Crime Victim Assistance Board

The Attorney General's Crime Victim Assistance Board was established in Iowa Code section 915.82 in 1989. The Attorney General appoints Board Members to three-year terms of service. The Attorney General appoints a member to serve as Board Chair at the beginning of each state fiscal year. The Board is a governing Board for the programs of the Crime Victim Assistance Division; it gives guidance to the Division Director and adopts Administrative Rules that govern the programs of the Division. The Board also conducts a hearing and renders a decision on any appeal of a Division decision.

Administrative Rules require that the Board meet a minimum of once in each quarter in the state's fiscal year. Iowa Code section 915.80 requires that Board members include two crime victim survivors, one victim service provider, a licensed social worker or psychologist, two law enforcement officers, a prosecutor, a defense attorney, a medical provider, and an older Iowan. The list of board members below includes the constituency they represent, their County of residence, and the year that their current term ends.

Registrant Watch

Members of the public are offered a means to protect themselves from individuals who have committed an offense requiring enrollment to the Sex Offender Registry. Individuals can register to receive information via email, phone call and text about the change in location of a specific sex offender or notable changes in appearance of a specific offender. Watches can be set so an individual can be notified if a registered sex offender moves into a city, county, zip code within five miles of a specific address or “area”.

Safe at Home

The Office of the Iowa Secretary of State unveiled the Safe at Home (SAH), address confidentiality program on January 1, 2016. This program helps victims of crime improve their lives by using a substitute address so a physical address does not appear in public records, thereby helping keep the victim’s whereabouts safe. THE SAH program also allows for repackaging and forwarding of a participant’s mail to ensure safe and secure delivery. Participants can also register to vote through this program, without having to be listed on the public voter registration list. Eligible participants include survivors of sexual assault, domestic violence, trafficking, stalking and other violent crimes. CVAD partnered with the Secretary of State’s Office to provide financial support for the maintenance of the secure database used to maintain victim information, as well as to aid in the costs necessary to repackage and resend a participant’s mail. CVAD also conducts statewide outreach and education to ensure victims are aware of the existence of this program.

Training, Advocacy and Outreach

The Crime Victim Assistance Division conducts regular training, advocacy and outreach to agencies, community groups and members of the public. Training topics include basic information on the programs administered by the agency, information on victim service programs and best practices for serving victims of crime. In addition, CVAD staff regularly attend and participate in partnership meetings with other statewide agencies and victim service programs.

In FY 2018, CVAD staff conducted 34 presentations to community organizations and members of the public, providing information on our agency and programs to 3,096 individuals throughout the state of Iowa. Staff also conducted 42 trainings for victim service, medical, legal and other professionals; training 2,037 individuals.

CVAD has a trained advocate who provides information, support and resources to individuals who contact CVAD. In FY 2018, the CVAD advocate provided services to 640 individuals. Services provided included assistance completing the crime victim compensation application, criminal justice support and advocacy, housing advocacy and economic advocacy. The CVAD advocate also provided more than 255 referrals to victim service, community, legal and other agencies.

Crime Victim Compensation Program

The Crime Victim Compensation Program (CVC) pays certain out-of-pocket expenses for victims physically or emotionally injured by crime. All funds for the program come from the Compensation Fund, which consists of fines and penalties paid by convicted criminals. The program does not compensate for damaged or stolen property. Eligible crime victims can be reimbursed for expenses they pay and payments can be made directly to a service provider on behalf of the crime victim for crime-related expenses.

Restitution

Iowa Code provides that restitution shall be order for payments issued by the Crime Victim Compensation Program to the extent that the offender is reasonably able to pay. The program's Restitution Coordinator will complete the following activities to collect restitution on behalf of the program:

- Review all approved compensation applications to determine if an offender has been identified, and if so:
 - If the criminal case is still pending, the Restitution Coordinator will send a statement of pecuniary damages to the prosecuting attorney; or
 - If the defendant has already been convicted of the crime, but is awaiting sentencing the restitution coordinator will send a statement of pecuniary damages and submit it to the prosecuting attorney; or
 - If the defendant has been sentenced the Restitution Coordinator shall send a statement of pecuniary damages, motion to amend, and restitution order to the prosecuting attorney.
- Monitor each offender's restitution plan and payment history.
- Initiate collection actions, including but not limited to formal payment agreements, income tax offsets, wage garnishments, and wage assignments if the offender does not comply with the established plan of payment.

Sexual Abuse Examination Payment Program

The **Iowa Sexual Abuse Examination Payment Program (SAE)** was established in 1979 to pay the cost of a forensic examination of the victim for sexual abuse crimes that occur in Iowa. All funds for the program come from the Compensation Fund, which consists entirely of fines and penalties paid by convicted criminals.

Iowa Code section 915.41 states:

The cost of a medical examination for the purpose of gathering evidence and the cost of treatment for the purpose of preventing venereal disease shall be paid from the fund established in section 915.94 [*Victim Compensation Fund*].

The purpose of a victim's forensic medical examination after sexual abuse is to collect evidence and ensure the victim's well-being. In Iowa, any person who states they were the victim of a sexual assault can receive the exam whether or not they choose to report the crime. Victims may seek forensic and medical treatment immediately and take additional time to consider whether or not to report to law enforcement and participate in the criminal justice system. Iowa's policy allowing victims to have a forensic medical exam without a report ensures timely collection of critical evidence that prosecutors and law enforcement will need if the victim decides to make a criminal report later.

The SAE Program pays the cost of the examination regardless of whether or not the victim reports the crime to law enforcement. **A victim is never responsible for payment for a sexual abuse forensic examination or for medications required due to the assault.** Medical providers and facilities submit the bill for the sexual abuse examination directly to the SAE Program. If the victim is billed by a medical provider for the examination, the SAE Program will reimburse that victim. The payment rates for a sexual abuse examination are established in Iowa Administrative Rules.

The program will pay:

- Up to \$300 for the examining room and facility.
- Up to \$200 for the examiners fee (Sexual Abuse Nurse Examiner or Physician).
- All laboratory and medication costs related to the sexual abuse exam and for prevention of sexually transmitted diseases (STD) for the crime victim.
- Follow up appointments for the crime at the same rates as the initial examination.

As of July 1, 2014, medical records or examiner's notes must be submitted with SAE charges to document the charges that are being paid by the SAE Program. This is a change from previous years, where only an itemized statement, diagnosis codes, itemization of any lab work, names of prescriptions/medications, and patient name and date of birth were required. This change was implemented because the SAE Program currently issues roughly 1.678 million dollars in payments annually to reimburse providers for the cost of an SAE. Medical records are now being requested to verify that the services listed on the bill are in fact eligible for reimbursement. This new procedure has

been put in place as a means of auditing the payments we administer through this fund, with the goal of reducing errors in coding and eliminate the risk for erroneous payments.

The SAE Program also purchases Rape Examination Kits for use in Iowa. The Iowa Crime Laboratory, Iowa Department of Health, and Iowa Coalition Against Sexual Assault design the kits. The kits are stored at and distributed by the Iowa Crime Laboratory.

Historically, the CVAD has contracted with the vendor Tri-Tech Forensics to manufacture the SAE Kits used in Iowa. In Fiscal Year 2014, the State of Iowa created an open bid process, soliciting bids from various vendors to manufacture the SAE Kits. This resulted in a change in vendors and currently Arrowhead Forensics is manufacturing the SAE Kits.

Victim Services Support Program

The Victim Services Support Program (VSS) provides ongoing funds to programs providing services to victims of crime. VSS focuses on (1) effective stewardship of state and federal funds for victim services, law enforcement, prosecution and courts administration and (2) providing technical assistance to crime victim programs on program development, fiscal management and services. Due to the various types of funding streams, VSS is able to fund nonprofit and governmental agencies to provide a cadre of services to crime victims and the local community. Funds support programs focused on connecting victims of crime to advocacy services, improving investigations, increasing prosecution, and improving the medical and courts response to victims in Iowa.

Fund Sources

Below is a brief summary of the various funding streams administered by the VSS.

Iowa Domestic Abuse (DA) and Iowa Sexual Abuse (SA) funds are appropriated by the Iowa Legislature through general funds. 100% of these funds are distributed to programs providing services to domestic abuse and sexual abuse/assault victims through comprehensive local and statewide service programs including victim-based shelters

Iowa Compensation Reserve Fund funds are granted at the discretion of the Attorney General to supplement state appropriations and federal awards. In State Fiscal Year (SFY) 2018, these funds supported two (2) the Human Trafficking Summit and the Statewide CVAD Victim Conference.

Federal Family Violence Prevention and Services Act (FV) funds are awarded to Iowa by the U.S. Department of Health and Human Services, Office of Administration for Children and Families, Office of Community Services. The U.S. Congress appropriates the funds annually. Each state receives a formula grant based on the state's population. CVAD is allowed to keep 5% of the funds for administration, with the remaining 95% distributed to domestic abuse programs and victim-based shelters. 70% of the funds must be allocated to family violence shelters. FV funds have a 25% match requirement.

Federal Sexual Abuse Services Program (SF) funds are awarded to Iowa by the U.S. Department of Justice, Office on Violence Against Women. The U.S. Congress appropriates the funds annually. Each state receives a base amount and additional funds based on a formula using the state's population. CVAD is allowed to use up to 10% of the funds for administration. CVAD uses 5%. The remaining 95% is distributed to non-profit sexual abuse programs. SF funds have no required match component.

Federal STOP Violence Against Women Act (VW) funds are awarded to Iowa by the U.S. Department of Justice, Office on Violence Against Women. The U.S. Congress appropriates the funds annually. Each state receives a base amount of \$600,000 and additional funds based on a formula using the state's population. CVAD is allowed to use up to 10% for administration. The remaining 90% is distributed to programs. Of the money directly granted to programs in Iowa, STOP requires the

following allocation: 5% to the courts, 25% to law enforcement, 25% to prosecution, 30% to victim services and the remaining 15% can be used at the state administering agency's discretion within the focus and purpose of the funds. VW funds have a 33.3% match requirement.

Federal Victims of Crime Act Assistance (VA) funds are awarded to Iowa by the U.S. Department of Justice, Office for Victims of Crime. The funds come from the federal Crime Victims Fund, which consists entirely of fines and penalties paid by convicted federal criminals and collected by U.S. Attorney's Offices. Each state receives a base amount of \$500,000, and additional funds based on a formula using the state's population. CVAD is allowed to keep 5% of the funds for administration, with the remaining 95% distributed to programs that provide direct services to crime victims. VA funds have a 25% match requirement.

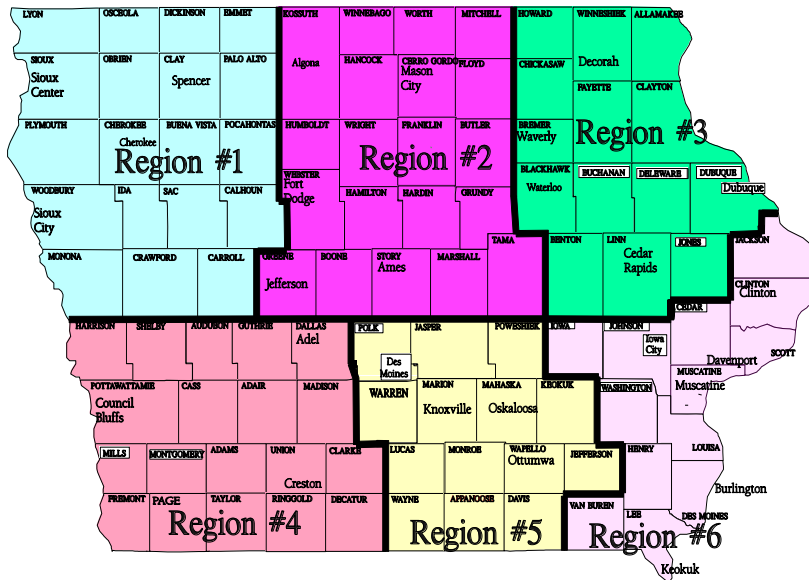

Service Model Summary

In State Fiscal Year 2013, the VSS Program along with collaborative partners such as the Iowa Coalition Against Domestic Violence, Iowa Coalition Against Sexual Assault and other experts in the victim service field created a Strategic Funding and Services plan for victim services. The goal of the plan was to change how to distribute available funding in a manner that most effectively provides quality services to all crime victims across the state.

The State of Iowa now uses the housing first model, which is focused on accessing and stabilizing safe housing as a first priority. After safe housing is established the victim/survivor is surrounded with support services, advocacy and other assistance identified by the victim and advocate for the victim to remain safe and violence-free. These services may include other items such as assistance with a protective order, financial housing assistance, transportation, car repairs, training or other items that enhance stabilization, safety and self-sufficiency. The service model incorporates different forms of housing such as a 24/7 emergency shelter, safe homes, hotel/motel, financial housing assistance, transitional housing and diverting victims from shelter and keeping them victim in their homes.

The service model implemented a regionalization of services that divided Iowa's services for domestic abuse and sexual abuse victims into six regions as shown in the map on the next page. The VSS Program determined available funds could support one or two programs in each region specific to each of the following types of services: domestic abuse comprehensive (DAC), sexual abuse comprehensive program (SAC), and victim-based shelter programs (SH). This focus increases the number of sexual assault advocates and more equitably distributes the resources for victims of both sexual assault and domestic violence.

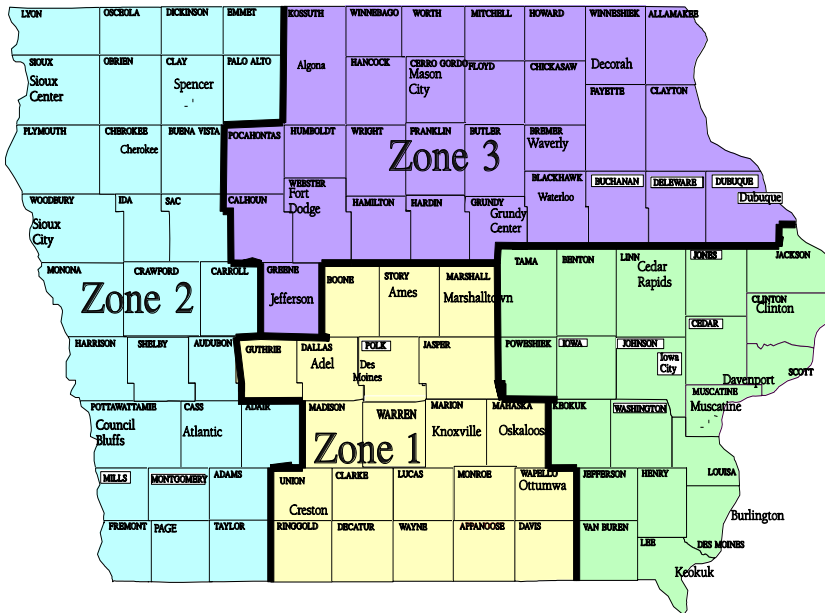

Iowa DA/SA Regional Map for Strategic Funding & Services Plan

The plan incorporates mobile advocacy in Iowa's rural areas of the state in order to meet victims in their communities rather than expecting victims to travel to another area of the state for services. It is critical for all cities and towns in Iowa have advocacy and outreach coverage. This plan means services are truly statewide.

During this timeframe, the VSS Program restructured survivors of homicide programming and other violent crime services as well. The majority of Iowa's homicide investigations are conducted by the Department of Criminal Investigations (DCI) through the Iowa Department of Public Safety. In order to create the most successful programming, funding for survivors of homicide programs was distributed based on the DCI Zones.

Iowa's Survivors of Homicide & Other Violent Crime Program Zones

Performance Statistics and Information

SFY18 was the fifth year of implementing the service model. The pie chart below breaks down the number of victims served by VSS-funded programs into three categories: domestic abuse (DA), sexual abuse/assault (SA) and other violent crime victims.

In SFY18, victim service programs in Iowa served 77,147 victims.

The statistics provided above includes all types of victim services agencies funded by the VSS Program including Victim Witness Coordinators through local prosecutor offices and survivors of homicide programs.

The Table 1 on the next page provides a breakdown of the victims served by type of victimization in SFY18. In comparing SFY17 to SFY18 there was an overall increase of approximately 20% in the number of crime victims served (64,547: 77,147) and from SFY14 to SFY18 there was an increase of 143% (31,687: 77,147). One of the most important statistics compares the overall victims served from before the restructure (SFY13) to how services are now structured and delivered (SFY18). There was an approximate increase of 175% in the number of victims served when comparing the old model of services (SFY13) to the fifth year of the new model of services or SFY18 (28,053: 77,147) which can be attributed to both the restructure and the increase in victim services funding.

Shelter Services and Crisis Calls

In the new service model, programs sheltered victims in various ways: keeping victims in their homes (diversion), traditional shelter building, safe homes and hotel/motels. Assessments are an important tool advocates use to assist victims in becoming and remaining violence-free and self-sufficient. In this service model advocates are conducting both housing stability and lethality assessments when assisting victims.

Victim service advocates conducted **9,108 housing assessment** in SFY18 which is a 17% increase from SFY17 (7,786:9,108) and increased by 153% from SFY14 to SFY18 (3,602: 9,108). When conducting these assessments, advocates assist crime victims through advocacy, problem-solving and financial assistance which are effective ways to stabilize survivors and to maintain safety and to increase self-sufficiency. Advocates were able to divert 11,074 victims (women, men and children) from shelter in SFY18 by providing rent and utility assistance, other forms of financial assistance and problem solving and advocacy. The following table provides a 3-year breakdown of the shelter diversion information.

Shelter Diversion	SFY16	SFY17	SFY18
Rent/Utility Assistance	1,213	1,898	1,181
Financial Assistance	1,387	1,778	1,896

The table below provides a breakdown of the number of victims sheltered by type of victimization and number of nights of safety/shelter provided comparing SFY16, SFY17 and SFY18. The table illustrates there has been a 65% increase in the number of victims receiving traditional shelter from SFY16 to SFY18 (2,975: 4,909) but an 8% decrease from SFY17 to SFY18 (4,538: 4,909). There has also been a decrease in the number of victims receiving non-traditional shelter through safe homes and hotels/motels. Specifically, a decrease of 40% in sheltering victims in hotels and motels from SFY16 to SFY18 (1,728: 1,061); however, there was a slight increase (.4%) from SFY17 to SFY18 (1,056: 1,061). Programs provided more nights of shelter in SFY 18 in all three categories: traditional shelter, safe homes and hotels/motels than they provided in SFY17.

Victim Services Programs track the number of people turned away from shelter. In SFY18, programs reported they turned away 1,771 people as summarized in the chart below.

Advocates assist victims in many different ways including safety planning, individual counseling, group counseling, civil and criminal advocacy, personal advocacy, housing/economic advocacy, etc. These services are conducted in-person and through the crisis calls and chat or text lines. In SFY18, advocates assisted victims through **84,357 crisis calls**, chats and texts an increase of approximately 5% from the 80,202 crisis calls answered in SFY17. In addition, programs reported they spent approximately 52,422 service hours on crisis calls, chats and texts.

Community Support and Awareness

Programs rely on community volunteers to help support victims by providing direct services and advocacy throughout Iowa. Some of these direct service activities include providing support groups to adults, teens and children, responding to emergencies at hospitals and law enforcement agencies, providing court accompaniment and transporting victims to shelter and appointments. In addition, many community volunteers also donate their time indirectly to support victims and the programs providing those services. Examples of indirect volunteering vary but could include mowing the shelter lawn, conducting presentations, assisting a victim in moving, organizing donations, conducting fundraising and awareness activities.

In SFY18, **9,990 Iowans volunteered** slightly more than **275,138 hours to victim services programs** in Iowa. This is equivalent to approximately 132 full-time staff donating their time. Volunteers gave 122,273 hours providing direct services to crime victims and 152,864 providing indirect services.

The number of volunteers increased by 20% from SFY17 to SFY18 (8,346: 9,990). When comparing pre-restructure in SFY13 to post-restructure in SFY18, there was an increase of 6,440 volunteers or 181% (3,550:9,990) and an increase of 123,724 in volunteer hours, an increase of 82% (151,414:275,138).

VSS funded programs increased outreach to the community through the media and through presentations. VSS funded programs had **11,361 media contacts** with newspapers, television and radio through articles, interviews and advertisements. This is decrease from 12,983 media contacts in SFY17. The Internet is an important resource for VSS-funded programs to disseminate information or to conduct community outreach. Programs reported **687,595 hits** on their websites or other uses of the Internet, such as Facebook or Twitter.

Presentations are an important way to reach victims and to interact with other professionals. In SFY18, VSS programs reported they conducted 7,388 (5,968 in SFY17) different presentations reaching 210,704 people about their services for victims. This is an increase of 1,420 presentations; however, is a slight decrease in the number of people in the audiences (221,971 in SFY17).

Professional Training and Collaborations

Training and collaborating with other professionals is one way VSS-funded programs improve the response to crime victims. By improving collaborative relationships with other criminal justice and local community agencies, victims' rights are ensured, and professionals have a clearer understanding of each agencies role.

In SFY18, VSS-funded programs conducted **2,731** training sessions to **48,463** professionals. Since SFY14, VSS-funded programs conducted 9,362 training sessions to 180,954 professionals.

Collaboration: Collaborating with other agencies is an important activity victim advocacy. The following chart provides a synopsis of collaboration from the past three state fiscal years.

State Fiscal Year	Collaborative Agencies	Collaborative Meetings
2016	12,168	29,526
2017	29,526	35,519
2018	17,352	37,516

Agencies reported on the meetings and referrals with the following types of agencies: courts, correction officials, DAC programs, governmental entities, healthcare providers, law enforcement, prosecution/victim witness coordinators, educational entities, SAC programs, shelter programs, therapist/counselors.

Referrals: In SFY18 victim service programs received **49,707 referrals**. The majority of referrals are from courts, DAC programs, law enforcement, prosecution/victim witness coordinators and governmental agencies. Law enforcement agencies and victim witness coordinators referred 2,218 victims/survivors to governmental victim services programs and 2,308 victims/survivors to non-governmental victim services programs.

Funding Application and Review Process

In 2016, the VSS Program released a three-year funding application for victim services applicants and criminal justice programs. State fiscal year 2017, (July 1, 2016 to June 30, 2017) was the first year of the three-year cycle, SFY2017-2019. The application/funding process is approved by the Crime Victim Assistance (CVA) Board. The application process began with the release of instructions and a technical assistance workshop outlining how to apply for the funding. Application writing workshops were conducted either in-person or through webinars. The workshop clarifies funding application requirements and the award process. The application process is outlined below

Due Date	Description
November 2015	Funding Application Workshops:
December 2015	Letters of Intent Due:
January 2016	Applications
March 2016	Application Review
April 2016	Crime Victim Assistance Board approved recommended awards
April 21, 2016	Denial and award letters mailed to funding applicants.
May 2016	Appeals or Requests for Reconsideration
June 2016	Crime Victim Assistance Board reviewed appeals for funding
June 2016	Contracts are issued to all funded applicants

Programs and agencies submitted a letter of intent to apply. Funding applications, or Requests for Proposals (RFP), were generally due approximately 9 weeks after the application instructions are released. In State Fiscal Year 2017, applicants were required to submit an application in the GEM System (IowaGrants.gov).

A volunteer Application Review Committee (ARC) reviewed and recommended funding. Members of the ARC have expertise in victim service delivery or related profession, grant management, and/or public policy. Each application was evaluated for purpose, compliance, completeness, clarity, quality of services, number of victims served, community support, feasibility, programmatic efficiency, financial management, geographical area and size of the population served.

The CVAD Director reviewed funding recommendations brought forth by the VSS staff and the ARC. The Director presented the recommendations and any alternate recommendations to the Crime Victim Assistance (CVA) Board. The amounts awarded to victim service programs were based on a formula that was approved by the CVA Board. The award amounts for law enforcement, prosecution or other non-victim service-based agencies were determined through a competitive process and non-formula. Subsequent funding in the second and third years of the funding cycle will be based on the first-year award and the amount of funds available.

Applicants had the opportunity to appeal denials or award amounts within 10 working days after the notice of award was mailed. The Crime Victim Assistance Board reviewed each appeal, with their decision rendered the final funding/award decision.

The VSS staff monitors the services, management, and fiscal operations of funded programs for compliance with state and federal regulations as well as quality services. Monitoring and oversight is conducted through on-site monitoring, desk monitoring and technical assistance meetings, conference calls and webinars.

Bonuses

It is the policy of the Victim Services Support Program that neither federal nor state funds will be used to reimburse bonuses to any VSS-funded program. This includes non-profit and nongovernmental agencies, or programs.

Overtime

Iowa's victim service advocates respond 24 hours a day, 7 days a week to victims at hospitals, law enforcement or other safe locations. VSS funds support eight emergency shelters in Iowa's six regions. The victim service programs that paid overtime did so to cover shelter, hotline and emergency response services due to staff training, vacancies, sick leave, vacation and staffing shortages. Law enforcement used overtime to conduct follow-up investigations, victim safety checks, attend training and conduct arrests on violence against women cases. It is generally not cost effective for Iowa's rural law enforcement agencies to fund a full-time law enforcement officer/investigator with Iowa's STOP Violence Against Women (VW) funds. A requirement of the VW is to fund law enforcement agencies to improve the response to domestic abuse, dating violence, sexual assault and stalking victims. See Appendix A for a map of the shelters funded through the VSS Program.

The total amount of claims paid in SFY18 is \$29,138,693.51. Of this amount the VSS Program paid \$101,951.74 in overtime, (0.03%).

IowaVINE

Iowa Victim Information and Notification Every Day (IowaVINE) is a free and anonymous telephone service that provides victims of crime with two important services: information and notification. IowaVINE is provided by the Iowa Attorney General's Crime Victim Assistance Division (CVAD) and the Iowa Department of Justice, initially implemented through a grant awarded by the Bureau of Justice Assistance.

IowaVINE monitors the custody status of offenders in Iowa's county jails and Iowa Department of Corrections facilities. The information is stored at the VINE Communications Center in Louisville, KY and is available 24 hours a day, 7 days a week. The IowaVINE services are available in English, Spanish, Bosnian and Somali. Individuals can access the notification system via telephone at 888-742-8463, at www.vinelink.com, or the VINEMobile smartphone app.

The information is open to anyone in the community with an interest in an offender held in custody. To search for an offender, the first and last name or offender identification number is needed. A secondary search option is the offender's birthdate or age. Registrants can access the offender's name, identification number, current custody status, location of offender, facility contact information, scheduled release date (if available), and information about crime victim services in the registrant's area.

The IowaVINE system began in 2006 with just a few counties. Today, all 99 counties participate along with the Iowa Department of Corrections (9 prisons). Of those 99 counties, 90 county jails and the Iowa Department of Corrections' facilities have photographs of the offender available online.

Registrants can choose to receive notifications via telephone, text and/or email. If the registrant chooses telephone, a four digit PIN number must be entered upon registration. The following are the automated call patterns of the system:

Normal: Calls will be made every 30 minutes for 24 hours or until the correct PIN is entered to confirm and stop the notification calls. If an answering machine or a person answers a call and the correct PIN is not entered, then calls will be made every 2 hours for the remainder of the 24-hour period.

Normal with Delay: Calls will be made every 30 minutes for 24 hours or until the correct PIN is entered to confirm and stop the notification calls. If an answering machine or a person answers a call and the correct PIN is not entered, then calls will be made every 2 hours for the remainder of the 24-hour period. *Transfer notification calls will be delayed for 4 hours from the time the record is received by VINE. Death notification calls will be delayed for 24 hours from the time the record is received by VINE.*

Non-Emergency with Delay: Calls will be made every 30 minutes between 7:00 am – 10:00 pm for 24 hours or until the call is confirmed. Calls are confirmed and stopped by entering your PIN. If an answering machine or a person answers a call and the correct PIN is not entered, calls will continue every 2 hours for 24 hours between 7:00 am – 10:00 pm.

Over the past few years, IowaVINE has consistently seen an increase in use both for its search functions and its registration and notification capabilities. There has been a consistent trend to electronic notification and specifically an increase in the use of text and email notifications. The following tables show a five-year summary from SFY 14 to SFY18.

Iowa Identity Theft Passport Program

The Iowa Identity Theft Passport Program was implemented on July 1, 2009. Iowans who are victims of identity theft after that date and who have reported the crime to the appropriate law enforcement agency may submit an application for an Identity Theft Passport.

Iowa law defines an identity theft victim as someone whose "identification information" is stolen with intent to fraudulently use or attempt to use the information to obtain credit, property, or services without the authorization of the victim. An individual's identification information includes his or her name, address, date of birth, telephone number, driver's license number, non-operator's identification number, social security number, place of employment, employee identification number, parent's legal surname prior to marriage, demand deposit account number, savings or checking account number, or credit card number.

An Identity Theft Passport will not be issued to a person in the case of an identity mistake or because the person has lost documents containing identifying information.

When a victim reports identity theft to law enforcement, he or she can apply for an Identity Theft Passport. The law enforcement agency will submit the completed application, law enforcement verification form, and other necessary documents to the Identity Theft Passport Program. Once all necessary information is obtained, eligibility for an Identity Theft Passport will be determined. An application will generally be processed within 30 days of receipt by the program.

A law enforcement agency, creditor, or consumer report agency may consider the Identity Theft Passport as they determine their course of investigation and action. The information may help prevent the victim's arrest or detention for an offense committed by someone using their identity. The information may also help a creditor who is trying to determine if fraudulent charges were made against the victim's accounts or if accounts were opened using the victim's identity. And the Identity Theft Passport may be given to a consumer-reporting agency to show that there is an identity dispute on the victim's consumer record. The consumer-reporting agency will include the Identity Theft Passport information in future credit reports related to the crime victim.

An identity theft passport is valid for five (5) years from the date of issuance or renewal. A person can apply to renew an Identity Theft Passport within 30 calendar days after its expiration.

A person issued an Identity Theft Passport must notify the Identity Theft Passport Program in writing of a change in their name or address. The holder of an Identity Theft Passport must immediately notify the program and the investigating law enforcement agency if the document is lost or stolen.

Iowa Code Chapter 22 requires that an application for an Identity Theft Passport is confidential and is not a public record subject to disclosure. Any person other than the holder of the Identity Theft Passport will be directed to the victim or the law enforcement agency that was the source of the information.

The Iowa Legislature changed the eligibility requirements of the legislation around the Identity Theft Passport program. Before July 1, 2015 (SFY16), proof that the crime happened in Iowa was required. New legislative language clarified that the victim must reside in Iowa at the time of the crime. This change will allow more victims to receive Identity Theft Passports in the future.

In SFY17 and SFY18, the program saw a slight decline in applications and approvals. CVAD staff continue to raise awareness about the program. As part of the Iowa Identity Theft Victim Assistance Coalition (IDTVAC), CVAD staff share information about the program with coalition members to increase awareness of the resource and how it works. The program is listed as a resource on an informational sheet that all members from the organization distribute to the populations they serve. CVAD staff have developed relationships with the Iowa DOT's Bureau of Investigation & Identity Protection, Consumer Protection Division, Polk County Attorney's Office, and various law enforcement agencies around the state regarding the program. CVAD staff utilize social media and display our brochures at tabling events to raise awareness of the program and reach more individuals.

The chart below shows the Identity Theft Passport Program usage since its launch in SFY2014.

Iowa Protective Order Notification (IowaPON)

The Iowa Protective Order Notification (IowaPON) system is a service for domestic violence and sexual assault protective order petitioners, others deemed to be at-risk by the abuser (respondent), advocates, and officers. IowaPON is open to the public for registration. The information is free and is available 24 hours a day, 365 days a year. IowaPON is available in English and Spanish and has 24-hour Operator Assistance. IowaPON is different from VINE (offender-based system). IowaPON is a service of the Iowa Attorney General's Crime Victim Assistance Division (CVAD) and the Criminal Justice Information Systems (CJIS) within the Department of Human Rights.

The IowaPON system launched May 1, 2012 after a statewide testing phase that began in June, 2010. The program provides registrants email and/or phone message notification when a civil protective order or criminal no contact order is served and 30 days prior to the order's expiration.

Individuals can access the notification system via telephone at 888-742-8463 or www.registervpo.com. Since the system is a 'closed' system, the registrant will need to provide very specific information including case number, respondent's full name, and county of issuance.

IowaPON is a PIN first service, to assure the confidentiality of the notification and the petitioner. The actual notification message isn't made until the PIN is entered. Generic messages will be played and left on voice mail until a live call is picked up and the PIN entered.

Standard: These notifications are done after a protective order has been served. A 'standard' call is one that will be made every 30 minutes until a notification call is answered. If the call is answered but not confirmed, subsequent calls will be made every 2 hours. Generic notification messages will be left on answering machine, but calls will continue every 2 hours. Notification calls will be made for 24 hours or until the correct PIN code is entered to confirm the call.

Advanced: These notifications are done prior to a protective order expiring. An 'advanced' call will be made in advance of a scheduled event (e.g. 30 days prior to the expiration of a permanent order). Calls will be made every 30 minutes between the hours of 7 a.m. and 10 p.m. until a notification call is answered. If the call is answered but not confirmed, subsequent calls will be made every 2 hours. Generic notification messages will be left on answering machine, but calls will continue every 2 hours. Notification calls will be made for 24 hours or until the correct PIN code is entered to confirm the call.

The IowaPON program began being tested in calendar year (CY) 2011 and was live by December 31, 2012. The yearlong testing phase was crucial to ensure that notifications were not missed. In CY2011, outreach and training were held across the state, providing information to victim advocates, clerks of court and law enforcement about the benefits of IowaPON and its use for victim safety. This series of training was then followed up with webinars for those who were not able to attend the training in person. Directly before launch, another series of trainings were held across the state. In coordination with a press conference with the Attorney General, IowaPON was launched the Spring of 2013.

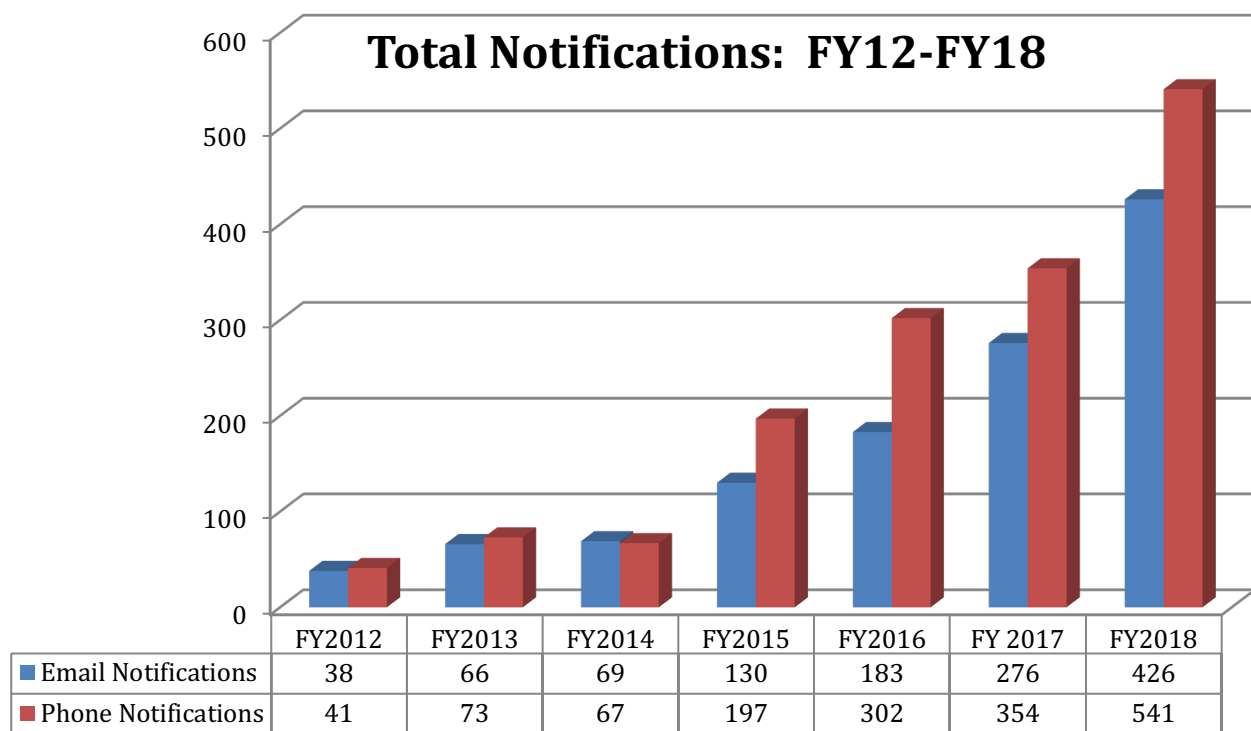

Registrants can receive notifications in both English and Spanish and they can receive those via phone call or email.

The table below shows the total registrations for IowaPON throughout the life of the program. It should be noted that for SFY11 & SFY12 the program was in a testing phase with limited counties. SFY13 - SFY18 show actual operational numbers. There have been a total of 2,924 registrations since testing in June 2010 and the formal launch in May 2012. The table below reflects Total registrations through SFY18.

Total Registrations FY2012 - FY2018

As awareness and outreach efforts increased across the state, the numbers increased for this newly launched notification program. The table on the next page represents the total notifications that have gone out over the span of the program's lifetime (SFY2012 – SFY2018).

Total notifications have increased steadily over the comparison period. For the program period, there have been 1,575 phone notifications and 1,188 email notifications.

As the system gains momentum across the state, there will be an increase in both registrations and notifications across the program. Within the past FY, training of sheriff's offices has made a big difference in parts of the state. Dispatchers are entering the service of the protective orders more consistently thus notifications of service are being made timely.

In SFY2017, the Iowa legislature enacted law enabling victims of sexual assault to obtain a protective order. The program should see increased usage due to this addition in protective order options. The legislation also mandated clerks of court inform victims of their right to register. This has increased our demand for training and awareness around this program for clerks of court.

Due to the legislative change mentioned above the program name changed July 1, 2017 from the Iowa Protective Order Notification Program for Domestic Abuse (IPONDA) to The Iowa Protective Order Notification Program (IowaPON). Rebranding and marketing was featured throughout SFY2018.

Registrant Watch Program

The Registrant Watch Program is Iowa's automated notification system for tracking of sex offenders. Registrant Watch was developed with the assistance of the Iowa Division of Criminal Investigation's Department of Public Safety's Sex Offender Registry Program and was fully implemented in Fiscal Year 2012. The Sex Offender Registry Program maintains the data received from the counties regarding sex offender updates.

Registrant Watch assists individuals who register for notification of sex offender updates in their neighborhoods, cities, or states. Registered sex offenders fall along a tier system in the State of Iowa. Tier one offenders must update registration once per year. Tier two offenders must update their status twice per year. Tier three offenders must update their information three times per year.

Registrant Watch provides 24-hour access to sex offender registration information online while having the ability to register for sex offender's location and other characteristics. The system then provides the registrant with email or phone messages with a change in the location or identification information of that sex offender.

The service contacts individuals via phone and or email. Phone calls can come at any time of the day. If there is no answer or the call goes to an answering machine, the system will call back once for a total of two calls. A short message will be left on the answering machine. This service is confidential and free of charge.

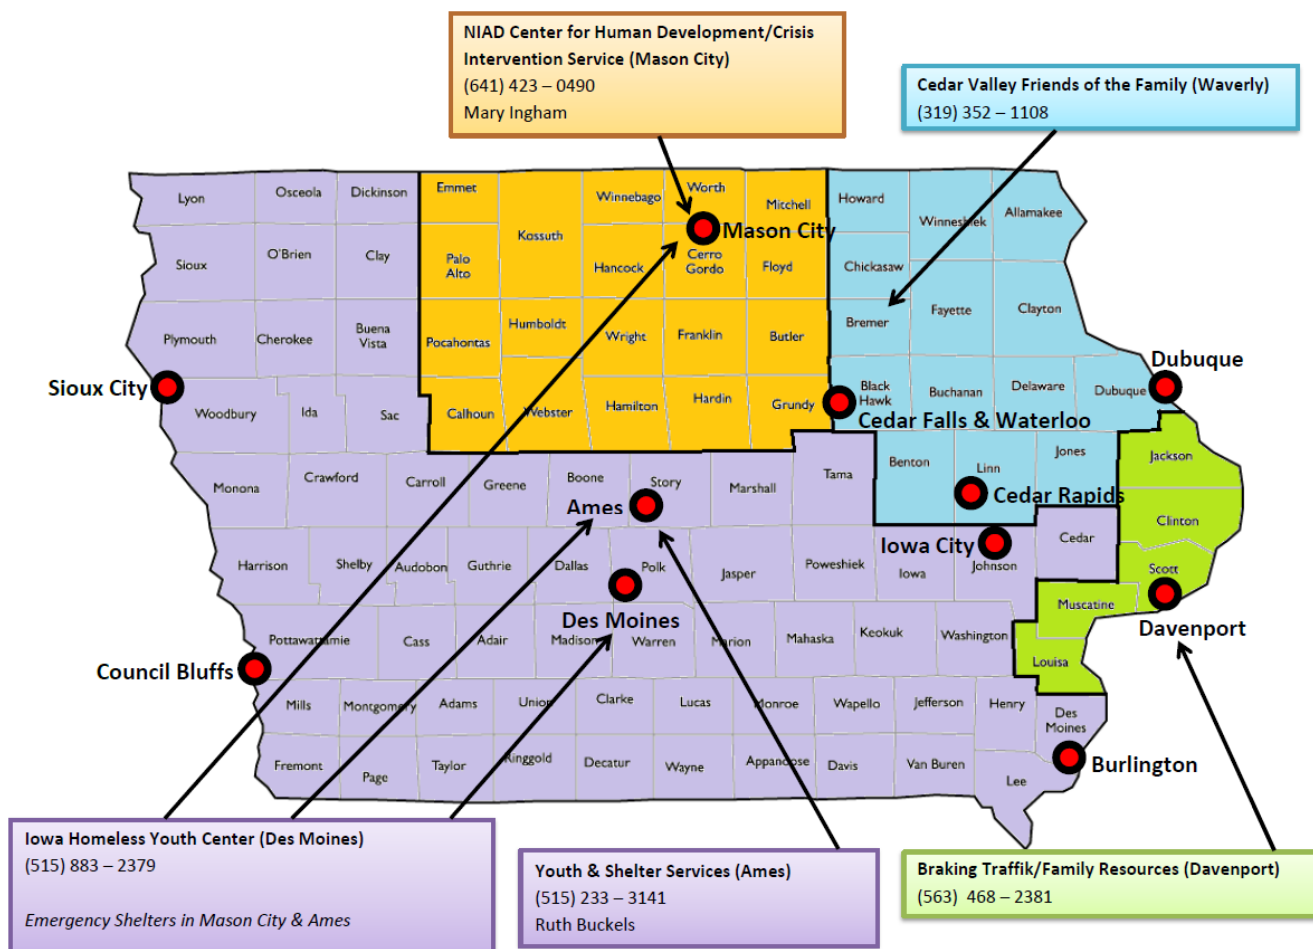

To register, go to www.iowasexoffender.com or call 515-725-6050.

CVAD Human Trafficking Initiatives

The Iowa Attorney General's Office is dedicated to protecting trafficking victims and preventing future trafficking within the state of Iowa. As a department, we work to combat the crime of human trafficking by providing programming that directly benefit victims of trafficking, by funding local crime victim service organizations that provide direct services to trafficking survivors and by assisting the criminal justice system in holding traffickers responsible for the effects of their actions.

Human Trafficking Direct Services

While victim service agencies across the state continue to provide services to human trafficking survivors, CVAD was able to provide targeted funding to five programs to deliver human trafficking-specific services in Iowa: NIAD/Crisis Intervention Service (Mason City), Cedar Valley Friends of the Family (Waverly), Family Resources/Braking Traffik (Davenport/Quad Cities), and Youth and Shelter Services (Ames/Des Moines).

Human Trafficking Prevention & Awareness Grants

The purpose of the Human Trafficking Prevention & Awareness Grant is to support the development and/or enhancement of education, awareness, and prevention projects to and about human trafficking victims. Projects were funded through a combination of federal victim services funds and State of Iowa, legislatively mandated trafficking training and prevention set aside funds in SFY15. In State Fiscal Year 2018, CVAD funded eight programs to develop and implement projects related directly to increased awareness and prevention of labor and sex trafficking in Iowa:

Funded Program	Project
Braking Traffik (Family Resources) <i>Statewide</i> Grant Amount: \$56,600	Statewide awareness campaign on workers' rights, labor and sex trafficking, and how labor trafficking victims may access help. In partnership with the pro-bono immigration legal organization Justice for Our Neighbors (JFON) and Iowa Workforce Development (IWD), the outreach campaign targeted documented and undocumented immigrants, refugees, temporary international workers in Iowa on H2-A/H2-B Visas, and migrant seasonal farm workers. Information on workers' rights, forms of immigration relief available for trafficking survivors, and available victim services disseminated to workers throughout the state. Water bottles and sunscreen sticks with the statewide victim hotline number created for dissemination during outreach. Statewide PSA Campaign developed in SFY2017 with this funding (TV ads, informational brochures, and social media) translated into multiple languages to coincide with the labor trafficking prevention initiative. 30 billboards across Iowa feature human trafficking PSAs and include the logo/information of the lead DV/SA service providers in the region.
Blank Children's Hospital <i>Polk County</i> Grant Amount: \$49,500	High-risk assessment tool and database to proactively identify and track children who may be at risk for victimization, or have already been victims, of commercial sexual exploitation (sex trafficking). Modeled after an existing tool developed in Colorado, A multi-disciplinary team was established in Iowa between Blank Children's Hospital Regional Child Protection Center (RCPC), Des Moines metro law enforcement agencies, DHS, the local prosecutors' offices, advocacy centers, probation, shelter, and school systems. A formal MOU and confidentiality agreement and the creation of a secure database will allow partners to share aggregate information on at-risk youth who exhibit "identifiers" or "enhancers" of human trafficking, as well as information on conducted forensic interviews and medical examinations. The project is aimed at identifying and preventing victimization but may also be used to assist in the investigation and prosecution of traffickers who exploit vulnerable children.

<p>Iowa DOT/MVE</p> <p><i>Statewide</i> Grant Amount: \$30,500</p>	<p>Statewide PSA Campaign via radio, satellite radio, and social media. Motorists encouraged to fight human trafficking by calling the Iowa Victim Services Call Center and/or the National Human Trafficking Hotline to report suspicious activity they may encounter while traveling on Iowa's highway system. Through an established relationship with national organization Truckers Against Trafficking (TAT), public education will be conducted at the 38th Annual Walcott Trucker's Jamboree (July 13-15) and opening day of the Iowa State Fair (August 10, 2017). Estimated 44,000 and 90,000 people attending, respectively. Funding for social media activity is recommended specifically as this was identified as a needed form of outreach by trafficking survivors who participated in our human trafficking statewide needs assessment (forthcoming).</p>
<p>Youth and Shelter Services (Teens Against Human Trafficking)</p> <p><i>Black Hawk, Buena Vista, Calhoun, Cerro Gordo, Chickasaw, Hardin, Humboldt, Kossuth, Linn, Story, Webster, Winnebago, Wright, Carroll, Clay, Hamilton, Palo Alto, Pocahontas, Sioux, and Woodbury</i> Grant Amount: \$25,000</p>	<p>Funding for part-time community educator to conduct human trafficking awareness and prevention education programming in schools and communities throughout central and north central Iowa. Community educator will continue to evaluate the need for further training within existing service area while expanding into additional counties.</p>
<p>Sac and Fox Tribe of the Mississippi</p> <p><i>Meskwaki Settlement</i> Grant Amount: \$20,000</p>	<p>External consultants hired to develop a strategic plan focused on human trafficking. The plan includes a needs assessment, a review of current organizational structure, and determination of community risk. Out of this strategic plan Meskwaki Victim Services will determine potential root causes of trafficking within this specific community, identify tribal code updates necessary to prevent future trafficking, identify educational and resource needs, identify verbiage to be used in community outreach, and identify ways to make victims of trafficking not feel like criminals. The plan also identifies organizations inside and outside of the Tribe that should be a part of the anti-trafficking program. The goal of the overall human trafficking program is to raise awareness amongst tribal populations, provide outreach to the community, and promote social change in an accessible and culturally-sensitive manner.</p>
<p>GLBT Youth In Iowa Schools (Iowa Safe Schools)</p> <p><i>Statewide</i> Grant Amount: \$10,500</p>	<p>Social media campaign advertising human trafficking awareness through Facebook, Twitter, and Instagram. Campaign focused on increasing visibility of the issue of human trafficking, creating awareness about educational events, and engaging Iowans to sign up for more information. Funding would also create specialized Pride Packs to be handed out at Iowa Pride events. These specialized materials would include information on victim identification, resources, and generalized awareness on the issue. As a stipulation to receiving this funding, Iowa Safe Schools required to coordinate with a CVAD-funded human trafficking victim service agency to create specialized-GLBT outreach materials including brochures and</p>

	handouts to engage lowans on human Trafficking.
University of Iowa Rape Victim Advocacy Program <i>Statewide</i> Grant Amount: \$5,400	Social media video advertisement strategy. A multicultural and inclusive lens was to be utilized in order to create social media videos targeting Iowa's Latinx communities. Bilingual videos going back and forth from Spanish to English placed on multiple social media platforms including Facebook. Ads to raise awareness about both labor and sex trafficking, as well as where victims might access services.
Wings of Refuge <i>Statewide</i> Grant Amount: \$2,500	Anticipated cost of printed educational materials for the year including informational handouts, posters, and training manuals. All printed materials aimed at increasing awareness and education on trafficking as well as information for human trafficking hotlines.

Statewide Training and Collaboration

The Iowa Attorney General's office, in collaboration with the Iowa Department of Public Safety Office to Combat Human Trafficking and the Iowa Law Enforcement Academy, sponsored the 2018 Iowa Human Trafficking Summit held on April 18-19, 2018 at Prairie Meadows Event Center. The Summit focused on increasing awareness and understanding of all forms of trafficking, best practices for serving trafficking survivors, and multi-disciplinary response coordination. The Summit featured local and national experts in law enforcement, prosecution, victim services and medical tracks.

Attendance at the 2-day Summit exceeded initial expectations, with 403 individuals attending the Summit. Attendees represented a variety of professions including victim service, law enforcement, social work, medical, prosecution, legal and other. Feedback from the Summit was largely positive and more than 89% of conference attendees indicated that the Summit met or exceeded their expectations.

Sexual Assault Kit Initiative

CVAD was awarded a total of \$3 million to deal with previously-untested sexual assault evidence kits in the possession of Iowa law enforcement agencies. An inventory of law enforcement agencies conducted in SFY16 and 17 showed 4,265 untested kits. About half of the kits inventoried were prioritized for testing under the Sexual Assault Kit Initiative (SAKI) funds. Prioritization was determined by the SAKI multi-disciplinary team (MDT) based on the reason each kit was not sent in for testing at the time it was collected. 2,274 (54%) of kits inventoried met the MDT's testing strategy. Those reasons include:

- Doubt Truthfulness of Accusation (14.6%)
- Analysis not requested by prosecution (10.5%)
- Other (8.8%)
- Questions regarding consent (5.6%)
- Uncertain of usefulness of forensic evidence (5.5%)
- Case has been dismissed (2.9%)
- Suspect not identified (2.6%)
- Suspect identified but not formally charged (2.6%)
- No information provided; insufficient funding for analysis of evidence (<1% each)

During SFY18, the Iowa Sexual Assault Kit Initiative (SAKI) conducted significant project activity. Through a contract with Bode Cellmark to analyze sexual assault evidence kits, 690 kits were submitted to Bode Cellmark for analysis. 143 kits analyzed during SFY18 were negative for DNA. 166 were positive for male DNA. 51 DNA profiles were entered into state and federal databases. 21 DNA matches occurred during SFY18.

CVAD partnered with the Department of Public Safety Division of Intelligence utilizing grant funds to support creation of a packet of investigative information such as criminal history and last known contact information for the individual whose DNA matched the kit evidence, as well as contact information for the victim. This information provides the jurisdictional law enforcement agency with a head start in notifying the victim of the new information from the case; and re-investigating through the DNA match. All 21 cases with a DNA match were forwarded to law enforcement for follow up.

A project website went live in March, 2018 for stakeholders involved in sexual assault response, and survivors of sexual assault. The website, <https://www.iowasaki.com/>, provides updates on the project, resources for professionals who deal with sexual assault cases, and gives survivors the ability to contact SAKI staff to "opt-in" to notification when the kit is tested, or "opt out" of notification. 757 users visited the website from March through June.

During SFY18 SAKI identified and developed training opportunities for members of sexual assault response team communities such as law enforcement, prosecution, victim advocacy, and sexual assault nurse examiners. Plans were made to bring two members of SAKI training and technical assistance provider AEquitas to Iowa to train professionals from across the state on the topics of overcoming the consent defense, trauma informed interviewing, and reaching a verdict. Although the AEquitas visits were conducted in July, preparations were finalized in SFY18. Also, during this time SAKI began development of trainings on initial contact with victims of sexual assault, and on report writing for sexual assault cases. These trainings are crucial to preparing law enforcement officers to respond not only to sexual assault, but all violent crimes in which trauma affects the victim. These two trainings were approved by the US Department of Justice, Bureau of Justice Assistance for SART partners throughout Iowa and are offered free of charge across the state.

Barring any unusual circumstances, within 90 days of the receipt of the request, the board, or a committee designated by the chair of not fewer than five members of the board, shall issue a decision.

9.36(4) District court appeal period. An applicant shall submit a petition for judicial review to the district court within 30 days of the receipt of the notice of the board's decision.

61—9.37(17A) Waiver from rules. This rule establishes a uniform process for granting waivers from rules adopted by the board governing the crime victim compensation program.

9.37(1) When waiver is appropriate. The board may grant a waiver from a rule the board has adopted if the board has rule-making authority to promulgate the rule, and no statute or rule otherwise controls the granting of a waiver from the rule. No waiver may be granted from a rule that defines a term. No waiver may be granted from a requirement that is imposed by statute. Any waiver must be consistent with statute.

9.37(2) Criteria for discretionary waivers. The board may grant a waiver from a rule, in whole or in part, in response to a request from an applicant or on the board's own motion, as applied to a specific claim, if the board finds that:

- a. The application of the rule to the claim at issue would result in hardship or injustice to the person seeking compensation; and
- b. The waiver would be consistent with the public interest or the public interest will be protected by other means substantially equivalent to full compliance with the rule; and
- c. The waiver in the specific case would not prejudice the substantial legal rights of any person.

9.37(3) Board discretion. The decision about whether the circumstances justify the granting of a waiver shall be made at the sole discretion of the board, upon consideration of all relevant factors.

9.37(4) Criteria for mandatory waivers. In response to an applicant's request, the board shall grant a waiver from a rule, in whole or in part, as applied to the particular circumstances, if the board finds that the application of the rule in that specific case would not, to any extent, advance or serve any of the purposes of the rule.

9.37(5) Administrative deadlines. When the rule from which a waiver is sought establishes deadlines, the board shall balance the specific individual circumstances of the applicant with the overall goal of uniform treatment of all applicants.

9.37(6) Conditions. The board may condition the granting of a waiver on reasonable conditions to achieve the objectives of the particular rule in question through alternative means.

9.37(7) Public availability of waiver decisions. A board decision granting or denying a waiver shall be included in the board minutes with reference to the following:

- a. The particular case and the rule or portion thereof to which the decision pertains;
- b. The relevant facts and reasons upon which the action is based; and

- c. The scope and operative period of the waiver if one is issued.

Subject to the provisions of Iowa Code section 17A.3(1)"e," the department shall maintain a record of all orders granting and denying waivers under this chapter. All waiver decisions shall be indexed and available to members of the public at the crime victim assistance division office.

9.37(8) Voiding or cancellation. A waiver is void if the material facts upon which the request is based are not true or if material facts have been withheld. The board may at any time cancel a waiver upon notice to the victim by regular mail and an opportunity to be heard, if:

- a. The facts as stated in the request are not true or material facts have been withheld, or
- b. The applicant has failed to comply with the conditions of the waiver.

9.37(9) Effectiveness of waiver. After the board issues a waiver, a person seeking compensation may rely on the terms of that waiver for the purposes of the particular case for which it was issued. A waiver shall only be effective in the case for which it is issued.

9.37(10) Appeals from waiver decisions. Any request for an appeal from a decision granting or denying a waiver shall be in accordance with the procedures provided in Iowa Code chapter 17A and the board's rules. An appeal shall be taken within 30 days of the issuance of the waiver decision unless a contrary time is provided by rule or statute.

These rules are intended to implement Iowa Code sections 915.80 through 915.94.
