

bringing this Government back to its ancient and safer land-marks of universal freedom, and perpetual unity.

I can not close this communication, and forego the opportunity presented, to congratulate the General Assembly, and the people upon the auspicious condition of the State. A kind Providence has blessed us with adequate harvests, and a full measure of prosperity in all our undertakings. By His mercy we have been enabled to pass through the trying scenes, now drawing to a close, with honor and success. All efforts, by bad and reckless men, to obstruct the execution of the laws and disturb our domestic peace, have been promptly thwarted. Our obligations to the National Government have been faithfully performed; and our people, whether at home or in the field, have nobly vindicated their devotion to the Union. The financial affairs of the State were never in a sounder condition. Notwithstanding the extraordinary expenditures, rendered unavoidable by military operations, the revenue on hand, and due from the several sources, exceeds, by many thousand dollars, the total indebtedness of the State. Without hazard to our credit, we may challenge comparison with any other State in the Union. For this, much credit is due, and should be awarded, to the out-going Executive, who has administered the affairs of the State with marked economy, and discharged his onerous and complicated duties, with an ability and patriotism deserving of the highest commendation.

Entertaining implicit confidence in your intelligent and patriotic regard for the public interests, and conscious of no motive, on my own part, inconsistent with their advancement, I shall indulge in the hope that our mutual counsels and joint labors, may be productive of good to the commonwealth.

With humble faith that God will continue to bless our young State, and in His own good time deliver our common country from the calamities of cruel war, let us enter upon the discharge of our respective duties.

W. M. STONE.

18TH—REMARKS.

Besides the amount credited to the account of "Extraordinary Expenses of the Executive Department," of which there is \$2,592,12 unexpended, there is appropriated by Chapter 14, Section 1 of Acts of Extra Session of 1862, the further sum of \$20,000 under the control of the State Census Board which has not been credited to said account.

The several laws directing the Auditor of State to issue Warrants on the War and defense Fund upon claims allowed by the Auditing Commissioners, and the estimates of the Paymaster General, &c., have been treated as appropriations and Warrants issued accordingly. It will be seen by the statement of War and Defense Fund that the Warrants issued thereon exceed the amount of fund received by the sum of \$184,109,13. It will be necessary to make some provision for the payment of these Warrants and those yet to be issued. The balance of Federal Tax will pay but a small part of them, and it is uncertain when any further sums will be received from the Government at Washington.

The State Treasurer having an excess of State Revenue on hand over what was required to pay the ordinary Auditor's Warrants, it was thought advisable to apply it to the redemption of War and Defense Warrants which was done to the amount of \$159,004,14, including War and Defense Warrants received by County Treasurers and paid into the State Treasury on account of State Revenue. By so doing the interest was stopped on the Warrants so redeemed, and the State Treasurer yet had funds sufficient to redeem all Warrants drawn on State Revenue. The \$18,395,52 Revenue Warrants now outstanding have all been advertised for redemption, and the interest stopped thereon; except the last class due Brown & Allender, Sept. 22, 1864, which are drawing 6 per cent. interest under the provision of the law, and amount to \$7,535,66.

The Permanent School Fund now idle in the counties, of which there is over \$100,000, might be applied to the redemption of War and Defense Warrants now out and to be issued, the State executing her bonds to the fund for the amount so appropriated. The amount so idle, will, in all probability, increase from time to time, and it would certainly be better for the State to use her own funds than to dispose of an additional amount of her bonds to raise money to meet these war expenses, the amount of which we have no means of estimating.

Showing the Insurance Companies which have complied with the laws in relation thereto, their capital stock, liabilities, etc., for the year 1863.

Clerk Board Sup."

VINTON, Sept. 22, 1863.

Of the \$248 lost to the fund, \$225 was a part of a \$500 note taken by Hunt, and a mortgage taken on 160 acres of land in Sac County, and as the personal sureties were worthless, the Board of Supervisors compromised the matter by taking a new note for \$275, with mortgage on land in Benton county, and gave up the \$500 note and \$23 accrued interest, in consequence of the mortgaged premises not bringing the amount of principal loaned.

[The report of the Commissionners to examine the transactions of the several State officers, made June 1, 1858, states the amount of 5 per cent. fund distributed to Benton county at \$2,648.70, while this report makes it \$2,598.70—a difference of \$50.]

## BREMER COUNTY.

The Clerk reports that "the loss to the School Fund by insufficient security will reach to about \$1500, which is now known to be unavailable."

## CLINTON COUNTY.

This report shows as follows:

\*In Jan. '61 Report, this item was \$425. We have since secured \$200. May secure the balance—but doubtful. Allison's bail is worthless; Graham's bail has never been pushed, and they consider themselves exempt, by limitation. If necessary I will forward list of lands purchased on account of School Fund. There will be a slight loss on these purchases, but I think not much.

## DALLAS COUNTY.

The Clerk reports "The Permanent Fund has a judgment against W. O. Ferguson for \$100, considered good. Judgment on E. Williams \$56, considered good, and judgment against W. A. West for \$140, not collectable."

DES MOINES COUNTY.

This report states that notes to the amount of \$2026.42 principal have been prosecuted to judgment, and that in addition thereto a note of \$300, has been liquidated by purchase of the land mortgaged, which accounts for the decrease in the available fund.

FAYETTE COUNTY.

Of the fund in this County the report shows that \$306 were canceled on forfeiture of contract, and \$500 by foreclosure of mortgage, the land in each case reverting to the School Fund. This accounts for the \$806 decrease.

HAMILTON COUNTY.

The Clerk says: "There has been a loss as interest on two Mortgages to the School Fund which have been foreclosed and the lands sold, the sum of \$981 24."

HARDIN COUNTY.

The Clerk in his report says: "We have contract notes to the amount of \$850 not included in report, where the land for which the notes were given has been declared forfeited to the School Fund.

HENRY COUNTY.

The Clerk reports: "Our Board caused all the worst cases to be sued, the most of which are now in judgment. There will doubtless be some loss to the fund, but no steps have been taken to ascertain the amount. I am unable to make any more loans at 10 per cent. The \$5072 70 (cash) now on hand is likely to be largely increased." The cash includes \$446 42 five per cent. Fund received of State April 13, 1863.

HOWARD COUNTY.

This report shows that notes were canceled and the lands taken in lieu to the amount of \$32 81. The balance of the decrease (40 01) is not accounted for in the report.

JOHNSON COUNTY.

The Clerk reports \$264 06 due from J. G. Sperry, former Treasurer, which has been secured by real estate, but does not state whether it is included in his report or not. If not included it will account for that much of the decrease. The balance of the decrease is not explained.

LEE COUNTY.

In this report the Clerk remarks: "By the above account it will be seen that the whole amount of Lee County School Fund foots up \$50,793 95, while it shows that on Jan. 1, 1863, it had been \$51,068 01. This is explained as follows: The Board of Supervisors in order to save some of the lands mortgaged by James D. Eads to the School Fund, (which was about being sold under a prior lien,) appropriated the amount of \$2,972 16 and paid off said prior lien; but at the time of this act there was not the required amount in the Treasury of Lee county belonging to the School Fund, and T. H. Allyn, Esq., County Treasurer, advanced the sum

required, and in this way the School Fund owed to said Allyn at the commencement of this account, (Jan. 5, 1863,) the sum of \$274 06.

## MAHASKA COUNTY.

The Clerk reports losses as follows:

Feb. 14, 1863. Loss on C. Hetherington's note,.....	\$164 58

378 58

The amount of these two notes is included in above report.

## MONROE COUNTY.

The Fund in this County may be stated thus:

Should be present fund,..... 15,422 10

The amount of fund reported June 1, 1863,..... 15,070 44

Leaves unaccounted for,..... 351 66

## RINGGOLD COUNTY.

In his report the Clerk remarks: "I have to report to you the loss of \$240 to the fund, owing to the description of real estate mortgaged, and securities proving worthless. Our Board of Supervisors have bid in other lands but it is likely the fund will suffer no loss thereby." No further explanation is given of the \$6,387 82 decrease.

## SCOTT COUNTY.

This report show notes liquidated by sales to the County to the amount of \$2,914 00. The accounts properly stated would be:

Amount per report of 1858-9,.....	\$40,504 00
Add 5 per cent. fund distributed April 1863,.....	446 42

Should be present fund,..... 40,950 42

## STORY COUNTY.

The Clerk reports a loss of \$50 principal and \$20 interest accumulated thereon, but thinks there will be no further loss.

The Clerk reports:

Contract notes surrendered,.....	\$3,780 00

35,963 63

## VAN BUREN COUNTY.

This report shows a loss to the Permanent Fund upon these sales to individuals of \$117 50, and to the Interest Fund of \$579 64; besides property bid in by the Board at rates less than amount due in Permanent Fund of \$267 50 and of interest \$370 15.

## WEBSTER COUNTY.

The Clerk remarks: "The above is a correct statement of the Permanent School Fund as shown on the first day of June, 1863, not including the notes in judgment which amount to over \$5,000. I cannot report the disposition of this to you for two or three weeks, but will do so as soon as possible."

## WRIGHT COUNTY.

Clerk says: "Of the mortgage notes on hand we apprehend the loss of some. During the past year we have given up a few contract notes and received the land, for the reason that the parties were non-resident of the county and could secure nothing otherwise."

## 29TH—REMARKS RELATING TO SCHOOL FUND.

The statements in relation to Permanent School Fund show the condition of the fund as near as it can be arrived at from the reports received. The additions to the fund can in most cases be accounted for by sales of lands, but in many cases the reports do not show how they accrued. Many of these reports do not run back to the time of former reports and hence there is an intermediate time in which the increase or decrease may have arisen. The aggregate decrease is shown to be \$68,083 89, some of which is accounted for by the forfeiture of contracts and the foreclosure of mortgages thereupon, and the land becoming the property of the State for the benefit of the Fund, but much the larger portion of it is entirely unexplained. Several of the reports show that considerable amounts have been lost, as interest accrued upon notes.

In most of those counties which report a large cash balance as shown by statement "I," the Clerks report that there are no applicants for the Fund at ten per cent., and the cash balance is likely to be continually increased. While this Fund remains in the counties there should be some person authorized to make a thorough examination of its condition in cases when it appears necessary. Such person should be furnished with all the data possible from the records of the State Offices and the examination should be made from the commencement of the Fund in the County, through each officer's term and up to the present time, and full record made thereof, and the book accounts started upon the basis so found, and in proper form. The reports from many counties, and even those approved by the Board of Supervisors, show that the County Officers do not keep the proper check accounts, and cannot accurately determine the amounts of notes on hand; and from this fact arise the changes in the amount of Fund reported at different times in many cases.

Should an Agent be authorized to investigate the Fund in such counties as it may appear necessary, he should be authorized after consulting the Attorney General or District Attorney and laying

the facts before them, to commence suit, if advisable, for any delinquencies he may find. He should also start the accounts in proper form and give instructions as to the manner of keeping them. He should also be authorized to take additional surety or change the securities when the interest of the Fund evidently demand it.

Of the notes in this Office taken by J. D. Eads, Superintendent of Public Instruction, the following have been paid, to-wit:

Jairus C. Neal \$5,000, W. A. Thurston \$1,000, and F. M. Hosselton \$500, making in all \$6,500. The remainder, \$146,203 87 remain unpaid, of which as reported in November 1861, \$41,418 87 are in the hands of J. Tracy, Esq., as Receiver appointed by the Court in the case of the State against J. D. Eads Superintendent, and Sureties. This Office has no information as to what success the Receiver has had in collecting said notes.

Statements "D" and "F" show that the amount of interest delinquent on this fund in the counties is increasing from year to year. There should be a more stringent law in regard to the payment of interest promptly when due.

J. W. CATTELL, *Auditor of State.*
