LETTER OF TRANSMITTAL.

Des Moines, Iowa, Aug. 1, 1922.

TO HIS EXCELLENCY, N. E. KENDALL, GOVERNOR:

Sir: We herewith submit to you the Twenty-first Biennial Report of the Commission of Pharmacy for the period ending July 1, 1922.

WM. W. HAIRE, *Chairman.*

FLOYD E. FARR.

GEO. JUDISCH.

HARRY E. EATON,
Secretary.

REPORT IOWA BOARD OF PHARMACY

The period covered by this report is from June 30th, 1920, to July 1st, 1922.

The number of registered pharmacists in good standing to date is 4342.

The total receipts from all sources being \$79,789.00, which is an increase over the last biennial report of \$5,671.50.

Notwithstanding the itinerant vendors are increasing, over 30% of them transfer their license after operating for a few months. This has been true especially the past year, owing no doubt to the lack of ready cash among the farmers and this condition encourages the vendor to find a buyer for his license.

We have a number of vendors who are operating upon the plan of taking orders on one trip and then delivering the goods later, and this does not require a license from this department.

During the past year the commissioners have been greatly handicapped in the enforcement of the pharmacy laws, due to the action of the 39th General Assembly, limiting their activities to ninety days in the year, and this no doubt has caused the state to lose several hundred dollars through the inability of the members to get out after the medicine vendors operating without a license, and for this reason also, many drug stores operating contrary to the laws went unpunished.

It is almost an impossibility to so regulate ninety days in the year, (reserving about one-half of them for conducting examinations, prescribed by law) to cover the duties of the commissioners, therefore we recommend either a return to the salary basis, or a per diem which will permit the proper enforcement of the pharmacy laws of the state.

DELINQUENT RENEWALS

There was \$1,368.00 received from delinquent pharmacists within the past two years. This is no more than in previous years, notwithstanding our last report only showed \$80.00 from this source.

Previous to 1920 we closed our renewal period April 30th (for convenience in checking up the records) and since that time our renewal remittance has been made April 1st. Showing that about 350 pharmacists do not pay their fee as the law provides before March 23rd.

Several of the states now have a penalty for being delinquent with this fee, since each registered pharmacist on our list receives the annual notice sent out 60 days before the fee is due, there should be no excuse for anyone not having their fee in on time, and we would recommend an amendment to this statute making the penalty for delinquency one dollar which would make the renewal fee three dollars instead of two dollars as it is now, the extra dollar would be paid into the state treasury.

REVOCAION OF CERTIFICATES

The board revoked four pharmacists' certificates in the past two years, and reinstated one.

PROSECUTIONS

The prosecutions for the biennial period for various violations amounted to \$2525.00 and costs. Several cases were settled and dismissed by defendant paying court costs.

Our department should be given more power to regulate the sale of certain drugs, and bitters which are being placed on the market.

We find an ever increasing sale of certain medicines in grocery stores, pool halls, temp bars, etc., and we recommend that the pharmacy laws be amended to more clearly define "domestic remedies" as set out in section 2588 of the Code, or that the board be given power to designate what drugs and medicines may be sold by others than registered pharmacists.

RECIPROCAL REGISTRATION

Our registered pharmacists who were registered by examination in this state may be registered in any of the other states (excepting N. Y., N. J., R. I., Wyo., and Calif.), by meeting the following requirements and others that may be required by the various boards.

The Official Application must first be procured from the secretary of the national boards, the fee of which is \$15.00, and the present secretary is H. C. Christensen, 130 N. Wells St., Chicago, Ill.

- (A) They shall be twenty-one years old.
 (B) They shall have at least a grammar school education or its equivalent.
 (C) They must present evidence of good moral character from two registered pharmacists in the state from which they come.
 (D) They shall have had at least four years actual experience in a pharmacy where physicians' prescriptions were compounded under the personal supervision of a registered pharmacist.
 (E) They shall have passed an examination in pharmacy, materia medica, chemistry, and practical work, and have made not less than 75% as a general average, and not less than 60% in any one subject.
 (F) That the applicant must have practiced in the profession at least one year prior to making application for reciprocity and subsequent to their examination by the board from which they come.
 (G) They must be in good standing in the state from which they apply.

A fee of \$1.00 is required for certifying to grades.

DETAILED STATEMENT OF PHARMACY COMMISSION

Biennial period beginning July 1st, 1920 and ending
June 30th, 1922.

Vendor Licenses	\$60,300.00
Annual Renewals	15,986.00
Examination Fees	1,435.00
Delinquent Renewals	1,368.00
Reciprocal Registration	320.00
Transferred Licenses	187.00
Change of Location	103.00
Certificate of Percentage	60.00
Duplicate Certificates	30.00
Total	\$79,789.00

DISPOSITION OF FEES

Paid to W. J. Burbank, state treasurer, as shown by vouchers on file in this office	\$71,125.00
Paid to J. M. Lindly, treasurer I. P. A., as provided by chapter 95, Acts 38th G. A., vouchers on file in this office	8,664.00
Total	79,789.00

The total expenses of this department for the biennial period were \$20,831.08 which leaves a net balance in receipts of \$58,957.92.
