Members of the Iowa General Assembly and Other Interested Citizens:

This document is an annual compilation of the individually published Factbook pages published to the Legislative Services Agency (LSA) website. The individual pages provide data, statistics, and maps on lowa government, economy, and population presented on a local, state, regional, or national basis. The pages are now published to the LSA website as soon as the information is collected and verified by LSA analysts. Individual pages can be found here: www.legis.iowa.gov/publications/fiscal/factbookIndDoc?pubType=FCTA. They can be searched by department, subject area, or Factbook category.

This compilation document contains individual pages that were updated in the 2019 calendar year and published to the website in 2019. Information is categorized as follows:

Demographics	Population and census information
State Government	Finance and taxes, miscellaneous information
Local Government	Property tax information, levy rates
Crime and Enforcement	Correctional system demographics and statistics
Economy	Production, income, labor force, government program, agriculture, and natural resources statistics
PK-12 Education	Elementary/secondary education funding, staffing, and statistics
Higher Education	Statistics about state universities, community colleges
Health and Human Services	Information and statistics about various programs
Transportation	Revenue information about the road funds and other transportation-related demographics and statistics

Information in each table is provided on the State fiscal year basis (July 1 through June 30), unless in a national comparative chart or otherwise noted. References may be made to Calendar Year (CY) and Federal Fiscal Year (FFY). Information not available or not applicable is indicated by "NA" in various tables.

National comparative tables and maps are incorporated throughout this report. The source for the data for all tables and maps is identified.

Factbook 2019 can be accessed at: www.legis.iowa.gov/publications/fiscal/factbook
Contact the Fiscal Services Division of the LSA if you have questions concerning the data provided. Your suggestions for additions, deletions, or other modifications for next year's Factbook are encouraged.

General Fund Total Fund Balance — GAAP Basis FY 2009 – FY 2018

GAAP = Generally Accepted Accounting Principles

Notes:

- 1) This chart represents the total fund balance of the General Fund on a GAAP basis of accounting and includes both reserved and unreserved fund balances for FY 2009-FY 2010 and spendable and nonspendable fund balances for FY 2011-FY 2018. Reserved fund balances are those that have a statutory restriction on the expenditure of the funds, while unreserved fund balances have no statutory restriction. Nonspendable fund balances include inventories, prepaid items, noncurrent receivables, and principal on endowments. These resources cannot be expended because they are either not in a spendable form or legally required to remain intact. Spendable fund balances include resources that are available for spending and are further classified as restricted, committed, assigned, or unassigned, based on the level of spending constraint, if any.
- 2) Fund balance information is of central importance to bond rating analysts when conducting credit reviews. Users of financial statements examine fund balance information to identify the available current financial resources that can be used to repay long-term debt, reduce property taxes, add new governmental programs, expand existing ones, or enhance the financial position of the government.

Notes:

- 1) A local option sales tax of up to 1.0% was originally authorized in 1985. An additional 1.0% local option sales tax for school infrastructure was approved in 1998. The local option sales tax for school infrastructure was changed to a statewide tax effective July 1, 2008.
- 2) Ethanol blended fuels are currently taxed at \$0.290 per gallon.
- 3) A fuel tax rate increase was effective March 1, 2015.

Major State and Local Taxes

State Taxes	Rate on July 1, 2019	Description						
Individual Income Tax	0.33% to 8.53%	 Tax is imposed on personal net income earned in lowa. Federal taxes paid are deducted from income. For tax year 2018, the top rate applies to taxable income in excess of \$73,710. 						
Sales and Use Tax	6.00%	 Tax is imposed on the final sale of most goods and enumerated services. Food, prescription drugs, and professional services are the major exceptions. One percentage point of the 6.00% State rate is distributed to local school districts and is dedicated to school infrastructure finance. 						
Motor Vehicle Fuel Tax Gasoline	\$0.305 per gallon	Tax is imposed on purchases of various gas and fuel products. Receipts are deposited in the Road Use						
Ethanol	\$0.290 per gallon	Tax Fund. B11 refers to diesel fuel blended with biodiesel to a level higher than 10.0% biodiesel.						
Diesel Biodiesel, B11 or Higher	\$0.325 per gallon \$0.295 per gallon							
Corporate Income Tax	6.00% to 12.00%	 Tax is imposed on the net income of corporations doing business in lowa. The top rate applies to taxable income over \$250,000. 						
Insurance Premium Tax	1.00%	 Tax is imposed on the adjusted gross amount of premiums (excluding annuities) of all insurance companies except fraternal beneficiary associations. 						
Cigarette Tax	\$1.36 per pack	Tax is imposed on the sale of cigarettes.						
Tobacco Tax	50.00%	Tax is imposed on the wholesale price of tobacco, excluding tobacco subject to the cigarette tax.						
Franchise Tax	5.00%	 Tax is imposed on the net income of most types of banks and financial institutions. Credit unions are taxed differently. 						
Inheritance Tax	1.00% to 15.00%	 Tax is imposed on beneficiaries other than lineal descendants. Rates and brackets vary according to the relationship of the beneficiary to the deceased. 						
Property Tax	Varies – the residential average rate is approximately 3.45% of taxed value (1.96% of assessed value).	 Tax is imposed on the taxable value of real property, including land and buildings. For FY 2020, residential property is taxed at 56.92% of market value. 						
Local Option Sales Tax	1.00%	 Tax is added to the general State sales tax but not to use tax. The State remits collections to cities and counties. 						
Hotel/Motel Tax	Varies – cannot exceed 7.00%.	 Tax is imposed on the gross receipts of hotel and motel room rentals and disbursed to local governments imposing the tax. 						
Individual Income School District Surtax	Varies – cannot exceed 20.00% of State income tax liability.	 Tax is imposed by school districts on residents' State income tax payments and disbursed to school districts imposing the tax.

Definitions:

- 1) State Appropriation: General Fund resources provided to address the needs of salary adjustment.
- 2) Identified Need: Department of Management determination of the need prior to the General Assembly appropriating the funds, based on a comparison of budget and projection per each employee's position.
- 3) Difference: The total surplus or deficit after matching the need to the resources provided.
- 4) Prorate: If this equals 100.0%, resources met or exceeded the need, and the balance reverted. If less than 100.0%, resources were less than the total need.

- 1) FY 2006: The total appropriation included the \$2.4 million increase from HF 882 (FY 2006 Standing Appropriations Act).
- 2) FY 2007: The total excluded the Board of Regents and Judicial Branch.

- 1) The Rebuild Iowa Infrastructure Fund (RIIF) was first funded in FY 1996 with a \$50.0 million GAAP Deficit Account appropriation. The General Assembly also dedicated two other sources of revenue to the RIIF: the interest earnings from the Cash Reserve and Economic Emergency Funds, and funds from the State wagering taxes after other allocations are made in accordance with Iowa Code section 8.57.
- 2) During the 2000 Legislative Session, SF 2453 (FY 2001 Infrastructure Appropriations Act) created the Environment First Fund (EFF) and provided a standing appropriation from the RIIF. The Act required interest earned on the EFF to be deposited in the RIIF.
- 3) Beginning in FY 2010, the unsecuritized Master Settlement Agreement tobacco payments were transferred to the RIIF.
- 4) Beginning in FY 2011, wagering tax totals include the transfers back to the RIIF from the unneeded amounts that were allocated for debt service on the 2009 and 2010 revenue bonds, debt service on school infrastructure bonds, and the Federal Subsidy Holdback Fund. In addition, any operating license fees paid by casinos are included in the wagering tax totals.

- 2) The General Assembly occasionally appropriates funds from other sources for infrastructure-related projects. These appropriations are reflected as "Other" in the table above.
- 3) For FY 2016 and FY 2017, the General Assembly appropriated funding for technology projects from the RIIF and did not make any appropriations from the TRF.

County Consolidated Property Tax Rates — FY 2020

Countywide Average Rate

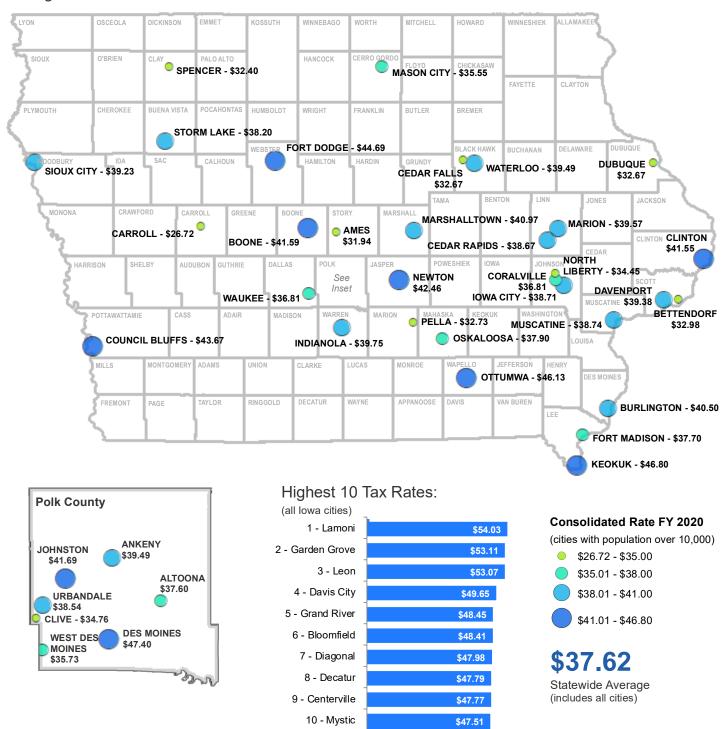

Note: The countywide average rate is the aggregate of all property tax paid within the county divided by the total taxable valuation (with gas and electric utilities) of the county, with the result multiplied by \$1,000.

City Consolidated Property Tax Rates — FY 2020

Average for Cities

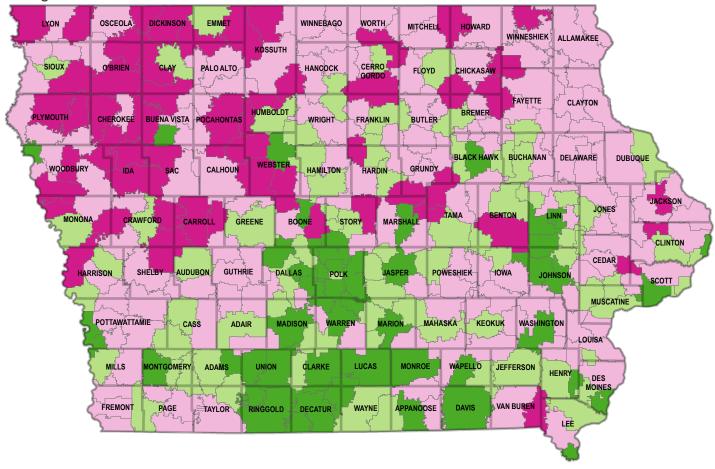

Note: Only cities with a population over 10,000 are shown on the map. The top 10 includes all cities, regardless of population. The consolidated property tax rate is the aggregate of property tax levied within the city divided by the total taxable valuation (with gas and electric utilities) within the city, with the result multiplied by \$1,000. Agricultural property located within cities is not included in the average consolidated rate calculation. Urban property that is exempt from the city tax rate is not included.

Consolidated Property Tax Rate — FY 2020

Average for School Districts

Lowest and Highest 10 by School District

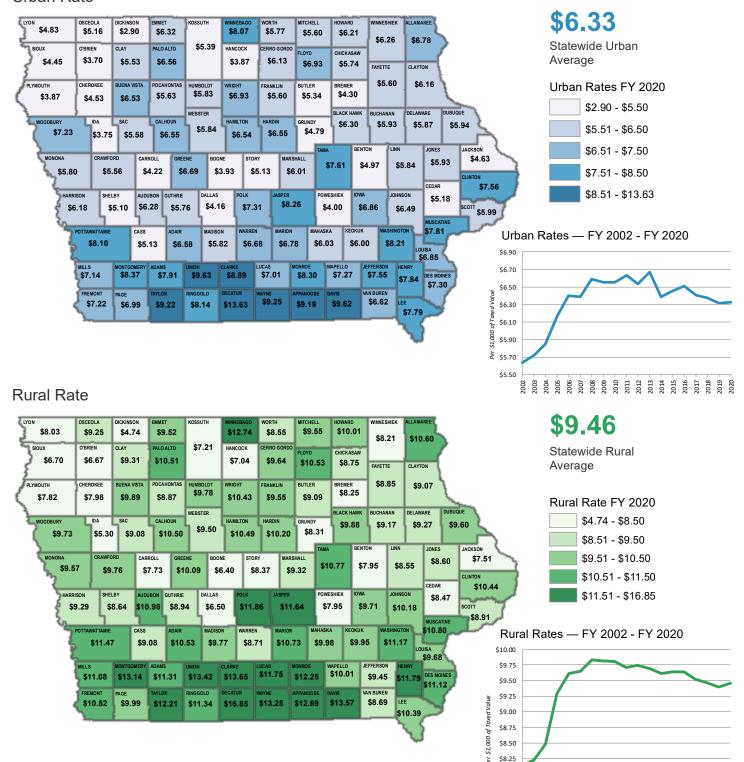

Note: The consolidated property tax levy rate is the aggregate of the property tax within the school district divided by the total taxable valuation (with gas and electric utilities) within the district divided by \$1,000.

County Property Tax Levy Rates — FY 2020

Urban Rate

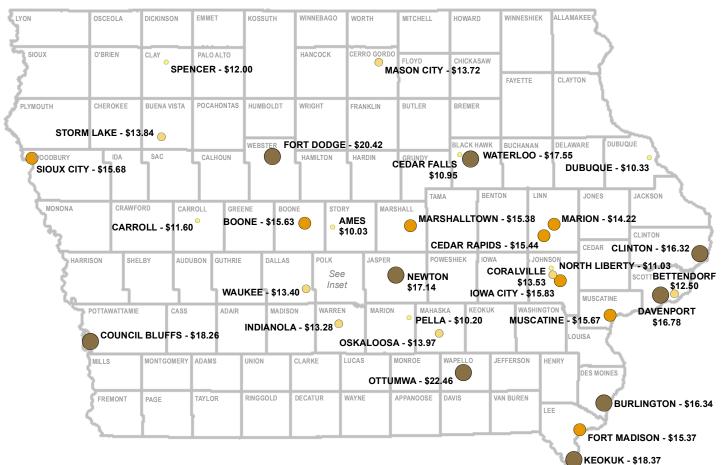

Note: The statewide average rates for urban and rural property respectively are calculated by dividing the county property tax levied statewide by the taxed value statewide. Gas and electric utility property is included in the calculation. Property within the increment portion of a Tax Increment Financing area is not. Rates are per \$1,000 of taxed value.

¹⁾ The rollback percentage is the portion of the assessed value of a property subject to taxation. For example, a residential home valued at \$100,000 in assessment year 2019 (FY 2021) will be taxed on \$55,074 of the value. This example does not include the impact of exemptions or credits such as the Homestead Tax Credit.

²⁾ The residential rollback applies to farm dwellings.

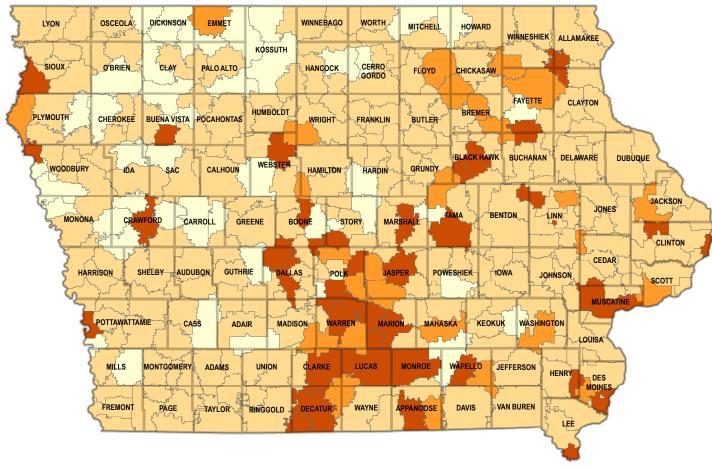

TIF Valuation as a Percentage of Total Valuation by School District — FY 2020

Note: Tax Increment Financing (TIF) areas provide a finance option for urban renewal areas. The percentage of TIF valuation represents the portion of TIF incremental property valuations in comparison to the total taxable valuation (including TIF increment) within each school district.

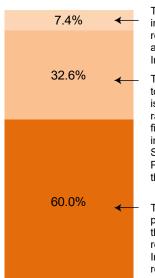

Total Property Tax Relief Aid Rate Reduction by School District — FY 2020

Note: Property tax rate reduction amounts are expressed in dollars per \$1,000 of taxable valuations. Total property tax relief aid includes provisions from the 1992 property tax adjustment aid, adjusted additional property tax levy aid, and the property tax replacement payment (PTRP).

Total Funding Percentages

The property tax adjustment aid (1992 provision) was originally implemented in FY 1992 to help ease property tax burdens with the implementation of the revised school aid formula. The aid provision has a gradual phase-out with an undetermined completion date. A total of 85.3% of districts receive this aid. In FY 2020, the total cost of this provision is \$7.7 million.

The adjusted additional property tax levy aid provides property tax relief to school districts with high adjusted additional property tax rates. If funding is sufficient, the provision provides aid to districts up to the statewide average rate, and any remaining funds are used to increase the foundation level for that fiscal year. Funding includes a \$24.0 million General Fund appropriation built into the school aid formula and 2.1% of the total amount collected from the Secure an Advanced Vision for Education (SAVE) Fund, which is deposited in the Property Tax Equity and Relief (PTER) Fund. A total of 18.0% of districts receive this aid. In FY 2020, this provision provided \$34.1 million in property tax relief.

The property tax replacement payment provides State aid for the property tax portion of the increase in the cost per pupil resulting from the establishment of the State percent of growth in FY 2014 through FY 2020. The amount currently reflected provides the amount of aid for FY 2020. All districts receive this aid. In FY 2020, this provision generated \$62.6 million in additional levy funding replacement.

County Government Expenditures — FY 2020

Per Capita by County from All Funds

County Expenditures by Function and Percent of Total — FY 2020

Total: \$3,115.40 (in millions)

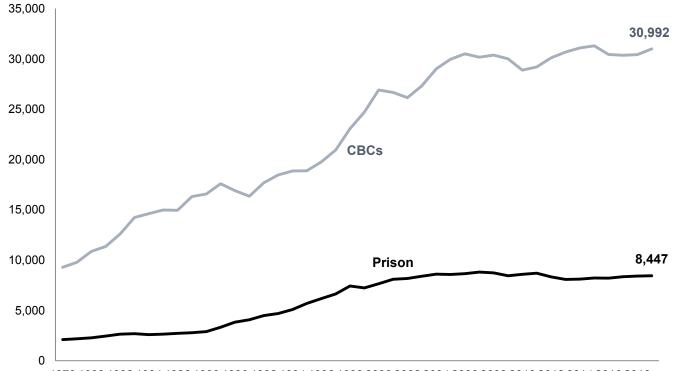

Note: Per capita expenditures are calculated by dividing a county's total expenditures by the 2018 estimated population. There is a negative relationship between county size (either total expenditures or population) and per capita expenditures. That is, the larger counties spend less per person for county government service; this can be attributed to economies of scale.

- 1) Iowa has one of the lowest murder rates in the nation.
- 2) The data above reflects the number of crimes reported, not the number of arrests made.
- 3) The lowa Department of Public Safety is responsible for reporting summary data to the FBI.
- 4) All states report criminal data to the FBI using Uniform Crime Report (UCR) definitions.
- 5) The UCR defines violent crimes as murder, rape, robbery, and aggravated assault.
- 6) The UCR defines property crimes as burglary, larceny, and motor vehicle theft.
- 7) Domestic abuse is reported separately from violent crimes and property crimes.

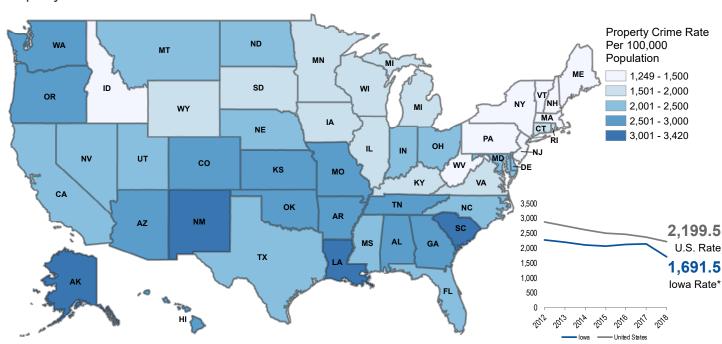

National Comparison of Crime Rates — CY 2018

Violent Crime Rate

Note: Violent crime is composed of four offenses: murder and nonnegligent manslaughter, forcible rape, robbery, and aggravated assault. Violent crimes are defined in the Uniform Crime Report as offenses that involve force or threat of force.

Property Crime Rate

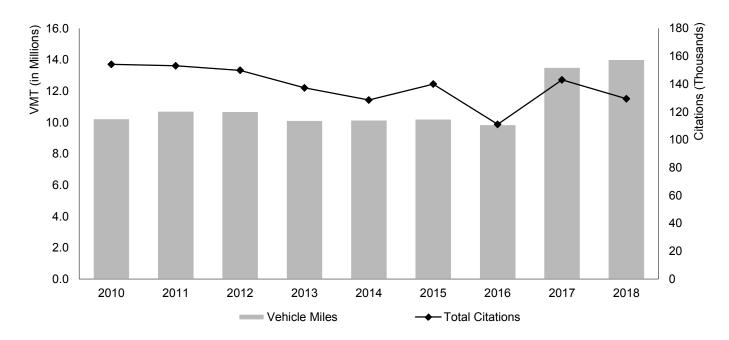

Note: Property crime includes the offenses of burglary, larceny-theft, motor vehicle theft, and arson. The object of theft-type offenses is the taking of money or property, but there is no force or threat of force against the victims. The property crime category includes arson because the offense involves the destruction of property; however, arson victims may be subjected to force.

Notes:

- 1) Table data updated for the Legislative Services Agency (LSA) by State Court Administration on February 8, 2019.
- 2) Civil filings include civil contract and personal injury cases over \$5,000, domestic relations, real property, mortgage foreclosures, small claims appeals, and contempt actions. They do not include filings for distress warrants, foreign judgments, liens, seized property hearings, and transcripts of judgment.
- 3) Serious criminal filings include felonies, serious and aggravated misdemeanors, and probation revocations.
- 4) Simple misdemeanor filings include mostly State traffic violations plus other simple misdemeanors.
- 5) Juvenile filings include juvenile delinquency, child in need of assistance (CINA), family in need of assistance (FINA), and parental notification cases. This does not include juvenile commitment cases.
- 6) MH/SA commitment filings refer to juvenile and adult mental health (MH) or substance abuse (SA) hospitalization/commitment cases filed.
- 7) The Judicial Branch stopped including contempt actions and probation revocations with "filings" on July 1, 2006, and this accounts for most of the reduction in filings in 2006. The 2007 through 2018 data includes probation revocations in criminal filings. Data for contempt filings is included in civil and small claims filings from 2007 through 2018.

Notes:

- 1) All costs are averages.
- 2) The average cost for a private attorney is a cost per claim. The average cost for a public defender is a cost per charge. Public defender cost average is measured by number of charges filed against a client that are closed. Private attorneys file a single claim for all charges that arise out of the same incident and the average is based on the number of claims.
- 3) The average cost for public defender cases is based on the operating budget.

Notes:

- 1) Consumer Price Index (CPI-U) is a measure of the average change in prices over time in a fixed market basket of goods and services. The base year for the Consumer Price Index is 1982-84=100. The calendar year value listed is the 12-month average for the calendar year.
- 2) Unemployment rate is a measure of the average percentage of the U.S. civilian labor force unemployed each year. The value is the unadjusted annual rate.
- 3) Gross Domestic Product is the value of all goods and services produced in the United States in one year in billions of current dollars (not adjusted for inflation). Historical numbers are subject to revision in future years.

NOTES:

- The United States Department of Agriculture Economic Research Service changed the methodology for calculating farm exports. Previous years' estimates were based on each state's share of total agricultural production, but these estimates are based on cash receipts. Refer to the following website for more information: www.ers.usda.gov/data-products/state-export-data.aspx#.Unqc.lvms.gyo.
- 2) The total lowa exports for 2017 increased 0.7% compared to 2016.
- 3) In 2017, soybean products, corn, and meat products comprised approximately 79.9% of all lowa exports.
- 4) In 2017, soybean product exports increased 3.9% and corn exports decreased 9.5%.

Acres Enrolled in the Conservation Reserve Program — FFY 2018

The Conservation Reserve Program (CRP) is a land conservation program administered by the U.S. Department of Agriculture (USDA) Farm Service Agency (FSA). In exchange for a yearly rental payment, farmers enrolled in the Program agree to remove environmentally sensitive land from agricultural production and agree to plant species that will improve environmental health and quality. Contracts for land enrolled in CRP are 10-15 years in length. The long-term goal of the Program is to reestablish valuable land cover to help improve water quality, prevent soil erosion, and reduce loss of wildlife habitat by planting native grasslands and long-term ground cover plants so wildlife populations can redevelop, as the plants provide places for nesting as well as winter cover.

Notes:

Certain licenses are not sold on the Department of Natural Resources (DNR) website or through the Electronic License System for Iowa (ELSI). An additional \$2.00 administrative fee is charged for licenses sold through the ELSI.

Beginning in 2017, hunters may use straight wall ammunition for hunting using the guidelines from the DNR.

* The passage of SF 2198 (FY 2013 Paddlefish Season on the Missouri River Act) allows persons fishing on the Missouri River with a valid fishing license to purchase a license to fish for paddlefish. The cost is \$20 for residents and \$40 for nonresidents.

State Parks, Forests, and Recreation Area Visits — CY 2018

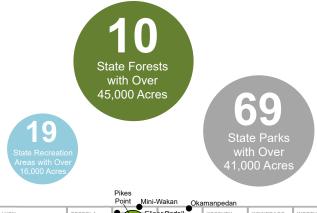

Numerous outdoor opportunities exist in Iowa. The Department of Natural Resources' Guide to Iowa State Parks includes information on the following outdoor attractions:

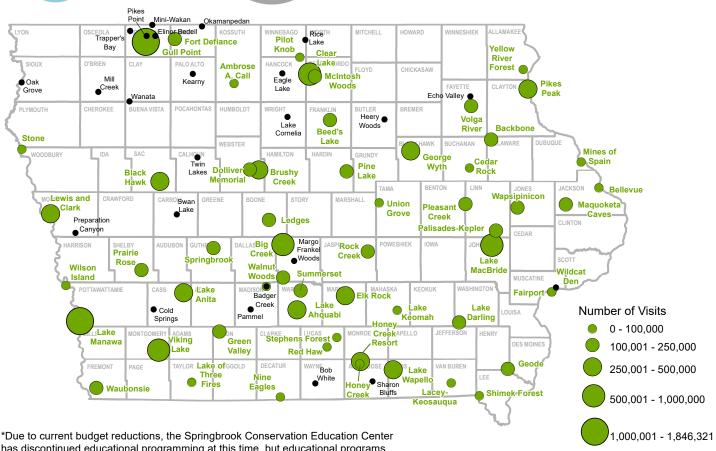

- · State parks and recreation areas, which offer camping, hiking, hunting, fishing, and other outdoor activities.
- State forests, which offer hiking, hunting, and camping.
- State preserves, which have fewer recreational activities but feature unique biological natural resources, geological sites, archaeological finds, historical areas, or scenic views.
- Distinctive facilities such as the Springbrook Education Center* and Honey Creek Resort, which provide educational and recreational outdoor activities for groups and classrooms.

Ethanol and Biodiesel Producation Capacity by State — As of January 1, 2019

Quick Facts:

- Ethanol is made primarily from corn starch from kernels.
- Biodiesel is made from vegetable oils, primarily soy oil, but also from animal fats, waste oil, and greases.
- One bushel of corn yields 2.7 gallons of ethanol.
- E15 fuel is a blend of 15.0% ethanol and 85.0% gasoline. E15 is approved for use in model year 2001 and newer cars, trucks, and Sports Utility Vehicles. A 10.0% ethanol blend is approved for use in all automobiles.
- Fuel-grade biodiesel must meet specifications and be registered with the Environmental Protection Agency as a legal motor fuel. Biodiesel is not the same as renewable diesel. While both fuels can be made from similar feedstocks, they are made using different production processes and have different properties.

- The Environment First Fund appropriation to REAP was \$12.0 million for FY 2018. Statute requires 28.0% of REAP funds to be allocated for the purchase or development of land. There was a \$2.0 million allocation from the REAP appropriation for state park maintenance and operations. There was a second allocation of \$1.0 million for state park repairs.
- The Pittman–Robertson Act is also known as the Federal Aid in Wildlife Restoration Act.
- Data represents land approved for purchase. This may differ from land actually purchased. The Natural Resource Commission approves the purchase of land before the Department of Natural Resources (DNR) can make the purchase.
- Data does not include other public land owned by local governments or federally owned land.

Notes:

- 1) State aid for the Instructional Support Program was not funded in FY 2018.
- 2) Other property tax adjustments for local taxes include the additional levy C&I replacement adjustment.
- 3) The State Sales/Use Tax for School Infrastructure is estimated and does not include money deposited in the Property Tax Equity and Relief (PTER) Fund used for school aid property tax reductions in FY 2018.
- 4) Information presented in this table does not include appropriations made to a number of other program areas.
- 5) Totals may not sum due to rounding.

General Fund Levy Per Pupil — FY 2020

By School District

Note: The General Fund Levy Per Pupil is calculated by the Department of Management as the total school district General Fund levy divided by budget enrollment. Budget enrollment is equal to the certified enrollment count from the previous year's October enrollment count. Variation in the General Fund levy is reflective primarily of property valuation differences between districts.

- 1) Enrollments reflect certified enrollment reported as of October 1 of the previous year (or the first Monday in October 1 falls on a weekend).
- 2) "Other" refers primarily to special education students not associated with a given grade level. This is not a count of the number of special education students in the State.
- 3) Special education enrollments are based on special education weightings from the Department of Management's Aid and Levy worksheet.

Enrollment Served by Area Education Agencies (AEAs)

lowa's nine **Area Education Agencies (AEAs)** provide educational equity across the State, working as educational partners with public and nonpublic schools to improve learning outcomes and child well being. AEAs provide services and regulatory responsibility in three main areas: special education, media and technology services, and educational services (the majority of which is curriculum development). AEAs are funded through the School Aid Formula and funding is generated at the school district level using the same basic formula: cost per pupil times enrollment. Each AEA has a separate cost per pupil for each of the three service areas.

Class of 2018 vs. Class of 2014 Four-Year Graduation Rate

*Note: Districts with class sizes fewer than 10 are not included in the maps. Additionally, classes that participate in whole grade sharing with another district are shown in the district that they attend. Storm Lake Community School District's four-year graduation rate (64.8%) is a low-end outlier due to the district's charter high school, which includes an intentional fifth year for many students. The district's most recent five-year graduation rate is 90.5%.

Joint Enrollment of High School Students at Community Colleges FY 2018 Statewide Joint Enrollment by Type

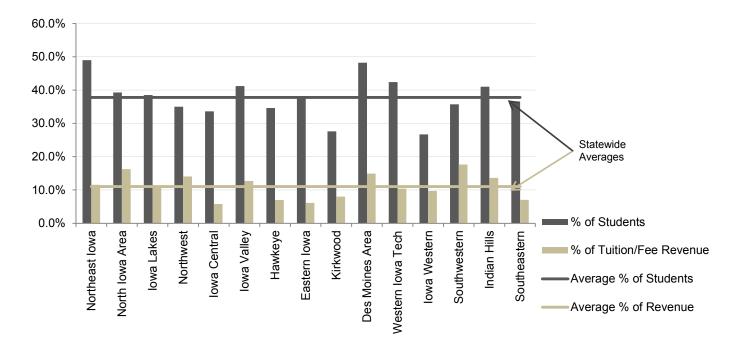

PSEO 107

Contracted Tuition 50,082 1,653

Joint Enrollment consists of three types of enrollment:

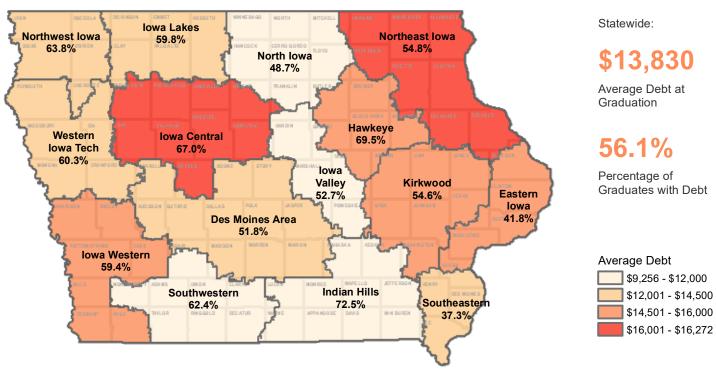

- 1) Contracted (or concurrent) Offered under negotiated agreements, generally between individual high schools and community colleges; not included in the college's offerings to adult students. Cost to the school district is determined under the agreement. School districts receive additional funding for these students, generated by a weighting in the school aid formula, to offset the additional cost. The funding may be more or less than the actual cost to the school district.
- 2) Postsecondary Enrollment Option (PSEO)— A high school student may take a class at a community college if the class is not offered at the high school. The cost to the school district is \$250.
- 3) Tuition— A high school student may take a class at a community college by paying the regular rate of tuition. There is no cost to the school district.

Notes:

- 1) The food assistance allotment shown above is the maximum monthly amount the household will receive if the households income is zero or negligible.
- 2) The amounts above cannot be added to the Family Investment Program (FIP) payment for the family size, since specific circumstances for each case may vary and must be used to calculate the proper allotment of food assistance.
- 3) Rates are adjusted at the beginning of each federal fiscal year. However, due to the expiration of the federal American Recovery and Reinvestment Act (ARRA) on October 31, 2013, the rate effective for federal fiscal year 2014 began on November 1, 2013.

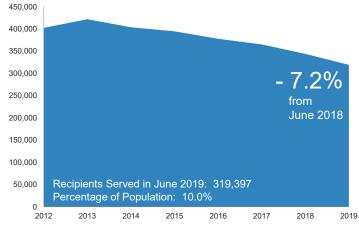

Number of Recipients in the Food Assistance Program by County — July 2019

Notes

- 1) To receive food assistance, an individual must be a resident of lowa or a citizen or legally qualified noncitizen (such as a refugee) and have a household income that does not exceed 160.0% of the federal poverty level. For a family of three, this amount equals a gross annual income of approximately \$33,200.
- The Food Assistance Program provides Electronic Benefit Transfer (EBT) cards that can be used to buy groceries at supermarkets, grocery stores, and some farmers markets.
- 88.0% of food assistance recipients also receive Medicaid and/or Family Investment Program (FIP) benefits, or Healthy and Well Kids in Iowa (Hawki).

Notes:

- Billing rates for the State Resource Centers have been omitted because the State assumes responsibility for all non-federal Medicaid charges. There are no scheduled county billing rates for Glenwood and Woodward Resource Centers.
- 2) The per diem rates for the Mental Health Institutes do not reflect the actual cost of care, but rather the capped county billing per diem rates for adult psychiatric care. The counties are charged 80.0% of this rate.
- 3) The per diem rate for Eldora reflects "net" of education and grant funding.

^{*}Population estimates used to calculate percentage of lowans on Medicaid are based on calendar year.

Notes

- 1) The Average Enrollment and Total Dollars Expended columns include both traditional Medicaid and the Iowa Health and Wellness Plan.
- 2) The Total Dollars Expended column has been adjusted to reflect costs incurred in the applicable fiscal year. Due to FY 2016 being a transition year that included both fee-for-service and managed care expenses, FY 2016 costs could not be easily assigned on an incurred basis. Therefore, an estimate was used for FY 2016.

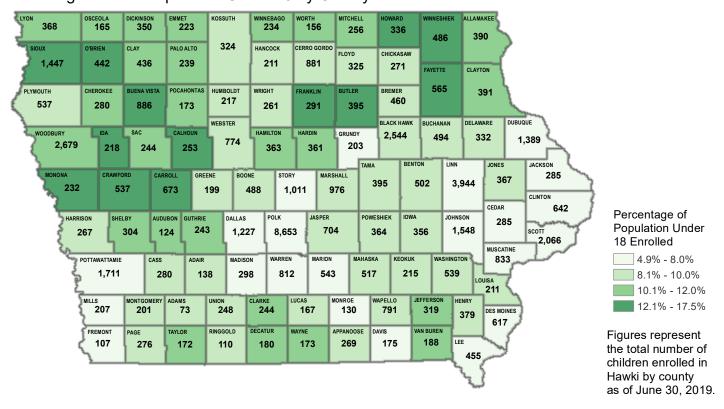

Healthy and Well Kids in Iowa (Hawki) — FY 2019

The Children's Health Insurance Program (CHIP) provides health care coverage for children and families whose family income is too high to qualify for Medicaid but too low to afford individual or work-provided health care. The CHIP has three parts: a Medicaid expansion, a separate program called Healthy and Well Kids in Iowa (Hawki), and a dental-only plan.

Children enrolled are eligible for a plan from one of two managed care organizations: Amerigroup lowa, Inc., and Iowa Total Care; and are enrolled in the dental plan provided by Delta Dental of Iowa.

In the table below, potential federal matching funds represent the total matching funds that available State dollars could generate, and not necessarily the federal dollar amount that will be available to lowa.

Iowa Health and Wellness Plan Enrollment — 2019

The Iowa Health and Wellness Plan is a Medicaid program providing comprehensive health care coverage to low-income lowans.

The Iowa Health and Wellness Plan covers adults ages 19 to 64 with income at or below 133 percent of the Federal Poverty Level (FPL). In 2019, the eligible income amount for individuals is \$16,612 for a family of one or \$22,490 for a family of two. Members have the option of choosing a plan from one of two managed care organizations: Amerigroup Iowa, Inc., or Iowa Total Care. Members also choose a dental plan provided by either Delta Dental of Iowa or MCNA Dental.

Number and Percentage of Total Population Age 18 to 64 Enrolled by County

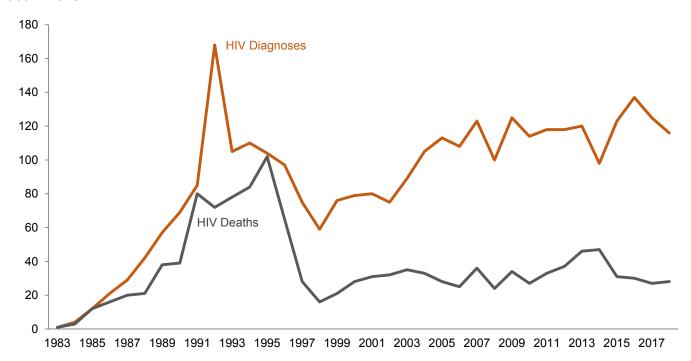

Notes: Figures represent the number enrolled in the lowa Health and Wellness Plan. Total enrolled in the lowa Health and Wellness Plan is 173,894. Enrollment is as of September 30, 2019.

Notes:

- 1) HIV stands for human immunodeficiency virus, the cause of the condition known as HIV infection or HIV disease. Persons with HIV infections are classified according to a measure of their immune function.
- 2) The category HIV Diagnoses reflects all persons diagnosed with HIV infection for the first time, regardless of stage of infection, who were residents of Iowa at diagnosis.
- 3) Deaths of persons with HIV infection are not restricted to HIV-related causes. They include all causes of death. Death data for the most recent year is provisional.
- 4) Annual increases in the number of persons living with HIV infection are due to fairly stable HIV diagnosis rates and widespread use of multidrug antiretroviral therapies, which have allowed HIV-infected persons to live longer.
- 5) Federal funds are grants primarily for prevention, education, surveillance, and support (including treatment and counseling) of HIV-infected persons, and indirect support costs for grant handling.

Note: Total calls is an unduplicated number (there may have been several reasons for any specific call). In FY 2014,
Live Chat was added and included in counts, and the out-of-state area code block was removed. In FY 2019, chat and
texting was added and is now included in counts. These counts do not include "junk" calls (prank calls, hang ups, etc.).

Patients Receiving Gambling Treatment Services

Note: The difference between Patients Receiving Counseling for Gambling and Total Patients Receiving Counseling reflects concerned persons, such as spouses and children, who have received counseling services.

Department on Aging Area Agencies on Aging — FY 2019

The Area Agencies on Aging (AAAs) respond to the needs of persons aged 60 and over by assessing current needs, services, and programs available to older Iowans. Likewise, AAAs provide information and assistance services to that population and advocate on its behalf.

Child Welfare Decategorization Program — 2018

The Child Welfare Decategorization Program is an effort to change the child welfare system to one that is need-based, family-focused, easily accessible, more intensive, less restrictive, and cost effective by "decategorizing" services from a State level to a local level. Decategorization is designed to redirect child welfare and juvenile justice funding to services that are more preventive, family-centered, and neighborhood- and community-based in order to reduce use of restrictive approaches that rely on institutional, out-of-home, and out-of-community placements.
