**Iowa Workforce Development reports initial unemployment insurance claims filed for week of November 8-14, 2020**

DES MOINES - The number of initial unemployment claims in Iowa, filed between Sunday, Nov. 8, and Saturday, Nov. 14, was 6,312, an increase of 1,095 from last week's adjusted numbers. There were 5,784 initial claims by individuals who work and live in Iowa, and 528 claims by individuals who work in Iowa and live in another state. The number of continuing weekly unemployment claims was 35,242, an increase of 29 from the previous week. November through February are traditionally the months IWD sees the most unemployment claims, driven by increased claims in construction, agriculture, landscaping and manufacturing due to seasonal layoffs. For the week ending Nov. 14, 2020, nearly 44.1% of claimants indicated their claims were not COVID-19 related.

The U.S. Department of Labor adjusted last week's initial claim number to 5,217 (a decrease of 359) and continuing claims to 35,213 (a decrease of 447 for a total decrease of 806 overall). Iowa Workforce Development relies upon the weekly data released by the U.S. Department of Labor to report its numbers and as such, adopts the revisions to the previously published data.

Due to Governor Reynolds' recent Proclamation of Disaster Emergency, IowaWORKS Centers will temporarily cease providing in-person services. Customers are encouraged to log onto [iowaWORKS.gov](http://iowaWORKS.gov) or the mobile application to continue their work search activities. Further assistance can also be received by visiting the website or calling customer service.

Iowa Workforce Development and all IowaWORKS Centers will be closed November 25-27 in observance of the Thanksgiving holiday.

The United States Department of Labor notified Iowa that due to our economic recovery, the State EB program ended the week ending October 31, 2020. EB cannot be paid to any claimant for weeks of unemployment after October 31, 2020, even if they have not yet received 13 weeks of EB. Those claimants who lose EB may be eligible for the PUA benefit program if they have remaining benefit weeks available in their current benefit year. Claimants may apply for PUA at [www.iowaworkforcedevelopment.gov/pua-information](http://www.iowaworkforcedevelopment.gov/pua-information).

IWD has reinstated the work search requirement. Those who will be required to begin work searches will be notified by IWD. We have also posted updates on our website regarding this requirement. There are currently almost 72,000 job openings at <https://www.iowaworks.gov>. Not all claimants will be required to begin work searches, including for example, those who are receiving PUA benefits due to a medical condition or lack of childcare.

Employers are required to notify their employees about Unemployment Insurance (UI) benefits in accordance with Iowa Administrative Code Section 871-22.19. The requirement ensures that workers are aware of the benefits they may be eligible for if they become unemployed or experience a reduction in hours.

Employees and employers who have questions regarding returning to work should review the Frequently Asked Questions for each group on our website. Assistance for employers can be found
