## News from the CE Team

### New Library Science Titles

### A library collection for library staff

Generally speaking, reading books does not count for CE Credit, but we want to remind library staff of the professional development collection available from the State Library! Browse print titles in our catalog (they can be checked out to your library & sent via IA Shares), and don't forget to check out Bridges for even more titles to round out your learning and development.

### IA Learns counting credit hours

Please note, after you renew your endorsement, the "Total Credits" number on your IA Learns dashboard will **not** zero out, but will continue to count all hours learned since the system launched. To view hours associated with the current renewal, please use the "Print Transcripts Report" option (along the left hand side of your dashboard). The hours applicable in your current renewal cycle will be highlighted in green, and counted at the top of that report. [Contact the CE Team](#) with questions.

The Wyoming State Library maintains a great list of CE events going on around the country. It's a good place to browse if you're looking for hours, or something on a specific topic. Our thanks to our colleagues in Wyoming for compiling this list. Please note, all times listed are in Mountain Time.
