NEWS RELEASE

FOR RELEASE June 9, 2022

Contact: Ernest Ruben 515/281-5834

Auditor of State Rob Sand today released an audit report on the City of Harlan, Iowa.

FINANCIAL HIGHLIGHTS:

The City's receipts totaled \$11,791,491 for the year ended June 30, 2021, a 52.7% increase over the prior year. Disbursements for the year ended June 30, 2021 totaled \$11,626,979, a 37.3% increase over the prior year. The increase in receipts is due primarily due to the issuance of note proceeds to refund debt and to fund various projects. The increase in disbursements is due to purchases of public safety and public works equipment and refunding debt.

AUDIT FINDINGS:

Sand reported four findings related to the receipt and disbursement of taxpayer funds. They are found on pages 52 through 57 of this report. The findings address a lack of segregation of duties, the lack of reconciliations of utility billings, disbursements exceeding budgeted amounts and a deficit fund balance. Sand provided the City with recommendations to address each of the findings.

Three of the four findings discussed above pertaining to the City are repeated from the prior year. The City Council has a fiduciary responsibility to provide oversight of the City's operations and financial transactions. Oversight is typically defined as the "watchful and responsible care" a governing body exercises in its fiduciary capacity.

A copy of the audit report is available for review on the Auditor of State's web site at Audit Reports - Auditor of State.

Officials of the City of Harlan Harlan, Iowa

Dear Honorable Mayor and Members of the City Council:

I am pleased to submit to you the financial and compliance audit report for the City of Harlan for the year ended June 30, 2021. The audit was performed pursuant to Chapter 11.6 of the Code of Iowa and in accordance with U.S. auditing standards and the standards applicable to financial audits contained in <u>Government Auditing Standards</u>.

I appreciate the cooperation and courtesy extended by the officials and employees of the City of Harlan throughout the audit. If I or this office can be of any further assistance, please contact me or my staff at 515-281-5834.

Sincerely,

Rob Sand Auditor of State

Independent Auditor's Report

To the Honorable Mayor and Members of the City Council:

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the City of Harlan, Iowa, as of and for the year ended June 30, 2021, and the related Notes to Financial Statements, which collectively comprise the City's basic financial statements listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the cash basis of accounting described in Note 1. This includes determining the cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. This includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our unmodified and adverse audit opinions.

Basis for Adverse Opinion on the Aggregate Discretely Presented Component Units

The financial statements do not include financial data for one of the City's legally separate component units because the Harlan Municipal Utilities reports in accordance with U.S. generally accepted accounting principles, a different financial reporting framework than the City's cash basis of accounting. Accounting principles applicable to the cash basis of accounting require the financial data for all component units be reported with the financial data of the City's primary government unless the City also issues financial statements for the financial reporting entity which include the financial data for all component units. The City has not issued such reporting entity financial statements. The amounts for which this departure affects the receipts, disbursements and cash balance of the aggregate discretely presented component units, is \$16,772,544, \$14,590,358 and \$11,158,403, respectively.

Adverse Opinion

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on the Aggregate Discretely Presented Component Units" paragraph, the financial statements referred to above do not present fairly, the financial position of the aggregate discretely presented component units of the City of Harlan as of June 30, 2021, or the changes in its cash basis financial position thereof for the year then ended in accordance with the basis of accounting described in Note 1.

Unmodified Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective cash basis financial position of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of the City of Harlan as of June 30, 2021, and the respective changes in cash basis financial position for the year then ended in accordance with the basis of accounting described in Note 1.

Basis of Accounting

As discussed in Note 1, these financial statements were prepared on the basis of cash receipts and disbursements, which is a basis of accounting other than U.S. generally accepted accounting principles. Our opinions are not modified with respect to this matter.

Other Matters

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Harlan's basic financial statements. We previously audited, in accordance with the standards referred to in the third paragraph of this report, the financial statements for four years ended June 30, 2020 (which are not presented herein) and expressed unmodified opinions on the financial statements of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information which were prepared on the basis of cash receipts and disbursements. We expressed an adverse opinion on the financial statements of the aggregate discretely presented component units due to the omission of the Harlan Municipal Utilities. The financial statements for the five years ended June 30, 2016 (which are not presented herein) were audited by other auditors who expressed unmodified opinions on those financial statements. The financial statements were prepared in accordance with U.S. generally accepted accounting principles. The supplementary information included in Schedules 1 through 3 is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. Because of the significance of the matter described in the "Basis for Adverse Opinion on the Aggregate Discretely Presented Component Units" paragraph on the preceding page, it is inappropriate to, and we do not, express an opinion on the supplementary information.

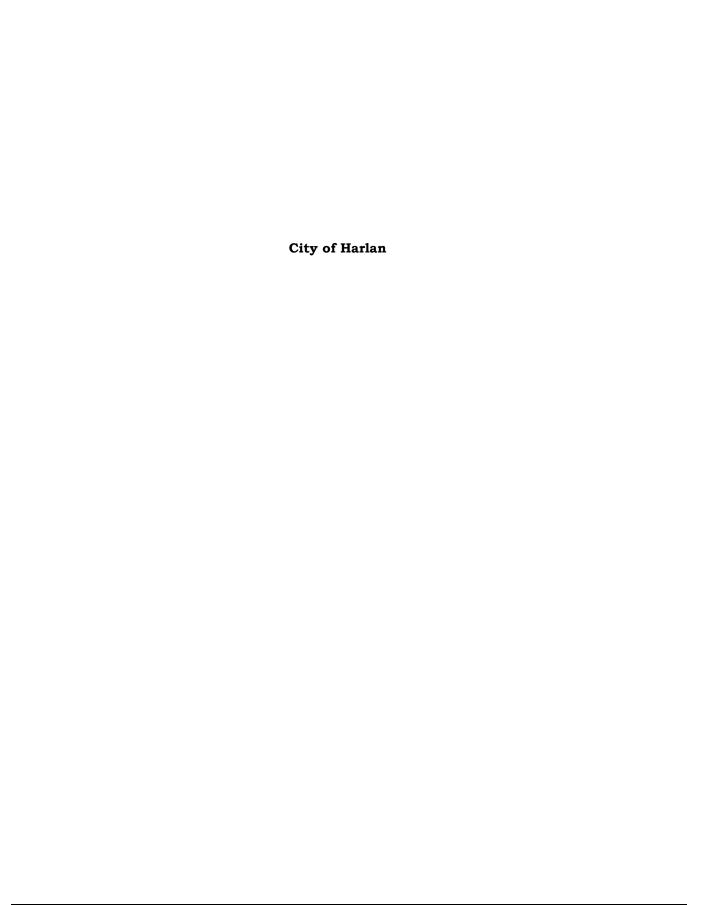

The other information, the Budgetary Comparison Information, the Schedule of the City's Proportionate Share of the Net Pension Liability and the Schedule of City Contributions on pages 34 through 42, has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with <u>Government Auditing Standards</u>, we have also issued our report dated May 23, 2022 on our consideration of the City of Harlan's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with <u>Government Auditing Standards</u> in considering the City of Harlan's internal control over financial reporting and compliance.

Ernest H. Ruben, Jr., CPA Deputy Auditor of State

Reconciliation of the Statement of Cash Receipts, Disbursements and Changes in Cash Balances to the Cash Basis Statement of Activities and Net Position -Governmental Funds

As of and for the year ended June 30, 2021

Total governmental funds cash balances (page 13)	\$ 3,793,551
Amounts reported for governmental activities in the Cash Basis Statement of Activities and Net Position are different because:	
The Internal Service Funds are used by management to charge the costs of equipment replacement and partial self-funding of the City's health insurance benefit plan to individual funds. A portion of the cash balance of the Internal Service Funds is included in governmental activities in the Cash Basis Statement of Activities and Net Position.	942,869
Cash basis net position of governmental activities (page 11)	\$ 4,736,420
Change in cash balances (page 13)	\$ 104,897
Amounts reported for governmental activities in the Cash Basis Statement of Activities and Net Position are different because:	
The Internal Service Funds are used by management to charge the costs of equipment replacement and partial self-funding of the City's health insurance benefit plan to individual funds. A portion of the change in the cash balance of the Internal Service Funds is reported with governmental activities in the Cash Basis Statement of Activities and Net Position.	 139,102
Change in cash basis net position of governmental activities (page 11)	\$ 243,999

Notes to Financial Statements

June 30, 2021

(1) Summary of Significant Accounting Policies

The City of Harlan is a political subdivision of the State of Iowa located in Shelby County. It was first incorporated in 1879 and operates under the Home Rule provisions of the Constitution of Iowa. The City operates under the Mayor-Council form of government with the Mayor and Council Members elected on a non-partisan basis. The City provides numerous services to citizens, including public safety, public works, culture and recreation, community and economic development and general government services. The City also provides sewer utilities for its citizens.

A. Reporting Entity

For financial reporting purposes, except as noted, the City of Harlan has included all funds, organizations, agencies, boards, commissions and authorities. The City has also considered all potential component units for which it is financially accountable and other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the City's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the City to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the City.

Except as noted, these financial statements present the City of Harlan (the primary government) and its component units. The financial statements do not include financial data for the Harlan Municipal Utilities, a legally separate entity which should be reported as a discretely presented component unit. The component units, discussed below, are included in the City's reporting entity because of the significance of the operational or financial relationship with the City.

Discretely Presented Component Unit

The Harlan Community Library Foundation, Inc. (Foundation) has been incorporated under the provisions of the Iowa Nonprofit Corporation Act to operate exclusively for charitable purposes for the enhancement and improvement of the Harlan Public Library. In accordance with criteria set forth by the Governmental Accounting Standards Board, the Foundation meets the definition of a component unit which should be discretely presented. Based on these criteria, the economic resources received or held by the Foundation are substantially for the direct benefit of the City of Harlan Library.

Excluded Component Unit

The Harlan Municipal Utilities was established under Chapter 388 of the Code of Iowa to operate the City's municipal utilities. The Municipal Utilities is governed by a five-member board appointed by the Mayor and approved by the City Council. In accordance with criteria set forth by the Governmental Accounting Standards Board, the Municipal Utilities meets the definition of a component unit which should be discretely presented. Financial statements for the Municipal Utilities were prepared on the accrual basis of accounting in conformity with U.S. generally accepted accounting principles but are not included in the City's financial statements since the City prepares its financial statements on the cash basis. Complete financial statements can be obtained from the Harlan Municipal Utilities, 2412 Southwest Avenue, Harlan, Iowa 51537-0071.

Blended Component Units

The Harlan Firefighters Association, Inc. (Association) is legally separate from the City, but are so intertwined with the City it is, in substance, part of the City. According to the Articles of Incorporation, the Association was organized for the purpose of fundraising, obtaining grants and financially supporting the fire department. The financial transactions are reported as a Special Revenue Fund of the City.

Jointly Governed Organizations

The City participates in several jointly governed organizations that provide goods or services to the citizenry of the City but do not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. City officials are members of the following boards and commissions: Shelby County Assessor's Conference Board, Shelby County Emergency Management Commission, Shelby County Landfill Commission and Shelby County Joint 911 Service Board.

B. Basis of Presentation

<u>Government-wide Financial Statement</u> – The Cash Basis Statement of Activities and Net Position reports information on all of the nonfiduciary activities of the City. For the most part, the effect of interfund activity has been removed from this statement. Governmental activities, which are supported by tax and intergovernmental receipts, are reported separately from business type activities, which rely to a significant extent on fees and charges for service.

The Cash Basis Statement of Activities and Net Position presents the City's nonfiduciary net position. Net position is reported in the following categories:

Restricted net position results when constraints placed on the use of cash balances are either externally imposed or are imposed by law through constitutional provisions or enabling legislation.

Unrestricted net position consists of cash balances not meeting the definition of the preceding category. Unrestricted net position is often subject to constraints imposed by management which can be removed or modified.

The Cash Basis Statement of Activities and Net Position demonstrates the degree to which the direct disbursements of a given function are offset by program receipts. Direct disbursements are those clearly identifiable with a specific function. Program receipts include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function and 2) grants, contributions and interest on investments restricted to meeting the operational or capital requirements of a particular function. Property tax and other items not properly included among program receipts are reported instead as general receipts.

<u>Fund Financial Statements</u> – Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as nonmajor governmental funds.

The City reports the following major governmental funds:

The General Fund is the general operating fund of the City. All general tax receipts from general and emergency levies and other receipts not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating disbursements, the fixed charges and the capital improvement costs not paid from other funds.

Special Revenue:

The Road Use Tax Fund is used to account for the road use tax allocation from the State of Iowa to be used for road construction and maintenance.

The Employee Benefits Fund is used to account for the employee benefit property tax levy for the payment of employment benefits.

The Debt Service Fund is utilized to account for property tax and other receipts to be used for the payment of interest and principal on the City's general long-term debt.

The Capital Projects Fund is used to account for all resources used in the acquisition and construction of capital facilities, with the exception of those financed through the Enterprise Fund.

The City reports the following major proprietary fund:

The Enterprise, Sewer Fund accounts for the operation and maintenance of the City's wastewater treatment and sanitary sewer system.

The City also reports the following proprietary funds:

The Internal Service, Equipment Revolving Fund, is utilized to account for the financing of goods or services purchased by one department of the City and provided to other departments or agencies on a cost reimbursement basis.

The Internal Service, Group Insurance Fund, is utilized to account for the financing of health insurance and other employment benefits provided to the employees of the City, including the Municipal Utility.

C. Measurement Focus and Basis of Accounting

The City maintains its financial records on the basis of cash receipts and disbursements and the financial statements of the City are prepared on that basis. The cash basis of accounting does not give effect to accounts receivable, accounts payable and accrued items. Accordingly, the financial statements do not present financial position and results of operations of the funds in accordance with U.S. generally accepted accounting principles.

Under the terms of grant agreements, the City funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants and general receipts. Thus, when program disbursements are paid, there are both restricted and unrestricted cash basis net position available to finance the program. It is the City's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants and then by general receipts.

When a disbursement in governmental funds can be paid using either restricted or unrestricted resources, the City's policy is generally to first apply the disbursement toward restricted fund balance and then to less-restrictive classifications – committed, assigned and then unassigned fund balances.

Proprietary funds distinguish operating receipts and disbursements from non-operating items. Operating receipts and disbursements generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All receipts and disbursements not meeting this definition are reported as non-operating receipts and disbursements.

D. Property Taxes and Governmental Cash Basis Fund Balances

The following accounting policies are followed in preparing the financial statements:

Property tax revenues recognized in the governmental funds become due and collectible in September and March of the current fiscal year with a 1½% per month penalty for delinquent payments; is based on January 1, 2019 assessed property valuations; is for the tax accrual period July 1, 2020 through June 30, 2021 and reflects tax asking contained in the budget certified to the City Council in March 2020.

In the governmental fund financial statements, cash basis fund balances are classified as follows:

<u>Restricted</u> – Amounts restricted to specific purposes when constraints placed on the use of the resources are either externally imposed by creditors, grantors or state or federal laws or are imposed by law through constitutional provisions or enabling legislation.

<u>Unassigned</u> – All amounts not included in the preceding classification.

E. Budgets and Budgetary Accounting

The budgetary comparison and related disclosures are reported as Other Information. During the year ended June 30, 2021, disbursements exceeded the amount budgeted in the business type activities function.

(2) Cash and Pooled Investments

The City's deposits in banks at June 30, 2021 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to ensure there will be no loss of public funds.

The City is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the City Council; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

The City has no investments meeting the disclosure requirements of Governmental Accounting Standards Board Statement No. 72.

Component Unit

At June 30, 2021, the Harlan Community Library Foundation had the following investments:

	(Carrying	Fair	
Investment		Amount	Value	Maturity
Mutual Funds	\$	446,469	579,972	N/A
U.S. Equities		57,607	79,474	N/A
Municipal Bonds		5,000	5,022	N/A
Total	\$	509,076	664,468	

The component unit uses the fair value hierarchy established by generally accepted accounting principles based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets, Level 2 inputs are significant other observable inputs, Level 3 inputs are significant unobservable inputs.

The recurring fair value of the Harlan Community Library Foundation mutual funds, municipal bonds and U.S. equities were determined using quoted market prices. (Level 1 inputs)

(3) Bonds and Notes Payable

A summary of changes in bonds and capital notes payable for the year ended June 30, 2021 is as follows:

Governmental activities:
General obligation bonds
General obligation capital notes
Governmental activities total

				Due
Beginning			Ending	Within
Balances	Increases	Decreases	Balances	One Year
\$ 3,445,000	-	1,955,000	1,490,000	235,000

\$ 6,440,000	3,850,000	3,725,000	6,565,000	865,000

General Obligation Bonds

A summary of the City's June 30, 2021 general obligation bonds payable is as follows:

Year	Iss	sued	May 1, 201	.3	
Ending	Interest				
June 30,	Rates		Principal	Interest	Total
2022	1.75%	\$	235,000	30,675	265,675
2023	1.90		235,000	26,562	261,562
2024	2.00		245,000	22,098	267,098
2025	2.10		250,000	17,198	267,198
2026	2.20		260,000	11,948	271,948
2027	2.35		265,000	6,228	271,228
Total		\$	1,490,000	114,709	1,604,709

On June 1, 2011, the City issued \$990,000 of general obligation bonds with interest rates ranging from 2.50% to 3.80% per annum. The bonds were issued for the cost of equipment for the Police and Fire Departments, improvement and equipment for parks already owned, law enforcement and emergency services communication equipment and systems and street improvements. During the year ended June 30, 2021, the City paid \$465,000 of principal and \$4,885 of interest on the bonds. The bonds were paid in full at June 30, 2021.

On June 27, 2012, the City issued \$2,455,000 of general obligation bonds with interest rates ranging from 2.00% to 2.50% per annum. The bonds were issued for the acquisition, construction, reconstruction, extension, improvement and equipping of the wastewater treatment plant. During the year ended June 30, 2021, the City paid \$1,260,000 of principal and \$8,197 of interest on the bonds. The bonds were paid in full at June 30, 2021.

On May 1, 2013, the City issued \$2,815,000 of general obligation refunding bonds with interest rates ranging from .75% to 2.35% per annum. The bonds were used for a crossover refunding of the 2007 general obligation bonds with a crossover date of May 2015. During the year ended June 30, 2021, the City paid \$230,000 of principal and \$34,125 of interest on the bonds. The outstanding principal balance on these bonds at June 30, 2021 is \$1,490,000.

General Obligation Capital Notes

A summary of the City's June 30, 2021 general obligation capital notes payable is as follows:

	Road Construction and Repair				WWTP Improvement and Sewer Line

On October 9, 2014, the City issued \$1,835,000 of general obligation capital notes with interest rates ranging from 1.85% to 3.35% per annum. The notes were used for road construction and repair, improvements to the City Airport and emergency services communication equipment for the Police and Fire Departments. During the year ended June 30, 2021, the City paid \$80,000 of principal and \$22,220 of interest on the notes. The outstanding principal balance on the notes at June 30, 2021 is \$725,000.

On October 14, 2015, the City issued \$1,555,000 of general obligation capital notes with interest rates ranging from 2.00% to 3.50% per annum. The notes were used for wastewater treatment plant improvement and sewer line repairs. During the year ended June 30, 2021, the City paid \$100,000 of principal and \$29,475 of interest on the notes. The outstanding principal balance on the notes at June 30, 2021 is \$955,000.

On May 30, 2018, the City issued \$1,395,000 of general obligation capital notes with interest rates ranging from 1.90% to 3.00% per annum. The notes were used for wastewater treatment plant repair, improvements at the City Airport and improvements at the City parks. During the year ended June 30, 2021, the City paid \$1,135,000 of principal and \$8,188 of interest on the notes. The notes were paid in full at June 30, 2021.

On September 15, 2020, the City issued \$3,850,000 of general obligation refunding capital loan notes with an interest rate of 1.00% to 1.50% per annum. The notes were used for street and sidewalk construction and repair, water and sewer line repair, equipping the Fire Department and a current refunding to retire the outstanding balances of \$465,000, Series 2011 general obligation bonds issued June 1, 2011, \$1,260,000 Series 2012 general obligation bonds issued June 27, 2012 and \$1,135,000, Series 2018 general obligation capital loan notes issued May 30, 2018. During the year ended June 30, 2021, the City paid \$455,000 of principal and \$28,260 of interest on the notes. The outstanding principal balance on the notes at June 30, 2021 is \$3,395,000.

The refunding was done to combine bond issues under one set of covenants and resulted in an economic gain of \$199,808 and savings of \$203,957.

(4) Pension Plan

<u>Plan Description</u> – IPERS membership is mandatory for employees of the City, except for those covered by another retirement system. Employees of the City are provided with pensions through a cost-sharing multiple employer defined benefit pension plan administered by the Iowa Public Employees' Retirement System (IPERS). IPERS issues a stand-alone financial report which is available to the public by mail at PO Box 9117, Des Moines, Iowa 50306-9117 or at www.ipers.org.

IPERS benefits are established under Iowa Code Chapter 97B and the administrative rules thereunder. Chapter 97B and the administrative rules are the official plan documents. The following brief description is provided for general informational purposes only. Refer to the plan documents for more information.

<u>Pension Benefits</u> – A Regular member may retire at normal retirement age and receive monthly benefits without an early-retirement reduction. Normal retirement age is age 65, any time after reaching age 62 with 20 or more years of covered employment or when the member's years of service plus the member's age at the last birthday equals or exceeds 88, whichever comes first. These qualifications must be met on the member's first month of entitlement to benefits. Members cannot begin receiving retirement benefits before age 55. The formula used to calculate a Regular member's monthly IPERS benefit includes:

- A multiplier based on years of service.
- The member's highest five-year average salary, except members with service before June 30, 2012 will use the highest three-year average salary as of that date if it is greater than the highest five-year average salary.

Protection occupation members may retire at normal retirement age, which is generally age 55 and may retire any time after reaching age 50 with 22 or more years of covered employment.

The formula used to calculate a protection occupation member's monthly IPERS benefit includes:

- 60% of average salary after completion of 22 years of service, plus an additional 1.5% of average salary for more than 22 years of service but not more than 30 years of service.
- The member's highest three-year average salary.

If a member retires before normal retirement age, the member's monthly retirement benefit will be permanently reduced by an early-retirement reduction. The early-retirement reduction is calculated differently for service earned before and after July 1, 2012. For service earned before July 1, 2012, the reduction is 0.25% for each month the member receives benefits before the member's earliest normal retirement age. For service earned on or after July 1, 2012, the reduction is 0.50% for each month the member receives benefits before age 65.

Generally, once a member selects a benefit option, a monthly benefit is calculated and remains the same for the rest of the member's lifetime. However, to combat the effects of inflation, retirees who began receiving benefits prior to July 1990 receive a guaranteed dividend with their regular November benefit payments.

<u>Disability and Death Benefits</u> – A vested member who is awarded federal Social Security disability or Railroad Retirement disability benefits is eligible to claim IPERS benefits regardless of age. Disability benefits are not reduced for early retirement. If a member dies before retirement, the member's beneficiary will receive a lifetime annuity or a lump-sum payment equal to the present actuarial value of the member's accrued benefit or calculated with a set formula, whichever is greater. When a member dies after retirement, death benefits depend on the benefit option the member selected at retirement.

<u>Contributions</u> – Contribution rates are established by IPERS following the annual actuarial valuation which applies IPERS' Contribution Rate Funding Policy and Actuarial Amortization Method. State statute limits the amount rates can increase or decrease each year to 1 percentage point. IPERS Contribution Rate Funding Policy requires the actuarial contribution rate be determined using the "entry age normal" actuarial cost method and the actuarial assumptions and methods approved by the IPERS Investment Board. The actuarial contribution rate covers normal cost plus the unfunded actuarial liability payment based on a 30-year amortization period. The payment to amortize the unfunded actuarial liability is determined as a level percentage of payroll based on the Actuarial Amortization Method adopted by the Investment Board.

In fiscal year 2021, pursuant to the required rate, Regular members contributed 6.29% of covered payroll and the City contributed 9.44% of covered payroll, for a total rate of 15.73%. Protection occupation members contributed 6.41% of covered payroll and the City contributed 9.61% of covered payroll, for a total rate of 16.02%.

The City's contributions to IPERS for the year ended June 30, 2021 totaled \$170,662.

Net Pension Liability, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – At June 30, 2021, the City reported a liability of \$1,112,905 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2020 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on the City's share of contributions to IPERS relative to the contributions of all IPERS participating employers. At June 30, 2020, the City's proportion was 0.015843%, which was an increase of 0.000443% from its proportion measured as of June 30, 2019.

For the year ended June 30, 2021, the City's pension expense, deferred outflows of resources and deferred inflows of resources totaled \$236,408, \$313,155 and \$161,388, respectively.

There were no non-employer contributing entities to IPERS.

<u>Actuarial Assumptions</u> – The total pension liability in the June 30, 2020 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, as follows:

Rate of inflation	
(effective June 30, 2017)	2.60% per annum.
Rates of salary increase	3.25 to 16.25% average, including inflation.
(effective June 30, 2017)	Rates vary by membership group.
Long-term investment rate of return	7.00% compounded annually, net of investment
(effective June 30, 2017)	expense, including inflation.
Wage growth	3.25% per annum, based on 2.60% inflation
(effective June 30, 2017)	and 0.65% real wage inflation.

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an economic assumption study dated March 24, 2017 and a demographic assumption study dated June 28, 2018.

Mortality rates used in the 2020 valuation were based on the RP-2014 Employee and Healthy Annuitant Tables with MP-2017 generational adjustments.

The long-term expected rate of return on IPERS' investments was determined using a building-block method in which best-estimate ranges of expected future real rates (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Asset Allocation	Long-Term Expected Real Rate of Return
Domestic equity	22.0%	4.43%
International equity	17.5	5.15
Global smart beta equity	6.0	4.87
Core plus fixed income	28.0	(0.29)
Public credit	4.0	2.29
Cash	1.0	(0.78)
Private equity	11.0	6.54
Private real assets	7.5	4.48
Private credit	3.0	3.11
Total	100.0%	

<u>Discount Rate</u> – The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed employee contributions will be made at the contractually required rate and contributions from the City will be made at contractually required rates, actuarially determined. Based on those assumptions, IPERS' fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on IPERS' investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of City's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate – The following presents the City's proportionate share of the net pension liability calculated using the discount rate of 7.00%, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1% lower (6.00%) or 1% higher (8.00%) than the current rate.

	1%	Discount	1%
	Decrease	Rate	Increase
	(6.00%)	(7.00%)	(8.00%)
City's proportionate share of			
the net pension liability	\$ 2,173,605	1,112,905	223,935

<u>IPERS' Fiduciary Net Position</u> – Detailed information about IPERS' fiduciary net position is available in the separately issued IPERS financial report which is available on IPERS' website at <u>www.ipers.org</u>.

(5) Other Postemployment Benefits (OPEB)

<u>Plan Description</u> – The City operates a single-employer health benefit plan which provides medical/prescription drug benefits for employees, retirees and their spouses. Group insurance benefits are established under Iowa Code Chapter 509A.13. The City currently finances the benefit plan on a pay-as-you-go basis. For the year ended June 30, 2021, the City contributed \$448,043 and plan members eligible for benefits contributed \$45,731 to the plan. At June 30, 2021, no assets have been accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

<u>OPEB Benefits</u> – Individuals who are employed by the City of Harlan and are eligible to participate in the group health plan are eligible to continue healthcare benefits upon retirement. Retirees under age 65 pay the same premium for the medical/prescription drug benefits as active employees, which results in an implicit rate subsidy.

Retired participants must be age 55 or older at retirement. At June 30, 2021, there are 24 active and no inactive or retired members in the plan.

(6) Compensated Absences

City employees accumulate a limited amount of earned but unused vacation, sick leave, floating holiday and compensatory time hours for subsequent use or for payment upon termination, retirement or death. These accumulations are not recognized as disbursements by the City until used or paid. The City's approximate liability for earned vacation, sick leave, floating holiday and compensatory time payable to employees at June 30, 2021, primarily relating to the General Fund, is as follows:

Type of Benefit	Amount
Type of Belletit	Milouit
Vacation	\$ 94,000
Sick leave	181,000
Floating holiday	6,000
Compensatory time	51,000
Total	\$ 332,000

This liability has been computed based on rates of pay in effect at June 30, 2021.

(7) Interfund Transfers

The detail of interfund transfers for the year ended June 30, 2021 is as follows:

Transfer to	Transfer from		Amount
General	Special Revenue:		
	Employee Benefits	\$	905,301
	Local Option Sales Tax		500,000
	Urban Renewal		89,717
			1,495,018
Special Revenue:	Special Revenue:		
JJ Jensen	Capital Projects		84,450
Debt Service	Enterprise:		
	Sewer		370,106
	Special Revenue:		
	Urban Renewal		115,049
			485,155
Capital Projects	Special Revenue:		
	Urban Renewal		18,430
Total		\$	2,083,053

Transfers generally move resources from the fund statutorily required to collect the resources to the fund statutorily required to disburse the resources.

(8) Risk Management

The City is exposed to various risks of loss related to torts; theft, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by the purchase of commercial insurance. The City assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

(9) Employee Health Insurance Plan

The City, including Harlan Municipal Utilities, self-funds a portion of health insurance deductibles for its employees. The plan is funded by both employee and City contributions and is administered by Employee Benefit Systems (EBS) under an agreement which is subject to automatic renewal. The City self-funds up to \$2,500 per individual or \$5,000 per family, with employees contributing the first \$400 to \$800, respectively. Administrative service fees and premiums are paid monthly from the City's operating funds to a separate account administered by EBS. During the year ended June 30, 2021, the City paid \$864,673 into the account. At June 30, 2021, the account balance was \$271,128. The activity for this account is recorded in the City's General, the Special Revenue, Road Use Tax, the Enterprise, Sewer and the Internal Service, Group Insurance Funds.

(10) Tax Abatements

Governmental Accounting Standards Board Statement No. 77 defines tax abatements as a reduction in tax revenues that results from an agreement between one or more governments and an individual or entity in which (a) one or more governments promise to forgo tax receipts to which they are otherwise entitled and (b) the individual or entity promises to take a specific action after the agreement has been entered into that contributes to economic development or otherwise benefits the governments or the citizens of those governments.

City Tax Abatements

The City provides tax abatements for urban revitalization projects under Chapter 404 of the Code of Iowa. For these types of projects, the City will abate up to \$765,875 of assessed value of a property for the revitalized portion of taxes upon prior approval of the City Council. No other commitments were made by the City as part of these agreements.

For the year ended June 30, 2021, \$12,978 of property tax was diverted from the City under the urban revitalization projects.

(11) Interfund Advances

The City has interfund advances from various funds for projects within the City's Urban Renewal Area Plan. In accordance with Chapter 403 of the Code of Iowa, the interfund advances are approved by the City Council to be repaid with tax increment financing (TIF) receipts and are subsequently certified to the County Auditor as TIF debt. The activity for these interfund advances as of June 30, 2021 is as follows:

	Advancing Fund				
				Total Advances	
			Capital	to the	
		General	Projects	TIF Fund	
Beginning balance	\$	194,559	29,705	224,264	
New advances		77,152	83,608	160,760	
Payments		89,718	18,430	108,148	
Ending balance	\$	181,993	94,883	276,876	

The advances are repaid (transferred from the TIF Fund to the fund making the advance) as TIF receipts become available.

(12) Deficit Balance

At June 30, 2021, the Special Revenue, JJ Jensen Fund had a deficit balance of \$13,716. The deficit will be eliminated through transfers from other funds and the fund will be closed as the project is complete.

(13) COVID-19

In March 2020, the COVID-19 outbreak was declared a global pandemic. The disruption to businesses across a range of industries in the United Stated continues to evolve. The full impact to local, regional and national economies, including that of the City of Harlan, remains uncertain.

To date, the outbreak has not created a material disruption to the operations of the City of Harlan. However, the extent of the financial impact of COVID-19 will depend on future developments, including the spread of the virus, duration and timing of the economic recovery. Due to these uncertainties, management cannot reasonably estimate the potential impact to the City of Harlan's operations and finances.

(14) Prospective Accounting Change

Governmental Accounting Standards Board has issued Statement No. 87, <u>Leases</u>. This statement will be implemented for the fiscal year ending June 30, 2022. The revised requirements of this statement require reporting of certain potentially significant lease liabilities that are not currently reported.

Notes to Other Information – Budgetary Reporting

June 30, 2021

The budgetary comparison is presented in accordance with Governmental Accounting Standards Board Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons for the General Fund and each major Special Revenue Fund.

In accordance with the Code of Iowa, the City Council annually adopts a budget on the cash basis following required public notice and hearing for all funds except the blended component unit, the Harlan Community Library Foundation and the Internal Service Funds. The annual budget may be amended during the year utilizing similar statutorily prescribed procedures.

Formal and legal budgetary control is based upon nine major classes of disbursements known as functions, not by fund. These nine functions are: public safety, public works, health and social services, culture and recreation, community and economic development, general government, debt service, capital projects and business type activities. Function disbursements required to be budgeted include disbursements for the General Fund, the Special Revenue Funds, the Debt Service Fund, the Capital Projects Fund and the Enterprise Fund. Although the budget document presents function disbursements by fund, the legal level of control is at the aggregated function level, not by fund. During the year, one budget amendment increased budgeted disbursements by \$3,979,122. The budget amendment is reflected in the final budgeted amounts.

During the year ended June 30, 2021, disbursements exceeded the amounts budgeted in the business type activities function.

Schedule of the City's Proportionate Share of the Net Pension Liability

Iowa Public Employees' Retirement System For the Last Seven Years* (In Thousands)

Other Information

		2021	2020	2019	2018

Notes to Other Information – Pension Liability

Year ended June 30, 2021

Changes of benefit terms:

There are no significant changes in benefit terms.

Changes of assumptions:

The 2018 valuation implemented the following refinements as a result of a demographic assumption study dated June 28, 2018:

- Changed mortality assumptions to the RP-2014 mortality tables with mortality improvements modeled using Scale MP-2017.
- Adjusted retirement rates.
- Lowered disability rates.
- Adjusted the probability of a vested Regular member electing to receive a deferred benefit.
- Adjusted the merit component of the salary increase assumption.

The 2017 valuation implemented the following refinements as a result of an experience study dated March 24, 2017:

- Decreased the inflation assumption from 3.00% to 2.60%.
- Decreased the assumed rate of interest on member accounts from 3.75% to 3.50% per vear.
- Decreased the discount rate from 7.50% to 7.00%.
- Decreased the wage growth assumption from 4.00% to 3.25%.
- Decreased the payroll growth assumption from 4.00% to 3.25%.

The 2014 valuation implemented the following refinements as a result of a quadrennial experience study:

- Decreased the inflation assumption from 3.25% to 3.00%.
- Decreased the assumed rate of interest on member accounts from 4.00% to 3.75% per year.
- Adjusted male mortality rates for retirees in the Regular membership group.
- Moved from an open 30-year amortization period to a closed 30-year amortization period for the UAL (unfunded actuarial liability) beginning June 30, 2014. Each year thereafter, changes in the UAL from plan experience will be amortized on a separate closed 20-year period.

Des Moines, Iowa 50319-0006

Telephone (515) 281-5834 Facsimile (515) 281-6518

Independent Auditor's Report on Internal Control
over Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in Accordance with
Government Auditing Standards

To the Honorable Mayor and Members of the City Council:

We have audited in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the City of Harlan, Iowa, as of and for the year ended June 30, 2021, and the related Notes to Financial Statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated May 23, 2022. Our report expressed unmodified opinions on the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of the City of Harlan, Iowa as of June 30, 2021, which were prepared on the basis of cash receipts and disbursements, a basis of accounting other than U.S. generally accepted accounting principles. Our report expressed an adverse opinion on the financial statements of the aggregate discretely presented component units due to the omission of the Harlan Municipal Utilities.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Harlan's internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Harlan's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Harlan's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that have not been identified. However, as described in the accompanying Schedule of Findings, we identified certain deficiencies in internal control we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility a material misstatement of the City of Harlan's financial statements will not be prevented or detected and corrected on a timely basis. We consider the deficiencies in internal control described in the accompanying Schedule of Findings as items (A) and (B) to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control which is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in the accompanying Schedule of Findings as item (C) and (D) to be significant deficiencies.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Harlan's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters which are required to be reported under <u>Government Auditing Standards</u>. However, we noted certain immaterial instances of non-compliance or other matters which are described in the accompanying Schedule of Findings.

Comments involving statutory and other legal matters about the City's operations for the year ended June 30, 2021 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the City. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

The City of Harlan's Responses to the Findings

The City of Harlan's responses to the findings identified in our audit are described in the accompanying Schedule of Findings. The City of Harlan's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing and not to provide an opinion on the effectiveness of the City's internal control or on compliance. This report is an integral part of an audit performed in accordance with <u>Government Auditing Standards</u> in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of the City of Harlan during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

Ernest H. Ruben, Jr., CPA Deputy Auditor of State

May 23, 2022

Schedule of Findings

Year ended June 30, 2021

Findings Related to the Financial Statements:

INTERNAL CONTROL DEFICIENCIES:

(A) <u>Segregation of Duties</u>

<u>Criteria</u> – Management is responsible for establishing and maintaining internal control. A good system of internal control provides for adequate segregation of duties so no one individual handles a transaction from its inception to completion. In order to maintain proper internal control, duties should be segregated so the authorization, custody and recording of transactions are not under the control of the same employee. This segregation of duties helps prevent losses from employee error or dishonesty and maximizes the accuracy of the City's financial statements.

<u>Condition</u> – Those collecting cash have control over the cash receipts listing, bank deposits and the posting of cash receipts to the cash receipts journal.

<u>Cause</u> – The City has a limited number of employees and procedures have not been designed to adequately segregate duties or provide compensating controls through additional oversight of transactions and processes.

<u>Effect</u> – Inadequate segregation of duties could adversely affect the City's ability to prevent or detect and correct misstatements, errors or misappropriation on a timely basis by employees in the normal course of performing their assigned functions.

<u>Recommendation</u> – The City should review its control activities to obtain the maximum internal control possible under the circumstances utilizing currently available staff, including elected officials, to provide additional controls through review of financial transactions, reconciliations and financial reports. The reviews should be documented by the signature or initials of the reviewer and the date of the review.

Response – The City has reviewed its internal control activities and are utilizing current available staff by dividing up duties. Those duties are segregated between the Finance Assistant, the Administrative Assistant, the Deputy City Clerk and the City Clerk. All four employees are able to accept and record cash or check payments from the public. The reason all four employees have the training to accept payments from the public is done in the event one or more of the four employees are out of the office at the same time due to illness or vacation. Routinely, the City Clerk opens payments received in the mail and records them on a Mail Cash and Check Daily Log and gives the cash, checks and daily log to the Finance Assistant. The Finance Assistant enters the cash and/or checks in the municipal software cash receipt journal. The Deputy City Clerk reviews and verifies the cash receipts by completing a daily register and running batch verification reports from the municipal software and then makes the bank deposits.

<u>Conclusion</u> – Response acknowledged. To further strengthen internal control, the Finance Assistant should not have collection responsibility if she continues to record cash collections.

Schedule of Findings

Year ended June 30, 2021

(B) Reconciliation of Utility Billings, Collections and Delinquent Accounts

<u>Criteria</u> – An effective internal control system provides for internal controls related to reconciling utility billings, collections and comparing utility collections to deposits to ensure proper recording of utility receipts, the propriety of adjustments and write-offs and the propriety of delinquent account balances.

<u>Condition</u> – Utility billings and collections were not reconciled throughout the year. Also, utility collections were not reconciled to deposits. The written agreement between the City and the Harlan Municipal Utilities (HMU) does not address the allocation method to be used for delinquent and partial payments.

<u>Cause</u> – HMU is responsible for the City's utility billings and collections for sewer and landfill services. Each month, HMU submits a form listing total billings to the City. After collections have been received by HMU, HMU issues a check to the City for total collections for that month. However, the City does not receive the necessary information from HMU to prepare a proper utility reconciliation. Also, policies have not been established and procedures have not been implemented to reconcile utility billings and collections and to reconcile utility collections to deposits.

<u>Effect</u> – This condition could result in unrecorded or misstated utility receipts, improper or unauthorized adjustments and write-offs and/or misstated delinquent account balances.

<u>Recommendation</u> – Procedures should be established to reconcile utility billings, collections and delinquent accounts for each billing period and to reconcile collections to deposits. The City should work in conjunction with legal counsel and HMU to ensure the City receives the information necessary to provide assurance the collections remitted to the City by HMU are accurate. The City Council or a Council-designated independent person should review the reconciliations and monitor delinquents. The review of the reconciliations should be documented by the signature or initials of the reviewer and the date of review. In addition, the City and HMU should modify the written agreement to address the allocation methodology to be used for payments received.

Response – Per the agreement passed and approved by the City Council on December 17, 2019, the City works with HMU to receive monthly documentation of billed and collected sewer and landfill utility billings and records them on a fiscal year spreadsheet, by month. The City Clerk forwards the spreadsheets electronically to the City Administrator and Wastewater Treatment Plant Superintendent for their review. The City Clerk also provides monthly, the billing and collection information to the City Financial Manager, PFM for their analysis. City of Harlan and HMU have unsuccessfully attempted to reconcile past billings and collections to arrive at a deficit/surplus payment. Per the Code of Iowa Chapter 11.6, Subsection 4, a request for re-audit and transaction review was actioned by City Council on August 4, 2020.

Conclusion - Response accepted.

Schedule of Findings

Year ended June 30, 2021

(C) <u>Segregation of Duties for Harlan Firefighters Association, Inc. and Harlan Community</u> Library Foundation

<u>Criteria</u> – Management is responsible for establishing and maintaining internal control. A good system of internal control provides for adequate segregation of duties so no one individual handles a transaction from its inception to completion. In order to maintain proper internal control, duties should be segregated so the authorization, custody and recording of transactions are not under the control of the same employee. This segregation of duties helps prevent losses from employee error or dishonesty and maximizes the accuracy of the financial statements.

<u>Condition</u> – One individual for the Firefighters Association has control over collecting, depositing, reconciling, preparing and signing and mailing checks for which no compensating controls exist. For the Harlan Library Foundation, one individual has control over collecting, depositing and recording funds for which no compensating controls exist.

<u>Cause</u> – The Firefighters Association and Library Foundation have a limited number of employees/volunteers and procedures have not been designed to adequately segregate duties or provide compensating controls through additional oversight of transactions and processes.

<u>Effect</u> – Inadequate segregation of duties could adversely affect the Association's and Foundation's ability to prevent or detect and correct misstatements, errors or misappropriation on a timely basis by employees/volunteers in the normal course of performing their assigned functions.

<u>Recommendation</u> – The Firefighters Association and Library Foundation should review their control activities to obtain the maximum internal control possible under the circumstances. Currently available staff, including elected City officials, other City employees or other volunteers should be utilized to provide additional control through a review of financial transactions.

<u>Harlan Firefighters Association Response</u> – The Firefighters Association will work on segregation of duties in the future.

<u>Harlan Community Library Foundation Response</u> – The Harlan Community Library Foundation will meet to review the segregation of duties. Such factors as limited Foundation members will affect the ability to provide and complete segregation of duties.

<u>Conclusion</u> – Response accepted.

(D) General Ledger and Bank Reconciliations

<u>Criteria</u> – An effective internal control system provides for internal controls related to ensuring proper accounting for all funds by reconciling bank and book balances.

<u>Condition</u> – For the Harlan Firefighters Association bank reconciliations were not performed on a monthly basis and were not subsequently independently reviewed.

Schedule of Findings

Year ended June 30, 2021

<u>Cause</u> – Procedures have not been designed and implemented to ensure all bank accounts are reconciled to the book balances monthly and the reconciliations are subsequently reviewed by an independent person.

<u>Effect</u> – The lack of bank to book reconciliations and a lack of independent review of the reconciliations can result in unrecorded transactions, undetected errors and opportunity for misappropriation.

<u>Recommendation</u> – Monthly bank reconciliations should be performed and variances between book and bank balances investigated and resolved timely. In addition, the reconciliations should be reviewed by an independent person and the review should be documented by the initials or signature of the reviewer and the date of the review.

<u>Response</u> – The Firefighters Association will work on doing reconciliations in a timely manner, including review by an independent person.

<u>Conclusion</u> – Response accepted.

INSTANCES OF NON-COMPLIANCE:

No matters were noted.

Schedule of Findings

Year ended June 30, 2021

Other Findings Related to Required Statutory Reporting:

(1) <u>Certified Budget</u> – Disbursements during the year ended June 30, 2021 exceeded the amounts budgeted in the business type activities function. Chapter 384.20 of the Code of Iowa states, in part, "Public monies may not be expended or encumbered except under an annual or continuing appropriation."

<u>Recommendation</u> – The budget should have been amended in accordance with Chapter 384.18 of the Code of Iowa before disbursements were allowed to exceed the budget.

<u>Response</u> – The City relies on HMU to provide electric, gas, water and telecommunication utility financial information for budget and amendment purposes. The HMU disbursement amounts reported to the City exceeded the budgeted and amended amounts recorded, thus disbursements in the business type services function exceeded the budget. The City will work with HMU to obtain more accurate budget and amendment numbers in the future.

Conclusion - Response accepted.

- (2) <u>Questionable Disbursements</u> No disbursements we believe may not met the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979 were noted.
- (3) <u>Travel Expense</u> No disbursements of City money for travel expenses of spouses of City officials or employees were noted.
- (4) <u>Business Transactions</u> Business transactions between the City and City officials or employees are detailed as follows:

Name, Title and Business Connection	Transaction Description	Amount
Gene Gettys, City Administrator, Wife is Office Manager of Leinen Construction	Construction, bid	\$ 11,118
Sharon Kroger, Council Member, Husband is Part-owner of		
Kroger & Sons Hauling, LLC	Garbage hauling, bid	4,333

In accordance with Chapter 362.5(3)(d) of the Code of Iowa, the transactions with Leinen Construction do not appear to represent a conflict of interest since the contract was entered into through competitive bidding.

In accordance with Chapter 362.5(3)(j) of the Code of Iowa, the transactions with Kroger & Sons Hauling, LLC do not appear to represent a conflict of interest since total transactions were less than \$6,000 for the fiscal year.

(5) <u>Restricted Donor Activity</u> – No transactions were noted between the City, City officials, City employees and restricted donors in compliance with Chapter 68B of the Code of Iowa.

Schedule of Findings

Year ended June 30, 2021

- (6) <u>Bond Coverage</u> Surety bond coverage of City officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to ensure the coverage is adequate for current operations.
- (7) <u>City Council Minutes</u> No transactions were found that we believe should have been approved in the City Council minutes but were not.
- (8) <u>Deposits and Investments</u> No instances of non-compliance with the deposit and investment provisions of Chapters 12B and 12C of the Code of Iowa and the City's investment policy were noted.
- (9) <u>Annual Urban Renewal Report</u> The Annual Urban Renewal Report was properly approved and certified to the Iowa Department of Management on or before December 1, 2020.
- (10) <u>Financial Condition</u> The Special Revenue, JJ Jensen Fund had a deficit of \$13,716 at June 30, 2021.

<u>Recommendation</u> – The City should investigate alternatives to eliminate the deficit to return the fund to a sound financial position.

Response - The JJ Jensen Park Fund will be closed out.

Conclusion - Response accepted.
