

REPORT

OF THE

Secretary of State

TO THE

GOVERNOR OF IOWA

OF THE

Transactions of the Land Department

July 1, 1908, to June 30, 1910

W. C. HAYWARD, SECRETARY OF STATE

DES MOINES
EMORY H. ENGLISH, STATE PRINTER
1910

REPORT

OFFICE OF SECRETARY OF STATE,
Des Moines, Iowa.

To His Excellency, B. F. Carroll, Governor of Iowa:

SIR—In compliance with the provisions of section 122 of the Supplement to the code, I have the honor to submit the following report of the transactions of the Land Department during the biennial period ending June 30, 1910.

During this period the United States, through its proper officers, patented to the state 720.02 acres of swamp land located in Webster and Clinton counties. The state received no other land during the past two years from the federal government.

The following table shows the number of acres of the various classes of lands patented by the state during the past two years.

	Acres
Sixteenth section grant	500.93
Five hundred thousand acre grant	295.24
Mortgage school land	*
Swamp land "in place"	720.02
Meandered lakes and lake beds	261.50
Under acts quieting title	119.25
Total	1,896.94

The following table gives the number of acres which remained unpatented and unsold at the close of the biennial period:

Character of Land	Unpatented acres	Unsold acres
Sixteenth section grant.....	12,406.235	120.000
Five hundred thousand acre grant.....	6,829.880
University land	794.576	572.840
University land (Saline Grant).....	1,809,990	1,329,990
University land (donated and mortgage).....	560,000	560,000
Agricultural college land.....	229,430	229,430
Abandoned river channels, islands, etc.....	4,313.494	4,313.494
Swamp land
Railroad land (number of acres unpatented cannot be estimated)
Total	26,943.549	7,125.304

*Two lots in the village of Rossville, Allamakee county, and one-half a lot in Knoxville, Marion county.

The government land office in Des Moines was closed February 28, 1910, by order of the secretary of the interior in accordance with an act of congress approved February 15, 1910. In compliance with the act of congress the tract books on file in that office, numbering 121 volumes, were tendered the state by the commissioner of the general land office. These were accepted for the state by the executive council and ordered filed in the land office. Nearly all of the books received were badly in need of rebinding and on advice of the council I asked for bids and awarded the contract for the rebinding to the lowest bidder. The books are now filed in a fire proof steel case in the land office. These records will be of much convenience to the citizens of Iowa as they contain much valuable information that can only otherwise be obtained in the office of the commissioner of the general land office at Washington, D. C.

The fees received by the land department during the biennial period were as follows:

For certificates and certified copies.....	\$ 875.95
From sale of meandered lakes and lake beds.....	918.50
From sale of school land under provisions of chapter 273, acts 33d G. A.	100.00
Total	\$1,894.45

All of which have been paid into the state treasury as required by law.

Very respectfully,
W. C. HAYWARD,
Secretary of State.

SCHOOL LANDS

The school lands of the State of Iowa consist of the sixteenth section in every congressional township, or lands in lieu thereof, granted to the State by act of Congress, approved March 3, 1845; the lands acquired by the State under the act of Congress, approved September 4, 1841, known as the "500,000 Acre Grant," and the lands called the "Mortgage School Lands," the latter being the lands the State has acquired under foreclosures of mortgages given to secure loans of the school fund in the several counties.

The proceeds of the sales of lands acquired under the "Sixteenth Section Grant" and "500,000 Acre Grant," together with 5 per cent on the sales of the public lands within the State, granted by act of Congress, and the proceeds of the sale of intestate estates which escheat to the State, constitute the permanent school fund of the State of Iowa, the interest of which is used for the support of the common schools.

SIXTEENTH SECTION GRANT.

TABLE NO. 1.

Giving the total number of acres in each county acquired by the state under the grant; the total number of acres patented; the number of acres patented during the biennial period ending June 30, 1910, and the number of acres remaining unpatented.

THE UNIVERSITY LANDS

The University lands consist of lands granted to the State by acts of Congress, approved July 20, 1840, and March 3, 1845, known as the "University Grant;" also lands acquired by the State under the "Saline Land Grant," under the act of Congress, approved March 3, 1845; also lands obtained by donation and the foreclosure of mortgages given to secure loans of the university funds.

UNIVERSITY LAND GRANT.

TABLE NO. 8.

Giving the total actual number of acres in each county approved to the state under the grant; the total number of acres patented by the state; the number of acres remaining unpatented, and the number of acres remaining unsold at the close of the biennial period ending June 30, 1910.

THE AGRICULTURAL COLLEGE LANDS

The agricultural college lands consist of lands acquired by the State under the act of Congress, approved July 2, 1862, known as the "Agricultural College Grant;" also land acquired by the State under the "Five Section Grant" made by the act of Congress, approved March 9, 1845; also lands acquired by purchase, by donation and by foreclosure of mortgages given to secure loans of the college funds.

AGRICULTURAL COLLEGE GRANT.

*The nw quarter of 30-97-28 and the s half of ne of 29-95-30, containing 229.48 acres, were approved to the state under this grant. The said tracts were also patented to the state under the swamp land grant and disposed of by the state as swamp lands.

THE SWAMP LANDS

The swamp lands consist of lands which have been acquired by the State under the act of Congress, approved September 28, 1850, known as the "Swamp Land Grant," and the acts of Congress, approved March 2, 1855, and March 3, 1857, acts amendatory of and supplemental to the act making the grant.

Since the date of the grant the State has selected about 4,572,816.27 acres of swamp lands. The department of the interior has held that a large amount of the lands embraced in these selections was not of the character defined and granted by the act of 1850. The State has acquired 873,736.42 acres of swamp lands in place, and 321,976.98 acres of indemnity swamp lands; and has received cash indemnity for about 471,072.64 acres. The State has received in lands and cash only about 1,666,786.04 acres out of the 4,572,816.27 acres selected.

The following statement shows the status of the swamp land grant accounted to the State by the General Government.

1. Total quantity of swamp lands in place and swamp land cash and land indemnity in Iowa, selected, approved and patented, from September 28, 1850, to June 30, 1910:

Selected	Acres.
Selected	4,572,816.29
Approved—Lands in place	944,578.84
Patented—Lands in place	873,736.42
Approved—Cash indemnity (\$587,477.50) on basis of	471,072.64
Approved—Land indemnity	341,632.97
Patented—Indemnity lands	321,976.98

2. Total quantity of swamp land selections remaining unadjusted on June 30, 1910.

Swamp lands in place—claims	(not compiled)
Swamp lands indemnity claims	487,605.77

SWAMP LANDS PATENTED.

During the biennial period ending June 30, 1910, 720.02 acres of swamp lands in place have been patented to the State, all of which have been in turn patented by the State to the counties entitled thereto. The following is a descriptive list of the lands so patented.

TABLE NO. 15.

THE RAILROAD LANDS

The railroad lands of Iowa consist of all lands granted by the various acts of congress to aid in the construction of certain railroads in the State of Iowa. Lands which inured to the State under these grants have either been patented or certified to the State by the proper government officials, and in turn were granted to the railroad companies entitled thereto by the legislature of Iowa. The lands inuring to the railroad companies under the act of Congress, approved June 2, 1864, were certified and approved direct to the said companies by the commissioner of the general land office and the Secretary of the interior. Certified copies of lists of lands approved under this act are of record in the state land office.

The biennial report of this department for the period ending June 30, 1901, contained a complete list of all the acts of congress and of all the acts of the general assembly of Iowa relative to the railroad grants. The demand for that report was so great that the edition was exhausted and it was deemed best to reprint that part of the 1901 report that contained the railroad laws in the 1909 report of this department. There are still remaining on hand copies of this report that may be obtained on application.

The railroad land grants have been practically all adjusted by the department of the interior and there are but few tracts yet to be approved under the grants of congress. These are mostly tracts which have been held up by the department on account of conflicts with other grants.

ABANDONED RIVER CHANNELS, SAND BARS OR ISLANDS

Chapter 212, Acts of the Thirty-first General Assembly, authorizes the survey, appraisal and sale of "land between high water mark and the center of the former channel of any navigable stream, where such channel has been abandoned, so that it is no longer capable of use, and is not likely again to be used, for the purposes of navigation, and all land within such abandoned river channels, and all bars or islands in the channels of navigable streams not heretofore surveyed or platted by the United States or the state of Iowa, and all within the jurisdiction of the state of Iowa." Under the provisions of this act, the following islands have been sold during the past two years.

SIOUX CITY LAND.

In the last report of the land department, page 17, it was noted that a court action, instituted by the Dumbarton Realty Company, claiming title to this land, had been instituted and that by order of the district court the state had been stopped from proceeding with the disposal of the land. The case was tried before Judge Oliver in November, 1906, and a decision rendered adverse to the claims of the state. During the time allowed by statute for the state to appeal to the supreme court of Iowa the court reporter for Judge Oliver was taken sick and died, and it was impossible to secure a certified transcript of the testimony given in the trial. The state asked for a new trial that the questions involved might be passed upon by the supreme court. The district court granted the request, and from this decision, granting a new trial, the plaintiffs appealed. The supreme court, in an opinion rendered May 7, 1909, reversed the district court in its order granting a new trial. This determined the action, as the time allowed the state to appeal on the judgment, rendered in the district court, had expired. The state has returned the purchase money of the applicants.

COUNCIL BLUFFS LAND.

The application of Chas. R. Hannan of Council Bluffs, spoken of on page 45 of the last report of the land department, for a certain sandbar or island in the Missouri river, is still pending in the United States courts. The Omaha Bridge and Terminal Railway Company by stipulation with the attorney general of Iowa agreed to pay the state \$5,000 for 28.226 acres of land in which they were interested and dismiss their action in the case. The money was received by the state and patent was issued to the company June 27, 1907. The other plaintiffs in the suit

went to trial with the case, and a decision was rendered by Judge Smith McPherson adverse to the claims of the state. From this decision the state has appealed. The case was submitted to the district court of appeals over a year ago, but no decision has been rendered.

ISLANDS IN MONONA AND WOODBURY COUNTIES.

Bird, Hunter's and Governor's islands in Monona county, and Best, Grand and Long islands in Woodbury county have all been surveyed and appraised under the provisions of chapter 212, acts of the Thirty-first General Assembly. These islands were advertised for sale by the state, as required by law, but no bids have been received for their purchase.

MEANDERED LAKES

Chapter 186, Acts of the Thirtieth General Assembly, authorized the Executive Council to survey the meandered lakes and lake beds in the state and to determine what lakes shall be maintained and what meandered lake beds may be drained, improved, demised or sold. This act was amended by chapters 196 and 197, Acts of the Thirty-second General Assembly. Chapter 196 vested authority with the Executive Council to grant authority to construct, equip and maintain canals between any of the lakes so maintained, and chapter 197 provides that any person or corporation who has heretofore purchased from any county any lake or lake bed in aid of or because of the construction of a work of internal improvement shall be considered a bona fide purchaser, provided an actual sale of such lake or lake bed had not been previously made by the Executive Council.

Under the provisions of chapter 186, Acts of the Thirtieth General Assembly, the Executive Council has ordered the following lakes to be maintained: Rush Lake, in Osceola county; Four Mile Lake, in Emmet county; Virginia and Medium lakes, in Palo Alto county, and South Twin Lake, in Calhoun county.

The following lakes have been authorized drained and disposed of in accordance with the act of the General Assembly: Rat and Swan lakes, in Pocahontas county; Rice Lake, in Winnebago county; Bright's Lake, in Worth county; Sand Hill Lake, in Woodbury county; Rush and Lard lakes, in Sac county; Cheever Lake, in Emmet county; Elbow Lake, in Palo Alto county; Pond Grove Lake, in Calhoun county; Bass Lake No. 1, in Humboldt county, and Bass Lake No. 2, in Humboldt and Webster counties; Wapello Lake, in Louisa county.

During the past two years patents have been issued to the following lots in Sand Hill Lake, Bass Lake and Wapello Lake:

SAND HILL LAKE, lying in sections ten (10), twelve (12), thirteen (13), fourteen (14), twenty-three (23), twenty-four (24), twenty-six (26), twenty-seven (27), and thirty-four (34), in township eighty-six (86) north, range forty-seven (47) west of the 5th P. M., Woodbury county, Iowa.

BASS LAKE, situated in Webster county, was patented August 27, 1908, to Webster county by the state under the provisions of section 2900-a25 of the Code Supplement, 1907.

SPECIAL ACTS OF THE GENERAL ASSEMBLY RELATIVE TO THE CONVEYANCE OF LAND

The Thirty-third General Assembly authorized the issuance of patents to quiet title and to donate lands to public enterprises as follows:

Chapter 266 dedicates and sets apart Medium Lake, in Palo Alto county, and the islands therein belonging to the state, for the use of the people of the state and for public parks and recreation grounds, and extends the jurisdiction of the City of Emmetsburg so as to include the public waters and public lands within said lake. The act became effective February 18, 1910.

Chapter 267 granted the City of Dubuque that part of the abandoned river bed of the Mississippi river lying within the limits of the City of Dubuque and situated in sections 25 and 36, township 89 north, range 2 east. Patent was issued November 8, 1909.

Chapter 269 granted to the Omaha, Council Bluffs and Suburban Railway Company a right of way over the lands of the Iowa School for the Deaf, located near Council Bluffs. The act became effective March 27, 1909.

Chapter 270 authorized the issuance of a patent to W. F. Werner for part of lot 1, in section 16, township 71 north, of range 9 west, of the 5th P. M. This patent was issued July 15, 1909.

Chapter 271 authorized the issuance of a patent to O. J. Felton, upon the payment of one dollar and twenty-five cents per acre, for the southwest quarter of the northwest quarter and the southeast quarter of the southwest quarter of section 16, township 85 north, of range 5 west, of the 5th P. M. The patent was issued July 22, 1909.
