# Governor's Office of Drug Control Policy

## Mission Statement

To coordinate substance use related criminal justice resourcing and policy development.

## Description

The Office of the Drug Policy Coordinator, established in Chapter 80E of the Code of Iowa, directs the Governor's Office of Drug Control Policy (ODCP); coordinates and monitors all statewide counter-drug efforts, substance abuse treatment grants and programs, substance abuse prevention and education programs; and engages in other related activities involving the Departments of public safety, corrections, education, public health and human services. The coordinator assists in the development of local and community strategies to fight substance abuse, including local law enforcement, education, and treatment activities. The Drug Policy Coordinator serves as chairperson to the Drug Policy Advisory Council, which includes the directors of the

Departments of corrections, education, public health, public safety, human services, division of criminal and juvenile justice planning, and human rights, a prosecuting attorney, substance abuse treatment specialist, substance abuse prevention specialist, substance abuse treatment program director, judge, and one representative each from the Iowa Association of Chiefs of Police and Peace Officers, the Iowa State Police Association, and the Iowa State Sheriff's and Deputies' Association. The council makes policy recommendations related to substance abuse education, prevention, treatment, and drug enforcement. The Council and the Coordinator oversee the development and implementation of a comprehensive Statewide Drug Control Strategy. The ODCP administers federal grant programs to improve the criminal justice system by supporting drug enforcement, substance abuse prevention and offender treatment programs across the state. The ODCP prepares and submits the Iowa Drug and Violent Crime Control Strategy, provides technical assistance to state and local agencies, as well as program evaluation and grants management.

## Human Rights, Department of

### Mission Statement

The Department of Human Rights ensures basic rights, freedoms and opportunities for all by empowering underrepresented Iowans and eliminating economic, social and cultural barriers. We help individuals attain economic independence by ensuring access to government services and advancing educational achievement and entrepreneurial success consistent with their aspirations.

- Alleviate the effects of poverty, underrepresentation and bias by expanding the capacity of communities and community based organizations to meet the needs of underrepresented populations.

- Provide and support programs and services that encourage economic self-sufficiency or underrepresented populations.

- Provide accurate and objective research and statistics to inform better decisions about underrepresented populations.

### Description

The Department of Human Rights (DHR) is comprised of three divisions: Community Action Agencies; Community and Advocacy Services and Criminal and Juvenile Justice. Together, these divisions:

- Expand knowledge, understanding and opportunities for underrepresented populations by providing relevant information to influence decisions.

The Department also includes the DHR Board, which approves the Department's strategic plan and budget, and 13 other boards and commissions. These boards and commissions are comprised of more than 180 gubernatorial appointees who provide technical expertise, policy recommendations, program development and assistance, and advocacy for the populations they represent.

### Performance Measures

## Appropriations Detail

### Human Rights Administration

#### General Fund

#### Appropriation Description

This appropriation funds the centralized administrative operations of the department, where the office of the Director is located. Central Administration supports DHRs divisions and promotes its programs and services; maintains fiscal accountability for all funds received by the depart-

ment; manages personnel and processes payroll; coordinates purchasing activities; prescribes policy and administrative rules; leads the department communications and public information efforts; represents the department before the legislature and executive branch.

In addition to appropriated dollars, funds are generated by charging of indirect rates in accordance with our federally approved indirect cost plan.

The funds in this appropriation are spent on administration of the agency.

## Community Advocacy and Services

### General Fund

#### Appropriation Description

The appropriation enables Community Advocacy and Services (CAS) to offer programs, education and advocacy to serve underrepresented Iowans. CAS serves as a gateway, improving access to government services and other resources, enhancing youth leadership, building community connections, expanding language and communication

access across the state, and increasing civic engagement. CAS collaborates with other state agencies and community organizations to connect marginalized Iowans with needed programs, events, and information. CAS includes seven commissions, comprised of nearly 56 governor-appointed volunteers, working closely with each of the division's respective seven offices: Latino Affairs, Status of Women, Persons with Disabilities, Deaf Services, Status of African Americans, Asian and Pacific Islander Affairs and Native American Affairs.

## Criminal & Juvenile Justice

### General Fund

#### Appropriation Description

This appropriation funds the Division of Criminal and Juvenile Justice Planning (CJJP) to provide program development and data analysis to improve the operation and effectiveness of Iowa's justice system. Through research, data and policy analysis, planning and grant administration, CJJP helps state and local officials, and criminal and juvenile justice systems practitioners identify and address key justice system issues.

CJJP maintains a statistical analysis center to assist agencies in the use of criminal and juvenile justice data; provides a justice system information clearinghouse service to officials and the general public; and assists the criminal justice community with sharing information electronically among and between jurisdictions. CJJP also administers federal grant programs that fund local and state projects to prevent juvenile crime, provide services to juvenile offenders and improve Iowa's juvenile justice system. It carries out its duties with the guidance of the Iowa Criminal and Juvenile Justice planning Advisory Council, the Public Safety Advisory Board, the Iowa Juvenile Justice Advisory Council, and other boards and Councils.

## Infrastructure for Integrating Justice Data Systems TRF

Technology Reinvestment Fund

### Appropriation Description

The Criminal Justice Information System (CJIS) is the State of Iowa's electronic Criminal Justice data exchange system.

CJIS ties together many disparate Criminal Justice systems used by state agencies. CJIS connects systems located at the Department of Corrections, Department of Transportation, Department of Public Safety, State Courts, County Attorneys, Attorney General, and Secretary of State.

### Weatherization-D.O.E.

#### Fund Description

The Division of Community Action Agencies administers the federal Weatherization Assistance Program (WAP). The program reduces energy costs for low-income persons, particularly the elderly, disabled, and families with children

by improving the energy efficiency, health and safety of their homes. Sources of funds include U.S. Department of Energy and three contracted utility companies. The program is administered through contracts with seventeen local community action agencies and one county (Polk) serving all 99 counties in Iowa.

## Justice Assistance Grants

### Fund Description

Multiple grants and agreements support the work of the Division of Criminal and Juvenile Justice Planning, including research, evaluation, and adult and juvenile justice programming such as disproportionate minority contact and juvenile re-entry.

Major funding sources include U.S. Department of Justice, Iowa Departments of Human Services, Corrections, and Public Health. Expenditures in this fund are governed by grant, contract or other agreements.

## Low Income Energy Assistance

### Fund Description

The Division of Community Action Agencies administers the federal Low Income Home Energy Assistance Program

block grant from the US Department of Health and Human Services. The program is designed to provide assistance to low income Iowans in paying a portion of their utility bills. It is administered through contracts with seventeen local community action agencies serving all 99 counties in Iowa.

## CSBG - Community Action Agency

### Fund Description

The Community Services Block Grant (CSBG) is funded by the U.S. Department of Health and Human Services for the operation of a state-administered network of local community action agencies to reduce poverty, revitalize low-

income communities, and empower low-income families to be self-sufficient. The Iowa Department of Human Services provides funding for Family Development and Self-Sufficiency (FaDSS) to serve Iowa families that are receiving Family Investment Program (FIP) assistance and at risk of long-term economic and family instability.

# Human Services, Department of

## Mission Statement

The mission of the Iowa Department of Human Services is "To help Iowans achieve healthy, safe, stable, and self-sufficient lives through the programs and services we provide."

professional conduct. We maximize the use of resources and use data to evaluate performance and make informed decisions to improve results. We work collaboratively with customers, employees, and public and private partners to achieve results.

## Description

### Vision

The Iowa Department of Human Services makes a positive difference in the lives of Iowans we serve.

Our guiding principles are Customer Focus, Excellence, Accountability and Teamwork. We listen to and address the needs of our customers in a respectful and responsive manner that builds upon their strengths. Our services promote meaningful connections to family and community. We are a model of excellence through efficient, effective, and responsible public service. We communicate openly and honestly and adhere to the highest standards of ethics and

### Core Services & Operations

The Department of Human Services (DHS) provides services to nearly one million Iowans on an annual basis. DHS' core services and strategic goals are centered on:

- Improving Iowans' health status
- Promoting Iowans' behavioral and disabilities health status
- Improving safety, well-being and permanency for Iowa's children
- Improving Iowans' employment and economic security, and
- Efficiently managing resources.

## Appropriations Detail

### General Administration

#### General Fund

#### Appropriation Description

This appropriation provides funding for the operations of the Department. The primary source of revenue is the state

appropriation. The unit also receives federal support based on cost allocation. Additional revenues include transfers from other funds/ appropriations and refunds/reimbursements. Expenditures consist primarily of payroll and travel costs, office supplies, equipment, contractual service contracts and data processing expenses.

## Field Operations

### General Fund

### Appropriation Description

The Field Operations staff directly and indirectly support the delivery of the department's protective, case management

and basic support services and provider support services through five service areas and a centralized services area. The Bureau of Refugee Services, also included in Field Operations, provides key relocation support to new families to facilitate their entry into American life.

## Child Support Recoveries

### General Fund

#### Appropriation Description

All states participating in the FIP/TANF and IV-E foster care programs must have a child support recovery program. CSRU locates staff across the State to ensure compliance with Federal and State requirements for establishment and enforcement of child and medical support. Funding for these services is provided at both the state and federal level. The State's required match for operating costs of the program is 34%. The primary expenditures from this account are payroll, travel costs, contractual services, and refunds to other programs (FIP, Foster Care, Medicaid).

CSRU establishes paternity in out-of-wedlock births so that two parents are legally responsible for the children, as well as establishing child support and medical orders, which creates the legal authority to collect support and enforce health insurance for children. Collections for public assistance families are assigned to the State to help reimburse taxpayer costs. Customers can apply to have child and medical support orders modified. There are also limited special services to facilitate access and visitation and other parental activities to address barriers to the payment of support.

#### Child Support Recoveries Financial Summary

## Local Administrative Costs

### General Fund

### Appropriation Description

This account provides reimbursement to counties for situations in which the DHS local office and the County share

office space. This account provides a means of disbursement for the Federal Share of administrative costs to the local offices for operating expenses. The counties send a claim to DHS for their share of the costs. The only source of income is Federal Funding.

## Eldora Training School

### General Fund

### Appropriation Description

The State Training School at Eldora, designated in Chapter 233A of the Code of Iowa, is a 130-bed facility to which youth are court ordered. Juvenile Court Officers manage the

admissions through the allocation of beds to each judicial district. The State Training School receives only male adjudicated delinquent youth. Treatment and educational services are designed to maximize the students' ability to learn while addressing behavioral and psychological needs. The State Training School at Eldora is largely funded by state general funds with a small amount of funding from other sources.

## Civil Commitment Unit for Sexual Offenders

### General Fund

### Appropriation Description

The CCUSO program is established by Chapter 229A of the Code of Iowa which describes the civil commitment process

for sexually violent predators. The court system, through a bench or jury trial, orders persons to be civilly committed and admitted to CCUSO. CCUSO is a secure facility located in Cherokee and provides highly specialized, extended-term treatment designed to address the identified mental abnormality of the patients ordered to be committed to the program. CCUSO is funded by state general funds.

## Cherokee MHI

### General Fund

### Appropriation Description

The Cherokee Mental Health Institute (MHI), designated in Chapter 226 of the Code of Iowa, provides inpatient psychiatric treatment, training, care, mental health habilitation, and support of people with mental illness. In addition, the Cher-

okee MHI provides evaluation and treatment for people committed to DHS under Chapter 812, Code of Iowa, who have been charged with a crime to determine competency to stand trial and who are not qualified for pre-trial release or will not seek evaluation and treatment on their own. The Cherokee Mental Health Institute is largely funded by state general funds with a small amount of funding from other sources.

## Independence MHI

### General Fund

### Appropriation Description

The Independence Mental Health Institute (MHI), designated in Chapter 226 of the Code of Iowa, provides inpatient psychiatric treatment, training, care, mental health habilitation, and support of people with mental illness. In addition,

the Independence MHI provides evaluation and treatment for people committed to DHS under Chapter 812, Code of Iowa, who have been charged with a crime to determine competency to stand trial and who are not qualified for pre-trial release or will not seek evaluation and treatment on their own. The Independence Mental Health Institute is largely funded by state general funds with a small amount of funding from other sources.

## Glenwood Resource Center

### General Fund

### Appropriation Description

The Glenwood Resource Center (GRC) is established in Chapter 222 of the Code of Iowa and is licensed as an Inter-

mediate Care Facility for individuals with Intellectual Disabilities (ICF/ID). GRC is funded primarily by state general funds and federal Medicaid funds with additional funding from other sources. The state appropriation allows GRC to continue to serve individuals who are Medicaid-eligible by providing the non-federal share of the per diem.

## Glenwood Resource Center Financial Summary

## Woodward Resource Center

### General Fund

### Appropriation Description

The Woodward Resource Center (WRC) is established in Chapter 222 of the Code of Iowa and is licensed as an Inter-

mediate Care Facility for individuals with Intellectual Disabilities (ICF/ID). WRC is funded primarily by state general funds and federal Medicaid funds with additional funding from other sources. The state appropriation allows WRC to continue to serve individuals who are Medicaid-eligible by providing the non-federal share of the per diem.

## Family Investment Program/JOBS

### General Fund

#### Appropriation Description

This appropriation includes federal revenue from the TANF block grant, the state share of Child Support collections, recoupments, and some federal matching funds. It funds FIP cash assistance to support low-income families with children and programs to provide services to help them become self-sufficient. The PROMISE JOBS program provides

training, education, and employment services to FIP families; the Family Development and Self-Sufficiency (FaDSS) program provides case management services to FIP families with multiple and/or severe self-sufficiency barriers; and the Family Self-Sufficiency Grants (FSSG) provides payment for goods and services to address barriers to employment. In addition, this appropriation provides the state share for Food Assistance EBT, Food Assistance Employment & Training, shared Technology costs for assistance programs, and state funds for the Fatherhood Initiative and Earned Income Tax Credit promotion grant.

## State Supplementary Assistance

### General Fund

#### Appropriation Description

This appropriation provides funding for the State Supplementary Assistance (SSA) program. The SSA program is funded strictly with state dollars. The SSA program assists

individuals who meet all Supplemental Security Income (SSI) eligibility requirements and whose income is insufficient to pay for certain special needs. In Iowa, these needs are defined as residential care, family life homes, in-home health-related care, dependent person, mandatory supplement, blind and supplement for Medicare and Medicaid eligibles.

### State Supplementary Assistance Financial Summary

## Medical Assistance

### General Fund

### Appropriation Description

The Medical Assistance Program is funded with federal, state and local money. Medical Assistance (Medicaid) provides health care coverage for Iowans - needy families with children, persons with disabilities, the elderly and preg-

nant women so they can live healthy, stable and self-sufficient lives. The program includes mandatory services and mandatory eligibles, as well as optional services and optional eligibles. The main type of expenditures made is for services provided to recipients and managed care capitation payments. In addition to federal, state and local money; third party liability, estate recoveries, recoupments, and drug rebates provide revenues to help offset expenditures.

## Children's Health Insurance

### General Fund

### Appropriation Description

The Children's Health Insurance Program (CHIP) and the Medicaid program are the Department's primary programs to ensure that all children in the State have health and dental care coverage. CHIP is funded with federal and state money.

CHIP is administered under Title XXI of the Social Security Act and covers a comprehensive range of health and dental services for Iowa's children who meet the program's eligibility criteria. The main type of expenditures made is for services provided to recipients and managed care capitation payments. In addition to federal and state and local money; third party liability, estate recoveries, recoupments, and drug rebates provide revenues to help offset expenditures.

## Health Program Operations

### General Fund

### Appropriation Description

This appropriation is used to fund the administrative activities needed to support the Medical Assistance program. An

appropriation from the Pharmaceutical Settlement Account is typically also used in combination with this appropriation along with federal matching funds ranging from 50 to 90%. The primary payments made from this account are the costs of contracts for these administrative activities.

## Volunteers

### General Fund

### Appropriation Description

This appropriation funds the development and coordination of volunteer assistance in DHS Service Areas to enhance services provided to Iowans who experience personal

economic and social problems in order to relieve their constraining conditions and enhance their individual productivity.

The Volunteers Program is funded with both state dollars and federal dollars, primarily from the SSBG funding stream.

## Child Care Assistance

### General Fund

### Appropriation Description

The Child Care Assistance appropriation supports families in achieving and maintaining self-sufficiency, to ensure children are cared for in settings that meet minimum health and safety standards, and to promote high quality child care services.

Funding includes the general fund appropriation, federal Child Care and Development Fund (CCDF) and federal TANF funds. The main type of expenditure is state aid to the day care facilities for the care of these children. In addition, this appropriation supports the regulation of child care providers and quality improvement initiatives.

## Adoption Subsidy

### General Fund

### Appropriation Description

This appropriation is used for maintenance and service for children with special needs who have been adopted. Funds can also be used for recruitment activities and attorney general staff for termination of parental rights and appeals.

In addition to state funds, federal Title IV-E funds are used for adoption maintenance for eligible children, administration, training, and the federally required reinvestment of adoption savings. A determined amount of the appropriation is transferred to Child and Family Services and Decat to be spent for the purposes stated above. The only expenditures paid directly from this appropriation are expenditures for the federally required reinvestment of adoption savings.

## Child and Family Services

### General Fund

#### Appropriation Description

The Child and Family Services appropriation provides funds for services to children and families and for activities to support those services. In addition to state funds, funding includes Title IV-E, Title IV-B Part I and II, SSBG, and TANF federal funds; child support recoveries, and governmental income (SSI/SSA). Services are designed to strengthen families to protect children who have been abused or are at risk of abuse, to prevent out-of-home placement, to provide temporary foster care for children unable to remain in their homes, and to provide services to rehabilitate and hold accountable youth adjudicated delinquent or at risk of delinquency.

Child welfare services include family foster care, group care, independent living for youth age 16 and older, Preparation for Adult Living Services (PALS) for youth who have

aged out of foster care, shelter care, family centered services, promoting safe and stable families (PSSF), and decategorization services. Activities designed to support these services include funding medical exams conducted during child abuse assessments and the 24-hour child abuse hotline, recruitment, retention, training, and support (RRTS) of resource families, child welfare training, foster parent training, and foster parent insurance. Grants for system of care and for autism programs are also funded in this appropriation.

Services targeted specifically to the delinquent population include court ordered services, juvenile drug courts, and the graduated sanctions programs.

Activities required in order to receive federal funding include the child welfare information system (CWIS) to track payments eligible for federal funding and comply with federal reporting requirements, SSI contract to maximize funding for eligible children placed in foster care.

## Decategorization

### General Fund

#### Appropriation Description

Decategorization is a program designed to reduce the number of children placed in out-of-home care and promote development of community-based services. The program is required to be budget neutral and projects are permitted to carry forward unspent funds into the next two (2) fiscal years to invest in preventive services.

Decat is funded primarily through transfers from the appropriation for Child and Family Services, (including a \$1.7 million direct allocation). DECAT provides services based on client needs rather than through a multitude of programs and different requirements for eligibility. The Decat program is used in all 99 counties. The traditional funding streams for foster care and juvenile justice are consolidated

into a single child welfare fund and are not restricted by individual funding levels. The fund is composed of all or part of the amount that would be used on behalf of county residents for family centered services, court ordered and delinquency services, and foster care. The main expenditures from this account include contractual services and state aid. (Note: State funds for DHS core programs, listed above, are transferred to the DECAT appropriation at the beginning of the fiscal year and core services are paid from this appropriation. The unspent balance of state funds at the end of the fiscal year is eligible for transfer to local DECAT boards.)

The Decategorization (DECAT) appropriation does not receive any appropriated state dollars directly. All funding provided to DECAT, including the \$1.7M DECAT services allocation, is appropriated to the Child and Family Services appropriation. Funding for the \$1.7M DECAT allocation and for services managed by DHS service area managers, is transferred to the DECAT appropriation.

## Decategorization Financial Summary

### MI/MR/DD Case Management

#### Fund Description

This account receives reimbursements for case management services from the Medicaid program. Funds are used for DHS Case Management Unit operations and are spent

directly out of the fund. At the end of the fiscal year, a cost settlement may be conducted on the Fee For Service business based on the actual reimbursements and costs incurred.

## Health Care Facility Fines

### Fund Description

This fund will be used for federal civil money penalties

collected by the State from health care facilities that are out of compliance with Medicaid certification. Payments are spent directly out of this fund.

## Health Care Facility Fines Detail

## Child Abuse Project

### Fund Description

The Child Abuse Grant is funded with federal dollars. There are two grants; one for quality child abuse investigation and treatment services and to ensure medically fragile infants are

properly safeguarded. The second offers funding for prevention of child abuse. All funds are transferred to the Iowa Chapter of the National Committee for the Prevention of Child Abuse (NCPCA) through a contractual agreement, for development of programs focusing on the prevention of child abuse. Funds are spent directly out of the fund.

## Community Mental Health Block Grant

### Fund Description

The CMHSBG is a federal grant classified in the Special Grants Awards. The Special Grants Awards is funded with federal dollars. The purpose of this grant is for use in

providing certain types of alcohol, drug abuse, and mental health prevention, treatment, and rehabilitation services. Payments are made to Mental Health Centers for reimbursement for the cost of providing these services. Funds are spent directly out of the fund.

## IV-E Independent Living Grant

### Fund Description

The Independent Living Grant is funded with Federal Funding. It provides services to youth including training, counseling, living, vocational and educational skills.

Services are to help youth make the transition from foster care to independence. Also for 2 staff positions (program development and clerical positions and Independent Living specialists). The funds are for training materials and specialized training for DHS staff, travel costs, and supplies. Funds are spent directly out of the fund.

## Hospital Health Care Access Trust

### Fund Description

A hospital health care access trust fund is created in the state treasury under the authority of the Department of Human Services per Code 249M.4. Moneys received through the collection of the hospital health care access assessment

imposed under Code 249M and any other moneys specified for deposit in the trust fund shall be deposited in the trust fund. Moneys in the trust fund shall be used to reimburse participating hospitals the medical assistance program upper payment limit for inpatient and outpatient hospital services as well for other uses as defined by Code 249M. The funds paid out of the trust fund are appropriated.

## Woodward Warehouse Revolving Fund

### Fund Description

The Woodward Warehouse, also known as the Central Distribution Center, buys goods in bulk and stores and

distributes the goods to various State facilities, including DOC and DHS. Revolving fund receipts consists of State facility reimbursements for goods purchasing. Receipts over the goods purchase cost are used to cover the costs of storage, distribution, personnel, and other Central Distribu-

tion Center operational costs. Funds are spent directly out of the fund.

## Quality Assurance Trust Fund

### Fund Description

A Quality Assurance Trust Fund is created in the state treasury under the authority of the Department of Human Services per Code 249L.4. Moneys received through the collection of the nursing facility quality assurance assess-

ment imposed under Code 249L and any other moneys designated shall be deposited in the trust fund. Moneys in the trust fund shall be used only for reimbursement of services for which federal financial participation under the medical assistance program is available to match state funds including nursing facilities. The funds paid out of this fund are appropriated.

## Child Care Facility Fund

### Fund Description

This fund receives the child care regulatory fees for licensing child care providers, transfers of record check savings, and interest income earned. Moneys credited to the fund shall not revert to any other fund and are not subject to

transfer except as specifically provided by law. Moneys in the fund are annually appropriated to the Department of Human Services to be used for staffing dedicated to monitoring and regulation of child care facilities, contracting, related technology costs, record checks, grants, fee waivers, and other expenses for the inspection and regulation of child care facilities. Expenditures are paid directly out of the fund.

# Inspections & Appeals, Department of

## Mission Statement

**OPERATIONAL DIVISIONS:** To achieve compliance through education, regulation, and due process for a safe and healthy Iowa. **CHILD ADVOCACY BOARD:** Advocating for the protection of Iowa's children and improvement of the child welfare system. **EMPLOYMENT APPEAL BOARD:** A quasi-judicial state agency legislatively mandated to hear and decide contested cases under chapter 8A, subchapter IV, and chapters 80, 88, 91C, 96 and 97B and provide timely adjudication on matters under their review. **RACING & GAMING COMMISSION:** Administer the laws and rules on pari-mutuel wagering at racetracks and gambling at excursion gambling boats, gambling structures and race-track enclosures to protect the public and to assure the integrity of licensed facilities and participants. **STATE PUBLIC DEFENDER:** Ensuring high-quality & efficient representation for indigent persons in Iowa.

## Description

The Department of Inspections and Appeals (DIA) is a multi-faceted agency charged with protecting the health, safety and well-being of Iowans. The agency is responsible for the regulation of health care providers and suppliers, restaurants and grocery stores, social and charitable gambling operations, hotels and motels, pari-mutuel race-tracks, and excursion boat gambling locations. Department staff investigates alleged fraud in the State's public assistance programs and conducts contested case hearings to settle disputes between Iowans and various state government agencies. The Department advocates for abused and neglected children through the court-appointed advocacy program and local citizen foster care review board program. The Department provides legal representation to indigent persons accused in juvenile and criminal cases.

## Employment Appeal Board

### General Fund

### Appropriation Description

The purpose of the Employment Appeal Board is to timely adjudicate the rights and duties of workers and employers

under unemployment laws and final resolution of contested OSHA cases. The Board serves as the final administrative law forum for unemployment benefit appeals. The Board also hears appeals of rulings of the Occupational Safety and Health Administration (OSHA).

## Administrative Hearings Div.

### General Fund

### Appropriation Description

The purpose of the Administrative Hearings Division is to afford citizens with due process for adverse actions taken by

state agencies. The Administrative Hearings Division conducts quasi-judicial contested case hearings involving Iowans who disagree with an administrative ruling issued by a state government agency. The Division issues a proposed decision subject to final review by the director of the agency involved in the contested case proceeding.

## SPD Application(CRS,OLS, iDOCIT) Enhancements-0943, TRF

Technology Reinvestment Fund

### Appropriation Description

The purpose of the appropriation is to provide funding to develop the Claims Recovery System (CRS), Online

Submission (OLS) or Indigent Defense Online Case Information Tracking (iDOCIT) applications for the State Public Defender's Office. The development of such systems modernize and improve paper-based claim process, improve the audit process for claims paid to contract attorneys, and better monitor and track the thousands of cases handled by the Public Defender System.

# Iowa Ethics & Campaign Disclosure Board

## Mission Statement

To promote the public's trust and confidence in government in a non-partisan manner by ensuring the integrity of political campaigns, the ethical standards for employees in the executive branch of state government, and the lawful conduct of executive branch lobbyists.

## Description

The Board serves the public and the regulated community by administering the campaign finance laws in Iowa Code chapter 68A as applied to state and local campaigns for public office and ballot issues and by administering the ethics and lobbying laws in Iowa Code chapter 68B as

applied to executive branch officials, employees, candidates for statewide office, and executive branch lobbyists. Oversees filing of gift, bequest, and grant reports by state agencies. Provides advice to local governmental officials and employees on the application of the ethics laws. Provides forms, educational materials, and conduct training presentations on all applicable laws. Receives and audits for compliance campaign disclosure reports, executive branch lobbyist and client reports, session reception reports, and executive branch personal financial disclosure reports. Makes available for public viewing on the Internet every report filed with the Board. Receives and investigates complaints, hold hearings, and imposes sanctions concerning the campaign finance, ethics, and lobbying laws.

## Appropriations Detail

### Iowa Ethics & Campaign Disclosure Board

#### General Fund

#### Appropriation Description

The appropriation funds administration, audit and compliance and ethics divisions of the Iowa Ethics and Campaign

Disclosure Board. The Board strives to provide education and guidance to candidates and entities under the Board's jurisdiction through its Web site, presentations, and advice so that accurate reports are filed and available to the public. The Board strives to enforce statute and rules in a fair and consistent non-partisan manner. Enforcement should not discourage individuals from being involved in the political process or state government. The Board seeks to provide easy accessibility to the reports and statements filed.

# Iowa Finance Authority

## Mission Statement

To finance, administer, advance and preserve affordable housing and to promote community and economic development for Iowans.

## Description

The Iowa Legislature created the Iowa Finance Authority in 1975 to undertake programs to assist in the attainment of housing for low- and moderate-income Iowans. A self-supporting instrumentality of the state, IFA issues tax-exempt mortgage revenue bonds to support its operation. Over the years, the Legislature has broadened IFA's duties to include Title Guaranty and financing water and wastewater infrastructure projects.

## State Housing Trust Fund

### Fund Description

Iowa Code requires 60 percent of available funds in the State Housing Trust Fund (SHTF) be awarded to Local Housing Trust Funds (LHTF) and 40 percent awarded to specific affordable housing projects.

IFA currently administers the fund pursuant to an Annual SHTF Allocation Plan. LHTF are formal, active and vital community-based organizations engaged in addressing impediments that cause communities to be less attractive. They collaborate and network with and receive support from local entities and leverage local resources, finances and talent from public and private sectors. Most operate county-wide or regionally. Offering a competitive state grant program encourages community leaders to organize eligible LHTF boards to apply for SHTF program funds. Since July

2003 when Code 16.181 was enacted, cities, counties or regions have established nineteen IFA-certified LHTF boards.

To date, the monies have been spent for construction, rehab and preservation of single family and multi family housing; owner-occupied rehab and repairs and emergency owner repair; repairs and maintenance of nonprofit owned units; operations and housing supportive services for nonprofit entities; down payment and closing cost assistance for first time homebuyers; funding for emergency shelters and transitional housing; housing for persons with disabilities; neighborhood-wide housing rehabilitation; gap financing for new subdivisions which offer affordable housing to working families; and, funding to provide downtown second-story affordable loft housing as a way to attract and keep young professionals in the community. At least 30 percent of funds must be used to assist extremely low-income households.

# Iowa Lottery Authority

## Mission Statement

The Iowa Lottery continually strives to deliver value to the State of Iowa by responsibly providing entertainment to the public, maximizing revenues, and maintaining the highest standards of integrity, security, and accountability. The Iowa Lottery is a nonprofit authority that operates the state's lottery in an entrepreneurial and business-like manner, accountable to a public Board of Directors, the Governor, the General Assembly, and the People of the State.

## Description

To achieve its mission the Iowa Lottery Authority has established three subunits: 1.) Administrative Division, 2.) Security Division, and 3.) Marketing and Sales Division.

The Administrative Division develops and implements strategies to increase gross revenue and develops and implements controls to increase net revenue delivered to the state. It manages activities affecting the entire Lottery; including personnel, budget, legal matters, training, accounting, data processing, purchasing, communications, supplies, and services. It sets Lottery goals and objectives and makes the final determination on games, prizes and marketing programs. The Security Division designs and implements

security policies and procedures affecting computer systems, facilities, Lottery and vendor personnel, and product control designed to ensure the integrity of the Lottery. It protects the Lottery's premises from intrusion or harm, and recommends circumstances for investigation. It coordinates all licensing matters pertaining to the Lottery, interprets license rules and recommends appropriate action. It reviews and recommends the selection of all equipment used for Lottery drawings and events, and maintains that equipment to ensure randomization of drawings. The Marketing and Sales Division responsibly markets Lottery products to the State's consumers to achieve projected sales goals. It develops and implements strategies to encourage sales productivity of the Lottery retailer base, develops and implements advertising strategies for the marketing of Lottery products to maximize sales potential, and designs future Lottery products that incorporate elements the public prefers, thus maximizing public acceptance and participation. It monitors the volume of ticket sales and reviews statistical reports of regional data and sales trends so that optimum sales can be achieved.

## Performance Measures

| Measure                         | FY 2020          | FY 2021                             | FY 2022                         | FY 2022                             | FY 2023                         | FY 2023                             |
|---------------------------------|------------------|-------------------------------------|---------------------------------|-------------------------------------|---------------------------------|-------------------------------------|

# Iowa Telecommunications & Technology Commission

## Mission Statement

To provide authorized users the highest quality and technologically advanced educational, medical, judicial, and governmental telecommunications services and support the State of Iowa in achieving economic growth.

## Description

The ITTC provides authorized users the highest quality and technologically advanced educational, medical, judicial and

governmental telecommunications services. Under the ITTC's guidance, the ICN accomplishes this mission by adhering to the following goals: (1) operate the Network in an efficient and responsible manner providing the most economical service attainable to authorized users under established performance standards; (2) achieve optimal utilization of the networks facilities by assuring that future growth requirements will be met and that sufficient network capacity is available to meet the needs of all users; and (3) provide essential advanced telecommunications services to all network authorized users of Iowa.

## ICN Operations

### Fund Description

This fund is used to account for operational revenues and expenses for the Iowa Communications Network. The fund is supported by customer receipts. Revenues are earned

from the following lines of business: voice, video, data, Internet and other telecommunication services. Expenses include direct product expenses, repairs and network operating expenses, administrative and technical support expenses, salaries and other related personnel expenditures.

# Iowa Workforce Development

## Mission Statement

Iowa Workforce Development (IWD) will contribute to Iowa's economic growth by providing quality customer-driven services that support prosperity, productivity, health and safety for Iowans.

## Description

IWD strives to improve the income, productivity and safety of all Iowans. In conjunction with state and local economic development efforts, IWD also assists businesses to fulfill their workforce needs. The majority of IWD services are mandated by state and federal laws and regulations.

Major products and services of IWD are:

Workforce Center Services (services to assist businesses to identify and hire productive employees, and workers to obtain jobs and achieve career growth)

Compliance Assistance and Enforcement (various activities to enhance the economic security, safety and health of Iowans)

Unemployment Insurance (benefits for persons who have lost their job through no fault of their own)

Workforce Information and Analysis (data for business, schools, individuals, economic developers, and government to allow them to make informed choices about careers, expansions, wage levels, etc.)

Adjudication, Compliance, and Education (adjudication of income support issues for workers who have been injured on the job and unemployment insurance appeals)

Resource Management (internal services, such as human resources, financial and budget support, public relations, etc., that support the department as a whole)

We provide services through a statewide delivery system developed in conjunction with our workforce development partners. Administrative staff are centralized in two offices in Des Moines located at 1000 East Grand Avenue and 150 Des Moines Street. In 1999, the Unemployment Insurance Service Center was established at 150 Des Moines Street. The Unemployment Insurance Service Center handles a substantial share of new and continued claims.

## Performance Measures

## IWD Labor Services Division

### General Fund

#### Appropriation Description

This appropriation supports the Labor Services Division in the Iowa Workforce Department. The Division also receives funding from the federal government through the Occupa-

tional Safety and Health Administration. The funding is used to enforce safety regulations in the workplace; provide consultation to employers on occupational safety health compliance; conduct certain equipment inspections; maintain statistical information on illness and injuries in the workplace; and enforcement wage, labor, and child labor laws.

## Workforce Development Field Offices

### General Fund

### Appropriation Description

This appropriation provides funding, along with federal funds and other appropriations, for the operation of field

offices and the Workforce Development Board. The field offices deliver an integrated network of information resources and workforce development services to job seekers, businesses, employees, students, schools and colleges, and the public at large.

### Special Contingency Fund

#### Fund Description

A portion of penalties and interest paid by employers for late payments go into this account to pay for special contingencies stated by the Legislature.

# IPERS Administration

## Mission Statement

Administer a cost-efficient retirement plan that provides lifetime pension payments to public employees and serves to attract and retain a quality workforce. IPERS is a sustainable and affordable retirement plan that is valued by all Iowans and provides members with secure income, supports self-sufficiency in retirement, and contributes to local economics.

## Description

IPERS is the largest public pension plan in Iowa with over 375,000 members, over 1,900 participating public employers, and a trust fund with a market value of over \$34 billion at the end of fiscal year 2020. Approximately 170,000 members are active members who are working for a public employer and contributing to IPERS. There are approximately 127,000 retired members. IPERS membership also includes inactive members who no longer pay into the system but still have money in the trust fund.

IPERS, an independent agency within the executive branch of state government, has provided a pension plan for Iowa's public employees for over 65 years. IPERS is a defined

benefit plan funded through member contributions, employer contributions, and investment income.

By law, most individuals become members of IPERS when they begin employment at any IPERS-covered public employer, which includes schools, cities, counties, state government, and other government agencies. IPERS members range in age from 16 to over 100. Members live in all 99 Iowa counties and most benefit recipients stay in Iowa when they retire.

On September 17, 2020, the IPERS Investment Board approved a recommendation to request a FY22/23 budget increase of 4.0 FTE and \$1.135 million for salary and benefits for four new positions and incentive pay for two of those positions. Per subsequent direction from leadership at the Iowa Department of Administrative Services, the IPERS FY22/23 budget request reflects a status quo budget request. However, IPERS remains interested in increasing the budget and FTE count to accommodate additional staff that would ultimately provide a cost savings for IPERS.

## Performance Measures

| Measure  | FY 2020          | FY 2021                             | FY 2022                         | FY 2022                             | FY 2023                         | FY 2023                             |

## Appropriations Detail

170,000 active employees, approximately 127,000 retirees, and a payroll exceeding \$2 billion annually.

### IPERS Administration

#### IPERS Fund

#### Appropriation Description

To direct, in a prudent and cost-effective manner, the investment of the fund's assets to maximize return consistent with the fund's projected liabilities, cash flow requirements, and tolerance for risk. Trust fund size - over \$34 billion as of 6/30/20.

To maintain and enhance operational efficiency in administration of the pension program whereby, there are over

On September 17, 2020, the IPERS Investment Board approved a recommendation to request a FY22/23 budget increase of \$1.135 million for salary and benefits for four new positions and incentive pay for two of those positions. Per subsequent direction from leadership at the Iowa Department of Administrative Services, this proposal reflects a status quo budget. However, IPERS remains interested in increasing the budget to accommodate additional staff that would ultimately provide a cost savings for IPERS.

# Law Enforcement Academy

## Mission Statement

Professionalism through training.

## Description

The Iowa Law Enforcement Academy provides the best basic, specialty, and supervisory training to Iowa peace officers, jailers, and telecommunicators. This training includes instructor certification in several areas such as firearms, defensive tactics, driving, and jail training. The training is conducted both at the Academy located on Camp Dodge in Johnston as well as across the State of Iowa.

The Academy is the sole regulator of law enforcement, jailer, and telecommunicator training in Iowa. The Academy

oversees Level I regional basic training academies at the Des Moines Police Department, the Cedar Rapids Police Department, and the Department of Public Safety, plus two Level II short program basic training academies at Hawkeye Community College and Western Iowa Technical Community College. The staff psychologist conducts psychological and cognitive testing for those people being hired in all law enforcement agencies and for those being considered for promotion in the Sheriffs' Offices. The Academy sets the standards for continuing education requirements for law enforcement personnel as well as the standards for hiring and training of Iowa reserve peace officers. The Academy is responsible for certifying all peace officers in the state of Iowa and for decertifying those officers who violate established standards of behavior for Iowa peace officers.

## Legislative Branch

### Mission Statement

The legislative branch creates laws that establish policies and programs.

### Description

The legislative authority of the State is vested in a General Assembly consisting of a fifty member Senate and a one

hundred member House of Representatives. The General Assembly meets annually commencing on the second Monday in January. Each House sits upon its own adjournments; keeps a journal of its proceedings; publishes the same; determines its rules of proceedings, punishes members for disorderly behavior; and, with two thirds consent of its members, can expel a member. It has all powers necessary for a branch of the General Assembly of a free and independent state.

# Management, Department of

## Mission Statement

Lead enterprise budgeting and performance and accountability systems so that Iowans receive the highest possible return on public investment.

## Description

The Department of Management leads enterprise budgeting and performance and accountability systems so that Iowans receive the highest possible return on public investment.

Roles and responsibilities of DOM include:

- \* State budget development and oversight

- \* Revenue estimating and economic forecasting
- \* Governance system guidance, technical assistance and oversight - Accountable Government Act (AGA) including strategic and performance planning and results reporting (Data.Iowa.Gov and Results Iowa)
- \* Lean/process improvement assistance and oversight
- \* State Appeal Board administration
- \* Local government budget certification and support
- \* Utility tax replacement administration
- \* Enterprise project management
- \* Collective bargaining support
- \* Early Childhood Iowa (ECI) program oversight and coordination

## Performance Measures

## Technology Reinvestment Fund Appropriation

### General Fund

### Appropriation Description

A technology reinvestment fund is created under the authority of the Department of Management. The fund shall

consist of appropriations made to the fund and transfers of interest, earnings, and moneys from other funds as provided by law. The fund shall be separate from the General Fund of the state and the balance in the fund shall not be considered part of the balance of the General Fund of the state. However, the fund shall be considered a special account for the purposes of Section 8.53, relating to generally accepted accounting principles. (Section 8.57C)

## Transportation Equity Fund Appropriation

### General Fund

### Appropriation Description

General Fund appropriation for deposit into the Transportation Equity Fund. The Fund is created in Iowa Code Chap.

257.16C, sub. 3. A transportation equity program is established to provide prioritized additional funding for school districts with a transportation cost per pupil that exceeds the statewide adjusted transportation cost per pupil for the same budget year.

## OCIO Rate Adjustment

### General Fund

OCIO does not receive any additional funding. Funds are appropriated to DOM with language authorizing DOM to spread the appropriation among departments and reduce departments that would gain under the changes.

### Appropriation Description

OCIO Rate Adjustment. Funding needed to eliminate the federal over-recovery currently embedded in the rates.

### OCIO Rate Adjustment Financial Summary

## Appeal Board Claims

### General Fund

### Appropriation Description

The State Appeal Board is an agency of the state having as its purpose the review of objections to public contracts and

bonds and to the budgets of counties, school districts, cities, agricultural extension districts, assessors, and county hospitals, and the approval or rejection of payment of claims against the state that cannot be paid from other appropriations. The State Appeal Board consists of the director of the Department of Management, Auditor of State, and Treasurer of State. (Chap. 669.11 and 25.2)

## Iowa Grants Management Implementation (TRF)

### Technology Reinvestment Fund

#### Appropriation Description

IowaGrants.gov provides grant management software that encapsulates the entire grant management life-cycle

allowing Iowa's state agencies to automate 100% of their grant management processes online. IowaGrants.gov is capable of managing the grant tracking, application, selection, award/contracting, monitoring, communications, modifications, reporting, close-out, and financial management processes. IowaGrants.gov is available to all state agencies that administer a variety of state and federal competitive and pass through grant programs.

## Local Government Budget & Property Tax System Upgrade/Redesi

### Technology Reinvestment Fund

#### Appropriation Description

The Department of Management is statutorily required to receive property valuation from county auditors on an annual basis. This property valuation is then used by local governments to prepare local budgets and set property tax rates. DOM is also statutorily responsible for the creation, management and receipt of local government budget forms. Currently DOM uses a set of disparate, dated applications (including a desktop application) to manage these statutory processes. Our systems are vulnerable, including to standard

Windows upgrades and platform changes. This vulnerability jeopardizes our crucial, annual, statutory role in administering the property tax process and finalizing tax rates for county auditors, who, in turn, prepare property tax statements for all property owners in the state. Success for this system would be stable, solely web based, integrated application/s which predictably run processes needed to perform DOM and local government statutory duties related to local budgets and property tax. The application/s would be easy for the approximately 1,200 local governments to use, flexible to needed changes (legislative and general enhancements for users) and provide readily accessible public information on property valuations, property tax and local budgets.

## Broadband Grant Fund

### Fund Description

The Broadband Grants fund shall consist of moneys available to and obtained or accepted by the office. Moneys in

the fund are appropriated to the OCIO to be used for the grant program. The grants are awarded to communications service providers that reduce or eliminate targeted service areas by installing broadband infrastructure in targeted areas.

## Iowa Coronavirus Relief Fund

### Fund Description

The CARES Act established the Coronavirus Relief Fund which provided federal funding to Iowa. CARES Act funding may only be used to cover costs that

1. are necessary expenditures incurred due to the public health emergency with respect to COVID-19;

2. were not accounted for in the budget most recently approved as of March 27, 2020 (the

date of enactment of the CARES Act) for the State or government; and

3. were incurred during the period that begins on March 1, 2020, and ends on December 30, 2020.

## Feeding Iowans Initiative

### Fund Description

Feeding Iowans Initiative Fund. Monies in the Fund are intended to help Iowa food pantries and food banks meet

increasing demands due to the COVID-19 pandemic by increasing refrigeration capacity to offer more perishable, locally-grown foods, increasing the supply of meat available, and funding bulk purchase or repackaging of food products and supplies.

## Property Tax Equity and Relief Fund

### Fund Description

Established in Code 257.16A, this fund is to receive excess funds that remain in the SAVE Fund after all the distribu-

tions are made to the local school districts. Monies are used to supplant general fund school aid.

# Natural Resources, Department of

## Mission Statement

Conserve and enhance our natural resources in cooperation with individuals and organizations to improve the quality of life for Iowans and ensure a legacy for future generations.

Protect, conserve and enhance fish and wildlife populations and their habitats on public and private land.

## Description

The Iowa Department of Natural Resources manages fish and wildlife programs, ensures the health of Iowa's forests and prairies, and provides recreational opportunities in Iowa's state parks. Additionally, the DNR carries out state and federal laws that protect air, land, and water through technical assistance, permitting, and compliance programs and encourages the enjoyment and stewardship of natural resources among Iowans through outreach and education.

Protect, conserve and enhance the air, groundwater, surface water and land resources of Iowa, while simultaneously considering economic development needs.

Develop and manage public land, including parks, forests and recreation areas; wildlife areas; and lakes.

Provide technical assistance to private landowners, local governments, business and industry, and other state agencies in the areas of Land Quality and Waste Management, Air Quality, Water Quality, Forestry, and Fish and Wildlife management.

The Department's primary responsibilities include:

Provide outdoor recreational opportunities for 625,000 hunters and anglers, nearly 1 million wildlife enthusiasts, and 14 million park visitors.

## Appropriations Detail

funds. Major areas funded include administration of the department, park operations, forest and prairie operations, livestock and geology.

### GF-Natural Resources Operations

#### General Fund

#### Appropriation Description

This appropriation funds approximately 14% of the department's operations, and provides matching dollars for federal

## Water Trails and Low Head Dam Programs

### Rebuild Iowa Infrastructure Fund

#### Appropriation Description

Appropriation provides funding for Water Trails and Low Head Dam risk mitigation.

Water Trails are recreational corridors and routes on rivers and lakes that provide a unique experience for canoeists and kayakers and provide adequate access points that can be used for planning trips of various lengths and difficulty.

A water trail may also provide access to riverside campgrounds, primitive campsites, amenities such as shelters and restrooms in city, county or state parks. A water trail will

have a detailed map showing access points and river mileage and may even provide information on history and area culture, wildlife viewing opportunities and more.

They can help re-connect Iowans to their history, heritage, geology and wildlife. A water trail promotes an ethic of caring that makes us more aware of our surroundings and environment and can be thought of as educational venues.

Low-head dams are extremely dangerous and have led to fatalities of Iowa anglers, boaters, paddlers, tubers, swimmers, and would-be rescuers. Powerful recirculating hydraulics at these small dams can trap and drown unsuspecting river users. Iowa DNR educates all river users about these hazards, provides support for dam-owners to install warning signs in vicinities of dams, and works with dam owners to mitigate safety hazards and fish passage barriers at dams.

## Water Trails and Low Head Dam Programs Financial Summary

## GIS Information for Watershed

### Environment First Fund

#### Appropriation Description

GIS Information for Watershed Managers (Fund 0295, 003H) this appropriation provides for the development of geographic information system (GIS) data that will be used

by local groups to determine the most effective strategies for addressing non point source pollution problems. Basic state-wide information such as watershed boundaries, land cover, drainage districts, soil erosion, and sediment delivery models will be used to identify and prioritize critical areas, and allow more effective targeting of resources for water quality improvements.

## Water Quality Monitoring

### Environment First Fund

### Appropriation Description

Water Quality Monitoring (Fund 0295, 004H) Iowa has over 72,000 miles of streams, 184 lakes, six major groundwater

aquifer systems, and 125,000 acres of wetlands. These resources must support domestic consumption, commercial and industrial usage, recreational activities, and a diverse biotic environment. In short, our water resources are essential to sustain economic growth and provide a place where people want to live. This appropriation provides funding for a water quality monitoring improvement plan.

# Water Quality Protection

Environment First Fund

## Appropriation Description

Water Quality Protection (Fund 0295 032H) This appropriation uses fees authorized by Senate File 2314, passed by the

1994 General Assembly, for the administration, regulation, and enforcement of the Safe Drinking Water Act and to establish a program to assist public water supply systems to ensure safe public water supplies. These funds are used to match federal dollars.

## Groundwater Protection Fund

### Fund Description

This account receives fees for underground storage tanks, agricultural management, solid waste and household hazardous waste. Funds are appropriated to prevent contam-

ination of groundwater from point and nonpoint sources of contamination to the maximum extent practical, and if necessary to restore the groundwater to a potable state, regardless of present condition, use, or characteristics. Other appropriations of the moneys in the fund for related purposes are also made.

## Resource Enhancement & Protection Fund

### Fund Description

This fund receives one or more state appropriations for conservation education and to build or reconstruct recreational facilities, acquire land, enhance soil and water, and to provide state aid to county and city capital-type projects.

The Resource Enhancement and Protection Fund (REAP) was created to fund a long-term integrated effort to wisely use and protect Iowa's natural resources through the acquisition and management of public lands; the upgrading of public parks and preserve facilities; and environmental education, monitoring, and research.

## Fish And Wildlife Trust Fund

### Fund Description

This account receives money from the sale of hunting and fishing licenses, fines, and federal grants used to provide for

operations of the Fish and Wildlife Division of the Department of Natural Resources. This trust fund supports operations of the Fish and Wildlife Division, Fish and Wildlife capital expenditures and related coordination, information and administrative services.

## Water Quality Protection Fund

### Fund Description

This fund receives state appropriations and fees, and may receive federal moneys and private donations for adminis-

tration costs related to the federal Safe Drinking Water Act and public water supplies. Moneys are also appropriated to protect private drinking water supplies.

## Water Quality Protection Fund Detail

# Parole, Board of

## Mission Statement

Comprehensive and efficient consideration for parole and work release of offenders committed to the department of corrections. Expeditious revocation of paroles of persons who violate release conditions. Careful consideration of victims opinions concerning the release decisions. Quality advice to the governor in matters relating to executive clemency. Timely research and analysis of issues critical to the performance of the board of parole.

## Description

The Board of Parole was established in 1907 by the 37th General Assembly. The Board is composed of one full-time chairperson, one full-time vice-chairperson, and three per diem members who are appointed by the Governor and confirmed by the Senate for staggered four-year terms. The Board is directly responsible to the Governor, and the chairperson serves at the pleasure of the Governor. During the 1998 legislative session, the General Assembly funded a

full-time vice-chair position to assist with the administrative responsibilities of the Board. The Board has its own support staff but receives administrative support services from the Department of Corrections.

The Iowa Board of Parole's mission is to reintegrate offenders into the community that can be released from prison without detriment to the public or themselves.

To achieve the mission, the Board:

Performs objective risk evaluations for prison inmates, reviews all eligible parole case files annually, holds hearings with eligible inmates, and selects viable candidates for conditional release on parole and work release.

Revokes the conditional release and returns to prison those offenders that fail while on parole and work release.

Notifies victims of relevant information not less than 20 days before a parole hearing, so victims' opinions may be considered when making parole and work release decisions. Advises the Governor on matters of executive clemency.

## Performance Measures

## Public Defense, Department of

### Mission Statement

We will remain operationally relevant and always ready to deploy, operate, and succeed as part of the total joint force at every mission across multiple domains - in the homeland and abroad.

### Description

The Iowa National Guard is a dynamic organization operating in an ever-changing environment. The Iowa Army and Air National Guard are organized under Departments of the

Army and Air Force. The Iowa National Guard, as outlined in our Campaign Plan 2028 (Strategic Plan), is prepared to mobilize, deploy and execute missions across the continuum of military operations as part of the Total force or Governor's response requirements. The Iowa National Guard will be the most trusted organization in Iowa through the stewardship of our resources, readiness of our organization, and the responsiveness of our formations to meet Federal or State missions. We are always ready - warriors, citizens, neighbors - together strengthening the future of Iowa.

## Appropriations Detail

### Public Defense, Department of

#### General Fund

#### Appropriation Description

The Iowa Department of Public Defense's Military Division has three Missions:

1. Federal Mission: Provide combat ready units in support of the National Military Strategy
2. State Mission: Provide units and equipment to protect life and property and come to the aid of Iowans in time of need, to preserve peace and order, and to insure public safety for the citizens of Iowa.
3. Community Mission: Participate in community programs that add value to our communities, to Iowa, and to America while becoming true role models and making our communities safe and a better place to raise our families.

## Compensation and Expense

### General Fund

### Appropriation Description

The Compensation and Expense account is a standing unlimited appropriation which is used when the National

Guard is called into Active State Service. Active State Service is service in support of the State for incidents of public disaster, riot, rescue, tornado cleanup, floods, or as a work force when public employees strike. (29A.8)

# Public Employment Relations Board

## Mission Statement

To promote harmonious and cooperative relationships between government and its employees without disruption of public services, via the expert and timely services of a neutral labor relations agency.

## Description

Pursuant to the Public Employment Relations Act (PERA), the PERB is responsible for interpreting, applying and administering the provisions of the PERA, and for adjudicating and conciliating labor/management disputes involving public employers and employee organizations throughout the State. The PERB's core functions, duties, and services include, but are not limited to:

- 1) Determining appropriate bargaining units and conducting representation elections.
- 2) Adjudicating prohibited practice complaints and fashioning remedial relief for violations of the Act.
- 3) Adjudicating negotiability disputes.
- 4) Adjudicating grievance appeals of State of Iowa merit system employees.

5) Upon joint request of the parties, mediating and/or serving as arbitrators for grievances arising under public sector collective bargaining agreements.

6) Providing training and/or facilitation regarding labor/management cooperation and interest-based bargaining.

7) Collecting and disseminating information regarding wages, hours, and other conditions of employment of public employees.

8) Preparing legal briefs and presenting oral arguments in District Court and the Supreme Court in cases affecting the Board.

9) Maintaining and monitoring the registration and annual reporting of certified employee organizations.

10) Administering the agency according to relevant rules, regulations, laws and principles of efficient public administration.

11) Providing mediators and arbitrators to resolve collective bargaining impasses.

## Performance Measures

# Public Health, Department of

## Mission Statement

Protecting and Improving the Health of Iowans.

## Description

Public health is a partnership of local public health, the Iowa Department of Public Health (IDPH), non-profit organizations, health care providers, policymakers, businesses, and many others working together to promote and protect the health of Iowans. Public health strives to improve the quality of life for all Iowans by assuring access to quality

population-based health services related to the following goals:

Promoting healthy living;

Preventing injuries and violence;

Strengthening the health infrastructure;

Protecting against environmental hazards;

Preventing epidemics and the spread of disease; and

Preparing for, responding to, and recovering from emergencies.

## Appropriations Detail

### Addictive Disorders

#### General Fund

#### Appropriation Description

Activities directed toward reducing the prevalence of use of tobacco, alcohol, and other drugs, and treating individuals

affected by addictive behaviors, including gambling. Additional funds are received from the Sunday Sales transfer from Dept. of Alcoholic Beverages for prevention activities and through a contractual agreement with DHS/Medicaid for reimbursement (50%) of actual cost for Medicaid clients referred to Quitline by health care providers. Funding is used for program development and operations and grants to community based organizations and county boards of health/supervisors.

## Healthy Children and Families

### General Fund

### Appropriation Description

Services directed to assure access to preventive child health services and linking children and families with community-

based preventive health and family support services to meet health related needs. Additional state and federal funds are received through contractual agreements from other state agencies for community-based preventive health and family support services. Funding is used for program development and operations and grants to community-based organizations.

### Healthy Children and Families Financial Summary

## Chronic Conditions

### General Fund

### Appropriation Description

Services directed to assuring access to preventive and screening services to individuals at risk for chronic condi-

tions and services provided to individuals identified as having chronic conditions or special health care needs. Additional funds are received from the Iowa Newborn Screening Program and breast cancer awareness license plate fees. Funding is used for program development/operations and grants to community based organizations and county boards of health for delivery of services.

## Public Protection

### General Fund

### Appropriation Description

Activities related to protecting the health and safety of the public through establishment of standards and enforcement

of regulations. Additional revenue is received from interstate transfer of funding from DNR for Groundwater and Grants to Counties program services, EMS specialty license plate fees, interagency agreement with HSEMD and professional licensure fees. Funding is used for program operations and grants to county boards of public health for support of environmental health and EMS services.

## Behavioral Analyst Grants Program Fund

### Fund Description

To provide grants to Iowa resident and nonresident applicants who have been accepted for admission or are attending a board of regents university, community college, or an accredited private institution, are enrolled in a program to be

eligible for board certification as a behavior analyst or assistant behavior analyst, and demonstrate financial need. The fund shall consist of moneys appropriated from the general fund of the state for the purposes of the fund and moneys from any other public or private source available. The department may receive contributions, grants, and in-kind contributions to support the purposes of the fund.

## Public Information Board

### Mission Statement

To further state and local government transparency and foster informed citizen participation through education, training, dispute resolution and enforcement activities concerning Iowa Code Chapters 21 and 22.

### Description

The Iowa Public Information Board is created to receive and seek resolution to complaints alleging violations of open records and public meetings laws.

# Public Safety, Department of

## Mission Statement

All Departmental personnel are committed to serve the people of Iowa by providing integrated public safety services with leadership, integrity, and professionalism.

## Description

The Iowa Department of Public Safety is the state law enforcement agency, created by Iowa Code Chapter 80. It includes the Iowa State Patrol, the Iowa Division of Criminal Investigation, the Iowa Division of Narcotics Enforcement, the Iowa State Fire Marshal, the Division of Intelligence, Administrative Services Division, and the Office of the Commissioner. The Department was created on July 1, 1939.

The Department works in conjunction with federal, state and local jurisdictions of the criminal justice community to provide for the safety of persons living in, or traveling through the State of Iowa.

The Iowa State Patrol provides for the safety of the motoring public through the enforcement of the traffic laws, through prevention and education efforts directed at driving behavior and through the operation of the state radio communications system. The Division of Criminal Investigation assists local jurisdictions with the investigation of crimes against persons and crimes against property. The DCI is also responsible for ensuring the integrity of Iowa's gaming industry through enforcement and regulation as well as providing forensic services to most jurisdictions through the criminalistics laboratory. The primary mission of the Narcotics Enforcement Division is to reduce the supply and demand of illicit controlled substances through specialized enforcement and training. The Division of Intelligence collects, analyzes and disseminates criminal intelligence data and serves as the State's Intelligence Fusion Center. The State Fire Marshal's Office conducts fire safety inspections of elder care and day care facilities, as well as the investigation of fires of suspicious origin and explosives. The Division of Administrative Services pays all financial claims against the Department, administers the Peace Officers' Retirement System, and licenses all private investigative and private security agencies in Iowa.

## Performance Measures

### General Fund

#### Appropriation Description

The Administrative Services Division is comprised of the Finance Bureau, Program Services Bureau, and the Technology Services Bureau. These Bureaus provide support services to the Department of Public Safety as well as services directly to criminal justice agencies statewide and to the citizens of Iowa. The Finance Bureau provides support to all divisions within the Department of Public Safety through centralized budget preparation, accounting,

claims processing, purchasing, and personnel documentation and the administration of the Peace Officers' Retirement system. The Technology Services Bureau administers the IOWA System providing criminal justice information to all law enforcement in the State of Iowa as well as administrative data processing for all divisions of the Department of Public Safety. The Program Services Bureau serves the criminal justice community and the general public through four program areas: Uniform Crime Reporting (UCR) program administration; private investigative, private security and bail enforcement licensing; weapon permit program administration and railway special agent administration.

### Public Safety Administration Financial Summary

## Public Safety DCI

### General Fund

### Appropriation Description

This division maintains the Sex Offender Registry through address verifications, conducts risk assessments and coordinates public notification of at risk registrants. The criminalistics laboratory provides forensic services including toxicology, DNA, firearms, drug, and tool marks analysis to

law enforcement jurisdictions throughout the state. The Records and Identification section maintains the Automated Fingerprint Identification System and acts as the central repository for all criminal history information in the State of Iowa. The division provides assistance to jurisdictions lacking the expertise or manpower to conduct investigations of crime against persons and property including homicide, rape, burglary, fraud, etc. The Division also provides background and criminal investigative services to Iowa Lottery.

## Narcotics Enforcement

### General Fund

#### Appropriation Description

The Narcotics Division serves as the lead agency in the State providing public safety through investigative enforcement of laws relating to narcotics and other controlled substances. In addition to targeting major distributors of controlled substances the Division is actively involved in the investiga-

tion of drug-related financial conspiracies, clandestine laboratories, marijuana eradication, diversion of pharmaceuticals, gang-related activities, and assistance in drug interdictions. The Division has the primary responsibility for providing drug related training to both state and local law enforcement agencies. Criminal intelligence information is collected and disseminated by this division for the benefit of local, state and federal law enforcement jurisdictions.

## DPS Fire Marshal

### General Fund

### Appropriation Description

This Division is the oldest of the five divisions within the Department of Public Safety, established in 1911. Through promotion and enforcement of fire safety regulations, training, building code provisions, and arson investigations this division helps reduce the loss of life and property by fire. Fire safety code inspections are conducted in a variety of facilities ensuring compliance with both federal and state laws and rules. Those facilities include nursing homes, child care facilities, schools, colleges, hotels, intermediate care facilities and any other building where the public congregates. Arson Investigation Bureau Special Agents are responsible for determining the cause of fires statewide. These agents investigate suspected arson fires along with

bombings and other explosive related incidents. Several agents in the division are also members of the Clandestine Lab Emergency Response Team. The Division is also charged with ensuring the safety and accessibility of buildings. This is accomplished by review and approval of factory-built structures and mobile homes. In addition to reading plans, the bureau oversees enforcement of handicapped accessibility and energy requirements of the State Building Code. The division is responsible for the preliminary review and approval of plans submitted for above ground petroleum storage tanks and L.P. gas installations.

The Fire Service Training Bureau's mission is to provide quality training and education for Iowa's fire and emergency services. Services are provided in Field Programs, Certification Programs, Business and Industrial Programs, Conference, and Research and Development.

## Iowa State Patrol

### General Fund

#### Appropriation Description

The primary duty of Iowa State Patrol is to enforce all motor vehicle laws. The State Patrol routinely patrols more than 112,000 miles of state roadways consisting of interstates, state highways, and secondary county roads providing assistance to motorists; conducting accident investigations; securing accident and crime scenes and in coordination with local jurisdictions provides special enforcement operations directed toward seat belt and OWI enforcement. The State

Patrol maintains vehicle theft investigation and tactical response (SWAT) units and provides dignitary protection. The State Patrol also assists with the Motor Carrier Safety Assistance Program (MCSAP), a program dedicated to the enforcement of motor vehicle laws related to the operation of commercial vehicles. The Division receives and dispatches emergency information through State Radio, providing criminal histories, wanted persons and stolen vehicles information to the officer on the road. State Radio also provides state-wide emergency 911 dispatch services on a twenty-four hour a day basis. All state highway safety education and special enforcement efforts are coordinated through the Governor's Traffic Safety Bureau.

## DPS/SPOC Sick Leave Payout

### General Fund

### Appropriation Description

This appropriation funds the sick leave banks of retiring officers of the Department of Public Safety. Pursuant to the

State Police Officers Council collective bargaining agreement and Section 70A.23, Code of Iowa, officers are entitled to payment of health/life/dental insurance premiums from the accrued value of sick leave at retirement. This appropriation is transferred into the Sick Leave Trust Fund established in the Treasurer's Office.

## Fire Fighter Training

### General Fund

### Appropriation Description

Created in 1997 the Fire Fighter Training program provides financial assistance to local fire departments for training of

volunteer firefighters. These funds augment funds of local fire departments in sending their volunteers to Fire Service Training Bureau classes aimed at various levels of fire fighter training.

## Regents, Board of

### Mission Statement

Serving the people of Iowa, the Board of Regents: Governs and coordinates the activities of Iowa's three public universities and two special schools; Advocates for and exercises responsible stewardship of resources; Engages capable presidents and superintendents to ensure that the institutions apply knowledge to benefit Iowans; Communicates the positive impact and value of the Regent institutions to the state, its citizens and society. The Board expects the Regent institutions, in accordance with their respective missions, to: Provide a high-quality accessible education to all students, in concert with Iowa's other educational entities; Engage in high-quality research, scholarship, and creative activities to enhance the quality of life for Iowans and society in general; Provide needed public services; Support economic development in partnership with public and private sectors; and Demonstrate public accountability.

### Description

The Board of Regents was created in 1909 to coordinate and govern the three State institutions of higher education. The School for the Deaf and the Iowa Braille and Sight Saving School were placed under its jurisdiction at a later date. The Board is given by statute the authority to "Have and exercise all the power necessary and convenient for the effective administration of its office and of the institutions under its control..." In addition, it is given many specifically enumerated powers. The Board of Regents consists of nine members appointed on a bi-partisan basis for six-year terms. The terms are staggered with three appointments being made every two years by the Governor with approval of two thirds of the Senate.

## Appropriations Detail

### SUI - General University

#### General Fund

#### Appropriation Description

The University of Iowa (SUI) is a comprehensive research university with a particular distinction in the arts, humanities, and sciences; a world-class academic health center, and a wide array of exceptional professional programs. SUI competes for the best faculty and the most talented graduate and professional students. In pursuing its mission of teaching, research, and service, SUI seeks to advance scholarly and creative endeavor through leading edge research and artistic production; to use this research and creativity to enhance undergraduate, graduate, and professional education and to the Iowans, the nation, and the world; and to educate students for success and personal fulfillment.

The strategic plan identifies four complementary, mutually supporting areas in which to invest for accelerated advance-

ment: Student Success, Knowledge and Practice, New Frontiers in the Arts, and Better Futures for Iowans.

After significant cuts in recent years, the FY 2022 Higher Education Operating Appropriation Request for SUI of \$222,605,480 includes a \$7M increase to support student financial aid, equipping additional classrooms for both local and distant on-line/hybrid two-way teaching environments, and for costs associated with making additional classes/programs online capable. The pandemic dictated that the institutions analyze and assess the effectiveness of existing technologies and make rapid adjustments, some of which were temporary and not ideal for sustained online teaching. Resources are needed to foster innovation and remove barriers to expand educational access to more areas of study. This investment would enable the universities to modernize/expand their online portfolios.

This will require sustaining state support as well as reallocations between programs, and continued savings through technology and other efficiencies.

## SUI - State of Iowa Cancer Registry

### General Fund

#### Appropriation Description

In 2020, it is expected that 18,700 new cancers will be diagnosed among Iowa residents, and an estimated 6,400 Iowans will die from cancer, 17 times the annual number caused by auto fatalities. Cancer surpassed heart disease as the leading cause of death in Iowa in 2007, accounting for about a quarter of all causes of death. Cancer is a major burden in Iowa and throughout the US. Because of the critical need for data, cancer is a reportable disease in all 50 states, although Iowa is one of only a few states that do not currently provide penalties for facilities that do not report.

tute's prestigious Surveillance, Epidemiology and End Results (NCI SEER) Program. Iowa represents rural agricultural and Midwestern populations and provides data included in many national NCI publications. A follow-up program tracks more than 99% of the cancer survivors diagnosed since 1973. The existence of the ICR allows for the study of the cancer experience of Iowans and focuses national attention and research dollars on this issue. The presence of the ICR and its database have helped attract numerous research projects and funds to Iowa from other federal agencies such as the Environmental Protection Agency, the Centers for Disease Control and Prevention, and the National Institutes of Health. Annually, several millions of dollars are received from these agencies that are directly attributable to the existence of the ICR.

Statewide cancer incidence data are available due to the existence of the Iowa Cancer Registry (ICR). Since 1973, the ICR has been a member of the National Cancer Insti-

Following reductions FY 2019 and FY 2021, the FY 2022 operating appropriation request remains flat with FY 2021 (0% increase) in the amount of \$143,410.

## SUI - State of Iowa Birth Defects Registry

### General Fund

#### Appropriation Description

The Iowa Registry for Congenital and Inherited Disorders (IRCID) was established by the General Assembly (Chapter 23 of the Iowa Code) in 1983 to maintain statewide surveillance for birth defects and to monitor trends in birth defect occurrence and mortality. Data collected permit comparison of birth defect rates in geographic areas of interest (e.g. cities or counties) with state and national rates. In addition, data are used to monitor trends in birth defect occurrence by population characteristics such as maternal age. Statewide surveillance is necessary to accurately evaluate such trends and to guide health promotion and birth defect prevention efforts in Iowa.

The Registry conducts active surveillance to identify information about congenital and inherited disorders that occur to Iowa residents. A number of faculty investigators and public health professionals utilize IRCID data to: 1) conduct research to identify risk factors for birth defects; 2) promote education activities for the prevention of birth defects; and 3) provide outreach to patients and families to appropriate clinical, educational, and social services.

In addition, the Iowa Registry for Congenital and Inherited Disorders conducts an outreach program to engage the Iowa community by providing parents of children diagnosed with birth defects resources, materials, and referrals to appropriate clinical, educational, and social services.

Following reductions in FY 2018 and FY 2021, the FY 2022 operating appropriation request remains flat with FY 2021 (0% increase) in the amount of \$36,839.

## SUI - Waterman Iowa Nonprofit Resource Center

### General Fund

#### Appropriation Description

The Waterman Iowa Nonprofit Resource Center is an SUI interdisciplinary collaboration to make more accessible educational and service programs focused on strengthening the operational capacity of Iowa nonprofit organizations. Services range from the development of board and executive leadership to strategic planning to clarifying local, state, and federal rules that regulate nonprofit organizations. Education includes creating and delivering presentations and workshops to professionals from across the state, as well as teaching a series of nonprofit courses at the University of Iowa. Research involves quantitative and qualitative analyses of data that inform on sector conditions and trends. The activities of the INRC are made possible by a strong network of public and private partners and supporters.

In FY 2020, nearly 1,000 nonprofit leaders participated in an INRC workshop or lecture. The INRC provided guidance to over 600 organizations on a host of issues including management, board governance, fundraising, tax filing, and more. Our publications featured stories on topics ranging from retirement plans to developing mutually beneficial collaborations and were circulated to over 1,500 subscribers and read by thousands more online. Along with several partners, the INRC delivered two conferences in FY 2020, including the state's largest nonprofit conference that will offer over forty workshops and be attended by hundreds of nonprofit leaders. The INRC's work improves nonprofit leadership, organization, and management in the state at a time when the demands on the charitable and philanthropic sector continue to grow.

Following reductions FY 2018 and FY 2021, the FY 2022 operating appropriation request remains flat with FY 2021 (0% increase) in the amount of \$156,389.

## SUI - Oakdale Campus

### General Fund

#### Appropriation Description

The Oakdale Campus budget is designed to provide a working environment to stimulate University research, economic development, outreach activities and engage with small start-up companies on the Oakdale Campus. Activities located on the campus include the State Hygienic Laboratory, the Technology Innovation Center, specialized laboratory research functions, and other public service activities.

The FY 2022 operating appropriation request for SUI's Oakdale Research campus remains flat with FY 2021 (0% increase) in the amount of \$2,103,819.

The Oakdale Campus budget has been significantly challenged over the last several years for two reasons: declining financial support and increasing stewardship needs for both new and severely-aged facilities.

Since 2009, appropriations have declined by \$587,000 (\$2.7M to \$2.1M). The University has invested capital in innovative and energy savings utilities for the Oakdale campus to reduce costs, but is insufficient without state investment to maintain this vital campus.

The second challenge is the rising operating costs of the campus facilities. In order for the lab to provide its essential state services, this facility requires timely operational responses along with a commitment to maintenance to avoid long-term degradation issues.

## SUI - Hygienic Laboratory

### General Fund

#### Appropriation Description

The State Hygienic Laboratory (SHL) statutorily provides public health and environmental testing and surveillance, food safety testing and surveillance, chemical and bioterrorism response, newborn screening and testing, education and training, and applied research. Key partners include the Iowa Department of Public Health, the Iowa Department of Natural Resources, hospitals and clinical labs throughout the state and region, and university researchers. SHL serves all 99 Iowa counties, in addition to providing services from clients throughout the nation.

The FY 2022 operating appropriation request for SUI's Hygienic Lab campus remains flat with FY 2021 (0% increase) in the amount of \$4,822,610.

Continuity of funding continues to be a primary concern for SHL. Funding from all sources has not kept pace with increasing costs for staff benefits, reagents, and other supplies. Laboratory testing technology is changing rapidly and is increasingly expensive. Recruiting and retaining staff as SHL moves to a high through put laboratory is critical. Furthermore, a key strategy is for SHL to move to an updated LIMS system and obtain new instrumentations to increase testing capacity. SHL is making multiple efforts to improve its financial position despite the funding challenges. SHL continues to work on opportunities for supply cost reduction and revenue enhancement for both fee-for-service testing and increased collaborative grant funding support.

## SUI - Family Practice Program

### General Fund

#### Appropriation Description

The Family Practice Training Program provides financial, educational, and technical support to a network of seven community-based residencies that train physicians in the specialty of family practice. The residencies are dispersed into seven regions of the state to help improve the geographic distribution of family practice graduates and physicians in general.

There are currently 44 positions for new family practice residents each year, replacing 44 graduates or a three-year total of 132 residents in training. More than 30 medical colleges are represented in the trainee complement. This program serves as a great example of a successful public - private partnership with much of the financial support provided by the local hospitals.

This program is a crucial asset to the health status of Iowans and has achieved continuous recognition for the past 25

years. It is Iowa's principal source of new family physicians. During the past 10 years, 68% of the family practice graduates entered Iowa practices, nearly half going to communities with populations under 10,000. The program has now attracted approximately 750 graduates into Iowa communities. This highly successful program is one of the reasons the College of Medicine continues to rank among the nation's top five medical schools in producing graduates who enter family practice careers.

The training sites also provide valuable educational experiences for University medical residents, and experiences for pharmacy, dental and physician assistant students. These regional training centers serve as the backbone of the University's Statewide Medical Education System.

Following reductions in FY 2018 and FY 2021, the FY 2022 operating appropriation request for SUI's Family Practice Program remains flat with FY 2021 (0% increase) in the amount of \$1,720,598.

## SUI - Specialized Children Health Services

### General Fund

#### Appropriation Description

State funding for Specialized Child Health Services (SCHS) provides the core support for three programs of crucial importance: the Iowa High Risk Infant Follow-up Program, a community-based Comprehensive Cancer Program, and a Rural Hemophilia Program. Each of these programs provides essential services to support family-centered community-based care to children with special needs. The University of Iowa Hospitals and Clinics' staff provides individualized medical evaluation and subsequent consultation to community providers to support medical care of the child within the local community. These unique relationships with the community providers are in concert with the University's strategic plan and support the public health

initiatives to provide care and support to these children in their local medical homes.

The funding for these three programs creates access for especially vulnerable populations in Iowa to highly specialized pediatric services in a cost-effective manner. In addition to receiving the benefits of coordinated, comprehensive care in their local communities, patients and their families are able to benefit from improved quality of life in less time lost from work and school, and minimized travel that is necessary for long-term treatment.

Following reductions in FY 2018 and FY 2021, the FY 2022 operating appropriation request for SCHS remains flat with FY 2021 (0% increase) in the amount of \$634,502.

## SUI - Iowa Flood Center

### General Fund

#### Appropriation Description

The Iowa Flood Center (IFC) at SUI provides Iowans with accurate, state-of-the-art, science-based information to help individuals and communities better understand their flood risks. The IFC's overarching objective is to improve flood monitoring and prediction capabilities in Iowa, while studying and developing strategies to reduce and manage floods. The IFC has the following purposes:

--Hosting and continuing to refine and add new tools to the Iowa Flood Information System (IFIS) -- an easy-to-use online application to provide real-time information on precipitation, soil temperature and moisture, and stream levels across Iowa;

--Continuing to maintain instrumentation and data plans for over 260 stream stage sensors across the state. This year IFC needs to visit all of the sensors to replace their modems, which will no longer be supported by the provider (Verizon) after 12/31/2021;

--Expanding the statewide network of rain gauge and soil moisture/temperature monitoring platforms to improve flood monitoring and forecasting in partnership with other IIHR projects (i.e. the Iowa Watershed Approach) and with other external partners;

--Continuing development of high-resolution, web-based flood inundation maps;

--Continuing watershed-scale research to understand how small-scale mitigation projects can reduce flood damage in a watershed (In FY21, they will start researching distributed storage with a new PhD students);

--Educating graduate students; and

--Organizing public outreach programs (STEM festivals for K-12, public presentations, press releases, updated online information, social media, and other activities to share IFC tools and information with the general public).

Following reductions in FY 2018 and FY 2021, the FY 2022 operating appropriation request remains flat with FY 2021 (0% increase) in the amount of \$1,154,593.

## SUI - Substance Abuse Consortium

### General Fund

#### Appropriation Description

The Iowa Consortium for Substance Abuse Research and Evaluation is an alliance committed to strengthening substance abuse prevention and intervention activities through collaborative research. The Consortium coordinates research and knowledge transfer among researchers, assists professionals in the field, and informs public policy makers in the area of substance abuse. The Consortium's Advisory Board includes:

representatives from the University of Iowa, the University of Northern Iowa, Iowa State University; Iowa departments of Public Health and Corrections, the Iowa Office of Drug Control Policy; and representatives from local substance abuse service agencies.

Following reductions FY 2018 and FY 2021, the FY 2022 operating appropriation request remains flat with FY 2021 (0% increase) in the amount of \$53,427.

The Consortium supports and conducts substance use disorders research and evaluation, strengthens substance use disorders prevention and intervention strategies, supports the education of new researchers in substance use disorders, contributes to the education of students and professionals in fields such as health care, education, corrections, human services, nursing, and counseling; and contributes to the development of public policy related to substance use disorders.

State funding provides administrative salary support and other operating expenses for the continuation of the Consortium's unique capacity for interdisciplinary alcohol and drug research and evaluation in Iowa. State funding cuts reduce our ability for community outreach as well as reduce our ability to offer free assistance to state agencies.

## SUI - Primary Health Care

### General Fund

#### Appropriation Description

There are four programs funded by the Primary Care Initiative: the Rural Physician Support Program; the Iowa Health Professions Inventory; the Dept of Family Medicine Pre-doctoral Teaching Program; and the Regional Med Education Center Grant Program. These initiatives fill important gaps in the state's efforts to educate, retain and track health professionals.

The Rural Physician Support Program is Iowa's principal source of rural physician recruitment, placement and retention services and also provides temporary practice coverage for rural doctors who need leave for vacation, continuing education, or health reasons.

The Iowa Health Professions Inventory gives Iowa the only computerized health professions tracking system in the nation. The system enables the University to track the

changing characteristics, supply, and distribution of Iowa's health care workforce.

The Dept of Family Med has used the Primary Care Initiative to expand the number of faculty positions devoted to the Dept's Pre-doctoral Teaching Program. This program has led to an increase in student instruction in family practice settings and to national awards recognizing the number and percent of medical graduates choosing careers in Family Practice.

The Regional Med Education Center Grant Program helps cover the administrative and logistical costs of having learners in community-based clinical settings. Med, pharmacy, physician assistant, and other students are continuously rotating to community locations for part of their required clinical experience.

Following reductions in FY 2018 and FY 2021, the FY 2022 operating appropriation request for Primary Care remains flat with FY 2021 (0% increase) in the amount of \$624,374.

## SUI - Iowa Online Advanced Placement Academy

### General Fund

#### Appropriation Description

The Iowa Online Advanced Placement Academy (IOAPA) was established in 2001 and is administered by the University of Iowa's Belin-Blank Center. IOAPA also provides training for Iowa teachers to deliver AP courses in their home schools and is critical in helping Iowa meet the requirements of the Senior Year plus statute.

At the beginning of the 21st century, Iowa's students were limited in opportunities for AP courses and exams because of the large numbers of rural and small schools. According to the National Center of Education Statistics, 70% percent of public school districts in Iowa are in rural communities. Approximately 42% of all public school districts in the state of Iowa have a K-12 enrollment of 599 or fewer. It is not cost effective to offer AP courses in rural and small schools because of too-small class sizes. As a result, a culture of knowledge about and appreciation for AP continues to be developed in these schools.

Following reductions in FY 2018 and FY 2021, the FY 2022 operating appropriation request remains flat with FY 2021 (0% increase) in the amount of \$463,616.

## ISU - General University

### General Fund

#### Appropriation Description

ISU has a long history of providing a superb experience for its students and graduating students who are creative, technologically adept, and culturally informed for success in the future. Overall enrollments have been strong, and the science-based curricula in engineering, agriculture and life sciences, and human sciences have been especially appealing to incoming students and their families.

Approximately 18,000 ISU students are Iowans. After graduation, nearly two-thirds of these Iowa residents and more than 50% overall stay here in the state to begin their careers. ISU is a proven leader in preparing the state's high-demand STEM workforce, and 95% of ISU graduates have a job in their field or continue their education within six months of earning their degree.

Instilling a Culture of Innovation and Entrepreneurship: A powerful way ISU leverages state support to promote future growth across Iowa is by hardwiring entrepreneurial thinking and skills into the classroom, labs and fields.

ISU's emphasis on hands-on, practical learning and developing critical thinking and creativity skills makes its graduates highly sought after by employers (95% placement rate). New resources will help to maintain this momentum and address the state's workforce needs.

After significant cuts in recent years, the FY 2022 Higher Education Operating Appropriation Request for ISU of \$179,144,766 includes a \$7M increase to support student financial aid, equipping additional classrooms for both local and distant on-line/hybrid two-way teaching environments, and for costs associated with making additional classes/programs online capable.

## ISU - Veterinary Diagnostic Laboratory

### General Fund

#### Appropriation Description

The VDL processes over 80,000 cases from livestock and poultry producers in Iowa and from across the country, and conducts about 1.25 million tests each year. The timely, comprehensive, high-quality diagnosis of diseases and toxicoses is critical to serving the state's \$32.5 billion animal agriculture industry. The ISU VDL serves to protect animal and human health and advance Iowa's \$32.5 billion animal agriculture economy. It serves as the State of Iowa's official veterinary diagnostic lab and is Iowa's only fully accredited and full service veterinary diagnostic laboratory.

Demand for veterinary diagnostic medicine services to support Iowa's animal agriculture have never been more

important nor in higher demand. This also comes at a time when the ISU VDL is asked to commit substantial resources to support to the State Hygienic Laboratory for COVID-19 testing.

The caseload submitted to the VDL is the largest of any VDL in the U.S., has doubled in the last seven years, and reached an all-time high of nearly 100,000 cases in 2019. Services provided by the ISU VDL have never been in greater demand. During these challenging economic times, livestock and poultry producers are utilizing the ISU VDL extensively to prevent introduction of costly diseases and assure access to international markets.

Following a reduction in FY 2021, the FY 2022 operating appropriation request remains flat with FY 2021 (0% increase) in the amount of \$4,337,528.

## ISU - Agricultural Experiment Station

### General Fund

#### Appropriation Description

The Agriculture Experiment Station (AES) supports the work of ISU researchers within & across multiple disciplines. It collaborates with the national network of experiment station programs at state land-grant universities, sharing research results & avoiding duplication.

Research through the AES helps keep Iowa agriculture the world's leader in productivity, efficiency & sustainability. Iowa farmers & businesses especially depend on research results to continually improve operations, incorporate more sustainable practices, be prepared to face emerging crop & livestock health & welfare challenges, & make better management decisions.

The research allows ISU to address the state's high priority challenges such as improved water quality & environmental stewardship that conserves Iowa's world-class natural resources. Research results inform societal issues linked to agriculture, economic development, life-science frontiers, the environment, & public policy and communities.

The breadth & depth of the AES's research portfolio, including more than 750 active projects, make possible innovation in plant sciences & plant systems; animal sciences & animal systems; natural resources & environmental stewardship; food safety & security; human health & nutrition; economics, markets & policy; emerging genetics and genomics frontiers; biorenewable opportunities; & digital agriculture.

Researchers leverage AES support in multiple ways. Over the past five years, they have brought in more than \$283 million in external grants & contracts to conduct research. Many faculty scientists supported by the AES play important roles in education and extension -- by training the next generation of agricultural leaders & entrepreneurs and by sharing science-based insights & decision aids through ISU Extension & Outreach.

Following a reduction in FY 2021, the FY 2022 operating appropriation request remains flat with FY 2021 (0% increase) in the amount of \$29,462,535.

## ISU - Cooperative Extension

### General Fund

#### Appropriation Description

ISU Extension and Outreach works across ISU colleges, throughout the 99 counties, and with external partners to engage Iowans in research, education, and extension experiences to address current and emerging real-life challenges. Extension and Outreach is seeing an increasing demand for its programs. Each year more than 1 million Iowans directly benefit from extension educational programs for economic growth, healthy families, thriving communities, and sustainable environments. K-12 youth outreach improves young people's college and career readiness, provides them with community service opportunities, and prepares them to become Iowa's future workforce. Extension and Outreach programs align with the Governor's Empower Rural Iowa Initiative, as well as ISU priorities.

Workforce challenges, child care, mental health, housing, and the farm economy are critical statewide issues impacting the ability of Iowa communities to thrive over the next five years. A financial need exists to support Extension and Outreach initiatives targeting these issues, as well as nutrient reduction strategy, floods, drought, widespread plant and animal diseases, insects (emerald ash borer), and policy changes. Additional resources would ensure that ISU can provide immediate response and education to address these challenges, and support practical research, surveillance, and programs to help communities and individuals plan for a successful future.

Following a reduction in FY 2021, the FY 2022 operating appropriation request remains flat with FY 2021 (0% increase) in the amount of \$18,007,366.

## UNI - General University

### General Fund

#### Appropriation Description

UNI's mission is to engage students in high-quality and high-impact learning experiences, emphasizing excellence in teaching and scholarship within a challenging and supportive environment. As the State's only public comprehensive university, UNI focuses on educating Iowans for Iowa.

While the university remains committed to its history in teacher preparation, the impact of UNI extends well beyond these roots. Our other signature programs in business, the sciences, and the fine and performing arts prepare students to work and contribute in every employment sector across Iowa and provide a meaningful contribution to the state. Though our core focus remains grounded in undergraduate

education, we also provide strong graduate programs that continue to attract students in all stages of life.

UNI's distinctiveness as an institution with the highest proportion of Iowa resident undergraduates of all three Regent universities means that we must preserve our charge to be accessible to Iowans. Differentiating tuition and mandatory fees will help UNI ensure costs align with the needs of our students and the state while remaining a good investment for taxpayers.

After a reduction for FY 2021, the appropriation request for UNI of \$102,296,620 includes a \$4M increase to support student financial aid, equipping additional classrooms for both local and distant on-line/hybrid two-way teaching environments, and for costs associated with making additional classes/programs online capable.

## UNI - General University Financial Summary

## UNI - Math & Science Collaborative

### General Fund

#### Appropriation Description

Since FY 2009, the universities have worked as a team to implement the STEM initiative. This effort has grown to become the Governor's STEM Advisory Council as managed by the Iowa Mathematics and Science Education Partnership (IMSEP). The request is for continued funding at the current level.

STEM workers drive our nation's innovation and competitiveness by generating new ideas, new companies and new industries. Over the past 10 years, STEM jobs grew three times as fast as growth in non-STEM jobs. The STEM workforce will remain central to our economic vitality well into the future, contributing to innovation, technological growth, and economic development. Maintaining U.S.

scientific and technological leadership is essential to the future of our country. However, the United States is facing a critical talent gap in science, technology, engineering and math, and is not keeping pace with foreign competition.

Since FY 2009, the universities have worked as a team to implement the STEM initiative. This effort has grown to become the Governor's STEM Advisory Council as managed by the Iowa Mathematics and Science Education Partnership (IMSEP). STEM jobs require post-secondary training, but Iowa ranks below the national average in percent of post-secondary majors studying STEM at our colleges and universities.

Following a reduction in FY 2021, the FY 2022 operating appropriation request remains flat with FY 2021 (0% increase) in the amount of \$6,354,848.

## UNI - Real Estate Education Program

### General Fund

### Appropriation Description

UNI's Real Estate Education program prepares students for careers in commercial and residential real estate, including land development, asset management and finance.

As the only program of its kind in Iowa, UNI real estate graduates develop a strong connection to the state economy, with over 70% employed in Iowa. In careers as lenders, brokers, developers, appraisers, property managers and attorneys, they are a key component of economic development in both rural and urban communities.

Following a reduction in FY 2021, the FY 2022 operating appropriation request remains flat with FY 2021 (0% increase) in the amount of \$123,523.

## UNI - Recycling and Reuse Center

### General Fund

#### Appropriation Description

The Recycling and Reuse Technology Transfer Center (RRTTC) is an interdisciplinary research, education and outreach center serving Regent university researchers and students, Iowa citizens, business and industry focusing on solid and hazardous waste issues and environmental resilience strategies. The RRTTC develops and implements several environmental education outreach programs to that end to educate and engage students and Iowan's in unique and engaging ways at the UNI and in the community.

The RRTC assists Iowa manufacturers in the research and development of products containing recycled content materials through the Materials Innovation Service, a program

developed in cooperation with Recycle Iowa. Iowa companies that are replacing mainstream materials with new and innovative composites such as cast metal, plastics, and biomaterials have affordable access to the latest in mechanical, physical, and chemical properties testing for the purpose of by-product reutilization.

The RRTTC supports applied sustainability research for community outreach, patent applications and support for green business enterprises. Through the RRTTC's project reports, articles and outreach to business, industry, communities and citizens, the Center reaches several thousand individuals each year.

Following a reduction in FY 2021, the FY 2022 operating appropriation request remains flat with FY 2021 (0% increase) in the amount of \$172,768.

## ISD - Iowa School for the Deaf

### General Fund

#### Appropriation Description

ISD promotes personal, individual excellence by providing comprehensive educational programs and services, delivered by highly qualified personnel with in-depth training for understanding the unique needs of these students. ISD prepares students for community participation as successful and productive adult citizens, with skills comparable to their hearing peers.

ISD will provide outstanding educational opportunities for students who are deaf or hard-of-hearing, and is a resource for Iowa's school districts, incorporating specialized programming and services with intensive, individualized instruction and innovative use of technology, high expectations and standards for each student, focused on language and literacy skill development commensurate with that of hearing peers. Decision-making for individual student program development is based on comprehensive, integrated data collection and analysis of student achievement. ISD does not charge tuition or collect property taxes, thus is

dependent on state funding to ensure that these services are available.

The funding request for ISD totals \$10,778,471 and is comprised of the following:

--Continue FY 2021 recurring state appropriation levels of \$10,536,171.

--Incremental funding of \$242,300 for ISD operations.

The amount requested will support ongoing efforts to improve student achievement through our strategic initiatives, promote improved faculty recruitment and retention by maintaining parity with funding appropriated to K-12 public schools, support extended-learning of the Expanded Core Curriculum, provide critical access to a language-rich environment and early language development, and support the successful transition to employment or post-secondary education and independent living through the Four Plus program.

## IBS - Iowa Braille and Sight Saving School

### General Fund

#### Appropriation Description

Services are provided directly to students as well as technical assistance, consultation and collaboration with other educators serving students that are blind or visually impaired. All students are served each year by Iowa's Educational Services for the Blind and Visually Impaired in partnership with Iowa's local school districts, AEAs, and Department for the Blind. Many students attend summer programs either regionally or on campus. Some students are involved in short-term placements on campus to develop specific skills in a focused educational environment. The Statewide System for Vision Services has enhanced the efficiency and accessibility of programs and services for Iowa's children.

For FY 2022, the requested increase in operating appropriations will fund current programming and improve student achievement, implement the Iowa Core and prepare Iowa's students who are blind for the 21st century. Specifically, the incremental funding will allow full implementation of students Individual Education Program in cooperation with the local school districts and AEAs, and Implementation of

programs and activities to support the Expanded Core Curriculum for students who are blind and visually impaired in Iowa.

The funding request for IBSSS totals \$4,536,459 and is comprised of the following components:

--Continue FY 2021 recurring state appropriation levels of \$4,434,459.

--Incremental funding of \$102,000 for operations.

The amount requested will support ongoing efforts to improve student achievement through our strategic initiatives, promote improved faculty recruitment and retention by maintaining parity with funding appropriated to K-12 public schools, support extended-learning of the Expanded Core Curriculum, provide critical access to a language-rich environment and early language development, and support the successful transition to employment or post-secondary education and independent living through the Four Plus program.

## BOR - Board Office

### General Fund

12th grade schools - the Iowa School for the Deaf and the Iowa Braille and Sight Saving School.

### Appropriation Description

Created by the Iowa General Assembly in 1909, the Board of Regents, State of Iowa, is a group of nine citizens who govern five public educational institutions in the state through policymaking, coordination, and oversight, as provided by law. The Board enhances the quality of life for Iowans by maintaining the educational quality, accessibility, and public service activities of Iowa's three public universities - The University of Iowa, Iowa State University, and the University of Northern Iowa; and two special preschool/K-

The Board Office provides support to the Board of Regents and formulates policy recommendations for operations, administration, and legislative relations related to academic affairs, legal affairs, and business and finance operations.

While the 2016 General Assembly reduced the Board Office appropriation for FY 2017 by over 27% (\$0.3 million) which was cut again in FY 2018 and FY 2021, the FY 2022 request for the Board of Regents Office remains flat with FY 2021 at \$764,642.

## BOR - Iowa Public Radio

### General Fund

#### Appropriation Description

IPR was created by the Board of Regents in 2004 to manage the public radio stations licensed to ISU, UNI, and SUI. Today, the network includes 26 stations, serving 220,000 Iowans every week. IPR's 26 stations touch all of Iowa's 99 counties delivering News, Classical and Studio One music programming 24-hours a day. IPR News providing Iowans the best in national and local news programming. IPR looks beyond the headlines with probing stories and talk programming that promote a dialogue about the issues and culture of Iowa.

IPR's mission is to inform, enrich and engage Iowans through radio programming and other media. IPR enhances civic and cultural connections across the state, strengthening communities and reflecting Iowa's sense of place.

An appropriation of \$386,589 will help Iowa Public Radio effectively manage the public radio stations owned by ISU, SUI, and UNI, allowing it to serve and grow its audience with high quality programming. IPR promotes lifelong learning and enriches the civic and cultural life in the state. After absorbing a \$40,920 cut for FY 2018 and a small cut for FY 2021, the requested increase of \$40,920 for FY 2022 would restore state support close to FY 2017 levels. The operating appropriations request for FY 2022 would help IPR pay for higher programming fees, utilities, facility costs, and other operating expenses.

## SUI - Biocatalysis

### General Fund

#### Appropriation Description

The Center for Biocatalysis and Bioprocessing (CBB) is a one of a kind interdisciplinary academic research center at the University of Iowa. Its mission is to: a) enhance faculty and student development in the broad areas of biocatalytic science/bioprocess engineering, b) drive innovative industrial fermentation processes and c) expand economic development through translational research and the advancement technology and intellectual property. CBB is committed to enhancing the mission of SUI through the following activities:

**Economic Development:** The CBB Fermentation and Bioprocessing Facility is a world-class pilot-scale operation that is unmatched by any other US university. It serves as a contract development and manufacturing organization with the objective of creating high value biotechnology products.

The facility serves as the primary scale-up pilot plant operation for biotech processes in Iowa. The CBB operates the only facility in the State that manufactures vaccines and therapeutic proteins for Phase I clinical trials in people.

**Academic:** The Center also provides resources for undergraduate students in the form of employment within the Center's Fermentation and Bioprocessing Facility as well as with a hands-on instructional lab-course entitled Upstream Biotechnology Processes. A new CBB Student Affiliates program is under development for both grad and undergrad students to explore careers in biotechnology.

Following reductions in FY 2018 and FY 2021, the FY 2022 operating appropriation request remains flat with FY 2021 (0% increase) in the amount of \$696,342. State funds are leveraged with CBB facility-generated resources to support a newly created seed grant program designed to catalyze innovations in research across academic research disciplines.

## ISU - Livestock Disease Research

### General Fund

#### Appropriation Description

Livestock Disease Research is conducted through the College of Veterinary Medicine on diseases of Iowa livestock in order to prevent the high financial losses to Iowa livestock producers that occur each year due to infectious livestock diseases. These funds are leveraged to receive additional funds from external sources for livestock disease research.

The Iowa Livestock Health Advisory Council (ILHAC) was created to strengthen Iowa's animal agriculture by strengthening the livestock disease research program in the state. Funds from this special appropriation provide seed money

for research projects, with priority given to those projects with significant potential for economic benefit for the livestock industry. Recently funded projects include: studying porcine reproductive and respiratory syndrome and influenza in pigs, E. coli and Clostridium spp. in poultry, lameness in beef and dairy cattle, mastitis in dairy cattle, pinkeye in cattle and viruses causing reproductive problems in sheep. This seed money has recently resulted in development of effective vaccines for porcine circovirus and laying hen peritonitis. Additional funding would allow more animal disease research projects to be funded in areas of highest importance to livestock producers.

Following a reduction in FY 2021, the FY 2022 operating appropriation request remains flat with FY 2021 (0% increase) in the amount of \$170,390.

## BOR - Regents Resource Centers

### General Fund

#### Appropriation Description

The Resource Center serves as a liaison between residents of western Iowa and the three Regents universities. Their mission is to provide increased access to graduate and undergraduate education and other Regent university resources for area residents. This unique, cooperative effort allows individuals, business firms, and organizations to use resources of the Iowa Regents university system to meet their educational needs. Through the Centers, area residents can access a variety of undergraduate and graduate degree

programs, ranging from the Bachelor of Liberal Studies to a Doctorate in Family and Consumer Science. Individuals can participate in credit courses, complete degree programs, and obtain information on admissions and transfer to Regents universities. The Centers are also instrumental in accessing other university resources for delivery to the regions, such as presentation of cultural programs, non-credit programs and workshops, and student internship opportunities.

Following a reduction in FY 2021, the FY 2022 operating appropriation request remains flat with FY 2021 (0% increase) in the amount of \$268,297.

## UIHC - Rural Psychiatry Residencies

### General Fund

psychiatrists per capita with 40% fewer psychiatrists than the national average. There is a need to increase the number of psychiatry residency program positions.

### Appropriation Description

The state of Iowa is currently working to address the mental health crisis. Key to the effort is increasing access to mental health professionals. However, practicing psychiatrists in Iowa are down 3.5% since 2007. In recent years, several Iowa hospitals have closed their mental health units due to a lack of qualified staff, including psychiatrists. Nationally, Iowa consistently ranks near the bottom in the numbers of

Beginning in FY 2020, UI Health Care received \$400,000 through the Iowa Department of Public Health for four new residency training positions to create a Community Psychiatry Track (CPT) within the University of Iowa Psychiatry Residency Program. The CPT residents work in underserved areas of Iowa. The request for FY 2022 includes an additional \$200,000 for two new residencies in the program.

## ISU - Biosciences Innovation Ecosystem - GF

### General Fund

#### Appropriation Description

Biosciences are a significant area of Iowa's economy. As indicated by the state-commissioned 2017 TEconomy Report, this sector is large, growing, and supports high-paying jobs.

Three priority Bioscience platforms - Biobased Products and Chemicals, Precision and Digital Agriculture, and Vaccines and Immunotherapeutics - represent areas with large markets and significant growth potential. Iowa State University helps lead the state in growing and capturing the economic value these platforms offer.

State support enabled the hiring of a Chief Technology Officer for the Biobased Products and Chemicals platform, awarding four seed grants to initiate industry-university collaborations in the Biobased Products platform, three seed grants to support public-private research projects in the Vaccines and Immunotherapeutics platform, allocated funding to support a market research/intelligence effort to identify needs and priorities of companies in the digital and precision agriculture space, and the establishment of new and growth of existing start-ups in the platform areas.

To help the state better capture the growth opportunities the Biosciences sector offers, our vision is to have the university operate as a critical IBDC and industry partner for these three platforms to:

- Enable enhanced commercialization of new technologies;
- Accelerate translation of scientific breakthroughs;
- Improve collaboration between industry and universities to solve problems; and
- Further develop a skilled Biosciences workforce.

Two years ago for FY 2020, ISU requested \$3M in state appropriations to work with IEDA for 3 of the 4 Bioscience platforms. The state partially funded the request at \$875k beginning in FY 2020. ISU's request for FY 2022 includes an incremental \$2,175,000 to fully fund the request for the three platforms.

## SUI - Biosciences Innovation Ecosystem

### General Fund

#### Appropriation Description

Biosciences are a significant area of Iowa's economy. As indicated by the state-commissioned 2017 TEconomy Report, this sector is large, growing, and supports high-paying jobs.

The request beginning in FY 2020 (total of \$4M; \$1M for each of the four platforms) was partially funded at \$275K for each platform. SUI's request for FY 2022 includes an incremental \$725,000 to fully fund the request for the medical device platform.

SUI's Medical Device platform focuses on efforts to accelerate medical device start-ups, licensing, support for entrepreneurs, and workforce development to fill needs in healthcare. SUI has focused on four key areas of development in FY 2020 with their \$275K appropriation for the platform.

Protostudios - Protostudios is a state-of-the-art rapid-prototyping facility currently located in the MERGE co-working labs in downtown Iowa City.

MADE - A student managed manufacturing and e-commerce initiative whose mission is to encourage and facilitate innovative, needs based products reaching the market with the twin goals of solving problems and enhancing economic development as an extension of research and scholarship.

Concierge Service - In an environment as diverse and multi-faceted as the SUI, a concierge service capable of connecting innovators to technical expertise, regulatory and legal support, industry talent and capital, and like-minded individuals.

Expert Advisory Council - The SUI is assembling a world class group of medical device executive advisors and venture capitalists to vet, mentor, support and in some cases invest in our entrepreneurs.

With additional funding, SUI could provide gap or seed funding to fill the void between the grant funding development stages and when a start-up is "investment" ready. The Expert Advisory Council and SUI have assembled medtech venture capital and private equity investors to review and offer guidance to start-ups.

## UNI - Additive Manufacturing

### General Fund

#### Appropriation Description

Success has been proven by the growth of 3D sand printers located in North America increasing over 700% in the last four years, with Iowa realizing the highest growth. The new technology of additive manufacturing for investment castings represents a similar challenge of changing the way parts

are manufactured. Investment casting technology will support the foundry supply chain and meet the needs of original equipment manufacturers in aerospace, defense, agricultural manufacturing, and bioscience and medical technologies.

Following a reduction in FY 2021, the FY 2022 operating appropriation request remains flat with FY 2021 (0% increase) in the amount of \$394,321.

## SUI - Iowa's Center for Agricultural Safety & Health

### General Fund

#### Appropriation Description

High rates of illnesses, injuries and fatalities among farmers, farmworkers and their families have long been recognized as a challenge to Iowa's agricultural sustainability. To address this problem, Iowa's Center for Agricultural Safety and Health (I-CASH) was established in 1990 (Iowa Code, 262.78). Although the center was established at SUI, it brings together the expertise of ISU, the Iowa Department of Public Health, and the Department of Agriculture and Land Stewardship to reduce the rates of injuries and illnesses associated with agriculture.

Although the numbers of agricultural fatalities and injuries have gone down over time, so have the number of farmers. This means that rates of injuries and fatalities have remained steady over time and they are consistently six to seven times higher than other industries. Most years, agriculture is responsible for the highest proportion of occupational fatalities of any industry in Iowa.

I-CASH's mission is to lead statewide partnerships that promote agricultural safety and health. Because most farms in Iowa employ 10 or fewer non-related employees each year, farms are not subject to the oversight of the Occupational Safety and Health Administration, nor do they have easy access to the resources and training that OSHA provides other industries.

The appropriation is used to support the development of safety and health materials and resources that are made available to workers in the agriculture industry, including items distributed through ISUEO and FSA offices, tailored safety policy guides for individual farms, and the annual Agricultural Youth Injury Prevention grant program. In addition, state funds support the annual Midwest Rural Agricultural Safety & Health conference and enhance I-CASH's ability to be responsive to the needs of Iowa's farmers.

After a reduction in FY 2021, the appropriation request for FY 2022 of \$128,154 remains flat (0% increase) with FY 2021.

## BOR - Regent Appropriation Restoration

### General Fund

### Appropriation Description

The 2020 General Assembly cut Regent operating appropriations by a total of \$8M to be applied in a manner deter-

mined by the Board. In July 2020, the approved a proportional cut allocation to all state general fund appropriations with the exception of Hygienic Laboratory and the Special Schools. This request would restore the cuts realized for FY 2021. This lump-sum request would restore this cut and allow the Board to distribute the funds back to the affected appropriated units.

## SUI - Economic Development

### Iowa Skilled Worker and Job Creation Fund

#### Appropriation Description

The Center for Advanced Drug Development (CADD) offers contract analytical services to the pharmaceutical and biotechnology industry. It offers the unique capability to produce under contract limited quantities of new medicines under FDA regulations. The capacity is particularly valuable to firms wishing to bring new products through clinical trials.

Established in 1989, the Research Park has built a nucleus of businesses in Iowa that are drawn by the strengths of the University. The labor shed for over 1,600 employees of laboratories and companies affiliated with the Research Park, and the BioVentures Center, the state's largest wet lab incubator. This is in keeping with the University of Iowa's strategic plan for engagement with external constituencies and participation in Iowa's economic growth. Integrating researchers and entrepreneurs is the goal of the Research Park and the BioVentures Center and as such it is critical

that the following assets are located and co-located at the Research Park:

-- The State-funded laboratory of the Center for Biocatalysis and Bioprocessing (CBB)

-- The National Advanced Driving Simulator, a major, fully operational co-venture with the U.S. Department of Transportation

-- A state-of-the art, 16,000 sq. ft. Hydraulics Wave Basin facility

-- The analytical method development and drug stability testing unit of the SUI Pharmaceuticals facility, a unit of the College of Pharmacy, and The State's Hygienic Laboratory.

The FY 2022 operating appropriation request for SUI's Economic Development programs remains flat with FY 2021 (0% increase) in the amount of \$209,279.

## SUI - Entrepreneurship and Economic Growth

### Iowa Skilled Worker and Job Creation Fund

#### Appropriation Description

The John Pappajohn Entrepreneurial Center (JPEC) is responsible for implementing the entrepreneurship and economic development growth initiative. A wide variety of programs are available on campus and online and to MBA students at several locations across the state of Iowa.

Entrepreneurial training programs are available to all Iowans from numerous cities throughout the state. JPEC and its university partners also play an important role in the development of Iowa-based technology and high-growth

start-up companies. Whether providing one-on-one consulting services and group training, working with startup companies on technology transition, directing UI students on advanced field study projects, or providing training and seminars to business executives, the University seeks to support the next generation of entrepreneurs and business leaders.

State funds are used to develop entrepreneurship curriculum and programs, expand direct support to Iowa startups and small-to-medium enterprises, and accelerate new venture formation.

The FY 2022 operating appropriation request remains flat with FY 2021 (0% increase) in the amount of \$2,000,000.

## ISU - Economic Development

### Iowa Skilled Worker and Job Creation Fund

#### Appropriation Description

CIRAS helps reduce the risk of deploying technologies to Iowa businesses so they can remain globally competitive. The CIRAS work with Iowa companies is particularly relevant today with the economic and business distress caused by the COVID-19 pandemic. The economic development funds are used to provide a broad range of services, including 3D printing, robotics, materials, technology adoption, and Industry 4.0. Over the past five years, CIRAS and partners have helped more than 4,100 businesses in every Iowa county, creating a client-reported economic impact of \$2.5 billion dollars with nearly 26,000 jobs added or retained. CIRAS leverages the state appropriation investment to bring in nearly three times as much through federal grants and private company investments.

SBDC's provide research, counsel and training for business people in managing, financing, and operating small busi-

nesses. It also provides comprehensive information services and access to experts in a variety of fields. In fiscal 2019 (10/18 - 9/19), the Iowa SBDC counseled more than 4,200 clients, which created 2,236 new jobs; helped companies attract more than \$68 million in new capital; helped companies grow sales by \$170 million; and helped to create 215 new businesses.

The ISURP is a growing technology community and incubator for new and expanding businesses, providing access to the vast array of resources available at ISU: from talent pipeline management, to specialized equipment, to access to the research infrastructure. ISURP is a 400+ acre development serving upwards of 90 tenant companies that employ more than 2,250 people and 300 student interns, with more than 800,000 square feet of developed building space.

The FY 2022 operating appropriation request of \$2,424,302 for the Economic Development programs remains flat with FY 2021 (0% increase).

## UNI - Economic Development

### Iowa Skilled Worker and Job Creation Fund

#### Appropriation Description

The IDM is the economic development arm of UNI Business and Community Services. For 32 years IDM has proudly served well over 800 communities, economic development groups, chambers of commerce, convention and visitor bureaus, community planning groups, state agencies/associations and other organizations in all 99 Iowa counties. IDM's services include technical assistance, applied research, and training to Iowans to enhance their community's economic vitality. IDM continues to utilize its state funding to leverage other funding sources. For example, IDM is the lead organization for UNI's US Economic Development Administration's University Center (UNI UC) which partners with local organizations to implement an economic development approach to foster innovation/technology utilization and R&D within targeted Iowa businesses.

Since its creation in 1989, the Metal Casting Center has expanded to include two facilities (Additive Manufacturing Center is the other). The materials research and foundry focused sight is located in the Industrial Technology Center on the UNI campus and works with industry to develop materials and processes through testing and characterization of industrial materials.

UNI's Center for Business Growth and Innovation (UNI CBGI) has an established network of resources and services designed to attract, connect, and accelerate small business and start-up growth through business assistance, partner resources, and valuable connections to their peers. UNI CBGI initiatives are nationally recognized in both rural and urban settings on how universities can best utilize their unique assets to impact regional economies. UNI's Advance Iowa program focuses on small- and medium-sized Iowa-owned enterprises to help ensure Iowa firms continue to remain profitable, sustainable and to the extent possible, locally owned.

The FY 2022 operating appropriation request of \$1,066,419 remains flat (0% increase) with FY 2021.

## BOR - Regents Innovation Fund

### Iowa Skilled Worker and Job Creation Fund

#### Appropriation Description

##### Regents Innovation Fund - SWJCF

Incremental funds will be matched by equal university financial commitments to maximize the impact of programs and services supported by this request. The Universities are committed to building upon existing capabilities to foster the translation of university research, strengthen partnership with business and industry, support start-up company formation, job creation and economic growth.

The economic development funding provided by the state of Iowa for the Regent institutions over the years have been critical to efforts in supporting the formation and growth of entrepreneurship educational activities, assistance to startup and existing Iowa companies, and faculty and student awareness of entrepreneurship and economic development. The translation of university innovations and technologies has proven to be critical and a driving force for innovation and job creation. More importantly, it is essential for the long-term growth of a sustainable, innovation economy that will position Iowa to be competitive in a global market.

## BOR - Tuition Replacement - Academic Building Revenue Bonds

### Rebuild Iowa Infrastructure Fund

#### Appropriation Description

The 1969 General Assembly passed legislation (Iowa Code 262A) permitting the issuance of Academic Building Revenue bonds to fund capital projects at the Regent universities.

The bonding program has enabled the Regents to finance critical academic constructions needs at Iowa's public

universities through the public sale of long-term bonds. The issuance of these bonds requires approval of the General Assembly and the Governor.

Tuition replacement appropriations represent an ongoing commitment of the state to meet the debt service cost of Academic Building Revenue bonds authorized by the legislature.

The tuition replacement request of \$28,100,000 million for FY 2022 reflects a decrease of \$168,466 from FY 2021.
