Introduction

The Iowa Educational Directory (Directory), a guide to Iowa's schools, is compiled from information submitted to the Iowa Department of Education (Department) by school administrators. Information for the 2021-2022 edition was verified in September 2021.

The Directory includes names, addresses and telephone numbers of each school; code numbers for each district and individual school; enrollment for each district and grade-span for each school; web and email addresses (where available); and names of chief administrators. District population figures are taken from the 2020 census and district enrollments refer to the prior school year. The Directory can be found on the web at <https://educateiowa.gov/resources/directories>.

Ordering Information for a Paper Copy of the Directory

The charge for a print copy of the *Iowa Educational Directory* is \$14.25 per copy, which includes postage. Orders submitted from schools are exempt from sales tax; individuals and businesses must pay 7 percent sales tax for a total of \$15.25. Prepayment is required. Purchase orders are not accepted. Checks should be made payable to Iowa Department of Administrative Services. Orders should be addressed and/or picked up at:

Department of Administrative Services
Hoover State Office Building, 3rd Floor
1305 E Walnut
Des Moines, Iowa 50319-0158

Allow 2 to 3 weeks for delivery. Contact the Customer Service Center at (515) 242-5120 (option #2) if you have questions regarding your order.

AEA Chair/Liaison from the Department of Education and Meeting Dates

Each of the nine area education agencies (AEAs) facilitates monthly (September to May) meetings for all superintendents of the public school districts served by an individual AEA. Listed below are the chairs of those groups.

The monthly meetings (September to May) provide opportunities for the superintendents to discuss common issues, share ideas and solutions, provide guidance and advice to the AEA administrator regarding needed services, and hear and discuss presentations on various educational matters. A Department of Education liaison is present at each superintendents' meeting to share communications from the Department.

Iowa Counties and Area Education Agencies

Area Education Agencies

Iowa has nine area education agencies (AEAs). The AEAs function as intermediate service units and assist the Department of Education in providing services and support to school districts and to schools. The code numbers assigned by the Department of Education appear opposite the agency name and address. The first two digits of the code indicate the county where the AEA's administrative office is located. The next four digits identify the AEA.

IOWA COMMUNITY COLLEGES

Community Colleges

Each of the fifteen community colleges offers a comprehensive program of arts and sciences or college transfer courses, vocational-technical programs, training and retraining programs for the workforce of Iowa's businesses and industries, and an expanding variety of adult education and non-credit courses for residents of each community college district. The code number assigned by the Department of Education appears opposite the community college and address. The first two digits of the code indicate the county in which the college's administrative office is located. The next four digits identify the community college.

Public School Districts

(in alphabetical order by district name)

Iowa has 327 public school districts. The code number assigned by the Department of Education appears opposite the district name and address. The first two digits of the code indicate the county where the school is located; the next four digits identify the school district; and the last four digits identify the building. If the last four digits read 0000, this indicates the administrative office of the district. The enrollment number shown for each school district is a count of students attending as of October 2020. In whole grade sharing situations, students attending another school district are reported by the receiving district and not by the sending district.

Charter Schools

Charter schools are public schools of choice. In Iowa, schools obtain charters only with the approval and oversight of their local school district. In addition to schools directly operated by a school district, charter schools are another way that communities can create new public education options and partnerships for their students.

Whole Grade Sharing Districts

Iowa Code section 282.10 defines whole grade sharing as a procedure used by school districts whereby all or a substantial portion of the pupils in any grade in two or more school districts share an educational program for all or a substantial portion of a school day under a written agreement pursuant to section 256.13, 280.15, or 282.7(1). Whole grade sharing may either be one-way or two-way sharing.

*Identified districts have tuition agreements rather than whole grade sharing agreements.

In 2020-2021, 45 of 327 Iowa school districts are involved in whole grade sharing. Twenty-five districts do not have a high school within their district and provide high school programming through an agreement with another district.

State Accredited Nonpublic Schools

Iowa has 119 state accredited nonpublic schools. The code number assigned by the Department of Education appears opposite the school address. The first two digits of the code indicate the county where the school is located, the next four digits the public school district where the school is located, and the last four digits are the school building number. The enrollment number shown for each nonpublic school is a count of students attending as of October 2020.

Nonpublic School Systems

A nonpublic school system is more than one nonpublic school governed by one school board and shared board policies, much like a public school district. Each attendance center employs an administrator and all teachers are licensed. The code number assigned by the Department of Education appears opposite the school address. The first two digits of the code indicate the county where the school is located, the next four digits the public school district where the school is located, and the last four digits are the school building number.

Independent Accredited Nonpublic Schools

Iowa has 62 schools accredited by independent agencies. The code number assigned by the Department of Education appears opposite the school address. The first two digits of the code indicate the county where the school is located, the next four digits the public school district where the school is located, and the last four digits are the school building number. The enrollment number shown for each independent accredited nonpublic school is a count of students attending as of October 2020.

District Name Changes

Iowa has 327 public school districts. At the turn of the century, there were 4,873 local districts. It was the intent of the Consolidated School Law of 1906 that a statewide pattern of consolidation be realized, but the movement was very slow in developing. By 1910, only 10 consolidated districts had been created. In 1922 there were 4,839 legally organized districts, and in 1953, 4,558 were still in existence. In that year legislation specified that it be "the policy of the state to encourage the reorganization of school districts into such units as are necessary, economical and efficient and which will insure an equal educational opportunity to all children in the state." The final phase of the community school movement came in 1965, when the 61st General Assembly passed legislation requiring all areas of the state to become part of a legally constituted school district maintaining a high school by July 1, 1966.

Following are the names of closed or reorganized Iowa districts. The name in parentheses indicates the name of the reorganized district. This is a historical file. Many districts have reorganized more than once. Each of those reorganizations are recorded in this list. It may be necessary to follow the district through all reorganizations in this list before the present district name is found.

Educator Licensure Information Available Online

General licensure information and forms are available at the Board of Educational Examiners (BOEE) website, <https://boee.iowa.gov/>.

To access information about any licensed educator or coach in Iowa, follow the steps listed below:

- Enter the BOEE's website, <https://boee.iowa.gov/>.
- Click on "Search for a License" (center of home page under "quick links")
- Enter your search criteria. You must enter at least three characters of the teacher's last name and one character of the teacher's first name to perform a search
- Click on the "Search" button to see the results

Applications for all licensure transactions are now available in the online application system.

- Enter the BOEE's website, <https://boee.iowa.gov/>
- Click on "Apply For/Renew My License" (center of the home page under "quick links")
- Log in or create an account (create an account if no transactions since March 2019 - your folder number will remain the same)
- When you create a new account, you will update your email address
- Once you are logged in, click "new application or renew" to start a new application
