By an act of the Seventh General Assembly, approved March 31, 1858, the Iowa Agricultural College and Farm was established and a Board of Trustees appointed, who, in July, 1859, located the college near Ames, Story county.

The college farm consists of about 860 acres, including nearly 70 acres which are set apart for college grounds.

Tuition is free to pupils resident of the state six months previous to admission, and over sixteen years of age; each county is entitled to tuition for three pupils.

The Twentieth General Assembly (1884) changed the manner of selecting trustees by which one from each Congressional District, are elected by the General Assembly, in joint convention, for six years, one-third being chosen at every regular session.

MAIN BUILDING,
IOWA AGRICULTURAL COLLEGE.

By same General Assembly (chap 193) the trustees are intrusted with the management and investment of the endowment fund derived from sale of lands (some 204,309 acres) granted to the state by act of congress approved July 2, 1862, and for the purpose of carrying the provisions into effect the appointment of a financial agent was authorized. In addition to above the state has come into possession for the use of the agricultural college by donation 1,577 acres; by purchase 15,023 acres, and by five section grant in Jasper county 3,200 acres.

A broad, liberal and practical course of study is taught at this institution embracing the leading branches relating to agriculture and mechanic arts, including military tactics.

In the year 1854 the Iowa State Agricultural Society was organized, and in October of that year, held its first fair at Fairfield, and has not failed to hold its annual exhibitions since its organization.

For many years the annual fairs were held in different locations where most local aid or advantages was assured the society, but for the past few years the society has continued to hold its fair at Des Moines, and in 1885, that city having subscribed a local subsidy of \$50,000, as additional to a similar amount appropriated by the Twentieth General Assembly in aid of the Society, the fair was permanently located at the Capitol city, and large and commodious grounds purchased on which to found a permanent home for the annual exhibitions. The society pays in premiums to exhibitors at its fairs the sum of \$20,000 annually.

The Society holds its annual meetings in January, the meeting being composed of delegates from each local society in the state. At these meetings the officers are elected to serve for one year, and five directors to serve for two years.

The Society, in compliance with law, publishes a report of its doings annually.

There are one hundred local societies in the state which receive an annuity from the state amounting to \$19,000.

Appropriation by Twenty-Second General Assembly \$9,500.

The Board of Dental Examiners originated with the Nineteenth General Assembly. The act for its establishment provides for the appointment by the governor of a board consisting of five practical dentists, each of five years standing in the state. Their appointment shall be for a term of five years' service. They shall hold their meetings at least once a year, or oftener if deemed necessary.

Dentists doing business in the state must register with this Board, and persons commencing the practice of dentistry who have not a diploma from some reputable dental college, must be examined and receive license from the board. There are five hundred and twenty thus registered.

The act provides for an annual report to the Governor of the doings of the Board.

J. F. Kennedy, M. D., Des Moines, *Secretary*.

L. F. Andrews, Des Moines, *Assistant Secretary*.

By an act of the Eighteenth General Assembly (1880) \$5,000 per annum, or so much thereof as necessary, was appropriated, with which to establish and maintain a State Board of Health; the object, duties, etc., being definitely set forth by the provisions of the act. In May of that year the Board, consisting of seven physicians, a civil engineer and the Attorney-General, was organized and entered upon its work.

The meetings of the Board occur in May and November of each year, at the office of the Secretary.

The Board issues a biennial report of its doings, together with such information as has been obtained relative to the diseases peculiar to the people, as well as the live stock in general, of the State.

The members of the Board are appointed by the Governor, with the approval of the Executive Council, one each year, and hold their office for a term of seven years.

The secretary and assistant are elected by the Board.

Chapter 104, laws of 1886, requires all persons practicing medicine or surgery in the State of Iowa, to procure a certificate from the *State Board of Examiners*. Three kinds of certificates are issued: A, to those holding diplomas from medical colleges in good standing; B, to those who have practiced medicine in the State for five years prior to the passage of the act, three of which must have been in one locality, and C, to those who have passed a satisfactory examination before the Board.

The members of the State Board of medical examiners consists of the physicians and secretary of the State Board of Health.

The College for the Blind is one of the oldest among the State institutions, having been originally located at Iowa City, then capital of the State, in April, 1853, where it remained until July, 1862, at which time it was removed to its present location at Vinton, Benton county.

During the term of its existence it has received over five hundred pupils.

Ten thousand dollars per annum are appropriated as salaries of the officers and employes, besides forty dollars per quarter for each pupil, to meet general expenses.

The trustees are elected by the General Assembly for four years, three at each regular session.

The library consists of about 2,500 volumes, about one-half of which are of the embossed or raised letter pattern.

The building is very commodious and well adapted for the purpose; in construction it is about three hundred feet in length by sixty in width, and four stories high.

A competent oculist is employed.

The Sixth General Assembly, by an act approved January 28, 1857, provided an appropriation of \$250 to be expended in col-

lecting, embodying, arranging and preserving in authentic form charts, books, pamphlets, maps, manuscripts, papers, etc., relative to the history of Iowa, to rescue from oblivion the memory of its pioneers, to obtain and preserve the stories of their exploits, perils and hardy adventures; to secure facts and statements relative to the history of our Indian tribes.

The Fourteenth General Assembly reorganized the Historical Society, raising the number of curators to eighteen, nine to be appointed by the Governor and the same number by the Society, to hold their office for a term of two years.

The Eighteenth General Assembly increased the annual appropriation to \$1,000.

Annual meetings of the Society are held the last week in June.

The Society received its first annual appropriation of \$800 from the State in 1868, which annual amount has since been increased to \$1,000.

The object of the Society is the promotion and encouragement of horticulture and arboriculture in Iowa, by the collection and dissemination of practical information regarding the cultivation of such fruits, flowers and trees as are best adapted to the soil and climate of the State.

The Society publishes lists of fruits as well as trees for timber or ornament, best suited to growth in this State

In order to facilitate the work the State is divided into twelve districts, each having its own director, and holding its own meetings, and it is the duty of the directors to report to the Secretary of the Society.

The Society has now established twenty experimental stations in different parts of the State, for the purpose of testing trees, shrubs, plants and fruits, before recommending them for cultivation.

The annual meetings of the Society will hereafter be held at their rooms in the Capitol, on the third Tuesday in January of each year.

The Society publishes an annual report full of interesting and valuable papers.

The Fifth General Assembly by an act approved January 24, 1855, established the above named institution.

A committee was appointed to locate and erect suitable buildings. Accordingly work was commenced late in 1855, from plans

furnished by Dr. Bell, of Boston. The buildings designed to accommodate three hundred patients, are constructed of cut stone and consist of a center building four stories high, with wings extending from its east and west sides, each three stories in height, the whole covering an area of 50,000 superficial feet.

January 24, 1855, the Fifth General Assembly appropriated for the purchase of grounds, \$4,425, also \$40,000 for the buildings. The institution received small amounts from time to time from the Saline land fund.

The institution was formally opened March 6, 1861.

The Twelfth General Assembly passed an act permanently establishing an additional institution for the care of the insane at Independence, Buchanan county, making for that purpose an appropriation with which to commence the work.

E. G. Morgan, Maturin L. Fisher and Albert Clark were appointed a commission to superintend the erection of suitable build-

ings. Upon the death of Mr. Clark, a year later, George W. Bemis was appointed to fill the vacancy.

The bill required a donation of 320 acres of land, which was soon provided and the buildings in process of erection under contract to David Armstrong, of Dubuque, according to the plans submitted by S. B. Shipman, of Wisconsin.

The Twentieth General Assembly (1884) appropriated \$150,000 toward building an additional hospital for the insane. The act provides for the appointment of a Board of Commissioners consisting of three persons who shall as speedily as practicable after their appointment, determine the location of, and purchase a site for the erection of suitable buildings, in the southwestern part of the State, the site for such hospital to consist of not less than three hundred and twenty acres of land.

The Commissioners were empowered to procure and adopt plans, specifications, estimates, etc., for the erection of buildings

upon the plan known as the "cottage plan," they to be substantially fire-proof and of brick. For the successful carrying out of said plans, they were to employ a competent architect and superintendent of construction.

Clarinda, Page county, was selected as the location of such institution, and on July 4, 1885, the corner stone was laid for the building with proper ceremony.

The buildings being completed the Hospital was opened for the reception of inmates December, 1888, with a capacity of about two hundred and fifty.

The General Assembly by an act approved March 31, 1868, established the Iowa Reform School. A board of trustees was appointed, and in September of that year the lease of suitable buildings at Salem, Henry county, was effected and the school opened for the reception of pupils.

The Fourteenth General Assembly made an appropriation for the erection of suitable buildings, which were afterward located at Eldora, Hardin county.

In 1879 buildings and grounds were purchased at Mitchellville, Polk Co., and a girls' department established.

The design of the institution is the reception and reformation of juvenile offenders of the law, by a systematic course of moral and physical training under such restraint as may be deemed necessary.

The Twentieth General Assembly changed the name from Reform School to that of State Industrial School.

The trustees are elected by the General Assembly, in joint convention, at each regular session, as their terms expire, and hold for six years.

Trustees—Louis Weinstein, *President*, Burlington.....1894

A. T. Flickinger, *Treasurer*, Council Bluffs.....1892

C. S. Ranck, Iowa City.....1890

The institution for the deaf and dumb was established at Iowa City by act of the Fifth General Assembly, approved January 24, 1855. A board of seven trustees were appointed, and Mr. W. E. Ijams made principal of the institution.

The Eleventh General Assembly in 1866 passed an act permanently locating the institution at Council Bluffs. At the next General Assembly a small appropriation was made to repair the leased buildings, in which the school had found a lodgment, and a commission was appointed to locate a site for new buildings and to superintend their erection. The commissioners accordingly selected about ninety acres (since increased to about 160 acres) near the south limits of the city, and adopted a plan for the buildings. The main building and one lateral wing was completed in 1870, and immediately occupied by the school. Since then numerous other valuable buildings have been added.

The trustees are elected by the General Assembly, one at each session, and hold office for a term of two years:

INSTITUTION FOR FEEBLE MINDED CHILDREN—Glenwood.

Superintendent and Secretary—F. M. Powell, Glenwood.

Trustees—W. H. Hall, *President*, Osceola

F. M. Schriver, Glenwood

A. H. Lawrence, Le Mars

The Asylum for Feeble-Minded children was established by an act of the Sixth General Assembly, and Dr. W. E. Robertson, J. W. Cattell and A. J. Russell, constituted its first board of trustees. Dr. O. W. Archibald, of the Mt. Pleasant Hospital for the Insane, took charge of the new institution as superintendent in July, 1876. The buildings formerly occupied by a branch of the Soldiers' Orphans' Home, at Glenwood, Mills county, having been refitted and the grounds put into proper condition by a judicious use of a very limited appropriation from the State, the institution was formally opened and received its first pupils in the fall of 1876.

Children and youth, between the ages of five and eighteen, residents of the State, who, through deficient intellect, are unable to acquire an education in common schools, are entitled to receive proper training in this institution, free.

Trustees are elected by the General Assembly in joint convention, one at each regular session.

The Fourteenth General Assembly (1872) appointed a board of commissioners to locate and superintend the erection of an additional penitentiary. The board met early in June of the same year, and selected a site consisting of fifteen acres donated by the citizens of Anamosa, Jones county.

Work on the building was commenced late in 1872, from plans furnished by L. W. Foster & Co., architects, and is a model of beauty and convenience. It is 484 feet front by 300 feet deep, embodying two cell wings containing 496 cells, each cell being four feet six inches by eight feet. There are several large work shops, warden's house, dining room, kitchen, laundry, etc., all laid up

in a most substantial and workman-like manner from stone quarried near the spot, and the labor chiefly executed by convicts.

By act of the First Territorial Assembly, approved January 25, 1839, the Governor was authorized to draw \$20,000 which had been appropriated by congress July 7, 1838, for public buildings in Iowa. The bill also directed the appointment of two directors, who should, on certain conditions, locate and direct the building of a penitentiary at Fort Madison. J. S. David and John Claypool were appointed such directors, a tract of ten acres of land having been deeded to the state. Amos Ladd was appointed Superintendent of Buildings June 5, 1839, and a building with capacity for one hundred and thirty-eight convicts, and estimated

cost of \$55,900, was at once begun, and the main buildings and warden's house completed late in 1841.

Labor of the convicts is let to contractors, who pay the State a stipulated sum for services rendered, the State furnishing shops and necessary supervision in preserving order.

The Twenty-first General Assembly created an institution to be known as the Iowa Soldiers' Home, and the sum of \$75,000 was appropriated for the purchase and preparation of grounds and for the erection and completion of suitable buildings and fixtures; also the further sum of \$25,000 for the purpose of maintaining such home for the year 1887.

The object of the institution is to provide a home and subsistence for all honorably discharged soldiers and sailors who have served in the United States army or navy, and are disabled by disease, wounds, and otherwise.

The act provided for the location of the Home by the Twenty-first General Assembly, but that body having met in joint convention, April 2, 1886, in the hall of the House of Representatives, and cast sixty-one ballots, dissolved without choice of location, and a few days later passed an act that said Home should be located by a commission appointed by the Governor, said commission to consist of one member from each congressional district, no more than seven of whom should belong to one political party, and no one of whom was to be a resident of any county in which was located a candidate for the location of said Home, or of any county in which was already situated a State Institution.

In compliance with the provisions of this act, Governor Larrabee five days later appointed the following committee: M. M. Walden, N. V. Brower, D. J. Palmer, H. E. Griswold, A. W. Swalm, D. F. House, R. M. Smith, J. R. Caldwell, T. J. Anderson, C. C. Bradley and Chas. Sweney. This committee, having visited the different locations competing for selection, met and by ballot designated Marshalltown as the proper location.

The general supervision and government of said Home is vested in a Board of Commissioners, consisting of six members, appointed by the Governor with the consent of the Senate. Not more than four of this commission shall belong to the same political party, and no two from the same congressional district. No compensation can be allowed any member of the commission, other than the President, Treasurer and Secretary, save their actual expenses.

The contract for the erection of buildings was promptly let, and the work pushed with vigor to completion. The Home was formally opened with appropriate dedicatory ceremony, November 30, 1887.

Applicants for admission, unless having served in an Iowa

regiment, or accredited to the State, must have resided in Iowa three years next preceding application for admission.

October 7, 1863, a number of prominent and patriotic citizens of the State met at Muscatine and organized a society, the object of which was to devise means for the support and education of orphan children of Iowa soldiers.

The society was organized by the election of a president and one vice-president from each congressional district, a secretary and board of trustees. At a meeting held in Davenport, 1864, it was decided to immediately lease a building, employ a steward, solicit donations of furniture, etc., and commence the reception of children. A committee with Mr. Howell, of Keokuk, as chairman was appointed, who leased a large building in Van Buren county and employed Mr. Fuller as steward.

On July 13, 1864, the institution was opened for the reception of children.

The Eleventh General Assembly (1866) assumed control of the institution, providing a special fund for its maintenance and otherwise provided for its management, and the institution was removed and permanently located at Davenport.

The trustees are elected by the General Assembly, in joint convention, at each regular session, and hold office for two years.

The University is perhaps the oldest educational institution in Iowa, Congress having as early as 1840 authorized the setting aside and reserving from sale certain lands in the territory of Iowa for the use and support of a University within said territory. This

grant comprised over 46,000 acres, and the amount realized from the sale of these lands has largely increased by additional appropriations by the Legislature.

The First General Assembly took action in regard to the location of the University, and a board of trustees was appointed. Nothing definite, however, was accomplished until 1855, when the institution was opened for the reception of pupils. In 1856 the University was re-organized, and was by law permanently located at Iowa City, the old capitol building having been donated for its use.

In 1868 the Law Department was opened.

In 1870 the Medical Department was established.

In 1877 there was added a Homeopathic Department.

In 1882 the Dental Department was organized.

In 1885 the Pharmaceutical Department was opened.

The regents are elected by the General Assembly in joint convention, for six years, one-third being elected at each regular session, one member to be chosen from each congressional district.

THE EXECUTIVE COUNCIL.

The Governor, Auditor, Secretary and Treasurer of State, or any three of them, constitute the Executive Council.

Census Board—The Executive Council (originally called the Census Board), have in charge under provisions of the Code, the preparation and direction of all matters relative to taking the census of the State.

They have charge, care and custody of all property of the State (where no other provision is made), and provide for the several officers entitled to receive the same, the necessary books, postage, furniture, fuel, etc., to enable such officers to promptly and efficiently perform the duties of their several departments; the accounts for all expenditures for above purposes, including repairs of State property, as well as other necessary and lawful expenses not otherwise provided for, can only be audited and paid, upon the certificate of such Council.

The Governor, Auditor and Secretary of State or any two of them constitute a board for the classification of cities and incorporated towns, in accordance with any regular or special census (Code Sec. 509).

Board for Assessment of Railway Property.—On the first Monday in March, of each year, the Executive Council meet for the purpose of assessing railroad property, including right of way, bridges, culverts, rolling stock, depots, station grounds, shops, etc., as well as all other property, real and personal, exclusively used in the operation of such railways. In assessing a railway and its equipments, the Council must not only take into consideration its gross earnings per mile in the State, but also the proportion of the business which that part lying within the State bears to the business of the remainder of the line without

the State, preparing elaborate tables thereof, from which certified copies are sent out to each of the ninety-nine county auditors in the State, showing the amount of main track of each railway in his county, and the assessed value per mile of the same as fixed by a pro rata distribution per mile, of the assessed value of the whole property. (See Code Sec. 1317-23.)

They at the time of assessment of other railway property, assess for taxation purposes the monthly average number of sleeping and dining cars used by the several railway companies, according to the provisions of Chapter 114, Acts of the 17th General Assembly.

Classification of Railways.—The Executive Council annually classify the several railway companies according to their gross earnings per mile into divisions designated A, B and C, the classification is a basis of limitation in their maximum charges per mile, to the ratio of compensation for transportation of passengers. (Chap. 68 Acts 15th General Assembly.)

Board of Equalization.—The Executive Council constitute the State Board of Equalization, meeting for that purpose on the second Monday in July of each year, in which real property is assessed; at this meeting the abstracts transmitted by the county auditors are considered and the valuation of all real property among the several counties and towns is equalized, by adding to the aggregate valuation of each county which they shall believe to be valued below the proper valuation, or they may deduct from the aggregate valuation in each county which they shall believe to be valued above the proper valuation, such percentage in each case, as they may deem adequate to place the assessed valuation on a proper basis.

Under provisions of Chapter 59 Acts 17th General Assembly, they consider the statements made by the telegraph companies to the Auditor of State, and assess said telegraph lines at the true cost value thereof, and determine the rate of tax to be levied and collected upon said assessment.

The Auditor of State is clerk of the Equalization Board.

State Board of Canvassers.—The Executive Council also constitute a Board of State Canvassers, meeting for that purpose on the Thursday following the fourth Monday after election, at which time a canvass is made of the vote cast for State officers, (except Governor and Lieutenant-Governor), and such district officers as provided by law; no member of the Executive Council, however, shall take part in canvassing the votes for any office for which he is a candidate. Proper abstracts are carefully made as to the result of the canvass and signed by the Executive Council.

They canvass the vote cast for electors of President and Vice-President each "presidential year."

The above are but a few of the arduous duties devolving upon this, the most important of all the State Boards. Unceasing vigilance must be exercised at all times by them, that the State suffers no loss through mismanagement or otherwise, this too, in addition to the duties devolving upon them individually through the natural channels of their several State offices.

IOWA STATE LIBRARY.

The Twenty-fifth Congress passed an act establishing the Territorial Government of Iowa, Section eighteen of which act provided: "That the sum of five thousand dollars be, and the same is hereby appropriated out of any money in the treasury not otherwise appropriated, to be expended by and under the direction of the Governor of said Territory of Iowa, in the purchase of a library to be kept at the seat of government for the accommodation of the Governor, Legislative Assembly, judges, secretary, marshal and attorney general of said Territory, and such other persons as the Governor and Legislative Assembly shall direct "

Governor Lucas appointed his private secretary, Mr. T. S. Parvin, Librarian. In 1840 the Second Legislature passed an act appointing a Librarian and defining his duties. The first report seems to have been made to the Fifth Legislative Assembly, 1842-3.

The Governor, Judges of the Supreme Court, Secretary of State and Superintendent of Public Instruction, by virtue of their offices, constitute a board of directors, of which the Governor is President.

There are now thirty-three thousand books in the Library, of which about twenty thousand five hundred are of miscellaneous character and twelve thousand five hundred law books.

Of miscellaneous works there are on the subject of Religion 500 volumes, Philosophy 250, Society Documents, etc., 6,200, History 2,000, Biography 700, Science 1,400, Art 800, Literature 1950. In the art room 400, works of reference 700. There are a number of rare works belonging to the Library prominent among which is a volume of "Audubon's Birds" originally costing about \$200, now worth about \$1,700, the plates having been destroyed and the great author dead. A very full and complete catalogue is now in press

Appropriation by the 22d General Assembly \$1,700.

THE LAND DEPARTMENT.

The State of Iowa, upon its admission into the Union, was invested by the laws then in force, with five different grants of land: The 500,000 acre grant (so-called) act of September 4, 1841, and the 16th section grant, act of March 3, 1845, containing together about 1,549,087.75 acres, and constituting the school lands proper, of our State. The University grant, act of July 20, 1840, for the support of a State University, and containing 45,928.84 acres. The five section grant in Jasper county, act March 3, 1845, containing 3,200 acres for the purpose of a State capital, but afterwards, with the consent of Congress, donated by the State to the Agricultural College, And the Des Moines River grant, act of August 8, 1846, for the improvement of the navigation of the Des Moines river, under which was certified to the State, according to the interpretation given as to the extent of the grant, about 592,760.57 acres.

The *use* of the Saline lands was also granted by act of March 3, 1845, but the title in fee to them passed to the State by act of May 27, 1852. The amount originally certified to the State under this grant was 46,202.53, but it appears to have been subsequently reduced by cancellation of the approval of 480 acres. These lands were donated by the State to the State University.

The duty of issuing patents for the lands the State received under these grants (except for the Des Moines river lands) was, by law, imposed upon the Secretary of State. When the school lands were sold and paid for in full, the proper county officer issued the certificates of purchase and transmitted the same to the Superintendent of Public Instruction, who, after numbering them in consecutive order and making a record thereof, passed them over to the Secretary of State for patent. The Saline lands were at first sold by the counties in which they were situated, and pat-

ent issued upon certificate of the proper county officer. The University lands were sold by the board of trustees of the State University, and were patented upon the certificate of the treasurer of said board. The Des Moines River lands were at first controlled by a board of public works, and afterwards by a Commissioner and Register of the Des Moines River Improvement, and patents for the same issued from the Des Moines River land office; but then, as now, all patents had to be signed by the Governor and countersigned by the Secretary of State.

The land business of the State increased to such an extent that it was deemed advisable to establish an office that should have special charge of the same, and accordingly the Fifth General Assembly of the State, by act approved January 25, 1855, created the office of Register of the State Land Office. Said Register was required by the act, among other things, to take possession of all the records pertaining to land matters that were in the office of Secretary of State and that of Superintendent of Public Instruction, procure the necessary tract books and records, and whatever else was necessary for the use of his office, and perform all the duties relative to issuing patents that had been required to be performed by the Secretary of State. The additional records procured under this new law added largely to the efficiency of the land department; they furnished a means of knowing what tracts were patented and what were not—facts which were difficult to ascertain under the old system.

By act of the Sixth General Assembly, approved January 29, 1857, the office of Register of the Des Moines River Improvement was abolished, and the Des Moines River Land Office, with all its records and equipments, was added to and became a part of the State Land Office.

The office of Surveyor General of Iowa was discontinued in the year 1866, and in March, 1868, all the archives of said office were turned over to the State Land Office, under the provisions of an act of Congress and an act of the General Assembly.

Subsequent to the admission of the State into the Union it has

been the recipient of several grants of land for various purposes; those, in the order in which they were made by Congress, are as follows: The grant of Swamp and Overflowed lands, act of September 28, 1850, embracing so far as has been ascertained, of lands patented as swamp, and lands upon which indemnity has been awarded under acts of March 2, 1855, and March 3, 1857, about 1,629,109.27 acres. These swamp lands the State, by act of January 12, 1853, granted to the respective counties in which the same are situated. The grant by act of May 15, 1856, granting lands to aid in the construction of four railroads, therein named, across the State from the Mississippi to the Missouri river, amounting in the aggregate, as certified to the State; after deducting the amounts erroneously certified, to about 2,568,773.56 acres. The Agricultural College grant, act of July 2, 1862, embracing 204,309.30 acres, as certified to the State. The Des Moines River grant, by act of July 12, 1862, extending the river grant from the Raccoon fork to the northern limit of the State, under which the State has received by certificate from the general government (whether rightfully or not) about 513,588.18 acres. The Des Moines Valley Railroad Company was the beneficiary of this grant. And lastly, the grant, by act of May 12, 1864, for building a railroad from Sioux City, Iowa, to the Minnesota line, and a railroad from McGregor, Iowa, to the intersection in O'Brien county of the aforesaid road, under which grant the State has received by patents from the general government 605,837.02 acres; of which quantity 26,017.33 acres, lying in Plymouth, Sioux and Woodbury counties, have been relinquished by the State to the United States.

The Burlington & Missouri River Railroad Company, the Chicago, Rock Island & Pacific Railroad Company, and the Cedar Rapids & Missouri River Railroad Company, each received, under the act of June 2, 1864, an additional quantity of lands, amounting in the aggregate to about 605,837.02 acres; but these were certified directly to the companies by the Secretary of the Interior, as said act required, and not to the State in trust, as were the lands under the act of May 15, 1856. The State land department, however,

has complete lists of these lands, furnished by the Commissioner of the General Land Office.

The lands under the Swamp grant and those under the grant of May 12, 1864, were conveyed by patent to the State. The Sixteenth Section lands were neither patented nor certified; this was not deemed necessary, as it was considered that the grant itself was sufficiently specific. The title to the lands under all of the other grants was passed to the State by certificate of the land department of the general government.

Records.

The following is a summary of the records of the State Land Department:

Sixteenth Section and 500,000 Acre Grants—Thirty-seven volumes of Patent Records, six Tract Books, one Plat Book and 19,487 certificates of final payment.

Saline and University Grants—Six volumes of Patent Records, one Tract Book and 1,005 certificates of final payment.

Mortgage School Lands—Two volumes of Patent Records, one Tract Book and 472 certificates of final payment.

Agricultural College Grant—Two volumes of Patent Records, one Tract Book and 640 certificates of final payment.

Swamp Land Grant—Two very large volumes of Records of Swamp Land Patents, issued by the State to the various counties, one volume of Indemnity Swamp Land Patents, issued by the State to the counties, one large volume of Records of Original Swamp Land Patents issued by the United States to the State, one volume of Records of Original Swamp Land Indemnity Patents, issued by the United States to the State, one volume of Records of Special Swamp Land Indemnity Certificate (or scrip) locations, two large volumes of Records of Original Approved Lists of Swamp Lands, four volumes of Records of Swamp Selections made by the several counties, and one volume of Records of Swamp Lands on account of which the United States has awarded indemnity under act of March 2, 1855, and March 3, 1857.

Des Moines River Land Grant, Act August 8, 1846—Seven volumes of Patent Records, one Register of Certificates or Sale Book, one Tract Book, one Plat Book, one volume of Register of Receipts, eleven volumes of old Record Books, Records of the Board of Public Works, with all the files of papers that belonged to the Des Moines River Land Office, including thirty-nine large packages of applications to purchase lands, certificates of purchase or receipts, proposals, letters, construction stock, reports, lists of lands, and various other papers.

Surveyor-General's Office Archives—Comprises all of the original field notes and plats of the public surveys of the State, including three hundred and five bound volumes of Field Notes of subdivisions of townships, twenty-three small volumes of Surveys of Islands, two hundred and sixty-seven small volumes of Field Notes of township lines, thirteen folio bound volumes of correspondence and accounts, nine large volumes of original plats of all the townships in the State, being the plats of original surveys of the State, seven volumes of Original Field Notes Half-Breed Sac and Fox reservation, twenty large bound folio volumes of Descriptive Notes, one package of plats of north boundary of the State, Half-Breed Sac and Fox reservation with other plats, besides a very large amount of files of correspondence, reports, contracts, accounts, private claims, miscellaneous field notes and diagrams and other papers and documents difficult to enumerate.

Iowa City Lots—Six volumes of Records of Deeds to Iowa City lots, one Register of Sales of Iowa City lots, four or five bound records, including a record of the Proceedings of the Commissioners that located the capital at Iowa City, with record of expenses attending the construction of the Capitol, six packages of certificates of purchase of Iowa City lots and an antiquated map of Iowa City, used in checking off lots that were disposed of.

Besides the records enumerated, there are in the State Land Department twenty-seven volumes of impression letter books, three large bound folio letter books in which is recorded the correspondence with the Land Department of the general government,

three folio volumes of Records of Miscellaneous Conveyances made by the State, one folio volume of Miscellaneous Conveyances made to the State, two folio volumes of Records of Conveyances from the United States to the State, several bound folio record books relative to school land matters that were turned over to the State Land Office by the State Auditor, State Treasurer and Superintendent of Public Instruction, five very large bound Plat Books of the lands conveyed to the State by the United States under the various land grants, three large bound volumes of Reports of County officers, nine large bound Miscellaneous Plat Books, two bound plat books made in 1838 for the use of the territorial authorities, and representing the surveyed portion of the territory of Iowa, twelve miscellaneous record books of more or less use, also complete files of all of the original patents and certificates made by the United States to the State of Iowa, conveying lands under the several land grants, the original patents of the United States to James C. Cusey, conveying to him some 15,000 acres of lands located by him as the agent of the Iowa Agricultural College, for the benefit of said college; photo-lithographic plats of all of the Congressional townships in the State, which were furnished by the Commissioner of the General Land Office, and are sufficient to make about twenty volumes; these plats will all be arranged and bound in volumes ere long. Also files of original lists of selection of lands, correspondence, notices, reports, settlers' claims, approved lists of swamp lands, miscellaneous deeds made to the State for various purposes, and a large amount of other papers and documents—the accumulation of years—which I will not undertake to specify.

The lands of our State were surveyed under the rectangular system, now in general use in this western country. It is the most complete and perfect system of land surveying that has ever been devised. The smallest legal subdivision of land that has been surveyed under this system can be readily mapped or platted, and the system is withal so plain and simple that a sufficient knowledge of it for all practical purposes is easily acquired.

Notaries Public.

Application for appointment to the office of notary public (except in case of re-appointment in the same county) should be accompanied by a recommendation stating that the applicant is of age, and has proper qualifications, in point of ability and integrity, for the office; and that he has resided in the State a sufficient length of time to entitle him to vote therein. Such recommendation should be made or endorsed by a member of the General Assembly, a State officer, a judge of any of the courts, a district attorney, or county officers. References are insufficient.

Application for appointment should be made *directly to the Governor*. The first or other given name should be furnished in full for insertion in the commission.

Commissions, when issued by the Governor, will be forwarded by the Secretary of State, and will expire on the 4th day of July, 1891, and triennially from that date unless sooner revoked by the Governor.

No person can be a notary for more than one county, nor can one be appointed for any county other than that in which he actually resides. In case a notary public removes from the county in and for which he was appointed, he is required to communicate the fact of such removal, with the date thereof, to the Secretary of State; and, in case he desires appointment for the county to which he removes, it will be necessary for him to furnish either a certificate of the clerk of the district court of the county from which he has removed, to the effect that he has made with said clerk the deposit of records and official papers required by sections 263 and 264 of the Code, or a statement from himself that he has done no official business demanding such record.

When a person is appointed a notary public, he is notified thereof by the Governor, and furnished with a blank bond, upon the completion of which, with two free-hold sureties, resident in Iowa, making affidavit of their qualifications, its approval by the clerk of the district court, its being filed in the office of the Secretary of State, together with the fee required by law, his commission is issued.

The seal of a notary public must have engraved thereon the words "Notarial Seal" (*not Notary Public*), and "Iowa," the surname of the notary, and at least the initials of his given name.

RULES OF PRACTICE

ADOPTED BY THE CONVENTION OF DISTRICT JUDGES.

COPIES.

RULE 1. Every party at the time of filing any petition, answer, reply, demurrer or motion, except a motion for continuance or change of venue, shall file with the same one plain copy thereof for the use of the adverse party, and on failure to do so the cause may be continued at the option of the adverse party, or the paper so filed stricken from the files. A fee of ten cents per hundred words shall be allowed for all copies and taxed with the costs. The original files shall be taken from the Clerk's office only on order of the Judge by leaving with the Clerk a receipt for the same.

TRIAL NOTICE.

RULE 2. In any case once continued, where an answer is on file, either party desiring to bring such cause on for trial at any term, shall at least ten days before such term, file with the clerk a notice of trial, and no such cause shall stand for trial unless a trial notice be so filed, except by consent of parties, provided: That after the commencement of the term, the court may, in its discretion, by order entered of record, permit notices of trial to be entered in the same manner, ten days prior to such date as the court may name in such order. Such order may be general, and not entered of record in each particular case. And the clerk in preparing the court calendars shall note thereon opposite the title of each cause noticed for trial, the words "For Trial" which words shall also appear on the printed calendar. This rule shall not apply to appearance or criminal cases, nor to proceedings in probate.

ASSIGNMENTS.

RULE 3. On the first day of the term, or as soon thereafter as practicable, the court may make an assignment of the trial causes, which assignment shall fix the day of the term on which each cause will be tried and parties will be required to conform to this order of trial. Further assignments may be made by the court as often as the progress of the business of the term shall render the same necessary. The court may also designate particular times for the hearing of motions and demurrers.

APPEALS.

RULE 4. In appeals from justices' courts or other inferior tribunals in civil causes, the appellant shall cause the case to be docketed by noon of the second day of the term to which the same is returnable, and in case of his failure so to do the appellee may procure the case to be docketed, and will thereupon be entitled to have the judgment below affirmed, or to have the case set down for trial on its merits, as he may elect. But the judgment, if affirmed, may be opened at any time prior to noon of the following day of the term, by appellants making a satisfactory showing of merits, and excuse for his default, and paying to the clerk the amount of the filing fee. If the judgment shall be opened the appellee may have the cause continued at the cost of the appellant.

ABSTRACTS IN EQUITY CAUSES.

RULE 5. In equitable causes where the evidence is taken in the form of depositions there shall be submitted with the arguments an abstract of the pleadings, and evidence substantially as required by the rules of the supreme court for abstracts in appeals in equitable causes—except, that the same need not be printed.

RULES IN PROBATE.

I.

CALENDAR. The Clerk shall enter upon the Court Calendar and Bar Docket only such cases in Probate as require the action of the Court.

II.

REPORTS DUE AND NOT FILED. On the first day of each term, the Clerk shall report to the presiding judge all estates wherein an inventory or report is due under the statute or order of Court, and which has not been filed.

III.

REPORTS. Each report of an administrator, executor, guardian or trustee, shall be self explanatory, so that the Clerk or Court from a perusal thereof, will fully understand the matter in hand, without verbal or other explanations, or without being compelled to examine or refer to other papers in the case. All accountings must state the debit and credit, and show the balances. Guardians and trustees' accounts must show the amount of interest earned since appointment or last report, and how and upon what security the trust fund is invested. All reports and accounts must be verified.

IV.

REPORTS OF SALE OF REAL ESTATE. Reports of the sale of real estate must be sworn to, and must state the term at which the order for the sale was obtained, whether the property was appraised, and if so, state the appraised value, whether sold at public or private sale, and the terms of sale, whether the additional bond required, has been given and approved, and the party or parties making said report shall state their opinion as to whether the sale is an advantageous one and should be approved, or otherwise.

V.

APPLICATION IN WRITING. All applications for orders in probate must be made in writing, verified, and self-explanatory,

so that the clerk or court from a perusal thereof will fully understand the relief sought without verbal or other explanations.

VI.

ALLOWANCE TO WIDOWS. Applications for an allowance for the widow under section 2375 of the code shall state under oath the number of children under fifteen years of age, the amount of property already set apart to the widow, the value of her deceased husband's estate, the amount of the estate's indebtedness, the value of all property owned by the widow, and what allowance, if any, has heretofore been made to the widow.

VII.

NOTICE OF FINAL REPORT. Unless notice be waived in writing, no administrator, executor, guardian or trustee, will be discharged from further duty or responsibility, nor upon final settlement until notice of the application shall have been given to all persons interested, as required in case of an original notice for the commencement of a civil action; unless a different notice be prescribed by the Court.

TIME RULES GO INTO EFFECT. The foregoing rules adopted by this convention shall take effect July 4, 1887.

The following resolution was also adopted:

Resolved, That this convention recommend that the clerks of the several courts of this State procure blank letters of administration, and in guardianship, with the rules in probate printed on the back thereof, for the information of administrators, executors and guardians.

Certified as correct and signed as required by law, this January 8th, A. D., 1887.

GEO. W. RUDDICK,

President of the Convention of District Judges of Iowa.

Countersigned by

J. H. HENDERSON

Secretary of the Convention of District Judges of Iowa.
