### LETTER OF TRANSMITTAL

HON. JOHN HAMMILL, Governor of Iowa.

Sir: As required by law, I have the honor to transmit herewith Volume II of the fifty-sixth annual report of the Insurance Department of Iowa, covering the transactions of life insurance companies, assessment life associations and fraternal beneficiary societies authorized to transact business in Iowa, as shown by their annual statements filed with the Department for the period ending December 31, 1924.

The life insurance business in Iowa during the year 1924 was very satisfactory. All Iowa companies made a substantial gain in the amount of insurance in force and are in a sound and healthy financial condition, as shown by this report. The securities on deposit with this Department, as required by the Iowa deposit law, on December 31, 1924, aggregate \$204,554,372.65. This is a gain of \$17,073,612.88 during the year.

### NEW LEGISLATION

The 41st General Assembly of Iowa enacted the following legislation affecting life insurance companies:

Section 87, Code of 1924, relating to investment of funds, was amended authorizing life insurance companies to invest in federal farm loan bonds issued under the Act of Congress, approved July 17, 1916.

Section 8737, Code of 1924, was amended, by striking from subsection form (4) thereof the inhibition of life companies investing their funds in city residence property of frame construction.

Section 8864, Code of 1924, regarding the substitution of securties required to be deposited in this Department, was amended, authorizing insurance companies to substitute sheriff's certificates on Iowa real estate mortgages, during the period of redemption, in place of the mortgage loan. These certificates must not be larger than the original loan. In the same manner warranty deeds on real estate may be deposited, providing they convey all property to the Commissioner of Insurance. These deeds may be held as deposit for a period of three years, provided that the taxes and fire

insurance premiums are paid. The total amount of the two above mentioned forms of securities shall not exceed 5 per cent of the company's required deposit.

Section 8655, Code of 1924, was amended, authorizing companies to file a verified statement on the first of each month with the Commissioner of Insurance of all policy loan agreements. Such list shall be checked quarterly by the Commissioner of Insurance. Heretofore, the company deposited the individual policy loan and policy loan agreement with the Department.

Section 8837, Code of 1924, was amended, authorizing fraternal beneficiary societies to issue policies on the lives of all children between the ages of two and eighteen years of age, regardless of whether or not they are supported by a member of the society.

Chapter 402 of the Code of 1924 was amended, by striking out Section 8849, relating to the lapse of membership of parents. Under the law as amended, the lapse of the membership of the parent will not affect the membership of the child.

Section 8834 of the Code of Iowa, relating to fraternal life insurance, was amended regarding the substitution of securities in the same manner as Section 8864 relating to life insurance.

### RECOMMENDATIONS

The Department does not deem it advisable to recommend any new legislation at this time, but will offer such suggestions in that respect as is believed necessary in our next report.

### RECEIPTS AND DISBURSEMENTS

Attention is invited to the financial statement of the Insurance Department which appears at the conclusion of this foreword. During the year 1924, the net receipts of the Department amounted to \$1,301,296.53 with a net operating expense of \$53,216.88. In other words, there was turned into the general funds of the State \$1,248,079.65 over and above the operating expenses of the Department. The net disbursements were 4.09% of the net receipts and represents the lowest operating expense in the past four years.

Respectfully submitted,

21 Qb Kendrick

Commissioner of Insurance.

### ROYAL NEIGHBORS OF AMERICA ROCK ISLAND, ILLINOIS

This examination covers the period from December 31, 1916, up to and including December 31, 1923. The Society was organized in November, 1888, as a social society known as the Ladies' Auxiliary of Camp No. 171 of the Modern Woodmen of America. On March 21, 1895, the Society was incorporated under the laws of the state of Illinois for the purpose of furnishing life indemnity or pecuniary benefit to beneficiaries of deceased members or accident or permanent indemnity disability to members thereof.

In a special session of the Supreme Camp held in Chicago, Illinois, in June, 1919, the by-laws were amended and new rates were adopted effective on and after September 1, 1919. By this action the assessment rates of present members were increased and higher rates were established for future members. These rates were compiled from a mortality

table considered from the Society's past experience and were applied to old members and some age concessions given. In May, 1921, the Society adopted a reserve benefit plan certificate with assessment rates based upon the National Fraternal Congress Table of Mortality with interest earnings at 4 per cent.

The association was originally incorporated in 1899 as the World Mutual Life Association under the provision of Chapter 7, Title IX of the Code of lowa of 1897 and subsequent amendments thereto. On March 5, 1905, the articles of incorporation were amended, changing the name of the association to the National Life Association. In 1924 the association adopted a separate and complete set of by-laws, which were approved by the Insurance Department of lowa and the Attorney General.

The Association organized a legal reserve or level premium department as authorized by Section 3 of Chapter 171 of the Acts of the 46th General Assembly of the state of Iowa. The Association continues, however, to write business on the emergency reserve fund plan as they have done heretofore.

Two forms of contracts have been issued in the period from October 1, 1922, up to the present time, which calls for the valuation on the American Experience Table of Mortality with 4 per cent interest. One of these is known as the Whole Life contract and the other as the Yearly Convertible Term. The Whole Life contract allows a non-forfeiture option or an automatic premium Ioan. At age 70 the privilege is offered of surrendering for a cash value, which is the full reserve on the Whole Life plan on the American Experience Table at 4 per cent preliminary term plan. The contract states that the deferred assessments will be collected only in the case the actual mortality of the entire association exceeds the mortality according to the American Men's Ultimate Mortality Table, and then only in the event the special reserve fund created by mortality savings and interest earnings is exhausted.

Hence, the rates as adopted or stipulated are not legal proof against change.

The present rates were adopted September 1, 1917, and in 1921 were made to apply to all business issued prior to 1917, as well as that issued subsequently.

This examination covers the period from December 31, 1919, up to and including December 31, 1923. According to the financial statement prepared, the admitted assets were \$3,662,447.42, liabilities \$218,857.77. As the Illinois law does not require a reserve liability to be set up in assessment association, no reserve liability is included in the above liabilities. The Association had \$110,371,544.00 insurance in force.
