## Summer Reading During Covid

Hello ALL! I know many of you did wonderful innovative things in the past year to deal with the COVID pandemic and many of you also held outdoor events. It would be wonderful if you spent a little of your time to fill out this survey to reflect on what you did. This is the same survey that got posted on library talk as well here but I wanted to point it out to all of NC. Thanks in advance for taking part. - Jay Peterson NC district consultant

As Follows:

Did you move your summer programs outdoors this year? Did you offer any self-directed programs that encouraged patrons to engage with nature? If so, we invite you to complete our short survey about this programming. Your responses will be used to demonstrate how libraries are continuing to innovate and serve their communities during the COVID pandemic. Results will be shared broadly within the library profession, and beyond.

Click the link below to learn more about the study and to give your consent to complete the survey.
