

BIENNIAL REPORT
OF THE
TREASURER OF STATE OF IOWA

FOR THE
Biennial Period Ending June 29, 1912

W. W. MORROW
TREASURER OF THE STATE OF IOWA

FINANCIAL REPORT

STATE OF IOWA.
TREASURY DEPARTMENT,
DES MOINES.

To His Excellency, Berjlt F. Carroll, Governor of Iowa:

SIR:—In accordance with the provisions of Section 107 of the Code of 1896, I have the honor to present herewith a report of the transactions of the Treasury Department for the biennial period ending June 29, 1912.

A comparison of this report with the last report of my predecessor shows an increase in the receipts and disbursements of \$1,517,297.44 during the last fiscal year.

Several new laws that have greatly increased the revenue have also increased the work in the office. This increase in labor is not always clearly indicated by the amount received under some particular law. The labor made necessary by the law requiring that one-half the fees collected by County Superintendents of Public Instruction be paid into the State Treasury probably exceeds the labor made necessary by receipts of hunter's license fund from County Auditors, while the amount received from teacher's examination fees is only about one-seventh that derived from hunter's license. The automobile license or tax law has also increased the work very much. There has been a notable increase in receipts from inheritance taxes. During the last years of my predecessor's term the collections amounted to \$190,747.62. This included a tax of nearly \$40,000.00 from one estate. During the period just closed there was collected from this source \$490,809.46, of this sum \$249,845.20 was collected during the last fiscal year. This shows an increase of nearly \$60,000.00 for the year.

These figures do not fully represent the increase in labor required as during the last year there was no tax of large amount from any one estate. The average amount collected from each estate is about \$450.00. It is believed that if the law was universally observed and impartially enforced the amount realized would be greatly increased. There are many estates of record upon which no tax has been paid where a tax could, in my judg-

ment, be collected if the office was provided with the necessary help. Heretofore the deputy treasurer has had to do this work with what assistance the regular office stenographer could give. As the office is supplied with but one stenographer this work has not received the attention its importance demands. The time of the deputy treasurer is largely devoted to this work. If a competent assistant was provided him, he could give more attention to such matters in connection with the collection of the tax as requires unusual care in order that no estate liable for a tax may, either by oversight or design, escape its just contribution.

While the volume of work required to execute this law and other labor made necessary by laws recently enacted, has greatly increased, the number of persons employed in the office remains the same as at the beginning of my term. The office help at this time numbers but one more than was employed fourteen years ago when the receipts were about one-half the amount now handled. It is my judgment that the position now supplied by an extra clerk should be made a regular clerkship at a salary of not less than \$60.00 per month. I believe also that the work of the inheritance tax department demands a competent person to assist the deputy treasurer in his work, such a person in my opinion, cannot be secured at less than \$100.00 per month. The office should still be allowed a small contingent fund for necessary traveling and other expenses.

I do not favor employing unnecessary help, but am convinced from a close observance of affairs that the state gains nothing by demanding a service on the part of its employees that necessitates neglect of or superficial attention to the duties of the position. Reasonable demands of the state should be, and I believe will be met with faithful service on the part of employees.

This year will end my service as Treasurer of State and I shall surrender the office with a conviction of a duty well performed. I feel that I may always point with pride to my administration of the office.

My association with the employees of the office and with each member of the Executive Council with whom I have been associated during my six years of service, have been exceedingly pleasant and it will be with mingled feelings of pleasure and regret that I shall say "Good-bye."

W. W. MORROW,
Treasurer of State.
