions for each group on our website.
