Amara Colonies (#1-5)

AMANA COLONIES (INCLUDES THE VILLAGES OF AMANA, EAST AMANA, HIGH AMANA, HOMESTEAD, MIDDLE AMANA, SOUTH AND UPPER SOUTH AMANA, WEST AMANA AND LITTLE AMANA)

(319) 622-3828, approximately 10 miles north of I-80, Exits 220, 225 or 230 (20 miles west of Iowa City or 20 miles south of Cedar Rapids)

The Amara people came to this country to escape religious persecution. Their church, the Community of True Inspiration, was an offshoot of Lutheranism.

The Amara people came to Iowa in 1854 and established the trades necessary for their survival — a furniture factory, woolen mills, meat smoking plant, wagon shop and more. They lived under a communal system, with elders of the church deciding all matters of religion, business, local government and schooling, until 1934.

Although the colony is no longer communal, an old-world charm and atmosphere is still preserved. Skills have been handed down from parents to children...and today, the new ways are blended with the old. The many Amara restaurants, museums, wineries, markets, stores and craft centers are full of charm and historic architecture.

HUNT AND FISH... IN THE LAND OF PLENTY

With the abundance of game and fish, it's not surprising that so many hunters and anglers prefer Iowa. A wide variety of species, lots of public access and an excellent likelihood for a successful day make Iowa an ideal location for sportsmen.

Come enjoy prime hunting for upland game birds, such as pheasant, bobwhite quail and Hungarian partridge. The numerous inland lakes, streams, reservoirs, marshes and refuges, combined with the Mississippi and Missouri rivers, provide good duck and goose hunting.

With Iowa's mixed game bag, you'll also find ample numbers of rabbits, fox and gray squirrels, deer, turkey and more. Chances are, you'll go home with your limit...and lots of good memories.

Or if you're an avid fishermen, grab your rod and reel for some of the best year-round fishing. Some 69,000,000 trout, pike, perch, channel catfish, bass, walleye, crappie, bullhead and more are pulled

annually from well-stocked lakes, streams, rivers and farm ponds.

With the time between bites kept to a minimum, plan to savor a nice catch cooked over an open fire. Whatever you decide to set your hook for, there's a fishing hole waiting just for you!

Iowa hunting seasons

Bag limits and season lengths are annually set in late August after all biological data is analyzed. After September 1, information on hunting seasons is available from the Iowa Department of Natural Resources (see the "Resource" section on page 50 for address).

Hunting regulations*

1. Iowa residents and nonresidents who hunt or trap are required to have a hunting or fur harvester license and a valid wildlife stamp in their possession.
2. Individuals who hunt deer and turkey (hunting for these species is currently limited to Iowa residents) are required to have a valid hunting license and valid stamp in addition to a valid deer or turkey license.
3. Any person born after January 1, 1967 must have a certificate showing satisfactory completion of hunter safety course before receiving a hunting license.
4. Licenses for hunting and trapping are not issued to residents of states who do not extend similar privileges to Iowans.
5. Be sure to get the landowner's permission before hunting on private property.

Dress for Iowa's four seasons

You'll enjoy your visit more if you dress for Iowa's changing weather, which offers you the fun of all four seasons. Spring showers may call for a raincoat and an umbrella, while a sweater or jacket may feel good on a brilliant fall day. Dress for snow and brisk weather for an Iowa winter. And don't forget to pack swimsuits and shorts for the hot summer months.

Follow alcoholic guidelines

Alcoholic beverages may be sold only to persons 21 years of age or older, unless that person turned 19 before September 1, 1986. Beer, wine and liquor by the drink may be sold in establishments which hold proper licenses and permits from 6 a.m. until 2 a.m., Monday through Saturday, and from 10 a.m. until midnight on Sunday.

What's the time?

Iowa is in the Central Standard Time Zone. However, we "spring ahead" one hour in April and go to Daylight Savings Time. We "fall back" one hour in October to return to Central Standard Time.

Make it a safe trip

When you're on the road, keep safety in mind. Iowa law requires that seat belts be worn by everybody in the front seat. Of course, it's a good idea to have all passengers buckle up. Iowa law also requires that children under age three ride in a car seat and that children age three to six ride in a car seat or wear a seat belt.

For a highway emergency, call 1-800-525-5555.
