

Extract of statement of Capt. J. J. Lyon, who brought order from Smith for me to fall back:

I riding up the road (down which shot and shell were flying). * * * I saw no infantry till I struck the line of the Fourteenth Iowa stretched across the road, and heavily engaged with the enemy, as was the Twenty-fourth Missouri. Both of them I could see, and also the flanking of the last named regiment. You also told me you could not retire just then, being so heavily engaged, but would do so and connect to the right as soon as possible.

BIENNIAL REPORT

OF THE

STATE LIBRARIAN

TO THE

GOVERNOR OF THE STATE OF IOWA,

JULY 1, 1889.

MRS. MARY H. MILLER,
STATE LIBRARIAN.

PRINTED BY ORDER OF THE GENERAL ASSEMBLY.

DES MOINES:
G. H. RAGSDALE, STATE PRINTER,
1889.

LIBRARIAN'S REPORT.

OFFICE OF THE STATE LIBRARIAN, }
Des Moines, July 1, 1889. }

To his Excellency, WILLIAM LARRABEE, Governor of Iowa:

SIR—The following biennial report of the State Librarian is respectfully submitted:

The number of volumes at present in the library is 34,324.

Since the last biennial report additions have been made as follows:

By purchase.....	1,976
By donation and exchange.....	1,320
Total.....	3,296

During the last biennial period a catalogue of the library has been completed. In addition, shelf lists of the art room, reference alcove and Iowa department have been prepared, the duplicate room has been arranged and a list of its contents made.

Subscriptions for the English law periodicals, which were discontinued in 1885, have been resumed and missing numbers supplied.

The lists of English Poor Law, Parliamentary, Chancery Practice, House of Lords, Ecclesiastical, Registration Appeals, Irish Circuit, Irish Land Cases, Irish King's Bench and Court of Requests reports have likewise been completed.

A special effort has been made to procure works bearing upon Iowa history or written by Iowa authors.

The Twenty-second General Assembly made the following appropriations for the State Library:

For matting for first floor and gallery.....	\$ 450.00
For tin rollers for maps.....	100.00
For book elevators.....	100.00
For five additional tables for gallery rooms.....	50.00
Five hundred dollars annually, beginning January 1, 1888, to be expended in rebinding old books as needed, and for binding periodicals and pamphlets.....	1,000.00
Total.....	\$1,700.00

Of this has been expended:

For matting.....	\$ 363.63
For tin rollers.....	67.00
For book elevator.....	66.55
For tables.....	48.00
For binding.....	863.30
Total.....	\$1,410.48

This leaves \$289.52 of the above appropriation unexpended.

There is also a general appropriation of \$3,000 per annum to be used in the purchase of books. At the beginning of the last biennial period the Librarian had a balance of \$849.89 in this fund. The sum of \$171.50 has been realized from the sale of duplicates and fees for copying, thus making the total receipts, inclusive of the biennial appropriation, \$7,021.39; of this \$4,403.75 has been expended for books, leaving a balance of \$2,617.64.

Your attention is especially called to the numerous vacancies in our sets of the session laws of the various States and Territories.

These sets we have received from our sister States through a system of exchange that has long been in vogue. It is not to be wondered at, when the past vicissitudes of the library are considered, that many volumes are missing in our series, only three or four being absolutely complete. As these volumes cannot be obtained through exchange, these gaps, if they are to be filled at all, must be filled by purchase. This should be done as soon as possible, for it is becoming more and more difficult to obtain the earlier laws of other States. By the expenditure of a few hundred dollars at the present time, this library can acquire sets of the statute laws of the various States and Territories, for which libraries not connected with the system of exchange have paid thousands. I deem it important that at least \$500 should be appropriated by the next General Assembly for this purpose.

Since the last report from this office, a third case has been added to the Aldrich collection. This collection, under the direction of

the donors, is still rapidly increasing. Of late considerable attention has been given to gathering letters and documents of State interest, and portraits of distinguished Iowa people of territorial and later times. The work having been carried forward to so liberal an extent by Mr. and Mrs. Charles Aldrich, it would seem but just that the State should now make provision for its further increase. The collection has become an object of interest to the thousands of people who yearly visit our beautiful capitol, and has received the most friendly recognition both by the press and the people.

Mr. Aldrich assures the Librarian that especial attention will continue to be given to the collection of memorials pertaining to the soldiers and statesmen of Iowa. For this feature alone the collection is entitled to the fostering care of the State.

I append hereto my financial statement and a list of the books acquired for the Library since the publication of the catalogue.

There will also be filed with this a complete list of additions made to the Library during the biennial period.

MARY H. MILLER,
State Librarian.
