

REPORT
OF THE
SECRETARY OF STATE,

IN RELATION TO THE
CRIMINAL RETURNS

OF THE
STATE OF IOWA FOR THE YEARS 1878 AND 1879.

J. A. T. HULL, Secretary of State.

[PRINTED BY ORDER OF THE GENERAL ASSEMBLY.]

DES MOINES:
F. M. MILLS, STATE PRINTER.
1879.

STATE OF IOWA, }
OFFICE OF SECRETARY OF STATE, }
DES MOINES, Dec. 1, 1879. }

To HON. JOHN H. GEAR, *Governor of the State of Iowa:*

SIR — In compliance with law, I herewith report an abstract of the criminal prosecutions and criminal expenses in the several counties of the State for the years 1878 and 1879, as returned to this office by the clerks of the District Court, pursuant to the provisions of section 203 of the Code.

I would respectfully represent that the law, as it now stands, does not secure uniformity in reports from counties, and in many cases the reports are very unsatisfactory. Section 203 of the Code was enacted when the clerk of the District Court was also clerk of the County Court, then clerk of the board of supervisors, and could make, from the records of his office, a full report. By changes in county government the clerk's office only shows the criminal business of the District Court, the auditor being now the clerk of the board of supervisors. From this cause the reports from many counties are not full. This, by comparison, is an injustice to the counties where the clerks consult records in auditor's office before making up reports.

In order to secure uniformity and full criminal statistics I, this year, sent to all the clerks the following circular:

"I would respectfully call your attention to the necessity of promptly making the report of Criminal Returns, as provided in Section 203, Code of 1873. I would further request that the clerk consult county records in order to be able to report all criminal expenses of the county for the year. There has been a great difference in the various counties in the manner of making the report for criminal prosecutions, some reporting only what is found in the records of the clerk; others consulting records in auditor's office and sending in full returns. This is an injustice as between counties.

"The object of the law seems to be: 1st, to get all the criminal convictions in your court, and the character of the crimes, as a part of the moral statistics of the State; and, 2d, to get the full cost of criminal prosecutions in the State as financial statistics. The law, as it stands in the Code of 1873, was adopted when the clerk of the courts was also clerk of the board of supervisors, and therefore had all such statistics in his own office. With the change of county government no change was made in this section, but the evident intent of the law is to get full, and not partial, returns."

In nearly all cases the clerks have, in their reports for 1878, complied with the law, and the statistical part of this report will be found much more satisfactory than heretofore.

In order to secure uniformity, section 203 should be so amended as to require the officers of the county to make a full report of all criminal expenses for the year. That can be done either by requiring the auditor and clerk to jointly report or by requiring the clerk to consult records in the auditor's office.

J. A. T. HULL, *Secretary of State.*
