Press Release Available

Libraries that received an ARPA Grant last summer received a press release last month. Thanks to Emily Bainter, State Library Communications Specialist, grant recipients can download a Word document, customize it with local library information, and send it off to local media outlets.

Last summer, the State Library awarded Iowa public libraries up to \$5,000 from a portion of its of funding from the American Rescue Plan Act (ARPA) Grant funds are being used for materials and technology to support digital inclusion efforts. Grant projects are enabling libraries to be community partners in supporting education, health, and workforce development needs, responding to pandemic needs, or promoting public health protocols.

"We were excited to offer these ARPA grants to public libraries and now we anticipate the positive outcomes that will result, especially because we believe the ones who will benefit most are library patrons." said Michael Scott, State Librarian of Iowa.

And grant winners, one more reminder: if you haven't already done so, **claims for reimbursement are due by April 29**. After the items, goods, or services have been received, request the grant funds in the form of a reimbursement. The reimbursement form will be sent via e-mail to the library through DocuSign. Note there will also be a final grant report due from all recipients. That particular report form is not ready yet, but stay tuned...

So if your library received an ARPA grant, be sure to tout this award and the value it brings to your community. The sample press release provided by Emily helps tell the story, plus being a welcome time-saver!

Lobby From Home Day + February Webinars

Tomorrow February 8th is ILA's "**Lobby From Home Day.**"

Each year, the Iowa Library Association sponsors this advocacy effort that urges library trustees, Friends Groups, and patrons to contact their area legislators, impressing upon them how necessary libraries are in community life.

From ILA's website "...Contact your state legislator to say "Thank You" and to remind them how important your library is to your community. They love hearing from local constituents even more than from librarians. And find a way to get your patrons involved."

As you plan your upcoming conversations with local legislators, you'll benefit from [ILA's Legislative Agenda](#)

Libraries and Social Workers. February 23rd. 2:00-3:00PM

The State Library is sponsoring a webinar on February 23rd titled "**Libraries and Social Workers: What a Collaboration Could Look Like in Your Library.**" Social workers have been working in collaboration with libraries for over a decade. They address patron psychosocial needs such as resources for poverty, mental health problems, substance abuse, or health problems. This successful collaboration is found across the country in urban and rural libraries.

Dr. Beth Wahler, the Dean of the School of Social Work at the University of North Carolina at Charlotte, is a key researcher on these collaborative efforts with a specific focus on smaller library systems. In this webinar, she will present several models of what addressing patron psychosocial needs could look like in your library. Dr. Wahler will also explain her collaboration with the State Library of Iowa and how you can get involved.
