NEWS RELEASE

FOR RELEASE

March 30, 2021

Contact: Ernest Ruben
515/281-5834

Auditor of State Rob Sand today released an agreed-upon procedures report on the City of Springville, Iowa, for the period July 1, 2019 through June 30, 2020. The agreed-upon procedures engagement was performed pursuant to Chapter 11.6 of the Code of Iowa.

Sand reported nine findings related to the receipt and disbursement of taxpayer funds. They are found on pages 7 through 9 of this report. The findings address issues such as a lack of segregation of duties, a lack of journal entry approval, the lack of supervisory approvals on timesheets, and disbursements exceeding budgeted amounts. Sand provided the City with recommendations to address each of the findings.

All nine findings discussed above are repeated from the prior year. The City Council has a fiduciary responsibility to provide oversight of the City's operations and financial transactions. Oversight is typically defined as the "watchful and responsible care" a governing body exercises in its fiduciary capacity.

A copy of the agreed-upon procedures report is available for review on the Auditor of State's web site at <https://auditor.iowa.gov/audit-reports>.

Officials of the City of Springville
Springville, Iowa

Dear Honorable Mayor and Members of the City Council:

I am pleased to submit to you the agreed-upon procedures report for the City of Springville, Iowa, for the period July 1, 2019 through June 30, 2020. The agreed-upon procedures engagement was performed pursuant to Chapter 11.6 of the Code of Iowa and in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards for attestation engagements contained in Government Auditing Standards.

I appreciate the cooperation and courtesy extended by the officials and employees of the City of Springville throughout the agreed-upon procedures engagement. If I or this office can be of any further assistance, please contact me or my staff at 515-281-5834.

Sincerely,

A handwritten signature in black ink that reads "Rob Sand".

Auditor of State's Independent Report on Applying Agreed-Upon Procedures

To the Honorable Mayor and Members of the City Council:

We performed the procedures below, which were established at Iowa Code Chapter 11.6, to provide oversight of Iowa cities. Accordingly, we have applied certain procedures to selected accounting records and related information of the City of Springville for the period July 1, 2019 through June 30, 2020, including procedures related to the City's compliance with certain Code of Iowa requirements identified below. The City of Springville's management, which agreed to the performance of the procedures performed, is responsible for compliance with these requirements and for the City's records.

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the standards for attestation engagements contained in Government Auditing Standards, issued by the Comptroller General of the United States. The sufficiency of these procedures is solely the responsibility of those parties specified in the report. Consequently, we make no representation regarding the sufficiency of the procedures described below, either for the purpose for which this report has been requested or for any other purpose.

The procedures we performed are summarized as follows:

1. We observed selected City Council meeting minutes for compliance with Chapters 21, 372.13(6) and 380 of the Code of Iowa.
2. We obtained an understanding of the City's internal controls to determine if proper control procedures are in place and incompatible duties, from a control standpoint, are not performed by the same employee.
3. We observed surety bond coverage for compliance with Chapter 64 of the Code of Iowa.
4. We obtained and observed the City Clerk's financial reports and selected bank reconciliations to determine whether the bank balances properly reconciled to the general ledger account balances and monthly financial reports provided to the City Council.
5. We scanned City funds for consistency with the City Finance Committee's recommended Uniform Chart of Accounts (COA) and to determine required funds and fund balances are properly maintained and accurately accounted for.
6. We observed the City's fiscal year 2020 Annual Financial Report to determine whether it was completed and accurately reflects the City's financial information.
7. We scanned investments to determine compliance with Chapter 12B of the Code of Iowa.
8. We scanned depository resolutions, the City's investment policy and reporting of unclaimed property to the State of Iowa to determine compliance with Chapters 12C.2, 12B.10B and 556.1(12) of the Code of Iowa.

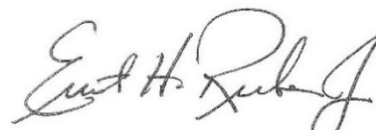

9. We scanned debt, including general obligation and revenue bonds/notes, and related transactions for proper authorization and compliance with Chapters 75, 384 and 403.9 of the Code of Iowa and to determine whether the debt and related proceeds and repayments were properly accounted for.
10. The City had no TIF.
11. We traced selected receipts to accurate accounting and consistency with the recommended COA.
12. The City had no voter approved levies.
13. We traced selected disbursements to proper approval, adequate supporting documentation, accurate accounting and consistency with the recommended COA and compliance with the public purpose criteria established by Article III, Section 31 of the Constitution of the State of Iowa.
14. We traced transfers between funds to proper authorization and accurate accounting and to determine whether transfers were proper.
15. We traced selected payroll and related transactions to proper authorization and accurate accounting and determined whether payroll was proper.
16. We observed the annual certified budget for proper authorization, certification and timely amendment.

Based on the performance of the procedures described above, we identified various findings and recommendations for the City. Our findings and recommendations are described in the Detailed Findings and Recommendations section of this report. Unless reported in the Detailed Findings and Recommendations, items of non-compliance were not noted during the performance of the specific procedures listed above.

We were not engaged to and did not conduct an examination or review, the objective of which would be the expression of an opinion or conclusion, respectively, on specific accounting records and related information of the City, including compliance with specific Code of Iowa requirements. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures other matters might have come to our attention that would have been reported to you.

The purpose of this report is to report, in accordance with Chapter 11.6 of the Code of Iowa, certain agreed-upon procedures and the resulting findings and recommendations pertaining to selected accounting records and related information of the City, including the City's compliance with certain Code of Iowa requirements. This report is not suitable for any other purpose.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of the City of Springville during the course of our agreed-upon procedures engagement. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

Ernest H. Ruben, Jr., CPA
Director

Detailed Findings and Recommendations

City of Springville

Detailed Findings and Recommendations

For the period July 1, 2019 through June 30, 2020

(A) Segregation of Duties – Management is responsible for establishing and maintaining internal control. A good system of internal control provides for adequate segregation of duties so no one individual handles a transaction from its inception to completion. In order to maintain proper internal control, duties should be segregated so the authorization, custody and recording of transactions are not under the control of the same employee. This segregation of duties helps prevent losses from employee error or dishonesty and maximizes the accuracy of the City’s financial statements. Generally, one individual has control over each of the following areas for the City:

- (1) Accounting system – performing all general account functions and having custody of assets.
- (2) Cash – handling, reconciling and recording.
- (3) Investing – recordkeeping, investing and reconciling earnings.
- (4) Receipts – opening mail, collecting, depositing, recording and reconciling.
- (5) Disbursements – purchasing, invoice processing, check writing, mailing, reconciling and recording.
- (6) Journal entries – preparing and recording.

Recommendation – We realize segregation of duties is difficult with a limited number of employees. However, the City should review its control procedures to obtain the maximum internal control possible under the circumstances utilizing currently available staff, including elected officials. Independent reviews of reconciliations should be documented by the signature or initials of the reviewer and the date of the review.

(B) Bank Reconciliations –The bank reconciliations did not include evidence of independent review.

Recommendation – The reconciliations should be reviewed by an independent person and the review should be documented by the signature or initials of the independent reviewer and the date of the review.

(C) Reconciliation of Utility Billings, Collections and Delinquent Accounts – Utility billings, collections and delinquent accounts reconciliations did not include evidence of independent reviews.

Recommendation – The City Council or other independent person designated by the City Council should review the reconciliations and monitor delinquent accounts. The review should be documented by the signature or initials of the reviewer and the date of the review.

(D) Timesheets – For three of five timesheets observed, there was no evidence of approval by supervisory personnel.

Recommendation – Timesheets should be signed and dated by an appropriate supervisor prior to the preparation of payroll.

City of Springville

Detailed Findings and Recommendations

For the period July 1, 2019 through June 30, 2020

- (E) Certified Budget – Disbursements during the year ended June 30, 2020 exceeded the amounts budgeted in the public works function. Chapter 384.20 of the Code of Iowa states, in part, “Public monies may not be expended or encumbered except under an annual or continuing appropriation.”

Recommendation – The budget should have been amended in accordance with Chapter 384.18 of the Code of Iowa before disbursements were allowed to exceed the budget.

- (F) City Council Meeting Minutes – Chapter 372.13(6) of the Code of Iowa requires minutes of all City Council proceedings to be published within fifteen days of the meeting and include total disbursements from each fund and a summary of receipts. For three of four meeting minutes observed, the City did not publish total disbursements by fund or a summary of receipts, as required. Also, the minutes for two meetings observed were not published within fifteen days of the meeting.

Recommendation – The City should comply with the Code of Iowa by publishing City Council minutes within fifteen days of the meeting, including total disbursements from each fund and a summary of receipts, as required.

- (G) Journal Entries – Journal entries were not approved by an independent person.

Recommendation – Journal entries should be approved by an independent person and evidence of the approval should be documented by signing or initialing and dating the journal entries.

- (H) Accounting Policies and Procedures Manual – The City does not have an accounting policies and procedures manual.

Recommendation – An accounting policies and procedures manual should be developed to provide the following benefits:

- (1) Aid in training additional or replacement staff.
- (2) Help achieve uniformity in accounting and in the application of policies and procedures.
- (3) Save supervisory time by recording decisions so they will not have to be made each time the same, or a similar, situation arises.

City of Springville

Detailed Findings and Recommendations

For the period July 1, 2019 through June 30, 2020

(I) Computer System – The following weaknesses in the City’s computer system were noted:

The City does not have written policies and procedures for:

- Requiring a time out/log off function or screen saver passwords to protect computer terminals when not in use.
- Password privacy and confidentiality.
- Requiring password changes every 60 to 90 days.
- Requiring password history to be maintained to prevent employees from reusing the same password.
- Restricting access to the computer system through the use of unique user IDs.
- Requiring password length to be at least 8 characters.
- Requiring a computer lockout function if passwords are incorrectly entered more than three times.
- Personal use of computer equipment and software.

Also, the City does not have a written disaster recovery plan.

Recommendation – The City should develop written policies addressing the above items in order to improve the City’s control over its computer-based system. A written disaster recovery plan should be developed, and back-ups should be performed.
