## REPORT

*To His Excellency, Honorable B. F. Carroll, Governor of Iowa:*

In accordance with the provisions of section 2600-h, Code of Iowa, as amended by the Thirty-first General Assembly, I have the honor to submit the third report of the Board of Dental Examiners of Iowa.

At the annual meeting of the Board in May 1911, Dr. T. F. Cooke was elected president and Dr. J. A. West, secretary-treasurer. Through the recommendation of the State Society you have re-appointed Dr. G. N. Beemer to succeed himself and appointed Dr. Arthur Solvsberg to fill the unexpired term of Dr. E. D. Brower, deceased and, in 1912, appointed Dr. Carl B. Miller to succeed Dr. F. H. Rule whose term expired July 31, 1912.

During the past two years the Board has held its annual meeting in May of each year and special meetings for the examination of candidates in June and December of each year.

During the two years 99 have appeared for the full examination and 9 on reciprocity. Thirteen have failed on their first examination, 6 on the second, 3 on the third, 2 on the fourth examination. Seven have failed on interchange examinations. We have issued 5 duplicate licenses, 13 renewals and 9 interchange certificates. The passing grade is 80 per cent in both practical and theoretical examinations.

We herewith present an alphabetical list of the registered dentists of the state, making a total of 2437 licenses issued by the board since its creation in 1882, not including duplicates and renewals; also a list by towns.

### RECIPROCITY.

The Thirty-first General Assembly made provision for interchanges of license chapter, 116, sections 1 and 2. Under the law we have made contracts with states for interchange of licenses, namely: New Jersey, District of Columbia, Tennessee, Vermont, Ohio, Indiana, Michigan, Illinois, Wisconsin, Minnesota, Nebraska and Kansas, with the provisions that the applicant must pass a

satisfactory examination in practical work, waiving the written examination.

A great many dentists fail to grasp the idea of interchange fully. A dentist must practice five years in a state before he can get the exchange certificate to go to another state. He must remain in that state five years before he can receive an exchange certificate to go to another state.

The holding of a license in Iowa, but practising in another state, does not entitle the holder to an exchange certificate from this state. He must be in continuous practice in this state for at least five years immediately preceding his application for exchange certificate.

#### STATE DENTAL SOCIETY.

The State Dental Society celebrated its fiftieth anniversary May 1912 at which time the elaborate program, which had been so carefully prepared by the officers and committees, was carried out as planned. The attendance was very good at all sessions. The home-coming of some of the oldest members of the profession and the history of the society in its earliest days were the chief attractions of the social part of the meeting.

I am pleased to say that the Board is receiving the hearty cooperation of the society in all their laudable undertakings and, through their generosity, we were enabled to have two representatives at the meeting of the National Association of Dental Examiners at Washington, D. C., in Sept. 1912. One of the principal objects of the National Association of Dental Examiners is to secure uniform entrance requirements to all Dental Colleges and a similar standard of requirements in all states for a license to practice. These things must be brought about before we can have universal reciprocity.

#### ILLEGAL PRACTITIONERS.

Since the advent of the Cosson law we have been able to get rid of most offenders by starting proceedings. We now have two or three cases pending in the District Court and a few others under investigation.

I find the County Attorneys willing to co-operate with us and we hope to make our state an example for others to follow.

I respectfully submit this report for your consideration.

J. A. WEST, *Secretary.*

#### TO THE PROFESSION.

At this time I would urge all ethical members of the profession to become members of their local societies which also gives them membership in the State Society. In several states they require that the applicant for reciprocity be a member of the State Society of the State from whence he came otherwise, they will not waive the theoretical examination. The object is to protect themselves against the advertiser.

Every member of the profession should be a committee of one to assist in driving from our state all illegal practitioners and I am pleased to acknowledge the assistance I have received from the various members in keeping me posted, and through the aid of the Cosson Law, we hope to eventually remove all illegal practitioners.

In preparing this list the Secretary is under obligation to the Dentists of the state, the Marshall-O'Brien-Worthen Co., and C. Dehaan & Co., for their assistance rendered. The alphabetical list is made up from the addresses given by the applicants when registering. The list by towns is as near correct as it is possible to obtain it without annual registration.

If you are not properly registered please notify the Secretary.

Sincerely yours,

J. A. WEST, *Secretary.*

## ADVANCE STANDING AND ADMISSION OF GRADUATES OF MEDICINE.

Rule IX. Advance standing in the classes shall not be given students except in the following instances:

*First.* Where a student shall have taken a full course in a school recognized by this board and shall have successfully passed the required examination.

*Second.* When a student shall present evidence of graduation from a reputable medical college he may receive one year's advance standing in a dental school.

Rule X. Examinations conducted by colleges shall be in the English language only.

Rule XI. Any student who is suspended or expelled for cause from any dental college shall not be received by any other dental college during that current session. In case the action of the first college is expulsion, the student shall not be given credit at any time for the year's course from which he was expelled. Any college suspending or expelling any student shall at once notify all other dental colleges of its action. Students are required to obey the laws regulating the practice of dentistry.

Rule XII. Colleges shall each year issue announcements containing lists of their students classified in the grades of freshman, junior and senior; designating absentees, irregulars and specials, and giving a list of graduates of the preceding sessions.

Rule XIII. No dental college shall confer any degree as honorary, which is usually granted in due course of study and after examinations.

Rule XIV. No credit for the time of study pursued in any dental college not recognized as reputable by this board shall be allowed by any dental school.

Rule XV. There shall be graded courses of instruction, each course to be followed by examination thereon.

Rule XVI. Candidates for graduation must have completed the regular course of lectures as above stated, and must have passed satisfactory examination in the studies named in these rules and any additional studies named in the college curriculum schedule. They must also furnish creditable evidence of having complied with Rules I, II, XI and XVI. Schools must not grad-

uate students who have failed in more than one study of the regular course, or who at the time of graduation have not succeeded in completing 80 per cent of the required clinical operative and prosthetic work.

Rule XVII. A graduate of a recognized dental college, who applies to another college for its degree, shall complete one full year course or more of instruction in said college, and comply with the requirements of the senior class or its equivalent.

Rule XVIII. The president or Board of Dental Examiners may appoint a committee or committees to investigate any complaints or charges against a recognized dental college, or any other matter that may in any way come to his or their knowledge which, in his or their opinion, may require investigation.

Colleges will be recognized or recommended only when there has been actually secured by purchase or lease and fitted up with all required equipment, a sufficiently commodious and convenient building or part of building entirely adequate to the needs of reputable dental college. Such equipment shall include not only the laboratories, etc., with proper chairs, benches and all other apparatus required for complete, practical dental instructions; but also the rooms and fittings necessary for scientific training, with apparatus necessary for the proper teaching of Bacteriology, Histology, Microscopy, Chemistry and such other scientific studies as should form a part of an advanced dental curriculum of study and as are required by these rules.

The character and attainments of its faculty, which must already have been named with the respective positions they are to occupy, must be such as to give assurance that the school will be conducted in a manner to insure complete and adequate instruction in all branches of a good dental curriculum of study.

Rule XX. Credit shall not be given colleges recognized by this board for courses of instruction which do not commence in the morning and continue through the day.

Rule XXI. In the publication of names of students in the annual announcements of colleges recognized by this board, those students who have been transferred during the session shall be indicated. All certificates of preliminary educational qualifications

of such students before being accepted shall be verified by correspondence with the authorities issuing said certificates.

Rule XXII. A careful arrangement of the curriculum is recommended. Proper records shall be kept of the attendance, examinations, marking and standing of each student for reference for at least one year after graduation.

Rule XXIV. Although a college may have been recognized by this board as reputable, the board reserves the right to withdraw such recognition at any time, when it may deem it for the best interests of the public to do so. The failure of any college to live up to its profession and published announcements may involve such withdrawal or recognition. The president and secretary of the board are authorized to suspend such recognition pending an investigation, when any charge or facts come under their observation affecting the standing of such colleges. In addition to the minimum requirements established by the board, colleges will be held to a strict compliance with all their own published requirements, and to the observance of all rules which they profess to observe, and any material deviation therefrom coming to the knowledge of the board may be held sufficient ground for suspension of recognition, as above stated.

Rule XXV. No college shall be, or continue to be, recognized by this board if said college is managed or conducted in whole or in part by any person or persons who do not practice dentistry in accordance with well recognized and generally accepted forms, usually known as dental ethics; or if owned in whole or part by men or women who are engaged in disreputable dental practice or having upon its list of trustees, in its faculties, among its demonstrators, or in any capacity, any one who does not practice dentistry in accordance with principles above mentioned. And no college shall be or continue to be recognized by this board which by itself or any of its officers, trustees, directors or agents shall be found guilty of the sale of a diploma or diplomas or any degree or certificate of merit in scholarship or standing which has not been earned in due course. The judgment and conclusion of the Board of Examiners, upon all questions arising under these rules, shall be absolutely final and conclusive as to all parties concerned, unless reversed by the decision of a court of competent jurisdiction.

Rule XXVI. Any person desiring to practice dentistry in the State of Iowa, who is a graduate of and has a diploma from the faculty of a reputable dental college, school or dental department of a reputable university, may come before the board at any of its regular meetings for examination in the several branches of dentistry, and if found proficient the board will issue to the said candidate a license to practice.

#### EXAMINATION AND LICENSES.

Rule XXVII. Each candidate for examination must present a diploma from a school recognized as reputable by this board, and if found proficient a license shall be issued on payment of a fee of \$20.00. No license shall be issued to any candidate except after successful examination by the board at a regular or special meeting.

Rule XXVIII. (Miscellaneous Rules.) There shall be two or more regular meetings of the board each year, time and place to be determined by president and secretary. Annual meeting may be held during the annual session of the annual State Dental Society. Due notice of all meetings for examination of candidates for license shall be published in leading dental journals at least one month in advance of time. And a notice mailed by secretary to each person who may apply for license.

Rule XXIX. Examinations shall be practical, oral or in writing or partly oral or written, as may be determined, and shall be in the English language.

Rule XXX. Theoretical examination in the following subjects must make a general average of 80 per cent: Anatomy, Physiology, Chemistry, Materia Medica, Pathology, Therapeutics, Bacteriology, Hygiene, Histology, Oral Surgery, Metallurgy, Prosthetic Dentistry, Operative Dentistry, Orthodontia, Jurisprudence and Anesthetics.

Rule XXXI. Clinical demonstration will be required of each applicant, reciprocity candidates included, the nature to be determined by the board. Candidates must furnish all needed materials and operating instruments, engine included. Cavities must be prepared in presence of the board.

Rule XXXII. At the opening of the examination the applicant will be furnished with envelope containing numbered card. The applicant will write the name and address upon the card, seal the envelope and use this number on all examination papers. The sealed envelopes will, at conclusion of the written examination, be handed to the secretary and must not be opened until all papers are graded.

Rule XXXIII. Any candidate detected trying to give or obtain aid from a fellow candidate shall be dismissed from examination and his or her paper for the entire examination rejected.

Rule XXXIV. Applicants are expected to be promptly on time at the place of examination. One subject at a time will be taken and be completed by all the class before taking another subject. Read questions very carefully. Do not give information not asked for.

Rule XXXV. An applicant failing to pass the required per cent may appear before the board at the next regular examination. A failure to pass second examination will debar candidate from further examination by this board unless full fee is paid and complete examination taken.

XXXVI. The law does not permit board to issue temporary license, hence failure of any applicant to secure proper grade debars from practice. This rule will be strictly enforced.

Rule XXXVII. The board shall begin the inspection of papers submitted immediately after the close of the session and shall complete the same as promptly as possible to insure careful inspection.

Rule XXXVIII. Write answers in the order of the questions. Do not copy question, but write the number of each question in Roman numerals in the center of page before the answer.

Rule XXXIX. Papers containing the questions must be returned intact with the answers.

Rule XL. An applicant for exchange certificate must be a member of the State Society of Iowa as this requirement is demanded by other states having reciprocity laws.

Rule XLI. All licenses must be recorded in the clerk's office in the county in which holder is practicing within one year from date of issue. A license is of no value until it is recorded.

The next meeting of the Board of Dental Examiners for examination will be held at Iowa City, June —; December —, at Des Moines.
