NEWS RELEASE

FOR RELEASE

July 1, 2021

Contact: Marlys Gaston
515/281-5834

Auditor of State Rob Sand today released an audit report on Central Iowa Community Services (CICS) for the year ended June 30, 2019.

FINANCIAL HIGHLIGHTS:

CICS revenues totaled \$8,445,872 for the year ended June 30, 2019, an 11.7% increase over the prior year. Expenses for the year ended June 30, 2019 totaled \$12,333,774, an 18.5% increase over the prior year. The significant increase in the revenues and expenses is due primarily to Greene County joining CICS as of July 1, 2018 as well as increased expenses related to mobile crisis services and transitional living center costs.

AUDIT FINDINGS:

Sand reported no findings related to the receipt and disbursement of taxpayer funds. This is a decrease of one finding compared to the prior year.

A copy of the audit report is available for review in the Office of Auditor of State and on the Auditor of State's web site at <https://auditor.iowa.gov/reports/audit-reports/>.

Officials of the Regional Governance Board of Central Iowa Community Services
Madison County, Iowa (Fiscal Agent)

Dear Members of the Regional Governance Board:

I am pleased to submit to you the financial and compliance audit report for the Central Iowa Community Services (CICS) Region, for the year ended June 30, 2019. The audit was performed pursuant to Chapter 11.6 of the Code of Iowa and in accordance with U.S. auditing standards and the standards applicable to financial audits contained in Government Auditing Standards.

I appreciate the cooperation and courtesy extended by the officials and employees of the CICS Region throughout the audit. If I or this office can be of any further assistance, please contact me or my staff at 515-281-5834.

Sincerely,

A handwritten signature in black ink that reads "Rob Sand".

Independent Auditor's Report

To the Regional Governance Board of Central Iowa Community Services:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of Central Iowa Community Services (CICS) as of and for the year ended June 30, 2019, and the related Notes to Financial Statements, which collectively comprise Central Iowa Community Services' basic financial statements listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles. This includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the Special Revenue, Mental Health Funds of Franklin County, Hamilton County, Hardin County and Marshall County, which represent the following:

<u>Member County</u>	<u>Share of Assets</u>	<u>Share of Fund Balance</u>	<u>Share of Revenues</u>
Franklin County	2.24%	2.06%	5.71%
Hamilton County	4.01%	3.95%	4.04%
Hardin County	4.80%	4.84%	4.63%
Marshall County	6.69%	4.07%	10.85%

Those Mental Health Funds were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for Franklin County, Hamilton County, Hardin County and Marshall County, is based solely on the reports of the other auditors. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to Central Iowa Community Services' preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate

in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Central Iowa Community Services' internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse and unmodified audit opinions.

Opinions

Basis for Adverse Opinion on the Governmental Activities

As discussed in Note 3 to the financial statements, management has not recorded a liability for compensated absences in the governmental activities and, accordingly, has not recorded an expense for the current year change in that liability. U.S. generally accepted accounting principles require compensated absences attributable to employee services already rendered and not contingent on a specific event outside the control of CICS and employees be accrued as liabilities and expenses as employees earn the rights to the benefits, which would increase the liabilities, reduce the net position and change the expenses of the governmental activities. The amount by which this departure affects the liabilities, net position and expenses of the governmental activities has not been determined.

Also, as discussed in Note 3, management has not recorded a total OPEB liability and a deferred outflow of resources or deferred inflows of resources related to other postemployment benefits (OPEB) in the governmental activities and, accordingly, has not recorded an OPEB expense for the current change in that liability, deferred outflows or resources or deferred inflows of resources. U.S. generally accepted accounting principles require OPEB costs attributable to employee service already rendered be accrued as liabilities, deferred outflows of resources, deferred inflows of resources and expenses, which would increase the liabilities, deferred outflows of resources and/or deferred inflow of resources, reduce the net position and change the expenses of the governmental activities. The amount by which this departure affects deferred outflows of resources, liabilities, deferred inflows amount of resources, net position and expenses of the governmental activities has not been determined.

In addition, as discussed in Note 3, management has not recorded a net pension liability, deferred outflows of resources or deferred inflows of resources related to pensions in the governmental activities and, accordingly, has not recorded pension expense for the current year change in that liability, deferred outflows of resources or deferred inflows of resources. U.S. generally accepted accounting principles require pension costs attributable to employee services already rendered be accrued as liabilities, deferred outflows of resources, deferred inflows of resources and expenses, which would increase the liabilities, deferred outflows of resources and/or deferred inflows of resources, reduce the net position and change the expenses of the governmental activities. The amount by which this departure affects the deferred outflows of resources, liabilities, deferred inflows of resources, net position and expenses of the governmental activities has not been determined.

Adverse Opinion

In our opinion, because of the significance of the matters described in the "Basis for Adverse Opinion on the Governmental Activities" paragraphs above, the Statement of Net Position and the Statement of Activities of the governmental activities do not present fairly the financial position of the governmental activities of Central Iowa Community Services as of June 30, 2019, or the changes in its financial position for the year then ended in accordance with U.S. generally accepted accounting principles.

Unmodified Opinions

In our opinion, based on our audit and the reports of the other auditors, the accompanying Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balances of each major fund present fairly, in all material respects, the financial position of Central Iowa Community Services as of June 30, 2019, and the changes in its financial position for the year then ended in accordance with U.S generally accepted accounting principles.

Other Matters

Required Supplementary Information

Management has omitted Management's Discussion and Analysis which U.S. generally accepted accounting principles require to be presented to supplement the basic financial statements. Such omitted information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board which considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. Our opinions on the basic financial statements are not affected by this omitted information.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated June 28, 2021 on our consideration of Central Iowa Community Services' internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Central Iowa Community Services' internal control over financial reporting and compliance.

Marlys K. Gaston, CPA
Deputy Auditor of State

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities
Change in fund balances (3,887,779)

Amounts reported in the Statement of Activities are different because some revenues will not be collected for several months after year end and, therefore, are not considered available revenues in the governmental funds. (123)
Change in net position of governmental activities \$ (3,887,902)

Central Iowa Community Services

Notes to Financial Statements

June 30, 2019

(1) Summary of Significant Accounting Policies

Central Iowa Community Services (CICS) is a jointly governed organization formed pursuant to the provisions of Chapter 28E of the Code of Iowa and includes the following member counties: Boone, Franklin, Greene (joined CICS July 1, 2018), Hamilton, Hardin, Jasper, Madison, Marshall, Poweshiek, Story and Warren. The member counties entered into this 28E agreement on July 1, 2014 to create a mental health and disability service regional administrative entity as described by Chapter 331.389 of the Code of Iowa to provide local access to mental health and disability services for adults and to engage in any other related activity in which an Iowa 28E organization may lawfully be engaged.

The Central Iowa Community Services Regional Governance Board is comprised of at least one Board of Supervisors' member, or their designees, from each member county. The Regional Governance Board also includes one individual who utilizes mental health and disability services or is an actively involved relative of such an individual and one individual representing service providers in the Central Iowa Community Services area serving in a nonvoting, ex officio capacity.

Central Iowa Community Services designated Madison County as the fiscal agent to account for all funds of the organization as permitted by Chapter 331.391 of the Code of Iowa. Story County became the fiscal agent for Central Iowa Community Services on July 1, 2019.

Except as noted in the Independent Auditors Report, Central Iowa Community Services' financial statements are prepared in conformity with U.S. generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board. The financial statements of Central Iowa Community Services are intended to present the financial position and the changes in financial position of Central Iowa Community Services, which includes funds held by Central Iowa Community Services' fiscal agent and funds held by the individual member counties in their respective Special Revenue, Mental Health Funds. Capital assets used for mental health purposes are owned by the respective member counties and, accordingly, are not reported in these financial statements.

A. Reporting Entity

For financial reporting purposes, Central Iowa Community Services (CICS) has included all funds, organizations, agencies, commissions and authorities. CICS has also considered all potential component units for which it is financially accountable and other organizations for which the nature and significance of their relationship with CICS are such that exclusion would cause CICS' financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of CICS to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on CICS. CICS has no component units which meet the Governmental Accounting Standards Board criteria.

B. Basis of Presentation

Entity-wide Financial Statements – The Statement of Net Position and the Statement of Activities report information on all of the activities of Central Iowa Community Services.

The Statement of Net Position presents the assets, liabilities and deferred inflows of resources, with the difference reported as net position. Net position is reported in the following category:

Restricted net position results when constraints placed on net position use are either externally imposed or are imposed by law through constitutional provisions or enabling legislation.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those clearly identifiable with a specific function. Program revenues include grants, contributions and interest restricted to meeting the operational requirements of a particular function. Property and other county tax, state tax credits, unrestricted interest income and other items not properly included among program revenues are reported as general revenues.

Fund Financial Statements – Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

CICS reports the following major governmental funds:

Special Revenue:

Central Iowa Community Services Fund (Fiscal Agent) is used to account for the activity of CICS not expended directly from the Special Revenue, Mental Health Funds of the individual member counties.

The Special Revenue, Mental Health Funds of the member counties are used to account for property tax and other revenues to be used to fund mental health, intellectual disabilities and developmental disabilities services.

C. Measurement Focus and Basis of Accounting

The entity-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax is recognized as revenue in the year for which it is levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current year or soon enough thereafter to pay liabilities of the current year. For this purpose, CICS considers revenues to be available if they are collected by CICS or a member county within 90 days after year end.

Property tax, intergovernmental revenues (shared revenues, grants and reimbursements from other governments) and interest are considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by CICS or a member county.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, principal and interest on long-term debt, claims and judgments and compensated absences are recorded as expenditures only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under the terms of grant agreements, CICS funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net position available to finance the program. It is CICS' policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants and then by general revenues.

When an expenditure is incurred in governmental funds which can be paid using either restricted or unrestricted resources, CICS' policy is to pay the expenditure from restricted fund balance and then from less-restrictive classifications – committed, assigned and then unassigned fund balances.

D. Assets, Liabilities, Deferred Inflows of Resources and Fund Equity

The following accounting policies are followed in preparing the financial statements:

Cash and Pooled Investments – The cash balances of most CICS funds are pooled and invested. Interest earned on investments is recorded either by the fiscal agent or a member county's Special Revenue, Mental Health Fund unless otherwise provided by law. Investments are stated at fair value except for non-negotiable certificates of deposit which are stated at cost.

Property Tax Receivable – Property tax in governmental funds is accounted for using the modified accrual basis of accounting.

Property tax receivable is recognized in these funds on the levy or lien date, which is the date the tax asking is certified by each member county Board of Supervisors. Delinquent property tax receivable represents unpaid taxes for the current and prior years. The succeeding year property tax receivable represents taxes certified by each member county Board of Supervisors to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, each member county Board of Supervisors is required to certify its budget in March of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding year property tax receivable has been recorded, the related revenue is reported as a deferred inflow of resources in both the entity-wide and fund financial statements and will not be recognized as revenue until the year for which it is levied.

Property tax revenue recognized in these funds become due and collectible in September and March of the fiscal year with a 1½% per month penalty for delinquent payments; is based on January 1, 2017 assessed property valuations; is for the tax accrual period July 1, 2018 through June 30, 2019 and reflects the tax asking contained in the budget certified by each member county Board of Supervisors in March 2018.

Due from Other Governments – Due from other governments represents amounts due from the State of Iowa, various shared revenues, grants and reimbursements from other governments.

Due to Other Governments – Due to other governments represents payments for services which will be remitted to other governments.

Deferred Inflows of Resources – Deferred inflows of resources represent an acquisition of net position applicable to a future year(s) which will not be recognized as an inflow of resources (revenue) until that time. Although certain revenues are measureable, they are not available. Available means collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred inflows of resources in the governmental fund financial statements represent the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred inflows of resources in the fund financial statements consist of property tax receivable and other receivables not collected within 90 days after year end and succeeding year property tax receivable that will not be recognized until the year for which it is levied.

Deferred inflows of resources in the Statement of Net Position consist of succeeding year property tax receivable that will not be recognized until the year for which it is levied.

Fund Balance – In the governmental fund financial statements, fund balances are classified as follows:

Restricted – Amounts restricted to specific purposes when constraints placed on the use of the resources are either externally imposed by creditors, grantors or state or federal laws or are imposed by law through constitutional provisions or enabling legislation.

(2) Cash and Pooled Investments

Central Iowa Community Services' deposits in banks at June 30, 2019 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to ensure there will be no loss of public funds.

CICS is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by CICS; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

CICS had investments in the Iowa Public Agency Investment Trust which are valued at an amortized cost of \$4,690,388 pursuant to Rule 2a-7 under the Investment Company Act of 1940. There were no limitations or restrictions on withdrawals for the IPAIT investments. CICS' investment in IPAIT is unrated.

Interest rate risk – CICS’ investment policy limits the investment of operating funds (funds expected to be expended in the current budget year or within 15 months of receipt) to instruments that mature within 397 days. Funds not identified as operating funds may be invested in investments with maturities longer than 397 days, but the maturities shall be consistent with the needs and use of CICS.

Concentration of credit risk – CICS places no limit on the amount which may be invested in any one issuer.

(3) Compensated Absences, Other Postemployment Benefits (OPEB) and Pension Plan

In accordance with statements of understanding between the CICS’ Regional Governance Board and each individual member county Board of Supervisors, the CICS Regional Chief Executive Officer, the Coordinators of Disability Services and all support staff of CICS remain employees of the respective individual member counties. The applicable portion of the employee’s wages and benefits are reimbursed to the individual member county by CICS.

The individual member county employees also accumulate a limited amount of earned but unused vacation and sick leave hours for subsequent use or for payment upon termination, death or retirement. The individual member county employees are also provided other postemployment and pension benefits. U.S. generally accepted accounting principles require deferred outflows of resources, liabilities, deferred inflows of resources and related expenses be recorded when incurred for these items in the governmental activities financial statements. CICS’ governmental activities financial statements do not report these amounts.

(4) Risk Management

CICS is a member of the Iowa Communities Assurance Pool, as allowed by Chapter 331.301 of the Code of Iowa. The Iowa Communities Assurance Pool (Pool) is a local government risk-sharing pool whose 778 members include various governmental entities throughout the State of Iowa. The Pool was formed in August 1986 for the purpose of managing and funding third-party liability claims against its members. The Pool provides coverage and protection in the following categories: general liability, automobile liability, automobile physical damage, public officials liability, police professional liability, property, inland marine and boiler/machinery. There have been no reductions in insurance coverage from prior years.

Each member’s annual casualty contributions to the Pool fund current operations and provide capital. Annual casualty operating contributions are those amounts necessary to fund, on a cash basis, the Pool’s general and administrative expenses, claims, claims expenses and reinsurance expenses estimated for the fiscal year, plus all or any portion of any deficiency in capital. Capital contributions are made during the first six years of membership and are maintained at a level determined by the Board not to exceed 300% of basis rate.

The Pool also provides property coverage. Members who elect such coverage make annual property operating contributions which are necessary to fund, on a cash basis, the Pool’s general and administrative expenses, reinsurance premiums, losses and loss expenses for property risks estimated for the fiscal year, plus all or any portion of any deficiency in capital. Any year-end operating surplus is transferred to capital. Deficiencies in operations are offset by transfers from capital and, if insufficient, by the subsequent year’s member contributions.

CICS' property and casualty contributions to the Pool are recorded as expenditures from its operating funds at the time of payment to the Pool. CICS' contributions to the Pool for the year ended June 30, 2019 were \$10,338.

The Pool uses reinsurance and excess risk-sharing agreements to reduce its exposure to large losses. The Pool retains general, automobile, police professional, and public officials' liability risks up to \$500,000 per claim. Claims exceeding \$500,000 are reinsured through reinsurance and excess risk-sharing agreements up to the amount of risk-sharing protection provided by CICS' risk-sharing certificate. Property and automobile physical damage risks are retained by the Pool up to \$250,000 each occurrence, each location. Property risks exceeding \$250,000 are reinsured through reinsurance and excess risk-sharing agreements up to the amount of risk-sharing protection provided by CICS' risk-sharing certificate.

The Pool's intergovernmental contract with its members provides that in the event a casualty claim, property loss or series of claims or losses exceeds the amount of risk-sharing protection provided by CICS' risk-sharing certificate, or in the event a casualty claim, property loss or series of claims or losses exhausts the Pool's funds and any excess risk-sharing recoveries, then payment of such claims or losses shall be the obligation of the respective individual member against whom the claim was made or the loss was incurred.

CICS does not report a liability for losses in excess of reinsurance or excess risk-sharing recoveries unless it is deemed probable such losses have occurred and the amount of such loss can be reasonably estimated. Accordingly, at June 30, 2019, no liability has been recorded in CICS' financial statements. As of June 30, 2019, settled claims have not exceeded the risk pool or reinsurance coverage since the Pool's inception.

Members agree to continue membership in the Pool for a period of not less than one full year. After such period, a member who has given 60 days prior written notice may withdraw from the Pool. Upon withdrawal, payments for all casualty claims and claim expenses become the sole responsibility of the withdrawing member, regardless of whether a claim was incurred or reported prior to the member's withdrawal. Upon withdrawal, a formula set forth in the Pool's intergovernmental contract with its members is applied to determine the amount (if any) to be refunded to the withdrawing member.

(5) Special Item

On July 1, 2018, Greene County exited the Heart of Iowa Community Services Region to join the Central Iowa Community Services Region (CICS). The distribution of Greene County's fund balance to the CICS meets the Governmental Accounting Standards Board criteria of a special item as it is both within the control of management and infrequent in occurrence. Accordingly, the \$410,444 revenue is reported on both Exhibits B and C as a "Special Item."

(6) Subsequent Events

Story County became the fiscal agent for Central Iowa Community Services on July 1, 2019.

The COVID-19 outbreak is disrupting business across a range of industries in the United States and financial markets have experienced a significant decline. As a result, local, regional and national economies, including that of the Central Iowa Community Services MHDS Region, may be adversely impacted. The extent of the financial impact of COVID-19 will depend on future developments, including the duration and spread, which are uncertain and cannot be predicted. Due to the uncertainties surrounding the outbreak, management cannot presently estimate the potential impact to the Region's operations and finances.

Independent Auditor's Report on Internal Control
over Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in Accordance with
Government Auditing Standards

To the Regional Governance Board of Central Iowa Community Services:

We have audited in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of Central Iowa Community Services as of and for the year ended June 30, 2019, and the related Notes to Financial Statements, which collectively comprise Central Iowa Community Services' basic financial statements, and have issued our report thereon dated June 28, 2021. Our report expressed unmodified opinions on the financial statements of each major fund. Our report expressed an adverse opinion on the financial statements of the governmental activities due to the omission of compensated absences, other postemployment benefits and pension related activity. Our report includes a reference to other auditors who audited the Special Revenue, Mental Health Funds of Franklin County, Hamilton County, Hardin County and Marshall County, as described in our report on Central Iowa Community Services' financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Central Iowa Community Services' internal control over financial reporting to determine the audit procedures appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Central Iowa Community Services' internal control. Accordingly, we do not express an opinion on the effectiveness of Central Iowa Community Services' internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course or performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of Central Iowa Community Services' financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Compliance and Other Matters

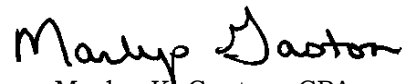

As part of obtaining reasonable assurance about whether Central Iowa Community Services' financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under Government Auditing Standards.

Comments involving statutory and other legal matters about Central Iowa Community Services' operations for the year ended June 30, 2019 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of Central Iowa Community Services. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing and not to provide an opinion on the effectiveness of Central Iowa Community Services' internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Central Iowa Community Services' internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of Central Iowa Community Services during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

Marlys K. Gaston, CPA
Deputy Auditor of State

June 28, 2021

Central Iowa Community Services

Schedule of Findings

Year ended June 30, 2019

Findings Related to the Financial Statements:

INTERNAL CONTROL DEFICIENCIES:

No material weaknesses in internal control over financial reporting were noted.

INSTANCES OF NON-COMPLIANCE:

No matters were noted.

Other Findings Related to Required Statutory Reporting:

- (1) Minutes – No transactions were found that we believe should have been approved in the Regional Governance Board minutes but were not.
- (2) Travel Expense – No expenditures of Central Iowa Community Services' money for travel expenses of spouses of Central Iowa Community Services officials or employees were noted.
- (3) Deposits and Investments – No instances of noncompliance with the deposit and investment provisions of Chapters 12B and 12C of the Code of Iowa and the Central Iowa Community Services' investment policy were noted.
- (4) Questionable Expenditures – No expenditures we believe may not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979 were noted.
