## SUI - Geological and Water Survey Operations

### Environment First Fund

### Appropriation Description

Funding from the Environment First Fund is used for operations and water resource management and provides Iowans

with the knowledge to manage effectively natural resources for long-term sustainability and economic development. The FY 2022 appropriation request of \$200,000 (same as FY 2021), along with additional grant funding from other sponsors, will provide support for staff, researchers, and students who dedicate their time to the mission and work of the Iowa Geological Survey.

## SUI - Water Resource Management

### Environment First Fund

#### Appropriation Description

The Water Sustainability Initiative (WSI) brings together faculty affiliates from across the academic spectrum to work together to understand and address issues related to a subject that affects every man, woman, and child on the planet: water sustainability. The collaborative nature of the Water

Sustainability Initiative makes many new and fruitful avenues of study possible, allowing the researchers to consider problems they might not have been able to address alone. A better understanding of the broad context for their research enables the WSI affiliates to more completely address complicated water problems.

The FY 2022 operating appropriation request remains flat with FY 2021 (0% increase) in the amount of \$495,000.

## University of Iowa Hospitals and Clinics Fund

### Fund Description

University of Iowa Hospitals and Clinics Fund, recognized as one of the best hospitals in the US, is Iowa's only comprehensive academic medical center and a regional referral center. UIHC is committed to providing patient-focused care in an environment devoted to innovation care, excellent service, and exceptional outcomes. We employed 1,432 physicians, residents, and fellows, and 7,482 non-physician employees, including 1,806 professional nurses. We're assisted each year by a dedicated corps of more than 1,300 volunteers. UIHC & the Children's Hospital together deliver quality care in collaboration with SUI Physicians, the state's largest multi-specialty medical and surgical group practice composed of faculty physicians of UI Roy J. and Lucille A. Carver College of Medicine. These Partners work together

as University of Iowa Health Care, to provide patient care, conduct biomedical research, and train the next generation of health professionals.

Simply stated our mission is: Changing Medicine. Changing Lives. University of Iowa Health Care is changing medicine through: Pioneering discover, Innovation interprofessional education, Delivery of superb clinical care, An extraordinary patient experience in a multi-disciplinary, collaborative, team-based environment. University of Iowa Health Care is changing lives by: Preventing and curing disease, Improving health and well-being, Assuring access to care for people in Iowa and throughout the world.

Goals: Continue to build on our greatest strength, our world class people. Create a new standard of excellence in integrated patient care, research and education and make a difference in the quality of life and health.

# Revenue, Department of

## Mission Statement

To serve Iowans and support state government by collecting all taxes required by law, but no more.

## Description

The core functions of the Iowa Department of Revenue consist of, and are generally described, as follows:

### REVENUE COMPLIANCE AND COLLECTION

The most visible aspect of our Department's operations is the administration of tax compliance and collection. This function includes educating taxpayers on tax laws and regulations, processing tax returns and related documents, and collecting taxes and other amounts due. It is in compliance with Iowa's tax laws that the Department conducts its taxpayer examination and audit programs, and resolves disputed tax issues.

## Performance Measures

| Measure   | FY 2020          | FY 2021                             | FY 2022                         | FY 2022                             | FY 2023                         | FY 2023                             |
|---|------------------|-------------------------------------|---------------------------------|-------------------------------------|---------------------------------|-------------------------------------|
|   | Actuals Achieved | Current Year Budget Estimate Target | Total Department Request Target | Total Governor's Recommended Target | Total Department Request Target | Total Governor's Recommended Target |
| Percent of Utilization of Electronic Filing Program       | 93.3             | 88                                  | 100                             | 100                                 | 100                             | 100                                 |
| Percent of Revenues Received by Electronic Funds Transfer | 85.5             | 79                                  | 79                              | 79                                  | 79                              | 79                                  |

### LOCAL GOVERNMENT ASSISTANCE

The Department provides support to local governments by administering just and uniform property assessments across the state. This function also administers programs for property tax relief, local option taxes, school infrastructure taxes, and sales increment programs.

### RESEARCH, ANALYSIS, AND INFORMATION MANAGEMENT

The Department performs tax policy development and analysis, fiscal impact estimation, and economic and statistical research and analysis to help stakeholders understand the impact of Iowa tax laws, and make informed decisions.

## Appropriations Detail

### Revenue, Department of

#### General Fund

#### Appropriation Description

This appropriation funds the majority of the operations of the Department of Revenue. Additional funding is received from Motor Vehicle Fuel, collection receipts, tobacco settlement funds and miscellaneous smaller funds. The general fund appropriation accounts for 77% of the budget of the Department.

The Department of Revenue is responsible for tax compliance so the correct amounts of taxes are paid, but no more,

through taxpayer services, examination, audit and policy development. The Department seeks to process incoming payments in an accurate and timely manner so questions and adjustments are resolved; and, to resolve outstanding debt owed to the Department and other contracting agencies. Through Property Tax programs, local property tax officials receive training, service and enforcement programs that result in fair and equitable assessment. The Department provides economic, research and statistical reporting support to the Department of Management, the Governor and the Legislative Service Agency. To support the core functions, the Department provides administrative and technology services to meet program goals and provide services to internal and external customers.

## Ag Land Tax Credit

### General Fund

### Appropriation Description

A standing limited appropriation to provide funds for the "Agricultural Land Tax Credit Fund" created under Section 426.1 of the Code. The fund was created to give credit

against the tax on each tract of agricultural land within the several school districts of the state in which the levy for the general school funds exceeds five dollars and forty cents per thousand dollars of assessed value. The funds are prorated if the appropriation cannot cover all credits in full. Beginning in FY'94, an appropriation of \$39,100,000 was made. Section 425A stipulates that the first \$10,000,000 be transferred to the Family Farm Tax Credit Fund.

# Secretary of State

## Mission Statement

The mission of the Office of Secretary of State is to fulfill the statutory duties of the Office with competence, courtesy, and efficiency.

## Description

The Office of Secretary of State is a constitutional office. The office:

1) Files documents related to corporations, for profit corporations, limited liability companies, limited partnerships, limited liability partnerships, cooperative associations, cooperative corporations, nonprofit corporations, professional corporations, professional limited liability companies, uniform commercial code, mechanics liens, transient merchants, travel agencies, trade and service marks, joint exercise of governmental powers agreements and miscellaneous documents. Registers Notaries and investigates complaints against a notary.

2) Coordinates and supervises elections throughout Iowa. The Secretary of State is the state commissioner of elections and supervises Iowa's 99 county auditors in the administration of our election laws and administrative rules. Candidates for all statewide offices, federal offices, legislative offices, and certain judicial offices also file their nomination petitions with the Secretary of State.

3) Serves as the State Registrar of Voters and maintains the statewide voter registration system.

4) Holds critical positions on several state boards and commissions in Iowa. Including the Iowa Executive Council, the Voter Registration Commission, the State Insurance Committee, and the State Records Commission.

5) Preserves many original documents including the Constitution of the State of Iowa, the Acts of the General Assembly, and oaths of office.

6) Maintains the books and records of the State Land Office.

7) Cooperates with the Federal government on the census, including keeping official records.

8) Administers the Safe at Home program, an address confidentiality for victims of domestic violence.

9) Counter-signs with the Governor all commissions, proclamations, extraditions and land patents.

10) Performs miscellaneous duties set out by statute and the Constitution.

## Appropriations Detail

### Elections/Voter Reg

#### General Fund

#### Appropriation Description

ELECTIONS/VOTER REG - This budget allows the Secretary of State's Office to coordinate and supervise, on a

limited basis, elections in Iowa and publish a canvas of votes. This also allows the department to maintain and operate the voter registration program; perform statutory interaction with the Office of the Governor; and initiation policies and requirements concerning elections and voter registration.

# Transportation, Department of

## Mission Statement

Getting you there safely, efficiently, and conveniently

## Description

The Department of Transportation builds, maintains, and regulates Iowa's transportation systems to ensure public safety and to meet the various needs of Iowans. Transportation systems include highway maintenance, construction, planning, design and research; rail; water; transit; and air.

## Performance Measures

| Measure  | FY 2020             | FY 2021                                   | FY 2022                               | FY 2022                                   | FY 2023                               | FY 2023                                   |

## Appropriations Detail

### Public Transit Assistance

#### Rebuild Iowa Infrastructure Fund

#### Appropriation Description

Rebuild Iowa Infrastructure Fund appropriation for the Public Transit Assistance program.

The goal of the program is to provide funding for improvement of the vertical infrastructure of Iowa's designated public transit systems. These funds are available on a competitive basis. Program funds may reimburse up to 80 percent of transit-related costs, with at least 20 percent of transit-related project costs derived from local sources. When this funding is combined with federal or other state resources, the project's transit-related costs may not exceed 80 percent.

## Commercial Air Service Airports

### Rebuild Iowa Infrastructure Fund

#### Appropriation Description

Appropriation to provide funding for land side development projects such as terminal, hangar, maintenance and fuel-facility construction, and/or renovation at commercial service airports.

These funds are divided among the commercial service airports by a 50/40/10 formula. One-half of the funds are allocated equally among the airports. 40 percent of the funds are allocated based on the percentage of enplaned passengers at each airport versus the total number of enplaned passengers in the state, and 10 percent of the funds are allocated based on the percentage of the air cargo tonnage at each airport versus the total tonnage in the state.

## Recreational Trails

### Rebuild Iowa Infrastructure Fund

#### Appropriation Description

Appropriation to the State Recreational Trails program to establish transportation and recreation trails in Iowa for the use and enjoyment of the public. Eligible applicants include state and local government agencies, municipal corporations, counties, and nonprofit organizations. Private organizations must have a governmental agency as a co-sponsor. The program is restricted to the acquisition, construction or improvement of trails open for public use, or trails that will be dedicated to public use when completed.

A proposed trail project must meet the following requirements:

- The project must be part of a local, area-wide, regional or statewide plan.
- The trail route must be designed to allow enjoyment of scenic views or points of historical interest, and maximize safety.
- The project must include a contribution of at least 25 percent matching funds from other sources. This match cannot include grants from other state agencies or provisions of in-kind services.

## Rail Revolving Loan & Grant Fund

### Rebuild Iowa Infrastructure Fund

#### Appropriation Description

Appropriation for the Rail Assistance Program which assists business and industry to improve rail infrastructure. The

program helps finance, through loans and grants, construction or expansion of rail connections (e.g., sidings, switches, etc.) and railroad rehabilitation or expansion. Applications may be submitted at any time and are evaluated as funding becomes available.

## PRF-Planning, Programming & Modal

### Primary Road Fund

#### Appropriation Description

Primary Road Fund appropriation for Planning, Programming & Modal Division.

This appropriation, along with an appropriation from RUTF, funds Planning and Programming Division.

The Planning, Programming & Modal Division provides transportation system planning, transportation program management, and transportation data collection and analysis necessary to move forward with the transportation program. The division oversees and administers appropriated funds for statewide and local aviation, rail and transit programs and projects, and provides expert advice on modal issues.

## Planning, Programming & Modal

### DOT Operations

#### Appropriation Description

This appropriation funds the Planning and Programming Division and the Modal Division. The Planning and

Programming Division provides transportation system planning, transportation program management, and transportation data collection and analysis necessary to move forward with the transportation program. The Modal Division oversees and administers appropriated funds for statewide and local aviation, rail and transit programs and projects, and provides expert advice on modal issues.

## Motor Vehicle Division

### DOT Operations

### Appropriation Description

This appropriation funds the Motor Vehicle Division which administers driver examinations and licensing and vehicle

registration and titling procedures directly and through county treasurer offices; enforces motor carrier laws and regulations; and investigates and enforces various commercial carrier requirements.

## Motor Vehicle Division Financial Summary

## RUTF - Indirect Cost Recoveries

### Road Use Tax Fund

### Appropriation Description

Road Use Tax Fund appropriation for the Indirect Cost Recoveries account.

This appropriation along with funding from an appropriation from the PRF is used for payment to the general fund for recovery of indirect costs associated with centralized services provided to the DOT by other state agencies whose funding comes from the general fund.

## RUTF - Indirect Cost Recoveries Financial Summary

## TraCS/MACH

### Road Use Tax Fund

#### Appropriation Description

Funding for the TraCS and MACH programs to expand the support to all agencies in the state and support new technology as it is developed.

The TraCS program is an initiative by the Iowa Department of Transportation to collect data from law enforcement at the scene of a motor vehicle collision and send that data electronically to the Iowa DOT. TraCS software and support

is provided by the Iowa DOT at no charge to qualifying Iowa public safety agencies.

The MACH program was initially developed and piloted in Iowa. MACH is an Internet based communications tool that allows public safety agencies to share information, enhancing cooperation and organization during every day activities and emergency situations. MACH uses the Internet and a sophisticated, scalable, and secure Web-services messaging foundation to offer job enhancing features that have, until now, been unpractical to provide to the public safety official in the field. The MACH software is also provided and supported by the Iowa DOT to qualifying public safety agencies at no charge.

## Railroad Assistance Fund

### Fund Description

This fund is used to collect the repayment of federal discretionary funds that are loaned to rail companies for railroad projects that meet the federal eligibility requirements.

These funds must be accounted for by DOT to the Federal Government. The moneys can only be used to provide assistance in improving or conserving railroad lines within the State of Iowa.

## Primary Road Fund

### Fund Description

This account is established to receive Road Use Tax Funds, Federal funds, and all other funds which may, by law, be

credited to the Primary Road Fund. A portion of the fund is appropriated to the Department of Transportation for operations. The remaining balance is appropriated by law for highway construction.

## Primary Road Fund Detail

## Farm to Market Road Fund

### Fund Description

The fund receives the portion of road use tax fund as established in Iowa Code 312.2.1, federal funds and all other

funds that may be credited by law. None of the fund is used for administrative expenses but is used entirely for construction, reconstruction or improvement of the Farm to Market Road System established in Iowa Code 310.

## Revitalize Iowa's Sound Economy

### Fund Description

This account is established to receive funding from the Road Use Tax Fund related to the excise tax on motor fuel, special

fuel and diesel fuel of one and three-fourths cents per gallon. Funding is to be used in the construction or improvement of roads and streets which promote economic development in the State.

## Public Transit Infrastructure Grant Fund

### Fund Description

Moneys in the fund shall be awarded to public transit systems within the state for construction and infrastructure projects that meet the definition of "vertical infrastructure" in section 8.57, subsection 6, paragraph "c".

The fund shall consist of appropriations made to the fund and transfers of interest, earnings, and moneys from other

funds as provided by law. In awarding grant assistance, the office of public transit within the department shall, by rule, specify certain criteria that must be included in a grant application, which shall include but not be limited to information on the feasibility of completion of an individual infrastructure project. Notwithstanding section 8.33, moneys in the public transit infrastructure grant fund shall not revert to the fund from which they are appropriated but shall remain available indefinitely for expenditure under this section.

## State Aviation Fund

### Fund Description

The fund shall consist of moneys deposited in the fund pursuant to sections 328.21 and 452A.82 and other moneys appropriated to the fund. Moneys in the fund in a fiscal year

shall be used as appropriated by the general assembly for airport engineering studies, construction or improvements, and the windsock program for public airports. In awarding moneys, the department shall give preference to projects that demonstrate a collaborative effort between airports.

## TIME-21 Fund

### Fund Description

The fund receives revenue created by changing certain vehicle registration fees and schedules, and by increasing

trailer and title fees, but not more than \$225,000,000. Any funds received over this amount is deposited to the Road Use Tax Fund. The distribution of the fund is 60% primary road fund, 20% to the secondary road fund and 20% to the street construction fund.

# Treasurer of State

## Mission Statement

The mission of the Office of Treasurer of State is to keep the money safe.

## Description

The Office of the Treasurer of State functions as the state's cash manager. In that role, the office coordinates financial services used by state agencies. It receives and verifies all deposits and redeems all state warrants presented for payment. The office invests available operating fund balances and allocates investment income to participating funds. When necessary, the office may issue revenue anticipation notes on behalf of the state. Financial records reconciled to the state accounting system and independent bank records. The Office of Treasurer of State coordinates bonding activities of the state agencies and provides central-

ized financing for lease-purchase agreements for state agencies. The Office issues an annual report on the bonding activities of all political subdivisions of the state. The Office of Treasurer of State is custodian of the three state pension funds: IPERS, the Peace Officers Retirement, Accident, and Disability System (POR) and the Judicial Retirement System (JRS). The Office of Treasurer of State administers the state's unclaimed property program, the Iowa Educational Savings Plan Trust, a state-wide pledging program that protects deposits of public funds that are not federally insured, the Iowa ABLE Savings Plan Trust and the Linked Investments for Tomorrow (LIFT) Act. The Office of Treasurer of State provides clerical and/or accounting support for various entities, including, but not limited to: the Executive Council, the Road Use Tax Fund, the Second Injury Fund, the State Sinking Fund for Public Deposits in Banks, the Underground Storage Tank Program, and the Tobacco Settlement Authority.

## Unclaimed Property

### Fund Description

Utility companies, banks, insurance companies, etc., must report and remit any money or property that has not been claimed by the original owner to the Treasurer of State. TOS

tries to return the property to rightful owners via "The Great Iowa Treasure Hunt". A portion of remittances stays in the fund to pay claims and expenses while the rest is transferred to the state general fund. Property does not escheat to the state even though transferred to general fund.

## Vision Iowa Fund

### Fund Description

In 2001, the state issued Vision Iowa Bonds to provide grants to communities in the development of major tourism

facilities. This fund received the proceeds from the bonds and also receives the \$15M annually in gaming revenue that is pledged to repay the bonds.

## Prison Infrastructure Fund

### Fund Description

A portion of fines, fees, costs, and forfeited bail collected by the clerks of court is deposited into this fund each year. The

moneys are used to pay the principal of, premium, if any, and interest on bonds issued for prison infrastructure. Balance at year end is transferred to the General Fund.

HF 2350

## Workers Compensation 2nd Injury

### Fund Description

This account receives its funding from employers (or their insurance providers) when a worker is killed on the job in Iowa. The fund may also receive a surcharge placed on all

insurance companies and self-insured businesses if the fund does not have the resources to cover expected payouts. Expenditures are made from this account when a person with a pre-existing disability is injured on the job. Payments are made upon the order of the workers' compensation commissioner.

## Watershed Protection Fund

### Fund Description

The fund receives appropriations and any other monies including interest payments, recaptures of awards, and other

repayments. Monies will be used to enhance water quality in the state through locally directed watershed improvement grant projects. The fund receives interest with spending discretion with the Watershed Improvement Review Board.

Authorized in SF 200

## Bank Sinking Fund

### Fund Description

The money in this fund is used to pay public depositors for losses not covered by FDIC insurance that are incurred due

to bank failure. If there is not enough money in the fund to cover such losses, the treasurer may assess other banks that have public deposits to cover the shortage.

## Veterans Affairs, Department of

### Mission Statement

To provide a continuum of care to Iowa's veterans and their spouses in an environment focusing on individualized services to enhance their quality of life.

### Description

Veteran Affairs is the department in state government that provides services to veterans and works to increase the public's awareness of veteran's issues. These services encompass two divisions (advocacy services and long-term health care). One division is the Iowa Department of Veterans Affairs administration office located at Camp Dodge. It provides services and support to veterans including education regarding their entitlements under state and federal laws and enhancing their awareness of outreach programs available to them. This division conducts two service schools of instruction each year for the Commissioners and County Directors of Veterans Affairs to update them on benefits for veterans. It also files all reports of sepa-

ration (Form DD 214), maintains 4 million records of Iowa veterans from the past four wars, maintains a database of veterans in nursing homes and determines if they have applied for federal Veteran's benefits, and processes and maintains all registration documents for Veterans buried in Iowa. A state aid program for War Orphans paid to a school of higher learning is provided. The second division located in Marshalltown is the Iowa Veterans Home. It delivers long-term health care services for eligible veterans and/or their spouses/widows. The Iowa Veterans Home has 560 operating beds comprised of two levels of care (nursing and domiciliary) and offers 24 hour medical coverage. A full range of services is available including: Food and Nutrition Services; Pharmacy; Recreation Therapy; Transportation to medical appointments at the V.A. Hospitals and Clinics; Contract Services (dentist; optometrist; dermatologist); Speech Therapy; Physical Therapy; Occupational Therapy; Wheelchair Services; Activity Centers (ceramics, wood-working, arts and crafts, and library); Social Work Services; Pastoral Care; Psychology Services; and Psychiatry Services.

## Appropriations Detail

### General Administration

#### General Fund

#### Appropriation Description

This appropriation funds the administrative staff located at Camp Dodge and the Iowa Veterans Cemetery to:

- 1) Educate Veterans on county, state, and federal entitlements.
- 2) Be the central point in the State governing veterans issues and the delivery of services.
- 3) Maintain 4 million records of Iowa veterans of the past five wars.
- 4) Increase the public's awareness of Veterans' issues.
- 5) Increase Veterans' awareness of the availability of outreach programming by various agencies in counties throughout Iowa.
- 6) Process and maintain all registration documents for Veterans buried in Iowa.
- 7) Conduct service schools of instruction each year for the Commissioners, County Directors and Administrators of Veterans Affairs.
- 8) File all reports of separation (Form DD 214), which are currently received for all Veterans discharged from the Armed Forces.
- 9) Provide a State aid program for War Orphans paid to a school of higher learning.
- 10) Maintain database of veterans in nursing homes and identify if federal benefits have been applied for.
- 11) Direct operation of the Iowa Veterans Cemetery.
- 12) Administer the Injured Veterans Grant Program.
- 13) Administer the Veterans County Allocation Program.
- 14) Administer the Iowa Veterans Trust Fund.
- 15) Approve applications for the Iowa Military Homeowners Program and Iowa Drivers License designations.
- 16) Provide administrative support for the Iowa Commission of Veterans Affairs.
- 17) Administer the Iowa Children of Fallen Heroes Scholarship program.
- 18) Administer the Veterans License Plate fund.

### Iowa Veterans Cemetery

#### Fund Description

The Veterans Cemetery Fund consists of money deposited in the fund from Federal Plot Allowance, Spouse Burial Fees,

Monument Fees, and farm rental of (currently) unused land. All money deposited into the fund is used for the perpetual operation and maintenance of the Iowa Veterans Cemetery per Iowa Code 35A.5.

## Routine Maintenance

### Rebuild Iowa Infrastructure Fund

#### Appropriation Description

This standing limited appropriation starts in FY2019 and is for routine maintenance projects for the physical properties

under the control of the Department of Administrative Services. Routine maintenance includes regular upkeep of physical properties and recurring, preventive, and ongoing maintenance necessary to delay or prevent the failure of physical properties.

### Routine Maintenance Financial Summary

## General Services Capitals

### Fund Description

Created under control of the Department by Iowa Code, section 8A.123. This fund receives money transferred by state agencies for infrastructure projects selected by the state

agencies funded through any available source by means to state agencies. The General Services Enterprise assists state agencies with facilities design, construction, and management by providing or managing those design and construction services required by our customers.

## Blind Capitals, Department for the

### Mission Statement

The Iowa Department for the Blind is the means for persons who are blind to obtain for themselves universal accessibility and full participation as citizens in whatever roles they may choose, including roles that improve Iowa's economic growth.

### Description

The Iowa Department for the Blind proposes capital project and building maintenance requests which benefit persons who are blind.

## Cultural Affairs Capital

### Mission Statement

The Department of Cultural Affairs serves as a catalyst for ensuring the vitality of Iowa's cultural infrastructure by aligning Federal, State, and local resources toward the enhancement of Iowa's quality of life. The Department is committed to investing in the people, places, and points of pride that define our state while preserving the stories of Iowa that celebrate our past and help inform our future.

### Description

The Department of Cultural Affairs has primary responsibility for development of the State's interest in the areas of the arts, history, and other cultural matters. In fulfilling this responsibility, the department is advised and assisted by its two divisions: the State Historical Society of Iowa and its board of trustees, and the Iowa Arts Council.

# Human Services Capital

## Mission Statement

The Mission of the Iowa Department of Human Services is to help individuals and families achieve safe, stable, self-sufficient, and healthy lives, thereby contributing to the economic growth of the state. We do this by keeping a customer focus, striving for excellence, sound stewardship of state resources, maximizing the use of federal funding and leveraging opportunities, and by working with our public and private partners to achieve results.

## Description

The Iowa Department of Human Services is a public expression of Iowa's desire for a stronger community. Working cooperatively with others, the Department of Human Services meets the unique needs of individuals who are experiencing personal, economic, social or health problems. The primary responsibilities of the department are to help and empower individuals and families to become increasingly self-sufficient and productive, and to strive to improve the well-being of all the people of the State of Iowa.

## Medicaid Technology

### Technology Reinvestment Fund

#### Appropriation Description

These funds are used for the technology upgrades and system replacement costs necessary to support Medicaid

claims and other health operations (MMIS), worldwide HIPAA claims transactions and coding requirements (HIPAA Version 5010/ICD-10), and the Iowa Department of Human Services automated eligibility system (ELIAS). Federal funds are also drawn into this appropriation.

## Public Defense Capital

### Mission Statement

Provide leadership, planning, coordination, and units and equipment to protect life and property and come to the aid of Iowans in a time of need, to preserve peace and order, and to insure public safety for the citizens of Iowa.

duty in support of the national military strategy during times of war and national emergency. The Iowa National Guard also participates in programs that constantly improve and add value to the communities of Iowa while serving as the embodiment of the citizen-soldier.

### Description

The Iowa Army and Air National Guard are part of the Iowa Department of Public Defense. Its 9,500 members are organized into approximately 100 federally-recognized organizations and units located in over 40 Iowa communities. The Guard is controlled by the Governor of Iowa during peacetime. Its units and members may be called to federal active

Adequate armories and training facilities are essential to training and maintaining combat-ready organizations and units to accomplish our state and federal missions. The Capitals account provides the funding for infrastructure major maintenance and the state's portion of new construction projects. The Iowa National Guard has over 400 armories and training support facilities with approximately 3.5 million square foot of space.

## Appropriations Detail

### Facility/Armory Maintenance (RIIF)

#### Rebuild Iowa Infrastructure Fund

#### Appropriation Description

The Facilities Improvement Fund provides state funding to match federal funds for Army National Guard Readiness

Centers. The fund is used for a variety of purposes that support the operations of the Iowa National Guard. Those include maintenance, repairs, and small renovation and addition projects. Priority is given to immediate or emergency needs such as boiler failures and roof leaks.

## Camp Dodge Infrastructure Upgrades

### Rebuild Iowa Infrastructure Fund

#### Appropriation Description

This funding provides infrastructure upgrades for Camp Dodge. This provides a match to federal funds to support

three Camp Dodge Readiness Centers and other National Guard state buildings. The fund is used for improvements and upgrades for infrastructure that includes natural gas, electric, phone, IT, water, sanitary and storm water systems.

## Camp Dodge Infrastructure Upgrades Financial Summary

# Regents Capital

## Mission Statement

Serving the people of Iowa, the Board of Regents: Governs and coordinates the activities of Iowa's three public universities and two special schools; Advocates for and exercises responsible stewardship of resources; Engages capable presidents and superintendents to ensure that the institutions apply knowledge to benefit Iowans; Communicates the positive impact and value of the Regent institutions to the state, its citizens and society. The Board expects the Regent institutions, in accordance with their respective missions, to: Provide a high-quality accessible education to all students, in concert with Iowa's other educational entities; Engage in high-quality research, scholarship, and creative activities to enhance the quality of life for Iowans and society in general; Provide needed public services; Support economic development in partnership with public and private sectors; and Demonstrate public accountability.

## Description

The Board of Regents was created in 1909 to coordinate and govern the three State institutions of higher education. The School for the Deaf and the Iowa Braille and Sight Saving School were placed under its jurisdiction at a later date. The board is given by statute the authority to "Have and exercise all the power necessary and convenient for the effective administration of its office and of the institutions under its control..." In addition, it is given many specifically enumerated powers. The Board of Regents consists of nine members appointed on a bi-partisan basis for six-year terms. The terms are staggered with three appointments being made every two years by the Governor with approval of two thirds of the Senate.

## Appropriations Detail

### SUI - Pentacrest Modernization

#### Rebuild Iowa Infrastructure Fund

#### Appropriation Description

Appropriations that would be used to design and construct this project include:

- \$3.4 million: FY 2023 Capital Request
- \$15.3 million: FY 2024 Capital Request
- \$12.1 million: FY 2025 Capital Request
- \$16.3 million: FY 2026 Capital Request
- \$43.6 million: FY 2027 Capital Request
- \$90.7 million: Total Capital Request for State Funds.

In 2007, the State of Iowa General Assembly approved \$13 million in bonding authority to restore these three buildings. The other two Pentacrest buildings, Old Capitol (1842) and Schaeffer Hall (1902), have been restored within the last 20 years. However, the historic 2008 floods caused those funds to be diverted to flooded campus buildings. Now that all

flood recovery is done, this is a re-activation of that 2007 request.

This three-building project would address all long-standing operational and programmatic obsolescence, including upgrades to all heating, cooling, ventilation, electrical and plumbing systems, not modernized in roughly 100 years.

The project would improve access for the mobility impaired, upgrade classrooms to current standards and provide new lighting and energy-efficient electrical systems. The building exteriors would be restored to retain their historical character. This project would also replace numerous inefficient HVAC systems with central, building-wide systems connected to the chilled water system.

The \$27 million in eliminated deferred maintenance is projected to rise to \$46 million in ten years.

Using university funds, the university would spend \$30 million to renovate University Capitol Center, Calvin Hall, Jefferson Building and other university spaces to accommodate all non-academic units currently on the Pentacrest.

### SUI - Pentacrest Modernization Financial Summary

## ISU - Vet Diagnostic Lab Addition

### Rebuild Iowa Infrastructure Fund

#### Appropriation Description

Appropriations and funds that would be used to design and construct this project include:

\$15.7 million: FY 2023 Capital Request

\$15.7 million: FY 2024 Capital Request

\$16.5 million: FY 2025 Capital Request

\$11.0 million: FY 2026 Capital Request

\$58.9 million: Total Capital Request for State Funds

\$1.0 million: private gifts

\$2.5 million: university funds

\$3.5 million: Total private or university funds

\$62.4 million: Total

The ISU Veterinary Diagnostic Laboratory (VDL) protects animal and human health. It advances Iowa's \$32.5 billion

dollar animal agriculture industry by providing timely, high quality and comprehensive veterinary diagnostic services, instruction and applied research to advance diagnostic and production animal medicine. The VDL has earned "Tier 1" status in the National Animal Health Laboratory Network for the major role it plays in surveillance for foreign animal and emerging diseases.

The VDL caseload has more than doubled in the last five years, which has exacerbated the critical shortage of functional and programmatically appropriate space. Deficiencies in space, functional layout and environmental infrastructure affect the ability of the VDL to serve Iowa's animal agriculture industry, and limit the VDL's ability to develop and incorporate new state-of-the-art diagnostic tools and techniques.

As the volume of diagnostic services, research and teaching continues to grow, the VDL program operates in poor space in the College of Veterinary Medicine Building, built in 1976, and in obsolete and unsuitable space in the Veterinary Medicine Research Institute (VMRI). Construction of a new, 142,140-gsf facility (VDL 72,540 gsf + VDL Addition 69,600 gsf) is required to accommodate the entire VDL operation.

## ISU - LeBaron/MacKay Complex

Rebuild Iowa Infrastructure Fund

\$57.4 million: Total

### Appropriation Description

Appropriations and funds that would be used to design and construct this project include:

\$10.8 million: FY 2023 Capital Request

\$10.8 million: FY 2024 Capital Request

\$10.8 million: FY 2025 Capital Request

\$32.4 million: Total Capital Request for State Funds

\$15.0 million: private gifts

\$10.0 million: university funds

\$25.0 million: Total private or university funds

Built in 1958, LeBaron Hall has not been significantly renovated since its original construction. Over half of the College of Human Sciences resides in a four-building complex on central campus, which includes LeBaron and MacKay, along with Palmer Hall (2000) and Human Nutritional Sciences Building (1992).

Following comprehensive studies in 2014 and 2017, the need for additional College of Human Sciences space was revealed based on new programs, increased College of Human Sciences enrollment and changing classroom needs. MacKay Hall was included due to its deteriorated condition. Study findings included outdated accessibility, mechanical systems, air distribution, plumbing, electrical, data systems, restrooms, elevators and wayfinding.

## ISU - Student Innovation Center

### Rebuild Iowa Infrastructure Fund

#### Appropriation Description

One of the University's great strengths is student-centered learning, found in both the classroom and through interdisciplinary student organizations. Project-based, student leadership experiences differentiate the University from other collegiate programs; interdisciplinary student organizations also provide value-added educational and personal development experiences.

The proposed 175,000 gross square foot facility would support fabrication, large-scale, student interaction, hands-on and discovery-based learning, and co-curricular activities for the Colleges of Engineering and Design, while providing for potential collaboration with multiple other disciplines. This Center would be a highly flexible, technology-rich, dynamic space with extended access, technical support and centralized equipment facilities. It would encourage experi-

mentation, innovation and interdisciplinary investigation. Cooperative, problem-driven teams would communicate and collaborate with peers and colleagues; this would occur both formally and informally, face-to-face and virtually. The physical environment would allow students to develop a depth of knowledge in a specific area, as well as the breadth of skills in different, but related areas. The experiences could be translated into real-world opportunities for economic development and practical application in the workplace.

The Center would also be a focal point for industrial collaborations through student organizations, capstone design courses, and industry-sponsored projects and design competitions.

The \$40 million ask from the state (over four fiscal years) would be combined with \$40 million in private funds for an \$80 million total project.

## ISU - Veterinary Diagnostic Laboratory

### Rebuild Iowa Infrastructure Fund

#### Appropriation Description

As the only full-service and fully accredited veterinary diagnostic lab in the state of Iowa, the ISU Veterinary Diagnostic Laboratory (VDL) serves to protect animal and human health. It advances Iowa's \$17 billion dollar animal agriculture industry while teaching and conducting research.

VDL faculty and technical staff have grown from 11 faculty and 20 staff in 1976 to 25 faculty and 120 staff today. The VDL team processes more than 75,000 diagnostic case submissions and conducts more than 1.2 million diagnostic assays each year. Current space, functional layout, and building environmental systems have a serious negative impact on VDL's ability to serve efficiently.

These growth and space issues affect the lab's ability to incorporate new technologies, ensure separation of incompatible activities, and respond to the risk of disease outbreak.

With the exception of the addition of BSL-3 lab space in 2004, VDL's existing footprint and infrastructure have not changed since it was occupied in 1976. This project would address mechanical, ventilation, plumbing, electrical, data, and life safety issues. In addition, the neutralization/disposal of infectious agents, test samples, and animals must be considered in the design of the new facility.

The following appropriations would be used to construct this new facility:

\$20.0 million: FY 2019 Capital Request

\$20.0 million: FY 2020 Capital Request

\$20.0 million: FY 2021 Capital Request

\$20.0 million: FY 2022 Capital Request

\$20.0 million: FY 2023 Capital Request

\$100.0 million: total

In addition to these state funds, the University anticipates receiving \$20.0 million in gifts and utilizing \$4.0 million in University funds for a grand total of \$124 million.

## ISU - Veterinary Diagnostic Laboratory Financial Summary

## ISD - Long Hall Renovation

### Rebuild Iowa Infrastructure Fund

#### Appropriation Description

J. Schuyler Long Hall, built in 1930, serves as the high school and middle school building. This 88-year-old building has had an inefficient building envelope, mechanical and electrical systems for a number of years. Ventilation and air circulation is also inadequate.

The project would replace the heating and air conditioning systems (window units), upgrade the electrical system including new lighting and power, install a new fire suppres-

sion system, address issues with tuck pointing of the brick and mortar, replace the leaky windows and renovate classrooms to accommodate the needs of deaf and blind students. There are environmental issues such as water seeping into the walls and around windows, creating water damage and mold within the building.

The following appropriations would be used to construct this project:

\$4.325 million: FY 2020 Capital Request

\$4.325 million: Total Capital Request for State Funds

## ISD - Long Hall Renovation Financial Summary

## ISD - Girls Dormitory HVAC / Electrical

### Rebuild Iowa Infrastructure Fund

#### Appropriation Description

Appropriations that would be used to design and construct this project include:

\$5.1 million: FY 2023 Capital Request

\$5.1 million: Total Capital Request for State Funds

Built in 1961 (south half) and 1971 (north half), ISD's Girl's Dormitory is a three and four-story residence hall near ISD's main entrance. It houses 35 female students ages 5 to 18 year-round and includes two institutional departments: the Health Center and Audiology. The dormitory, the Health Center and Audiology would all be renovated in this project.

The fire detection system needs to be upgraded to adequately notify blind, visually impaired, deaf, hard of hearing or deaf/blind students, faculty, staff and visitors. The HVAC (heating, ventilation and air conditioning) systems in the ISD Girl's Dormitory are inefficient and have reached the end of their useful lives. While the Health Center, Audiology and student lounges are air conditioned by window units, the sleeping quarters for the 35 girls are not air-conditioned. Updating the HVAC would require simultaneous enhancements to the electrical system, including new lighting and electrical power.

In addition, the 58-year-old brick exterior walls have water and air infiltration issues, making the existing HVAC systems work even harder, diminishing the comfort of the residents and making the entire building less energy efficient.

## ISD - Girls Dormitory HVAC / Electrical Financial Summary

## UNI - Industrial Technology Center Modernization

### Rebuild Iowa Infrastructure Fund

#### Appropriation Description

Appropriations and funds that would be used to design and construct this project include:

\$1.0 million: FY 2021 Capital Request\*

\$15.9 million: FY 2022 Capital Request

\$22.8 million: FY 2023 Capital Request

\$38.7 million: Total Capital Request for State Funds

\$4.2 million: private gifts

\$42.9 million: Total

\*\$1 million already appropriated by the 2019 General Assembly for FY 2021 for preliminary design.

Built in 1974, the Industrial Technology Center (ITC) is now programmatically obsolete, undersized and does not meet the 21st century demands of its educational programs. The proposed project would expand the facility by nearly 48,000 gross square feet and renovate just over 52,000 gross square feet.

The ITC project would greatly enhance UNI's ability to prepare teachers in STEM disciplines and to educate over 500 students in the fields of Construction Management, Electrical Engineering Technology, Graphic Technologies, Manufacturing Technology, Technology Education, Technology Management and Graduate Programs. These programs are designed to prepare students to meet the needs of Iowa's workforce and to provide broad experience in technology, construction and manufacturing.

The Industrial Technology Center project aligns well with the Iowa Department of Education's Initiative Career and Technical Education (CTE) program, which develops teachers to teach secondary school students, and educate the workforce in industrial and construction fields. Industrial and construction fields have become increasingly important to the economic development of the state of Iowa.

## IPR - Replace Transmission Equipment

Rebuild Iowa Infrastructure Fund

### Appropriation Description

Appropriations that would be used to design and construct this project:

\$1.2 million: FY 2023 Capital Request

\$1.2 million: Total Capital Request for State Funds

WOI-FM transmitter, transmission line and antenna: \$875,000 of the \$1,200,000:

This project would replace the antenna and transmission system for WOI-FM, owned by and licensed to Iowa State University. WOI-FM is the main signal for the Iowa Public Radio network in the Des Moines/Ames area and is an essential hub for IPR's statewide network. Originating in

Ames, the signal serves 60,600 listeners in 15 counties in central Iowa each week with news, information and cultural programming.

Portions of WOI-FM's main transmitter system are 25 years old. The associated analog-only backup system is 40 years old. The WOI-FM transmission line and antenna are also over 20 years old with obsolete transmission line clamps. The usual life of a transmission system is 15-20 years.

KSUI-FM transmission line and studio-to-transmitter link: \$325,000 of the \$1,200,000:

This part of the project would replace the transmission line and studio-to-transmitter link for KSUI, owned by and licensed to the University of Iowa. KSUI is IPR's largest classical radio signal, serving 48,000 listeners in 13 counties in eastern Iowa.

## Deferred Maintenance - Fire and Environmental Safety

### Rebuild Iowa Infrastructure Fund

#### Appropriation Description

Appropriations that would be used to design and construct multiple projects include:

\$30.0 million: FY 2022 Capital Request

\$20.0 million: FY 2023 Capital Request

\$20.0 million: FY 2024 Capital Request

\$20.0 million: FY 2025 Capital Request

\$10.0 million: FY 2026 Capital Request

\$100.0 million: Total Capital Request for State Funds.

For FY 2021, Regent institutions report \$1.24 billion in outstanding deferred maintenance in General Education Fund buildings and utilities. The average building is 42 years old. Multiple building systems have reached their end of life milestones, especially those built in the 1960's and 1970's.

For FY 2021, Regent institutions report \$9.2 million in outstanding fire safety projects in General Education Fund buildings and utilities. The State Fire Marshal's office and/or authorized staff at the institutions inspect Regent facilities for fire and environmental safety issues every one or two years.

The Regents have 50% more state-funded square footage than DAS.

Since 1990 and especially in the wake of the Great Recession of 2009, US birthrates have declined dramatically resulting in fewer young people moving through the educational system. In addition, state and institutional funds are scarce, especially in the wake of the 2020 coronavirus and derecho.

Combined with intellectual, financial and human resources, facilities are a primary asset of higher education institutions.

# State Fair Authority Capital

## Mission Statement

The mission of the Iowa State Fair Authority is to acquire funding, in addition to that resulting from operations and private contributions, for the renovation and preservation of the Iowa State Fairgrounds listed on the National Register of Historic Places.

## Description

The Iowa State Fair Authority is established as a public instrumentality of the state. The Authority is not an agency of state government; however, it is considered a state agency for the purposes of various administrative regulations. The law provides that all operating expense, maintenance, salaries, costs of entertainment, etc., shall be paid out of Fair revenue. No tax money is used. Legislative appropriations are used only for capital improvements or repair.

## Laundry Renovation

Rebuild Iowa Infrastructure Fund

### Appropriation Description

This appropriation will replace the aging campus laundry facility at the Iowa Veterans Home with a new stand-alone

facility. The new facility allows the separation of laundry operations from resident-occupied spaces. The State will be reimbursed 65 percent of total costs by the VA Federal Grant.

## Enterprise Funds

### Fund Description

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private busi-

ness enterprises where the intent of the governing body is that the costs of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges. And where the governing body has decided that periodic determination of revenue earned, expenses incurred, and/or net income is appropriate.

## Agency Funds

### Fund Description

These are trust funds used to account for assets held by a governmental unit in a trustee capacity or as an agent for

individuals, private organizations or other governmental units. These funds are usually held only until the funds can be dispersed to the appropriate individuals, private organizations or other governmental units.
