# Administrative Services, Department of

## Mission Statement

To deliver efficient and effective services to enable and support the mission and operations of our stakeholder agencies.

## Description

The Department of Administrative Services (DAS) is the primary corporate administrative services provider for Iowa

state government. Through its four enterprises (Human Resources, General Services, State Accounting, Purchasing), DAS is the first state government agency in the country to successfully implement entrepreneurial management as a business model. This model requires each enterprise to operate as a business within state government. These enterprises continually focus on customer satisfaction, streamlining operations, saving money, and resource use flexibility.

## Aging, Iowa Department of

### Mission Statement

The mission of the Iowa Department on Aging (IDA) is to provide resources, tools, and support to enable the Area Agencies on Aging (AAA) to effectively deliver the following core services to our consumers: Information & Service Assistance, Nutrition & Health Promotion, and Services to Promote Independence.

### Description

Iowa Department on Aging is the central point of focus in state government regarding elder Iowans under both the federal Older Americans Act and Code of Iowa Chapter 231 and works through Area Agencies on Aging and the Iowa Aging Network to increase the public awareness of issues regarding elder Iowans and availability and access to

programs and services to elder Iowans. Advocacy, case management, and a broad array of home and community based services are provided to elders and their caregivers to reduce the incidence of institutional care (nursing homes and other more costly settings) and extend independent living. In FY2015, funding was provided to reestablish the Office of Public Guardian (OPG). The mission of the OPG is to preserve individual independence through a person centered process by educating, providing assistance to public and private substitute decision makers, assisting in substitute decision making proceedings and providing substitute decision making services in the least restrictive manner. Additionally, long-term care ombudsman services provide advocacy for elders in nursing homes and similar health care settings; all related to health, safety, and well-being.

## Appropriations Detail

### Aging Programs

#### General Fund

#### Appropriation Description

The appropriation represents approximately 40% of the Department's total funding. This funding supports some general office activities of the Department but primarily passes through to Iowa's six Area Agencies on Aging and other community level organizations for the provision of direct services. Common services throughout the State of Iowa that receive support include but are not limited to: case

management, transportation, home health and homemaker services, adult day services, respite service, chore services, options counseling and numerous others.

The Department on Aging provides leadership and technical assistance to Iowa's Aging Network. The Department is focused on building capacity, public policy, monitoring and the efficient delivery of services to older and disabled Iowans. The Department is also focused on the pursuit of advocacy, education and innovation that results in increased cost efficiencies and increased access to long term living and community support services.

## Office of Long-Term Care Ombudsman

### General Fund

#### Appropriation Description

This appropriation supports the activities of the Office of State Long Term Care Ombudsman. Advocates, including eight local long term care ombudsman located around the state are available to meet the needs of individuals residing in long term care facilities and assisted living programs. The local long term care ombudsmen investigate and resolve complaints by or on behalf of residents/tenants in nursing facilities, residential care facilities, assisted living programs and elder group homes as well as provided training and

consultations. With 56,358 beds/individuals in 881 long term care facilities across Iowa, the Office ensures vulnerable residents in long term care facilities have access to a long term care ombudsman.

In addition, volunteer ombudsmen are assigned to a facility as representatives of our office. The Office also implements a managed care ombudsman program which serves as an advocate for managed care members receiving services through the long-term services and supports system. Program staff handle complaints, assist with appeals and grievances and educate on Medicaid issues.

# Agriculture and Land Stewardship

## Mission Statement

The Iowa Department of Agriculture and Land Stewardship's mission is to promote agriculture, encourage proper management of land and water, advance agriculture as an economic activity and protect the health and safety of the people.

## Description

The Iowa Department of Agriculture and Land Stewardship is a broad-based agency charged with enforcing more than 80 Chapters of the Code of Iowa related to this states most basic industry. The Secretary is mandated by Chapter 159.2 of the Code of Iowa: 1) to encourage, promote, and advance

the interests of agriculture, including horticulture, livestock industry, dairying, cheese making, poultry raising, biofuels, beekeeping, production of wool, production of domesticated fur-bearing animals, and other kindred and allied industries; 2) to encourage a relationship between people and the land that recognizes land as a resource to be managed in a manner that avoids irreparable harm; 3) to develop and implement policies that inspire public confidence in the long-term future of agriculture as an economic activity, as well as a way of life; 4) to administer efficiently and impartially the inspection service of the state as is now or may hereafter be placed under its supervision. Under these general objectives, the Secretary is to develop and maintain a set of programs to carry out the intent of the law.

## Cost Share

### Environment First Fund

#### Appropriation Description

The Soil Conservation Cost Share Program provides financial assistance toward the installation of permanent soil

conservation practices to levels at which landowners are able to finance the remainder of the investment, thereby protecting the state's interest in soil resources and reducing off-site sediment damages. The program also provides incentives to landowners to encourage use of soil conserving land management practices. Funds are spent on administration costs, practices, and research/demo projects.

## Conservation Reserve Enhance

### Environment First Fund

#### Appropriation Description

This appropriation from the environment first fund is to support the implementation of a conservation reserve

enhancement program to restore and construct wetlands for the purposes of intercepting tile line runoff, reducing nutrient loss, improving water quality, and enhancing agricultural production practices. Funds are spent on administration costs and related costs to implement and complete various Conservation Reserve Enhancement Program site projects.

## Water Quality Initiative Fund

### Fund Description

This fund receives transfers from WQI state appropriations and any other money to support the water quality initiative

administered by the soil conservation division of the Department of Agriculture and Land Stewardship. Funds are expended on administration, practices, and projects to assess and reduce nutrients in the State's watersheds.

## Abandoned Mine Lands Grant

### Fund Description

This fund receives federal grant money to pay for the administrative expenditures for the Abandoned Mine Lands

Grants. Reclamation or drainage abatement of sites affected by mining by mining and abandoned or left in an inadequate reclamation status. Protection of public health, safety, and property and restoration of lands are priorities for the use of moneys in this fund.

## Victim Assistance Grants

### General Fund

### Appropriation Description

This program administers services in the Department that benefit victims of crime. Funds for local victim services,

including federal victim of crime act funds, family violence prevention funds, and violence against women act funds, are administered through this program. The state provides funding to be granted for domestic abuse programs, rape/sexual assault programs, and a statewide domestic abuse hotline.

# Auditor of State

## Mission Statement

The mission of the Office of the Auditor of State is to benefit all citizens of Iowa by providing audit, review, and other technical services to state and local governments to ensure the effective, economical business-like conduct of public activities in a prudent, accountable manner to achieve the intended purposes.

## Description

The Auditor of State is a constitutional official, elected every four years. The Auditor is required to annually make a

complete audit of the books, records and accounts of every department of state government. The State's Comprehensive Annual Financial Report and Single Audit Report are audited by the Auditor of State. The Auditor of State also has responsibility for audits of counties, cities, school districts and other governmental subdivisions and is required to provide guidelines to CPA firms performing such audits. All audits must be filed with the Auditor of State and are a matter of public record open to inspection. The Auditor of State is a member of the State Executive Council, the State Appeal Board, the Iowa Telecommunications and Technology Commission, State Rate Setting Committee, and the Tobacco Settlement Authority Board.

## Blind, Iowa Commission for the

### Mission Statement

Empower blind Iowans to be gainfully employed and live independently.

### Description

The Iowa Department for the Blind is the state agency charged with providing vocational rehabilitation, independent living, library, and other essential services to Iowans

who are blind so that they can live independently and work competitively. The policies and procedures of the Department are grounded in state and federal law, including sections 216B, C and D of the Code of Iowa, the Rehabilitation Act of 1973, as Amended, and the Randolph-Sheppard Act. The Department has used these mandates and the expressed needs of our consumers to establish a highly successful service delivery system that has been emulated both nationally and internationally.

## Appropriations Detail

### Department for the Blind

#### General Fund

#### Appropriation Description

The Iowa Department for the Blind is the state agency charged with providing vocational rehabilitation, independent living, library, and other essential services to Iowans who are blind so that they can live independently and work competitively. The policies and procedures of the Department are grounded in state and federal law, including sections 216B, C and D of the Code of Iowa, the Rehabilitation Act of 1973, as Amended, and the Randolph-Sheppard Act. The Department has used these mandates and the

expressed needs of our consumers to establish a highly successful service delivery system that has been emulated both nationally and internationally.

The Department's three major service areas--vocational rehabilitation (VR), independent living (IL), and library--are provided through four organizational divisions: Field Operations, the Adult Orientation and Adjustment Center, the Business Enterprises Program (BEP), and the Library for the Blind and Physically Handicapped. The foundation that underlies all of our programs is our positive philosophy of blindness. This philosophy also underscores the Department's mission which guides the delivery of these services to our consumers.

## Chief Information Officer, Office of the

### Mission Statement

To provide high quality, customer-focused information technology services and business solutions to government and citizens.

### Description

The Office of the Chief Information Officer (OCIO) is an independent agency responsible for the state's information

technology strategy and services. The OCIO has the authority to adopt rules for the administration of statewide information technology operations, establish an enterprise strategic and project management function for oversight of all information technology-related projects, require that security policies and systems be consistent with the state's data transparency efforts, conduct and maintain inventory of information technology devices, and provide for performance and accountability while focusing on the provision of efficient state services to citizens.

# Civil Rights Commission

## Mission Statement

The mission of the ICRC is to eliminate discrimination within the State of Iowa. The ICRC is a neutral law enforcement agency that fulfills its mission through timely and competent resolution of complaints as well as public education. A credible ICRC that enforces the ICRA ensures that Iowa has a diverse and inclusive workforce and a more welcoming business environment as well as ensuring that all Iowans have equal access to housing and services.

## Description

The purpose of the Iowa Civil Rights Commission is to provide access to opportunities for all Iowans in the areas of

employment, education, housing, credit, and public accommodations through the promotion and enforcement of Iowa civil rights law. The Iowa Civil Rights Commission provides two main products: 1) It removes barriers to opportunities for all Iowans in the areas of employment, housing, credit, education, and public accommodations 2) It helps create an environment that supports diversity. The mechanisms the Iowa Civil Rights Commission uses to provide these products are: 1) Enforcement through intake, screening, mediation, investigation, conciliation, and hearings; 2) Education; 3) Networking links and collaborative activities; 4) The Iowa Civil Rights Commission serves all the people of Iowa, including the parties to complaints and stakeholder, constituency groups.

## Appropriations Detail

### Civil Rights Commission

#### General Fund

#### Appropriation Description

The Iowa Civil Rights Commission (ICRC) is a law enforcement agency whose primary mission is to eliminate discrimination through enforcement of the Iowa Civil Rights Act (ICRA) through competent and timely processing of complaints received by the ICRC. Enforcement of the ICRA can only be achieved if the ICRC is staffed by a sufficient number of well trained, competent and accountable staff members or the equivalent of FY14 FTE levels.

ICRC provides a cost effective and accessible process that resolves discrimination complaints in the areas of employ-

ment, housing, public services (public accommodation), education, and credit. Complainants can file with or without an attorney; there are no costs for filing. To prevent discrimination, ICRC offers training, education, and community outreach.

An effective discrimination enforcement agency helps Iowa increase the pool of qualified workers, in turn insuring Iowa receives broad based economic contributions from all sectors of society and full benefits from a diverse, creative workforce. To attract and sustain a pool of highly skilled workers, our agency assists in the training of a culturally competent workforce. Our agency educates business and industry on discrimination laws and diversity issues to prevent problems and provide a more welcoming economic climate.

# College Student Aid Commission

## Mission Statement

We advocate for and support Iowans as they explore, finance and complete educational opportunities beyond high school to increase family and community success.

Iowa College Aid administers Iowa General Fund appropriations for need-based scholarships, grants and loan repayment/forgiveness opportunities, and advocates on behalf of Iowa students in the formation of public policy.

## Description

Created in 1963 by the Iowa General Assembly, the Iowa College Student Aid Commission (Iowa College Aid) has served as the State of Iowa's student financial aid agency for over 50 years. Originally established to implement the federal assistance program for construction of academic facilities provided by the Higher Education Act of 1963, the agency has seen its responsibilities evolve to help make college possible for all Iowans.

Iowa College Aid also offers a range of services directly to students, families, educators and the general public related to college access, career planning, professional training for educators, regulatory compliance, postsecondary education research and activities to prevent student loan defaults. These services are performed under programs such as GEAR UP Iowa, Local College Access Networks (LCANs) and the high school-to-college 3-Step Process.

## Commerce, Department of

### Mission Statement

Serve Iowans by effectively and efficiently providing a fair, flexible and positive regulatory environment. Develop leaders that promote empowerment, communication, trust, and cooperation. Develop employees knowledge and skills to effectively regulate and meet customer needs. Increase consumer and customer awareness through public education. Increase efficiency and responsiveness by sharing departmental resources. Increase efficient transfer of information through advanced technology.

### Description

The Department of Commerce consists of five regulatory divisions under the Department of Commerce umbrella. The

divisions are: Alcoholic Beverages Division, Banking Division, Credit Union Division, Insurance Division, and the Utilities Division. The Professional Licensing Bureau is administrated under the Division of Banking. The Department is committed to fostering an environment conducive to sound economic development in Iowa; maintaining public confidence in the integrity of the regulated industries and professions; establishing policies which protect the public interest while balancing the interests of the consumers, industries and professions; pursuing regulatory objectives in a manner that minimizes the costs and complexities of regulation without sacrificing quality; identifying competitive opportunities and deregulating where appropriate; and providing direct services and information to the public to assist them in responding to the impact of the regulated industry, profession or regulator.

## Utilities Division

### Commerce Revolving Fund

#### Appropriation Description

This appropriation funds the operations of the Utilities Division within the Department of Commerce. The Utilities Division/Utilities Board is charged with the responsibility of establishing just and reasonable rates for consumers while maintaining the financial integrity of those utilities under its rate jurisdiction, ensuring efficient, safe, and reliable tele-

communications, electric, natural gas, and water utility services, overseeing energy efficiency programs, participating in relevant federal proceedings, and overseeing "Relay Iowa" and the equipment distribution program which enable people with communication impairments to access the telecommunications system. All Iowa Utilities Board costs are assessed directly to the state's utilities. If funding for the Utilities Board were to be eliminated, the state would be unable to regulate the rates and services of Iowa's electric, natural gas, water and telephone utilities. In 2015, these utilities collected more than \$6.5 billion from Iowans.

# Corrections, Department of

## Mission Statement

Creating Opportunities for Safer Communities.

Currently the corrections system employs about 3,700 staff, has custody over more than 7,400 incarcerated individuals in prison, and supervises nearly 30,000 clients in the community.

## Description

The Department of Corrections is an agency within the executive branch of state government. The department is responsible for administration of the nine institutions forming the state prison system as well as accreditation and funding of the eight district departments of correctional services to administer community-based corrections in the state. Community-based corrections encompasses pretrial, presentence investigation, probation, parole, special sentence supervision for sex offenders, and operates residential correctional facilities for offenders including work release and drunken driving treatment programs.

Institutions and districts work together to provide seamless custody and supervision of clients including case planning and treatment to reduce recidivism and promote reentry into their communities. In order to most effectively carry out its mission, resources are focused toward individuals most likely to reoffend, and activities are focused on continuous improvement of the reentry process. In this way the department contributes to public safety and crime reduction, promotes offender accountability, makes responsible use of taxpayer dollars and provides quality services.

## Appropriations Detail

### CBC District I

#### General Fund

#### Appropriation Description

The Community Based Corrections District provides compliance with Iowa Code Chapters 905 and 906. The appropriation is used for parole, probation, work release, residential facilities, day programming, day reporting, sex

offender treatment, batterer's treatment, substance abuse treatment and a host of programs and services designed to keep the offender at the lowest level possible on the corrections continuum of supervision. Approximately 57,000 Iowans receive services from Community Based Corrections on an annual basis. The CBC District provides criminal justice expertise to the Judicial Branch of government, local elected officials, sheriffs and police, and maintains a direct working relationship with the prisons to facilitate the movement of offenders through the Iowa criminal justice system.

## CBC District II

### General Fund

### Appropriation Description

The Community Based Corrections District provides compliance with Iowa Code Chapters 905 and 906. The appropriation is used for parole, probation, work release, residential facilities, day programming, day reporting, sex offender treatment, batterer's treatment, substance abuse

treatment and a host of programs and services designed to keep the offender at the lowest level possible on the corrections continuum of supervision. Approximately 57,000 Iowans receive services from Community Based Corrections on an annual basis. The CBC District provides criminal justice expertise to the Judicial Branch of government, local elected officials, sheriffs and police, and maintains a direct working relationship with the prisons to facilitate the movement of offenders through the Iowa criminal justice system.

## CBC District III

### General Fund

#### Appropriation Description

The Community Based Corrections District provides compliance with Iowa Code Chapters 905 and 906. The appropriation is used for parole, probation, work release, residential facilities, day programming, day reporting, sex offender treatment, batterer's treatment, substance abuse

treatment and a host of programs and services designed to keep the offender at the lowest level possible on the corrections continuum of supervision. Approximately 57,000 Iowans receive services from Community Based Corrections on an annual basis. The CBC District provides criminal justice expertise to the Judicial Branch of government, local elected officials, sheriffs and police, and maintains a direct working relationship with the prisons to facilitate the movement of offenders through the Iowa criminal justice system.

## CBC District IV

### General Fund

### Appropriation Description

The Community Based Corrections District provides compliance with Iowa Code Chapters 905 and 906. The appropriation is used for parole, probation, work release, residential facilities, day programming, day reporting, sex offender treatment, batterer's treatment, substance abuse

treatment and a host of programs and services designed to keep the offender at the lowest level possible on the corrections continuum of supervision. Approximately 57,000 Iowans receive services from Community Based Corrections on an annual basis. The CBC District provides criminal justice expertise to the Judicial Branch of government, local elected officials, sheriffs and police, and maintains a direct working relationship with the prisons to facilitate the movement of offenders through the Iowa criminal justice system.

## CBC District V

### General Fund

### Appropriation Description

The Community Based Corrections District provides compliance with Iowa Code Chapters 905 and 906. The appropriation is used for parole, probation, work release, residential facilities, day programming, day reporting, sex offender treatment, batterer's treatment, substance abuse

treatment and a host of programs and services designed to keep the offender at the lowest level possible on the corrections continuum of supervision. Approximately 57,000 Iowans receive services from Community Based Corrections on an annual basis. The CBC District provides criminal justice expertise to the Judicial Branch of government, local elected officials, sheriffs and police, and maintains a direct working relationship with the prisons to facilitate the movement of offenders through the Iowa criminal justice system.

## CBC District VI

### General Fund

### Appropriation Description

The Community Based Corrections District provides compliance with Iowa Code Chapters 905 and 906. The appropriation is used for parole, probation, work release, residential facilities, day programming, day reporting, sex offender treatment, batterer's treatment, substance abuse

treatment and a host of programs and services designed to keep the offender at the lowest level possible on the corrections continuum of supervision. Approximately 57,000 Iowans receive services from Community Based Corrections on an annual basis. The CBC District provides criminal justice expertise to the Judicial Branch of government, local elected officials, sheriffs and police, and maintains a direct working relationship with the prisons to facilitate the movement of offenders through the Iowa criminal justice system.

## CBC District VII

### General Fund

#### Appropriation Description

The Community Based Corrections District provides compliance with Iowa Code Chapters 905 and 906. The appropriation is used for parole, probation, work release, residential facilities, day programming, day reporting, sex offender treatment, batterer's treatment, substance abuse

treatment and a host of programs and services designed to keep the offender at the lowest level possible on the corrections continuum of supervision. Approximately 57,000 Iowans receive services from Community Based Corrections on an annual basis. The CBC District provides criminal justice expertise to the Judicial Branch of government, local elected officials, sheriffs and police, and maintains a direct working relationship with the prisons to facilitate the movement of offenders through the Iowa criminal justice system.

## CBC District VIII

### General Fund

#### Appropriation Description

The Community Based Corrections District provides compliance with Iowa Code Chapters 905 and 906. The appropriation is used for parole, probation, work release, residential facilities, day programming, day reporting, sex offender treatment, batterer's treatment, substance abuse

treatment and a host of programs and services designed to keep the offender at the lowest level possible on the corrections continuum of supervision. Approximately 57,000 Iowans receive services from Community Based Corrections on an annual basis. The CBC District provides criminal justice expertise to the Judicial Branch of government, local elected officials, sheriffs and police, and maintains a direct working relationship with the prisons to facilitate the movement of offenders through the Iowa criminal justice system.

## Ft. Madison Institution

### General Fund

### Appropriation Description

The purpose of the Iowa State Penitentiary is to provide maximum security custody for 550 inmates and special needs services for 200 inmates, as well as to operate a 152-bed medium security general population facility and two

minimum security work farms with a design capacity of 180. The state appropriation funds 24-hour day operation and provides for such services as security, medical, dietary, counseling, recreation, physical plant, and administrative services. The purpose of the prison is to provide public safety for the citizens of Iowa in humane and constitutionally acceptable conditions of confinement. The institution provides local communities with labor for community improvement projects or to respond to emergency situations.

## Anamosa Institution

### General Fund

### Appropriation Description

This maximum-medium security penitentiary with a capacity of 913 general population inmates. The state appropriation funds 24-hour day operation and provides for such

services as security, medical, dietary, counseling, recreation, physical plant, and administrative services. The purpose of the prison is to provide public safety for the citizens of Iowa in humane and constitutionally acceptable conditions of confinement. The institution provides local communities with labor for community improvement projects or to respond to emergency situations.

## Oakdale Institution

### General Fund

### Appropriation Description

The purpose of IMCC is to provide the point of reception for all offenders entering the Iowa corrections system, psychiatric hospital beds which are also used by the courts prior to trial, medical treatment for female offenders in their last trimester of pregnancy, special needs and general population

beds. Current design capacity is 504 beds. The state appropriation funds 24-hour day operation and provides for such services as security, medical, dietary, counseling, recreation, physical plant, and administrative services. The purpose of the prison is to provide public safety for the citizens of Iowa in humane and constitutionally acceptable conditions of confinement. The institution provides local communities with labor for community improvement projects or to respond to emergency situations.

## Newton Institution

### General Fund

### Appropriation Description

This facility provides 762 medium security and 236 minimum-security beds for offenders in a variety of treatment programs. Newton also provides daily work crews of offenders for government agencies in Polk and Jasper County. The institution provides local communities with labor for community improvement projects or to respond to

emergency situations. The institution also hosts an intensive treatment Violator program for probationers to improve their chances of success in the community and to avoid return to institution supervision. Both Polk County and Federal prisoners are also housed here. The state appropriation funds 24-hour day operation and provides for such services as security, medical, dietary, counseling, recreation, physical plant, and administrative services. The purpose of the prison is to protect the public, the employees and the offenders, while also providing humane and constitutionally acceptable conditions of confinement.

## Mt. Pleasant Inst.

### General Fund

### Appropriation Description

This institution operates 775 medium security beds in a remodeled mental health institution and 100 special needs beds for females in a separate building. The main program focus is treatment for sex offenders and substance abusers.

The state appropriation funds 24-hour day operation and provides for such services as security, medical, dietary, counseling, recreation, physical plant, and administrative services. The purpose of the prison is to provide public safety for the citizens of Iowa in humane and constitutionally acceptable conditions of confinement. The institution provides local communities with labor for community improvement projects or to respond to emergency situations.

## Rockwell City Institution

### General Fund

### Appropriation Description

This 245-bed minimum-security prison provides local communities with up to 200 offenders a day for work outside institution fences. This prison is one of the major release points for offenders reintegrating back into their

communities. The state appropriation funds 24-hour day operation and provides for such services as security, medical, dietary, counseling, recreation, physical plant, and administrative services. The purpose of the prison is to provide public safety for the citizens of Iowa in humane and constitutionally acceptable conditions of confinement. The institution provides local communities with labor for community improvement projects or to respond to emergency situations.

## Clarinda Institution

### General Fund

### Appropriation Description

This 750-bed medium security and 200 minimum security prison provides treatment services for a variety of lower functioning offenders. The state appropriation funds 24-hour

day operation and provides for such services as security, medical, dietary, counseling, recreation, physical plant, and administrative services. The purpose of the prison is to provide public safety for the citizens of Iowa in humane and constitutionally acceptable conditions of confinement. The institution provides local communities with labor for community improvement projects or to respond to emergency situations.

## Mitchellville Institution

### General Fund

### Appropriation Description

This primary institution for female offenders provides 443 medium, maximum and minimum-security beds. The institution offers a variety of special treatment programs designed for the unique needs of the female offender. The institution also hosts an intensive treatment Violator program for probationers to improve their chances of

success in the community and to avoid return to institution supervision. The state appropriation funds 24-hour day operation and provides for such services as security, medical, dietary, counseling, recreation, physical plant, and administrative services. The purpose of the prison is to provide public safety for the citizens of Iowa in humane and constitutionally acceptable conditions of confinement. The institution provides local communities with labor for community improvement projects or to respond to emergency situations.

# Cultural Affairs, Department of

## Mission Statement

The Department of Cultural Affairs serves as a catalyst for ensuring the vitality of Iowa's cultural infrastructure by aligning Federal, State and local resources toward the enhancement of Iowa's quality of life. The Department is committed to investing in the people, places and points of pride that define our state while preserving the stories of Iowa that celebrate our past and help inform our future.

## Description

The Iowa Department of Cultural Affairs is responsible for developing the state's interest in the areas of the arts, history

and other cultural matters with the advice and assistance from its three divisions: the State Historical Society of Iowa; the Iowa Arts Council; and Produce Iowa, the film, television and digital media office that supports media production in Iowa. DCA preserves, researches, interprets and promotes an awareness and understanding of local, state and regional history and stimulates and encourages the study and presentation of the performing and fine arts and public interest and participation in them. It implements tourism-related art and history projects as directed by the General Assembly and designs a comprehensive, statewide, long-range plan with the assistance of the Iowa Arts Council to develop the arts in Iowa.

## Community Cultural Grants

### General Fund

### Appropriation Description

This appropriation provides funding for Community Cultural Grants that are granted to cities and community groups for the development of community programs that

would provide local jobs for Iowa residents and at the same time provide support for festivals, music, drama, cultural, or tourist attractions. Cultural Enrichment Grants were established to provide general support to major, multi-disciplined cultural organizations which demonstrate cultural and managerial excellence on a continuing basis to the citizens of Iowa.

## Historical Division

### General Fund

### Appropriation Description

This appropriation provides funding for the Historical Division, which is one of three divisions established in 303.1 of

the Code of Iowa. The Historical Division has primary responsibility for development of the State's interest in historical/cultural programs and activities within the state, including but not limited to historic sites, museums, historic preservation, archives & records, historic properties, publishing matters of historical value, collection of historical materials, and grant programs.

# Education, Department of

## Mission Statement

Our Mission is to champion excellence for all Iowa students through leadership and service.

## Description

The Iowa Department of Education is established by the General Assembly to act in a policymaking and advisory capacity and to exercise general supervision over the state system of education including 1) public elementary and secondary schools, 2) community colleges, 3) area education agencies, 4) vocational rehabilitation, 5) educational supervision over the elementary and secondary schools under the control of the Department of Human Services, and 6) nonpublic schools to the extent necessary for compliance with the Iowa school laws. The Department also has general supervisory authority for the purposes of administering the library division, the regional library system, and the public broadcasting division.

The Department believes that 1) our progress as a state is directly linked to the quality of education and vocational rehabilitation provided to Iowa citizens, 2) education is a lifelong process that is vital to a person's quality of life. 3) the Department of Education must be a leader in ensuring equity and excellence in education and vocational rehabilitation opportunities regardless of race, creed, color, religion, sex, age, or physical or mental disability, 4) the Department is accountable to its constituents, the public, the State Board of Education, the executive and legislative branches of government, and Department employees, 5) the services we provide must enhance the recipient's potential. 6) we must effectively seek federal, state, local, and private funding to support innovative programs, 7) our actions, appearance, skills, and willingness to grow must serve as a model for the educational community, 8) employees are the greatest resource of the Department; we must focus on their strengths, enhance their potential, and reward their accomplishments, 9) our work environment must foster creativity, efficiency, open communications, and mutual trust and respect, and 10) work with others to achieve mutual trust and goals.

## Career and Technical Education Administration

### General Fund

#### Appropriation Description

To plan for, monitor, evaluate, and report on the development, implementation, maintenance, and improvement of educational programs that meet the career and vocational development needs of Iowa's youth and adults. More specifically, responsible for administering state and federal vocational aid allocated to Iowa's elementary-secondary school

districts, community colleges, area education agencies, teacher education institutions, and the Department of Education.

This funding is required to maintain our matching funds for the Carl Perkins Vocational Education Administration program (Perkins 403.181(A)). We are required to match this funding on a dollar for dollar basis. Without this funding, we would not be able to access the federal funds for this program.

## School Food Service

### General Fund

#### Appropriation Description

This is the state match for the federal Food and Nutrition programs. USDA reimbursement is paid to schools and other approved institutions based on a set entitlement for each breakfast, lunch, milk, and snack served. Additional reimbursement is provided for low-income participants eligible for free, reduced-price and severe need reimbursement. Child nutrition programs include: National School

Lunch Program, School Breakfast Program, Special Milk Program, After School Care Snack Program, Summer Food Service Program, and Child and Adult Care Food Program. The primary recipients of child nutrition program funds are schools; other organizations with an educational format; child and adult care centers; day care homes; and camps. The USDA Food Distribution Program provides institutions participating in the National School Lunch Program with donated commodities for each reimbursable lunch served. In addition, a limited number of commodities are provided for the summer food service program. This funding provides the mandatory state match for these federal funds.

## Textbook Services For Nonpublic

### General Fund

### Appropriation Description

This appropriation provides for an allocation to public school districts to purchase textbooks and textbook related

materials for children attending approved nonpublic schools within their districts. The funds are allocated based upon the number of nonpublic children for whom textbook services have been requested through the public school district.

## Secondary Career and Technical Education

### General Fund

#### Appropriation Description

This program will provide for the maintenance, improvement, and expansion of LEA vocational education programs through which students are oriented and prepared for the

world of work. These programs are administered either by individual school districts or through consortiums jointly administered by several school districts and/or with a community college. Monetary support will provide reimbursement of salary and travel for instructors to maintain a minimum reimbursement level and keep pace with inflation. These funds are used as part of the maintenance of effort required for the Carl D. Perkins Vocational Grant.

## Community College State General Aid

### General Fund

#### Appropriation Description

General Fund support for Iowa's community colleges. Iowa's Community Colleges were created to provide the first two years of college work including pre-professional education; vocational and technical training; programs for in-service training and retraining of workers; programs for high school completion for students of post-high school age; programs for all students of high school age who may best serve themselves by enrolling for vocational and technical training while also enrolled in a local high school; programs for students to provide advanced college placement courses not taught at a student's high school; student personnel services; community services; vocational education for

persons who have academic, socioeconomic, or other disabilities which prevent succeeding in regular vocational education programs; training, retraining, and all necessary preparation for productive employment of all citizens; vocational and technical training for persons who are not enrolled in a high school and who have not completed high school; and developmental education for persons who are academically or personally under prepared to succeed in their program of study.

Community colleges are a vital component of economic development and a primary provider of postsecondary education and training. Funding for these institutions helps provide the programs and services needed by students and employers.

## Iowa Vocational Rehabilitation Services

### General Fund

#### Appropriation Description

To provide comprehensive vocational rehabilitation service to eligible disabled Iowans through the provision of diagnostic, evaluation, counseling, placement, training, maintenance, transportation and physical restoration services. This provision of service will result in Iowans achieving their employment, independence and economic goals.

By federal law, once an eligible client is on the caseload; he/she must receive the full range of VR services necessary to work toward his/her employment goal. While services actually used vary by individual, the services needed by each client must be provided. Consequently Case Services and Rehabilitation Services are inextricably linked in the delivery of services and goal achievement. Funds can be spent on personnel, operations, purchase of goods and services towards meeting client's employment goals, and third party cooperative arrangements with public entities to provide services for clients.

## Independent Living

### General Fund

#### Appropriation Description

The overall concept of Independent Living Rehabilitation Services (ILRS) is complementary to that of the traditional Vocational Rehabilitation program in that both are designed to assist people with disabilities to reach established goals. The major differences are that eligibility for ILRS is not contingent upon the consumer's employment potential; and the outcome of services is measured by the individual's ability to function more independently in their home, family and community rather than securing employment. Two

approaches are used to improve the capacity or enable individuals with severe physical or mental disabilities to function more independently in their family and community, or when appropriate, to secure or maintain employment. A program operated by IVRS which provides direct services, including assistive technology, to individuals to assist in independent functions. Funds can be spent on personnel, operations, and the purchase of goods and services towards meeting the client's independent living goals. Funds are also provided to Centers for Independent Living (CIL's) in local communities to build capacity for non-duplicative services and programs. Services are coordinated to assure that they are available statewide and to avoid duplication.

## Teacher Quality/Student Achievement

### General Fund

#### Appropriation Description

The Student Achievement and Teacher Quality and Teacher Leadership and Compensation programs were established to increase student achievement through improving teacher quality, recruiting quality teachers, and retaining teachers in Iowa. The requested Teacher Quality appropriation will provide funding for a mentoring and induction program, awards for National Board Certified teachers, support for an evaluator training program, and a career development program.

Department approved mentoring and induction programs must be provided to all beginning teachers for two years.

All administrators involved in the evaluation of teachers have been trained and certified as an evaluator under this legislation.

Professional development for teachers is also required in the legislation. All career teachers must have an individual career development plan. The district must have a district career development plan incorporated into their Comprehensive School Improvement Plan.

National Board Certification program provides registration fee payment and annual awards to Iowa teachers who apply for and receive national certification in their content area.

## Iowa PBS

### General Fund

#### Appropriation Description

Iowa PBS is Iowa's statewide public broadcasting network. Iowa PBS provides quality, alternative programming that educates, enlightens, and entertains Iowans throughout the

state. As its principal aim, the network operates technical and production facilities that permit the creation and distribution of programming that is responsive to the varied interests of Iowans. The Iowa Public Broadcasting Board, the broadcast licensee, governs Iowa PBS and sets broad programming objectives and policy guidelines. Iowa PBS is an autonomous agency under the umbrella of the Iowa Department of Education.

## Independent Living Center Grant

### General Fund

### Appropriation Description

Independent Living Center Grant appropriated to Iowa Independent Living Centers (CIL's). The CIL's are established in accordance with the federal Rehabilitation Act of 1973 and are designed and operated within a local community by individuals with disabilities to provide an array of IL services. The CIL's adhere to the state plan for independent living

required in order to receive federal Part B funding for IL services for Iowans with disabilities. The goal will be to use state funds in conjunction with federal Part B funds to expand and enhance a variety of programs currently in place at the centers. IVRS will be responsible for administering the state and federal funds appropriated to the CIL's. Funds can be spent on contracts with the various Centers for Independent Living in Iowa. The CIL's can use the funds for personnel, operations, and to purchase goods and services for independent living service clients to assist them to live independently.

## State Library

### General Fund

#### Appropriation Description

The State Library's role in Iowa's library system is leadership and coordination. State Library services fall into two distinct groups, direct library services and statewide library development. Direct library services provide library services to the three branches of government, the Iowa legal community, the Iowa health care community, and the general public. In addition to a library of more than 200,000 book volumes and hundreds of magazine titles, resources found at the State Library include Iowa's only patents and trademarks

library, an extensive collection of publications produced by state government, federal publications, and Iowa's liaison to the U.S. Census Bureau for Iowa census data. The intent of the State Library's statewide library development services is to ensure all Iowans equitable access to library services. Statewide programs include SILO, Iowa's electronic library network; Enrich Iowa, Iowa's direct state aid program for public libraries; Open Access, Iowa's statewide library card program; Access Plus, Iowa's library to library loan program; library accreditation; and librarian certification. State appropriations fund all direct library services and the statewide library development services of Enrich Iowa, SILO, Open Access, and Access Plus.

## Enrich Iowa Libraries

### General Fund

#### Appropriation Description

Enrich Iowa, Iowa's direct state aid program for public libraries, is designed to improve library services and to reduce inequities among communities in the delivery of library services. The impact this program is having is: 1.) A number of libraries are increasing library hours making the library accessible in the evening and on weekends; 2.) Some libraries are making the Internet available to their communities for the first time while others are adding computer stations for public use; 3.) Others are purchasing new library

books, videos, books-on-tape, large print books, etc.; and 4.) Others have formed partnerships within their communities to support reading and literacy programs, to establish learning centers, to promote reading to infants and children.

Other benefits to Iowa communities are seen in the increased interest in librarian certification and library accreditation programs, increased enrollment by librarians in continuing education classes, and an increased demand by library boards for consultation and assistance in how to evaluate to improve local library services.

## Special Education Services Birth to 3

### General Fund

### Appropriation Description

Provide state match funding for federal programming designed to deliver service for special needs children ages

birth to 3 years of age. This funding provides the mandatory state match for these federal funds. Without this match, the state cannot fund at a lower level than the initial appropriation or it runs the risk of jeopardizing access to the entire pot of federal funds.

## Early Childhood Iowa - School Ready

### General Fund

### Appropriation Description

The Early Childhood Iowa fund is intended to support state-wide early childhood programming for children ages birth through five within designated ECI areas. In recognition of

the fact that the parents are the first, and can be the best, teachers; the education community must be better connected with and provide more support for local efforts to educate parents. The activities funded through the ECI School Ready fund would be administered through local ECI Boards and must build on and promote the integration of existing early childhood endeavors.

## LEA Assessment

### General Fund

### Appropriation Description

This request is for state funding of local school district assessment efforts. Iowa is one of only a couple states that

have not funded local school district assessments. Federal law requires a certain amount of assessments for accountability and this funding is designed to help defray those costs for schools.

## Child Development

### General Fund

Child Development Coordinating Council for Iowa's Shared Visions.

### Appropriation Description

This appropriation provides child development programs for preschool and early elementary high-risk children. Programs include Iowa Shared Visions for preschool children and programs for children kindergarten through grade three. The Shared Visions programs provide parent support for children birth to 3 and preschool programs for children 3 to 5. Shared Visions programs include a collaborative partnership between local Empowerment Boards, Head Start, childcare providers, and school districts. Funds are allocated to the

The Department of Education also directly grants funds to school districts for programs designed for at-risk children at the early elementary grades and for children prior to school age. In addition a portion of the appropriation is used to enable the AEAs to establish a network of consultants specializing in working on child development issues. Through this appropriation the department is allocated funds for the administration and support of the child development program.

## Transportation Nonpublic Students

### General Fund

### Appropriation Description

The purpose of this program is to provide transportation for students attending approved nonpublic schools. Public school districts are required to provide transportation to children attending an approved nonpublic school, through either

the district's buses, contracted bus services, or parental reimbursement. Districts are reimbursed for costs of this service to the extent that funds are appropriated. If parents provide the transportation, claims are submitted to the Department of Education by the public school district to reimburse the parents. The amount of the claims is determined by a code specified formula. If the appropriation is insufficient to pay all claims of parent and districts, the payments are proportionally reduced.

## Gap Tuition Assistance Fund - SWJCF

### Iowa Skilled Worker and Job Creation Fund

#### Appropriation Description

Gap Tuition Assistance Fund program is a program designed to fill the gap where federal financial aid does not cover. These are shorter non-credit certificate programs that are not eligible for federal financial aid but help lead to

employment for the students. There are requirements regarding eligibility and participation and program requirements regarding what is an eligible program. All of these rules are spelled out in code. The 2 million appropriation is allocated among the 15 colleges to help subsidize the tuition costs for the students participating in the programs. Each college is responsible for how they fund the cost, whether they cover 100 percent of tuition and fees or whether it is some percentage of this.

## Disability Determination Services

### Fund Description

This account receives federal funds under an agreement with the Social Security Administration to determine if a person is eligible for social security disability benefits. Funds are spent directly from the fund and are used for personnel, operations, and medical evidence of record, and consultative examinations for disability applicants. The Disability Determination Services Bureau of the Division of Vocational Rehabilitation Services-Department of Education is a 100% Federally funded Program with its purpose being to provide for the determination of eligibility for Social Security Disability and Supplemental Security Income Benefits to

Disabled Iowans. These Iowans have applied to the local Social Security Office for these benefits. Their application is forwarded to the Disability Determination Services Bureau of the Division of Vocational Rehabilitation Services for the determination process as to their eligibility to receive these benefits. The Disability Determination Services Bureau of the Division of Vocational Rehabilitation Services-Department of Education will make disability decisions on disabled Iowans applying for Social Security benefits. It is anticipated that this determination process will result in Iowa applicants receiving disability benefits. A portion of these claims will be reviews of disability recipients to determine whether disability benefits should continue.

## Executive Council

### Mission Statement

Keep a complete record of the proceedings of the Executive Council relating to the duties placed upon them by the laws of Iowa, which are: to determine the value at which property may be taken by Iowa corporations and amount of stock which may be issued on account thereof; to approve property purchases; to authorize department leases; to authorize the employment of Special Assistant Attorneys General and payment of costs for services rendered; to authorize condemnation proceedings; to approve bank depositories of public funds; to approve out-of-state travel; to approve compromise of claims of doubtful equity or collectibility and in favor of the State; to canvass votes cast for state and district offices.

### Description

The Executive council of Iowa was organized by the adoption of the State Code of Iowa of 1860. The duties of the

Council, detailed in Chapter 7D of the State Code of Iowa include: acting on all State of Iowa activities and notifying all interested persons of action taken thereon; determining the value at which property may be taken by Iowa corporations and the amount of stock which may be issued on account thereof; approving articles of incorporation and bylaws of building and loan associations and planning liquidations of said associations; approving the acceptance of gifts; authorizing and paying court costs and special attorney fees; authorizing condemnation proceedings; approving bank depositories of public funds; approving out-of-state travel; canvassing votes cast for State and district officers; and declaring changes in classifications of cities. In addition, Chapter 29C.20 of the State Code of Iowa authorizes the Council to approve disaster aid for governmental subdivisions, including state agencies. The Council consists of five members: The Governor, Secretary of State, Auditor of State, Treasurer of State, and the Secretary of Agriculture.

# Governor/Lt. Governor's Office

## Mission Statement

The Governor is vested by the Constitution with the supreme executive power of the State and is responsible for the executive functions of state government.

## Description

The Governor is vested by the Constitution with the supreme executive power of the State and is responsible to ensure that the executive functions of state government are carried out according to Iowa laws. The Governor has direct financial supervision over all state departments and annually initiates, prepares and submits a balanced budget for all

revenues and expenditures. The Governor is required to submit an annual Condition of the State message to the General Assembly with the Governor's legislative recommendations and is empowered to approve or disapprove every bill which has passed the General Assembly. The Governor is authorized to make numerous appointments to state boards and commissions and judicial positions. The Governor serves as the Commander in Chief of the State's military and is empowered to grant reprieves, commutations and pardons. The Lieutenant Governor performs duties as provided by law and those duties of the Governor assigned to the Lt. Governor by the Governor, and assists with all duties of the Office.
